- Have successfully completed COOP 1000 .

In addition to the following:

1. Registered as a full-time student in the B.A. Honours Environmental Studies program;
2. Obtained third-year standing;
3. Successfully completed, by the start-date of the first work term, ENST 2005, ENST 2006, and ENST 3900;
4. Obtained an Overall CGPA of at least 9.50 and a Major CGPA of at least 9.50. These CGPAs must be maintained throughout the duration of the degree.

B.A. Honours Environmental Studies students must successfully complete three (3) work terms to obtain the Co-op Designation.

Co-op work term course: ENST 3999

Work/Study Pattern:

Year 1		Year 2		Year 3		Year 4		Year 5	
Term	Pattern	Term	Pattern	Term	Pattern	Term	Pattern	Term	Pattern
Fall	S	Fall	S	Fall	S	Fall	W	Fall	S
Winter	S	Winter	S	Winter	S	Winter	W	Winter	S
Summer		Summer		Summer	W	Summer	W

Admissions Information

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or

supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as *recommended*, it is not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admission Requirements

Degrees

- Bachelor of Arts (B.A.) (Honours)
- Bachelor of Arts (B.A.)

First Year

For B.A. and B.A. (Honours)

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include a 4U course in English (or *anglais*). Applicants submitting an English language test to satisfy the requirements of the English Language Proficiency section of this Calendar may use that test to also satisfy the 4U English prerequisite requirement.

Biology

For the major in Biology in the B.A. program, in addition to the 4U English, a 4U course in Chemistry is required. Advanced Functions, and Calculus and Vectors are recommended.

Criminology and Criminal Justice

Access to the CCJ B.A. degree is limited to students already registered in the CCJ B.A. Honours who apply to transfer, and to graduates of the Algonquin College Police Foundations program.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be Eligible to Continue in their year level, in addition to meeting the CGPA thresholds described in Section 3.1.9 of the Academic Regulations of the University. Advanced standing will be granted only for those subjects assessed as being appropriate for the program and the stream selected.

Co-op Option

Direct Admission to the 1st Year of the Co-op Option

Co-op is available for the following Majors in the B.A. (Honours) degree: Anthropology, English, Environmental Studies, European and Russian Studies, French, Geography, Geomatics, History, Law, Political Science, Psychology, Sociology.

Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in the Bachelor of Arts Honours with one of the majors listed above;
3. be eligible to work in Canada (for off-campus work placements).

Meeting the above requirements only establishes eligibility for admission to the program. The prevailing job market may limit enrolment in the co-op option. Students should also note that hiring priority is given to Canadian citizens for co-op positions in the Public Service Commission.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are described in the Co-operative Education Regulations section of this Calendar.

Advanced Standing

B.A. and B.A. (Honours) Program

Applications for admission to the second or subsequent years will be assessed on their merits. Advanced standing will be granted only for those courses that are determined to be appropriate.

Environmental Studies (ENST) Courses

ENST 1000 [0.5 credit]

Introduction to Environmental and Climate Change Studies

A critical introduction to the scholarly field of environmental studies, with an emphasis on society-environment entanglements. It is designed to engage with environmental and climate change issues. Possible themes include population, scarcity, institutions, commons, risks, hazards, markets, political economy, and the social construction of nature.

Precludes additional credit for FYSM 1100 and ENST 1001 (no longer offered).

Lecture two hours and workshops/tutorials one hour weekly.

ENST 1020 [0.5 credit]**People, Places and Environments**

Introduction to human geography. Examination of relationships between people, communities, society and the natural environment at local to global scales. Population change, cultural patterns, and historical, economic, political and environmental forces, including climate change, that shape human activity and experiences from place to place.

Includes: Experiential Learning Activity

Also listed as GEOG 1020.

Lectures two hours a week and tutorial one hour a week.

ENST 2000 [0.5 credit]**Environmental Justice**

Contemporary and foundational theories, practice and praxis of environmental justice in Canadian and comparative settings. Combine and communicate about aspects of the physical, built and social environments to understand how uneven conditions develop. Strategies and ideas to move towards greater equity and good environmental relationships.

Prerequisite(s): second-year standing in the Environmental Studies program or permission of the Department.

Lecture two hours a week, discussion one hour a week.

ENST 2001 [0.5 credit]**Sustainable Futures: Environmental Challenges and Solutions**

Individual and collective responses to pressing environmental problems, such as climate change. Innovative ways in which the environment can be protected and restored, taking into consideration socioeconomic, political and cultural factors. Topics include environmental lifestyles, sustainable communities, food systems, environmental design, and political activism.

Includes: Experiential Learning Activity

Prerequisite(s): second-year standing in the Environmental Studies program or permission of the Department.

Lectures, seminars and field work three hours a week.

ENST 2005 [0.5 credit]**Introduction to Qualitative Research**

Introduction to the research process, from generating questions through to reporting results. Topics include intensive and extensive research approaches; the use of surveys, interviews and other data collection methods; the analysis of qualitative information; and the ethical dimensions of doing research with people and communities.

Includes: Experiential Learning Activity

Also listed as GEOG 2005.

Prerequisite(s): 1.0 credit in GEOG or ENST at the 1000-level and second-year standing, or permission of the Department.

Lectures two hours a week, workshop two hours a week.

ENST 2006 [0.5 credit]**Introduction to Quantitative Research**

Introduction to solving problems using descriptive and inferential statistical methods. Graphical and numerical tools to describe distributions. Probability, sampling and estimates, and hypothesis testing. Fundamentals of spatial statistics and analysis.

Includes: Experiential Learning Activity

Also listed as GEOG 2006.

Precludes additional credit for BIT 2000, BIT 2009, BIT 2100 (no longer offered), BIT 2300 (no longer offered), DATA 1517, ECON 2210, NEUR 2002, PSCI 2702, STAT 2507, STAT 2601, STAT 2606.

Lectures two hours a week, laboratory two hours a week.

ENST 2500 [0.5 credit]**Climate Change: Social Science Perspectives**

An introduction to climate change as a political, economic and socio-cultural phenomenon, including the political-economic and world-historical causes of anthropogenic greenhouse gas emissions; variations in impact and vulnerability; climate justice and other political movements; global mitigation and adaptation strategies; and proposals for radical systemic change.

Includes: Experiential Learning Activity

Also listed as GEOG 2500.

Prerequisite(s): second-year standing or permission of the department.

Lectures two hours a week, discussion groups one hour a week.

ENST 3000 [0.5 credit]**Nature, Environment and Society**

Overview of social science perspectives analyzing the relationship of nature and society. Examination of environmental problems, responses, and potential solutions through the study of concepts, theories, and research drawn from a range of scholarly approaches to environmental and climate change studies.

Includes: Experiential Learning Activity

Prerequisite(s): third-year standing in Environmental Studies or permission of the department.

Lecture and discussion three hours a week.

ENST 3022 [0.5 credit]**Environmental and Natural Resources**

Exploration of complexity, dynamics, uncertainty and equity issues underpinning environmental and resource issues; review and appraisal of selected contemporary methods to assess and manage environmental and natural resources.

Includes: Experiential Learning Activity

Also listed as GEOG 3022.

Prerequisite(s): third-year standing in Geography or Environmental Studies or BGInS Specialization/Stream in Globalization and Environment or permission of the Department.

Lecture three hours a week.

ENST 3500 [0.5 credit]**Climate Justice and Action: Organizing for a Just, Equitable and Sustainable World**

Exploration of how communities and movements fight the climate crisis and build alternative futures. It combines critical theory with hands-on learning to examine the collective actions and organizing strategies through which social movements tackle the systemic factors shaping climate change and its uneven impacts.

Prerequisite(s): third-year standing or permission of the department.

Lecture three hours a week.

ENST 3900 [0.5 credit]**Honours Field Course**

Field research, with a focus on data collection methods, analysis and presentation of findings. Design and conduct research that links the human and biophysical environment. Topics may change from year to year.

Includes: Experiential Learning Activity

Also listed as GEOG 3000.

Precludes additional credit for ENST 2900 (no longer offered).

Prerequisite(s): GEOG 2005/ ENST 2005 and GEOG 2006/ ENST 2006, third-year Honours standing in Environmental Studies, Geomatics, or Geography, or permission of the Department.

Normally consists of a multi-day field excursion in the Ottawa region. A supplementary charge may apply.

Consult the department regarding course details.

ENST 3999 [0.0 credit]**Co-operative Work Term**

Includes: Experiential Learning Activity

ENST 4000 [0.5 credit]**Environmental and Climate Change Studies Seminar**

An advanced seminar designed to provide a capstone experience that builds upon and applies the analytical skills and interdisciplinary knowledge acquired in the Environmental Studies program. Topics vary year to year and by course section (see departmental website).

Includes: Experiential Learning Activity

Prerequisite(s): Registration is restricted to students eligible for fourth-year standing in the B.A. (Environmental Studies) Honours program.

Seminar three hours per week.

ENST 4001 [0.5 credit]**Environmental Studies Practicum I**

Students apply their knowledge and research skills and gain experience through field placements in government, the private sector, non-government organisations and with community organisations in the environmental field.

Includes: Experiential Learning Activity

Prerequisite(s): registration is restricted to students eligible for fourth-year standing in the B.A. (Environmental Studies) Honours program, and permission of the Environmental Studies Co-ordinator.

ENST 4002 [0.5 credit]**Environmental Studies Practicum II**

Students apply their knowledge and research skills and gain experience through field placements in government, the private sector, non-government organisations and with community organisations in the environmental field.

Includes: Experiential Learning Activity

Prerequisite(s): restricted to students in the fourth year of the Environmental Studies Honours program, and permission of the Environmental Studies Co-ordinator.

ENST 4004 [0.5 credit]**Environmental Impact Assessment**

Principles, scope and purpose of environmental impact assessment, from conceptual and methodological points of view; range of environmental issues, with emphasis on Canadian case studies.

Includes: Experiential Learning Activity

Also listed as GEOG 4004.

Prerequisite(s): GEOG 3022 or ENST 3022, and fourth-year Honours standing in Geography or Environmental Studies or Environmental Science, or permission of the Department.

Lectures and seminars three hours per week.

ENST 4005 [0.5 credit]**Directed Studies in Environmental Studies**

Students pursue their interest in a selected theme in environmental studies on a tutorial basis with a faculty member.

Prerequisite(s): permission of the Department.

ENST 4006 [0.5 credit]**Environmental Policy Analysis**

Critical examination of the creation, implementation and effectiveness of government policies related to environmental issues. Emphasis on perspectives, actors, institutions and social and economic relationships affecting policy responses to these issues, and on tools for analyzing the implications of specific policy choices.

Prerequisite(s): fourth-year Honours standing in Environmental Studies, Geography, or permission of the Department.

Seminar three hours per week.

ENST 4007 [0.5 credit]**Special Topics in Geography and Environmental Studies**

Selected topics in geography and/or environmental studies.

Also listed as GEOG 4007.

Precludes additional credit for GEOG 4006 (no longer offered).

Prerequisite(s): fourth-year Honours standing in the Department or permission of the Department.

Seminar three hours per week.

ENST 4022 [0.5 credit]**Seminar in People, Resources, and Environmental Change**

A selected topic or field of inquiry concerning natural resource use and environmental change.

Also listed as GEOG 4022.

Prerequisite(s): GEOG 3022 or ENST 3022 and fourth-year Honours standing in Geography or Environmental Studies or BGLnS Specialization in Globalization and Environment, or permission of the Department.

Seminar three hours per week.

ENST 4050 [0.5 credit]**Environmental and Geographic Education**

Selected theoretical and applied issues concerning environmental and geographic education.

Also listed as GEOG 4050.

Prerequisite(s): Third-year honours standing in Geography or Environmental Studies, or permission of the Department.

Seminar three hours per week.

ENST 4400 [0.5 credit]**Field Studies**

Field observation and methodology in a selected region, special topic or contemporary problem; on an individual or group basis.

Includes: Experiential Learning Activity

Also listed as GEOG 4000.

Prerequisite(s): third-year Honours standing and permission of the Department.

Hours to be arranged.

ENST 4450 [0.5 credit]**Community-Engaged Research**

Working in partnership with local organizations, students apply their geographical knowledge to conduct community-engaged research. Student projects will generate outputs for community partners. Research topics vary year to year.

Includes: Experiential Learning Activity

Also listed as GEOG 4450.

Prerequisite(s): fourth-year standing, or permission of the department.

Lectures, discussion and project work three hours a week.

ENST 4906 [1.0 credit]**Honours Research Project**

An independent investigation into a select aspect of environmental studies, supervised by a faculty member. Possible outcomes might include: workshops, audio-visual productions, lay publications, and field projects accompanied by an essay demonstrating the student's capacity to critically reflect on the research project.

Includes: Experiential Learning Activity

Precludes additional credit for GEOG 4904/GEOM 4904 (no longer offered), GEOG 4909, GEOM 4909, GEOG 4906, GEOM 4906, and ENST 4907.

Prerequisite(s): fourth-year Honours standing in Environmental Studies, a minimum CGPA of 9.00 in the major or permission of the Department, and an approved research topic and adviser.

Hours to be arranged with faculty adviser.

ENST 4907 [1.0 credit]**Honours Research Essay**

Interdisciplinary research essay on an environmental issue, carried out in consultation with a faculty supervisor. The student must consult with the undergraduate student advisor in selecting a project and a supervisor.

Includes: Experiential Learning Activity

Precludes additional credit for ENST 4906, GEOG 4909, GEOM 4909, GEOG 4904/GEOM 4904 (no longer offered), GEOG 4906 and GEOM 4906.

Prerequisite(s): fourth-year Honours standing in Environmental Studies, a minimum CGPA of 9.00 in the major or permission of the Department, and an approved research topic and adviser.

Hours to be arranged with faculty adviser.

European and Russian Studies

This section presents the requirements for programs in:

- **European and Russian Studies B.A. Honours**
- **European and Russian Studies B.A. Combined Honours**
- **European and Russian Studies B.A.**
- **Specialization in Europe and Russia in the World B.G.In.S. Honours**

- **Stream in Europe and Russia in the World B.G.In.S.**

- **Minor in European and Russian Studies**

Program Requirements**EURUS Language Requirement**

All candidates in the European and Russian Studies B.A., B.A. Honours and B.A. Combined Honours programs are required to demonstrate proficiency in a major regional language. Language proficiency is defined as the completion of an intermediate level of university language instruction (two years, 2.0 Carleton credits). Students who wish to count a relevant regional language that is not taught at Carleton should consult with and request approval from the Undergraduate Supervisor.

Students in the Bachelor of Global and International Studies Specialization or Stream Europe and Russia in the World must complete the BGIInS Language requirement in an approved regional language of Europe, Russia, and Eurasia. See the BGIInS Language Requirement for details.

Students are encouraged to continue with language instruction beyond the intermediate level required for the Institute Language Requirement. Advanced-level regional language courses may be counted towards EURUS degree requirements (see specific program requirements for details).

This Institute Language requirement may be fulfilled in one of three ways:

1. Completion of one of the following courses (or equivalent): FREN 1100; FREN 1110; GERM 2020; GERM 2110; ITAL 2020; ITAL 2110; PORT 2110; RUSS 2020; SPAN 2020; SPAN 2110. Courses at other institutions may also be used to meet the language requirement as long as they are accepted by the Department of French or the School of Linguistics and Language Studies as being equivalent to or at a higher level than the courses listed above. For languages not taught at Carleton, an intermediate level is equal to two full years (2.0 Carleton credit) of university-level language instruction.
2. Certification by the unit offering the relevant language or the Institute that the student has attained a level of language proficiency equivalent to completion of one of the courses above. Proficiency may be demonstrated through documentation.
3. Secondary School Language of Instruction: Students whose secondary school transcripts show that their primary language of instruction in secondary school was a relevant regional language other than English may be exempted from the language requirement. Subject to approval of the Undergraduate Supervisor.

European and Russian Studies**B.A. Honours (20.0 credits)****A. Credits Included in the Major CGPA (10.0 credits):**

1. 0.5 credit in: Foundations	0.5
EURR 1001 [0.5]	Introduction to European and Russian Studies

2. 0.5 credit in: Core Politics, Society, and International Affairs	0.5
EURR 2010 [0.5] European, Russian and Eurasian Politics, Society and International Affairs	
3. 0.5 credit in: Core Literature and Culture	0.5
EURR 3010 [0.5] Europe, Russia and Eurasia Beyond Borders: Literature and Culture	
4. 1.5 credit from: Modern History category	1.5
5. 1.5 credits from: Politics and Economics category. Must include credits in both PSCI and ECON	1.5
6. 0.5 credit from: Language, Art, Culture category	0.5
7. 0.5 credit from: Contexts and Methods for Regional Studies category	0.5
8. 2.5 credits from: Approved Courses in European, Russian, and Eurasian Studies. May include EURR not used to fulfill another requirement. No more than 1.0 credit from the Contexts and Methods for Regional Studies category.	2.5
9. 2.0 credits from: EURUS 4000-level Honours category. At least 1.0 credit in EURR. May include EURR 4908 (1.0) Honours Essay	2.0
B. Credits Not Included in the Major CGPA (10.0 credits):	
10. 1.0 credit from:	1.0
ECON 1001 [0.5] Introduction to Microeconomics & Introduction to Macroeconomics ECON 1002 [0.5] or FYSM 1003 [1.0] Introduction to Economics	
11. 9.0 credits in free electives.	9.0
C. Additional Requirements	
12. The EURUS Language Requirement must be met.	
Total Credits	20.0

Notes:

1. See "Approved Courses in European, Russian, and Eurasian Studies" section of the calendar for a list of approved courses that fulfill specific categories in the requirements above.
2. With the permission of the Institute, students who transfer or enter the program after first year may substitute a course from Approved Courses in European, Russian, and Eurasian Studies for EURR 1001.

European and Russian Studies

B.A. Combined Honours (20.0 credits)

A. Credits Included in the EURUS Major CGPA (7.0 credits)

1. 0.5 credit in: Foundations	0.5
EURR 1001 [0.5] Introduction to European and Russian Studies	
2. 0.5 credit in: Core Politics, Society, and International Affairs	0.5
EURR 2010 [0.5] European, Russian and Eurasian Politics, Society and International Affairs	
3. 0.5 credit in: Core Literature and Culture	0.5
EURR 3010 [0.5] Europe, Russia and Eurasia Beyond Borders: Literature and Culture	

4. 1.0 credit from: Modern History category	1.0
5. 1.0 credit from: Politics and Economics category. Must include credits in both PSCI and ECON	1.0
6. 0.5 credit from: Language, Art, Culture category	0.5
7. 2.0 credit from: Approved Courses in European, Russian, and Eurasian Studies. May include EURR not used to fulfill another requirement. No more than 0.5 credit from the Contexts and Methods for Regional Studies category.	2.0
8. 1.0 credit from: EURUS 4000-level Honours category. At least 0.5 credit in EURR. May include EURR 4908 (1.0) Honours Essay	1.0
B. Credits Not Included in the Major CGPA (13.0 credits)	13.0
9. 1.0 credit from:	
ECON 1001 [0.5] Introduction to Microeconomics & Introduction to Macroeconomics ECON 1002 [0.5] or FYSM 1003 [1.0] Introduction to Economics	
10. The requirements from the other discipline must be satisfied	
11. Sufficient free electives to make 20.0 credits for the degree.	
C. Additional Requirements	
12. The EURUS Language Requirement must be met.	
Total Credits	20.0

Notes:

1. At most, one Honours essay course from either department may be counted toward this Combined program.
2. Combined Honours in European and Russian Studies and Journalism is available only to students already admitted to the Bachelor of Journalism degree.
3. With the permission of the Institute, students who enter the program after first year may substitute a course from the list of Approved Courses in European, Russian, and Eurasian Studies for EURR 1001.

European and Russian Studies

B.A. (15.0 credits)

A. Credits Included in the Major CGPA (7.0 credits)

1. 0.5 credit in: Foundations	0.5
EURR 1001 [0.5] Introduction to European and Russian Studies	
2. 0.5 credit in: Core Politics, Society, and International Affairs	0.5
EURR 2010 [0.5] European, Russian and Eurasian Politics, Society and International Affairs	
3. 0.5 credit in: Core Literature and Culture	0.5
EURR 3010 [0.5] Europe, Russia and Eurasia Beyond Borders: Literature and Culture	
4. 1.0 credit from: Modern History category	1.0
5. 1.0 credit from: Politics and Economics category	1.0
6. 3.5 credits from: Approved Courses in European, Russian, and Eurasian Studies. May include EURR not used to fulfill another requirement. No more than 1.0 credit from the Contexts and Methods for Regional Studies category.	3.5

B. Credits Not Included in the Major CGPA (8.0 credits)	
7. 8.0 credits in free electives	8.0
C. Additional Requirements	
8. The EURUS language requirement must be met.	
Total Credits	15.0

Notes:

1. See "Approved Courses in European, Russian, and Eurasian Studies" section of the calendar for a list of approved courses that fulfill specific categories in the requirements above.
2. With the permission of the Institute, students who enter the program after first year may substitute a course from the list of Approved Courses in European, Russian, and Eurasian Studies for EURR 1001.

Bachelor of Global and International Studies (B.G.In.S.)

Note: Details regarding graduation requirements, the international experience requirement, and the language requirement for the B.G.In.S. degree can be found at the **B.G.In.S. program page**.

Specialization in Europe and Russia in the World

B.G.In.S. Honours (20.0 credits)

A. Credits Included in the Major CGPA (12.0 credits)	
1. 4.5 credits in: Core Courses	4.5
GINS 1000 [0.5] Global History	
GINS 1010 [0.5] International Law and Politics

EURR 2010 [0.5] European, Russian and Eurasian Politics, Society and International Affairs	
EURR 3010 [0.5] Europe, Russia and Eurasia Beyond Borders: Literature and Culture	
c. 3.0 credits from: Approved Courses in European, Russian, and Eurasian Studies. May include EURR courses not used to fulfill another requirement.	
B. Credits Not Included in the Major CGPA (7.0 credits):	
3. 7.0 credits in: Free Electives	7.0
C. Additional Requirements	
4. The BGINS Language requirement must be met in a regional language relevant to Europe and Russia other than English. The Program Director will maintain a list of those languages suitable for meeting this requirement.	
Total Credits	15.0

Minor in European and Russian Studies (4.0 credits)

Open to all undergraduate degree students not in EURUS programs or the B.G.In.S. Specialization or Stream in Europe and Russia in the World.

Students are required to present a Minor CGPA of 4.00 or higher at graduation in order to be awarded a Minor in European and Russian Studies.

Requirements:

1. 1.0 credit from: EURUS Core Courses		1.0
EURR 1001 [0.5]	Introduction to European and Russian Studies	
EURR 2010 [0.5]	European, Russian and Eurasian Politics, Society and International Affairs	
EURR 3010 [0.5]	Europe, Russia and Eurasia Beyond Borders: Literature and Culture	
2. 0.5 credit from: Modern History category		0.5
3. 0.5 credit from: Politics and Economics category		0.5
4. 2.0 credit from: Approved Courses in European, Russian, and Eurasian Studies. May include EURR courses not used to fulfill another requirement.		2.0
5. The remaining requirements of the major discipline(s) and degree must be satisfied.		
Total Credits		4.0

Note: See the "Approved Courses in European, Russian, and Eurasian Studies" section of the calendar for a list of courses that fulfill specific categories indicated in the requirements above.

Approved Courses in European, Russian, and Eurasian Studies

This list includes categories of approved courses that fulfill specific program requirements for all undergraduate programs in the Institute of European, Russian, and Eurasian Studies (EURUS). Students are advised that some courses may have prerequisites that must be met in order to register for a particular course.

Modern History

HIST 1003 [0.5]	Empire, War, and Revolution in Europe, 1850-1939
HIST 1004 [0.5]	Europe in War; Cold War
HIST 2502 [0.5]	Modern Britain & Empire Before 1914

B.A. Regulations

The regulations presented below apply to all Bachelor of Arts programs. In addition to the requirements presented here, students must satisfy the University regulations common to all undergraduate students including the process of Academic Continuation Evaluation (consult the *Academic Regulations of the University* section of this Calendar).

First-Year Seminars

B.A. degree students are strongly encouraged to include a First-Year Seminar (FYSM) during their first 4.0 credits of registration. Students are limited to 1.0 credit in FYSM and can only register in a FYSM while they have first-year standing in their B.A. program.

Breadth Requirement

Among the credits presented at graduation, students in both the B.A. and the B.A. Honours degrees and B.Co.M.S. are required to include 3.0 breadth credits, which must include 1.0 credit in three of the four breadth areas identified below. Credits that fulfil requirements in the Major, Minor, Concentration, Specialization, or Stream may also be used to fulfil the Breadth Requirement.

Students admitted with a completed university degree are exempt from breadth requirements.

Students in the following interdisciplinary programs are exempt from the B.A. breadth requirement.

- African Studies
- Criminology and Criminal Justice
- Environmental Studies
- Human Rights
- Human Rights and Social Justice

Breadth Area 1: Culture and Communication

American Sign Language, Art History, Art and Culture, Communication and Media Studies, Digital Humanities, English, Film Studies, French, Journalism, Media Production and Design, Music, and Languages (Arabic, English as a Second Language, German, Greek, Hebrew, Indigenous Languages, Italian, Japanese, Korean, Latin, Mandarin, Portuguese, Russian, Spanish)

Subject codes: ARAB, ARTH, ASLA, CHIN, COMS, DIGH, ENGL, ESLA, FILM, FINS, FREN, GERM, GREK, HEBR, ITAL, JAPA, JOUR, KORE, LANG, LATN, MPAD, MUSI, PORT, RUSS, SPAN

Breadth Area 2: Humanities

African Studies, Applied Linguistics and Discourse Studies, Archaeology, Canadian Studies, Child Studies, Classical Civilization, Critical Race Studies, Directed Interdisciplinary Studies, Disability Studies, Environmental and Climate Humanities, European and Russian Studies, History, Human Rights and Social Justice, Humanities, Indigenous Studies, Latin American and Caribbean Studies, Linguistics, Medieval and Early Modern Studies, Philosophy, Religion, Sexuality Studies, South Asian Studies, and Women's and Gender Studies.

Subject codes: AFRI, ALDS, ARCY, CDNS, CHST, CLCV, CRST, DBST, DIST, EACH, EURR, HIST, HRSJ, HUMR, HUMS, INDG, LACS, LING, MEMS, PHIL, RELI, SAST, SXST, WGST

Breadth Area 3: Science, Engineering, and Design

Architecture, Biology, Chemistry, Computer Science, Data Science, Earth Sciences, Engineering, Environmental Science, Food Science and Nutrition, Health Sciences, Industrial Design, Information Resource Management, Information Technology (BIT), Information Technology (ITEC), Interactive Multimedia and Design, Interdisciplinary Science and Practice, Mathematics, Neuroscience, Network Technology, Nursing, Optical Systems and Sensors, Photonics, Statistics, Physics, and Technology, Society, Environment.

Subject codes: ACSE, AERO, ARCC, ARCH, ARCN, ARCS, ARCU, BIOC, BIOL, BIT, CHEM, CIVE, COMP, CSEC, DATA, ECOR, ELEC, ENSC, ENVE, ERTN, FOOD, HLTH, IDES, IMD, IRM, ISAP, ISCI, ISCS, ISYS, ITEC, MAAE, MATH, MECH, MECT, NET, NEUR, NSCI, NURS, OSS, PHYS, PLT, SREE, STAT, SYSC, TSES

Breadth Area 4: Social Sciences

Anthropology, Business, Cognitive Science, Criminology and Criminal Justice, Economics, Environmental Studies, Geography, Geomatics, Global and International Studies, Global Politics, Interdisciplinary Public Affairs, International Affairs, Law, Migration and Diaspora Studies, Political Management, Political Science, Psychology, Public Administration, Public Affairs and Policy Management, Social Work, Sociology/Anthropology, Sociology

Subject codes: ANTH, BUSI, CGSC, CRCJ, ECON, ENST, GEOG, GEOM, GINS, GPOL, INAF, IPAF, LAWS, MGDS, PADM, PAPM, POLM, PSCI, PSYC, SOCI, SOWK

Declared and Undeclared Students

Degree students are considered "Undeclared" if they have been admitted to a degree, but have not yet selected and been accepted into a program within that degree. The status "Undeclared" is available only in the B.A. and B.Sc. degrees. Undeclared students must apply to enter a program upon or before completing 3.5 credits.

Change of Program Within the B.A. Degree

To transfer to a program within the B.A. degree, applicants must normally be *Eligible to Continue* (EC) in the new program, by meeting the CGPA thresholds described in Section 3.1.9 of the *Academic Regulations of the University*.

Applications to declare or change programs within the B.A. degree online must be made online through Carleton Central by completing a Change of Program Elements (COPE) application form within the published deadlines. Acceptance into a program, or into a program element or option, is subject to any enrollment limitations, as well as specific program, program element, or option requirements as published in the relevant Calendar entry.

Minors, Concentrations, and Specializations

Students may add a Minor, Concentration, or Specialization by completing a Change of Program Elements (COPE) application form online through Carleton Central. Acceptance into a Minor, Concentration, or Specialization normally requires that the student be *Eligible to Continue* (EC) and is subject to any specific requirements of the intended Minor, Concentration, or Specialization as published in the relevant Calendar entry and in Section 3.1.9 of the *Academic Regulations of the University*.

Mention : français

Students registered in certain B.A. programs may earn the diploma notation *Mention : français* by completing part of their program requirements in French, and by demonstrating knowledge of the history and culture of French Canada. The general requirements are listed below. For more specific details, consult the departmental program entries.

Students in a B.A. Honours program must present:

1. 1.0 credit in French language;
2. 1.0 credit devoted to the history and culture of French Canada;
3. 1.0 credit at the 2000- or 3000-level in the Honours discipline taken in French; and
4. 1.0 credit at the 4000-level in the Honours discipline taken in French.

Students in a B.A. program must present:

1. 1.0 credit in advanced French;
2. 1.0 credit devoted to the history and culture of French Canada;
3. 1.0 credit at the 2000- or 3000-level in the Major discipline taken in French.

Students in Combined Honours programs must fulfil the *Mention : français* requirement in both disciplines.

Courses taught in French (Items 3 and 4, above) may be taken at Carleton, at the University of Ottawa on the Exchange Agreement, or at a francophone university on a Letter of Permission. Students planning to take courses on exchange or on a Letter of Permission should take careful note of the residence requirement for a minimum number of Carleton courses in their programs. Consult the *Academic Regulations of the University* section of this Calendar for information regarding study on exchange or Letter of Permission.

Co-operative Education

For more information about how to apply for the Co-op program and how the Co-op program works please visit the Co-op website.

All students participating in the Co-op program are governed by the Undergraduate Co-operative Education Policy.

Undergraduate Co-operative Education Policy

Admission Requirements

Students can apply to Co-op in one of two ways: directly from high school, or after beginning a degree program at Carleton.

If a student applies to a degree program with a Co-op option from high school, their university grades will be reviewed two terms to one year prior to their first work term to ensure they meet the academic requirements after their first or second year of study. The time at which the evaluation takes place depends on the program of study. Students will automatically receive an admission decision via their Carleton email account.

Students who did not request Co-op at the time they applied to Carleton can request Co-op after they begin their university studies. To view application instructions and deadlines, please visit carleton.ca/co-op.

To be admitted to Co-op, a student must successfully complete 5.0 or more credits that count towards their degree, meet the minimum CGPA requirement(s) for the student's Co-op option, and fulfil any specified course prerequisites. To see the unique admission and continuation requirements for each Co-op option, please refer to the specific degree programs listed in the Undergraduate Calendar.

Participation Requirements

Co-op Participation Agreement

All students must adhere to the policies found within the Co-op Participation Agreement.

COOP 1000

Once a student has been admitted to the Co-op Program, they will be given access to register in COOP 1000. This zero-credit online course must be completed at least two terms prior to the student's first work term.

Communication with the Co-op Office

Students must maintain contact with the Co-op Office during their job search and while on a work term. All

email communication will be conducted via the students' Carleton email account.

Employment

Although every effort is made to ensure a sufficient number of job postings for all Co-op students, no guarantee of employment can be made. The Co-op job search process is competitive, and success is dependent upon factors such as current market conditions, academic performance, skills, motivation, and level of commitment to the job search. It is the student's responsibility to apply for positions via the Co-op job board in addition to actively conducting a self-directed job search. Students who do not obtain a co-op work term are expected to continue with their academic studies. It should be noted that hiring priority for positions within the Federal Government of Canada is given to Canadian citizens.

Registration

- Students must be registered as full-time during all fall and winter study terms beginning the term in which they enroll in COOP 1000.
- Students will be registered in a Co-op Work Term course while at work. This course does not carry academic course credit, but is noted on academic transcripts.
- Students may register in a 0.5 credit during a work term, provided the course is offered during the evening or is offered asynchronously online.
- Students must have at least one term of full-time studies left to complete following their final co-op work term. Students cannot end their degree on a work term.

Work Term Assessment and Evaluation

Work Term Evaluation

Employers are responsible for submitting to Carleton University final performance evaluations for their Co-op students at the end of their work terms.

Work Term Assessment

In order to successfully complete the co-op work term, students must receive a Satisfactory (SAT) grade on their Co-op Work Term Report, which they must submit at the completion of each four-month work term.

Graduation with the Co-op Designation

In order to graduate with the Co-op Designation, students must satisfy all requirements of the degree program in addition to the successful completion of three or four work terms (the number is dependent upon the student's academic program). Students found in violation of the Co-op Participation Agreement may have the Co-op Designation withheld.

Note: Participation in the co-op option will add up to one additional year for a student to complete their degree program.

Voluntary Withdrawal from the Co-op Option

Students who are currently on a co-op work term or who have already committed to a co-op work term either verbally or in writing may not leave the position and/or

withdraw from the co-op option until they have completed the work term and all related requirements.

Involuntary or Required Withdrawal from the Co-op Option

Students may be removed from the Co-op Program for any of the following reasons:

1. Failure to achieve a grade of SAT in COOP 1000;
2. Failure to attend all interviews for positions to which the student has applied;
3. Declining more than one job offer during the job search;
4. Reneging on a co-op position that the student has accepted either verbally or in writing;
5. Continuing a job search after accepting a co-op position;
6. Dismissal from a work term by the co-op employer;
7. Leaving a work term without approval from the Co-op Management Team;
8. Receipt of an unsatisfactory work term evaluation;
9. Receiving a grade of UNS on the work term report.

International Students

All international students are required to possess a Co-op Work Permit issued by Immigration, Refugees and Citizenship Canada before they can begin working. The Co-operative Education Office will provide students with a letter of support to accompany their Co-op Work Permit application. Students are advised to discuss the application process and application requirements with the International Student Services Office.

Co-op Fees

All participating Co-op students are required to pay Co-op fees. For full details, please see the Co-op website.

B.A. Honours European and Russian Studies: Co-op Admission and Continuation Requirements

- Maintain full-time status in each study term;
- Be eligible to work in Canada (for off-campus work);
- Have successfully completed COOP 1000 .

In addition to the following:

1. Registered as a full-time student in the B.A. Honours European and Russian Studies program;
2. Successfully completed 5.0 or more credits;
3. Successfully completed, by the start-date of the first work term, EURR 2010;
4. Obtained an Overall CGPA of at least 8.00 and a Major CGPA of at least 9.00. These CGPAs must be maintained throughout the duration of the degree.

B.A. Honours European and Russian Studies students must successfully complete three (3) work terms to obtain the Co-op Designation.

Co-op Work Term Course: EURR 3999

Work/Study Pattern:

Year 1		Year 2		Year 3		Year 4		Year 5	
Term	Pattern	Term	Pattern	Term	Pattern	Term	Pattern	Term	Pattern
Fall	S	Fall	S	Fall	W	Fall	S	Fall	S
Winter	S	Winter	S	Winter	S	Winter	W	Winter	S
Summer		Summer		Summer	W	Summer	W		

Legend

S: Study

W: Work

Admissions Information

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as *recommended*, it is not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admission Requirements

Degrees

- Bachelor of Arts (B.A.) (Honours)
- Bachelor of Arts (B.A.)

First Year

For B.A. and B.A. (Honours)

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include a 4U course in English (or *anglais*). Applicants submitting an English language test to satisfy the requirements of the English Language Proficiency section of this Calendar may use that test to also satisfy the 4U English prerequisite requirement.

Biology

For the major in Biology in the B.A. program, in addition to the 4U English, a 4U course in Chemistry is required. Advanced Functions, and Calculus and Vectors are recommended.

Criminology and Criminal Justice

Access to the CCJ B.A. degree is limited to students already registered in the CCJ B.A. Honours who apply to transfer, and to graduates of the Algonquin College Police Foundations program.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be Eligible to Continue in their year level, in addition to meeting the CGPA thresholds described in Section 3.1.9 of the Academic Regulations of the University. Advanced standing will be granted only for those subjects assessed as being appropriate for the program and the stream selected.

Co-op Option

Direct Admission to the 1st Year of the Co-op Option

Co-op is available for the following Majors in the B.A. (Honours) degree: Anthropology, English, Environmental Studies, European and Russian Studies, French, Geography, Geomatics, History, Law, Political Science, Psychology, Sociology.

Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in the Bachelor of Arts Honours with one of the majors listed above;
3. be eligible to work in Canada (for off-campus work placements).

Meeting the above requirements only establishes eligibility for admission to the program. The prevailing job market may limit enrolment in the co-op option. Students should also note that hiring priority is given to Canadian citizens for co-op positions in the Public Service Commission.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are described in the Co-operative Education Regulations section of this Calendar.

Advanced Standing

B.A. and B.A. (Honours) Program

Applications for admission to the second or subsequent years will be assessed on their merits. Advanced standing

will be granted only for those courses that are determined to be appropriate.

European and Russian Studies (EURR) Courses

EURR 1001 [0.5 credit]

Introduction to European and Russian Studies

An introduction to the study of Europe and Russia, including aspects of the histories, societies, cultures, and politics of the region.

Includes: Experiential Learning Activity
Lectures/groups three hours a week.

EURR 2010 [0.5 credit]

European, Russian and Eurasian Politics, Society and International Affairs

An interdisciplinary examination of the domestic issues facing the countries of Europe, Russia and Eurasia and the position of these countries in a global context, including geopolitical, economic, security and human dimensions.

Precludes additional credit for EURR 2001 (no longer offered), EURR 2002 (no longer offered).

Prerequisite(s): second year standing.

Lecture and discussion three hours a week.

EURR 3010 [0.5 credit]

Europe, Russia and Eurasia Beyond Borders: Literature and Culture

An exploration of the cultural borders and boundaries of contemporary Europe, Russia and Eurasia. Using literary and visual texts, the course explores issues such as migration, cultural and political borders and their transcendence, cultural responses to authoritarianism, the Cold War and its afterlives, and memory.

Also listed as ENGL 3020.

Precludes additional credit for EURR 3001 (no longer offered), EURR 3002 (no longer offered).

Prerequisite(s): second year standing.

Lecture and discussion three hours a week.

EURR 3999 [0.0 credit]

Co-operative Work Term

Includes: Experiential Learning Activity

Prerequisite(s): registration in the B.A. European and Russian Studies (Honours) Co-operative option, completion of the Co-op preparation classes offered by the Co-op Office and permission of the Institute.

EURR 4002 [0.5 credit]

Post-Soviet States and Societies

The relationship between social forces and state structures at both the national and local levels in the USSR and the post-Soviet states.

Also listed as PSCI 4502.

Prerequisite(s): fourth-year Honours standing or permission of the Institute.

Also offered at the graduate level, with different requirements, as EURR 5002, PSCI 5110, for which additional credit is precluded.

Seminar three hours a week.

EURR 4008 [0.5 credit]

Nationalism in Russia and Eurasia

Ethnic basis of nationalism in the region. Ethnic politics and trends.

Prerequisite(s): fourth-year Honours standing or permission of the Institute.

Also offered at the graduate level, with different requirements, as EURR 5008, for which additional credit is precluded.

Seminar three hours a week.

EURR 4100 [0.5 credit]

Nation-Building in Central and Eastern Europe

Processes of nation building in the region examined in terms of a particular country, or set of countries.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year Honours standing or permission of the Institute.

Also offered at the graduate level, with different requirements, as EURR 5100, for which additional credit is precluded.

Seminar three hours a week.

EURR 4101 [0.5 credit]

The Balkans in Transition – 1918 to 1989

The seminar uses the concept of transition to understand the Balkan encounter with modernity and Europe. Key periods to be examined include the interwar era and the period of communist rule, with an emphasis on political, social and economic themes.

Also listed as HIST 4605.

Prerequisite(s): fourth-year Honours standing or permission of the Institute.

Seminar three hours a week.

EURR 4102 [0.5 credit]**The Balkans since 1989**

Selected topics in Balkan politics and society since the collapse of communism in 1989, focusing on the democratic transition and the EU accession process. The legacies of communist rule, democratization and the many national questions that still exist in the region.

Also listed as PSCI 4507.

Prerequisite(s): fourth-year Honours standing or permission of the Institute.

Seminar three hours a week.

EURR 4103 [0.5 credit]**The Great Russian Novel**

A study of masterpieces of prose fiction from the Golden Age of Russian literature. Readings will be chosen from writers such as Turgenev, Tolstoy, Dostoevsky, Gogol, and/or others. All texts will be studied in English translation.

Also listed as ENGL 4600.

Prerequisite(s): Third-year standing.

Lecture three hours a week.

EURR 4104 [0.5 credit]**European Integration and European Security**

Issues related to the formation of supra-national decision-making structures in Europe.

Includes: Experiential Learning Activity

Also listed as PSCI 4608.

Prerequisite(s): fourth-year Honours standing or permission of the Institute.

Also offered at the graduate level, with different requirements, as EURR 5104, for which additional credit is precluded.

Seminar three hours a week.

EURR 4106 [0.5 credit]**Selected Topics in European Integration Studies**

Selected topics related to European integration in the post-World War II period.

Also listed as PSCI 4609.

Prerequisite(s): fourth-year Honours standing or permission of the Institute.

Seminar three hours a week.

EURR 4107 [0.5 credit]**Russia's Regional and Global Ambitions**

Domestic conditions in Russia from 2000 to the present and the framing of Russia's foreign policy and strategic objectives towards the former Soviet republics and other key global actors, including the United States, the European Union, NATO and China.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year Honours standing or permission of the Institute.

Also offered at the graduate level, with different requirements, as EURR 5107, for which additional credit is precluded.

Seminar three hours a week.

EURR 4201 [0.5 credit]**Special Topics in European Studies**

A seminar focusing on selected topics related to Europe.

Prerequisite(s): fourth-year Honours standing or permission of the Institute.

Seminar three hours a week.

EURR 4202 [0.5 credit]**Special Topics in Russian and Eurasian Studies**

A seminar focusing on selected topics related to Russia and neighbouring countries.

Prerequisite(s): fourth-year Honours standing or permission of the Institute.

Also offered at the graduate level, with different requirements, as EURR 5202, for which additional credit is precluded.

Seminar three hours a week.

EURR 4204 [0.5 credit]**Central Europe, Past and Present**

Evolution and current status of Central Europe from periods of foreign control in the late nineteenth and twentieth centuries to independent statehood, with emphasis on national accommodations and conflicts.

Also listed as HIST 4604.

Prerequisite(s): fourth-year Honours standing or permission of the Institute.

Also offered at the graduate level, with different requirements, as EURR 5204, for which additional credit is precluded.

Seminar three hours a week.

EURR 4205 [0.5 credit]**Politics of Identity in Europe and the Russian Area**

The relationships between political transformation, identity-building, ethnicity, and gender politics in post-communist states, considered in comparison with select countries in Central and/or Western Europe.

Includes: Experiential Learning Activity

Also listed as PSCI 4501.

Prerequisite(s): Fourth-year Honours standing or permission of the Department and one of PSCI 2101, PSCI 2102, PSCI 2500, PSCI 3208, PSCI 3209, PSCI 3500, PSCI 3502.

Seminar three hours a week.

EURR 4206 [0.5 credit]**Internship and Applied Policy Skills**

A seminar accompanying an unpaid internship placement to develop workplace and applied policy skills. Relating applied experience to academic literature. Writing skills for an applied policy setting. Internship placement: 12 days over 12 weeks.

Includes: Experiential Learning Activity

Prerequisite(s): open only to fourth-year EURUS B.A.

Honours students with a minimum B+ average and placement in an internship position in the same semester or in the previous semester (based on a competitive application process).

Also offered at the graduate level, with different requirements, as EURR 5301, for which additional credit is precluded.

Seminar: six three-hour seminar sessions.

EURR 4207 [0.5 credit]**Politics of Central Eurasia**

Examination of the Caucasus and Central Asia, from Chechnya to former Soviet republics of the region, Afghanistan and Chinese Turkestan. Interests of Russia, China, and the United States. Emphasis on underdevelopment, oil and gas, terrorism, Islam.

Includes: Experiential Learning Activity

Also listed as PSCI 4503.

Prerequisite(s): fourth year Honours standing or permission of the Institute.

Seminar three hours a week.

EURR 4208 [0.5 credit]**Foreign Policies of Soviet Successor States**

The foreign policies of the USSR and of Russia and selected other successor states, with special emphasis on the search for a new security order.

Also listed as PSCI 4601.

Prerequisite(s): fourth-year Honours standing or permission of the Institute.

Seminar three hours a week.

EURR 4209 [0.5 credit]**Politics of the Caucasus and Caspian Basin**

Examination of the South Caucasus (Azerbaijan, Georgia, Armenia), the Russian-held North Caucasus, including Chechnya, and relations with Iran. Emphasis on state and society, oil and gas, transregional communications, interests of western powers, ethnic relations.

Includes: Experiential Learning Activity

Also listed as PSCI 4504.

Prerequisite(s): fourth-year Honours standing or permission of the Institute.

Seminar three hours a week.

EURR 4302 [0.5 credit]**EU Summer Study Abroad**

This course is open only to students in approved summer study options in Europe, particularly the EU Study Tour.

Includes: Experiential Learning Activity

Prerequisite(s): approval of the Institute.

Also offered at the graduate level, with different requirements, as EURR 5302, for which additional credit is precluded.

EURR 4303 [0.5 credit]**Contemporary Europe: From Postwar to the European Union**

History of contemporary Europe from 1945 to present covering both eastern and western halves of the continent and including social, cultural, political, and economic dimensions.

Includes: Experiential Learning Activity

Also listed as HIST 4606.

Prerequisite(s): fourth-year Honours standing or permission of the Institute.

Also offered at the graduate level, with different requirements, as EURR 5303, for which additional credit is precluded.

Seminar three hours a week.

EURR 4304 [0.5 credit]**Europe and International Migration**

Europe's role in international migration. Topics to be discussed may include migration and mobility as both assets and challenges for sending, transit, and destination countries, changing geographies of migration, inclusion and exclusion, political mobilization, and responses of European states and other actors.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year Honours standing or permission of the Institute.

Also offered at the graduate level, with different requirements, as EURR 5304, for which additional credit is precluded.

Seminar three hours a week.

EURR 4305 [0.5 credit]**Imperial Russia and the Russian Revolution**

Examination of the expansion and downfall of tsarist Russia from the eighteenth century to the revolutionary era and the establishment of Bolshevik rule. Topics include the relationship between the monarchy and subject peoples, social and economic change, and daily life.

Includes: Experiential Learning Activity

Also listed as HIST 4607.

Precludes additional credit for EURR 4203.

Prerequisite(s): fourth-year Honours standing or permission of the Institute.

Also offered at the graduate level, with different requirements, as EURR 5305, for which additional credit is precluded.

Seminar three hours a week.

EURR 4306 [0.5 credit]**The Soviet Union: Power and Culture**

Examination of the rise of the Soviet Union to a global power and subsequent tensions that promoted its collapse. The course will analyze Stalinism, the Second World War, the Thaw, and Brezhnev and Gorbachev eras through the lens of the USSR's citizens.

Includes: Experiential Learning Activity

Also listed as HIST 4608.

Precludes additional credit for EURR 4203.

Prerequisite(s): fourth-year Honours standing or permission of the Institute.

Also offered at the graduate level, with different requirements, as EURR 5306, for which additional credit is precluded.

Seminar three hours a week.

EURR 4704 [0.5 credit]**The Business Environment in Europe**

The economic, political, legal, and cultural environment for doing business in the European Union and other regions in Europe. Patterns of foreign trade and investment, market characteristics, science and technology, regulation and European integration, and business culture.

Also listed as BUSI 4704.

Precludes additional credit for EURR 4006 (no longer offered), BUSI 4604 (no longer offered).

Prerequisite(s): third-year standing.

Seminar three hours a week.

EURR 4901 [0.5 credit]**Tutorial in European and Russian Studies**

Tutorials or reading courses on selected topics may be arranged with the permission of the Institute and agreement of the instructor.

Prerequisite(s): permission of the Institute.

EURR 4908 [1.0 credit]**Honours Essay**

Individual research project resulting in a major essay, completed under the supervision of a faculty member and evaluated by the supervisor and a second reader. Students should consult with the Supervisor of Undergraduate Studies regarding the topic and supervisor. Institute's Honours Essay guidelines apply.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year standing, a CGPA of 9.00 or higher in courses qualifying for credit in European and Russian Studies, and permission of the Institute.

Film Studies

This section presents the requirements for programs in:

- **Film Studies B.A. Honours**
- **Film Studies B.A. Combined Honours**
- **Film Studies B.A.**
- **Minor in Film Studies**
- **Post-Baccalaureate Diploma in Film Studies**

Program Requirements**Film Studies****B.A. Honours (20.0 credits)****A. Credits Included in the Major CGPA (9.0 credits)**

1. 0.5 credits in:	0.5
FILM 1101 [0.5] Introduction to Film Studies or FILM 1120 [0.5] Seminar in Film Studies	
2. 2.0 credits in:	2.0
FILM 2001 [0.5] Film Theory and Analysis I	
FILM 2002 [0.5] Film Theory and Analysis II	
FILM 2606 [0.5] History of World Cinema I	
FILM 2607 [0.5] History of World Cinema II	
3. 2.5 credits in FILM at the 2000-level or higher	2.5
4. 2.0 credits in FILM at the 3000-level	2.0
5. 0.5 credit in:	0.5
FILM 4001 [0.5] Research and Critical Methodologies	
6. 1.5 credits in FILM at the 4000-level	1.5
B. Credits Not Included in the Major CGPA (11.0 credits)	
7. 8.0 credits in electives not in FILM	8.0
8. 3.0 credits in free electives.	3.0
Total Credits	20.0

Film Studies**B.A. Combined Honours (20.0 credits)****A. Credits Included in the Film Studies Major CGPA (7.0 credits)**

1. 0.5 credits in:	0.5
FILM 1101 [0.5] Introduction to Film Studies or FILM 1120 [0.5] Seminar in Film Studies	
2. 2.0 credits in:	2.0
FILM 2001 [0.5] Film Theory and Analysis I	
FILM 2002 [0.5] Film Theory and Analysis II	

FILM 2606 [0.5]	History of World Cinema I	
FILM 2607 [0.5]	History of World Cinema II	
3. 2.0 credits in FILM at the 2000-level or higher		2.0
4. 1.5 credit in FILM at the 3000-level		1.5
5. 1.0 credit in FILM at the 4000-level		1.0
B. Credits Not Included in the Film Studies Major CGPA (13.0 credits)		13.0
6. The requirements of the other discipline must be satisfied		
7. Sufficient free electives to total 20.0 credits for the program.		
Total Credits		20.0

Film Studies

B.A. (15.0 credits)

A. Credits Included in the Major CGPA (6.0 credits)

1. 0.5 credits in:		0.5
FILM 1101 [0.5]	Introduction to Film Studies	
or FILM 1120 [0.5]	Seminar in Film Studies	
2. 1.5 credits in:		1.5
FILM 2001 [0.5]	Film Theory and Analysis I	
FILM 2606 [0.5]	History of World Cinema I	
FILM 2607 [0.5]	History of World Cinema II	
3. 2.0 credits in FILM at the 2000-level or higher		2.0
4. 2.0 credits in FILM at the 3000-level		2.0
B. Credits Not Included in the Major CGPA (9.0 credits)		
5. 6.0 credits in electives not in FILM		6.0
6. 3.0 credits in free electives.		3.0
Total Credits		15.0

Minor in Film Studies (4.0 credits)

Open to all undergraduate degree students not in Film Studies programs.

Students are required to present a Minor CGPA of 4.00 or higher at graduation in order to be awarded a Minor in Film Studies.

Requirements

1. 0.5 credit from:		0.5
FILM 1101 [0.5]	Introduction to Film Studies	
or FILM 1120 [0.5]	Seminar in Film Studies	
2. 0.5 credit from:		0.5
FILM 2001 [0.5]	Film Theory and Analysis I	
FILM 2606 [0.5]	History of World Cinema I	
FILM 2607 [0.5]	History of World Cinema II	
3. 2.0 credits in FILM at the 2000-level or higher		2.0
4. 1.0 credit in FILM at the 3000-level		1.0
5. The remaining requirements of the major discipline(s) and degree must be satisfied.		
Total Credits		4.0

Post-Baccalaureate Diploma in Film Studies (4.0 credits)

Admission to this program requires the permission of the Film Studies program. Normally, students would be required to have completed an undergraduate degree with a minimum B average or higher to be admitted. Applications will be reviewed on a case-by-case basis.

Requirements:

1. 2.0 credits in:		2.0
FILM 2001 [0.5]	Film Theory and Analysis I	
FILM 2002 [0.5]	Film Theory and Analysis II	
FILM 2606 [0.5]	History of World Cinema I	
FILM 2607 [0.5]	History of World Cinema II	
2. 1.0 credit in Film Studies electives at the 3000-level		1.0
3. 1.0 credit in Film Studies electives at the 4000-level		1.0
Total Credits		4.0

With the approval of the Film Studies undergraduate supervisor, 0.5 credit may be taken outside the department.

B.A. Regulations

The regulations presented below apply to all Bachelor of Arts programs. In addition to the requirements presented here, students must satisfy the University regulations common to all undergraduate students including the process of Academic Continuation Evaluation (consult the *Academic Regulations of the University* section of this Calendar).

First-Year Seminars

B.A. degree students are strongly encouraged to include a First-Year Seminar (FYSM) during their first 4.0 credits of registration. Students are limited to 1.0 credit in FYSM and can only register in a FYSM while they have first-year standing in their B.A. program.

Breadth Requirement

Among the credits presented at graduation, students in both the B.A. and the B.A. Honours degrees and B.Co.M.S. are required to include 3.0 breadth credits, which must include 1.0 credit in three of the four breadth areas identified below. Credits that fulfil requirements in the Major, Minor, Concentration, Specialization, or Stream may also be used to fulfil the Breadth Requirement.

Students admitted with a completed university degree are exempt from breadth requirements.

Students in the following interdisciplinary programs are exempt from the B.A. breadth requirement.

- African Studies
- Criminology and Criminal Justice
- Environmental Studies
- Human Rights
- Human Rights and Social Justice

Breadth Area 1: Culture and Communication

American Sign Language, Art History, Art and Culture, Communication and Media Studies, Digital Humanities, English, Film Studies, French, Journalism, Media Production and Design, Music, and Languages (Arabic, English as a Second Language, German, Greek, Hebrew, Indigenous Languages, Italian, Japanese, Korean, Latin, Mandarin, Portuguese, Russian, Spanish)

Subject codes: ARAB, ARTH, ASLA, CHIN, COMS, DIGH, ENGL, ESLA, FILM, FINS, FREN, GERM, GREK, HEBR, ITAL, JAPA, JOUR, KORE, LANG, LATN, MPAD, MUSI, PORT, RUSS, SPAN

Breadth Area 2: Humanities

African Studies, Applied Linguistics and Discourse Studies, Archaeology, Canadian Studies, Child Studies, Classical Civilization, Critical Race Studies, Directed Interdisciplinary Studies, Disability Studies, Environmental and Climate Humanities, European and Russian Studies, History, Human Rights and Social Justice, Humanities, Indigenous Studies, Latin American and Caribbean Studies, Linguistics, Medieval and Early Modern Studies, Philosophy, Religion, Sexuality Studies, South Asian Studies, and Women's and Gender Studies.

Subject codes: AFRI, ALDS, ARCY, CDNS, CHST, CLCV, CRST, DBST, DIST, EACH, EURR, HIST, HRSJ, HUMR, HUMS, INDG, LACS, LING, MEMS, PHIL, RELI, SAST, SXST, WGST

Breadth Area 3: Science, Engineering, and Design

Architecture, Biology, Chemistry, Computer Science, Data Science, Earth Sciences, Engineering, Environmental Science, Food Science and Nutrition, Health Sciences, Industrial Design, Information Resource Management, Information Technology (BIT), Information Technology (ITEC), Interactive Multimedia and Design, Interdisciplinary Science and Practice, Mathematics, Neuroscience, Network Technology, Nursing, Optical Systems and Sensors, Photonics, Statistics, Physics, and Technology, Society, Environment.

Subject codes: ACSE, AERO, ARCC, ARCH, ARCN, ARCS, ARCU, BIOC, BIOL, BIT, CHEM, CIVE, COMP, CSEC, DATA, ECOR, ELEC, ENSC, ENVE, ERTN, FOOD, HLTH, IDES, IMD, IRM, ISAP, ISCI, ISCS, ISYS, ITEC, MAAE, MATH, MECH, MECT, NET, NEUR, NSCI, NURS, OSS, PHYS, PLT, SREE, STAT, SYSC, TSES

Breadth Area 4: Social Sciences

Anthropology, Business, Cognitive Science, Criminology and Criminal Justice, Economics, Environmental Studies, Geography, Geomatics, Global and International Studies, Global Politics, Interdisciplinary Public Affairs, International Affairs, Law, Migration and Diaspora Studies, Political Management, Political Science, Psychology, Public Administration, Public Affairs and Policy Management, Social Work, Sociology/Anthropology, Sociology

Subject codes: ANTH, BUSI, CGSC, CRCJ, ECON, ENST, GEOG, GEOM, GINS, GPOL, INAF, IPAF, LAWS, MGDS, PADM, PAMP, POLM, PSCI, PSYC, SOCI, SOWK

Declared and Undeclared Students

Degree students are considered "Undeclared" if they have been admitted to a degree, but have not yet selected and been accepted into a program within that degree. The status "Undeclared" is available only in the B.A. and B.Sc. degrees. Undeclared students must apply to enter a program upon or before completing 3.5 credits.

Change of Program Within the B.A. Degree

To transfer to a program within the B.A. degree, applicants must normally be *Eligible to Continue* (EC) in the new program, by meeting the CGPA thresholds described in Section 3.1.9 of the *Academic Regulations of the University*.

Applications to declare or change programs within the B.A. degree online must be made online through Carleton Central by completing a Change of Program Elements (COPE) application form within the published deadlines. Acceptance into a program, or into a program element or option, is subject to any enrollment limitations, as well as specific program, program element, or option requirements as published in the relevant Calendar entry.

Minors, Concentrations, and Specializations

Students may add a Minor, Concentration, or Specialization by completing a Change of Program Elements (COPE) application form online through Carleton Central. Acceptance into a Minor, Concentration, or Specialization normally requires that the student be *Eligible to Continue* (EC) and is subject to any specific requirements of the intended Minor, Concentration, or Specialization as published in the relevant Calendar entry and in Section 3.1.9 of the *Academic Regulations of the University*.

Mention : français

Students registered in certain B.A. programs may earn the diploma notation *Mention : français* by completing part of their program requirements in French, and by demonstrating knowledge of the history and culture of French Canada. The general requirements are listed below. For more specific details, consult the departmental program entries.

Students in a B.A. Honours program must present:

1. 1.0 credit in French language;
2. 1.0 credit devoted to the history and culture of French Canada;
3. 1.0 credit at the 2000- or 3000-level in the Honours discipline taken in French; and
4. 1.0 credit at the 4000-level in the Honours discipline taken in French.

Students in a B.A. program must present:

1. 1.0 credit in advanced French;
2. 1.0 credit devoted to the history and culture of French Canada;
3. 1.0 credit at the 2000- or 3000-level in the Major discipline taken in French.

Students in Combined Honours programs must fulfil the *Mention : français* requirement in both disciplines.

Courses taught in French (Items 3 and 4, above) may be taken at Carleton, at the University of Ottawa on the Exchange Agreement, or at a francophone university on a Letter of Permission. Students planning to take courses on exchange or on a Letter of Permission should take careful note of the residence requirement for a minimum number of Carleton courses in their programs. Consult the *Academic Regulations of the University* section of this Calendar for information regarding study on exchange or Letter of Permission.

Regulations

Post-Baccalaureate Diploma

In addition to the requirements presented here, students must satisfy the University regulations (see the Academic Regulations of the University section of this Calendar).

Definition

A post-baccalaureate diploma is defined as a stand-alone undergraduate credential intended to:

- qualify a candidate for consideration for entry into a master's program, or
- bring a candidate who already possesses a bachelor's degree up to a level of a bachelor's degree of 20.0 credits or more in another discipline, or
- provide a candidate who already possesses a twenty-credit bachelor's degree in the same discipline the opportunity to bring their previous studies to current equivalents and/or to examine alternative areas, or
- provide a candidate with a professional undergraduate credential for which the prior completion of an undergraduate degree program is appropriate.

Program Requirements

- A post-baccalaureate diploma is normally constituted of a minimum of 3.0 credits to a maximum of 5.0 credits of advanced undergraduate courses.
- A minimum of 3.0 residency credits counting toward the post-baccalaureate diploma.

English as a Second Language Requirement

In addition to the program requirements, completion of English as a Second Language (ESLA) courses may be required from the following sequence: ESLA 1300, ESLA 1500, ESLA 1900. No credits from this sequence will be counted toward the post-baccalaureate diploma.

Continuation

All post-baccalaureate diploma students are expected to complete their diploma requirements within two calendar years after the date of initial registration. After this period student may be withdrawn.

Graduation

- A candidate for a post-baccalaureate diploma must have an overall CGPA of at least 6.5 to graduate.
- A candidate for a post-baccalaureate diploma must obtain a grade of C- or higher in each course taken in fulfillment of the program requirements.
- Students should consult with the Department, School or Institute when planning their diploma and selecting courses.

Admissions Information

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific

course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as *recommended*, it is not mandatory for admission. *Students who do not follow the recommendations will not be disadvantaged in the admission process.*

Admission Requirements

Degrees

- Bachelor of Arts (B.A.) (Honours)
- Bachelor of Arts (B.A.)

First Year

For B.A. and B.A. (Honours)

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include a 4U course in English (or *anglais*). Applicants submitting an English language test to satisfy the requirements of the English Language Proficiency section of this Calendar may use that test to also satisfy the 4U English prerequisite requirement.

Biology

For the major in Biology in the B.A. program, in addition to the 4U English, a 4U course in Chemistry is required. Advanced Functions, and Calculus and Vectors are recommended.

Criminology and Criminal Justice

Access to the CCJ B.A. degree is limited to students already registered in the CCJ B.A. Honours who apply to transfer, and to graduates of the Algonquin College Police Foundations program.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be Eligible to Continue in their year level, in addition to meeting the CGPA thresholds described in Section 3.1.9 of the Academic Regulations of the University. Advanced standing will be granted only for those subjects assessed as being appropriate for the program and the stream selected.

Co-op Option

Direct Admission to the 1st Year of the Co-op Option

Co-op is available for the following Majors in the B.A. (Honours) degree: Anthropology, English, Environmental Studies, European and Russian Studies, French, Geography, Geomatics, History, Law, Political Science, Psychology, Sociology.

Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in the Bachelor of Arts Honours with one of the majors listed above;
3. be eligible to work in Canada (for off-campus work placements).

Meeting the above requirements only establishes eligibility for admission to the program. The prevailing job market may limit enrolment in the co-op option. Students should also note that hiring priority is given to Canadian citizens for co-op positions in the Public Service Commission.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are described in the Co-operative Education Regulations section of this Calendar.

Advanced Standing

B.A. and B.A. (Honours) Program

Applications for admission to the second or subsequent years will be assessed on their merits. Advanced standing will be granted only for those courses that are determined to be appropriate.

Film Studies (FILM) Courses

FILM 1101 [0.5 credit]

Introduction to Film Studies

Introduction to the study of film that emphasizes problems and methods of film analysis through the study of various types of films. Topics relating to the filmmaker, film genre, and film history are covered through a focus on questions of style and technique.

Precludes additional credit for FILM 1120, FILM 1000 (no longer offered), and FYSM 1510.

Lecture and screening three hours a week, discussion one hour a week.

FILM 1120 [0.5 credit]

Seminar in Film Studies

A seminar in the study of film that emphasizes problems and methods of film analysis through the study of a variety of types of films.

Precludes additional credit for FILM 1101, FILM 1000 (no longer offered) and FYSM 1510.

Prerequisite(s): enrolment in a Film Studies major.

Lecture and screening three hours a week, discussion one hour a week.

FILM 2001 [0.5 credit]

Film Theory and Analysis I

Introduction to major film theories and analytical practices. The objective of this course is to familiarize students with the main theories and methods of analysis that have been developed for the study of film.

Precludes additional credit for FILM 2000 (no longer offered).

Prerequisite(s): FILM 1101 or FILM 1120 and second-year standing; or permission of the Discipline.

Lecture and screening three hours a week, seminar one hour a week.

FILM 2002 [0.5 credit]

Film Theory and Analysis II

Building on the skills acquired in FILM 2001, this course considers specific debates in film theory, and provides students with advanced methods for film analysis.

Precludes additional credit for FILM 2000 (no longer offered).

Prerequisite(s): FILM 1101 or FILM 1120, and FILM 2001, and second-year standing; or permission of the Discipline.

Lecture and screening three hours a week, seminar one hour a week.

FILM 2101 [0.5 credit]

The Film Industry

The organization of the production, distribution and exhibition practices of various film industries. May include an examination of the relationship between a national film industry and its television industry.

Prerequisite(s): FILM 1101 or FILM 1120, or second-year standing, or permission of the Discipline.

Lecture and screening three hours a week, lecture one hour a week.

FILM 2106 [0.5 credit]**The Documentary**

An examination of the work of individual filmmakers, of documentary styles and of organizations and institutions in the context of the history of documentary film making, including documentaries made for television. Non-fiction films other than documentaries may be considered.

Also listed as JOUR 2106.

Precludes additional credit for FILM 2105 (no longer offered), JOUR 2105 (no longer offered).

Prerequisite(s): FILM 1101 or FILM 1120, or second-year standing, or permission of the Discipline.

Lecture and screening three hours a week, lecture one hour a week.

FILM 2201 [0.5 credit]**National Cinema**

This course examines the film production of specific countries in order to determine the themes, the styles, and the character of a national cinema.

Prerequisite(s): FILM 1101 or FILM 1120, or second-year standing, or permission of the Discipline.

Lecture and screening three hours a week, lecture one hour a week.

FILM 2202 [0.5 credit]**Japanese Cinema**

Various practices and movements in the history of Japanese cinema, ranging from the silent era to the current digital age.

Prerequisite(s): FILM 1101 or FILM 1120, or second-year standing, or permission of the Discipline.

Lecture and screening three hours a week, lecture one hour a week.

FILM 2203 [0.5 credit]**Scandinavian Cinema**

The development of cinema culture and film production in the Scandinavian countries, from the golden age of Scandinavian silent cinema to contemporary Nordic noir.

Prerequisite(s): FILM 1101 or FILM 1120, or second-year standing, or permission of the Discipline.

Lecture and screening three hours a week, lecture one hour a week.

FILM 2204 [0.5 credit]**Indigenous Cinema and Media**

A critical examination of films and other audiovisual media created by Indigenous artists, such as independent films, genre films, documentaries, web series, installations, and video games.

Prerequisite(s): FILM 1101 or FILM 1120, or second-year standing, or permission of the Department.

Lecture and screening three hours a week, lecture one hour a week.

FILM 2206 [0.5 credit]**Canadian Cinema**

A critical examination of Canadian cinema and media and how it relates to other aspects of Canadian culture.

Precludes additional credit for FILM 2207 (no longer offered), FILM 2208 (no longer offered), FILM 2209 (no longer offered).

Prerequisite(s): FILM 1101 or FILM 1120 or second-year standing; or permission of the Discipline.

Lecture and screening three hours a week, seminar one hour a week.

FILM 2401 [0.5 credit]**Authorship in Film and Media**

A detailed study of the themes, the characteristic style, development and influence of one or more directors.

Prerequisite(s): FILM 1101 or FILM 1120, or second-year standing, or permission of the Discipline.

Lecture and screening three hours a week, lecture one hour a week.

FILM 2601 [0.5 credit]**Film Genres**

This course examines questions of generic form, drawing examples from world cinema.

Prerequisite(s): FILM 1101 or FILM 1120, or second-year standing, or permission of the Discipline.

Lecture and screening three hours a week, lecture one hour a week.

FILM 2606 [0.5 credit]**History of World Cinema I**

Historical survey of world cinema primarily from 1895 to 1945, examining the forms, structures and stylistic conventions of various periods and nations.

Also listed as ENGL 2600.

Precludes additional credit for FILM 2608 and ENGL 2608 (no longer offered).

Prerequisite(s): FILM 1101 or FILM 1120, and second-year standing, or permission of the discipline.

Lecture and screening three hours a week, lecture one hour a week.

FILM 2607 [0.5 credit]**History of World Cinema II**

Historical survey of world cinema primarily since 1945, examining the forms, structures and stylistic conventions of various periods and nations.

Also listed as ENGL 2601.

Precludes additional credit for FILM 2608 and ENGL 2608 (no longer offered).

Prerequisite(s): FILM 2606 or ENGL 2600 or permission of the discipline.

Lecture and screening three hours a week, lecture one hour a week.

FILM 2801 [0.5 credit]**Film and Media Practice I**

Introduction to the basic principles of film and media practice. Emphasis may change from year to year, focusing alternately on narrative, experimental, animation or documentary techniques. This course is intended for Film Studies majors only.

Includes: Experiential Learning Activity

Prerequisite(s): FILM 1101 or FILM 1120.

Lecture/workshops four hours a week.

FILM 2809 [0.5 credit]**The Video Game**

Introduction to the video game as a popular media form, an emerging aesthetic, and a social and cultural practice. Topics include: history of video games; game form; game industry; narrative; art and design; interactivity; theories of play.

Prerequisite(s): FILM 1101 or FILM 1120, or second-year standing, or permission of the Discipline.

Lecture and screening three hours a week, lecture one hour a week.

FILM 3105 [0.5 credit]**Questions of Documentary Practice**

Theoretical implications of documentary film and documentary television practice.

Also listed as JOUR 3105.

Prerequisite(s): 1.0 credit in FILM at the 2000-level and third-year standing, or permission of the Discipline.

Lecture and screening three hours a week, lecture one hour a week.

FILM 3206 [0.5 credit]**Special Topics in American Cinema**

Studies in various aspects of American cinema with emphasis on historical and critical issues. The course offerings may change from year to year.

Prerequisite(s): FILM 1101 or FILM 1120, 1.0 credit in FILM at the 2000 level, and third-year standing, or permission of the Discipline.

Lecture and screening three hours a week, lecture one hour a week.

FILM 3209 [0.5 credit]**Special Topics in Canadian Cinema**

Studies in various aspects of Canadian cinema. The course offerings may change from year to year.

Prerequisite(s): FILM 1101 or FILM 1120, 1.0 credit in FILM at the 2000 level, and third-year standing, or permission of the Discipline.

Lecture and screening three hours a week, lecture one hour a week.

FILM 3301 [0.5 credit]**Special Topics in Cinema, Gender, and Sexuality**

A study of special topics in gender and cinema with emphasis on critical and historical questions. The course offerings may change from year to year.

Prerequisite(s): 1.0 credit in FILM at the 2000-level and third-year standing, or permission of the Discipline.

Lecture and screening three hours a week, lecture one hour a week.

FILM 3402 [0.5 credit]**Film Music**

The use of music in film, from the silent era to the present day. Techniques, styles and theory of film music through the examination of selected scenes.

Also listed as MUSI 3402.

Lectures three hours a week, screening two hours a week.

FILM 3506 [0.5 credit]**Special Topics in Film Theory**

Building on the skills acquired in FILM 2000, this course provides a critical study of advanced film theories. The course offerings may change from year to year. Topics may include aesthetics, ideological criticism, film and philosophy, and theories of technology and historiography. Precludes additional credit for FILM 3505 (no longer offered).

Prerequisite(s): FILM 2001 and FILM 2002 and third-year standing; or permission of the Discipline.

Lecture and screening three hours a week, lecture one hour a week.

FILM 3601 [0.5 credit]**Contemporary Québec Cinema**

Critical reflection on notable filmmakers, formal and thematic trends, dominant social and political issues, and diverse cultural perspectives in Québec cinema during the 21st century, including the film movement known as the Québec New Wave (Renouveau du cinéma québécois). French language ability not required.

Prerequisite(s): 1.0 credit in FILM and third-year standing or permission of the Discipline.

Lecture and screening three hours a week, lecture one hour a week.

FILM 3608 [0.5 credit]**Special Topics in Film History**

Special studies of aspects of the history of world cinema. The course offerings may change from year to year. Topics may include the examination of film movements, styles and genres, and/or comparative study of national, regional and/or world-wide trends.

Prerequisite(s): FILM 1101 or FILM 1120, 1.0 credit in FILM at the 2000 level, and third-year standing, or permission of the Discipline.

Lecture and screening three hours a week, lecture one hour a week.

FILM 3609 [0.5 credit]**African Cinema**

Major figures and movements in African cinema around such categories as the colonial, the anti-colonial, the postcolonial, the diasporic, the continental, race, Afro-futurism, and world cinema, interrogating in the process the very category of "African cinema".

Also listed as AFRI 3609.

Prerequisite(s): 1.0 credit in FILM and third year standing or permission of instructor.

Lecture and screening three hours a week, lecture one hour a week.

FILM 3701 [0.5 credit]**Special Topics in Animation, Video, and Experimental Film**

A study of special topics in animation, video or experimental film. The course offerings may change from year to year.

Prerequisite(s): FILM 1101 or FILM 1120, 1.0 credit in FILM at the 2000 level, and third-year standing, or permission of the Discipline.

Lecture and screening three hours a week, lecture one hour a week.

FILM 3800 [0.5 credit]**Film/Video Archival or Curatorial Practice**

Consideration of topics in film/video archival or curatorial practice, including questions related to cultural policy, exhibition, conservation, and interrelationship of media. Students are expected to bear all travel and other costs arising from required visits to local facilities.

Includes: Experiential Learning Activity

Precludes additional credit for FILM 4800 (no longer offered).

Prerequisite(s): FILM 1101 or FILM 1120, 1.0 credit in FILM at the 2000 level, and third-year standing, or permission of the Discipline.

Lecture and screening three hours a week, lecture one hour a week.

FILM 3801 [0.5 credit]**Film and Media Practice II**

Practical and conceptual approaches to film studies from the point of view of film and media practice. Emphasis may change from year to year, focusing alternately on narrative, experimental, animation or documentary techniques.

Includes: Experiential Learning Activity

Prerequisite(s): FILM 2001 and FILM 2801.

Lecture/workshops four hours a week.

FILM 3808 [0.5 credit]**Cinema and Technology**

The technological development of cinema. Topics may include advances in sound and colour processes, digital effects, exhibition technologies and new media.

Prerequisite(s): FILM 1101 or FILM 1120, 1.0 credit in FILM at the 2000 level, and third-year standing, or permission of the Discipline.

Lecture and screening three hours a week, lecture one hour a week.

FILM 3809 [0.5 credit]**Analyzing Digital Media**

History, aesthetics, and theories of digital media and culture. Key concepts in digital media studies, including: digital cinema, interactive documentaries, viral videos, web series, emerging immersive platforms.

Prerequisite(s): FILM 1101 or FILM 1120, 1.0 credit in FILM at the 2000 level, and third-year standing, or permission of the Discipline.

Lecture and screening three hours a week, lecture one hour a week.

FILM 3810 [0.5 credit]**Sound in Film and Media**

Questions related to sound in film and media such as: how is sound used to create narratives and emotions? How does sound affect our experience of actual and fictional worlds?.

Prerequisite(s): FILM 1101 or FILM 1120, 1.0 credit in FILM at the 2000 level, and third-year standing, or permission of the Discipline.

Lecture and screening three hours a week, lecture one hour a week.

FILM 3901 [0.5 credit]**Special Topics in Film Studies**

Special topics and issues not ordinarily treated in the third-year course program. The course offerings may change from year to year.

Prerequisite(s): FILM 1101 or FILM 1120, 1.0 credit in FILM at the 2000 level, and third-year standing, or permission of the Discipline.

Lecture and screening three hours a week, lecture one hour a week.

FILM 3902 [0.5 credit]**Screenwriting Workshop**

An intermediate workshop involving regular assignments in writing for film.

Includes: Experiential Learning Activity

Also listed as ENGL 3902.

Prerequisite(s): a grade of B+ or higher in one of:

ENGL 2901, ENGL 2903, ENGL 2915; or departmental permission.

Workshop three hours a week.

FILM 4001 [0.5 credit]**Research and Critical Methodologies**

Study of various methodologies for critical, theoretical and historical research in film studies.

Precludes additional credit for FILM 4000 (no longer offered).

Prerequisite(s): FILM 2002, 1.0 credit in FILM at the 3000-level, and fourth-year standing, or permission of the Discipline.

Lecture and screening three hours a week, lecture two hours a week.

FILM 4002 [0.5 credit]**Special Topics in Moving Image Culture**

Special aspects of the audio-visual cultures of the late nineteenth and twentieth centuries. The course offerings may change from year to year.

Prerequisite(s): FILM 1101 or FILM 1120, 1.0 credit in FILM at the 3000 level, and fourth-year standing, or permission of the Discipline.

Seminar three hours a week.

FILM 4201 [0.5 credit]**Special Topics in National Cinemas**

A study of a special topic in national cinema. The course offerings may change from year to year.

Prerequisite(s): FILM 1101 or FILM 1120, 1.0 credit in FILM at the 3000 level, and fourth-year standing, or permission of the Discipline.

Lecture and screening three hours a week, seminar two hours a week.

FILM 4203 [0.5 credit]**Film Festivals and World Cinema**

Theoretical and critical study of the film festival as a phenomenon shaping our understanding of film culture, institutions, history and forms. Issues examined may include festivals as sites of cultural legitimization; as spectacle; their political economy; curation/programming; case studies of film festivals around the world.

Prerequisite(s): FILM 1101 or FILM 1120, 1.0 credit in FILM at the 3000 level, and fourth-year standing, or permission of the Discipline.

Lecture and screening three hours a week, seminar two hours a week.

FILM 4301 [0.5 credit]**Special Topics in Film and Philosophy**

Special topics in philosophical approaches to the study of film, and an examination of the relations between film theory and philosophical aesthetics. The course offerings may change from year to year.

Prerequisite(s): FILM 1101 or FILM 1120, 1.0 credit in FILM at the 3000 level, and fourth-year standing, or permission of the Discipline.

Also offered at the graduate level, with different requirements, as FILM 5109, for which additional credit is precluded.

Lecture and screening three hours a week, seminar two hours a week.

FILM 4401 [0.5 credit]**Special Topics in Film Authorship**

A study of questions of authorship in the cinema, concentrating on one or more filmmakers. The course offerings may change from year to year.

Prerequisite(s): FILM 1101 or FILM 1120, 1.0 credit in FILM at the 3000 level, and fourth-year standing, or permission of the Discipline.

Lecture and screening three hours a week, seminar two hours a week.

FILM 4501 [0.5 credit]**Special Topics in Film Theory**

A study of a special topics in film theory. The course offerings may change from year to year.

Prerequisite(s): FILM 1101 or FILM 1120, 1.0 credit in FILM at the 3000 level, and fourth-year standing, or permission of the Discipline.

Lecture and screening three hours a week, seminar two hours a week.

FILM 4805 [0.5 credit]**Practicum in Film and Film Studies**

Practical experience through working on specific projects under the supervision of staff at a museum, gallery, archive, or production company in the Ottawa area. A maximum of 0.5 credit Film Studies practica courses may be offered in fulfilment of Film Studies requirements. Graded SAT/UNS.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year Honours standing in Film Studies, a CGPA of 9.00 or higher in Film Studies, and permission of the Discipline.

FILM 4901 [0.5 credit]**Special Topic**

Selected topics in film studies not ordinarily available in the regular course program. The choice of topic or topics will vary at least every two years and will be announced well in advance of the registration period.

Prerequisite(s): FILM 1101 or FILM 1120, 1.0 credit in FILM at the 3000 level, and fourth-year standing, or permission of the Discipline.

Screening three hours a week, seminar two hours a week.

FILM 4904 [0.5 credit]**Independent Study**

For students who wish to study a specific topic. Proposed projects must be approved by the Program Committee. Written request outlining the project must be submitted by the first day of the term. An essay is the usual assignment.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year Honours standing in Film Studies and a CGPA of 10.00 or higher in Film Studies. Unscheduled.

Food Science

This section presents the requirements for programs in:

- **Food Science B.Sc. Honours**
- **Minor in Food Science**

Food Science**B.Sc. Honours (20.0 credits)****A. Credits Included in the Major CGPA (9.5 credits)****1. 6.0 credits in:** 6.0

FOOD 1001 [0.5]	Introduction to Food Science
FOOD 2001 [0.5]	Principles of Nutrition
FOOD 2002 [0.5]	Food Processing
FOOD 2003 [0.5]	Regulation of the Canadian Food Industry
FOOD 2004 [0.5]	Scientific Communication in Food Science

FOOD 3001 [0.5]	Food Chemistry
FOOD 3002 [0.5]	Food Analysis
FOOD 3005 [0.5]	Food Microbiology
FOOD 4001 [0.5]	Food Quality Control

FOOD 4102 [0.5]	Current Issues in Canadian Food Governance, Regulation and Policy
FOOD 4103 [0.5]	Food Safety Risk Assessment
FOOD 4201 [0.5]	Advanced Nutrition and Metabolism

2. 1.0 credit from: 1.0

FOOD 3003 [0.5]	Food Packaging and Shelf Life
FOOD 3006 [0.5]	Upcycling and Sustainable Food Systems

FOOD 4002 [0.5]	Analysis of Food Contaminants
FOOD 4202 [0.5]	Micronutrients and Health
FOOD 4203 [0.5]	Functional Foods and Natural Health Products

3. 1.0 credit from: 1.0

FOOD 4905 [1.0]	Food Science Honours Workshop
-----------------	-------------------------------

FOOD 4907 [1.0]	Food Science Honours Essay and Research Proposal
-----------------	--

FOOD 4908 [1.0]	Food Science Research Project
-----------------	-------------------------------

4. 1.5 credits in: 1.5

BIOC 2200 [0.5]	Cellular Biochemistry
-----------------	-----------------------

BIOC 3101 [0.5]	Unlocking Metabolism: Pathways, Enzymes, and Control
-----------------	--

BIOC 4708 [0.5]	Principles of Toxicology
-----------------	--------------------------

B. Credits Not Included in the Major CGPA (10.5 credits)**5. 0.5 credit from:** 0.5

PHIL 1550 [0.5]	Introduction to Ethics and Social Issues
-----------------	--

PHIL 2408 [0.5]	Bioethics
-----------------	-----------

6. 1.0 credit in: 1.0

ECON 1001 [0.5]	Introduction to Microeconomics
-----------------	--------------------------------

ECON 1002 [0.5]	Introduction to Macroeconomics
-----------------	--------------------------------

7. 0.5 credit from: 0.5

0.5 credit in ECON at the 3000 level, or

BUSI 2204 [0.5]	Basic Marketing
-----------------	-----------------

8. 2.5 credits in: 2.5

CHEM 1001 [0.5]	General Chemistry I
-----------------	---------------------

CHEM 1002 [0.5]	General Chemistry II
-----------------	----------------------

CHEM 2203 [0.5]	Organic Chemistry I
-----------------	---------------------

CHEM 2204 [0.5]	Organic Chemistry II
-----------------	----------------------

CHEM 2303 [0.5]	Analytical Chemistry II
-----------------	-------------------------

9. 2.0 credits in: 2.0

BIOL 1103 [0.5]	Foundations of Biology I

Minor in Food Science (4.0 credits)

The Minor in Food Science is available to degree students registered in programs other than the Food Science B.Sc. Honours program. Note that there are several prerequisites in Chemistry, Biochemistry and Math that may also need to be satisfied.

Students are required to present a Minor CGPA of 4.00 or higher at graduation in order to be awarded a Minor in Food Science.

Requirements

1. 0.5 credit in:	0.5
FOOD 1001 [0.5] Introduction to Food Science	

2. 0.5 credit from:	0.5
FOOD 2001 [0.5] Principles of Nutrition	
FOOD 2002 [0.5] Food Processing	

3. 3.0 credits in FOOD at 2000-level or higher	3.0
--	-----

4. The remaining requirements of the major discipline(s) and degree must be satisfied.	
--	--

Total Credits	4.0
----------------------	------------

B.Sc. Regulations

The regulations presented in this section apply to all Bachelor of Science programs. In addition to the requirements presented here, students must satisfy the University regulations common to all undergraduate students including the process of Academic Continuation Evaluation (see the *Academic Regulations of the University* section of this Calendar).

Breadth Requirement for the B.Sc.

Students in a Bachelor of Science program must present the following credits at graduation:

- 2.0 credits in Science Continuation courses not in the major discipline; **students completing a double major are considered to have completed this requirement providing they have 2.0 credits in Science Continuation courses in each of the two majors;**
- 2.0 credits in courses outside of the faculties of Science and Engineering and Design (may include ISAP 1000)

In most cases, the requirements for individual B.Sc. programs, as stated in this Calendar, contain these requirements, explicitly or implicitly.

Students admitted to B.Sc. programs by transfer from another institution must present at graduation (whether taken at Carleton or elsewhere):

- 2.0 credits in courses outside of the faculties of Science and Engineering and Design (may include ISAP 1000) if the student received fewer than 10.0 transfer credits; or,
- 1.0 credit in courses outside of the faculties of Science and Engineering and Design (may include ISAP 1000) if the student received 10.0 or more transfer credits.

Declared and Undeclared Students

Degree students are considered "Undeclared" if they have been admitted to a degree, but have not yet selected and been accepted into a program within that degree.

The status "Undeclared" is available only in the B.A. and B.Sc. degrees. Undeclared students must apply to enter a program upon or before completing 3.5 credits.

Change of Program within the B.Sc. Degree

To transfer to a program within the B.Sc. degree, applicants must normally be *Eligible to Continue* (EC) in the new program, by meeting the CGPA thresholds described in Section 3.1.9 of the *Academic Regulations of the University*.

Applications to declare or change programs within the B.Sc. degree must be made online through Carleton Central by completing a Change of Program Elements (COPE) application form within the published deadlines. Acceptance into a program, or into a program element or option, is subject to any enrolment limitations, and/or specific program, program element or option requirements as published in the relevant Calendar entry.

Minors, Concentrations, and Specializations

Students may add a Minor, Concentration, or Specialization by completing a Change of Program Elements (COPE) application form online through Carleton Central. Acceptance into a Minor, Concentration, or Specialization normally requires that the student be *Eligible to Continue* (EC) and is meeting the minimum CGPAs described in Section 3.1.9 of the *Academic Regulations of the University*, as well as being subject to any specific requirements of the intended Minor, Concentration, or Specialization as published in the relevant Calendar entry.

Experimental Science Requirement

Students in a B.Sc. degree program must present at graduation at least two full credits of Experimental Science chosen from two different departments or institutes from the list below:

Approved Experimental Science Courses

Biochemistry	
BIOC 2200 [0.5]	Cellular Biochemistry
BIOC 4001 [0.5]	Methods in Biochemistry
BIOC 4201 [0.5]	Advanced Cell Culture and Tissue Engineering
Biology	
BIOL 1103 [0.5]	Foundations of Biology I
BIOL 1104 [0.5]	Foundations of Biology II

GEOG 4108 [0.5]	Permafrost

Science Psychology Courses

PSYC 2001 [0.5]	Introduction to Research Methods in Psychology
PSYC 2002 [0.5]	Introduction to Statistics in Psychology
PSYC 2700 [0.5]	Introduction to Cognitive Psychology
PSYC 3000 [1.0]	Design and Analysis in Psychological Research
PSYC 3506 [0.5]	Cognitive Development
PSYC 3700 [1.0]	Cognition (Honours Seminar)
PSYC 3702 [0.5]	Perception
PSYC 2307 [0.5]	Human Neuropsychology I
PSYC 3307 [0.5]	Human Neuropsychology II

Science Continuation Courses

A course at the 2000 level or above may be used as a Science Continuation credit in a B.Sc. program if it is not in the student's major discipline, and is chosen from the following:

BIOC (Biochemistry)

BIOL (Biology) Biochemistry students may use BIOL 2005 only as a free elective.

CHEM (Chemistry)

COMP (Computer Science) A maximum of two half-credits at the 1000-level in COMP, excluding COMP 1001 may be used as Science Continuation credits.

ERTH (Earth Sciences), except ERTH 2415 which may be used only as a free elective for any B.Sc. program. Students in Earth Sciences programs may use ERTH 2401, ERTH 2402, and ERTH 2403 only as free electives.

Engineering. Students wishing to register in Engineering courses must obtain the permission of the Faculty of Engineering and Design.

ENSC (Environmental Science)

FOOD (Food Science and Nutrition)

GEOM (Geomatics)

HLTH (Health Sciences)

ISAP (Interdisciplinary Science Practice)

MATH (Mathematics)

NEUR (Neuroscience)

PHYS (Physics), except PHYS 2903

Science Geography Courses (see list above)

Science Psychology Courses (see list above)

STAT (Statistics)

TSES (Technology, Society, Environment) except TSES 2305. Biology students may use these courses only as free electives. Integrated Science and Environmental Science students may include these courses in their programs but may not count them as part of the Science Sequence.

Science Faculty Electives

Science Faculty Electives are courses at the 1000-4000 level chosen from:

BIOC (Biochemistry)

BIOL (Biology) Biology & Biochemistry students may use BIOL 1010 and BIOL 2005 only as free electives

CHEM (Chemistry) except CHEM 1003, CHEM 1004 and CHEM 1007

COMP (Computer Science) except COMP 1001

ERTH (Earth Sciences) except ERTH 1004 and ERTH 2415. Earth Sciences students may use ERTH 2401, ERTH 2402 and ERTH 2403 only as free electives.

Engineering

ENSC 2001

FOOD (Food Science and Nutrition)

GEOM (Geomatics)

HLTH (Health Science)

ISAP (Interdisciplinary Science Practice)

MATH (Mathematics)

NEUR (Neuroscience)

PHYS (Physics) except PHYS 1901, PHYS 1902, PHYS 1905, PHYS 2903

Science Geography (see list above)

Science Psychology (see list above)

STAT (Statistics)

TSES (Technology, Society, Environment) Biology students may use these courses only as free electives.

Advanced Science Faculty Electives

Advanced Science Faculty Electives are courses at the 2000-4000 level chosen from the Science Faculty Electives list above.

Approved Courses Outside the Faculties of Science and Engineering and Design (may include ISAP 1000)

All courses offered by the Faculty of Arts and Social Sciences, the Faculty of Public and Global Affairs, and the Sprott School of Business are approved as Arts or Social Sciences courses EXCEPT FOR: All Science Geography courses (see list above), all Geomatics (GEOM) courses, all Science Psychology courses (see list above). ISAP 1000 may be used as an Approved Course Outside the Faculties of Science and Engineering and Design.

Free Electives

Any course is allowable as a Free Elective providing it is not prohibited (see below). Students are expected to comply with prerequisite requirements and enrolment restrictions for all courses as published in this Calendar.

Courses Allowable Only as Free Electives in any B.Sc. Program

BIOL 4810 [0.5] Education Research in Undergraduate Science

CHEM 1003 [0.5] The Chemistry of Food, Health and Drugs

CHEM 1004 [0.5] Drugs and the Human Body

CHEM 1007 [0.5] Chemistry of Art and Artifacts

ERTH 1004 [0.5] Earth's Epic Tale: A Story Across Billions of Years

ERTH 2415 [0.5] Natural Disasters

ISCI 1001 [0.5] Introduction to the Environment

ISCI 2000 [0.5] Natural Laws

ISCI 2002 [0.5] Human Impacts on the Environment

PHYS 1901 [0.5] Planetary Astronomy

PHYS 1902 [0.5] From our Star to the Cosmos

PHYS 1905 [0.5] Physics Behind Everyday Life

PHYS 2903 [0.5] Physics Towards the Future

Prohibited Courses

The following courses are not acceptable for credit in any B.Sc. program:

COMP 1001 [0.5] Introduction to Computational Thinking for Arts and Social Science Students

MATH 1009 [0.5] Mathematics for Business

MATH 1119 [0.5] Linear Algebra: with Applications to Business

MATH 1401 [0.5] Elementary Mathematics for Economics I

MATH 1402 [0.5] Elementary Mathematics for Economics II

all 0000-level courses

Co-operative Education

For more information about how to apply for the Co-op program and how the Co-op program works please visit the Co-op website.

All students participating in the Co-op program are governed by the Undergraduate Co-operative Education Policy.

Undergraduate Co-operative Education Policy

Admission Requirements

Students can apply to Co-op in one of two ways: directly from high school, or after beginning a degree program at Carleton.

If a student applies to a degree program with a Co-op option from high school, their university grades will be reviewed two terms to one year prior to their first work term to ensure they meet the academic requirements after their first or second year of study. The time at which the evaluation takes place depends on the program of study. Students will automatically receive an admission decision via their Carleton email account.

Students who did not request Co-op at the time they applied to Carleton can request Co-op after they begin their university studies. To view application instructions and deadlines, please visit carleton.ca/co-op.

To be admitted to Co-op, a student must successfully complete 5.0 or more credits that count towards their degree, meet the minimum CGPA requirement(s) for the student's Co-op option, and fulfil any specified course prerequisites. To see the unique admission and continuation requirements for each Co-op option,

please refer to the specific degree programs listed in the Undergraduate Calendar.

Participation Requirements

Co-op Participation Agreement

All students must adhere to the policies found within the Co-op Participation Agreement.

COOP 1000

Once a student has been admitted to the Co-op Program, they will be given access to register in COOP 1000. This zero-credit online course must be completed at least two terms prior to the student's first work term.

Communication with the Co-op Office

Students must maintain contact with the Co-op Office during their job search and while on a work term. All email communication will be conducted via the students' Carleton email account.

Employment

Although every effort is made to ensure a sufficient number of job postings for all Co-op students, no guarantee of employment can be made. The Co-op job search process is competitive, and success is dependent upon factors such as current market conditions, academic performance, skills, motivation, and level of commitment to the job search. It is the student's responsibility to apply for positions via the Co-op job board in addition to actively conducting a self-directed job search. Students who do not obtain a co-op work term are expected to continue with their academic studies. It should be noted that hiring priority for positions within the Federal Government of Canada is given to Canadian citizens.

Registration

- Students must be registered as full-time during all fall and winter study terms beginning the term in which they enroll in COOP 1000.
- Students will be registered in a Co-op Work Term course while at work. This course does not carry academic course credit, but is noted on academic transcripts.
- Students may register in a 0.5 credit during a work term, provided the course is offered during the evening or is offered asynchronously online.
- Students must have at least one term of full-time studies left to complete following their final co-op work term. Students cannot end their degree on a work term.

Work Term Assessment and Evaluation

Work Term Evaluation

Employers are responsible for submitting to Carleton University final performance evaluations for their Co-op students at the end of their work terms.

Work Term Assessment

In order to successfully complete the co-op work term, students must receive a Satisfactory (SAT) grade on their Co-op Work Term Report, which they must submit at the completion of each four-month work term.

Graduation with the Co-op Designation

In order to graduate with the Co-op Designation, students must satisfy all requirements of the degree program in addition to the successful completion of three or four work terms (the number is dependent upon the student's academic program). Students found in violation of the Co-op Participation Agreement may have the Co-op Designation withheld.

Note: Participation in the co-op option will add up to one additional year for a student to complete their degree program.

Voluntary Withdrawal from the Co-op Option

Students who are currently on a co-op work term or who have already committed to a co-op work term either verbally or in writing may not leave the position and/or withdraw from the co-op option until they have completed the work term and all related requirements.

Involuntary or Required Withdrawal from the Co-op Option

Students may be removed from the Co-op Program for any of the following reasons:

1. Failure to achieve a grade of SAT in COOP 1000;
2. Failure to attend all interviews for positions to which the student has applied;
3. Declining more than one job offer during the job search;
4. Reneging on a co-op position that the student has accepted either verbally or in writing;
5. Continuing a job search after accepting a co-op position;
6. Dismissal from a work term by the co-op employer;
7. Leaving a work term without approval from the Co-op Management Team;
8. Receipt of an unsatisfactory work term evaluation;
9. Receiving a grade of UNS on the work term report.

International Students

All international students are required to possess a Co-op Work Permit issued by Immigration, Refugees and Citizenship Canada before they can begin working. The Co-operative Education Office will provide students with a letter of support to accompany their Co-op Work Permit application. Students are advised to discuss the application process and application requirements with the International Student Services Office.

Co-op Fees

All participating Co-op students are required to pay Co-op fees. For full details, please see the Co-op website.

B.Sc. Honours Food Science: Co-op Admission and Continuation Requirements

- Maintain full-time status in each study term;
- Be eligible to work in Canada (for off-campus work);
- Have successfully completed COOP 1000 .

In addition to the following:

1. Registered as a full-time student in the B.Sc. Honours Food Science program;
2. Obtained third-year standing;
3. Successfully completed, by the start-date of the first work term, 1.5 credits from FOOD 3001, FOOD 3002, FOOD 3005, FOOD 3003, and FOOD 4001;
4. Obtained an Overall CGPA of at least 6.50 and a Major CGPA of at least 8.00. These CGPAs must be maintained throughout the duration of the degree.

B.Sc. Honours Food Science students must successfully complete three (3) work terms to obtain the Co-op Designation.

Work Term Course: FOOD 3999

Work/Study Pattern:

Year 1		Year 2		Year 3		Year 4		Year 5	
Term	Pattern	Term	Pattern	Term	Pattern	Term	Pattern	Term	Pattern
Fall	S	Fall	S	Fall	S	Fall	W	Fall	S
Winter	S	Winter	S	Winter	S	Winter	W	Winter	S
Summer		Summer		Summer	W	Summer	W		

Legend

S: Study

W: Work

Admissions Information

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also

require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as recommended, it is not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Degrees

- B.Sc. (Honours)
- B.Sc. (Major)
- B.Sc.

Admission Requirements

B. Sc. Honours

First Year

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. For most programs including Biochemistry, Bioinformatics, Biotechnology, Chemistry, Combined Honours in Biology and Physics, Chemistry and Physics, Computational Biochemistry, Food Science, Nanoscience, Neuroscience and Biology, Neuroscience and Mental Health, and Psychology, the six 4U or M courses must include Advanced Functions, and two of Biology, Chemistry, Earth and Space Sciences, or Physics. (Calculus and Vectors is strongly recommended).

Specific Honours Admission Requirements

For the Honours programs in Earth Sciences, Environmental Science, Geomatics, Integrated Science, and Physical Geography, Calculus and Vectors may be substituted for Advanced Functions.

For the Honours programs in Physics and Applied Physics, and for double Honours in Mathematics and Physics, Calculus and Vectors is required in addition to Advanced Functions and one of 4U Physics, Chemistry, Biology, or Earth and Space Sciences. For all programs in Physics, 4U Physics is strongly recommended.

For Honours in Psychology, a 4U course in English is recommended.

For Honours in Environmental Science, a 4U course in Biology and Chemistry is recommended.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be *Eligible to Continue* in their year level, in addition to meeting the CGPA thresholds described in Section 3.1.9 of the Academic Regulations of the University. Advanced standing will be granted only for those subjects deemed appropriate for the program and stream selected.

B.Sc. Major and B.Sc.

First Year

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include Advanced Functions and two of Calculus and Vectors, Biology, Chemistry, Earth and Space Science, or Physics (Calculus

and Vectors is strongly recommended). For the B.Sc. Major in Physics, 4U Physics is strongly recommended.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be *Eligible to Continue* (EC) in their year level. Advanced standing will be granted only for those subjects deemed appropriate for the program and stream selected.

Co-op Option

Direct Admission to the First Year of the Co-op Option

Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in the Bachelor of Science Honours program;
3. be eligible to work in Canada (for off-campus work placements).

Note that meeting the above requirements only establishes eligibility for admission to the program. The prevailing job market may limit enrolment in the co-op option.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are described in the Co-operative Education Regulations section of this Calendar.

Food Science (FOOD) Courses

FOOD 1001 [0.5 credit]

Introduction to Food Science

Overview of the food industry. Production, processing, product development, packaging, chemistry, analysis, microbiology. Elements risk assessment, policy making and regulation.

Lectures three hours a week.

FOOD 2001 [0.5 credit]

Principles of Nutrition

Roles of nutrients, lipids, proteins, carbohydrates, fluids and electrolytes. Digestion, absorption, transport, energy metabolism. Disorders including diabetes, cardiovascular disease and osteoporosis. Nutrition through the life cycle. Prerequisite(s): CHEM 1002, BIOL 1103.

Lectures three hours a week.

FOOD 2002 [0.5 credit]

Food Processing

Principles of major techniques used in food processing and preservation. Processing of specific food groups including cereals, oilseeds, dairy, beverages and frozen foods. Effects of processing on physico-chemical, rheological, and sensory characteristics. Role of research and development in food industry.

Prerequisite(s): FOOD 1001.

Lectures three hours a week.

FOOD 2003 [0.5 credit]

Regulation of the Canadian Food Industry

Regulation of the Canadian food industry including regulators, regulatory powers, the process of enacting laws/regulation and food safety requirements. Food composition, standardization, advertising, labeling, packaging, ingredients, additives, and fortification requirements. Inspection, enforcement and compliance powers and policies.

Prerequisite(s): Second year standing.

Lectures three hours per week.

FOOD 2004 [0.5 credit]

Scientific Communication in Food Science

Principles of effective scientific communication for scientific and non-scientific audiences. Applicable to laboratory reports, literature reviews, posters, presentations, and briefing notes.

Includes: Experiential Learning Activity

Prerequisite(s): FOOD 1001 or second-year standing in Food Science or Chemistry.

Workshop four hours a week.

FOOD 3001 [0.5 credit]

Food Chemistry

Chemistry of the major components of foods such as proteins, lipids, carbohydrates and of the minor components such as enzymes, vitamins and various additives and their relationships to food stability and degradation.

Includes: Experiential Learning Activity

Prerequisite(s): FOOD 1001, FOOD 2001, CHEM 2204, BIOC 2200.

Lectures three hours a week and laboratory three hours a week.

FOOD 3002 [0.5 credit]

Food Analysis

In-depth principles and practices of food proximate analysis. Introductory concepts of food adulteration and detection. Major techniques such as chromatography, colorimetry, spectroscopy, rheology.

Includes: Experiential Learning Activity

Prerequisite(s): FOOD 3001.

Lectures three hours a week, laboratory three hours a week.

FOOD 3003 [0.5 credit]**Food Packaging and Shelf Life**

An introduction to the materials used for food packaging, including their chemical and physical characteristics.

Interactions of these materials with food products, and their effects on shelf life of food.

Prerequisite(s): FOOD 2002.

Lectures three hours a week.

FOOD 3005 [0.5 credit]**Food Microbiology**

Foodborne diseases, microbial growth and survival, food spoilage, food fermentation. Techniques for detecting and quantifying microorganisms in foods.

Includes: Experiential Learning Activity

Prerequisite(s): FOOD 1001, FOOD 2001, BIOL 2303.

Lectures three hours a week, laboratory three hours a week.

FOOD 3006 [0.5 credit]**Upcycling and Sustainable Food Systems**

Food processing and upcycling in the context of sustainable food systems. Case studies to assess social, economic, and environmental impacts of food processing and upcycling on communities and the food industry.

Transdisciplinary perspectives to propose a food rescue product.

Includes: Experiential Learning Activity

Prerequisite(s): third year standing in a BSc or BHSc program.

Workshop 3 hours a week.

FOOD 3999 [0.0 credit]**Co-operative Work Term**

Provides practical experience for students enrolled in the Co-operative option. Students must receive satisfactory evaluations from their work term employer. Written and oral reports will be required. Graded as SAT or UNS.

Includes: Experiential Learning Activity

Prerequisite(s): Registration in the Food Science

Co-operative Education option and permission of the Department.

Work term.

FOOD 4001 [0.5 credit]**Food Quality Control**

Factors affecting quality in manufacturing and processing of foods and principles of quality control and quality assurance. Sampling plans and statistical methods.

Applications of physical, chemical, biological and microbiological tests in quality control. Quality systems and standards.

Prerequisite(s): FOOD 2002, FOOD 2003, and third or fourth year standing.

Also offered at the graduate level, with different requirements, as FOOD 5104, for which additional credit is precluded.

Lectures three hours a week.

FOOD 4002 [0.5 credit]**Analysis of Food Contaminants**

Official methods to identify food contaminants and adulterated foods. Includes agricultural chemicals, veterinary drugs, toxins, metals, and allergens.

Interpretation of results in the context of current Canadian and international food safety regulations.

Includes: Experiential Learning Activity

Prerequisite(s): BIOC 3101 or CHEM 3205 or CHEM 3305, and third or fourth year standing.

Laboratory four hours per week, tutorial one hour a week.

FOOD 4102 [0.5 credit]**Current Issues in Canadian Food Governance, Regulation and Policy**

Focus on the ever-changing and evolving issues in Canadian food governance, regulation and policy. Topical food safety, governance, policies, enforcement, trade and import/export issues and developments.

Prerequisite(s): FOOD 2003, and third or fourth year standing.

Lectures three hours a week.

FOOD 4103 [0.5 credit]**Food Safety Risk Assessment**

The role of risk management in providing science-based approaches to solving food safety problems.

Risk management models and practical applications in critical risk management. An examination of actual risk assessments. Risk communication is addressed.

Prerequisite(s): BIOC 3101, and third or fourth-year standing.

Lectures three hours a week.

FOOD 4201 [0.5 credit]**Advanced Nutrition and Metabolism**

Metabolism of macronutrients in the human body. Detailed catabolic and anabolic reactions of carbohydrates, lipids and proteins. Regulatory control points in healthy and diseased states. Discussion of the literature pertaining to nutrition, metabolism and chronic disease.

Prerequisite(s): FOOD 2001, BIOC 3101 and fourth year standing.

Also offered at the graduate level, with different requirements, as FOOD 5101, for which additional credit is precluded.

Lectures three hours a week.

FOOD 4202 [0.5 credit]**Micronutrients and Health**

Use of scientific literature to examine human metabolism of vitamins and minerals and associated diseases throughout the life cycle. Development of advanced scientific literacy skills, with an emphasis on systematic reviews.

Prerequisite(s): BIOC 2200 or BIOL 2200 and third- or fourth-year standing.

Lectures three hours a week.

FOOD 4203 [0.5 credit]**Functional Foods and Natural Health Products**

Study of the bioactive components of functional foods and natural health products, for the improvement of health and nutrition. Sources and chemistry of bioactives, mechanisms of actions, process technology, efficacy and safety. Role of research and development in industry in commercialization of new products.

Prerequisite(s): BIOC 2200 or BIOL 2200 or BIOL 2201, and third or fourth year standing.

Also offered at the graduate level, with different requirements, as FOOD 5105, for which additional credit is precluded.

Lectures three hours a week.

FOOD 4905 [1.0 credit]**Food Science Honours Workshop**

Active learning in areas that include information literacy, critical evaluation of scientific literature, written and oral communication, evaluation and interpretation of results, statistics and data management. Emphasizes transferable skills that are most appropriate for non-research career paths.

Includes: Experiential Learning Activity

Precludes additional credit for FOOD 4907, FOOD 4908.

Prerequisite(s): Fourth-year standing in Food Science and a minimum of 1.5 credits in FOOD at the 3000 level.

Workshop three hours a week.

FOOD 4907 [1.0 credit]**Food Science Honours Essay and Research Proposal**

Students conduct an independent research study using library resources, and prepare a critical review and study proposal on a topic approved by a faculty supervisor. A written report and an oral poster presentation of the work are required before a grade can be assigned.

Includes: Experiential Learning Activity

Precludes additional credit for FOOD 4905, FOOD 4908, CHEM 4907 and CHEM 4908.

Prerequisite(s): Fourth-year standing in the Food Science program, a minimum of 1.5 credits in FOOD at the 3000 level, minimum Major CGPA of 8.0, and permission of the department.

FOOD 4908 [1.0 credit]**Food Science Research Project**

Students in Food Science carry out a research project under the direction of a faculty member. A written report and an oral presentation of the work are required before a grade can be assigned.

Includes: Experiential Learning Activity

Precludes additional credit for FOOD 4905, FOOD 4907, CHEM 4907 and CHEM 4908.

Prerequisite(s): Fourth-year standing in the Food Science program, a minimum of 1.5 credits in FOOD at the 3000 level, minimum Major CGPA of 8.0, and permission of the department.

Laboratory and associated work equivalent to at least eight hours per week for two terms.

French

This section presents the requirements for programs in:

- **French B.A. Honours**
- **French B.A. Combined Honours**
- **French B.A.**
- **Specialization in French and Francophone Studies**
B.G.In.S. Honours
- **Stream in French and Francophone Studies**
B.G.In.S.
- **Minor in French**

Program Requirements**French****B.A. Honours (20.0 credits)****A. Credits Included in the Major CGPA (11.0 credits)**

1. 1.5 credit from:		1.5
FREN 1100 [1.0]	French 3	
FREN 1110 [1.0]	French 3: Writing	
FREN 1050 [0.5]	Le français en classe et dans le monde	
2. 1.5 credit in:		1.5
FREN 2110 [1.0]	French 4: Writing	
FREN 2701 [0.5]	Travaux pratiques en français oral	
3. 1.0 credit in:		1.0

FREN 2202 [0.5]	Introduction aux études littéraires: œuvres françaises et francophones	
FREN 2203 [0.5]	Introduction aux études littéraires: œuvres québécoises et canadiennes	
4. 1.0 credit in:		1.0
FREN 2401 [1.0]	Introduction à la linguistique française	
5. 1.0 credit in:		1.0
FREN 3050 [0.5]	Compétences critiques	
FREN 3060 [0.5]	Perfectionnement de la grammaire par la pratique	
6. 2.0 credits at the 3000-level in the following series:		2.0
a. Literature: FREN 3200 series of courses		
b. Linguistics: FREN 3400 series of courses		
7. 0.5 credit in:		0.5
FREN 4060 [0.5]	Projet de recherche supervisé	
8. 1.5 credits in FREN at the 4000-level		1.5
9. 1.0 credits in FREN at the 3000-level or higher		1.0
B. Credits Not Included in the Major CGPA (9.0 credits)		
10. 7.5 credits in electives not in FREN		7.5
11. 1.5 credits in free electives		1.5
C. Additional Requirements		
12. Departmental French oral proficiency examination requirement must be satisfied.		
Total Credits		20.0

Notes:

- Students exempted from either one of the courses in Item 1 or 2 above must replace it with another FREN course.

French

B.A. Combined Honours (20.0 credits)

A. Credits Included in the Major CGPA (7.5 credits)

1. 1.5 credit from:		1.5

a. Literature: FREN 3200 series of courses		
b. Linguistics: FREN 3400 series of courses		
6. 1.0 credit in FREN at the 3000-level or higher		1.0
B. Credits not included in the Major CGPA (8.0 credits)		
7. 5.5 credits in electives not in FREN		5.5
8. 2.5 credits in free electives		2.5
C. Additional Requirements		
9. Departmental French oral proficiency examination requirement must be satisfied.		
Total Credits		15.0

Note: students exempted from either one of the courses in Item 1 above must replace it with another FREN course.

Specialization in French and Francophone Studies

B.G.In.S. Honours (20.0 credits)

A. Credits included in the Major CGPA (12.0 credits)

1. 4.5 credits in: Core Courses		4.5
GINS 1000 [0.5]	Global History	
GINS 1010 [0.5]	International Law and Politics	
GINS 1020 [0.5]	Ethnography, Globalization and Culture	
GINS 2000 [0.5]	Ethics and Globalization	

GINS 2010 [0.5]	Globalization and International Economic Issues	
GINS 2020 [0.5]	Global Literatures	
GINS 3010 [0.5]	Global and International Theory	
GINS 3020 [0.5]	Places, Boundaries, Movements and Global Environmental Change	
GINS 4090 [0.5]	Honours Seminar in Global and International Studies	
2. 0.0 credit in: International Experience Requirement Preparation		
GINS 1300 [0.0]	International Experience Requirement Preparation	
3. 7.5 credits in: the Specialization		
a. 3.0 credits in: Foundations		3.0
FREN 2202 [0.5]	Introduction aux études littéraires: œuvres françaises et francophones	
FREN 2203 [0.5]	Introduction aux études littéraires: œuvres québécoises et canadiennes	
FREN 2401 [1.0]	Introduction à la linguistique française	
1.0 credit in FREN at the 2000-level or above		
b. 0.5 credit in: Methods		0.5
FREN 3050 [0.5]	Compétences critiques	
c. 1.5 credits from: French and Francophone Studies at the 3000-level		1.5
FREN 3213 [0.5]	Du Baroque aux Lumières	
FREN 3214 [0.5]	Révolutions, avant-gardes et ruptures : du 19e siècle aux années 1950	
FREN 3215 [0.5]	Les ères du soupçon : contemporanéités de la littérature	
FREN 3414 [0.5]	Sociolinguistique du français	
FREN 3415 [0.5]	Histoire du français	
d. 1.0 credit in: French and Francophone Studies - International Experience		1.0
1.0 credit in approved courses at the 3000-level or above taken in French, on exchange or a letter of permission, at a French-language university abroad		
e. 1.5 credits from: French and Francophone Studies at the 4000-level		1.5
FREN 4212 [0.5]	Littératures francophones	
FREN 4213 [0.5]	Littérature québécoise et canadienne d'expression française

FREN 4300 [0.5]	Experiential Learning in French and Francophone Studies	
FREN 4412 [0.5]	Diversité du français	
FREN 4413 [0.5]	Diachronie du français	
FREN 4414 [0.5]	Analyse du français	
FREN 4415 [0.5]	Variation du français	
B. Credits Not Included in the Major CGPA (8.0 credits)		
4. 8.0 credits in: Free Electives		8.0
C. Additional Requirements		
5. The International Experience Requirement must be met through an international exchange or a letter of permission (see item 3.d).		

6. To satisfy the Language Requirement, students must complete FREN 2100 [1.0], FREN 3701 [0.5] and FREN 3702 [0.5], or demonstrate equivalent proficiency.	
Total Credits	20.0

Stream in French and Francophone Studies B.G.In.S. (15.0 credits)

A. Credits included in the Major CGPA (8.0 credits)	
1. 4.0 credits in: Core Courses	4.0
GINS 1000 [0.5]	Global History
GINS 1010 [0.5]	International Law and Politics
GINS 1020 [0.5]	Ethnography, Globalization and Culture
GINS 2000 [0.5]	Ethics and Globalization
GINS 2010 [0.5]	Globalization and International Economic Issues
GINS 2020 [0.5]	Global Literatures
GINS 3010 [0.5]	Global and International Theory
GINS 3020 [0.5]	Places, Boundaries, Movements and Global Environmental Change
2. 4.0 credits from: the Stream	
a. 3.0 credits in: Foundations	3.0
FREN 2202 [0.5]	Introduction aux études littéraires: œuvres françaises et francophones
FREN 2203 [0.5]	Introduction aux études littéraires: œuvres québécoises et canadiennes
FREN 2401 [1.0]	Introduction à la linguistique française
1.0 credit in FREN at the 2000-level or above	
b. 1.0 credit in: French and Francophone Studies at the 3000-level	1.0
FREN 3213 [0.5]	Du Baroque aux Lumières
FREN 3214 [0.5]	Révolutions, avant-gardes et ruptures : du 19e siècle aux années 1950
FREN 3215 [0.5]	Les ères du soupçon : contemporanéités de la littérature
FREN 3414 [0.5]	Sociolinguistique du français
FREN 3415 [0.5]	Histoire du français
B. Credits Not Included in the Major CGPA (7.0 credits)	
3. 7.0 credits in: Free Electives	7.0
C. Additional Requirements	
4. To satisfy the Language Requirement, students must complete FREN 2100 [1.0], or demonstrate equivalent proficiency.	
Total Credits	15.0

Minor in French (4.0 credits)

Open to all undergraduate degree students not in French programs.

Students are required to present a Minor CGPA of 5.00 or higher at graduation in order to be awarded a Minor in French.

Requirements	
1. 1.0 credit from:	1.0
FREN 1100 [1.0]	French 3
or FREN 1110 [1.0]	French 3: Writing
2. 2.0 credit in:	2.0

FREN 2100 [1.0]	French 4	
or FREN 2110 [1.0]	French 4: Writing	
FREN 2202 [0.5]	Introduction aux études littéraires:	
& FREN 2203 [0.5]	œuvres françaises et francophones	
	Introduction aux études littéraires: œuvres québécoises et canadiennes	
	or FREN 2401 [1.0]	Introduction à la linguistique française
3. 1.0 credit in FREN at the 3000-level or higher.		1.0
4. The remaining requirements of the major discipline(s) and degree must be satisfied.		
Total Credits		4.0

Notes:

1. Students exempted from courses in Item 1 must replace it with another FREN course.

French Oral Proficiency Examination

Students who wish to graduate with a French B.A. (15 credits), French B.A. Honours or French B.A. Combined Honours must pass an oral examination to demonstrate their proficiency in spoken French. The examination normally takes place during the third year for students in the 15-credit program and during the third or fourth year for students in the B.A. Honours. Students have the option of repeating the examination in future semesters.

B.A. Regulations

The regulations presented below apply to all Bachelor of Arts programs. In addition to the requirements presented here, students must satisfy the University regulations common to all undergraduate students including the process of Academic Continuation Evaluation (consult the *Academic Regulations of the University* section of this Calendar).

First-Year Seminars

B.A. degree students are strongly encouraged to include a First-Year Seminar (FYSM) during their first 4.0 credits of registration. Students are limited to 1.0 credit in FYSM and can only register in a FYSM while they have first-year standing in their B.A. program.

Breadth Requirement

Among the credits presented at graduation, students in both the B.A. and the B.A. Honours degrees and B.Co.M.S. are required to include 3.0 breadth credits, which must include 1.0 credit in three of the four breadth areas identified below. Credits that fulfil requirements in the Major, Minor, Concentration, Specialization, or Stream may also be used to fulfil the Breadth Requirement.

Students admitted with a completed university degree are exempt from breadth requirements.

Students in the following interdisciplinary programs are exempt from the B.A. breadth requirement.

- African Studies
- Criminology and Criminal Justice
- Environmental Studies

- Human Rights
- Human Rights and Social Justice

Breadth Area 1: Culture and Communication

American Sign Language, Art History, Art and Culture, Communication and Media Studies, Digital Humanities, English, Film Studies, French, Journalism, Media Production and Design, Music, and Languages (Arabic, English as a Second Language, German, Greek, Hebrew, Indigenous Languages, Italian, Japanese, Korean, Latin, Mandarin, Portuguese, Russian, Spanish)

Subject codes: ARAB, ARTH, ASLA, CHIN, COMS, DIGH, ENGL, ESLA, FILM, FINS, FREN, GERM, GREK, HEBR, ITAL, JAPA, JOUR, KORE, LANG, LATN, MPAD, MUSI, PORT, RUSS, SPAN

Breadth Area 2: Humanities

African Studies, Applied Linguistics and Discourse Studies, Archaeology, Canadian Studies, Child Studies, Classical Civilization, Critical Race Studies, Directed Interdisciplinary Studies, Disability Studies, Environmental and Climate Humanities, European and Russian Studies, History, Human Rights and Social Justice, Humanities, Indigenous Studies, Latin American and Caribbean Studies, Linguistics, Medieval and Early Modern Studies, Philosophy, Religion, Sexuality Studies, South Asian Studies, and Women's and Gender Studies.

Subject codes: AFRI, ALDS, ARCY, CDNS, CHST, CLCV, CRST, DBST, DIST, EACH, EURR, HIST, HRSJ, HUMR, HUMS, INDG, LACS, LING, MEMS, PHIL, RELI, SAST, SXST, WGST

Breadth Area 3: Science, Engineering, and Design

Architecture, Biology, Chemistry, Computer Science, Data Science, Earth Sciences, Engineering, Environmental Science, Food Science and Nutrition, Health Sciences, Industrial Design, Information Resource Management, Information Technology (BIT), Information Technology (ITEC), Interactive Multimedia and Design, Interdisciplinary Science and Practice, Mathematics, Neuroscience, Network Technology, Nursing, Optical Systems and Sensors, Photonics, Statistics, Physics, and Technology, Society, Environment.

Subject codes: ACSE, AERO, ARCC, ARCH, ARCN, ARCS, ARCU, BIOC, BIOL, BIT, CHEM, CIVE, COMP, CSEC, DATA, ECOR, ELEC, ENSC, ENVE, ERTN, FOOD, HLTH, IDES, IMD, IRM, ISAP, ISCI, ISCS, ISYS, ITEC, MAAE, MATH, MECH, MECT, NET, NEUR, NSCI, NURS, OSS, PHYS, PLT, SREE, STAT, SYSC, TSES

Breadth Area 4: Social Sciences

Anthropology, Business, Cognitive Science, Criminology and Criminal Justice, Economics, Environmental Studies, Geography, Geomatics, Global and International Studies, Global Politics, Interdisciplinary Public Affairs, International Affairs, Law, Migration and Diaspora Studies, Political Management, Political Science, Psychology, Public Administration, Public Affairs and Policy Management, Social Work, Sociology/Anthropology, Sociology

Subject codes: ANTH, BUSI, CGSC, CRCJ, ECON, ENST, GEOG, GEOM, GINS, GPOL, INAF, IPAF, LAWS, MGDS, PADM, PAPM, POLM, PSCI, PSYC, SOCI, SOWK

Declared and Undeclared Students

Degree students are considered "Undeclared" if they have been admitted to a degree, but have not yet selected and been accepted into a program within that degree. The status "Undeclared" is available only in the B.A. and B.Sc. degrees. Undeclared students must apply to enter a program upon or before completing 3.5 credits.

Change of Program Within the B.A. Degree

To transfer to a program within the B.A. degree, applicants must normally be *Eligible to Continue* (EC) in the new program, by meeting the CGPA thresholds described in Section 3.1.9 of the *Academic Regulations of the University*.

Applications to declare or change programs within the B.A. degree online must be made online through Carleton Central by completing a Change of Program Elements (COPE) application form within the published deadlines. Acceptance into a program, or into a program element or option, is subject to any enrollment limitations, as well as specific program, program element, or option requirements as published in the relevant Calendar entry.

Minors, Concentrations, and Specializations

Students may add a Minor, Concentration, or Specialization by completing a Change of Program Elements (COPE) application form online through Carleton Central. Acceptance into a Minor, Concentration, or Specialization normally requires that the student be *Eligible to Continue* (EC) and is subject to any specific requirements of the intended Minor, Concentration, or Specialization as published in the relevant Calendar entry and in Section 3.1.9 of the *Academic Regulations of the University*.

Mention : français

Students registered in certain B.A. programs may earn the diploma notation *Mention : français* by completing part of their program requirements in French, and by demonstrating knowledge of the history and culture of French Canada. The general requirements are listed below. For more specific details, consult the departmental program entries.

Students in a B.A. Honours program must present:

1. 1.0 credit in French language;
2. 1.0 credit devoted to the history and culture of French Canada;
3. 1.0 credit at the 2000- or 3000-level in the Honours discipline taken in French; and
4. 1.0 credit at the 4000-level in the Honours discipline taken in French.

Students in a B.A. program must present:

1. 1.0 credit in advanced French;
2. 1.0 credit devoted to the history and culture of French Canada;

3. 1.0 credit at the 2000- or 3000-level in the Major discipline taken in French.

Students in Combined Honours programs must fulfil the *Mention : français* requirement in both disciplines.

Courses taught in French (Items 3 and 4, above) may be taken at Carleton, at the University of Ottawa on the Exchange Agreement, or at a francophone university on a Letter of Permission. Students planning to take courses on exchange or on a Letter of Permission should take careful note of the residence requirement for a minimum number of Carleton courses in their programs. Consult the *Academic Regulations of the University* section of this Calendar for information regarding study on exchange or Letter of Permission.

Co-operative Education

For more information about how to apply for the Co-op program and how the Co-op program works please visit the Co-op website.

All students participating in the Co-op program are governed by the Undergraduate Co-operative Education Policy.

Undergraduate Co-operative Education Policy Admission Requirements

Students can apply to Co-op in one of two ways: directly from high school, or after beginning a degree program at Carleton.

If a student applies to a degree program with a Co-op option from high school, their university grades will be reviewed two terms to one year prior to their first work term to ensure they meet the academic requirements after their first or second year of study. The time at which the evaluation takes place depends on the program of study. Students will automatically receive an admission decision via their Carleton email account.

Students who did not request Co-op at the time they applied to Carleton can request Co-op after they begin their university studies. To view application instructions and deadlines, please visit carleton.ca/co-op.

To be admitted to Co-op, a student must successfully complete 5.0 or more credits that count towards their degree, meet the minimum CGPA requirement(s) for the student's Co-op option, and fulfil any specified course prerequisites. To see the unique admission and continuation requirements for each Co-op option, please refer to the specific degree programs listed in the Undergraduate Calendar.

Participation Requirements

Co-op Participation Agreement

All students must adhere to the policies found within the Co-op Participation Agreement.

COOP 1000

Once a student has been admitted to the Co-op Program, they will be given access to register in COOP 1000. This zero-credit online course must be completed at least two terms prior to the student's first work term.

Communication with the Co-op Office

Students must maintain contact with the Co-op Office during their job search and while on a work term. All email communication will be conducted via the students' Carleton email account.

Employment

Although every effort is made to ensure a sufficient number of job postings for all Co-op students, no guarantee of employment can be made. The Co-op job search process is competitive, and success is dependent upon factors such as current market conditions, academic performance, skills, motivation, and level of commitment to the job search. It is the student's responsibility to apply for positions via the Co-op job board in addition to actively conducting a self-directed job search. Students who do not obtain a co-op work term are expected to continue with their academic studies. It should be noted that hiring priority for positions within the Federal Government of Canada is given to Canadian citizens.

Registration

- Students must be registered as full-time during all fall and winter study terms beginning the term in which they enroll in COOP 1000.
- Students will be registered in a Co-op Work Term course while at work. This course does not carry academic course credit, but is noted on academic transcripts.
- Students may register in a 0.5 credit during a work term, provided the course is offered during the evening or is offered asynchronously online.
- Students must have at least one term of full-time studies left to complete following their final co-op work term. Students cannot end their degree on a work term.

Work Term Assessment and Evaluation

Work Term Evaluation

Employers are responsible for submitting to Carleton University final performance evaluations for their Co-op students at the end of their work terms.

Work Term Assessment

In order to successfully complete the co-op work term, students must receive a Satisfactory (SAT) grade on their Co-op Work Term Report, which they must submit at the completion of each four-month work term.

Graduation with the Co-op Designation

In order to graduate with the Co-op Designation, students must satisfy all requirements of the degree program in addition to the successful completion of three or four work terms (the number is dependent upon the student's academic program). Students found in violation of the Co-op Participation Agreement may have the Co-op Designation withheld.

Note: Participation in the co-op option will add up to one additional year for a student to complete their degree program.

Voluntary Withdrawal from the Co-op Option

Students who are currently on a co-op work term or who have already committed to a co-op work term either verbally or in writing may not leave the position and/or withdraw from the co-op option until they have completed the work term and all related requirements.

Involuntary or Required Withdrawal from the Co-op Option

Students may be removed from the Co-op Program for any of the following reasons:

1. Failure to achieve a grade of SAT in COOP 1000;
2. Failure to attend all interviews for positions to which the student has applied;
3. Declining more than one job offer during the job search;
4. Reneging on a co-op position that the student has accepted either verbally or in writing;
5. Continuing a job search after accepting a co-op position;
6. Dismissal from a work term by the co-op employer;
7. Leaving a work term without approval from the Co-op Management Team;
8. Receipt of an unsatisfactory work term evaluation;
9. Receiving a grade of UNS on the work term report.

International Students

All international students are required to possess a Co-op Work Permit issued by Immigration, Refugees and Citizenship Canada before they can begin working. The Co-operative Education Office will provide students with a letter of support to accompany their Co-op Work Permit application. Students are advised to discuss the application process and application requirements with the International Student Services Office.

Co-op Fees

All participating Co-op students are required to pay Co-op fees. For full details, please see the Co-op website.

B.A. Honours French: Co-op Admission and Continuation Requirements

- Maintain full-time status in each study term;
- Be eligible to work in Canada (for off-campus work);
- Have successfully completed COOP 1000 .

In addition to the following:

1. Registered as a full-time student in the B.A. Honours French program;
2. Successfully completed 5.0 or more credits;
3. Successfully completed, by the start-date of the first work term, FREN 2401, FREN 2202, and FREN 2203;
4. Obtained an Overall CGPA of at least 8.00 and a Major CGPA of at least 9.00. These CGPAs must be maintained throughout the duration of the degree.

B.A. Honours French students must successfully complete three (3) work terms to obtain the Co-op Designation.

Co-op Work Term Course: FREN 3999

Work/Study Pattern:

Year 1		Year 2		Year 3		Year 4		Year 5	
Term	Pattern	Term	Pattern	Term	Pattern	Term	Pattern	Term	Pattern
Fall	S	Fall	S	Fall	S	Fall	S	Fall	W
Winter	S	Winter	S	Winter	W	Winter	S	Winter	S
Summer		Summer		Summer	W	Summer	W		

Legend

S: Study

W: Work

Admissions Information

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as *recommended*, it is not mandatory for admission. *Students who do not follow the recommendations will not be disadvantaged in the admission process.*

Admission Requirements

Degrees

- Bachelor of Arts (B.A.) (Honours)
- Bachelor of Arts (B.A.)

First Year

For B.A. and B.A. (Honours)

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include a 4U course in English (or *anglais*). Applicants submitting an English language test to satisfy the requirements of the English Language Proficiency section of this Calendar may use that test to also satisfy the 4U English prerequisite requirement.

Biology

For the major in Biology in the B.A. program, in addition to the 4U English, a 4U course in Chemistry is required. Advanced Functions, and Calculus and Vectors are recommended.

Criminology and Criminal Justice

Access to the CCJ B.A. degree is limited to students already registered in the CCJ B.A. Honours who apply to transfer, and to graduates of the Algonquin College Police Foundations program.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be Eligible to Continue in their year level, in addition to meeting the CGPA thresholds described in Section 3.1.9 of the Academic Regulations of the University. Advanced standing will be granted only for those subjects assessed as being appropriate for the program and the stream selected.

Co-op Option

Direct Admission to the 1st Year of the Co-op Option

Co-op is available for the following Majors in the B.A. (Honours) degree: Anthropology, English, Environmental Studies, European and Russian Studies, French, Geography, Geomatics, History, Law, Political Science, Psychology, Sociology.

Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in the Bachelor of Arts Honours with one of the majors listed above;
3. be eligible to work in Canada (for off-campus work placements).

Meeting the above requirements only establishes eligibility for admission to the program. The prevailing job market may limit enrolment in the co-op option. Students should also note that hiring priority is given to Canadian citizens for co-op positions in the Public Service Commission.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are described in the Co-operative Education Regulations section of this Calendar.

Advanced Standing

B.A. and B.A. (Honours) Program

Applications for admission to the second or subsequent years will be assessed on their merits. Advanced standing

will be granted only for those courses that are determined to be appropriate.

French Interdisciplinary Studies (FINS) Courses

These courses are intended to meet the needs of a broad range of students who are interested in expanding their knowledge of the French-language presence in other disciplines, or in improving their passive knowledge of written and spoken French (reading and listening) with a view to applying this knowledge in other disciplines.

Some FINS courses are offered with English as the language of instruction.

French Placement for Language Students

Students who have not previously taken a course in the French Department must complete the Placement Test on Carleton Central before registering as per instructions received through their Carleton e-mail account. Students should note that they cannot go backward in a sequence of levels in language courses. Students desiring a French credit to satisfy the language requirement of their department or school should consult that department or school.

FINS 2105 [0.5 credit]

French Reading I

Development of reading skills in French, especially relating to academic texts. Basic French grammar and vocabulary. Given in English. Not recommended for first-year students. No auditors. Course may be taken concurrently with FREN 1001 or FREN 1002.

Prerequisite(s): placement test on Carleton Central or permission of the Department.

Offered online, asynchronous, weekly progression.

FINS 2205 [0.5 credit]

Oral Comprehension I

Training in basic comprehension of spoken French, through the study of selected and edited video and audio material. Oral documents in French; analyses, discussion, reporting and testing in English. No auditors.

Prerequisite(s): permission of the Department.

FINS 2511 [0.5 credit]

Introduction à la société et à la culture québécoises (version française)

Ce cours exclusivement en ligne permettra de découvrir et d'analyser des référents dominants de la trame historique du Québec de même que les débats entourant l'identité et le nationalisme et les relations avec le Canada anglais.

Also listed as CDNS 2510/FINS 2510 (in English), CDNS 2511.

Precludes additional credit for CDNS 2510 and FINS 2510.

Prerequisite(s): niveau de deuxième année ou permission de L'École d'études canadiennes.

Exclusivement en ligne. Équivalent d'un cours de trois heures par semaine, accessible toute la semaine.

FINS 3105 [0.5 credit]

French Reading II

Reading knowledge for academic purposes. Advanced reading strategies. Individual reading in the student's specialization. Given in English. Not recommended for first-year students. No auditors. Course may be taken concurrently with FREN 1100.

Prerequisite(s): placement test on Carleton Central or FINS 2105 or permission of the Department.

Offered online, asynchronous, weekly progression.

FINS 3205 [0.5 credit]

Oral Comprehension II

Advanced training and practice in the comprehension of authentic oral materials in French. Individual assignments in the student's specialization. Oral documents in French; analysis, discussion, reporting and testing in English and French. No auditors.

Prerequisite(s): FINS 2205 or permission of the Department.

FINS 3405 [0.5 credit]

French for Special or Professional Purposes I

Topics may vary from year to year. Consult the Web site.

Prerequisite(s): permission of the Department.

FINS 3406 [0.5 credit]

French for Special or Professional Purposes II

Topics may vary from year to year. Consult the Web site.

Prerequisite(s): permission of the Department.

FINS 3407 [0.5 credit]**French for Special or Professional Purposes III**

Topics may vary from year to year. Consult the Web site.
Prerequisite(s): permission of the Department.

FINS 3801 [0.5 credit]**Selected Topics in French A**

Students may take a third-year course offered in the Department of French while submitting course work in English. This course does not count towards any degree program in French.

Prerequisite(s): third-year standing and permission of the Department.

Hours to be determined.

FINS 4801 [0.5 credit]**Selected Topics in French A**

Students may take a fourth- or fifth-year special topic seminar offered in the Department of French while submitting written work in English. This course does not count towards credit in any degree program in French.

Prerequisite(s): fourth-year standing or permission of the Department.

Hours to be determined.

FINS 4802 [0.5 credit]**Selected Topics in French B**

Students may take a fourth- or fifth-year special topic seminar offered in the Department of French while submitting written work in English. This course does not count towards credit in any degree program in French.

Prerequisite(s): fourth-year standing or permission of the Department.

Hours to be determined.

French (FREN) Courses**French Placement for Language Students**

Students who have not previously taken a course in the French Department must complete the Placement Test on Carleton Central before registering, as per instructions received through their Carleton e-mail account. Students should note that they cannot go backward in a sequence of levels in language courses.

Students desiring a French credit to satisfy the language requirement of their department or school should consult that department or school.

FREN 1001 [1.0 credit]**French 1**

This course is designed for absolute beginners in the language. Classes use audio-visual methods, and emphasis is given to the spoken language. Introduction to reading and writing. Compulsory attendance. Limited enrolment. No auditors. Oral interaction required.

Prerequisite(s): placement test on Carleton Central before registering.

Lecture three hours a week.

FREN 1002 [1.0 credit]**French 2**

Taught in French for students who had exposure to French but have difficulty using it in day-to-day communication. Emphasis on oral expression and comprehension; development of reading and writing skills. Presentations, interviews, cultural activities, grammar. Compulsory attendance, participation. Limited enrolment. No auditors. Oral interaction required.

Prerequisite(s): Grade of C or higher in FREN 1001 or placement test on Carleton Central before registering.

Lecture three hours a week.

FREN 1050 [0.5 credit]**Le français en classe et dans le monde**

The development of written and oral communication skills, as well as research and study skills, through an introduction to the diversity of the French language and francophone literatures and cultures. Conducted in French with some workshops in English.

Prerequisite(s): Grade of C or higher in FREN 1100 or FREN 1110 or placement test on Carleton Central before registering. Restricted to students in first and second year. Seminars three hours per week.

FREN 1100 [1.0 credit]**French 3**

Taught in French. Emphasis on speaking, listening, reading and writing skills. Oral presentations, discussions, interviews, reading of novels and magazine articles, listening activities, grammar exercises, compositions. Attendance and participation are compulsory. Limited enrolment. No auditors. Oral interaction required.

Precludes additional credit for FREN 1110.

Prerequisite(s): Grade of C or higher in FREN 1002 or placement test on Carleton Central before registering.

Lecture three hours a week.

FREN 1110 [1.0 credit]**French 3: Writing**

Taught in French. For students with high oral proficiency and low intermediate writing skills. Improvement of spelling, grammar, sentence-structure, and vocabulary. Study of the processes involved in the production of a variety of texts. Use of references. Self-correction. Limited enrolment. No auditors. Oral interaction required.

Precludes additional credit for FREN 1100.

Prerequisite(s): Grade of C or higher in FREN 1002 or placement test on Carleton Central before registering.

Lecture three hours a week.

FREN 2100 [1.0 credit]**French 4**

Taught in French. For non-francophone students. Advanced speaking, listening, reading and writing skills. Advanced level reading from various sources, including literary texts. Grammar exercises, essays, oral presentations. Attendance and participation are compulsory. Limited enrolment. No auditors. Oral interaction required.

Precludes additional credit for FREN 2110.

Prerequisite(s): Grade of C or higher in FREN 1100 or FREN 1110 or placement test on Carleton Central before registering.

Lectures three hours a week.

FREN 2110 [1.0 credit]**French 4: Writing**

Taught in French. For students with intermediate French writing skills. Refinement of spelling, grammar, sentence-structure and vocabulary; accuracy, grammar, and textual organization. Essay-writing. Use and referencing of various sources. Self-correction. Attendance and participation compulsory. Limited enrolment. No auditors. Oral interaction required.

Precludes additional credit for FREN 2100.

Prerequisite(s): Grade of C or higher in FREN 1100 or FREN 1110 or placement test on Carleton Central before registering.

Lectures three hours a week.

FREN 2202 [0.5 credit]**Introduction aux études littéraires: œuvres françaises et francophones**

Survol historique des littératures d'expression française: principaux auteurs, grands mouvements, évolution des genres. Initiation aux méthodes et notions d'analyse littéraire.

Precludes additional credit for FREN 2201.

Prerequisite(s): FREN 1100 or FREN 1110 with a grade of C or higher or permission of the Department. This course may be taken concurrently with FREN 2100 or FREN 2110.

Cours trois heures par semaine.

FREN 2203 [0.5 credit]**Introduction aux études littéraires: œuvres québécoises et canadiennes**

Survol historique des littératures d'expression française au Québec et au Canada: principaux auteurs, grands mouvements, évolution des genres. Initiation aux méthodes et notions d'analyse littéraire.

Precludes additional credit for FREN 2201.

Prerequisite(s): FREN 1100 or FREN 1110 with a grade of C or higher or permission of the Department. This course may be taken concurrently with FREN 2100 or FREN 2110.

Cours trois heures par semaine.

FREN 2401 [1.0 credit]**Introduction à la linguistique française**

Étude de la structure et du fonctionnement du système linguistique à travers l'analyse de données du français (de France et du Canada). La construction du sens, des sons au discours; code oral et écrit.

Prerequisite(s): FREN 1100 or FREN 1110 with a grade of C or higher or permission of the Department. This course may be taken concurrently with FREN 2100 or FREN 2110.

Cours trois heures par semaine.

FREN 2701 [0.5 credit]**Travaux pratiques en français oral**

Travaux pratiques pour développer l'aisance et la fluidité dans l'expression orale. This course is not suitable for francophones or students returning from exchange. No auditors.

Prerequisite(s): Grade of C or higher in FREN 1100 or FREN 1110 or placement test on Carleton Central before registering.

Cours trois heures par semaine.

FREN 3050 [0.5 credit]**Compétences critiques**

Initiation aux techniques et pratiques de la réflexion universitaire : documentation (bibliothèque, bases de données, bibliographies critiques), lecture (analyse, synthèse et évaluation critique de textes de savoir) et réflexion (cadre théorique, méthode d'analyse, pratique du discours raisonné).

Prerequisite(s): FREN 2202, FREN 2203 and FREN 2401, or permission of the Department.

Cours trois heures par semaine.

FREN 3060 [0.5 credit]**Perfectionnement de la grammaire par la pratique**

Analyse et pratique réfléchie des formes de la grammaire dans le discours: Structures des phrases, marques d'accord, concordance des temps, prépositions et compléments, homonymie et homographie, faux amis et anglicismes. Développement des techniques efficaces d'autocorrection et maîtrise d'outils informatisés.

Prerequisite(s): FREN 2202 and FREN 2203 or FREN 2401, or permission of the Department.

Cours trois heures par semaine.

FREN 3212 [0.5 credit]**Des manuscrits aux belles-lettres : de la littérature médiévale à l'humanisme**

Étude d'une sélection de textes, tirés de divers genres, permettant d'explorer les origines de la littérature française : oralité et écriture; chansons de geste; courtoisie; récits de voyages; littérature de la cour; humanisme. Différentes approches théoriques du texte littéraire.

Prerequisite(s): FREN 2202 and FREN 2203 or permission of the Department.

Cours trois heures par semaine.

FREN 3213 [0.5 credit]**Du Baroque aux Lumières**

Étude des 17^e et 18^e siècles : raison et universalisme, encyclopédisme, construction et représentation de l'altérité, colonialisme et esclavagisme. Analyse d'importants développements littéraires : essai et conte philosophiques, théâtre et critique sociale, évolution du discours romanesque. Approches théoriques du texte littéraire.

Prerequisite(s): FREN 2202 and FREN 2203 or permission of the Department.

Cours trois heures par semaine.

FREN 3214 [0.5 credit]**Révolutions, avant-gardes et ruptures : du 19^e siècle aux années 1950**

Étude de quelques grands mouvements ayant rythmé la vie des lettres francophones : romantisme, réalisme, naturalisme, symbolisme, surréalisme, modernisme. La littérature de la décolonisation et l'émergence de la littérature canadienne-française. Analyse des genres et de leur évolution. Approches théoriques du texte littéraire.

Prerequisite(s): FREN 2202 and FREN 2203 or permission of the Department.

Cours trois heures par semaine.

FREN 3215 [0.5 credit]**Les ères du soupçon : contemporanéités de la littérature**

Études des principales orientations définissant les littératures francophones contemporaines depuis la fin de la Seconde Guerre mondiale : littérature engagée, existentialisme, nouveau roman. Littérature du Québec et du Canada français. Littératures postcoloniales, émergentes, transnationales. Approches théoriques du texte littéraire.

Prerequisite(s): FREN 2202 and FREN 2203 or permission of the Department.

Cours trois heures par semaine.

FREN 3216 [0.5 credit]**Problématique littéraire**

Étude approfondie d'une problématique dans le champ des études littéraires. Lectures critiques, réflexion théorique et études d'œuvres littéraires. Contenu variable selon les années : consulter le site web du département de français. Repeatable for credit when the topic changes.

Prerequisite(s): FREN 2202 and FREN 2203, or permission of the Department.

Cours trois heures par semaine.

FREN 3217 [0.5 credit]**Oeuvre et auteur-e(s)**

Étude approfondie d'un(e) auteur(e) ou groupe d'auteur(e)s et de leur œuvre. Lectures critiques, théoriques et littéraires. Contenu variable selon les années : consulter le site web du département de français. Repeatable for credit when the topic changes.

Prerequisite(s): FREN 2202 and FREN 2203, or permission of the Department.

Cours trois heures par semaine.

FREN 3218 [0.5 credit]**Genre et mouvement**

Étude approfondie d'un genre ou mouvement littéraire. Conditions d'émergence (contextes: historique, social, artistique, etc). Textes théoriques et manifestes. Principaux représentants. Influence (continuations, ruptures). Contenu variable selon les années : consulter le site web du département de français. Repeatable for credit when the topic changes.

Prerequisite(s): FREN 2202 and FREN 2203, or permission of the Department.

Cours trois heures par semaine.

FREN 3219 [0.5 credit]**Littératures canadiennes de langue française**

Étude approfondie d'un(e) auteur(e) ou groupe d'auteur(e)s canadien(ne)s et de leurs œuvres de langue française. Lectures critiques, théoriques et littéraires.

Contenu variable selon les années: consulter le site web du département de français. Repeatable for credit when topic changes.

Prerequisite(s): FREN 2202 and FREN 2203 or permission of the Department.

Cours trois heures par semaine.

FREN 3251 [0.5 credit]**Introduction aux méthodes d'analyse littéraire**

Présentation et application de diverses approches théoriques du texte littéraire ou étude approfondie d'une approche théorique particulière (analyses structurales, méthodes d'interprétation, contextualisation sociohistorique, poétique, etc.).

Prerequisite(s): FREN 2202 and FREN 2203, or permission of the Department.

Cours trois heures par semaine.

FREN 3310 [0.5 credit]**Sujet choisi en français**

Étude d'un thème particulier en français et études francophones. Le contenu varie selon l'année : consulter le site web du département de français. Repeatable for credit when the topic changes.

Prerequisite(s): one FREN course at the 2000-level, or permission of the Department.

Cours trois heures par semaine.

FREN 3411 [0.5 credit]**Phonétique et phonologie du français**

Étude empirique et théorique des éléments et systèmes phonétiques et phonologiques du français. Processus segmentaux et suprasegmentaux, structures syllabiques et prosodiques. Problèmes classiques de la phonologie française.

Prerequisite(s): FREN 2401 or permission of the Department.

Cours trois heures par semaine.

FREN 3412 [0.5 credit]**Morphologie du français**

Étude de la forme des unités lexicales et grammaticales du français et de leur portée signifiante. Analyse du système flexionnel du français et des mécanismes de formation des mots.

Prerequisite(s): FREN 2401 or permission of the Department.

Cours trois heures par semaine.

FREN 3413 [0.5 credit]**Syntaxe du français**

Études de la structure et des composantes de la phrase: mots et syntagmes. Analyse syntaxique de la phrase simple et complexe. Modèle hiérarchique de l'organisation de la phrase.

Prerequisite(s): FREN 2401 or permission of the Department.

Cours trois heures par semaine.

FREN 3414 [0.5 credit]**Sociolinguistique du français**

Le français, une réalité hétérogène. Approche variationniste, qualitative et quantitative, de l'étude du français dans ses dimensions dialectales, sociales et stylistiques. Variations intra-individuelles et entre individus. Facteurs externes de la variation interne du français.

Diversités du français.

Prerequisite(s): FREN 2401 or permission of the Department.

Cours trois heures par semaine.

FREN 3415 [0.5 credit]**Histoire du français**

Évolution interne de l'histoire du français et de ses influences externes. De sa naissance, présumée et réelle, à ses états actuels. Les langues contributrices. Contacts linguistiques. Dynamiques du changement linguistique. Véhicularisation et vernacularisation. Idéologies de la langue française.

Prerequisite(s): FREN 2401 or permission of the Department.

Cours trois heures par semaine.

FREN 3416 [0.5 credit]**Le français dans le monde**

Présentation des variétés de français parlé dans le monde, principalement à l'extérieur du Canada. Étude des aspects historiques et sociopolitiques de la diffusion du français. Analyse des traits linguistiques propres aux variétés. Colonisation, créolisation, emprunt linguistique, variation régionale, aménagement linguistique.

Prerequisite(s): FREN 2401 or permission of the Department.

Cours trois heures par semaine.

FREN 3417 [0.5 credit]**Le français au Canada**

Présentation des variétés de français parlé au Canada. Étude des aspects historiques et sociopolitiques de l'implantation du français en Nouvelle-France. Variétés laurentienne et acadienne. Analyse des traits linguistiques. Enjeux sociolinguistiques. Contact des langues, bilinguisme, minorités linguistiques.

Prerequisite(s): FREN 2401 or permission of the Department.

Cours trois heures par semaine.

FREN 3451 [0.5 credit]**Thème en linguistique**

Étude d'un thème particulier en linguistique française.
Contenu variable selon les années : consulter le site web du département de français. Repeatable for credit when the topic changes.

Prerequisite(s): FREN 2401 or permission of the Department.

Cours trois heures par semaine.

FREN 3511 [0.5 credit]**Expression écrite et traduction**

Perfectionnement de l'expression écrite au moyen d'un apprentissage appliqué de la traduction.
Analyses des principales interférences syntaxiques, sémantiques et discursives entre le français et l'anglais.
Approfondissement des pratiques de textualisation: cohérence et cohésion, idiomatization, registres, paraphrase, considérations stylistiques, etc. Approche privilégiant le texte pragmatique.

Prerequisite(s): one FREN course at the 2000-level, or permission of the Department.

Cours trois heures par semaine.

FREN 3701 [0.5 credit]**Français oral**

Techniques avancées d'expression orale. This course is not suitable for francophones. This course is suitable for students returning from exchange. No auditors.

Prerequisite(s): one FREN course at the 2000-level, or permission of the Department.

Cours trois heures par semaine.

FREN 3702 [0.5 credit]**Français écrit**

Techniques avancées d'expression écrite. No auditors.
Prerequisite(s): one FREN course at the 2000-level, or permission of the Department.

Cours trois heures par semaine.

FREN 3900 [0.5 credit]**Apprentissage et enseignement du français langue seconde**

Initiation aux études des programmes au Canada et ailleurs. Processus d'acquisition des habiletés d'expression et de compréhension. Survol des théories passées et actuelles. Appréciation et critique de pratiques pédagogiques.

Prerequisite(s): one FREN course at the 2000-level, or permission of the Department.

Cours trois heures par semaine.

FREN 3999 [0.0 credit]**Co-operative Work Term**

Includes: Experiential Learning Activity

FREN 4060 [0.5 credit]**Projet de recherche supervisé**

Développement d'un projet individuel supervisé en littérature ou en linguistique, amorcé dans un cours antérieur de 4e année. Raffinement de l'expression et des idées. Présentation publique des résultats.

Prerequisite(s): fourth-year standing in the BA Honours in French, FREN 3050 and one FREN course at the 4th year level.

Unscheduled

FREN 4212 [0.5 credit]**Littératures francophones**

Analyse de problématiques liées à la francophonie littéraire. Contenu variable selon les années : consulter le site web du département de français. Repeatable for credit when the topic changes.

Prerequisite(s): FREN 2202, FREN 2203 and FREN 3050, or permission of the Department.

Also offered at the graduate level, with different requirements, as FREN 5212, for which additional credit is precluded.

Cours trois heures par semaine.

FREN 4213 [0.5 credit]**Littérature québécoise et canadienne d'expression française**

Étude approfondie portant sur un ou plusieurs aspects des littératures d'expression française au Canada.

Contenu variable selon les années : consulter le site web du département de français. Repeatable for credit when the topic changes.

Prerequisite(s): FREN 2202, FREN 2203 and FREN 3050, or permission of the Department.

Also offered at the graduate level, with different requirements, as FREN 5213, for which additional credit is precluded.

Cours trois heures par semaine.

FREN 4214 [0.5 credit]**Genre et mouvement**

Étude approfondie d'un thème, d'un mouvement, d'un genre dans le champ littéraire. Contenu variable selon les années : consulter le site web du département de français. Repeatable for credit when the topic changes.

Prerequisite(s): FREN 2202, FREN 2203 and FREN 3050, or permission of the Department.

Also offered at the graduate level, with different requirements, as FREN 5214, for which additional credit is precluded.

Cours trois heures par semaine.

FREN 4215 [0.5 credit]**Problématiques contemporaines**

Étude de questions contemporaines dans le domaine littéraire. Contenu variable selon les années : consulter le site web du département de français. Repeatable for credit when the topic changes.

Prerequisite(s): FREN 2202, FREN 2203 and FREN 3050, or permission of the Department.

Also offered at the graduate level, with different requirements, as FREN 5215, for which additional credit is precluded.

Cours trois heures par semaine.

FREN 4300 [0.5 credit]**Experiential Learning in French and Francophone Studies**

Thème choisi en langue, littérature ou linguistique. Application des habiletés linguistiques en contexte francophone. Le thème et le lieu peut varier d'une année à l'autre, consulter le site du Département de français pour plus de détails.

Includes: Experiential Learning Activity

Prerequisite(s): FREN 2202 and FREN 2203, or FREN 2401, depending on the topic, and FREN 3050, or permission of the Department.

Also offered at the graduate level, with different requirements, as FREN 5501, for which additional credit is precluded.

FREN 4301 [0.5 credit]**Experiential learning: Séminaire d'été à Québec**

Exploration de la ville de Québec, de sa portée historique et culturelle et de l'importance de sa littérature. Applications des habiletés linguistiques en contexte, visites, discussions et réflexions.

Includes: Experiential Learning Activity

Precludes additional credit for FREN 4300 if taken before 2022.

Prerequisite(s): FREN 2202, FREN 2203 and FREN 3050, or permission of the Department.

Also offered at the graduate level, with different requirements, as FREN 5502, for which additional credit is precluded.

Cours trois heures par semaine.

FREN 4412 [0.5 credit]**Diversité du français**

Études des variétés du français, dans ses dimensions spatiales. Contenu variable selon les années : consulter le site web du département de français. Repeatable for credit when the topic changes.

Also listed as LING 4412.

Prerequisite(s): FREN 2401 and FREN 3050, or permission of the Department.

Also offered at the graduate level, with different requirements, as FREN 5412 and LING 5412, for which additional credit is precluded.

Cours trois heures par semaine.

FREN 4413 [0.5 credit]**Diachronie du français**

Étude du français, dans ses dimensions historiques.

Contenu variable selon les années : consulter le site web du département de français. Repeatable for credit when the topic changes.

Also listed as LING 4413.

Prerequisite(s): FREN 2401 and FREN 3050, or permission of the Department.

Also offered at the graduate level, with different requirements, as FREN 5413 and LING 5413, for which additional credit is precluded.

Cours trois heures par semaine.

FREN 4414 [0.5 credit]**Analyse du français**

Étude du français, dans ses dimensions morphologiques, syntaxiques ou phonologiques. Contenu variable selon les années : consulter le site web du département de français. Repeatable for credit when the topic changes.

Also listed as LING 4414.

Prerequisite(s): FREN 2401 and FREN 3050, or permission of the department.

Also offered at the graduate level, with different requirements, as FREN 5414 and LING 5414, for which additional credit is precluded.

Cours trois heures par semaine.

FREN 4415 [0.5 credit]**Variation du français**

Étude des variations internes de la langue, dans ses dimensions orales et écrites. Contenu variable selon les années : consulter le site web du département de français. Repeatable for credit when the topic changes.

Also listed as LING 4415.

Prerequisite(s): FREN 2401 and FREN 3050, or permission of the Department.

Also offered at the graduate level, with different requirements, as FREN 5415 and LING 5415, for which additional credit is precluded.

Cours trois heures par semaine.

FREN 4511 [0.5 credit]**Traduction : méthodologie et pratique**

Initiation à différents principes et approches méthodologiques de la traduction. Analyse de texte appliquée à la traduction, repérage raisonné des difficultés, typologie des fautes de traduction, étude de divers procédés, documentation, terminologie et révision. Approche privilégiant une typologie textuelle variée.

Prerequisite(s): FREN 3511 or permission of the Department.

Cours trois heures par semaine.

FREN 4801 [1.0 credit]**Tutorial A**

Special topics in an aspect of French studies under the supervision of a faculty member. Note: Students who wish to enrol in a tutorial course must consult the Undergraduate Supervisor, before registration.

Prerequisite(s): fourth-year standing or permission of the Department.

Hours to be determined.

FREN 4802 [0.5 credit]**Tutorial B**

Special topics in an aspect of French studies under the supervision of a faculty member. Note: Students who wish to enrol in a tutorial course must consult the Undergraduate Supervisor, before registration.

Prerequisite(s): fourth-year standing or permission of the Department.

Hours to be determined.

FREN 4900 [0.5 credit]**Thème choisi en apprentissage et enseignement du français langue seconde**

Approfondissement de considérations théoriques et pratiques reliées à l'enseignement et l'apprentissage du français comme langue seconde. Analyse de composantes pédagogiques générales et en contexte, applications didactiques. Évaluation, critères et standards. Le contenu précis de ce cours varie selon les années. Consulter le site Web.

Prerequisite(s): fourth-year standing or permission of the Department.

Cours trois heures par semaine.

General Studies

This section presents the requirements for programs in:

- **General Studies B.A.**

General Studies**B.A. (15.0 credits)****A. Credits Included in the Major CGPA (6.0 credits)**

1. 3.0 credits in two of the three eligible B.A. Breadth Areas: **6.0**

Culture and Communication

Humanities

Social Sciences

B. Credits Not Included in the Major CGPA (9.0 credits)

2. 9.0 credits in free electives **9.0**

Total Credits 15.0

Notes:

1. Students must complete a minimum of 3.0 credits at the 2000-level or above in one or both of the two selected Breadth Areas.
2. Students must complete a minimum of 2.0 credits at the 3000-level or above, of which 1.0 credit must be in one or both of the two selected Breadth Areas.

In addition to the requirements presented here, students must satisfy:

1. the Bachelor of Arts regulations (except for the B.A. Breadth Requirement, which is waived for General Studies students); and
2. and University regulations common to all undergraduate students (consult the *Academic Regulations of the University* section of this Calendar), including the Minimum Number of Residency Credits (Section 2.2.2/3.4.1), the Advanced Credits requirement (Section 2.2.3/3.4.2), the Maximum Number of Credits Below the 2000-Level (Section 2.2.1), and the process of Academic Continuation Evaluation (Section 3.2).

B.A. Regulations

The regulations presented below apply to all Bachelor of Arts programs. In addition to the requirements presented here, students must satisfy the University regulations common to all undergraduate students including the process of Academic Continuation Evaluation (consult the *Academic Regulations of the University* section of this Calendar).

First-Year Seminars

B.A. degree students are strongly encouraged to include a First-Year Seminar (FYSM) during their first 4.0 credits of registration. Students are limited to 1.0 credit in FYSM and can only register in a FYSM while they have first-year standing in their B.A. program.

Breadth Requirement

Among the credits presented at graduation, students in both the B.A. and the B.A. Honours degrees and B.Co.M.S. are required to include 3.0 breadth credits, which must include 1.0 credit in three of the four breadth areas identified below. Credits that fulfil requirements in the Major, Minor, Concentration, Specialization, or Stream may also be used to fulfil the Breadth Requirement.

Students admitted with a completed university degree are exempt from breadth requirements.

Students in the following interdisciplinary programs are exempt from the B.A. breadth requirement.

- African Studies
- Criminology and Criminal Justice
- Environmental Studies

- Human Rights
- Human Rights and Social Justice

Breadth Area 1: Culture and Communication

American Sign Language, Art History, Art and Culture, Communication and Media Studies, Digital Humanities, English, Film Studies, French, Journalism, Media Production and Design, Music, and Languages (Arabic, English as a Second Language, German, Greek, Hebrew, Indigenous Languages, Italian, Japanese, Korean, Latin, Mandarin, Portuguese, Russian, Spanish)

Subject codes: ARAB, ARTH, ASLA, CHIN, COMS, DIGH, ENGL, ESLA, FILM, FINS, FREN, GERM, GREK, HEBR, ITAL, JAPA, JOUR, KORE, LANG, LATN, MPAD, MUSI, PORT, RUSS, SPAN

Breadth Area 2: Humanities

African Studies, Applied Linguistics and Discourse Studies, Archaeology, Canadian Studies, Child Studies, Classical Civilization, Critical Race Studies, Directed Interdisciplinary Studies, Disability Studies, Environmental and Climate Humanities, European and Russian Studies, History, Human Rights and Social Justice, Humanities, Indigenous Studies, Latin American and Caribbean Studies, Linguistics, Medieval and Early Modern Studies, Philosophy, Religion, Sexuality Studies, South Asian Studies, and Women's and Gender Studies.

Subject codes: AFRI, ALDS, ARCY, CDNS, CHST, CLCV, CRST, DBST, DIST, EACH, EURR, HIST, HRSJ, HUMR, HUMS, INDG, LACS, LING, MEMS, PHIL, RELI, SAST, SXST, WGST

Breadth Area 3: Science, Engineering, and Design

Architecture, Biology, Chemistry, Computer Science, Data Science, Earth Sciences, Engineering, Environmental Science, Food Science and Nutrition, Health Sciences, Industrial Design, Information Resource Management, Information Technology (BIT), Information Technology (ITEC), Interactive Multimedia and Design, Interdisciplinary Science and Practice, Mathematics, Neuroscience, Network Technology, Nursing, Optical Systems and Sensors, Photonics, Statistics, Physics, and Technology, Society, Environment.

Subject codes: ACSE, AERO, ARCC, ARCH, ARCN, ARCS, ARCU, BIOC, BIOL, BIT, CHEM, CIVE, COMP, CSEC, DATA, ECOR, ELEC, ENSC, ENVE, EARTH, FOOD, HLTH, IDES, IMD, IRM, ISAP, ISCI, ISCS, ISYS, ITEC, MAAE, MATH, MECH, MECT, NET, NEUR, NSCI, NURS, OSS, PHYS, PLT, SREE, STAT, SYSC, TSES

Breadth Area 4: Social Sciences

Anthropology, Business, Cognitive Science, Criminology and Criminal Justice, Economics, Environmental Studies, Geography, Geomatics, Global and International Studies, Global Politics, Interdisciplinary Public Affairs, International Affairs, Law, Migration and Diaspora Studies, Political Management, Political Science, Psychology, Public Administration, Public Affairs and Policy Management, Social Work, Sociology/Anthropology, Sociology

Subject codes: ANTH, BUSI, CGSC, CRCJ, ECON, ENST, GEOG, GEOM, GINS, GPOL, INAF, IPAF, LAWS, MGDS, PADM, PAMP, POLM, PSCI, PSYC, SOCI, SOWK

Declared and Undeclared Students

Degree students are considered "Undeclared" if they have been admitted to a degree, but have not yet selected and been accepted into a program within that degree. The status "Undeclared" is available only in the B.A. and B.Sc. degrees. Undeclared students must apply to enter a program upon or before completing 3.5 credits.

Change of Program Within the B.A. Degree

To transfer to a program within the B.A. degree, applicants must normally be *Eligible to Continue* (EC) in the new program, by meeting the CGPA thresholds described in Section 3.1.9 of the *Academic Regulations of the University*.

Applications to declare or change programs within the B.A. degree online must be made online through Carleton Central by completing a Change of Program Elements (COPE) application form within the published deadlines. Acceptance into a program, or into a program element or option, is subject to any enrollment limitations, as well as specific program, program element, or option requirements as published in the relevant Calendar entry.

Minors, Concentrations, and Specializations

Students may add a Minor, Concentration, or Specialization by completing a Change of Program Elements (COPE) application form online through Carleton Central. Acceptance into a Minor, Concentration, or Specialization normally requires that the student be *Eligible to Continue* (EC) and is subject to any specific requirements of the intended Minor, Concentration, or Specialization as published in the relevant Calendar entry and in Section 3.1.9 of the *Academic Regulations of the University*.

Mention : français

Students registered in certain B.A. programs may earn the diploma notation *Mention : français* by completing part of their program requirements in French, and by demonstrating knowledge of the history and culture of French Canada. The general requirements are listed below. For more specific details, consult the departmental program entries.

Students in a B.A. Honours program must present:

1. 1.0 credit in French language;
2. 1.0 credit devoted to the history and culture of French Canada;
3. 1.0 credit at the 2000- or 3000-level in the Honours discipline taken in French; and
4. 1.0 credit at the 4000-level in the Honours discipline taken in French.

Students in a B.A. program must present:

1. 1.0 credit in advanced French;
2. 1.0 credit devoted to the history and culture of French Canada;

3. 1.0 credit at the 2000- or 3000-level in the Major discipline taken in French.

Students in Combined Honours programs must fulfil the *Mention : français* requirement in both disciplines.

Courses taught in French (Items 3 and 4, above) may be taken at Carleton, at the University of Ottawa on the Exchange Agreement, or at a francophone university on a Letter of Permission. Students planning to take courses on exchange or on a Letter of Permission should take careful note of the residence requirement for a minimum number of Carleton courses in their programs. Consult the *Academic Regulations of the University* section of this Calendar for information regarding study on exchange or Letter of Permission.

Admissions Information

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as *recommended*, it is not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admission Requirements

Degrees

- Bachelor of Arts (B.A.) (Honours)
- Bachelor of Arts (B.A.)

First Year

For B.A. and B.A. (Honours)

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include a 4U course in English (or *anglais*). Applicants submitting an English language test to satisfy the requirements of the English Language Proficiency section of this Calendar may use that test to also satisfy the 4U English prerequisite requirement.

Biology

For the major in Biology in the B.A. program, in addition to the 4U English, a 4U course in Chemistry is required. Advanced Functions, and Calculus and Vectors are recommended.

Criminology and Criminal Justice

Access to the CCJ B.A. degree is limited to students already registered in the CCJ B.A. Honours who apply to transfer, and to graduates of the Algonquin College Police Foundations program.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be Eligible to Continue in their year level, in addition to meeting the CGPA thresholds described in Section 3.1.9 of the Academic Regulations of the University. Advanced standing will be granted only for those subjects assessed as being appropriate for the program and the stream selected.

Co-op Option

Direct Admission to the 1st Year of the Co-op Option

Co-op is available for the following Majors in the B.A. (Honours) degree: Anthropology, English, Environmental Studies, European and Russian Studies, French, Geography, Geomatics, History, Law, Political Science, Psychology, Sociology.

Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in the Bachelor of Arts Honours with one of the majors listed above;
3. be eligible to work in Canada (for off-campus work placements).

Meeting the above requirements only establishes eligibility for admission to the program. The prevailing job market may limit enrolment in the co-op option. Students should also note that hiring priority is given to Canadian citizens for co-op positions in the Public Service Commission.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are

described in the Co-operative Education Regulations section of this Calendar.

Advanced Standing

B.A. and B.A. (Honours) Program

Applications for admission to the second or subsequent years will be assessed on their merits. Advanced standing will be granted only for those courses that are determined to be appropriate.

Geography

This section presents the requirements for programs in:

- **Geography B.A. Honours**
- **Geography with Concentration in Physical Geography B.A. Honours**
- **Geography with Concentration in Urban Geography B.A. Honours**
- **Geography B.A. Combined Honours**
- **Geography B.A.**
- **Earth Sciences and Physical Geography B.Sc. Combined Honours**
- **Physical Geography B.Sc. Honours**
- **Specialization in Globalization and the Environment B.G.In.S. Honours**
- **Stream in Globalization and the Environment B.G.In.S.**
- **Minor in Geography**
- **Minor in Physical Geography**
- **Minor in Urban Studies**

Program Requirements

Geography

B.A. Honours (20.0 credits)

A. Credits Included in the Major CGPA (10.0 credits)

1. 1.5 credits in:	1.5
GEOG 1010 [0.5]	Global Environmental Systems
GEOG 1020 [0.5]	People, Places and Environments
GEOM 1004 [0.5]	Maps, Satellites and the Geospatial Revolution
2. 0.5 credit from:	0.5
GEOG 2020 [0.5]	Ecosystems of Canada
GEOG 2013 [0.5]	Weather and Water
GEOG 2014 [0.5]	The Earth's Surface
3. 1.0 credit in:	1.0
GEOG 2005 [0.5]	Introduction to Qualitative Research
GEOG 2006 [0.5]	Introduction to Quantitative Research
4. 1.5 credits from:	1.5
GEOG 2023 [0.5]	Cities, Inequality and Urban Change
GEOG 2200 [0.5]	Global Connections
GEOG 2300 [0.5]	Space, Place and Culture
GEOG 2500 [0.5]	Climate Change: Social Science Perspectives
5. 0.5 credit from:	0.5
GEOG 3000 [0.5]	Honours Field Course

GEOG 3030 [0.5]	Regional Field Excursion	
6. 0.5 credit from:		0.5
GEOG 3001 [0.5]	Doing Qualitative Research	
GEOG 3003 [0.5]	Quantitative Geography	
GEOM 2007 [0.5]	Vector GIS: Points, Lines and Polygons	
GEOM 3002 [0.5]	Introduction to Remote Sensing	
GEOM 3007 [0.5]	Cartographic Theory and Design	
7. 1.0 credit from:		1.0
GEOG 3021 [0.5]	Geographies of Culture and Identity	
GEOG 3022 [0.5]	Environmental and Natural Resources	
GEOG 3023 [0.5]	Cities in a Global World	
GEOG 3024 [0.5]	Understanding Globalization	
GEOG 3025 [0.5]	Geographies of Selected Regions	
GEOG 3026 [0.5]	Topics in the Geography of Canada	
GEOG 3206 [0.5]	Health, Environment, and Society	
GEOG 3209 [0.5]	Sustainability and Environment in the South	
GEOG 3501 [0.5]	Geographies of the Canadian North	
8. 1.0 credit in GEOG and/or GEOM at the 3000- level or above		1.0
9. 2.5 credits from:		2.5
a) Thesis pathway:		
GEOG 4909 [1.0] plus 1.5 credits from GEOG/GEOM and/or ENST at the 4000-level		
b) Course pathway:		
2.5 credits from GEOG/GEOM and/or ENST at the 4000-level		
B. Credits Not Included in the Major CGPA (10.0 credits)		
10. 8.0 credits in electives not in GEOG		8.0
11. 2.0 credits in free electives		2.0
Total Credits		20.0

Geography with Concentration in Physical Geography

B.A. Honours (20.0 credits)

A. Credits Included in the Major CGPA (9.5 credits)

1. 1.5 credits in:	1.5
GEOG 1010 [0.5]	Global Environmental Systems
GEOG 1020 [0.5]	People, Places and Environments
GEOM 1004 [0.5]	Maps, Satellites and the Geospatial Revolution
2. 2.0 credits in:	2.0
GEOG 2005 [0.5]	Introduction to Qualitative Research
GEOG 2006 [0.5]	Introduction to Quantitative Research
GEOG 2013 [0.5]	Weather and Water
GEOG 2014 [0.5]	The Earth's Surface
3. 1.0 credit from:	1.0
GEOG 2023 [0.5]	Cities, Inequality and Urban Change
GEOG 2200 [0.5]	Global Connections
GEOG 2300 [0.5]	Space, Place and Culture
GEOG 2500 [0.5]	Climate Change: Social Science Perspectives
4. 0.5 credit in:	0.5

GEOG 3000 [0.5]	Honours Field Course	
GEOG 3010 [0.5]	Field Methods in Physical Geography	
5. 2.0 credits from:		2.0
GEOG 3003 [0.5]	Quantitative Geography	
GEOG 3102 [0.5]	Geomorphology	
GEOG 3103 [0.5]	Watershed Hydrology	
GEOG 3104 [0.5]	Principles of Biogeography	
GEOG 3105 [0.5]	Climate and Atmospheric Change	
GEOG 3106 [0.5]	Aquatic Science and Management	
GEOG 3108 [0.5]	Soil Properties	
GEOM 3002 [0.5]	Introduction to Remote Sensing	
6. 2.5 credits from:		2.5
a) Thesis pathway:		
i. 1.0 credit in:		
GEOG 4909 [1.0]	Honours Research Thesis	
ii. 1.5 credits from:		
GEOM 4003 [0.5]	Remote Sensing of the Environment	
GEOG 4004 [0.5]	Environmental Impact Assessment	
GEOG 4005 [0.5]	Directed Studies in Geography	
GEOG 4013 [0.5]	Cold Region Hydrology	
GEOG 4017 [0.5]	Global Biogeochemical Cycles	
GEOG 4101 [0.5]	Two Million Years of Environmental Change	
GEOG 4103 [0.5]	Water Resources Engineering	
GEOG 4104 [0.5]	Microclimatology	
GEOG 4108 [0.5]	Permafrost	
OR		
b) Course pathway:		
2.5 credits from:		
GEOM 4003 [0.5]	Remote Sensing of the Environment	
GEOG 4004 [0.5]	Environmental Impact Assessment	
GEOG 4005 [0.5]	Directed Studies in Geography	
GEOG 4013 [0.5]	Cold Region Hydrology	
GEOG 4017 [0.5]	Global Biogeochemical Cycles	
GEOG 4101 [0.5]	Two Million Years of Environmental Change	
GEOG 4103 [0.5]	Water Resources Engineering	
GEOG 4104 [0.5]	Microclimatology	
GEOG 4108 [0.5]	Permafrost	
GEOG 4408 [0.5]	Practicum II	
B. Credits Not Included in the Major CGPA (10.5 credits)		
7. 8.0 credits in	electives not in GEOG	8.0
8. 2.5 credits in	free electives.	2.5
Total Credits		20.0

Geography with Concentration in Urban Geography

B.A. Honours (20.0 credits)

A. Credits included in the Major CGPA (11.0 credits)

1. 1.0 credit in:		1.0
GEOG 1010 [0.5]	Global Environmental Systems	
GEOG 1023 [0.5]	Introduction to Cities and Urbanization	
2. 0.5 credit from:		0.5

GEOM 1004 [0.5]	Maps, Satellites and the Geospatial Revolution	
GEOG 1020 [0.5]	People, Places and Environments	
3. 0.5 credit from:		0.5
GEOG 2013 [0.5]	Weather and Water	
GEOG 2014 [0.5]	The Earth's Surface	
GEOG 2020 [0.5]	Ecosystems of Canada	
4. 1.0 credit in:		1.0
GEOG 2005 [0.5]	Introduction to Qualitative Research	
GEOG 2006 [0.5]	Introduction to Quantitative Research	
5. 0.5 credit in:		0.5
GEOG 2023 [0.5]	Cities, Inequality and Urban Change	
6. 1.0 credit from:		1.0
GEOG 2200 [0.5]	Global Connections	
GEOG 2300 [0.5]	Space, Place and Culture	
GEOG 2500 [0.5]	Climate Change: Social Science Perspectives	
7. 0.5 credit from:		0.5
GEOG 3000 [0.5]	Honours Field Course	
GEOG 3030 [0.5]	Regional Field Excursion	
8. 0.5 credit from:		0.5
GEOM 2007 [0.5]	Vector GIS: Points, Lines and Polygons	
GEOG 3001 [0.5]	Doing Qualitative Research	
GEOM 3002 [0.5]	Introduction to Remote Sensing	
GEOG 3003 [0.5]	Quantitative Geography	
GEOM 3007 [0.5]	Cartographic Theory and Design	
9. 0.5 credit in:		0.5
GEOG 3023 [0.5]	Cities in a Global World	
10. 0.5 credit from:		0.5
GEOG 3021 [0.5]	Geographies of Culture and Identity	
GEOG 3022 [0.5]	Environmental and Natural Resources	
GEOG 3024 [0.5]	Understanding Globalization	
GEOG 3025 [0.5]	Geographies of Selected Regions	
GEOG 3026 [0.5]	Topics in the Geography of Canada	
GEOG 3206 [0.5]	Health, Environment, and Society	
GEOG 3209 [0.5]	Sustainability and Environment in the South	
GEOG 3501 [0.5]	Geographies of the Canadian North	
11. 1.0 credit in:		1.0
GEOG 4023 [0.5]	Seminar in Special Topics on the City	
GEOG 4323 [0.5]	Urban and Regional Planning	
12. 0.5 credit from:		0.5
AFRI 3004 [0.5]	The African City	
ARCU 3100 [0.5]	The Morphology of the City	
HRSJ 3002 [0.5]	Right to the City	
13. 0.5 credit from:		0.5
ARCH 4201 [0.5]	History of Modern Housing	
ARCU 4103 [0.5]	Cities	
ARCU 4300 [0.5]	Theories of Urbanism	
ARCU 4700 [0.5]	Urban Utopias	
ARCU 4801 [0.5]	Topics in Urbanism	

GEOG 4000 [0.5]	Field Studies (when offered with an urban theme)	
GEOG 4005 [0.5]	Directed Studies in Geography (with urban theme)	
GEOG 4007 [0.5]	Special Topics in Geography and Environmental Studies	
INDG 4001 [0.5]	Indigenous Urbanisms	
14. 2.5 credits from:		2.5
a) Thesis pathway:		
GEOG 4909 [1.0]	Honours Research Thesis	
1.5 credits in GEOG/GEOM and/or ENST at the 4000 level		
b) Course pathway:		
2.5 credits in GEOG/GEOM and/or ENST at the 4000 level		
B. Credits Not Included in the Major CGPA (9.0 credits)		
15. 7.5 credits in	electives not in GEOG	7.5
16. 1.5 credits in	free electives	1.5
Total Credits		20.0

Geography

B.A. Combined Honours (20.0 credits)

A. Credits Included in the Geography Major CGPA (7.0 credits)

1. 1.0 credit in:		1.0
GEOG 1010 [0.5]	Global Environmental Systems	
GEOG 1020 [0.5]	People, Places and Environments	
2. 0.5 credit from:		0.5
GEOG 2020 [0.5]	Ecosystems of Canada	
GEOG 2013 [0.5]	Weather and Water	
GEOG 2014 [0.5]	The Earth's Surface	
3. 1.0 credit from:		1.0
GEOG 2023 [0.5]	Cities, Inequality and Urban Change	
GEOG 2200 [0.5]	Global Connections	
GEOG 2300 [0.5]	Space, Place and Culture	
GEOG 2500 [0.5]	Climate Change: Social Science Perspectives	
4. 1.0 credit from:		1.0
GEOM 1004 [0.5]	Maps, Satellites and the Geospatial Revolution	
GEOG 2005 [0.5]	Introduction to Qualitative Research	
GEOG 2006 [0.5]	Introduction to Quantitative Research	
5. 1.5 credits in	GEOG and/or GEOM at the 3000- level or above	1.5
6. 1.0 credit in	GEOG and/or GEOM at the 4000- level	1.0
7. 1.0 credit in:		1.0
a) Thesis pathway		
GEOG 4909 [1.0]	Honours Research Thesis	
OR		
b) Course pathway		
1.0 credit in GEOG at the 4000-level		
B. Additional Requirements (13.0 credits)		13.0
8. The requirements of the other Honours discipline must be satisfied		

9. Sufficient free electives to total 20.0 credits for the program.

Total Credits **20.0**

Geography

B.A. (15.0 credits)

A. Credits Included in the Major CGPA (7.0 credits)

1. 1.0 credit in:		1.0
GEOG 1010 [0.5]	Global Environmental Systems	
GEOG 1020 [0.5]	People, Places and Environments	
2. 0.5 credit from:		0.5
GEOG 2020 [0.5]	Ecosystems of Canada	
GEOG 2013 [0.5]	Weather and Water	
GEOG 2014 [0.5]	The Earth's Surface	
3. 1.0 credit from:		1.0
GEOM 1004 [0.5]	Maps, Satellites and the Geospatial Revolution	
GEOG 2005 [0.5]	Introduction to Qualitative Research	
GEOG 2006 [0.5]	Introduction to Quantitative Research	
4. 1.0 credit from:		1.0
GEOG 2023 [0.5]	Cities, Inequality and Urban Change	
GEOG 2200 [0.5]	Global Connections	
GEOG 2300 [0.5]	Space, Place and Culture	
GEOG 2500 [0.5]	Climate Change: Social Science Perspectives	
5. 1.0 credit in	GEOG and/or GEOM at the 2000- level or above	1.0
6. 2.5 credits in	GEOG and/or GEOM at the 3000- level or above	2.5
B. Credits Not Included in the Geography Major CGPA (8.0 credits)		
7. 6.0 credits in	electives not in GEOG	6.0
8. 2.0 credit in	free electives.	2.0
Total Credits		15.0

Course Categories for B.Sc. Geography

Lists of courses for all other categories (Science Continuation, Approved Experimental Science, Science Faculty Electives and Approved Arts or Social Sciences Electives) are located at the Academic Regulations for the B.Sc. page.

Earth Sciences and Physical Geography

B.Sc. Combined Honours (20.0 credits)

A. Credits Included in the Major CGPA (13.0 credits)

1. 1.0 credit in:		1.0
ERTH 1002 [0.5]	The Earth and Life Odyssey: A Journey Through Billions of Years	
GEOG 1010 [0.5]	Global Environmental Systems	
2. 1.0 credit in:		1.0
GEOG 2013 [0.5]	Weather and Water	
GEOG 2014 [0.5]	The Earth's Surface	
3. 2.5 credits in:		2.5
ERTH 2102 [0.5]	Mineralogy to Petrology	
ERTH 2106 [0.5]	Geochemistry	
ERTH 2312 [0.5]	Paleontology	

ERTH 2314 [0.5]	Sedimentation and Stratigraphy	
ERTH 2407 [0.5]	Structural Geology	
4. 0.5 credit in:		0.5
ERTH 2802 [0.5]	Field Geology I	
5. 1.0 credits in:		1.0
ERTH 3004 [0.5]	Igneous Petrology	
ERTH 3405 [0.5]	Geophysical Methods	
6. 0.5 credit from:		0.5
ERTH 3205 [0.5]	Physical Hydrogeology	
GEOG 3103 [0.5]	Watershed Hydrology	
7. 1.0 credit in:		1.0
ERTH 2004 [0.5]	Maps, Satellites and the Geospatial Revolution	
GEOM 3002 [0.5]	Introduction to Remote Sensing	
8. 2.0 credits from:		2.0
GEOG 3003 [0.5]	Quantitative Geography	
GEOG 3010 [0.5]	Field Methods in Physical Geography	
GEOG 3102 [0.5]	Geomorphology	
GEOG 3104 [0.5]	Principles of Biogeography	
GEOG 3105 [0.5]	Climate and Atmospheric Change	
GEOG 3106 [0.5]	Aquatic Science and Management	
GEOG 3108 [0.5]	Soil Properties	
9. 0.5 credit in:		0.5
ERTH 4302 [0.5]	Frozen Earth: Unveiling the Snowball Earth Catastrophe	
10. 1.0 credit in	Science Geography or Geomatics courses at the 2000-level or above	1.0
11. 1.0 credit in	Earth Sciences, Science Geography or Geomatics courses at the 4000-level	1.0
12. 1.0 credit from:		1.0
ERTH 4908 [1.0]	Honours Thesis	
OR		
GEOG 4005 [0.5]	Directed Studies in Geography	
and 0.5 credit in EARTH, GEOG or GEOM at the 4000-level		
OR		
GEOG 4906 [1.0]	Honours Research Project	
B. Credits Not Included in the Major CGPA (7.0 credits)		
13. 1.0 credit in:		1.0

4. The Language requirement must be met.		
Total Credits		15.0

Minor in Geography (4.0 credits)

Open to all undergraduate degree students not in Geography programs or the B.G.In.S. Specialization or Stream in Globalization and the Environment.

Students are required to present a Minor CGPA of 4.00 or higher at graduation in order to be awarded a Minor in Geography.

Requirements:		
1. 1.0 credit in:		1.0
GEOG 1010 [0.5]	Global Environmental Systems	
GEOG 1020 [0.5]	People, Places and Environments	
2. 0.5 credit from:		0.5
GEOG 2013 [0.5]	Weather and Water	
GEOG 2014 [0.5]	The Earth's Surface	
GEOG 2020 [0.5]	Ecosystems of Canada	
3. 0.5 credit from:		0.5
GEOG 2005 [0.5]	Introduction to Qualitative Research	
GEOG 2006 [0.5]	Introduction to Quantitative Research	
GEOM 1004 [0.5]	Maps, Satellites and the Geospatial Revolution	
4. 0.5 credit from:		0.5
GEOG 2023 [0.5]	Cities, Inequality and Urban Change	
GEOG 2200 [0.5]	Global Connections	
GEOG 2300 [0.5]	Space, Place and Culture	
GEOG 2500 [0.5]	Climate Change: Social Science Perspectives	
5. 1.0 credit in GEOG and/or GEOM at the 3000-level or above		1.0
6. 0.5 credit in GEOG or GEOM		0.5

7. The remaining requirements of the major discipline(s) and degree must be satisfied.

Total Credits 4.0

Minor in Physical Geography (4.0 credits)

Open to all undergraduate degree students not in Geography programs.

Students are required to present a Minor CGPA of 4.00 or higher at graduation in order to be awarded a Minor in Physical Geography.

Open to all undergraduate degree students not in Geography programs.

Requirements:

1. 0.5 credit from: 0.5

GEOG 1010 [0.5] Global Environmental Systems

2. 1.0 credit in: 1.0

GEOG 2013 [0.5] Weather and Water

GEOG 2014 [0.5] The Earth's Surface

3. 2.5 credits from: 2.5

GEOG 3002 [0.5] Introduction to Remote Sensing

GEOG 3003 [0.5] Quantitative Geography

GEOG 3102 [0.5] Geomorphology

GEOG 3103 [0.5] Watershed Hydrology

GEOG 3104 [0.5] Principles of Biogeography

GEOG 3105 [0.5] Climate and Atmospheric Change

GEOG 3106 [0.5] Aquatic Science and Management

GEOG 3108 [0.5] Soil Properties

GEOG 4013 [0.5] Cold Region Hydrology

GEOG 4017 [0.5] Global Biogeochemical Cycles

GEOG 4101 [0.5] Two Million Years of Environmental Change

GEOG 4104 [0.5] Microclimatology

GEOG 4108 [0.5] Permafrost

4. The remaining requirements of the major discipline(s) and degree must be satisfied.

Total Credits 4.0

Minor in Urban Studies (4.0 credits)

Only students pursuing an undergraduate program (except the BA Honours in Geography with a Concentration in Urban Geography) requiring at least 20.0 credits to graduate may be admitted to the Urban Studies minor.

Students are required to present a Minor CGPA of 4.00 or higher at graduation in order to be awarded a Minor in Urban Studies.

Requirements:

1. 1.0 credit from: 1.0

FYSM 1107 [1.0] Social Justice and the City

GEOG 1020 [0.5] People, Places and Environments

GEOG 1023 [0.5] Introduction to Cities and Urbanization

GEOG 1004 [0.5] Maps, Satellites and the Geospatial Revolution

2. 1.0 credit from: 1.0

GEOG 2023 [0.5] Cities, Inequality and Urban Change

GEOG 2200 [0.5] Global Connections

GEOG 2007 [0.5] Vector GIS: Points, Lines and Polygons

3. 0.5 credit in: 0.5

GEOG 3023 [0.5] Cities in a Global World

4. 0.5 credit from: 0.5

AFRI 3004 [0.5] The African City

ARCU 3100 [0.5] The Morphology of the City

HRSJ 3002 [0.5] Right to the City

5. 0.5 credit from: 0.5

GEOG 4023 [0.5] Seminar in Special Topics on the City

GEOG 4323 [0.5] Urban and Regional Planning

6. 0.5 credit from: 0.5

ARCH 4201 [0.5] History of Modern Housing

ARCU 4103 [0.5] Cities

ARCU 4300 [0.5] Theories of Urbanism

ARCU 4700 [0.5] Urban Utopias

ARCU 4801 [0.5] Topics in Urbanism

GEOG 4000 [0.5] Field Studies (when offered with an urban theme)

GEOG 4005 [0.5] Directed Studies in Geography (with urban theme)

GEOG 4007 [0.5] Special Topics in Geography and Environmental Studies

INDG 4001 [0.5] Indigenous Urbanisms

7. The remaining requirements of the major discipline(s) and degree must be satisfied.

Total Credits 4.0

B.A. Regulations

The regulations presented below apply to all Bachelor of Arts programs. In addition to the requirements presented here, students must satisfy the University regulations common to all undergraduate students including the process of Academic Continuation Evaluation (consult the *Academic Regulations of the University* section of this Calendar).

First-Year Seminars

B.A. degree students are strongly encouraged to include a First-Year Seminar (FYSM) during their first 4.0 credits of registration. Students are limited to 1.0 credit in FYSM and can only register in a FYSM while they have first-year standing in their B.A. program.

Breadth Requirement

Among the credits presented at graduation, students in both the B.A. and the B.A. Honours degrees and B.Co.M.S. are required to include 3.0 breadth credits, which must include 1.0 credit in three of the four breadth areas identified below. Credits that fulfil requirements in the Major, Minor, Concentration, Specialization, or Stream may also be used to fulfil the Breadth Requirement.

Students admitted with a completed university degree are exempt from breadth requirements.

Students in the following interdisciplinary programs are exempt from the B.A. breadth requirement.

- African Studies
- Criminology and Criminal Justice

- Environmental Studies
- Human Rights
- Human Rights and Social Justice

Breadth Area 1: Culture and Communication

American Sign Language, Art History, Art and Culture, Communication and Media Studies, Digital Humanities, English, Film Studies, French, Journalism, Media Production and Design, Music, and Languages (Arabic, English as a Second Language, German, Greek, Hebrew, Indigenous Languages, Italian, Japanese, Korean, Latin, Mandarin, Portuguese, Russian, Spanish)

Subject codes: ARAB, ARTH, ASLA, CHIN, COMS, DIGH, ENGL, ESLA, FILM, FINS, FREN, GERM, GREK, HEBR, ITAL, JAPA, JOUR, KORE, LANG, LATN, MPAD, MUSI, PORT, RUSS, SPAN

Breadth Area 2: Humanities

African Studies, Applied Linguistics and Discourse Studies, Archaeology, Canadian Studies, Child Studies, Classical Civilization, Critical Race Studies, Directed Interdisciplinary Studies, Disability Studies, Environmental and Climate Humanities, European and Russian Studies, History, Human Rights and Social Justice, Humanities, Indigenous Studies, Latin American and Caribbean Studies, Linguistics, Medieval and Early Modern Studies, Philosophy, Religion, Sexuality Studies, South Asian Studies, and Women's and Gender Studies.

Subject codes: AFRI, ALDS, ARCY, CDNS, CHST, CLCV, CRST, DBST, DIST, EACH, EURR, HIST, HRSJ, HUMR, HUMS, INDG, LACS, LING, MEMS, PHIL, RELI, SAST, SXST, WGST

Breadth Area 3: Science, Engineering, and Design

Architecture, Biology, Chemistry, Computer Science, Data Science, Earth Sciences, Engineering, Environmental Science, Food Science and Nutrition, Health Sciences, Industrial Design, Information Resource Management, Information Technology (BIT), Information Technology (ITEC), Interactive Multimedia and Design, Interdisciplinary Science and Practice, Mathematics, Neuroscience, Network Technology, Nursing, Optical Systems and Sensors, Photonics, Statistics, Physics, and Technology, Society, Environment.

Subject codes: ACSE, AERO, ARCC, ARCH, ARCN, ARCS, ARCU, BIOC, BIOL, BIT, CHEM, CIVE, COMP, CSEC, DATA, ECOR, ELEC, ENSC, ENVE, EARTH, FOOD, HLTH, IDES, IMD, IRM, ISAP, ISCI, ISCS, ISYS, ITEC, MAAE, MATH, MECH, MECT, NET, NEUR, NSCI, NURS, OSS, PHYS, PLT, SREE, STAT, SYSC, TSES

Breadth Area 4: Social Sciences

Anthropology, Business, Cognitive Science, Criminology and Criminal Justice, Economics, Environmental Studies, Geography, Geomatics, Global and International Studies, Global Politics, Interdisciplinary Public Affairs, International Affairs, Law, Migration and Diaspora Studies, Political Management, Political Science, Psychology, Public Administration, Public Affairs and Policy Management, Social Work, Sociology/Anthropology, Sociology

Subject codes: ANTH, BUSI, CGSC, CRCJ, ECON, ENST, GEOG, GEOM, GINS, GPOL, INAF, IPAF, LAWS, MGDS, PADM, PAPM, POLM, PSCI, PSYC, SOCI, SOWK

Declared and Undeclared Students

Degree students are considered "Undeclared" if they have been admitted to a degree, but have not yet selected and been accepted into a program within that degree. The status "Undeclared" is available only in the B.A. and B.Sc. degrees. Undeclared students must apply to enter a program upon or before completing 3.5 credits.

Change of Program Within the B.A. Degree

To transfer to a program within the B.A. degree, applicants must normally be *Eligible to Continue* (EC) in the new program, by meeting the CGPA thresholds described in Section 3.1.9 of the *Academic Regulations of the University*.

Applications to declare or change programs within the B.A. degree online must be made online through Carleton Central by completing a Change of Program Elements (COPE) application form within the published deadlines. Acceptance into a program, or into a program element or option, is subject to any enrollment limitations, as well as specific program, program element, or option requirements as published in the relevant Calendar entry.

Minors, Concentrations, and Specializations

Students may add a Minor, Concentration, or Specialization by completing a Change of Program Elements (COPE) application form online through Carleton Central. Acceptance into a Minor, Concentration, or Specialization normally requires that the student be *Eligible to Continue* (EC) and is subject to any specific requirements of the intended Minor, Concentration, or Specialization as published in the relevant Calendar entry and in Section 3.1.9 of the *Academic Regulations of the University*.

Mention : français

Students registered in certain B.A. programs may earn the diploma notation *Mention : français* by completing part of their program requirements in French, and by demonstrating knowledge of the history and culture of French Canada. The general requirements are listed below. For more specific details, consult the departmental program entries.

Students in a B.A. Honours program must present:

1. 1.0 credit in French language;
2. 1.0 credit devoted to the history and culture of French Canada;
3. 1.0 credit at the 2000- or 3000-level in the Honours discipline taken in French; and
4. 1.0 credit at the 4000-level in the Honours discipline taken in French.

Students in a B.A. program must present:

1. 1.0 credit in advanced French;
2. 1.0 credit devoted to the history and culture of French Canada;

3. 1.0 credit at the 2000- or 3000-level in the Major discipline taken in French.

Students in Combined Honours programs must fulfil the *Mention : français* requirement in both disciplines.

Courses taught in French (Items 3 and 4, above) may be taken at Carleton, at the University of Ottawa on the Exchange Agreement, or at a francophone university on a Letter of Permission. Students planning to take courses on exchange or on a Letter of Permission should take careful note of the residence requirement for a minimum number of Carleton courses in their programs. Consult the *Academic Regulations of the University* section of this Calendar for information regarding study on exchange or Letter of Permission.

B.Sc. Regulations

The regulations presented in this section apply to all Bachelor of Science programs. In addition to the requirements presented here, students must satisfy the University regulations common to all undergraduate students including the process of Academic Continuation Evaluation (see the *Academic Regulations of the University* section of this Calendar).

Breadth Requirement for the B.Sc.

Students in a Bachelor of Science program must present the following credits at graduation:

1. 2.0 credits in Science Continuation courses not in the major discipline; **students completing a double major are considered to have completed this requirement providing they have 2.0 credits in Science Continuation courses in each of the two majors;**
2. 2.0 credits in courses outside of the faculties of Science and Engineering and Design (may include ISAP 1000)

In most cases, the requirements for individual B.Sc. programs, as stated in this Calendar, contain these requirements, explicitly or implicitly.

Students admitted to B.Sc. programs by transfer from another institution must present at graduation (whether taken at Carleton or elsewhere):

1. 2.0 credits in courses outside of the faculties of Science and Engineering and Design (may include ISAP 1000) if the student received fewer than 10.0 transfer credits; or,
2. 1.0 credit in courses outside of the faculties of Science and Engineering and Design (may include ISAP 1000) if the student received 10.0 or more transfer credits.

Declared and Undeclared Students

Degree students are considered "Undeclared" if they have been admitted to a degree, but have not yet selected and been accepted into a program within that degree. The status "Undeclared" is available only in the B.A. and B.Sc. degrees. Undeclared students must apply to enter a program upon or before completing 3.5 credits.

Change of Program within the B.Sc. Degree

To transfer to a program within the B.Sc. degree, applicants must normally be *Eligible to Continue* (EC) in the new program, by meeting the CGPA thresholds described in Section 3.1.9 of the *Academic Regulations of the University*.

Applications to declare or change programs within the B.Sc. degree must be made online through Carleton Central by completing a Change of Program Elements (COPE) application form within the published deadlines. Acceptance into a program, or into a program element or option, is subject to any enrolment limitations, and/or specific program, program element or option requirements as published in the relevant Calendar entry.

Minors, Concentrations, and Specializations

Students may add a Minor, Concentration, or Specialization by completing a Change of Program Elements (COPE) application form online through Carleton Central. Acceptance into a Minor, Concentration, or Specialization normally requires that the student be *Eligible to Continue* (EC) and is meeting the minimum CGPAs described in Section 3.1.9 of the *Academic Regulations of the University*, as well as being subject to any specific requirements of the intended Minor, Concentration, or Specialization as published in the relevant Calendar entry.

Experimental Science Requirement

Students in a B.Sc. degree program must present at graduation at least two full credits of Experimental Science chosen from two different departments or institutes from the list below:

Approved Experimental Science Courses

Biochemistry	
BIOC 2200 [0.5]	Cellular Biochemistry
BIOC 4001 [0.5]	Methods in Biochemistry
BIOC 4201 [0.5]	Advanced Cell Culture and Tissue Engineering
Biology	
BIOL 1103 [0.5]	Foundations of Biology I
BIOL 1104 [0.5]	Foundations of Biology II
BIOL 2001 [0.5]	Animals: Form and Function
BIOL 2002 [0.5]	Plants: Form and Function
BIOL 2104 [0.5]	Introductory Genetics
BIOL 2200 [0.5]	Cellular Biochemistry
BIOL 2600 [0.5]	Ecology
Chemistry	
CHEM 1001 [0.5]	General Chemistry I
CHEM 1002 [0.5]	General Chemistry II
CHEM 2103 [0.5]	Physical Chemistry I
CHEM 2203 [0.5]	Organic Chemistry I
CHEM 2204 [0.5]	Organic Chemistry II
CHEM 2302 [0.5]	Analytical Chemistry I
CHEM 2303 [0.5]	Analytical Chemistry II
CHEM 2800 [0.5]	Foundations for Environmental Chemistry

Earth Sciences

ERTH 1002 [0.5]	The Earth and Life Odyssey: A Journey Through Billions of Years
ERTH 2102 [0.5]	Mineralogy to Petrology
ERTH 2404 [0.5]	Engineering Geoscience
ERTH 2802 [0.5]	Field Geology I
ERTH 3111 [0.5]	Vertebrate Evolution: Mammals, Reptiles, and Birds
ERTH 3112 [0.5]	Vertebrate Evolution: Fish and Amphibians
ERTH 3204 [0.5]	Mineral Deposits
ERTH 3205 [0.5]	Physical Hydrogeology
Food Sciences	
FOOD 3001 [0.5]	Food Chemistry
FOOD 3002 [0.5]	Food Analysis
FOOD 3005 [0.5]	Food Microbiology
Geography	
GEOG 1010 [0.5]	Global Environmental Systems
GEOG 3108 [0.5]	Soil Properties
Neuroscience	
NEUR 3206 [0.5]	Sensory and Motor Neuroscience
NEUR 3207 [0.5]	Systems Neuroscience
NEUR 4600 [0.5]	Advanced Lab in Neuroanatomy
Physics	
PHYS 1001 [0.5]	Foundations of Physics I
PHYS 1002 [0.5]	Foundations of Physics II
PHYS 1003 [0.5]	Introductory Mechanics and Thermodynamics
PHYS 1004 [0.5]	Introductory Electromagnetism and Wave Motion
PHYS 1007 [0.5]	Elementary University Physics I
PHYS 1008 [0.5]	Elementary University Physics II
PHYS 2202 [0.5]	Wave Motion and Optics
PHYS 2604 [0.5]	Modern Physics I
PHYS 3007 [0.5]	Third Year Physics Laboratory: Selected Experiments and Seminars
PHYS 3606 [0.5]	Modern Physics II
PHYS 3608 [0.5]	Modern Applied Physics

Course Categories for B.Sc. Programs

Science Geography Courses

GEOG 1010 [0.5]	Global Environmental Systems
GEOG 2006 [0.5]	Introduction to Quantitative Research
GEOG 2013 [0.5]	Weather and Water
GEOG 2014 [0.5]	The Earth's Surface
GEOG 3003 [0.5]	Quantitative Geography
GEOG 3010 [0.5]	Field Methods in Physical Geography
GEOG 3102 [0.5]	Geomorphology
GEOG 3103 [0.5]	Watershed Hydrology
GEOG 3104 [0.5]	Principles of Biogeography
GEOG 3105 [0.5]	Climate and Atmospheric Change
GEOG 3106 [0.5]	Aquatic Science and Management
GEOG 3108 [0.5]	Soil Properties
GEOG 4000 [0.5]	Field Studies
GEOG 4005 [0.5]	Directed Studies in Geography
GEOG 4013 [0.5]	Cold Region Hydrology

GEOG 4017 [0.5]	Global Biogeochemical Cycles
GEOG 4101 [0.5]	Two Million Years of Environmental Change
GEOG 4103 [0.5]	Water Resources Engineering
GEOG 4104 [0.5]	Microclimatology
GEOG 4108 [0.5]	Permafrost

Science Psychology Courses

PSYC 2001 [0.5]	Introduction to Research Methods in Psychology
PSYC 2002 [0.5]	Introduction to Statistics in Psychology
PSYC 2700 [0.5]	Introduction to Cognitive Psychology
PSYC 3000 [1.0]	Design and Analysis in Psychological Research
PSYC 3506 [0.5]	Cognitive Development
PSYC 3700 [1.0]	Cognition (Honours Seminar)
PSYC 3702 [0.5]	Perception
PSYC 2307 [0.5]	Human Neuropsychology I
PSYC 3307 [0.5]	Human Neuropsychology II

Science Continuation Courses

A course at the 2000 level or above may be used as a Science Continuation credit in a B.Sc. program if it is not in the student's major discipline, and is chosen from the following:

BIOC (Biochemistry)
BIOL (Biology) Biochemistry students may use BIOL 2005 only as a free elective.
CHEM (Chemistry)
COMP (Computer Science) A maximum of two half-credits at the 1000-level in COMP, excluding COMP 1001 may be used as Science Continuation credits.
ERTH (Earth Sciences), except ERTH 2415 which may be used only as a free elective for any B.Sc. program. Students in Earth Sciences programs may use ERTH 2401, ERTH 2402, and ERTH 2403 only as free electives.
Engineering. Students wishing to register in Engineering courses must obtain the permission of the Faculty of Engineering and Design.
ENSC (Environmental Science)
FOOD (Food Science and Nutrition)
GEOM (Geomatics)
HLTH (Health Sciences)
ISAP (Interdisciplinary Science Practice)
MATH (Mathematics)
NEUR (Neuroscience)
PHYS (Physics), except PHYS 2903
Science Geography Courses (see list above)
Science Psychology Courses (see list above)
STAT (Statistics)
TSES (Technology, Society, Environment) except TSES 2305. Biology students may use these courses only as free electives. Integrated Science and Environmental Science students may include these courses in their programs but may not count them as part of the Science Sequence.

Science Faculty Electives

Science Faculty Electives are courses at the 1000-4000 level chosen from:

BIOC (Biochemistry)

BIOL (Biology) Biology & Biochemistry students may use BIOL 1010 and BIOL 2005 only as free electives

CHEM (Chemistry) except CHEM 1003, CHEM 1004 and CHEM 1007

COMP (Computer Science) except COMP 1001

ERTH (Earth Sciences) except ERTH 1004 and ERTH 2415. Earth Sciences students may use ERTH 2401, ERTH 2402 and ERTH 2403 only as free electives.

Engineering

ENSC 2001

FOOD (Food Science and Nutrition)

GEOM (Geomatics)

HLTH (Health Science)

ISAP (Interdisciplinary Science Practice)

MATH (Mathematics)

NEUR (Neuroscience)

PHYS (Physics) except PHYS 1901, PHYS 1902, PHYS 1905, PHYS 2903

Science Geography (see list above)

Science Psychology (see list above)

STAT (Statistics)

TSES (Technology, Society, Environment) Biology students may use these courses only as free electives.

Advanced Science Faculty Electives

Advanced Science Faculty Electives are courses at the 2000-4000 level chosen from the Science Faculty Electives list above.

Approved Courses Outside the Faculties of Science and Engineering and Design (may include ISAP 1000)

All courses offered by the Faculty of Arts and Social Sciences, the Faculty of Public and Global Affairs, and the Sprott School of Business are approved as Arts or Social Sciences courses EXCEPT FOR: All Science Geography courses (see list above), all Geomatics (GEOM) courses, all Science Psychology courses (see list above). ISAP 1000 may be used as an Approved Course Outside the Faculties of Science and Engineering and Design.

Free Electives

Any course is allowable as a Free Elective providing it is not prohibited (see below). Students are expected to comply with prerequisite requirements and enrolment restrictions for all courses as published in this Calendar.

Courses Allowable Only as Free Electives in any B.Sc. Program

BIOL 4810 [0.5]	Education Research in Undergraduate Science
CHEM 1003 [0.5]	The Chemistry of Food, Health and Drugs
CHEM 1004 [0.5]	Drugs and the Human Body
CHEM 1007 [0.5]	Chemistry of Art and Artifacts
ERTH 1004 [0.5]	Earth's Epic Tale: A Story Across Billions of Years
ERTH 2415 [0.5]	Natural Disasters
ISCI 1001 [0.5]	Introduction to the Environment

ISCI 2000 [0.5]	Natural Laws
ISCI 2002 [0.5]	Human Impacts on the Environment
PHYS 1901 [0.5]	Planetary Astronomy
PHYS 1902 [0.5]	From our Star to the Cosmos
PHYS 1905 [0.5]	Physics Behind Everyday Life
PHYS 2903 [0.5]	Physics Towards the Future

Prohibited Courses

The following courses are not acceptable for credit in any B.Sc. program:

COMP 1001 [0.5]	Introduction to Computational Thinking for Arts and Social Science Students
MATH 1009 [0.5]	Mathematics for Business
MATH 1119 [0.5]	Linear Algebra: with Applications to Business
MATH 1401 [0.5]	Elementary Mathematics for Economics I
MATH 1402 [0.5]	Elementary Mathematics for Economics II

all 0000-level courses

Co-operative Education

For more information about how to apply for the Co-op program and how the Co-op program works please visit the Co-op website.

All students participating in the Co-op program are governed by the Undergraduate Co-operative Education Policy.

Undergraduate Co-operative Education Policy Admission Requirements

Students can apply to Co-op in one of two ways: directly from high school, or after beginning a degree program at Carleton.

If a student applies to a degree program with a Co-op option from high school, their university grades will be reviewed two terms to one year prior to their first work term to ensure they meet the academic requirements after their first or second year of study. The time at which the evaluation takes place depends on the program of study. Students will automatically receive an admission decision via their Carleton email account.

Students who did not request Co-op at the time they applied to Carleton can request Co-op after they begin their university studies. To view application instructions and deadlines, please visit carleton.ca/co-op.

To be admitted to Co-op, a student must successfully complete 5.0 or more credits that count towards their degree, meet the minimum CGPA requirement(s) for the student's Co-op option, and fulfil any specified course prerequisites. To see the unique admission and continuation requirements for each Co-op option, please refer to the specific degree programs listed in the Undergraduate Calendar.

Participation Requirements

Co-op Participation Agreement

All students must adhere to the policies found within the Co-op Participation Agreement.

COOP 1000

Once a student has been admitted to the Co-op Program, they will be given access to register in COOP 1000. This zero-credit online course must be completed at least two terms prior to the student's first work term.

Communication with the Co-op Office

Students must maintain contact with the Co-op Office during their job search and while on a work term. All email communication will be conducted via the students' Carleton email account.

Employment

Although every effort is made to ensure a sufficient number of job postings for all Co-op students, no guarantee of employment can be made. The Co-op job search process is competitive, and success is dependent upon factors such as current market conditions, academic performance, skills, motivation, and level of commitment to the job search. It is the student's responsibility to apply for positions via the Co-op job board in addition to actively conducting a self-directed job search. Students who do not obtain a co-op work term are expected to continue with their academic studies. It should be noted that hiring priority for positions within the Federal Government of Canada is given to Canadian citizens.

Registration

- Students must be registered as full-time during all fall and winter study terms beginning the term in which they enroll in COOP 1000.
- Students will be registered in a Co-op Work Term course while at work. This course does not carry academic course credit, but is noted on academic transcripts.
- Students may register in a 0.5 credit during a work term, provided the course is offered during the evening or is offered asynchronously online.
- Students must have at least one term of full-time studies left to complete following their final co-op work term. Students cannot end their degree on a work term.

Work Term Assessment and Evaluation

Work Term Evaluation

Employers are responsible for submitting to Carleton University final performance evaluations for their Co-op students at the end of their work terms.

Work Term Assessment

In order to successfully complete the co-op work term, students must receive a Satisfactory (SAT) grade on their Co-op Work Term Report, which they must submit at the completion of each four-month work term.

Graduation with the Co-op Designation

In order to graduate with the Co-op Designation, students must satisfy all requirements of the degree program in addition to the successful completion of three or four work terms (the number is dependent upon the student's academic program). Students found in violation of the Co-op Participation Agreement may have the Co-op Designation withheld.

Note: Participation in the co-op option will add up to one additional year for a student to complete their degree program.

Voluntary Withdrawal from the Co-op Option

Students who are currently on a co-op work term or who have already committed to a co-op work term either verbally or in writing may not leave the position and/or withdraw from the co-op option until they have completed the work term and all related requirements.

Involuntary or Required Withdrawal from the Co-op Option

Students may be removed from the Co-op Program for any of the following reasons:

1. Failure to achieve a grade of SAT in COOP 1000;
2. Failure to attend all interviews for positions to which the student has applied;
3. Declining more than one job offer during the job search;
4. Reneging on a co-op position that the student has accepted either verbally or in writing;
5. Continuing a job search after accepting a co-op position;
6. Dismissal from a work term by the co-op employer;
7. Leaving a work term without approval from the Co-op Management Team;
8. Receipt of an unsatisfactory work term evaluation;
9. Receiving a grade of UNS on the work term report.

International Students

All international students are required to possess a Co-op Work Permit issued by Immigration, Refugees and Citizenship Canada before they can begin working. The Co-operative Education Office will provide students with a letter of support to accompany their Co-op Work Permit application. Students are advised to discuss the application process and application requirements with the International Student Services Office.

Co-op Fees

All participating Co-op students are required to pay Co-op fees. For full details, please see the Co-op website.

B.A. Honours Geography, Geography with Concentration in Physical Geography, B.Sc. Honours Physical Geography: Co-op Admission and Continuation Requirements

- Maintain full-time status in each study term;
- Be eligible to work in Canada (for off-campus work);
- Have successfully completed COOP 1000 .

In addition to the following:

1. Registered as a full-time student in B.A. Honours Geography, Geography with a Concentration in Physical Geography, Geography with a Concentration in Urban Geography, or B.Sc. Honours Physical Geography;
2. Obtained third-year standing;
3. Successfully completed, by the start-date of the first work term:
 - a. BA students: GEOG 2005, GEOG 2006 and a 0.5 credit from GEOG 3000, GEOG 3010, or GEOG 3030;
 - b. B.Sc students: GEOG 2006 and a 0.5 credit from GEOG 3000, GEOG 3010, or GEOG 3030;
4. Obtained an Overall CGPA of at least 9.50 and a Major CGPA of at least 9.50. These CGPAs must be maintained throughout the duration of the degree.

B.A. Honours Geography, Geography with a Concentration in Physical Geography, [Geography with a Concentration in Urban Geography](#), and B.Sc. Honours Physical Geography students must successfully complete three (3) work terms to obtain the Co-op Designation.

Co-op work term course: GEOG 3999

Work/Study Pattern:

Year 1		Year 2		Year 3		Year 4		Year 5	
Term	Pattern	Term	Pattern	Term	Pattern	Term	Pattern	Term	Pattern
Fall	S	Fall	S	Fall	S	Fall	W	Fall	S
Winter	S	Winter	S	Winter	S	Winter	W	Winter	S
Summer		Summer		Summer	W	Summer	W		

Legend

W: Work

Admissions Information

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view

the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as *recommended*, it is not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admission Requirements

Degrees

- Bachelor of Arts (B.A.) (Honours)
- Bachelor of Arts (B.A.)

First Year

For B.A. and B.A. (Honours)

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include a 4U course in English (or *anglais*). Applicants submitting an English language test to satisfy the requirements of the English Language Proficiency section of this Calendar may use that test to also satisfy the 4U English prerequisite requirement.

Biology

For the major in Biology in the B.A. program, in addition to the 4U English, a 4U course in Chemistry is required. Advanced Functions, and Calculus and Vectors are recommended.

Criminology and Criminal Justice

Access to the CCJ B.A. degree is limited to students already registered in the CCJ B.A. Honours who apply to transfer, and to graduates of the Algonquin College Police Foundations program.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be Eligible to Continue in their year level, in addition to meeting the CGPA thresholds described in Section 3.1.9 of the Academic Regulations of the University. Advanced standing will be granted only for those subjects assessed as being appropriate for the program and the stream selected.

Co-op Option

Direct Admission to the 1st Year of the Co-op Option

Co-op is available for the following Majors in the B.A. (Honours) degree: Anthropology, English, Environmental Studies, European and Russian Studies, French,

Geography, Geomatics, History, Law, Political Science, Psychology, Sociology.

Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in the Bachelor of Arts Honours with one of the majors listed above;
3. be eligible to work in Canada (for off-campus work placements).

Meeting the above requirements only establishes eligibility for admission to the program. The prevailing job market may limit enrolment in the co-op option. Students should also note that hiring priority is given to Canadian citizens for co-op positions in the Public Service Commission.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are described in the Co-operative Education Regulations section of this Calendar.

Advanced Standing

B.A. and B.A. (Honours) Program

Applications for admission to the second or subsequent years will be assessed on their merits. Advanced standing will be granted only for those courses that are determined to be appropriate.

Admissions Information

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility

for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as *recommended*, it is not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Degrees

- B.Sc. (Honours)
- B.Sc. (Major)
- B.Sc.

Admission Requirements

B. Sc. Honours

First Year

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. For most programs including Biochemistry, Bioinformatics, Biotechnology, Chemistry, Combined Honours in Biology and Physics, Chemistry and Physics, Computational Biochemistry, Food Science, Nanoscience, Neuroscience and Biology, Neuroscience and Mental Health, and Psychology, the six 4U or M courses must include Advanced Functions, and two of Biology, Chemistry, Earth and Space Sciences, or Physics. (Calculus and Vectors is strongly recommended).

Specific Honours Admission Requirements

For the Honours programs in Earth Sciences, Environmental Science, Geomatics, Integrated Science, and Physical Geography, Calculus and Vectors may be substituted for Advanced Functions.

For the Honours programs in Physics and Applied Physics, and for double Honours in Mathematics and Physics, Calculus and Vectors is required in addition to Advanced Functions and one of 4U Physics, Chemistry, Biology, or Earth and Space Sciences. For all programs in Physics, 4U Physics is strongly recommended.

For Honours in Psychology, a 4U course in English is recommended.

For Honours in Environmental Science, a 4U course in Biology and Chemistry is recommended.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be *Eligible to Continue* in their year level, in addition to meeting the CGPA thresholds described in Section 3.1.9 of the Academic Regulations of the University. Advanced standing will be granted only for those subjects deemed appropriate for the program and stream selected.

B.Sc. Major and B.Sc.

First Year

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include Advanced Functions and two of Calculus and Vectors, Biology, Chemistry, Earth and Space Science, or Physics (Calculus and Vectors is strongly recommended). For the B.Sc. Major in Physics, 4U Physics is strongly recommended.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be *Eligible to Continue* (EC) in their year level. Advanced standing will be granted only for those subjects deemed appropriate for the program and stream selected.

Co-op Option

Direct Admission to the First Year of the Co-op Option

Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in the Bachelor of Science Honours program;
3. be eligible to work in Canada (for off-campus work placements).

Note that meeting the above requirements only establishes eligibility for admission to the program. The prevailing job market may limit enrolment in the co-op option.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are described in the Co-operative Education Regulations section of this Calendar.

Geography (GEOG) Courses

4000-level courses are normally restricted to students with fourth-year Honours standing. However, students with third-year standing may take 4000-level courses provided they have the necessary prerequisites, a Geography CGPA of 6.50 or better, and permission of the Department.

GEOG 1010 [0.5 credit]

Global Environmental Systems

Principles, processes and interactions in the Earth's environment emphasizing the flow of energy and matter within global systems. Atmospheric and oceanic processes, earth surface processes and biogeochemical cycling. Case studies on the interaction between human activity and the natural environment.

Includes: Experiential Learning Activity

Lectures three hours a week, laboratory two hours a week.

GEOG 1020 [0.5 credit]

People, Places and Environments

Introduction to human geography. Examination of relationships between people, communities, society and the natural environment at local to global scales. Population change, cultural patterns, and historical, economic, political and environmental forces, including climate change, that shape human activity and experiences from place to place.

Includes: Experiential Learning Activity

Also listed as ENST 1020.

Lectures two hours a week and tutorial one hour a week.

GEOG 1023 [0.5 credit]

Introduction to Cities and Urbanization

Geographies of urban experience, development, and change across an urbanizing planet. Historical and contemporary urbanization processes, patterns, and issues in and between cities and regions. The role of urbanization in producing and responding to climate change.

Includes: Experiential Learning Activity

Precludes additional credit for GEOG 2400 (no longer offered).

Lectures two hours per week and tutorials one hour per week.

GEOG 2005 [0.5 credit]

Introduction to Qualitative Research

Introduction to the research process, from generating questions to reporting results. Topics include intensive and extensive research approaches; the use of surveys, interviews and other data collection methods; the analysis of qualitative information; and the ethical dimensions of doing research with people and communities.

Includes: Experiential Learning Activity

Also listed as ENST 2005.

Prerequisite(s): 1.0 credit in GEOG or ENST at the 1000-level and second-year standing, or permission of the Department.

Lectures two hours a week, workshop two hours a week.

GEOG 2006 [0.5 credit]

Introduction to Quantitative Research

Introduction to solving problems using descriptive and inferential statistical methods. Graphical and numerical tools to describe distributions. Probability, sampling and estimates, and hypothesis testing. Fundamentals of spatial statistics and analysis.

Includes: Experiential Learning Activity

Also listed as ENST 2006.

Precludes additional credit for BIT 2000, BIT 2009, BIT 2100 (no longer offered), BIT 2300 (no longer offered), DATA 1517, ECON 2210, NEUR 2002, PSCI 2702, STAT 2507, STAT 2601, STAT 2606.

Lectures two hours a week, laboratory two hours a week.

GEOG 2013 [0.5 credit]**Weather and Water**

Introduction to climate, weather and the hydrological cycle. Physical properties of the atmosphere, radiation and energy balances, global circulation, atmospheric moisture and precipitation, weather systems and forecasting, mechanisms of anthropogenic climate change.

Includes: Experiential Learning Activity

Prerequisite(s): GEOG 1010 or EARTH 1002 or ISCI 1001.

Lectures three hours a week, laboratory three hours a week.

GEOG 2014 [0.5 credit]**The Earth's Surface**

Introduction to geomorphology. Weathering, slope and fluvial processes within drainage basins, and glacial and periglacial processes.

Includes: Experiential Learning Activity

Prerequisite(s): GEOG 1010 or EARTH 1002 or ISCI 1001.

Lectures three hours a week, laboratory three hours a week.

GEOG 2020 [0.5 credit]**Ecosystems of Canada**

Introduction to world biomes and in-depth analysis of the characteristics and distribution of Canada's major ecosystems including the boreal forest, temperate forest, tundra, grasslands, wetlands, and aquatic environments; Current issues in ecosystem science and conservation such as climate change, agricultural management, forestry and urban ecology.

Prerequisite(s): GEOG 1010 or EARTH 1002 or EARTH 1004 or ISCI 1001.

Lectures three hours a week.

GEOG 2023 [0.5 credit]**Cities, Inequality and Urban Change**

Geographical perspectives on the uneven power relationships and politics that shape urban lives and urban space. Key topics may include housing and segregation, planning for sustainable cities, urban social movements, urban inequality and changing livelihoods.

Includes: Experiential Learning Activity

Precludes additional credit for GEOG 2400 (no longer offered).

Prerequisite(s): GEOG 1023, or second-year standing, or permission of the department.

Lectures two hours per week and tutorials one hour per week.

GEOG 2200 [0.5 credit]**Global Connections**

Globalization and global environmental change as linked processes. Geographical analysis of economic, cultural, political, and climate change transformations acting at global, national and local scales. Choices and constraints underlying economic, social and environmental sustainability.

Prerequisite(s): second-year standing or permission of the Department.

Lectures three hours a week.

GEOG 2300 [0.5 credit]**Space, Place and Culture**

Introduction to social and cultural geography, including how theories of space, place, landscape, power, and knowledge can be used to understand the geographic dimensions of social and cultural life. Topics include culture and identity, migration and transnationalism, nature, gender, sexuality, race, colonialism, consumption, and work.

Prerequisite(s): second-year standing or permission of the Department.

Lectures two hours a week, discussion one hour a week.

GEOG 2500 [0.5 credit]**Climate Change: Social Science Perspectives**

An introduction to climate change as a political, economic and socio-cultural phenomenon, including the political-economic and world-historical causes of anthropogenic greenhouse gas emissions; variations in impact and vulnerability; climate justice and other political movements; global mitigation and adaptation strategies; and proposals for radical systemic change.

Includes: Experiential Learning Activity

Also listed as ENST 2500.

Prerequisite(s): second-year standing or permission of the Department.

Lectures two hours a week, discussion groups one hour a week.

GEOG 2600 [0.5 credit]**Geography Behind the Headlines**

Exploration of the geographical backgrounds to selected issues of current public interest, through geography's perspective of integrating human and physical environments. Issues selected will be structured from the global through the national/regional to the local, identifying the interdependencies among the scales.

Lecture three hours a week.

GEOG 3000 [0.5 credit]**Honours Field Course**

Field research, with a focus on data collection methods, analysis and presentation of findings. Design and conduct research that links the human and biophysical environment. Topics may change from year to year.

Includes: Experiential Learning Activity

Also listed as ENST 3900.

Precludes additional credit for ENST 2900 (no longer offered).

Prerequisite(s): GEOG 2005/ENST 2005 and GEOG 2006/ENST 2006, third-year Honours standing in Geography, Geomatics or Environmental Studies, or permission of the Department.

Normally consists of a multi-day field excursion in the Ottawa region. A supplementary charge may apply.

Consult the department regarding course details.

GEOG 3001 [0.5 credit]**Doing Qualitative Research**

Theory and methods used in qualitative approaches to research in human geography; hands-on experience and discussion of beliefs and claims underlying scholarly work.

Ethical and practical dilemmas confronting researchers.

Gathering and interpreting qualitative information; representing knowledge.

Includes: Experiential Learning Activity

Prerequisite(s): GEOG 2005 or ENST 2005.

Lecture and discussion three hours per week.

GEOG 3003 [0.5 credit]**Quantitative Geography**

Quantitative methods used in geographical research: multiple correlation and regression, principal component/factor analysis, spatial statistics, cluster analysis, and a review of other selected techniques. Computer-based analysis.

Includes: Experiential Learning Activity

Prerequisite(s): GEOG 2006 or ENST 2006 or STAT 2507 or permission of the Department.

Lecture two hours a week, laboratory two hours a week.

GEOG 3009 [0.5 credit]**Special Topics in Human Geography**

Selected topics concerning human geography not usually included in regular course offerings. Topic varies from year to year. Students should check with the Department for more information.

Precludes additional credit for GEOG 2505 (no longer offered).

Prerequisite(s): GEOG 1020 or ENST 1020 and third-year standing, or permission of the Department.

Lecture three hours per week.

GEOG 3010 [0.5 credit]**Field Methods in Physical Geography**

Field and laboratory approaches, methodologies and techniques in physical geography. Field projects will be undertaken to collect data for analysis, evaluation and presentation.

Includes: Experiential Learning Activity

Prerequisite(s): GEOG 2006 or ENST 2006 or STAT 2507 and GEOG 2013 or GEOG 2014 or permission of the Department.

Normally consists of a multi-day field camp, including lodging, during Fall or Winter Break, and regular classroom meetings. A supplementary charge will apply.

GEOG 3021 [0.5 credit]**Geographies of Culture and Identity**

Examination of culture, identity and place over time in different contexts; how colonialism, globalization and other processes have shaped societies; geographies of identity, including gender, ethnicity, race and nationality; relationships between cultural groups and their natural surroundings and impacts of climate change.

Includes: Experiential Learning Activity

Prerequisite(s): GEOG 2300 and third-year standing, or permission of the Department.

Lecture three hours a week.

GEOG 3022 [0.5 credit]**Environmental and Natural Resources**

Exploration of complexity, dynamics, uncertainty and equity issues underpinning environmental and resource issues; review and appraisal of selected contemporary methods to assess and manage environmental and natural resources.

Includes: Experiential Learning Activity

Also listed as ENST 3022.

Prerequisite(s): third-year standing in Geography or Environmental Studies or BGIInS Specialization/Stream in Globalization and Environment or permission of the Department.

Lecture three hours a week.

GEOG 3023 [0.5 credit]**Cities in a Global World**

Introduces the study of cities as "systems of cities", the political economy of linkages between urban places located unevenly in space, and "cities as systems". Case studies of socio-cultural, political and economic relations within biophysical and built environments.

Includes: Experiential Learning Activity

Prerequisite(s): GEOG 2023 and third-year standing, or permission of the department.

Lecture and discussion three hours a week.

GEOG 3024 [0.5 credit]
Understanding Globalization

Geographical analysis of processes of globalization: theoretical frameworks, historical context and contemporary challenges.

Prerequisite(s): GEOG 2200 and third-year standing, or permission of the Department.

Lecture three hours a week.

GEOG 3025 [0.5 credit]
Geographies of Selected Regions

Geographical analysis of key questions facing a selected region of the world. Attention will focus on selected topics within one or more regions and their related global context.

Prerequisite(s): third-year standing in a B.A. program or BGIInS Specialization/Stream in Globalization and Environment or permission of the Department.

Lecture three hours a week.

GEOG 3026 [0.5 credit]
Topics in the Geography of Canada

Selected topic concerning the geography of Canada.

Topic varies from year to year.

Precludes additional credit for GEOG 2505 [no longer offered].

Prerequisite(s): GEOG 1020 or ENST 1020 and second-year standing, or permission of the Department.

Lecture three hours a week.

GEOG 3030 [0.5 credit]
Regional Field Excursion

Guided and independent geographic field research, with a focus on data collection methods, and analysis and presentation of findings. Consists of an excursion outside of the Ottawa region. A supplementary charge may apply. Includes: Experiential Learning Activity

Prerequisite(s): third-year Honours standing in Geography or BGIInS Specialization in Globalization and Environment or permission of the Department.

A seven- to ten-day field excursion.

GEOG 3102 [0.5 credit]
Geomorphology

Geomorphological agents of landscape change at the Earth's surface, emphasizing the role of water, ice and wind in erosion and deposition; use of geomorphic indicators in studies of environmental and climate change. A supplementary charge may apply.

Includes: Experiential Learning Activity

Prerequisite(s): GEOG 2014 and third-year standing, or permission of the Department.

Lectures two hours a week, laboratory two hours a week, one field excursion.

GEOG 3103 [0.5 credit]
Watershed Hydrology

Principles of watershed hydrology and climate change impacts on renewable freshwater resources, emphasizing the physical mechanisms of runoff generation, groundwater flow, soil water movement, evapotranspiration and snowmelt.

Includes: Experiential Learning Activity

Prerequisite(s): GEOG 2013 or permission of the Department.

Lectures three hours a week, laboratory two hours a week.

GEOG 3104 [0.5 credit]
Principles of Biogeography

Contemporary and past controls on distribution of plants and animals at global, regional and local scales; significance of these distributions.

Includes: Experiential Learning Activity

Also listed as BIOL 3608.

Prerequisite(s): GEOG 1010 or BIOL 2600, or permission of the Department.

Lectures, laboratory, and fieldwork five hours a week.

GEOG 3105 [0.5 credit]
Climate and Atmospheric Change

The global climate system, with emphasis on global change variability over the historical and modern periods; the changing composition of the atmosphere and its impact on climate; analysis and interpretation of climatic and atmospheric data; modeling of climate systems.

Includes: Experiential Learning Activity

Prerequisite(s): GEOG 2013 or permission of the Department.

Lecture two hours a week, laboratory two hours a week.

GEOG 3106 [0.5 credit]
Aquatic Science and Management

Fundamentals of aquatic science. The physical, chemical, and biotic aspects of lake, river, and estuary ecosystems in different geographic contexts. The impacts of climate and environmental changes on aquatic ecosystems and management and conservation actions to conserve and restore these ecosystems.

Includes: Experiential Learning Activity

Also listed as ENSC 3106.

Prerequisite(s): third-year standing and a second-year science or engineering course.

Lectures three hours per week.

GEOG 3108 [0.5 credit]**Soil Properties**

The physical, chemical and biological properties of soils and how these impact soil-water relationships, soil quality, soil fertility, soil biology and soil classification, among other topics. Examines the role of soils in food production and climate change.

Includes: Experiential Learning Activity

Prerequisite(s): GEOG 2013 or GEOG 2014 or permission of the Department.

Lectures and laboratory five hours a week.

GEOG 3206 [0.5 credit]**Health, Environment, and Society**

Explores the nexus between geography and human health, including climate change impacts on disease, mental and physical health, and inequity; relationships between colonization, modernization, identity, ideologies, and the environment; population health and health behaviour; social determinants of global health inequality and possibilities for change.

Prerequisite(s): third-year standing.

Lectures three hours a week.

GEOG 3209 [0.5 credit]**Sustainability and Environment in the South**

Analysis of the relationships between people and environment in selected regions in the South (Africa, Asia, Latin America). Emphasis on sustainable livelihoods and local action in relation to climate change and broader socioeconomic and political processes. Regions selected vary from year to year.

Prerequisite(s): third-year standing and ENST 2000 or ENST 2001 or GEOG 2200 or GEOG 2300 or permission of the Department.

Lecture and discussion three hours a week.

GEOG 3404 [0.5 credit]**Geographies of Economic Development**

Geographical approaches to economic development and difference at local, regional, and global scales. Critical historical, cultural, social, political, economic, and environmental perspectives on 'development', including theories of the state, colonial power, development institutions, and climate change. Spatial dynamics and environmental impacts of economic activity.

Prerequisite(s): GEOG 2200 or permission of the Department.

Lectures three hours a week.

GEOG 3501 [0.5 credit]**Geographies of the Canadian North**

Key issues in contemporary northern Canada, including land and jurisdiction, wildlife, resource extraction, economic development, culture, geopolitics, health, and climate change. Historical geography and physical characteristics of the region.

Prerequisite(s): third-year standing or permission of the Department.

Lectures three hours a week.

GEOG 3700 [0.5 credit]**Population Geography**

The distributional aspects of population attributes; areal patterns of population characteristics and their spatial variations associated with differences in the nature of places; migratory movements within the framework of spatial models of interactions between locations.

Prerequisite(s): GEOG 2200 or GEOG 2300, or permission of the Department.

Lectures three hours a week.

GEOG 3999 [0.0 credit]**Co-operative Work Term**

Includes: Experiential Learning Activity

GEOG 4000 [0.5 credit]**Field Studies**

Field observation and methodology in a selected region; individual or group basis.

Includes: Experiential Learning Activity

Also listed as ENST 4400.

Prerequisite(s): third-year Honours standing and permission of the Department.

Hours to be arranged.

GEOG 4004 [0.5 credit]**Environmental Impact Assessment**

Principles, scope and purpose of environmental impact assessment, from conceptual and methodological points of view; range of environmental issues, with emphasis on Canadian case studies.

Includes: Experiential Learning Activity

Also listed as ENST 4004.

Prerequisite(s): GEOG 3022 or ENST 3022, and fourth-year Honours standing in Geography or Environmental Studies or Environmental Science, or permission of the Department.

Lectures and seminars three hours a week.

GEOG 4005 [0.5 credit]**Directed Studies in Geography**

Students pursue their interest in a selected theme in geography on a tutorial basis with a member of the Department.

Prerequisite(s): permission of the Department.

GEOG 4007 [0.5 credit]**Special Topics in Geography and Environmental Studies**

Selected topics in geography and/or environmental studies.

Also listed as ENST 4007.

Precludes additional credit for GEOG 4006.

Prerequisite(s): fourth-year Honours standing in the Department or permission of the Department.

Seminar three hours per week.

GEOG 4013 [0.5 credit]**Cold Region Hydrology**

An examination of cold region hydrologic processes via experimental and observational studies emphasizing arctic, sub-arctic and northern boreal landscapes experiencing rapid climate change.

Prerequisite(s): GEOG 3103.

Lecture three hours a week.

GEOG 4017 [0.5 credit]**Global Biogeochemical Cycles**

Processes that control the fluxes and reservoirs of biologically active chemical constituents on land, in the atmosphere, and in the oceans. Climate change impacts on global carbon and nitrogen cycles and their feedbacks on the climate system.

Prerequisite(s): GEOG 3108 or permission of the Department.

Lectures three hours a week.

GEOG 4021 [0.5 credit]**Seminar in Culture, Identity and Place**

Selected topic or field of inquiry concerning the geographic dimensions of culture, identity and place.

Prerequisite(s): GEOG 3021 and fourth-year Honours standing in Geography or permission of the Department.

Seminar three hours a week.

GEOG 4022 [0.5 credit]**Seminar in People, Resources and Environmental Change**

A selected topic or field of inquiry concerning natural resource use and environmental change.

Also listed as ENST 4022.

Prerequisite(s): GEOG 3022 or ENST 3022 and fourth-year Honours standing in Geography or Environmental Studies or BGIInS Specialization in Globalization and Environment or permission of the Department.

Seminar three hours a week.

GEOG 4023 [0.5 credit]**Seminar in Special Topics on the City**

A selected topic or field of inquiry concerning urban geography.

Prerequisite(s): GEOG 3023 and fourth-year Honours standing in Geography or Environmental Studies or BGIInS Specialization in Globalization and Environment or permission of the Department.

Seminar three hours per week.

GEOG 4024 [0.5 credit]**Seminar in Globalization**

A selected issue or topic related to globalization.

Prerequisite(s): GEOG 3024 and fourth-year Honours standing in Geography or BGIInS Specialization in Globalization and Environment or permission of the Department.

Seminar three hours week.

GEOG 4040 [0.5 credit]**Geographic Thought**

Major intellectual issues and debates in the development of contemporary human geography, including history of geographic thought, geographic responses to social and political movements and debates, and geographic engagement with contemporary critical theory.

Prerequisite(s): fourth-year Honours standing in Geography or permission of the Department.

Seminar three hours per week.

GEOG 4050 [0.5 credit]**Environmental and Geographic Education**

Selected theoretical and applied issues concerning environmental and geographic education.

Also listed as ENST 4050.

Prerequisite(s): third-year Honours standing in Geography or Environmental Studies, or permission of the Department.

Seminar three hours per week.

GEOG 4101 [0.5 credit]**Two Million Years of Environmental Change**

Multidisciplinary scientific study of the changes in the physical environment of the Earth during the last two million years and methods of studying recent Earth history, with focus on current research.

Includes: Experiential Learning Activity

Prerequisite(s): third year standing in a B.Sc. program, or a third year Science Geography Elective or a third year EARTH course, or permission of the Department. Note: GEOG 3105 is recommended.

Lectures three hours a week.

GEOG 4103 [0.5 credit]**Water Resources Engineering**

A quantitative analysis of natural water systems and the development of these systems as a resource.

Components of the hydrologic cycle. Quantitative analysis of stream flow. Probability concepts in water resources. Reservoir design and operation. Availability of groundwater. Storm water management.

Also listed as ENVE 3003.

Prerequisite(s): permission of the Department.

Recommended background: MAAE 2300.

Lectures three hours a week, problem analysis one hour a week.

GEOG 4104 [0.5 credit]**Microclimatology**

The formation of microclimates near the Earth's surface.

Discussion and demonstration of techniques used to measure and monitor microclimates. Microclimate impacts on forest, crop and animal production, hydrology, urban heat islands, and the impacts of climate change.

Prerequisite(s): GEOG 2013 or permission of the Department.

Lectures three hours a week.

GEOG 4108 [0.5 credit]**Permafrost**

Understanding permafrost processes and phenomena and how they respond to climate change. Topics include the distribution, development, and degradation of permafrost; interactions between atmosphere, snow, and ground; the thermal and hydrologic regime of permafrost terrain; landforms in permafrost regions; geotechnical consideration in northern construction.

Prerequisite(s): GEOG 3108 or permission of the Department.

Lectures three hours a week.

GEOG 4304 [0.5 credit]**Transportation Engineering and Planning**

Transportation and the socio-economic environment; modal and intermodal systems and components; vehicle motion; human factors, system and facility design; traffic flow; capacity analysis; planning methodology; environmental impacts; evaluation methods.

Precludes additional credit for CIVE 3304.

Prerequisite(s): third-year standing, or permission of the Department.

Lectures three hours a week, problem analysis three hours alternate weeks.

GEOG 4323 [0.5 credit]**Urban and Regional Planning**

History, theories, and practice of urban planning, as well as the policies, plans, and programs developed and implemented in diverse communities. Course topics may include the integration of community development and social planning, urban design, transportation and infrastructure, and environmental management.

Includes: Experiential Learning Activity

Prerequisite(s): GEOG 3023 and fourth-year standing in Geography or Environmental Studies, or permission of the department.

Lectures three hours per week.

GEOG 4406 [0.5 credit]**Practicum I**

Students apply their knowledge and research skills and gain experience through field placements in government, the private sector, non-government organisations and with community organisations in the environmental field.

Includes: Experiential Learning Activity

Also listed as GEOM 4406.

Prerequisite(s): fourth-year Honours standing in Geography or Geomatics and permission of the Department.

Field placement one day a week.

GEOG 4408 [0.5 credit]**Practicum II**

Students apply their knowledge and research skills and gain experience through field placements in government, the private sector, non-government organisations and with community organisations in the environmental field.

Includes: Experiential Learning Activity

Also listed as GEOM 4408.

Prerequisite(s): fourth-year Honours standing in Geography or Geomatics and permission of the Department.

Field placement of one day a week.

GEOG 4450 [0.5 credit]**Community-Engaged Research**

Working in partnership with local organizations, students apply their geographical knowledge to conduct community-engaged research. Student projects will generate outputs for community partners. Research topics vary year to year.

Includes: Experiential Learning Activity

Also listed as ENST 4450.

Prerequisite(s): fourth-year standing, or permission of the department.

Lectures, discussion and project work three hours a week.

GEOG 4906 [1.0 credit]**Honours Research Project**

A research project based on a modeling, laboratory or field problem. The project is supervised by a member of the department and a written thesis and poster must be submitted.

Includes: Experiential Learning Activity

Precludes additional credit for GEOG 4904/GEOM 4904 (no longer offered), GEOM 4906, GEOG 4909, GEOM 4909, ENST 4906, and ENST 4907.

Prerequisite(s): fourth-year Honours standing in B.Sc. Geography, and an approved research topic and adviser. Hours to be arranged with faculty adviser.

GEOG 4909 [1.0 credit]**Honours Research Thesis**

Independent design and implementation of a research project leading to the submission of a research thesis. Students work with an individual faculty adviser. The subject for research is decided upon in consultation with the supervisor.

Includes: Experiential Learning Activity

Precludes additional credit for GEOG 4904/GEOM 4904 (no longer offered), GEOG 4906, GEOM 4906, GEOM 4909, ENST 4906, and ENST 4907.

Prerequisite(s): fourth-year Honours standing in B.A. Geography or B.Globalization and International Studies, a minimum CGPA of 9.00 in the major or permission of the Department, and an approved research topic and adviser. Hours to be arranged with faculty adviser.

Geomatics

This section presents the requirements for programs in:

- **Geomatics B.A. Honours**
- **Geomatics B.Sc. Honours**
- **Minor in Geomatics**

Program Requirements**Course Categories for B.Sc. Geomatics**

See Academic Regulations for the Bachelor of Science Degree for a list of courses in these categories.

- Science Continuation
- Experimental Science Electives
- Science Faculty Electives
- Approved Courses Outside the Faculties of Science and Engineering and Design
- Science Geography courses

Geomatics**B.A. Honours (20.0 credits)****A. Credits Included in the Major CGPA (9.5 credits)**

1. 1.0 credit in:	1.0
GEOG 1010 [0.5]	Global Environmental Systems
GEOG 1020 [0.5]	People, Places and Environments
2. 2.5 credits in:	2.5
GEOM 1004 [0.5]	Maps, Satellites and the Geospatial Revolution
GEOM 2005 [0.5]	Introduction to Geospatial Programming
GEOG 2006 [0.5]	Introduction to Quantitative Research
or STAT 2507 [0.5]	Introduction to Statistical Modeling I
GEOM 2007 [0.5]	Vector GIS: Points, Lines and Polygons
GEOM 2008 [0.5]	Raster GIS: Pixels and Grids
3. 2.5 credits in:	2.5
GEOG 3000 [0.5]	Honours Field Course
or GEOG 3010 [0.5]	Field Methods in Physical Geography
GEOM 3002 [0.5]	Introduction to Remote Sensing
GEOG 3003 [0.5]	Quantitative Geography
GEOM 3005 [0.5]	Geospatial Analysis
GEOM 3007 [0.5]	Cartographic Theory and Design
4. 1.5 credits from:	1.5
GEOM 4001 [0.5]	Special Topics in Geomatics
GEOM 4003 [0.5]	Remote Sensing of the Environment
GEOM 4005 [0.5]	Directed Studies in Geomatics
GEOM 4008 [0.5]	Advanced Topics in Geographic Information Systems
GEOM 4009 [0.5]	Custom Geomatics Applications
5. 1.0 credit in GEOG at the 2000-level or higher	1.0
6. 1.0 credit from:	1.0
a) Thesis pathway	
GEOM 4909 [1.0]	Honours Research Thesis
or	
b) Course pathway	
1.0 credit in GEOM or GEOG at the 4000-level	
B. Credits not included in the Major CGPA (10.5 credits)	
7. 8.0 credits in electives not in Geomatics	8.0
8. 2.5 credits in free electives.	2.5
Total Credits	20.0

Geomatics**B.Sc. Honours (20.0 credits)****A. Credits Included in the Major CGPA (10.0 credits)**

1. 0.5 credit from:	0.5
GEOG 1010 [0.5]	Global Environmental Systems

ERTH 1002 [0.5]	The Earth and Life Odyssey: A Journey Through Billions of Years	
2. 3.5 credits in:		3.5
GEOM 1004 [0.5]	Maps, Satellites and the Geospatial Revolution	
GEOG 2013 [0.5]	Weather and Water	
GEOM 2005 [0.5]	Introduction to Geospatial Programming	
GEOG 2006 [0.5]	Introduction to Quantitative Research	
	or STAT 2507 [0.5] Introduction to Statistical Modeling I	
GEOM 2007 [0.5]	Vector GIS: Points, Lines and Polygons	
GEOM 2008 [0.5]	Raster GIS: Pixels and Grids	
CIVE 2004 [0.5]	GIS, Surveying, CAD and BIM	
3. 2.5 credits in:		2.5
GEOG 3000 [0.5]	Honours Field Course	
	or GEOG 3010 [0.5] Field Methods in Physical Geography	
GEOM 3002 [0.5]	Introduction to Remote Sensing	
GEOG 3003 [0.5]	Quantitative Geography	
GEOM 3005 [0.5]	Geospatial Analysis	
GEOM 3007 [0.5]	Cartographic Theory and Design	
4. 1.5 credits from:		1.5
GEOM 4001 [0.5]	Special Topics in Geomatics	
GEOM 4003 [0.5]	Remote Sensing of the Environment	
GEOM 4005 [0.5]	Directed Studies in Geomatics	
GEOM 4008 [0.5]	Advanced Topics in Geographic Information Systems	
GEOM 4009 [0.5]	Custom Geomatics Applications	
5. 1.0 credits in GEOG at the 2000-level or higher		1.0
6. 1.0 credit in:		1.0
GEOM 4906 [1.0]	Honours Research Project	
B. Credits Not Included in the Major CGPA (10.0 credits)		
7. 1.0 credit in Experimental Science Electives		1.0
8. 1.0 credits in:		1.0
MATH 1007 [0.5]	Elementary Calculus I	
MATH 1107 [0.5]	Linear Algebra I	
9. 1.0 approved credits in Computer Science		1.0
10. 2.0 credits in Science Continuation not in GEOM		2.0
11. 1.0 credit in Science Faculty Electives		1.0
12. 0.5 credit in:		0.5
ISAP 1000 [0.5]	Seminar in Science (or approved courses outside the faculties outside the faculties of Science and Engineering and Design)	
13. 1.5 credits in approved courses outside the faculties of Science and Engineering and Design		1.5
14. 2.0 credits in free electives		2.0
Total Credits		20.0

Minor in Geomatics (4.0 credits)

Only students pursuing undergraduate programs (except the B.A. Honours or B.Sc. Honours in Geomatics) requiring at least 20.0 credits to graduate may be admitted to the minor in Geomatics.

Students are required to present a Minor CGPA of 4.00 or higher at graduation in order to be awarded a Minor in Geomatics.

Requirements

1. 0.5 credit in:		0.5
GEOM 1004 [0.5]	Maps, Satellites and the Geospatial Revolution	
2. 1.0 credit from:		1.0
GEOM 2005 [0.5]	Introduction to Geospatial Programming	
GEOM 2007 [0.5]	Vector GIS: Points, Lines and Polygons	
GEOM 2008 [0.5]	Raster GIS: Pixels and Grids	
3. 0.5 credit from:		0.5
GEOG 2006 [0.5]	Introduction to Quantitative Research	
STAT 2507 [0.5]	Introduction to Statistical Modeling I	
4. 1.5 credits from:		1.5
GEOM 3002 [0.5]	Introduction to Remote Sensing	
GEOG 3003 [0.5]	Quantitative Geography	
GEOM 3005 [0.5]	Geospatial Analysis	
GEOM 3007 [0.5]	Cartographic Theory and Design	
5. 0.5 credit from:		0.5
GEOM 4001 [0.5]	Special Topics in Geomatics	
GEOM 4003 [0.5]	Remote Sensing of the Environment	
GEOM 4005 [0.5]	Directed Studies in Geomatics	
GEOM 4008 [0.5]	Advanced Topics in Geographic Information Systems	
GEOM 4009 [0.5]	Custom Geomatics Applications	
6. The remaining requirements of the major discipline(s) and degree must be satisfied.		

Total Credits **4.0**

Note: Familiarity with computers is assumed. Students with little computer experience may wish to take one of the following courses as part of their program of study:

BUSI 1402 [0.5]	Introduction to Business Information and Communication Technologies
COMP 1001 [0.5]	Introduction to Computational Thinking for Arts and Social Science Students

B.A. Regulations

The regulations presented below apply to all Bachelor of Arts programs. In addition to the requirements presented here, students must satisfy the University regulations common to all undergraduate students including the process of Academic Continuation Evaluation (consult the *Academic Regulations of the University* section of this Calendar).

First-Year Seminars

B.A. degree students are strongly encouraged to include a First-Year Seminar (FYSM) during their first 4.0 credits of registration. Students are limited to 1.0 credit in FYSM and can only register in a FYSM while they have first-year standing in their B.A. program.

Breadth Requirement

Among the credits presented at graduation, students in both the B.A. and the B.A. Honours degrees and B.Co.M.S. are required to include 3.0 breadth credits, which must include 1.0 credit in three of the four breadth areas identified below. Credits that fulfil requirements in the Major, Minor, Concentration, Specialization, or Stream may also be used to fulfil the Breadth Requirement.

Students admitted with a completed university degree are exempt from breadth requirements.

Students in the following interdisciplinary programs are exempt from the B.A. breadth requirement.

- African Studies
- Criminology and Criminal Justice
- Environmental Studies
- Human Rights
- Human Rights and Social Justice

Breadth Area 1: Culture and Communication

American Sign Language, Art History, Art and Culture, Communication and Media Studies, Digital Humanities, English, Film Studies, French, Journalism, Media Production and Design, Music, and Languages (Arabic, English as a Second Language, German, Greek, Hebrew, Indigenous Languages, Italian, Japanese, Korean, Latin, Mandarin, Portuguese, Russian, Spanish)

Subject codes: ARAB, ARTH, ASLA, CHIN, COMS, DIGH, ENGL, ESLA, FILM, FINS, FREN, GERM, GREK, HEBR, ITAL, JAPA, JOUR, KORE, LANG, LATN, MPAD, MUSI, PORT, RUSS, SPAN

Breadth Area 2: Humanities

African Studies, Applied Linguistics and Discourse Studies, Archaeology, Canadian Studies, Child Studies, Classical Civilization, Critical Race Studies, Directed Interdisciplinary Studies, Disability Studies, Environmental and Climate Humanities, European and Russian Studies, History, Human Rights and Social Justice, Humanities, Indigenous Studies, Latin American and Caribbean Studies, Linguistics, Medieval and Early Modern Studies, Philosophy, Religion, Sexuality Studies, South Asian Studies, and Women's and Gender Studies.

Subject codes: AFRI, ALDS, ARCY, CDNS, CHST, CLCV, CRST, DBST, DIST, EACH, EURR, HIST, HRSJ, HUMR, HUMS, INDG, LACS, LING, MEMS, PHIL, RELI, SAST, SXST, WGST

Breadth Area 3: Science, Engineering, and Design

Architecture, Biology, Chemistry, Computer Science, Data Science, Earth Sciences, Engineering, Environmental Science, Food Science and Nutrition, Health Sciences, Industrial Design, Information Resource Management, Information Technology (BIT), Information Technology (ITEC), Interactive Multimedia and Design, Interdisciplinary Science and Practice, Mathematics, Neuroscience, Network Technology, Nursing, Optical Systems and Sensors, Photonics, Statistics, Physics, and Technology, Society, Environment.

Subject codes: ACSE, AERO, ARCC, ARCH, ARCN, ARCS, ARCU, BIOC, BIOL, BIT, CHEM, CIVE, COMP, CSEC, DATA, ECOR, ELEC, ENSC, ENVE, ERTN, FOOD, HLTH, IDES, IMD, IRM, ISAP, ISCI, ISCS, ISYS, ITEC, MAAE, MATH, MECH, MECT, NET, NEUR, NSCI, NURS, OSS, PHYS, PLT, SREE, STAT, SYSC, TSES

Breadth Area 4: Social Sciences

Anthropology, Business, Cognitive Science, Criminology and Criminal Justice, Economics, Environmental Studies, Geography, Geomatics, Global and International Studies, Global Politics, Interdisciplinary Public Affairs, International Affairs, Law, Migration and Diaspora Studies, Political Management, Political Science, Psychology, Public Administration, Public Affairs and Policy Management, Social Work, Sociology/Anthropology, Sociology

Subject codes: ANTH, BUSI, CGSC, CRCJ, ECON, ENST, GEOG, GEOM, GINS, GPOL, INAF, IPAF, LAWS, MGDS, PADM, PAPM, POLM, PSCI, PSYC, SOCI, SOWK

Declared and Undeclared Students

Degree students are considered "Undeclared" if they have been admitted to a degree, but have not yet selected and been accepted into a program within that degree. The status "Undeclared" is available only in the B.A. and B.Sc. degrees. Undeclared students must apply to enter a program upon or before completing 3.5 credits.

Change of Program Within the B.A. Degree

To transfer to a program within the B.A. degree, applicants must normally be *Eligible to Continue* (EC) in the new program, by meeting the CGPA thresholds described in Section 3.1.9 of the *Academic Regulations of the University*.

Applications to declare or change programs within the B.A. degree online must be made online through Carleton Central by completing a Change of Program Elements (COPE) application form within the published deadlines. Acceptance into a program, or into a program element or option, is subject to any enrollment limitations, as well as specific program, program element, or option requirements as published in the relevant Calendar entry.

Minors, Concentrations, and Specializations

Students may add a Minor, Concentration, or Specialization by completing a Change of Program Elements (COPE) application form online through Carleton Central. Acceptance into a Minor, Concentration, or Specialization normally requires that the student be *Eligible to Continue* (EC) and is subject to any specific requirements of the intended Minor, Concentration, or Specialization as published in the relevant Calendar entry and in Section 3.1.9 of the *Academic Regulations of the University*.

Mention : français

Students registered in certain B.A. programs may earn the diploma notation *Mention : français* by completing part of their program requirements in French, and by demonstrating knowledge of the history and culture of French Canada. The general requirements are listed

below. For more specific details, consult the departmental program entries.

Students in a B.A. Honours program must present:

1. 1.0 credit in French language;
2. 1.0 credit devoted to the history and culture of French Canada;
3. 1.0 credit at the 2000- or 3000-level in the Honours discipline taken in French; and
4. 1.0 credit at the 4000-level in the Honours discipline taken in French.

Students in a B.A. program must present:

1. 1.0 credit in advanced French;
2. 1.0 credit devoted to the history and culture of French Canada;
3. 1.0 credit at the 2000- or 3000-level in the Major discipline taken in French.

Students in Combined Honours programs must fulfil the *Mention : français* requirement in both disciplines.

Courses taught in French (Items 3 and 4, above) may be taken at Carleton, at the University of Ottawa on the Exchange Agreement, or at a francophone university on a Letter of Permission. Students planning to take courses on exchange or on a Letter of Permission should take careful note of the residence requirement for a minimum number of Carleton courses in their programs. Consult the *Academic Regulations of the University* section of this Calendar for information regarding study on exchange or Letter of Permission.

B.Sc. Regulations

The regulations presented in this section apply to all Bachelor of Science programs. In addition to the requirements presented here, students must satisfy the University regulations common to all undergraduate students including the process of Academic Continuation Evaluation (see the *Academic Regulations of the University* section of this Calendar).

Breadth Requirement for the B.Sc.

Students in a Bachelor of Science program must present the following credits at graduation:

1. 2.0 credits in Science Continuation courses not in the major discipline; **students completing a double major are considered to have completed this requirement providing they have 2.0 credits in Science Continuation courses in each of the two majors;**
2. 2.0 credits in courses outside of the faculties of Science and Engineering and Design (may include ISAP 1000)

In most cases, the requirements for individual B.Sc. programs, as stated in this Calendar, contain these requirements, explicitly or implicitly.

Students admitted to B.Sc. programs by transfer from another institution must present at graduation (whether taken at Carleton or elsewhere):

1. 2.0 credits in courses outside of the faculties of Science and Engineering and Design (may include ISAP 1000) if the student received fewer than 10.0 transfer credits; or,
2. 1.0 credit in courses outside of the faculties of Science and Engineering and Design (may include ISAP 1000) if the student received 10.0 or more transfer credits.

Declared and Undeclared Students

Degree students are considered "Undeclared" if they have been admitted to a degree, but have not yet selected and been accepted into a program within that degree. The status "Undeclared" is available only in the B.A. and B.Sc. degrees. Undeclared students must apply to enter a program upon or before completing 3.5 credits.

Change of Program within the B.Sc. Degree

To transfer to a program within the B.Sc. degree, applicants must normally be *Eligible to Continue* (EC) in the new program, by meeting the CGPA thresholds described in Section 3.1.9 of the *Academic Regulations of the University*.

Applications to declare or change programs within the B.Sc. degree must be made online through Carleton Central by completing a Change of Program Elements (COPE) application form within the published deadlines. Acceptance into a program, or into a program element or option, is subject to any enrolment limitations, and/or specific program, program element or option requirements as published in the relevant Calendar entry.

Minors, Concentrations, and Specializations

Students may add a Minor, Concentration, or Specialization by completing a Change of Program Elements (COPE) application form online through Carleton Central. Acceptance into a Minor, Concentration, or Specialization normally requires that the student be *Eligible to Continue* (EC) and is meeting the minimum CGPAs described in Section 3.1.9 of the *Academic Regulations of the University*, as well as being subject to any specific requirements of the intended Minor, Concentration, or Specialization as published in the relevant Calendar entry.

Experimental Science Requirement

Students in a B.Sc. degree program must present at graduation at least two full credits of Experimental Science chosen from two different departments or institutes from the list below:

Approved Experimental Science Courses

Biochemistry	
BIOC 2200 [0.5]	Cellular Biochemistry
BIOC 4001 [0.5]	Methods in Biochemistry
BIOC 4201 [0.5]	Advanced Cell Culture and Tissue Engineering
Biology	
BIOL 1103 [0.5]	Foundations of Biology I
BIOL 1104 [0.5]	Foundations of Biology II
BIOL 2001 [0.5]	Animals: Form and Function
BIOL 2002 [0.5]	Plants: Form and Function
BIOL 2104 [0.5]	Introductory Genetics

BIOL 2200 [0.5]	Cellular Biochemistry
BIOL 2600 [0.5]	Ecology
Chemistry	
CHEM 1001 [0.5]	General Chemistry I
CHEM 1002 [0.5]	General Chemistry II
CHEM 2103 [0.5]	Physical Chemistry I
CHEM 2203 [0.5]	Organic Chemistry I
CHEM 2204 [0.5]	Organic Chemistry II
CHEM 2302 [0.5]	Analytical Chemistry I
CHEM 2303 [0.5]	Analytical Chemistry II
CHEM 2800 [0.5]	Foundations for Environmental Chemistry
Earth Sciences	
ERTH 1002 [0.5]	The Earth and Life Odyssey: A Journey Through Billions of Years
ERTH 2102 [0.5]	Mineralogy to Petrology
ERTH 2404 [0.5]	Engineering Geoscience
ERTH 2802 [0.5]	Field Geology I
ERTH 3111 [0.5]	Vertebrate Evolution: Mammals, Reptiles, and Birds
ERTH 3112 [0.5]	Vertebrate Evolution: Fish and Amphibians
ERTH 3204 [0.5]	Mineral Deposits
ERTH 3205 [0.5]	Physical Hydrogeology
Food Sciences	
FOOD 3001 [0.5]	Food Chemistry
FOOD 3002 [0.5]	Food Analysis
FOOD 3005 [0.5]	Food Microbiology
Geography	
GEOG 1010 [0.5]	Global Environmental Systems
GEOG 3108 [0.5]	Soil Properties
Neuroscience	
NEUR 3206 [0.5]	Sensory and Motor Neuroscience
NEUR 3207 [0.5]	Systems Neuroscience
NEUR 4600 [0.5]	Advanced Lab in Neuroanatomy
Physics	
PHYS 1001 [0.5]	Foundations of Physics I
PHYS 1002 [0.5]	Foundations of Physics II
PHYS 1003 [0.5]	Introductory Mechanics and Thermodynamics
PHYS 1004 [0.5]	Introductory Electromagnetism and Wave Motion
PHYS 1007 [0.5]	Elementary University Physics I
PHYS 1008 [0.5]	Elementary University Physics II
PHYS 2202 [0.5]	Wave Motion and Optics
PHYS 2604 [0.5]	Modern Physics I

PHYS 3606 [0.5]	Modern Physics II
PHYS 3608 [0.5]	Modern Applied Physics

Course Categories for B.Sc. Programs

Science Geography Courses

GEOG 1010 [0.5]	Global Environmental Systems
GEOG 2006 [0.5]	Introduction to Quantitative Research
GEOG 2013 [0.5]	Weather and Water

GEOG 2014 [0.5]	The Earth's Surface
GEOG 3003 [0.5]	Quantitative Geography
GEOG 3010 [0.5]	Field Methods in Physical Geography
GEOG 3102 [0.5]	Geomorphology
GEOG 3103 [0.5]	Watershed Hydrology
GEOG 3104 [0.5]	Principles of Biogeography
GEOG 3105 [0.5]	Climate and Atmospheric Change
GEOG 3106 [0.5]	Aquatic Science and Management
GEOG 3108 [0.5]	Soil Properties
GEOG 4000 [0.5]	Field Studies
GEOG 4005 [0.5]	Directed Studies in Geography
GEOG 4013 [0.5]	Cold Region Hydrology
GEOG 4017 [0.5]	Global Biogeochemical Cycles
GEOG 4101 [0.5]	Two Million Years of Environmental Change
GEOG 4103 [0.5]	Water Resources Engineering
GEOG 4104 [0.5]	Microclimatology
GEOG 4108 [0.5]	Permafrost

Science Psychology Courses

PSYC 2001 [0.5]	Introduction to Research Methods in Psychology
PSYC 2002 [0.5]	Introduction to Statistics in Psychology
PSYC 2700 [0.5]	Introduction to Cognitive Psychology
PSYC 3000 [1.0]	Design and Analysis in Psychological Research
PSYC 3506 [0.5]	Cognitive Development
PSYC 3700 [1.0]	Cognition (Honours Seminar)
PSYC 3702 [0.5]	Perception
PSYC 2307 [0.5]	Human Neuropsychology I
PSYC 3307 [0.5]	Human Neuropsychology II

Science Continuation Courses

A course at the 2000 level or above may be used as a Science Continuation credit in a B.Sc. program if it is not in the student's major discipline, and is chosen from the following:

BIOC (Biochemistry)
BIOL (Biology) Biochemistry students may use BIOL 2005 only as a free elective.
CHEM (Chemistry)
COMP (Computer Science) A maximum of two half-credits at the 1000-level in COMP, excluding COMP 1001 may be used as Science Continuation credits.
ERTH (Earth Sciences), except ERTH 2415 which may be used only as a free elective for any B.Sc. program. Students in Earth Sciences programs may use ERTH 2401, ERTH 2402, and ERTH 2403 only as free electives.
Engineering. Students wishing to register in Engineering courses must obtain the permission of the Faculty of Engineering and Design.
ENSC (Environmental Science)
FOOD (Food Science and Nutrition)
GEOM (Geomatics)
HLTH (Health Sciences)
ISAP (Interdisciplinary Science Practice)

MATH (Mathematics)
 NEUR (Neuroscience)
 PHYS (Physics), except PHYS 2903
 Science Geography Courses (see list above)
 Science Psychology Courses (see list above)
 STAT (Statistics)
 TSES (Technology, Society, Environment) except TSES 2305. Biology students may use these courses only as free electives. Integrated Science and Environmental Science students may include these courses in their programs but may not count them as part of the Science Sequence.

Science Faculty Electives

Science Faculty Electives are courses at the 1000-4000 level chosen from:

BIOC (Biochemistry)
 BIOL (Biology) Biology & Biochemistry students may use BIOL 1010 and BIOL 2005 only as free electives
 CHEM (Chemistry) except CHEM 1003, CHEM 1004 and CHEM 1007
 COMP (Computer Science) except COMP 1001
 EARTH (Earth Sciences) except EARTH 1004 and EARTH 2415. Earth Sciences students may use EARTH 2401, EARTH 2402 and EARTH 2403 only as free electives.
 Engineering
 ENSC 2001
 FOOD (Food Science and Nutrition)
 GEOM (Geomatics)
 HLTH (Health Science)
 ISAP (Interdisciplinary Science Practice)
 MATH (Mathematics)
 NEUR (Neuroscience)
 PHYS (Physics) except PHYS 1901, PHYS 1902, PHYS 1905, PHYS 2903
 Science Geography (see list above)
 Science Psychology (see list above)
 STAT (Statistics)
 TSES (Technology, Society, Environment) Biology students may use these courses only as free electives.

Advanced Science Faculty Electives

Advanced Science Faculty Electives are courses at the 2000-4000 level chosen from the Science Faculty Electives list above.

Approved Courses Outside the Faculties of Science and Engineering and Design (may include ISAP 1000)

All courses offered by the Faculty of Arts and Social Sciences, the Faculty of Public and Global Affairs, and the Sprott School of Business are approved as Arts or Social Sciences courses EXCEPT FOR: All Science Geography courses (see list above), all Geomatics (GEOM) courses, all Science Psychology courses (see list above). ISAP 1000 may be used as an Approved Course Outside the Faculties of Science and Engineering and Design.

Free Electives

Any course is allowable as a Free Elective providing it is not prohibited (see below). Students are expected to comply with prerequisite requirements and enrolment restrictions for all courses as published in this Calendar.

Courses Allowable Only as Free Electives in any B.Sc. Program

BIOL 4810 [0.5]	Education Research in Undergraduate Science
CHEM 1003 [0.5]	The Chemistry of Food, Health and Drugs
CHEM 1004 [0.5]	Drugs and the Human Body
CHEM 1007 [0.5]	Chemistry of Art and Artifacts
ERTH 1004 [0.5]	Earth's Epic Tale: A Story Across Billions of Years
ERTH 2415 [0.5]	Natural Disasters
ISCI 1001 [0.5]	Introduction to the Environment
ISCI 2000 [0.5]	Natural Laws
ISCI 2002 [0.5]	Human Impacts on the Environment
PHYS 1901 [0.5]	Planetary Astronomy
PHYS 1902 [0.5]	From our Star to the Cosmos
PHYS 1905 [0.5]	Physics Behind Everyday Life
PHYS 2903 [0.5]	Physics Towards the Future

Prohibited Courses

The following courses are not acceptable for credit in any B.Sc. program:

COMP 1001 [0.5]	Introduction to Computational Thinking for Arts and Social Science Students
MATH 1009 [0.5]	Mathematics for Business
MATH 1119 [0.5]	Linear Algebra: with Applications to Business
MATH 1401 [0.5]	Elementary Mathematics for Economics I
MATH 1402 [0.5]	Elementary Mathematics for Economics II
all 0000-level courses	

Co-operative Education

For more information about how to apply for the Co-op program and how the Co-op program works please visit the Co-op website.

All students participating in the Co-op program are governed by the Undergraduate Co-operative Education Policy.

Undergraduate Co-operative Education Policy

Admission Requirements

Students can apply to Co-op in one of two ways: directly from high school, or after beginning a degree program at Carleton.

If a student applies to a degree program with a Co-op option from high school, their university grades will be reviewed two terms to one year prior to their first work term to ensure they meet the academic requirements after their first or second year of study. The time at which the evaluation takes place depends on the program of study.

Students will automatically receive an admission decision via their Carleton email account.

Students who did not request Co-op at the time they applied to Carleton can request Co-op after they begin their university studies. To view application instructions and deadlines, please visit carleton.ca/co-op.

To be admitted to Co-op, a student must successfully complete 5.0 or more credits that count towards their degree, meet the minimum CGPA requirement(s) for the student's Co-op option, and fulfil any specified course prerequisites. To see the unique admission and continuation requirements for each Co-op option, please refer to the specific degree programs listed in the Undergraduate Calendar.

Participation Requirements

Co-op Participation Agreement

All students must adhere to the policies found within the Co-op Participation Agreement.

COOP 1000

Once a student has been admitted to the Co-op Program, they will be given access to register in COOP 1000. This zero-credit online course must be completed at least two terms prior to the student's first work term.

Communication with the Co-op Office

Students must maintain contact with the Co-op Office during their job search and while on a work term. All email communication will be conducted via the students' Carleton email account.

Employment

Although every effort is made to ensure a sufficient number of job postings for all Co-op students, no guarantee of employment can be made. The Co-op job search process is competitive, and success is dependent upon factors such as current market conditions, academic performance, skills, motivation, and level of commitment to the job search. It is the student's responsibility to apply for positions via the Co-op job board in addition to actively conducting a self-directed job search. Students who do not obtain a co-op work term are expected to continue with their academic studies. It should be noted that hiring priority for positions within the Federal Government of Canada is given to Canadian citizens.

Registration

- Students must be registered as full-time during all fall and winter study terms beginning the term in which they enroll in COOP 1000.
- Students will be registered in a Co-op Work Term course while at work. This course does not carry academic course credit, but is noted on academic transcripts.
- Students may register in a 0.5 credit during a work term, provided the course is offered during the evening or is offered asynchronously online.
- Students must have at least one term of full-time studies left to complete following their final co-op work

term. Students cannot end their degree on a work term.

Work Term Assessment and Evaluation

Work Term Evaluation

Employers are responsible for submitting to Carleton University final performance evaluations for their Co-op students at the end of their work terms.

Work Term Assessment

In order to successfully complete the co-op work term, students must receive a Satisfactory (SAT) grade on their Co-op Work Term Report, which they must submit at the completion of each four-month work term.

Graduation with the Co-op Designation

In order to graduate with the Co-op Designation, students must satisfy all requirements of the degree program in addition to the successful completion of three or four work terms (the number is dependent upon the student's academic program). Students found in violation of the Co-op Participation Agreement may have the Co-op Designation withheld.

Note: Participation in the co-op option will add up to one additional year for a student to complete their degree program.

Voluntary Withdrawal from the Co-op Option

Students who are currently on a co-op work term or who have already committed to a co-op work term either verbally or in writing may not leave the position and/or withdraw from the co-op option until they have completed the work term and all related requirements.

Involuntary or Required Withdrawal from the Co-op Option

Students may be removed from the Co-op Program for any of the following reasons:

1. Failure to achieve a grade of SAT in COOP 1000;
2. Failure to attend all interviews for positions to which the student has applied;
3. Declining more than one job offer during the job search;
4. Reneging on a co-op position that the student has accepted either verbally or in writing;
5. Continuing a job search after accepting a co-op position;
6. Dismissal from a work term by the co-op employer;
7. Leaving a work term without approval from the Co-op Management Team;
8. Receipt of an unsatisfactory work term evaluation;
9. Receiving a grade of UNS on the work term report.

International Students

All international students are required to possess a Co-op Work Permit issued by Immigration, Refugees and Citizenship Canada before they can begin working. The Co-operative Education Office will provide students with a letter of support to accompany their Co-op Work Permit application. Students are advised to discuss the

application process and application requirements with the International Student Services Office.

Co-op Fees

All participating Co-op students are required to pay Co-op fees. For full details, please see the Co-op website.

B.A. Honours, B.Sc. Honours Geomatics: Co-op Admission and Continuation Requirements

- Maintain full-time status in each study term;
- Be eligible to work in Canada (for off-campus work);
- Have successfully completed COOP 1000 .

In addition to the following:

1. Registered as a full-time student in the B.A. Honours Geomatics program or the B.Sc. Honours Geomatics program;
2. Obtained third-year standing;
3. Successfully completed, by the start-date of the first work term, GEOG 2006/ENST 2006 and a 0.5 credit from ENST 3900, GEOG 3000, GEOG 3010, or GEOG 3030;
4. Obtained an Overall CGPA of at least 9.50 and a Major CGPA of at least 9.50. These CGPAs must be maintained throughout the duration of the degree.

B.A. Honours and B.Sc. Honours Geomatics students must successfully complete three (3) work terms to obtain the Co-op Designation.

Work Term Course: GEOM 3999

Work/Study Pattern:

Year 1		Year 2		Year 3		Year 4		Year 5	
Term	Pattern	Term	Pattern	Term	Pattern	Term	Pattern	Term	Pattern
Fall	S	Fall	S	Fall	S	Fall	W	Fall	S
Winter	S	Winter	S	Winter	S	Winter	W	Winter	S
Summer		Summer		Summer	W	Summer	W		

Legend

S: Study

W: Work

Admissions Information

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow

the recommendations will not be disadvantaged in the admission process.

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as recommended, it is not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admission Requirements

Degrees

- Bachelor of Arts (B.A.) (Honours)
- Bachelor of Arts (B.A.)

First Year

For B.A. and B.A. (Honours)

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include a 4U course in English (or *anglais*). Applicants submitting an English language test to satisfy the requirements of the English Language Proficiency section of this Calendar may use that test to also satisfy the 4U English prerequisite requirement.

Biology

For the major in Biology in the B.A. program, in addition to the 4U English, a 4U course in Chemistry is required. Advanced Functions, and Calculus and Vectors are recommended.

Criminology and Criminal Justice

Access to the CCJ B.A. degree is limited to students already registered in the CCJ B.A. Honours who apply to transfer, and to graduates of the Algonquin College Police Foundations program.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be Eligible to Continue in their year level, in addition to meeting the CGPA thresholds described in Section 3.1.9 of the Academic Regulations of the University. Advanced standing will be granted only for those subjects assessed as being appropriate for the program and the stream selected.

Co-op Option

Direct Admission to the 1st Year of the Co-op Option

Co-op is available for the following Majors in the B.A. (Honours) degree: Anthropology, English, Environmental Studies, European and Russian Studies, French, Geography, Geomatics, History, Law, Political Science, Psychology, Sociology.

Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in the Bachelor of Arts Honours with one of the majors listed above;
3. be eligible to work in Canada (for off-campus work placements).

Meeting the above requirements only establishes eligibility for admission to the program. The prevailing job market may limit enrolment in the co-op option. Students should also note that hiring priority is given to Canadian citizens for co-op positions in the Public Service Commission.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are described in the Co-operative Education Regulations section of this Calendar.

Advanced Standing

B.A. and B.A. (Honours) Program

Applications for admission to the second or subsequent years will be assessed on their merits. Advanced standing will be granted only for those courses that are determined to be appropriate.

Admissions Information

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view

the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as recommended, it is not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Degrees

- B.Sc. (Honours)
- B.Sc. (Major)
- B.Sc.

Admission Requirements

B. Sc. Honours

First Year

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. For most programs including Biochemistry, Bioinformatics, Biotechnology, Chemistry, Combined Honours in Biology and Physics, Chemistry and Physics, Computational Biochemistry, Food Science, Nanoscience, Neuroscience and Biology, Neuroscience and Mental Health, and Psychology, the six 4U or M courses must include Advanced Functions, and two of Biology, Chemistry, Earth and Space Sciences, or Physics. (Calculus and Vectors is strongly recommended).

Specific Honours Admission Requirements

For the Honours programs in Earth Sciences, Environmental Science, Geomatics, Integrated Science, and Physical Geography, Calculus and Vectors may be substituted for Advanced Functions.

For the Honours programs in Physics and Applied Physics, and for double Honours in Mathematics and Physics, Calculus and Vectors is required in addition to Advanced Functions and one of 4U Physics, Chemistry, Biology, or Earth and Space Sciences. For all programs in Physics, 4U Physics is strongly recommended.

For Honours in Psychology, a 4U course in English is recommended.

For Honours in Environmental Science, a 4U course in Biology and Chemistry is recommended.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be *Eligible to Continue* in their year level, in addition to meeting the CGPA thresholds described in Section 3.1.9 of the Academic Regulations of the University. Advanced

standing will be granted only for those subjects deemed appropriate for the program and stream selected.

B.Sc. Major and B.Sc.

First Year

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include Advanced Functions and two of Calculus and Vectors, Biology, Chemistry, Earth and Space Science, or Physics (Calculus and Vectors is strongly recommended). For the B.Sc. Major in Physics, 4U Physics is strongly recommended.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be *Eligible to Continue* (EC) in their year level. Advanced standing will be granted only for those subjects deemed appropriate for the program and stream selected.

Co-op Option

Direct Admission to the First Year of the Co-op Option
Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in the Bachelor of Science Honours program;
3. be eligible to work in Canada (for off-campus work placements).

Note that meeting the above requirements only establishes eligibility for admission to the program. The prevailing job market may limit enrolment in the co-op option.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are described in the Co-operative Education Regulations section of this Calendar.

Geomatics (GEOM) Courses

GEOM 1004 [0.5 credit]

Maps, Satellites and the Geospatial Revolution

Introduction to the creation and use of maps using a variety of geospatial tools to better understand and resolve physical, social and environmental problems. Overview of geomatics (cartography and map design, geographic information systems, GPS, remote sensing).

Includes: Experiential Learning Activity

Also listed as EARTH 2004.

Precludes additional credit for GEOM 2004 (no longer offered).

Lectures and laboratory, four hours a week.

GEOM 2005 [0.5 credit]

Introduction to Geospatial Programming

Computer programming for geomatics students focusing on storage, manipulation, management, visualization and analysis of geospatial data; Essential coding concepts and best practices including variables, loops, and conditional statements; programmatic handling of raster and vector data structures; batch geoprocessing and map production; GIS tool customization.

Includes: Experiential Learning Activity

Lectures and laboratory, four hours per week.

GEOM 2007 [0.5 credit]

Vector GIS: Points, Lines and Polygons

Storage, visualization, manipulation and analysis of vector geospatial data. Vector geoprocessing including buffering, overlays and topological analysis; feature classification and cartographic representation; managing coordinate reference systems for vector layers; selected applications of vector GIS such as urban planning, environmental and resource management and socio-economic mapping.

Includes: Experiential Learning Activity

Prerequisite(s): GEOM 1004 or permission of the Department.

Lectures and laboratory, four hours a week.

GEOM 2008 [0.5 credit]

Raster GIS: Pixels and Grids

Storage, visualization, manipulation, and analysis of gridded geospatial data; 3D visualization; digital terrain analysis; interpolation and filtering; raster geoprocessing and projections; selected topics and applications in raster GIS such as least-cost path analysis, natural hazard assessment, pollution mapping and hotspot analysis for population geography.

Includes: Experiential Learning Activity

Prerequisite(s): GEOM 1004 or permission of the Department.

Lectures and laboratory, four hours per week.

GEOM 3002 [0.5 credit]

Introduction to Remote Sensing

Principles and methods of remote sensing; visual interpretation of air photos and satellite imagery; digital image processing, analysis and classification for thematic mapping; introduction to various active and passive remote sensing imagery types such as optical, hyperspectral, RADAR and LiDAR.

Includes: Experiential Learning Activity

Prerequisite(s): GEOM 2008 and third-year standing, or permission of the Department.

Lectures two hours a week, laboratory two hours a week.

GEOM 3005 [0.5 credit]**Geospatial Analysis**

An advanced course in geospatial analysis theory and practice; geoprocessing; geo-visualization; geostatistics; spatial modelling; working with spatio-temporal data structures; advanced site-suitability and network analysis; intermediate GIS tool customization.

Includes: Experiential Learning Activity

Prerequisite(s): GEOM 2007 and GEOM 2008.

Lecture and laboratories five hours a week.

GEOM 3007 [0.5 credit]**Cartographic Theory and Design**

Principles of and issues in cartography, cartographic communication and map design; practical aspects of cartographic representation using multimedia and online/interactive mapping.

Includes: Experiential Learning Activity

Prerequisite(s): GEOM 2007 or GEOM 2008 or permission of the Department.

Lectures and laboratory four hours a week.

GEOM 3999 [0.0 credit]**Co-operative Work Term**

Includes: Experiential Learning Activity

GEOM 4001 [0.5 credit]**Special Topics in Geomatics**

A seminar focusing on selected topics in geomatics including advanced theory and/or application.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year Honours standing in Geomatics or permission of the department.

Laboratory or seminar three hours a week.

GEOM 4003 [0.5 credit]**Remote Sensing of the Environment**

Advanced image enhancement; land cover classification for thematic mapping; biophysical modeling; applications in resources, environment, and urban mapping.

Includes: Experiential Learning Activity

Prerequisite(s): GEOM 3002 and Honours standing, or permission of the Department.

Lectures two hours a week, laboratory two hours a week.

GEOM 4005 [0.5 credit]**Directed Studies in Geomatics**

Students pursue their interest in a selected theme in Geomatics on a tutorial basis with a member of the Department.

Prerequisite(s): permission of the Department.

GEOM 4008 [0.5 credit]**Advanced Topics in Geographic Information Systems**

Advanced methods and techniques in GIS applications including: positional and attribute error analysis, multiple criteria decision making, interpolation, elevation modeling and ortho-imaging, and spatial pattern measurement.

Includes: Experiential Learning Activity

Prerequisite(s): GEOM 3005 and Honours standing.

Lectures two hours a week, laboratory two hours a week.

GEOM 4009 [0.5 credit]**Custom Geomatics Applications**

Development and implementation of custom geomatics applications and workflows using programming and various geoprocessing tools. Project design, application development, GIS automation and documentation.

Includes: Experiential Learning Activity

Prerequisite(s): GEOM 2005 and (GEOM 3002 or GEOM 3005 or GEOM 3007), or permission of the department.

Workshop three hours a week.

GEOM 4406 [0.5 credit]**Practicum I**

Students apply their knowledge and research skills and gain experience through field placements in government, the private sector, non-government organisations and with community organisations in the environmental field.

Includes: Experiential Learning Activity

Also listed as GEOG 4406.

Prerequisite(s): fourth-year Honours standing in Geomatics or Geography and permission of the Department.

Field placement one day a week.

GEOM 4408 [0.5 credit]**Practicum II**

Students apply their knowledge and research skills and gain experience through field placements in government, the private sector, non-government organisations and with community organisations in the environmental field.

Includes: Experiential Learning Activity

Also listed as GEOG 4408.

Prerequisite(s): fourth-year Honours standing in Geomatics or Geography and permission of the Department.

Field placement one day a week.

GEOM 4906 [1.0 credit] **Honours Research Project**

Candidates for B.Sc. with Concentration in Geomatics undertake a research project within their area of specialization. The project is supervised by a member of the department and a written report must be submitted. The candidate may be examined orally on the report. Includes: Experiential Learning Activity
Precludes additional credit for GEOG 4904/GEOM 4904 (no longer offered), GEOG 4906, GEOG 4909, GEOM 4909, ENST 4906, and ENST 4907.
Prerequisite(s): fourth-year Honours standing in BSc Geomatics, and an approved research topic and adviser.
Hours to be arranged with faculty adviser.

GEOM 4909 [1.0 credit] **Honours Research Thesis**

Independent design and implementation of a research project leading to the submission of a research thesis. Students work with an individual faculty adviser. The subject for research is decided upon in consultation with the supervisor.
Includes: Experiential Learning Activity
Precludes additional credit for GEOG 4904 / GEOM 4904 (no longer offered), GEOG 4906, GEOM 4906, GEOG 4909, ENST 4906 and ENST 4907.
Prerequisite(s): fourth-year Honours standing in B.A. Geomatics, a minimum CGPA of 9.00 in the major or permission of the Department, and an approved research topic and adviser.
Hours to be arranged with faculty adviser.

German (Minor)

This section presents the requirements for programs in:

- **Minor in German**

Minor in German (4.0 credits)

Open to all undergraduate degree students.

Students are required to present a Minor CGPA of 4.00 or higher at graduation in order to be awarded a Minor in German.

Requirements:

1. 3.0 credits in GERM	3.0
2. 1.0 credit in GERM at the 3000-level or higher	1.0
3. Subject to approval of the School, a maximum of 2.0 credits may be substituted for the above by taking courses at the 2000-level or higher in another discipline relevant to the language.	
4. The remaining requirements of the major discipline(s) and degree must be satisfied.	
Total Credits	4.0

Placement for Language Students

Note: A placement test is required for students who have previous training and/or experience, but who have not taken a course in this language at Carleton. For details,

please consult carleton.ca/slals/modern-languages and follow the placement test instructions before registering.

Students who are found to be registered in an inappropriate level of the course will be deregistered following assessment by their instructor (and/or the Director of the School). It is crucial for students to complete the placement test in a manner that truly demonstrates their language proficiency.

Students should note that they cannot go backward in a sequence of levels in language courses.

Regulations

In addition to the requirements listed here, students must satisfy:

1. the University regulations including the process of Academic Continuation Evaluation (see the Academic Regulations of the University section of this Calendar).

German (GERM) Courses

Placement for Language Students

Note: A placement test is required for students who have previous training and/or experience, but who have not taken a course in this language at Carleton. For details, please consult carleton.ca/slals/modern-languages and follow the placement test instructions before registering.

Students who are found to be registered in an inappropriate level of the course will be deregistered following assessment by their instructor (and/or the Director of the School). It is crucial for students to complete the placement test in a manner that truly demonstrates their language proficiency.

Students should note that they cannot go backward in a sequence of levels in language courses.

GERM 1010 [0.5 credit]

First-Year German I

For students with no knowledge of German. Oral skills, reading and writing. Compulsory attendance.
Includes: Experiential Learning Activity
Precludes additional credit for GERM 1110.
Four hours a week.

GERM 1020 [0.5 credit]

First-Year German II

Continuation of first-year German. Oral skills, reading and writing. Compulsory attendance.
Includes: Experiential Learning Activity
Precludes additional credit for GERM 1110.
Prerequisite(s): grade of C or higher in GERM 1010, or permission of the School.
Four hours a week.

GERM 1110 [1.0 credit]**Intensive First-Year German**

For students with no knowledge of German. Oral skills, reading and writing. Compulsory attendance.

Includes: Experiential Learning Activity

Precludes additional credit for GERM 1010 and GERM 1020.

Eight hours a week (one term).

GERM 2000 [0.5 credit]**Reading in German I**

For students with no prior knowledge of German who would like to develop the skills to read a variety of German texts, including passages from scholarly journals, reports, online newspaper or magazine articles.

Includes: Experiential Learning Activity

Three hours a week.

GERM 2010 [0.5 credit]**Second-Year German I**

Further study of German to reach a more advanced level of ability in a range of situations. Equal emphasis on oral and written language. Compulsory attendance.

Includes: Experiential Learning Activity

Precludes additional credit for GERM 2110.

Prerequisite(s): grade of C or higher in GERM 1020, GERM 1110, or permission of the School.

Four hours a week.

GERM 2020 [0.5 credit]**Second-Year German II**

Continuation of second-year German. Further study of German to reach a more advanced level of ability in a range of situations. Equal emphasis on oral and written language. Compulsory attendance.

Includes: Experiential Learning Activity

Precludes additional credit for GERM 2110.

Prerequisite(s): grade of C or higher in GERM 2010, or permission of the School.

Four hours a week.

GERM 2110 [1.0 credit]**Intensive Second-Year German**

Further study of German to reach a more advanced level of ability in a range of situations. Equal emphasis on oral and written language. Compulsory attendance.

Includes: Experiential Learning Activity

Precludes additional credit for GERM 2010 and GERM 2020.

Prerequisite(s): grade of C or higher in GERM 1020, GERM 1110, or permission of the School.

Eight hours a week (one term).

GERM 3000 [0.5 credit]**Reading in German II**

A continuation of Reading in German I. Further development of reading skills in German.

Includes: Experiential Learning Activity

Prerequisite(s): grade of C or higher in GERM 2000 or permission of the School.

Three hours a week.

GERM 3010 [0.5 credit]**Third-Year German I**

Continuation of the study of German to reach a more advanced level, including the ability to handle authentic materials and primary texts required for academic studies. Compulsory attendance.

Includes: Experiential Learning Activity

Precludes additional credit for GERM 3110.

Prerequisite(s): grade of C or higher in GERM 2020, GERM 2110, or permission of the School.

Three hours a week

GERM 3020 [0.5 credit]**Third-Year German II**

Continuation of third-year German to reach a more advanced level, including the ability to handle authentic materials and primary texts required for academic studies. Compulsory attendance.

Includes: Experiential Learning Activity

Precludes additional credit for GERM 3110.

Prerequisite(s): grade of C or higher in GERM 3010, or permission of the School.

Three hours a week

GERM 3110 [1.0 credit]**Intensive Third-Year German**

Continuation of the study of German to reach a more advanced level, including the ability to handle authentic materials and primary texts required for academic studies. Compulsory attendance.

Includes: Experiential Learning Activity

Precludes additional credit for GERM 3010 and GERM 3020.

Prerequisite(s): grade of C or higher in GERM 2020, GERM 2110, or permission of the School.

Six hours a week (one term).

GERM 4010 [0.5 credit]**Fourth-Year German I**

Advanced spoken and written German with intensive practice in aural comprehension and speaking in a range of situations and contexts, in reading and in composition in a range of modes and genres. Metalinguistic study. Compulsory attendance.

Includes: Experiential Learning Activity

Precludes additional credit for GERM 4110.

Prerequisite(s): grade of C or higher in GERM 3020, GERM 3110, or permission of the School.

Three hours a week

GERM 4020 [0.5 credit]**Fourth-Year German II**

Continuation of fourth-year German. Advanced spoken and written German with intensive practice in aural comprehension and speaking in a range of situations and contexts, in reading and in composition in a range of modes and genres. Metalinguistic study. Compulsory attendance.

Includes: Experiential Learning Activity

Precludes additional credit for GERM 4110.

Prerequisite(s): grade of C or higher in GERM 4010, or permission of the School.

Three hours a week

GERM 4110 [1.0 credit]**Intensive Fourth-Year German**

Advanced spoken and written German with intensive practice in aural comprehension and speaking in a range of situations and contexts, in reading and in composition in a range of modes and genres. Metalinguistic study. Compulsory attendance.

Includes: Experiential Learning Activity

Precludes additional credit for GERM 4010 and GERM 4020.

Prerequisite(s): grade of C or higher in GERM 3110, or permission of the School.

Six hours a week (one term).

GERM 4215 [0.5 credit]**German for Specific Purposes**

Development of language use for specific purposes in contexts such as the academic, business and technical domains.

Includes: Experiential Learning Activity

Prerequisite(s): grade of C or higher in GERM 4110, or permission of the School.

Three hours per week.

GERM 4380 [0.5 credit]**Topics in German-speaking Cultures**

Selected topics in German-speaking cultures and societies. Development of advanced language skills.

Includes: Experiential Learning Activity

Prerequisite(s): grade of C or higher in GERM 4110, or permission of the School.

Three hours per week.

GERM 4900 [1.0 credit]**Independent Study**

Research in a topic in German language, literature or linguistics under the supervision of a member of the School.

Includes: Experiential Learning Activity

Prerequisite(s): third- or fourth-year standing in the Minor in German, grade of C or higher in GERM 4110 or equivalent, or permission of the School.

GERM 4901 [0.5 credit]**Independent Study**

Research in a topic in German language, literature or linguistics under the supervision of a member of the School.

Includes: Experiential Learning Activity

Prerequisite(s): third- or fourth-year standing in the Minor in German, grade of C or higher in GERM 4110 or equivalent, or permission of the School.

Global and International Studies

This section presents the requirements for programs in:

- **Specialization in Africa and Globalization B.G.In.S. Honours**
- **Specialization in Europe and Russia in the World B.G.In.S. Honours**
- **Specialization in French and Francophone Studies B.G.In.S. Honours**
- **Specialization in Global and Transnational History B.G.In.S. Honours**
- **Specialization in Global Development B.G.In.S. Honours**
- **Specialization in Global Genders and Sexualities B.G.In.S. Honours**
- **Specialization in Global Inequalities and Social Change B.G.In.S. Honours**
- **Specialization in Global Law and Social Justice B.G.In.S. Honours**
- **Specialization in Global Literatures B. G. In. S. Honours**
- **Specialization in Global Media and Communication B.G.In.S. Honours**
- **Specialization in Global Migration and Transnationalism B.G.In.S. Honours**

- **Specialization in Global Politics B.G.In.S. Honours**
- **Specialization in Global Religions: Identity and Community B.G.In.S. Honours**
- **Specialization in Globalization and the Environment B.G.In.S. Honours**
- **Specialization in Globalization, Culture and Power B.G.In.S. Honours**
- **Specialization in International Economic Policy B.G.In.S. Honours**
- **Specialization in Latin American and Caribbean Studies B.G.In.S. Honours**
- **Specialization in Teaching English in Global Contexts B.G.In.S. Honours**
- **Stream in Africa and Globalization B.G.In.S.**
- **Stream in Europe and Russia in the World B.G.In.S.**
- **Stream in French and Francophone Studies B.G.In.S.**
- **Stream in Global and Transnational History B.G.In.S.**
- **Stream in Global Development B.G.In.S.**
- **Stream in Global Genders and Sexualities B.G.In.S.**
- **Stream in Global Inequalities and Social Change B.G.In.S.**
- **Stream in Global Law and Social Justice B.G.In.S.**
- **Stream in Global Literatures B.G.In.S.**
- **Stream in Global Media and Communication B.G.In.S.**
- **Stream in Global Migration and Transnationalism B.G.In.S.**
- **Stream in Global Politics B.G.In.S.**
- **Stream in Global Religions: Identity and Community B.G.In.S.**
- **Stream in Globalization and the Environment B.G.In.S.**
- **Stream in Globalization, Culture and Power B.G.In.S.**
- **Stream in International Economic Policy B.G.In.S.**
- **Stream in Latin American and Caribbean Studies B.G.In.S.**
- **Stream in Teaching English in Global Contexts B.G.In.S.**

Program Requirements

International Experience Requirement

Prior to graduation, students in the Honours program must satisfy a requirement for international experience in ONE of the following ways:

1. **International exchange:** successful completion of at least 0.5 credit in approved courses through an international exchange agreement managed by the International Student Services Office.
2. **Letter of Permission:** successful completion of at least 0.5 credit in approved courses by Letter of Permission, from an international or Canadian university offering a course taught outside Canada.
3. **International placement:** successful completion of GINS 3910 or GINS 3911 or an approved international placement offered through another unit.
4. **Carleton course taught abroad:** successful completion of at least 0.5 credit in a Carleton course taught abroad.
5. **Group project:** successful completion of GINS 3100 [0.5] Global & International Experiential Learning Course.

Language Requirement

Students in the BGINs programs must satisfy the language requirement. The language requirement may be satisfied in one of two ways:

1. By course work

Students who lack second language skill upon entry, or who wish to learn a new language, can satisfy the language requirement by satisfactorily completing language instruction courses in a modern language other than English up to an intermediate level. In most cases, this means completing the equivalent of two years (2.0 credits) of university-level language study. Listed below are the specific Carleton language instruction courses which satisfy the BGINs language requirement. Courses taken at other institutions may also be used to meet the language requirement, as long as they are accepted by the Department of French or the School of Linguistics and Language Studies as being equivalent to, or at a higher level than, the courses specified below.

Minimum Course Requirements for Languages

American Sign Language

ASLA 2020 [0.5]	Second-Year American Sign Language II
or ASLA 2110 [1.0]	Intensive Second-Year American Sign Language

Arabic

ARAB 2110 [1.0]	Intensive Second-Year Arabic
-----------------	------------------------------

French

FREN 1100 [1.0]	French 3
-----------------	----------

German

GERM 2020 [0.5]	Second-Year German II
or GERM 2110 [1.0]	Intensive Second-Year German

Italian

ITAL 2020 [0.5]	Second-Year Italian II
or ITAL 2110 [1.0]	Intensive Second-Year Italian

Japanese

JAPA 2110 [1.0]	Intensive Second-Year Japanese
-----------------	--------------------------------

Mandarin Chinese

CHIN 2020 [0.5]	Second-Year Mandarin Chinese II
or CHIN 2110 [1.0]	Intensive Second-Year Mandarin Chinese

Portuguese

PORT 2110 [1.0]	Intensive Second-Year Portuguese
-----------------	----------------------------------

Russian

RUSS 2020 [0.5]	Second-Year Russian II
-----------------	------------------------

Spanish

SPAN 2020 [0.5]	Second-Year Spanish II
or SPAN 2110 [1.0]	Intensive Second-Year Spanish

Other Languages

LANG 2020 [0.5] Second-Year Language II
or LANG 2110 [1.0] Continuing Intensive Study of a Language
or LANG 2900 [1.0] Supervised Autonomous Language Learning

2. By demonstrating prior language proficiency

Students who already have intermediate or higher second language skills upon entry may be exempted from taking language courses. Students who wish to be exempted from taking language courses must apply for an exemption to the Program Director using the form available on the BGInS website. Each application will be treated on its merits, but the following general guidelines apply:

- Secondary school language of instruction: Students whose secondary school transcripts show that their primary language of instruction in secondary school was a language other than English may be exempted from taking language courses.
- French immersion: Students who have successfully completed Grade 12 French immersion or the equivalent at a Canadian high school may be exempted from taking language courses.
- Proficient speakers: Students who do not qualify under either of the first two categories, but who nonetheless consider themselves proficient speakers of a language other than English, may be exempted from having to take language courses. For languages taught at Carleton, “proficiency” means a level at least equivalent to completion of one of the designated language courses listed above. For languages not taught at Carleton, “proficiency” means a level at least equivalent to two full years of university level language study. Proficiency may be demonstrated either through documentation (e.g. certification from a recognized language testing authority) or through testing. For languages not taught at Carleton, availability of a test depends upon faculty resource availability.

Note: For students enrolled in one of the geographically-defined regional Specializations or Streams, only certain languages relevant to that region of the world may be used to satisfy the language requirement. See the program requirements in each of the regional Specializations and Streams for further details.

Specializations

Specialization in Africa and Globalization

B.G.In.S. Honours (20.0 credits)

A. Credits Included in the Major CGPA (12.0 credits)

1. 4.5 credits in: Core Courses	4.5
GINS 1000 [0.5]	Global History
GINS 1010 [0.5]	International Law and Politics
GINS 1020 [0.5]	Ethnography, Globalization and Culture
GINS 2000 [0.5]	Ethics and Globalization
GINS 2010 [0.5]	Globalization and International Economic Issues
GINS 2020 [0.5]	Global Literatures
GINS 3010 [0.5]	Global and International Theory
GINS 3020 [0.5]	Places, Boundaries, Movements and Global Environmental Change

GINS 4090 [0.5] Honours Seminar in Global and International Studies

2. 0.0 credit in: International Experience Requirement Preparation

GINS 1300 [0.0] International Experience Requirement Preparation

3. 7.5 credits in: the Specialization

Note: Language Requirement - Students choosing the Africa and Globalisation Specialization must fulfil their language requirement with a language relevant to Africa other than English. The Program Director will maintain a list of those languages suitable for this requirement.

a. 1.0 credit in: Foundations	1.0
AFRI 1001 [0.5]	Introduction to African Studies I
AFRI 1002 [0.5]	Introduction to African Studies II
b. 1.0 credit from: African Regions	1.0
AFRI 2002 [0.5]	The Horn of Africa
AFRI 2003 [0.5]	The Great Lakes Region of Africa
AFRI 2004 [0.5]	North Africa
AFRI 2005 [0.5]	West Africa
AFRI 2006 [0.5]	Southern Africa
c. 1.0 credit from: Intermediate African Studies	1.0
AFRI 3001 [0.5]	Globalization and Popular Culture in Africa
AFRI 3002 [0.5]	Regions in Africa: Cultures, Society, Politics
AFRI 3003 [0.5]	African Social and Political Thought
AFRI 3004 [0.5]	The African City
AFRI 3005 [0.5]	African Migrations and Diasporas
AFRI 3007 [0.5]	Special Topics in African Studies
AFRI 3200 [0.5]	Thematic Topic
d. 0.5 credit from: African Experience	0.5
AFRI 3100 [0.5]	African Studies Abroad: Selected Topics
AFRI 3900 [0.5]	Placement
or 0.5 credit on an approved exchange program at an African university or research institution	
e. 0.5 credit from: History	0.5
HIST 2706 [0.5]	Ancient and Pre-Colonial Africa
HIST 2707 [0.5]	Modern Africa
HIST 3717 [0.5]	Gender and Sexuality in Africa
HIST 3906 [0.5]	Topics in World History (topic on Africa)
f. 0.5 credit from: Politics	0.5
PSCI 3100 [0.5]	Politics of Development in Africa
PSCI 3101 [0.5]	Conflict and Security in Africa
g. 0.5 credit from Anthropology	0.5
ANTH 2620 [0.5]	Ethnography of sub-Saharan Africa
ANTH 2660 [0.5]	Ethnography of North Africa
h. 0.5 credit from: Literature and Culture	0.5
AFRI 3609 [0.5]	African Cinema
AFRI 3916 [0.5]	Spoken Word Poetry Workshop
ENGL 2926 [0.5]	African Literatures I
ENGL 3940 [0.5]	Studies in Diaspora Lit.
FREN 4212 [0.5]	Littératures francophones
MUSI 4105 [0.5]	Study of Musics in Africa
i. 0.5 credit from: African Diaspora	0.5
ENGL 2957 [0.5]	Literatures of the Americas II
ENGL 3940 [0.5]	Studies in Diaspora Lit.

ENGL 4975 [0.5]	Issues in Postcolonial Theory	
HIST 2710 [0.5]	Introduction to Caribbean History	
HIST 3406 [0.5]	African-American Women	
HIST 3710 [0.5]	Themes in Caribbean History	
MUSI 2005 [0.5]	Jazz History

B.G.In.S. Regulations

The regulations presented in this section apply to all Bachelor of Global and International Studies programs.

In addition to the program requirements and requirements presented here, students must satisfy the University regulations common to all undergraduate students including the process of Academic Continuation Evaluation (consult the *Academic Regulations of the University* section of this Calendar).

First-Year Seminars

B.G.In.S degree students are strongly encouraged to include a First-Year Seminar (FYSM) during their first 4.0 credits of registration. Students are limited to 1.0 credit of FYSM and can only register in a FYSM while they have first-year standing in their B.G.In.S program.

Change of Specialization or Stream Within the B.G.In.S Degree

Students may change specialization or stream, or change from/to specialization or stream within the B.G.In.S. during the first or subsequent years of study if, upon entry to

the new specialization or stream, they would be in good academic standing.

Minors

Students may apply to the Registrar's Office to be admitted to a minor during their first or subsequent years of study. Acceptance into a minor is normally subject to meeting the minimum CGPA requirements described in Section 3.1.9 of the *Academic Regulations of the University*, as well as any specific requirements of the intended minor as published in the relevant Calendar entry. B.G.In.S. Honours students may take a maximum of one minor.

Co-operative Education

For more information about how to apply for the Co-op program and how the Co-op program works please visit the Co-op website.

All students participating in the Co-op program are governed by the Undergraduate Co-operative Education Policy.

Undergraduate Co-operative Education Policy Admission Requirements

Students can apply to Co-op in one of two ways: directly from high school, or after beginning a degree program at Carleton.

If a student applies to a degree program with a Co-op option from high school, their university grades will be reviewed two terms to one year prior to their first work term to ensure they meet the academic requirements after their first or second year of study. The time at which the evaluation takes place depends on the program of study. Students will automatically receive an admission decision via their Carleton email account.

Students who did not request Co-op at the time they applied to Carleton can request Co-op after they begin their university studies. To view application instructions and deadlines, please visit carleton.ca/co-op.

To be admitted to Co-op, a student must successfully complete 5.0 or more credits that count towards their degree, meet the minimum CGPA requirement(s) for the student's Co-op option, and fulfil any specified course prerequisites. To see the unique admission and continuation requirements for each Co-op option, please refer to the specific degree programs listed in the Undergraduate Calendar.

Participation Requirements

Co-op Participation Agreement

All students must adhere to the policies found within the Co-op Participation Agreement.

COOP 1000

Once a student has been admitted to the Co-op Program, they will be given access to register in COOP 1000. This zero-credit online course must be completed at least two terms prior to the student's first work term.

Communication with the Co-op Office

Students must maintain contact with the Co-op Office during their job search and while on a work term. All email communication will be conducted via the students' Carleton email account.

Employment

Although every effort is made to ensure a sufficient number of job postings for all Co-op students, no guarantee of employment can be made. The Co-op job search process is competitive, and success is dependent upon factors such as current market conditions, academic performance, skills, motivation, and level of commitment to the job search. It is the student's responsibility to apply for positions via the Co-op job board in addition to actively conducting a self-directed job search. Students who do not obtain a co-op work term are expected to continue with their academic studies. It should be noted that hiring priority for positions within the Federal Government of Canada is given to Canadian citizens.

Registration

- Students must be registered as full-time during all fall and winter study terms beginning the term in which they enroll in COOP 1000.
- Students will be registered in a Co-op Work Term course while at work. This course does not carry academic course credit, but is noted on academic transcripts.
- Students may register in a 0.5 credit during a work term, provided the course is offered during the evening or is offered asynchronously online.
- Students must have at least one term of full-time studies left to complete following their final co-op work term. Students cannot end their degree on a work term.

Work Term Assessment and Evaluation

Work Term Evaluation

Employers are responsible for submitting to Carleton University final performance evaluations for their Co-op students at the end of their work terms.

Work Term Assessment

In order to successfully complete the co-op work term, students must receive a Satisfactory (SAT) grade on their Co-op Work Term Report, which they must submit at the completion of each four-month work term.

Graduation with the Co-op Designation

In order to graduate with the Co-op Designation, students must satisfy all requirements of the degree program in addition to the successful completion of three or four work terms (the number is dependent upon the student's academic program). Students found in violation of the Co-op Participation Agreement may have the Co-op Designation withheld.

Note: Participation in the co-op option will add up to one additional year for a student to complete their degree program.

Voluntary Withdrawal from the Co-op Option

Students who are currently on a co-op work term or who have already committed to a co-op work term either verbally or in writing may not leave the position and/or withdraw from the co-op option until they have completed the work term and all related requirements.

Involuntary or Required Withdrawal from the Co-op Option

Students may be removed from the Co-op Program for any of the following reasons:

1. Failure to achieve a grade of SAT in COOP 1000;
2. Failure to attend all interviews for positions to which the student has applied;
3. Declining more than one job offer during the job search;
4. Reneging on a co-op position that the student has accepted either verbally or in writing;
5. Continuing a job search after accepting a co-op position;
6. Dismissal from a work term by the co-op employer;
7. Leaving a work term without approval from the Co-op Management Team;
8. Receipt of an unsatisfactory work term evaluation;
9. Receiving a grade of UNS on the work term report.

International Students

All international students are required to possess a Co-op Work Permit issued by Immigration, Refugees and Citizenship Canada before they can begin working. The Co-operative Education Office will provide students with a letter of support to accompany their Co-op Work Permit application. Students are advised to discuss the application process and application requirements with the International Student Services Office.

Co-op Fees

All participating Co-op students are required to pay Co-op fees. For full details, please see the Co-op website.

Bachelor of Global and International Studies: Co-op Admission and Continuation Requirements

- Maintain full-time status in each study term;
- Be eligible to work in Canada (for off-campus work);
- Have successfully completed COOP 1000 .

In addition to the following:

1. Registered as a full-time student in the B.GInS Honours program;
2. Obtained third-year standing;
3. Successfully completed, by the start-date of the first work term, GINS 3010 and GINS 3020;
4. Obtained an Overall CGPA of at least 9.00. This CGPA must be maintained throughout the duration of the degree.

B.GInS Honours students must successfully complete three (3) work terms to obtain the Co-op Designation.

Work Term Report Course: GINS 3999

Work/Study Pattern:

W: Work

Admissions Information

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as recommended, it is not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Degrees

- Bachelor of Global and International Studies (B.G.In.S.) (Honours)
- Bachelor of Global and International Studies (B.G.In.S.)

Admission Requirements

First Year

B.G.In.S. (Honours)

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include a 4U course in English (or *anglais*) and a FIF4U course for students applying to the Specialization in French and Francophone Studies. Applicants submitting an English language test to satisfy the requirements of the English Language Proficiency section of this Calendar may use that test to also satisfy the 4U English prerequisite requirement.

B.G.In.S.

No direct entry; access is restricted.

Advanced Standing

B.G.In.S. (Honours)

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be Eligible to Continue in their year level, in addition to meeting the CGPA thresholds described in Section 3.1.9 of the Academic Regulations of the University. Advanced standing will be granted only for those subjects assessed as being appropriate for the program and stream selected.

B.G.In.S.

No direct entry. Access is restricted to students in the B.G.In.S. (Honours) program who apply to transfer.

Global and International Studies (GINS) Courses

GINS 1000 [0.5 credit]

Global History

Introduction to political, social, cultural, economic and military developments in global and international history. Lectures two hours a week, tutorials one hour a week.

GINS 1010 [0.5 credit]

International Law and Politics

Introduction to the evolution of the international system, including the rise of the state, sovereignty, and the challenge of international cooperation. The role of international law in addressing global issues such as human rights, security and trade. Lectures two hours a week, tutorials one hour a week.

GINS 1020 [0.5 credit]

Ethnography, Globalization and Culture

Introduction to the intersection of globalization processes with social and cultural diversity as examined through ethnography and ethnographic methods. Topics may include cultural survival, growing economic inequality, ecological vulnerabilities, health practices, human rights, and shifting racialized, gendered, religious, ethnic, and national identities. Lectures two hours a week, tutorials one hour a week.

GINS 1100 [0.5 credit]

Global Development

Introduction to key questions and issues in development studies, taught from an inter-disciplinary perspective. Lectures two hours a week, tutorials one hour a week.

GINS 1300 [0.0 credit]

International Experience Requirement Preparation

This mandatory course introduces BGInS students to the International Experience Requirement (IER) and to the various policies and procedures associated with it. Graded SAT/UNS.

Prerequisite(s): first-year standing in BGInS.

Online course.

GINS 2000 [0.5 credit]

Ethics and Globalization

Introduction to global ethical issues, focusing on alternative lines of ethical argument. Topics may include poverty and unequal development, climate change, war and terrorism, reparations for colonialism and slavery, international relief services, ill effects of globalization, trafficking and forced labour, democracy and global governance.

Prerequisite(s): Second-year standing.

Lectures two hours a week, tutorials one hour a week.

GINS 2010 [0.5 credit]

Globalization and International Economic Issues

An introduction to the world economy, international trade and finance, and economic development. Social and economic implications for both rich and poor countries of lowered barriers to the international flows of goods, services, capital, labour, and information in the age of globalization.

Prerequisite(s): Second-year standing.

Lectures two hours a week, tutorials one hour a week.

GINS 2020 [0.5 credit]

Global Literatures

A study of the global dynamics of the contemporary literary imagination and literary production; literature as cultural practice; the politics of literary circulation; the politics of language and translation.

Prerequisite(s): Second-year standing.

Lectures two hours a week, tutorials one hour a week.

GINS 3010 [0.5 credit]

Global and International Theory

Advanced analysis of global and international theories from a variety of perspectives, including realism, liberalism, postmodernism, constructivism, post-structuralism, literary and critical approaches.

Prerequisite(s): third-year standing in B.G.In.S.

Lectures three hours a week.

GINS 3020 [0.5 credit]**Places, Boundaries, Movements and Global Environmental Change**

Examination of the relationship between individual places and global social and environmental processes. The changing nature of regions, states and political boundaries in the context of political and economic globalization and international migration. Social science perspectives on climate change vulnerability, adaptation and mitigation. Prerequisite(s): third-year standing in B.G.In.S. Lectures three hours a week.

GINS 3100 [0.5 credit]**Global & International Experiential Learning Course**

Students work on a project related to Global and International Experiential learning. Sessions are devoted to discussing project-related issues and student presentations. Course design may vary according to the professor's instructions. Includes: Experiential Learning Activity.

Includes: Experiential Learning Activity

Prerequisite(s): third-year standing.

Discussion and project work, three hours per week.

GINS 3300 [0.5 credit]**Global and International Studies Abroad: Selected Topics**

Based at a partner university around the world, and taught by a Carleton faculty member, the course will include lectures, seminars, guest speakers, field visits and group research projects to examine a topic in global and international studies. Topic and location will change annually.

Includes: Experiential Learning Activity

Prerequisite(s): third-year standing and approval by the BGInS Program Director.

Three week intensive course.

GINS 3910 [0.5 credit]**BGInS International Placement**

Placement for six weeks with a global and international focus.

Includes: Experiential Learning Activity

Precludes additional credit for GINS 3900 (no longer offered).

Prerequisite(s): third-year standing in BGINS.

Work placement

GINS 3911 [1.0 credit]**BGInS International Placement**

Placement for twelve weeks with a global and international focus.

Includes: Experiential Learning Activity

Precludes additional credit for GINS 3901 (no longer offered).

Prerequisite(s): third-year standing in BGInS.

Work placement

GINS 3930 [0.5 credit]**Carleton International Placement**

Placement for six weeks with a global and international focus for students outside of the BGInS Program. Graded Sat/Uns.

Includes: Experiential Learning Activity

Precludes additional credit for BUSI 3701, IPAF 3900 (no longer offered).

Prerequisite(s): Third-year standing and minimum CGPA of 9.0.

Placement hours to be negotiated with on-site placement supervisor. Required assignments and due dates will be set by the course instructor at Carleton University.

GINS 3931 [1.0 credit]**Carleton International Placement**

Placement for twelve weeks with a global and international focus for students outside of the BGInS Program.

Includes: Experiential Learning Activity

Precludes additional credit for BUSI 3702, IPAF 3901 (no longer offered).

Prerequisite(s): Third-year standing and minimum CGPA of 9.0.

Placement hours to be negotiated with on-site placement supervisor. Required assignments and due dates will be set by the course instructor at Carleton University.

GINS 3999 [0.0 credit]**Co-operative Work Term**

Includes: Experiential Learning Activity

GINS 4090 [0.5 credit]**Honours Seminar in Global and International Studies**

Examination of key debates in global and international studies from a variety of disciplinary and interdisciplinary perspectives. Integration of knowledge from different areas of emphasis in global studies. A major research paper is required that undertakes to focus theoretical insight on practical concerns.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year Honours standing in B.G.In.S. Seminar three hours a week.

GINS 4900 [0.5 credit]**Tutorial in Global and International Studies**

A tutorial on selected topics in which seminars are not available.

Prerequisite(s): fourth-year Honours standing in B.G.In.S. and permission of the Program Director.

GINS 4908 [1.0 credit]**Honours Research Essay**

Individual research project resulting in a major essay, completed under the supervision of a faculty member and evaluated by both the supervisor and an appointed reader. B.G.In.S. regulations apply.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year Honours standing in B.G.In.S. with a CGPA of 9.00 or higher, or permission of the Program Director.

Greek and Roman Studies

This section presents the requirements for programs in:

- **Greek and Roman Studies B.A. Honours**
- **Greek and Roman Studies B.A. Combined Honours**
- **Greek and Roman Studies B.A.**
- **Minor in Archaeology**
- **Minor in Greek and Roman Studies**

Program Requirements**Greek and Roman Studies****B.A. Honours (20.0 credits)****A. Credits Included in the Major CGPA (10.0 credits)**

1. 1.0 credit in GREK or LATN	1.0
2. 3.0 credits in 2000-level CLCV, GREK, or LATN	3.0
3. 2.0 credits in 3000-level or higher in CLCV, GREK or LATN	2.0
4. 1.0 credit in 4000-level CLCV, GREK, or LATN	1.0
5. 3.0 credits in electives in Greek and Roman Studies (CLCV, GREK, LATN, FYSM 1106)	3.0

B. Credits Not Included in the Major CGPA (10.0 credits)

6. 8.0 credits in electives not in Greek and Roman Studies (CLCV, GREK, LATN)	8.0
7. 2.0 credits in free electives.	2.0

Total Credits **20.0**

Greek and Roman Studies**B.A. Combined Honours (20.0 credits)****A. Credits Included in the Major CGPA (7.0 credits)**

1. 1.0 credit in GREK or LATN	1.0
2. 2.0 credits from 2000-level CLCV, GREK, LATN	2.0
3. 2.0 credits from 3000-level or higher CLCV, GREK, LATN	2.0
4. 1.0 credit in 4000-level CLCV, GREK or LATN	1.0
5. 1.0 credit in electives in Greek and Roman Studies (CLCV, GREK, LATN, FYSM 1106)	1.0

B. Additional Requirements (13.0 credits)

6. The requirements for the other discipline must be satisfied

7. Sufficient free electives to make 20.0 credits total for the degree.

Total Credits **20.0**

Greek and Roman Studies**B.A. (15.0 credits)****A. Credits Included in the Major CGPA (6.0 credits)**

1. 3.0 credits in 2000-level CLCV, GREK, or LATN	3.0
2. 2.0 credits in 3000-level CLCV, GREK, or LATN	2.0
3. 1.0 credit in electives in Greek and Roman Studies (CLCV, GREK, LATN, FYSM 1106)	1.0

B. Credits Not Included in the Major CGPA (9.0 credits)

4. 6.0 credits in electives not in Greek and Roman Studies (CLCV, GREK, LATN)	7.0
5. 3.0 credits in free electives	2.0

Total Credits **15.0**

Minor in Archaeology (4.0 credits)

Open to all undergraduate degree students.

Students are required to present a Minor CGPA of 4.00 or higher at graduation in order to be awarded a Minor in Archaeology.

Requirements:

1. 1.0 credit in:	1.0
ARCY 1008 [0.5] Introduction to Archaeology I & ARCY 1009 [0.5] Introduction to Archaeology II	
Or	
CLCV 1008 [0.5] Introduction to Archaeology I & CLCV 1009 [0.5] Introduction to Archaeology II	
2. 1.0 credit in ARCY or approved electives at the 2000 level	1.0
3. 1.0 credit in ARCY or approved electives at the 3000 level	1.0
4. 1.0 credit in ARCY or approved electives at any level	1.0
5. The remaining requirements of the major discipline(s) and degree must be satisfied.	
Total Credits	4.0

Approved Archaeology Electives

Other courses may be substituted for those specified below, when material on archaeology is central to the course. Such substitutions must be individually approved by the Greek and Roman Studies Program Coordinator.

Note: "R" designates that the course is repeatable.

Anthropology

ANTH 1001 [0.5]	Introduction to Socio-Cultural Anthropology
ANTH 3580 [0.5]	Anthropology of Material Culture and Museums

Art History

----------------------	------------

B.A. Regulations

The regulations presented below apply to all Bachelor of Arts programs. In addition to the requirements presented here, students must satisfy the University regulations common to all undergraduate students including the process of Academic Continuation Evaluation (consult the *Academic Regulations of the University* section of this Calendar).

First-Year Seminars

B.A. degree students are strongly encouraged to include a First-Year Seminar (FYSM) during their first 4.0 credits of registration. Students are limited to 1.0 credit in FYSM and can only register in a FYSM while they have first-year standing in their B.A. program.

Breadth Requirement

Among the credits presented at graduation, students in both the B.A. and the B.A. Honours degrees and B.Co.M.S. are required to include 3.0 breadth credits, which must include 1.0 credit in three of the four breadth areas identified below. Credits that fulfil requirements in the Major, Minor, Concentration, Specialization, or Stream may also be used to fulfil the Breadth Requirement.

Students admitted with a completed university degree are exempt from breadth requirements.

Students in the following interdisciplinary programs are exempt from the B.A. breadth requirement.

- African Studies
- Criminology and Criminal Justice
- Environmental Studies
- Human Rights
- Human Rights and Social Justice

Breadth Area 1: Culture and Communication

American Sign Language, Art History, Art and Culture, Communication and Media Studies, Digital Humanities, English, Film Studies, French, Journalism, Media Production and Design, Music, and Languages (Arabic, English as a Second Language, German, Greek, Hebrew, Indigenous Languages, Italian, Japanese, Korean, Latin, Mandarin, Portuguese, Russian, Spanish)

Subject codes: ARAB, ARTH, ASLA, CHIN, COMS, DIGH, ENGL, ESLA, FILM, FINS, FREN, GERM, GREK,

HEBR, ITAL, JAPA, JOUR, KORE, LANG, LATN, MPAD, MUSI, PORT, RUSS, SPAN

Breadth Area 2: Humanities

African Studies, Applied Linguistics and Discourse Studies, Archaeology, Canadian Studies, Child Studies, Classical Civilization, Critical Race Studies, Directed Interdisciplinary Studies, Disability Studies, Environmental and Climate Humanities, European and Russian Studies, History, Human Rights and Social Justice, Humanities, Indigenous Studies, Latin American and Caribbean Studies, Linguistics, Medieval and Early Modern Studies, Philosophy, Religion, Sexuality Studies, South Asian Studies, and Women's and Gender Studies.

Subject codes: AFRI, ALDS, ARCY, CDNS, CHST, CLCV, CRST, DBST, DIST, EACH, EURR, HIST, HRSJ, HUMR, HUMS, INDG, LACS, LING, MEMS, PHIL, RELI, SAST, SXST, WGST

Breadth Area 3: Science, Engineering, and Design

Architecture, Biology, Chemistry, Computer Science, Data Science, Earth Sciences, Engineering, Environmental Science, Food Science and Nutrition, Health Sciences, Industrial Design, Information Resource Management, Information Technology (BIT), Information Technology (ITEC), Interactive Multimedia and Design, Interdisciplinary Science and Practice, Mathematics, Neuroscience, Network Technology, Nursing, Optical Systems and Sensors, Photonics, Statistics, Physics, and Technology, Society, Environment.

Subject codes: ACSE, AERO, ARCC, ARCH, ARCN, ARCS, ARCU, BIOC, BIOL, BIT, CHEM, CIVE, COMP, CSEC, DATA, ECOR, ELEC, ENSC, ENVE, EARTH, FOOD, HLTH, IDES, IMD, IRM, ISAP, ISCI, ISCS, ISYS, ITEC, MAAE, MATH, MECH, MECT, NET, NEUR, NSCI, NURS, OSS, PHYS, PLT, SREE, STAT, SYSC, TSES

Breadth Area 4: Social Sciences

Anthropology, Business, Cognitive Science, Criminology and Criminal Justice, Economics, Environmental Studies, Geography, Geomatics, Global and International Studies, Global Politics, Interdisciplinary Public Affairs, International Affairs, Law, Migration and Diaspora Studies, Political Management, Political Science, Psychology, Public Administration, Public Affairs and Policy Management, Social Work, Sociology/Anthropology, Sociology

Subject codes: ANTH, BUSI, CGSC, CRCJ, ECON, ENST, GEOG, GEOM, GINS, GPOL, INAF, IPAF, LAWS, MGDS, PADM, PAPM, POLM, PSCI, PSYC, SOCI, SOWK

Declared and Undeclared Students

Degree students are considered "Undeclared" if they have been admitted to a degree, but have not yet selected and been accepted into a program within that degree. The status "Undeclared" is available only in the B.A. and B.Sc. degrees. Undeclared students must apply to enter a program upon or before completing 3.5 credits.

Change of Program Within the B.A. Degree

To transfer to a program within the B.A. degree, applicants must normally be *Eligible to Continue* (EC) in the new program, by meeting the CGPA thresholds described

in Section 3.1.9 of the *Academic Regulations of the University*.

Applications to declare or change programs within the B.A. degree online must be made online through Carleton Central by completing a Change of Program Elements (COPE) application form within the published deadlines. Acceptance into a program, or into a program element or option, is subject to any enrollment limitations, as well as specific program, program element, or option requirements as published in the relevant Calendar entry.

Minors, Concentrations, and Specializations

Students may add a Minor, Concentration, or Specialization by completing a Change of Program Elements (COPE) application form online through Carleton Central. Acceptance into a Minor, Concentration, or Specialization normally requires that the student be *Eligible to Continue* (EC) and is subject to any specific requirements of the intended Minor, Concentration, or Specialization as published in the relevant Calendar entry and in Section 3.1.9 of the *Academic Regulations of the University*.

Mention : français

Students registered in certain B.A. programs may earn the diploma notation *Mention : français* by completing part of their program requirements in French, and by demonstrating knowledge of the history and culture of French Canada. The general requirements are listed below. For more specific details, consult the departmental program entries.

Students in a B.A. Honours program must present:

1. 1.0 credit in French language;
2. 1.0 credit devoted to the history and culture of French Canada;
3. 1.0 credit at the 2000- or 3000-level in the Honours discipline taken in French; and
4. 1.0 credit at the 4000-level in the Honours discipline taken in French.

Students in a B.A. program must present:

1. 1.0 credit in advanced French;
2. 1.0 credit devoted to the history and culture of French Canada;
3. 1.0 credit at the 2000- or 3000-level in the Major discipline taken in French.

Students in Combined Honours programs must fulfil the *Mention : français* requirement in both disciplines.

Courses taught in French (Items 3 and 4, above) may be taken at Carleton, at the University of Ottawa on the Exchange Agreement, or at a francophone university on a Letter of Permission. Students planning to take courses on exchange or on a Letter of Permission should take careful note of the residence requirement for a minimum number of Carleton courses in their programs. Consult the *Academic Regulations of the University* section of this Calendar for information regarding study on exchange or Letter of Permission.

Admissions Information

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as *recommended*, it is not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admission Requirements

Degrees

- Bachelor of Arts (B.A.) (Honours)
- Bachelor of Arts (B.A.)

First Year

For B.A. and B.A. (Honours)

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include a 4U course in English (or *anglais*). Applicants submitting an English language test to satisfy the requirements of the English Language Proficiency section of this Calendar may use that test to also satisfy the 4U English prerequisite requirement.

Biology

For the major in Biology in the B.A. program, in addition to the 4U English, a 4U course in Chemistry is required. Advanced Functions, and Calculus and Vectors are recommended.

Criminology and Criminal Justice

Access to the CCJ B.A. degree is limited to students already registered in the CCJ B.A. Honours who apply to transfer, and to graduates of the Algonquin College Police Foundations program.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be Eligible to Continue in their year level, in addition to meeting the CGPA thresholds described in Section 3.1.9 of the Academic Regulations of the University. Advanced standing will be granted only for those subjects assessed as being appropriate for the program and the stream selected.

Co-op Option

Direct Admission to the 1st Year of the Co-op Option

Co-op is available for the following Majors in the B.A. (Honours) degree: Anthropology, English, Environmental Studies, European and Russian Studies, French, Geography, Geomatics, History, Law, Political Science, Psychology, Sociology.

Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in the Bachelor of Arts Honours with one of the majors listed above;
3. be eligible to work in Canada (for off-campus work placements).

Meeting the above requirements only establishes eligibility for admission to the program. The prevailing job market may limit enrolment in the co-op option. Students should also note that hiring priority is given to Canadian citizens for co-op positions in the Public Service Commission.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are described in the Co-operative Education Regulations section of this Calendar.

Advanced Standing

B.A. and B.A. (Honours) Program

Applications for admission to the second or subsequent years will be assessed on their merits. Advanced standing will be granted only for those courses that are determined to be appropriate.

Classical Civilization (CLCV) Courses

CLCV 1002 [0.5 credit]

Survey of Greek Civilization

Introduction to the study of Greek antiquity and the discipline of Classics and its methodologies. Greek culture and society are set in their historical contexts and studied through readings from representative ancient authors (in English translation) and through the art and architecture of the period.

Precludes additional credit for CLCV 1000 (no longer offered), CLCV 1109 (no longer offered).

Lecture three hours a week.

CLCV 1003 [0.5 credit]

Survey of Roman Civilization

Introduction to the study of Roman antiquity and the discipline of Classics and its methodologies. The culture and society are set in their historical context and studied through readings from representative ancient authors (in English translation) and through the art and architecture of the period.

Precludes additional credit for CLCV 1000 (no longer offered), CLCV 1109 (no longer offered).

Lecture three hours a week.

CLCV 1004 [0.5 credit]

Elementary Language Tutorial I

Elementary study of an ancient language.

Prerequisite(s): Permission of the unit.

Tutorial two hours a week plus out-of-class requirements.

CLCV 1005 [0.5 credit]

Elementary Language Tutorial II

Elementary study of an ancient language.

Prerequisite(s): Permission of the department.

Tutorial two hours a week plus out-of-class requirements.

CLCV 1008 [0.5 credit]

Introduction to Archaeology I

Introduction to the history, theory and practice of field archaeology. Excavations from all time periods and global regions will be discussed. Focus will be placed on excavation methods and technology, including dating, that enhance understanding of sites both on land and underwater.

Also listed as ARCY 1008.

Precludes additional credit for CLCV 2300 (no longer offered).

Lecture three hours a week.

CLCV 1009 [0.5 credit]

Introduction to Archaeology II

Continues the examination of various aspects of field archaeology begun in CLCV 1008. This course places greater focus on recent approaches to the interpretation of remains. These include environmental, cognitive and bioarchaeological approaches.

Also listed as ARCY 1009.

Precludes additional credit for CLCV 2300 (no longer offered).

Lecture three hours a week.

CLCV 2004 [0.5 credit]

Intermediate Language Tutorial I

Intermediate study of an ancient language.

Prerequisite(s): permission of the unit.

Tutorial two hours a week plus out-of-class requirements.

CLCV 2005 [0.5 credit]

Intermediate Language Tutorial II

Intermediate study of an ancient language.

Prerequisite(s): permission of the unit.

Tutorial two hours a week plus out-of-class requirements.

CLCV 2008 [0.5 credit]

Greek and Roman Epic

An examination of the genre of epic in Greco-Roman antiquity, including a close reading of translations of Homer and Vergil.

Also listed as ENGL 2012.

Precludes additional credit for CLCV 2009 and ENGL 2009 (no longer offered).

Prerequisite(s): second year standing or permission of the unit.

Lecture three hours a week.

CLCV 2010 [0.5 credit]

Greek and Roman Drama

An examination of the genres of tragedy and comedy in Greco-Roman antiquity.

Also listed as ENGL 2605.

Precludes additional credit for CLCV 2009 or ENGL 2009 (no longer offered).

Prerequisite(s): second year standing or permission of the unit.

Lecture three hours a week.

CLCV 2100 [0.5 credit]

Scientific and Medical Terminology

Examination of Ancient Greek and Latin roots of technical terms found in the sciences, engineering, and medicine.

Lecture three hours a week.

CLCV 2103 [0.5 credit]**Greek Religion**

A study of religion in ancient Greece.

Also listed as RELI 2735.

Precludes additional credit for CLCV 2102 (no longer offered) and, RELI 2102 (no longer offered) RELI 2734 (no longer offered).

Lecture three hours a week.

CLCV 2104 [0.5 credit]**Roman Religion**

A study of religion in ancient Rome.

Also listed as RELI 2737.

Precludes additional credit for CLCV 2102 (no longer offered), RELI 2102 (no longer offered) and RELI 2734 (no longer offered).

Lecture three hours a week.

CLCV 2105 [1.0 credit]**Ancient Philosophy: The Search for Wisdom**

An exploration of ancient philosophy as a search for wisdom and happiness from its Presocratic beginnings in Greece to its development in the Hellenistic world and Imperial Rome. Emphasis on philosophy as a contemplative activity and as a way of life.

Also listed as PHIL 2005.

Precludes additional credit for PHIL 2006, CLCV 2006, PHIL 2007, CLCV 2007 (no longer offered).

CLCV 2303 [0.5 credit]**Greek Art and Archaeology**

The art, architecture and archaeology of ancient Greece. Vase painting, sculpture, architecture, town planning and analogous arts.

Also listed as ARTH 2102.

Precludes additional credit for CLCV 2302 (no longer offered) and ARTH 2100 (no longer offered).

Prerequisite(s): second-year standing or permission of the unit.

Lecture three hours a week.

CLCV 2304 [0.5 credit]**Roman Art and Archaeology**

The art, architecture and archaeology of the ancient Romans. Vase painting, sculpture, architecture, town planning and analogous arts are studied.

Also listed as ARTH 2105.

Precludes additional credit for CLCV 2302 and ARTH 2100.

Prerequisite(s): second-year standing or permission of the unit.

CLCV 2305 [1.0 credit]**Ancient Science and Technology**

The development and application of ancient science and technology in the fields of ancient engineering, machinery, metallurgy, transport, building, agriculture and Hippocratic medicine; the social position of craftsmen and artisans, the attitude of intellectuals to science and manual labour, the effects of slavery.

Also listed as TSES 2305.

Prerequisite(s): second-year standing or permission of the Department. This course is suitable for students with no previous knowledge of Greece or Rome.

Lecture three hours a week.

CLCV 2500 [0.5 credit]**Classical Mythology**

A study of classical mythology, emphasizing its use in Greek and Roman literature and its place in classical art and religion. There is some discussion of classical myths in terms of contemporary interpretations of myth.

Also listed as ENGL 2500.

Precludes additional credit for CLCV 2000 and ENGL 2007 (no longer offered).

Prerequisite(s): second-year standing or permission of the unit.

Lecture three hours a week.

CLCV 2902 [0.5 credit]**Origins of the Greeks**

The history of ancient Greece from the Bronze Age through the Archaic period.

Also listed as HIST 2902.

Precludes additional credit for CLCV 2900 and HIST 2900.

Prerequisite(s): second-year standing or permission of unit.

Lecture three hours a week.

CLCV 2903 [0.5 credit]**Democracy to Alexander**

The history of ancient Greece from the classical period to Alexander.

Also listed as HIST 2903.

Precludes additional credit for CLCV 2900 and HIST 2900.

Prerequisite(s): second-year standing or permission of the unit.

Lecture three hours a week.

CLCV 2904 [0.5 credit]**Rise of the Roman Empire**

The history of ancient Rome from early Rome to the end of the Republic.

Also listed as HIST 2904.

Precludes additional credit for CLCV 2901 and HIST 2901.

Prerequisite(s): second-year standing or permission of the unit.

Lecture three hours a week.

CLCV 2905 [0.5 credit]**Rome of the Caesars**

The history of ancient Rome from the end of the Republic to the coming of Islam.

Also listed as HIST 2905.

Precludes additional credit for CLCV 2901 (no longer offered) and HIST 2901 (no longer offered).

Prerequisite(s): second-year standing or permission of the unit.

Lecture three hours a week.

CLCV 2906 [0.5 credit]**Studies in Classical Civilization**

A study of a selected topic in ancient history, literature, languages, culture, archaeology and/or technology.

Prerequisite(s): second-year standing or permission of the unit. Permission of the unit is required to repeat this course.

Lecture three hours a week.

CLCV 3000 [0.5 credit]**Topics in Ancient History**

A study of a selected topic in ancient history.

Also listed as HIST 3000.

Prerequisite(s): third-year standing or permission of the unit. Permission of the unit is required to repeat this course.

Lecture three hours a week.

CLCV 3001 [0.5 credit]**Early Greek Philosophy**

A study of the pre-Socratic philosophers and of the Sophists and Socrates.

Also listed as PHIL 3001.

Prerequisite(s): CLCV 2105 or PHIL 2005 or permission of the Philosophy department.

Lectures three hours a week.

CLCV 3003 [0.5 credit]**Topics in Classical Civilization**

A study of a selected topic in classical civilization.

Prerequisite(s): third-year standing or permission of the unit. Permission of the unit is required to repeat this course.

Lecture three hours a week.

CLCV 3010 [0.5 credit]**The Later Roman Empire**

The study of major developments - administrative, ecclesiastical, cultural and societal - of the later Roman Empire.

Also listed as HIST 3010.

Precludes additional credit for CLCV 3002 and HIST 3002.

Prerequisite(s): a 2000-level CLCV course.

Lecture three hours a week.

CLCV 3011 [0.5 credit]**Topics in Ancient Philosophy**

A study of philosophers, texts, problems and issues in ancient philosophy, generally with a focus on Plato and Aristotle.

Also listed as PHIL 3000.

Prerequisite(s): 0.5 credit in PHIL and second-year standing, or permission of the Philosophy department.

Lectures three hours a week.

CLCV 3201 [0.5 credit]**Studies in Greek History**

Study of a period or theme in Greek History.

Also listed as HIST 3009.

Prerequisite(s): 1.0 credit in CLCV courses (or equivalent) or permission of the unit. Permission of the unit is required to repeat this course.

Lecture three hours a week.

CLCV 3202 [0.5 credit]**Studies in Roman History**

Study of a period or theme in Roman History.

Also listed as HIST 3101.

Prerequisite(s): 1.0 credit in CLCV courses (or equivalent) or permission of the unit. Permission of the unit is required to repeat this course.

Lecture three hours a week.

CLCV 3301 [0.5 credit]**Field Work I: Greek and Roman World**

Students will participate for a minimum of three weeks on an archaeological field project (i.e., excavation or survey) relevant to the Greek and Roman world. They will learn archaeological documentation and the analysis, recording, and processing of finds.

Includes: Experiential Learning Activity

Also listed as ARCY 3301.

Prerequisite(s): CLCV 1008 and CLCV 1009 or CLCV 2300 and permission of the unit. Permission of the unit is required to repeat this course.

CLCV 3306 [0.5 credit]**Studies in Greek Art**

A study of period or theme in the art and archaeology of Ancient Greece. Topics may vary from year to year.

Also listed as ARTH 3102, RELI 3732.

Precludes additional credit for RELI 3731 and ARTH 3101 (no longer offered) and RELI 3306 (if taken summer 2005, summer 2006, summer 2007).

Prerequisite(s): second-year standing or permission of the unit. Permission of the unit is required to repeat this course.

Lecture three hours a week.

CLCV 3307 [0.5 credit]**Studies in Roman Art**

A study of a period or theme in the art and archaeology of the ancient Romans. Topics may vary from year to year.

Also listed as ARTH 3105, RELI 3733.

Precludes additional credit for RELI 3731 and ARTH 3101 (no longer offered) and RELI 3306 (if taken summer 2005, summer 2006, summer 2007).

Prerequisite(s): second-year standing or permission of the unit. Permission of the unit is required to repeat this course.

Lecture three hours a week.

CLCV 3400 [0.5 credit]**Greek and Roman Studies Abroad**

This course combines academic study in Canada with first hand examination of museum collections and sites of the ancient world, normally in Greece and Italy. Course content varies from year to year.

Includes: Experiential Learning Activity

Prerequisite(s): 1.0 credit in Greek and Roman Studies, any level (CLCV, GREK, or LATN. Permission of the unit is required to repeat this course.

Hours to be arranged.

CLCV 3701 [0.5 credit]**Studies in Greek Literature**

A study of an author or topic in Greek literature. Contents of this course vary from year to year.

Also listed as ENGL 3008.

Prerequisite(s): 1.0 credit in CLCV courses (or equivalent) at second year level or permission of the unit. Permission of the unit is required to repeat this course.

Lecture three hours a week.

CLCV 3702 [0.5 credit]**Studies in Roman Literature**

A study of an author or topic in Roman literature.

Also listed as ENGL 3009.

Prerequisite(s): 1.0 credit in CLCV courses (or equivalent) at second year level or permission of the unit. Permission of the unit is required to repeat this course.

Lecture three hours a week.

CLCV 4000 [0.5 credit]**Field Work II: Greek and Roman World**

Students participate for a minimum of three weeks in a position of responsibility (for example, as a trench supervisor or lab assistant) on an archaeological field project relevant to the Greek and Roman world.

Includes: Experiential Learning Activity

Also listed as ARCY 4000.

Prerequisite(s): CLCV 3300 and permission of the unit.

Permission of the unit is required to repeat this course.

Field work

CLCV 4210 [0.5 credit]**Topics in Ancient History**

Intended for Honours students in History and Classics who should normally be in the third and fourth-years.

Includes: Experiential Learning Activity

Also listed as HIST 4210.

Prerequisite(s): CLCV 2902 (HIST 2902), CLCV 2903 (HIST 2903) or CLCV 2904 (HIST 2904), CLCV 2905 (HIST 2905) or CLCV 3201 or CLCV 3202 or permission of the unit.

Seminar three hours a week.

CLCV 4800 [0.5 credit]**Seminar in Greek and Roman Studies**

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year standing in the Greek and Roman Studies B.A. program, or permission of the department.

Seminar three hours a week.

CLCV 4801 [0.5 credit]**Seminar in Greek and Roman Studies**

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year standing in the Greek and Roman Studies B.A. program, or permission of the department.

Seminar three hours a week.

CLCV 4900 [0.5 credit]**Directed Readings and Research**

These courses consist of supervised readings and research projects in a specific area of Classical Civilization to be chosen in consultation with a faculty Supervisor who agrees to oversee a student's proposed research.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year Honours standing and permission of the unit.

Greek (GREK) Courses

GREK 1005 [0.5 credit]

Introduction to Greek I

A course for beginners in ancient Greek, designed to give students a grasp of basic grammatical forms and vocabulary (with reference to English derivatives) through the reading of continuous Greek.

Includes: Experiential Learning Activity
Lectures and tutorials four hours a week.

GREK 1006 [0.5 credit]

Introduction to Greek II

A course for students with some previous knowledge of the language: study of grammatical forms and constructions; acquisition of reading skills.

Includes: Experiential Learning Activity
Prerequisite(s): GREK 1005 or equivalent.
Lectures and tutorials four hours a week.

GREK 2200 [0.5 credit]

Intermediate Greek I

Further study of the language; introduction to the reading of ancient Greek authors.

Includes: Experiential Learning Activity
Precludes additional credit for GREK 2001.
Prerequisite(s): GREK 1006 or equivalent.
Tutorials three hours a week.

GREK 2201 [0.5 credit]

Intermediate Greek II

Continued study of the language; reading of selected prose and poetry by ancient Greek authors; development of translation skills.

Precludes additional credit for GREK 2001.
Prerequisite(s): GREK 2200 or equivalent.
Tutorials three hours a week.

GREK 3900 [0.5 credit]

Advanced Greek I

Reading and critical discussion of selections from ancient Greek.

Prerequisite(s): GREK 2200, GREK 2201 or equivalent.
Tutorials three hours a week.

GREK 3901 [0.5 credit]

Advanced Greek II

Reading and critical discussion of selections from ancient Greek.

Prerequisite(s): GREK 2200, GREK 2201 or equivalent.
Tutorials three hours a week.

GREK 4900 [0.5 credit]

Directed Study

GREK 4901 [0.5 credit]

Directed Study

Latin (LATN) Courses

LATN 1005 [0.5 credit]

Introduction to Latin I

A course for beginners in Latin, designed to give students a grasp of basic grammatical forms and vocabulary (with reference to English derivatives) through the reading of continuous Latin.

Includes: Experiential Learning Activity
Lectures and practice periods four hours a week.

LATN 1006 [0.5 credit]

Introduction to Latin II

A course for students with some previous knowledge of the language: study of grammatical forms and constructions; acquisition of reading skills.

Includes: Experiential Learning Activity
Prerequisite(s): LATN 1005 or equivalent.
Lectures and practice periods four hours a week.

LATN 2200 [0.5 credit]

Intermediate Latin I

Further study of the language; introduction to the reading of Latin authors.

Includes: Experiential Learning Activity
Precludes additional credit for LATN 2001.
Prerequisite(s): LATN 1006 or equivalent.
Tutorials three hours a week.

LATN 2201 [0.5 credit]

Intermediate Latin II

Continued study of the language; reading of selected prose and poetry by Latin authors; development of translation skills.

Precludes additional credit for LATN 2001.
Prerequisite(s): LATN 2200 or equivalent.
Tutorials three hours a week.

LATN 3900 [0.5 credit]

Advanced Latin I

Reading and critical discussion of selections from Latin poetry.

Prerequisite(s): LATN 2200, LATN 2201 or equivalent.
Tutorials three hours a week.

LATN 3901 [0.5 credit]

Advanced Latin II

Reading and critical discussion of selections from Latin prose.

Prerequisite(s): LATN 2200, LATN 2201 or equivalent.
Tutorials three hours a week.

LATN 4900 [0.5 credit]
Directed Study

LATN 4901 [0.5 credit]
Directed Study

Health Sciences

This section presents the requirements for programs in:

- **Health Sciences with Concentration B.H.Sc. Honours**
- **Concentration in Biomedical Sciences**
- **Concentration in Disability and Chronic Illness**
- **Concentration in Environment and Health**
- **Concentration in Global Health**
- **Concentration in Health Throughout the Lifespan**
- **Health Sciences B.H.Sc.**
- **Journalism with Concentration in Health Sciences B.J. Honours**
- **Minor in Health Sciences**

Program Requirements

Students in the B.H.Sc. Honours program choose to follow one of five concentrations. The selection must take place at admission.

Health Sciences with Concentration B.H.Sc. Honours (20.0 credits)

Before the second year of study, students in this program must register in one of the concentrations listed below.

A. Credits Included in the Major CGPA (10.0 credits)

1. 4.5 credits in:	4.5
HLTH 1000 [0.5]	Fundamentals of Health
HLTH 1002 [0.5]	Health Science Communication
HLTH 2001 [0.5]	Health Research Methods and Skills
HLTH 2002 [0.5]	Molecular and Cellular Pathology
HLTH 2003 [0.5]	Social Determinants of Health
HLTH 3101 [0.5]	Global Health
HLTH 3201 [0.5]	Epidemiology
HLTH 3302 [0.5]	Immunity and Immune-Related Disorders
HLTH 3404 [0.5]	Psychosocial and Biological Interactions in Health
2. 1.5 credits in:	1.5
a) Project/Field Placement pathway	
0.5 credit from:	
HLTH 3901 [0.5]	Emerging Issues in Health Sciences I
HLTH 3902 [0.5]	Emerging Issues in Health Sciences II
HLTH 3903 [0.5]	Emerging Issues in Health Sciences III
HLTH 3904 [0.5]	Emerging Issues in Health Sciences IV
HLTH 3905 [0.5]	Emerging Issues in Health Sciences V

and	
1.0 credit from:	
HLTH 4907 [1.0]	Capstone Course – Group Research Project
HLTH 4909 [1.0]	Capstone Course – Field Placement and Research Project
HLTH 4910 [1.0]	Honours Individual Research Thesis

OR

b) Essay pathway

0.5 credit in HLTH elective at the 3000 level or above

and

1.0 credit in:

HLTH 4906 [1.0]	Capstone course – Research Essay
-----------------	----------------------------------

3. 0.5 credit in HLTH at the 3000 level or above 0.5

4. 3.5 credits in concentration electives at the 3000 level or above 3.5

B. Credits Not Included in the Major CGPA (10.0 credits)

5. 2.5 credits in: 2.5

BIOL 1103 [0.5]	Foundations of Biology I
BIOL 1104 [0.5]	Foundations of Biology II
CHEM 1001 [0.5]	General Chemistry I
CHEM 1002 [0.5]	General Chemistry II
MATH 1007 [0.5]	Elementary Calculus I

6. 1.0 credit from: 1.0

ECON 1001 [0.5]	Introduction to Microeconomics & Introduction to Macroeconomics
ECON 1002 [0.5]	

or

PSYC 1001 [0.5]	Introduction to Psychology I
& PSYC 1002 [0.5]	Introduction to Psychology II

7. 1.0 credit in: 1.0

STAT 2507 [0.5]	Introduction to Statistical Modeling I
STAT 2509 [0.5]	Introduction to Statistical Modeling II

8. 1.0 credit in: 1.0

BIOL 2104 [0.5]	Introductory Genetics
BIOL 2200 [0.5]	Cellular Biochemistry

9. 1.0 credit in approved 2000-level concentration electives 1.0

10. 0.5 credit from: 0.5

PHIL 1550 [0.5]	Introduction to Ethics and Social Issues
PHIL 2408 [0.5]	Bioethics

11. 3.0 credits in free electives. 3.0

NOTE: The maximum allowed combined number of minors and concentrations for any student is two.

Total Credits 20.0

Concentration in Biomedical Sciences (5.0 credits)

1. 0.5 credit from: 0.5

CHEM 2203 [0.5]	Organic Chemistry I
FOOD 2001 [0.5]	Principles of Nutrition
NEUR 2201 [0.5]	Cellular and Molecular Neuroscience
PSYC 2301 [0.5]	Introduction to Health Psychology

2. 2.5 credits in:	2.5
BIOL 3104 [0.5]	Molecular Genetics
BIOL 3305 [0.5]	Human and Comparative Physiology
or BIOL 3306 [0.5]	Human Anatomy and Physiology
BIOL 3307 [0.5]	Advanced Human Anatomy and Physiology
HLTH 2004 [0.5]	Microbiology and Virology
HLTH 3303 [0.5]	Molecular and Cellular Pathology II
3. 0.5 credit from:	0.5
HLTH 4201 [0.5]	Applied Health Statistics
HLTH 4202 [0.5]	Health Program Evaluation Tools and Methods
4. 1.0 credit from:	1.0
COMS 2500 [0.5]	Communication and Science
HLTH 3401 [0.5]	Diseases of Childhood
HLTH 3402 [0.5]	Diseases of Aging
HLTH 3503 [0.5]	Disability and Chronic Health Conditions
HLTH 4102 [0.5]	New Health Technologies
HLTH 4301 [0.5]	Pandemics and Infectious Disease
HLTH 4302 [0.5]	Inflammatory and Endocrine Factors in Diseases
HLTH 4303 [0.5]	Fundamentals in Pharmacology and Toxicology
HLTH 4401 [0.5]	Maternal and Perinatal Determinants of Health
HLTH 4502 [0.5]	Disabilities and Disorders Related to Sensory Nervous System
HLTH 4503 [0.5]	Trauma-related Disability and Impairments
HLTH 4304 [0.5]	Host-Pathogen Interactions
5. 0.5 credit from:	0.5
BIOL 3202 [0.5]	Principles of Developmental Biology
BIOL 3501 [0.5]	Biomechanics
BIOL 4202 [0.5]	Mutagenesis and DNA Repair
COMS 3412 [0.5]	Communication and Health
ECON 4460 [0.5]	Health Economics
FOOD 3005 [0.5]	Food Microbiology
FOOD 4201 [0.5]	Advanced Nutrition and Metabolism
FOOD 4202 [0.5]	Micronutrients and Health
GEOG 3206 [0.5]	Health, Environment, and Society
HLTH 3102 [0.5]	Indigenous Health in a Global World
HLTH 3103 [0.5]	Health Policy and Canada's Health Care System
HLTH 3104 [0.5]	Regulatory Issues and Human Health
HLTH 3403 [0.5]	Gender and Health
HLTH 4101 [0.5]	Global Health Governance
HLTH 4601 [0.5]	Environmental Pollution and Health
HLTH 4701 [0.5]	Knowledge Translation
HLTH 4901 [0.5]	Directed Studies in Health
NEUR 3304 [0.5]	Hormones and Behaviour
NEUR 3401 [0.5]	Environmental Toxins and Mental Health

NEUR 3502 [0.5]	Neurodevelopmental Determinants of Mental Health
Total Credits	5.0
Concentration in Disability and Chronic Illness (5.5 credits)	
1. 0.5 credit in:	0.5
NEUR 2201 [0.5]	Cellular and Molecular Neuroscience
2. 0.5 credit from:	0.5
CHEM 2203 [0.5]	Organic Chemistry I
FOOD 2001 [0.5]	Principles of Nutrition
HLTH 2004 [0.5]	Microbiology and Virology
NEUR 2202 [0.5]	Neurodevelopment and Plasticity
PSYC 2301 [0.5]	Introduction to Health Psychology
3. 2.5 credits in:	2.5
BIOL 3305 [0.5]	Human and Comparative Physiology
or BIOL 3306 [0.5]	Human Anatomy and Physiology
BIOL 3307 [0.5]	Advanced Human Anatomy and Physiology
HLTH 3503 [0.5]	Disability and Chronic Health Conditions
HLTH 4502 [0.5]	Disabilities and Disorders Related to Sensory Nervous System
HLTH 4503 [0.5]	Trauma-related Disability and Impairments
4. 0.5 credit from:	0.5
HLTH 4201 [0.5]	Applied Health Statistics
HLTH 4202 [0.5]	Health Program Evaluation Tools and Methods
5. 1.0 credit from:	1.0
BIOL 3501 [0.5]	Biomechanics
COMS 2500 [0.5]	Communication and Science
HLTH 3103 [0.5]	Health Policy and Canada's Health Care System
HLTH 3104 [0.5]	Regulatory Issues and Human Health
HLTH 3401 [0.5]	Diseases of Childhood
HLTH 3402 [0.5]	Diseases of Aging
HLTH 4302 [0.5]	Inflammatory and Endocrine Factors in Diseases
HLTH 4304 [0.5]	Host-Pathogen Interactions
NEUR 3501 [0.5]	Neurodegeneration and Aging
6. 0.5 credit from:	0.5
BIOL 3104 [0.5]	Molecular Genetics
BIOL 3202 [0.5]	Principles of Developmental Biology
COMS 3412 [0.5]	Communication and Health
ECON 4460 [0.5]	Health Economics
FOOD 3005 [0.5]	Food Microbiology
FOOD 4103 [0.5]	Food Safety Risk Assessment
FOOD 4201 [0.5]	Advanced Nutrition and Metabolism
FOOD 4202 [0.5]	Micronutrients and Health

CHEM 1001 [0.5]	General Chemistry I	
CHEM 1002 [0.5]	General Chemistry II	
MATH 1007 [0.5]	Elementary Calculus I	
7. 1.0 credit from:		1.0
ECON 1001 [0.5]	Introduction to Microeconomics	
ECON 1002 [0.5]	Introduction to Macroeconomics	
PSYC 1001 [0.5]	Introduction to Psychology I	
PSYC 1002 [0.5]	Introduction to Psychology II	
8. 0.5 credit from:		0.5
PHIL 1550 [0.5]	Introduction to Ethics and Social Issues	
PHIL 2408 [0.5]	Bioethics	
9. 4.0 credits in free electives		4.0
Total Credits		15.0

Journalism with Concentration in Health Sciences

B.J. Honours (20.0 credits)

A. Credits Included in the Major CGPA (8.0 credits)

1. 1.0 credit in:		1.0
JOUR 1001 [0.5]	Foundations: Journalism in Context	

JOUR 1002 [0.5]	Foundations: Practicing Journalism in a Diverse Society	
2. 2.0 credits in:		2.0
JOUR 2201 [1.0]	Fundamentals of Reporting	
JOUR 2203 [0.5]	Civics for Journalists	
JOUR 2501 [0.5]	Media Law	
3. 2.5 credits in:		2.5
JOUR 3207 [0.5]	Audio Journalism	
JOUR 3208 [0.5]	Video Journalism	
JOUR 3225 [0.5]	Reporting in Depth	
JOUR 3235 [0.5]	Digital Journalism	
JOUR 3300 [0.5]	Media Ethics in a Digital World	
4. 0.5 credit in:		0.5
JOUR 4001 [0.5]	Journalism Now - and Next	
5. 0.5 credit from - Journalism Publications:		0.5
JOUR 4003 [0.5]	The Digital Hub: Advanced Multimedia	
JOUR 4004 [0.5]	The Digital Hub: Advanced Audio	
JOUR 4005 [0.5]	The Digital Hub: Advanced Video	
6. 0.5 credit from - Specialized Journalism:		0.5
JOUR 4303 [0.5]	Specialized Journalism: Health and Science	
JOUR 4304 [0.5]	Specialized Journalism: Environment and Science	
7. 1.0 credit from - Professional Skills and/or Investigating Journalism:		1.0
Professional Skills		
JOUR 4400 [0.5]	Professional Skills: Special Topic	
JOUR 4401 [0.5]	Professional Skills: Data Storytelling	
JOUR 4402 [0.5]	Professional Skills: Longform Writing	
JOUR 4403 [0.5]	Professional Skills: Strategic Communication	
JOUR 4404 [0.5]	Professional Skills: Freelancing for Media Professionals	
Investigating Journalism		
JOUR 4500 [0.5]	Investigating Journalism: Special Topic	
JOUR 4501 [0.5]	Investigating Journalism: Gender, Identity and Inequality	
JOUR 4502 [0.5]	Investigating Journalism: Journalism and Conflict	
JOUR 4504 [0.5]	Investigating Journalism: The Media and International Development	
JOUR 4505 [1.0]	Investigating Journalism: The Power and Politics of Government	
JOUR 4506 [0.5]	Investigating Journalism: Trauma-Informed Journalism	
JOUR 4507 [0.5]	Investigating Journalism: History of Black Journalism	
JOUR 4508 [0.5]	Investigating Journalism: Inclusive Reporting in Practice	
B. Credits Not Included in the Major CGPA (12.0 credits)		
8. 1.0 credit in:		1.0
BIOL 1103 [0.5]	Foundations of Biology I	
BIOL 1104 [0.5]	Foundations of Biology II	
9. 2.0 credits in Health Science courses:		2.0

HLTH 1001 [0.5]	Principles of Health I	
HLTH 2001 [0.5]	Health Research Methods and Skills	
HLTH 2002 [0.5]	Molecular and Cellular Pathology	
HLTH 2003 [0.5]	Social Determinants of Health	
10. 1.0 credit in a capstone course:		1.0
NSCI 4901 [1.0]	Science Journalism Independent Project	
11. 2.0 credit in electives in Health Sciences, including courses from Biology, Neuroscience and Psychology		2.0
12 a. 0.5 credit from:		0.5
HIST 1301 [0.5]	Conflict and Change in Early Canadian History	
HIST 1302 [0.5]	Rethinking Modern Canadian History	
HIST 2301 [0.5]	Canadian Political History	
HIST 2304 [1.0]	Social and Cultural History of Canada (See Item 13 below)	
HIST 2311 [0.5]	Environmental History of Canada (b. 0.5 credit from:)	
b. 0.5 credit from:		0.5
INDG 1010 [0.5]	Indigenous Ways of Knowing	
INDG 1011 [0.5]	Introduction to Indigenous-Settler Encounters	
INDG 2011 [0.5]	Critical Indigenous Studies	
13. 5.0 credits in free electives. Students who take HIST 2304 to fulfill Item 12a will have 4.5 credits in free electives. Free elective credits may include JOUR courses in the 4300 series of courses, 4400 series of courses and 4500 series of courses, JOUR 4003, JOUR 4004 and JOUR 4005.		5.0
Total Credits		20.0

Minor in Health Sciences (4.0 credits)

This minor is open to all undergraduate degree students not in the Health Sciences program. Only students pursuing undergraduate programs requiring at least 20.0 credits to graduate and who have completed at least 4.0 credits towards their degree with a minimum Overall CGPA of 8.00 may be admitted to the Minor in Health Sciences.

Students are required to present a Minor CGPA of 6.50 or higher at graduation in order to be awarded a Minor in Health Sciences.

Requirements:

1. 2.5 credits in:		2.5
HLTH 1001 [0.5]	Principles of Health I	
HLTH 2001 [0.5]	Health Research Methods and Skills	
HLTH 2002 [0.5]	Molecular and Cellular Pathology	
HLTH 2003 [0.5]	Social Determinants of Health	
HLTH 2020 [0.5]	Principles of Health II	
2. 1.5 credits in HLTH at the 3000-level or higher		1.5
3. The remaining requirements of the major discipline(s) and degree must be satisfied.		
Total Credits		4.0

Regulations

In addition to the program requirements described here, students must satisfy the University regulations (see the

Academic Regulations of the University section of this Calendar).

Students should consult with the department when planning their program and selecting courses.

Admissions Information

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as recommended, it is not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Degrees

- Bachelor of Health Sciences (B.H.Sc.) (Honours)
- Bachelor of Health Sciences (B.H.Sc.)

Admission Requirements

First Year

B.H.Sc. (Honours)

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include Advanced Functions and two of Biology, Chemistry, Earth and Space

Sciences, or Physics. Calculus and Vectors is strongly recommended. A 4U course in English is recommended.

B.H.Sc.

No direct entry; access is restricted.

Advanced Standing

B.H.Sc. (Honours)

The program maintains a number of places for students who wish to transfer from Carleton or elsewhere. Normally, offers are made to students with an overall CGPA of 9.00 (B+) or higher.

B.H.Sc.

No direct entry. Access is restricted to students in the B.H.Sc. (Honours) program who apply to transfer.

Health Sciences (HLTH) Courses

HLTH 1000 [0.5 credit]

Fundamentals of Health

Introduction to what comprises a healthy body and mind, and what leads to illness and disease. Biomedical, psychosocial, and epidemiological approaches to current issues in the field of health. Policy and cultural/environmental contexts.

Includes: Experiential Learning Activity

Precludes additional credit for HLTH 1001.

Lectures three hours a week and group one hour a week.

HLTH 1001 [0.5 credit]

Principles of Health I

Health and illness will be considered from an interdisciplinary perspective, including biomedical, cultural, psychosocial and environmental.

Precludes additional credit for HLTH 1000.

Lecture three hours a week.

HLTH 1002 [0.5 credit]

Health Science Communication

Introduction to using library, database and/or bioinformatics resources to develop informed verbal, non-verbal and written communication within the context of healthcare, public health and health research. Concepts in ethical scholarship, proper use of sources and plagiarism will be introduced.

Lecture three hours a week.

HLTH 2001 [0.5 credit]

Health Research Methods and Skills

An introduction to quantitative and qualitative methods and designs in health sciences research. Basic research skills will also be provided, including regulatory aspects of conducting research, information literacy skills, evaluating published research and other sources of evidence in the digital age.

Includes: Experiential Learning Activity

Prerequisite(s): HLTH 1000 or HLTH 1001.

Lecture three hours a week, lab/workshop two hours a week.

HLTH 2002 [0.5 credit]

Molecular and Cellular Pathology

Introduction to the causes, natural history, and pathophysiology of common human diseases of various organ systems. Diseases related to structural and functional changes at the molecular, cellular and organ level.

Includes: Experiential Learning Activity

Prerequisite(s): HLTH 1000 and BIOL 1103 or HLTH 2020.

Lecture three hours a week.

HLTH 2003 [0.5 credit]

Social Determinants of Health

Overview of the social determinants of health, ranging from early life experiences, poverty, social status, migration, and the physical environment. The relation between social determinants and environmental vulnerabilities, health behaviours, illness prevalence, treatment outcomes, and access to health care.

Prerequisite(s): HLTH 1000 or HLTH 1001.

Lecture three hours a week.

HLTH 2004 [0.5 credit]

Microbiology and Virology

Introduction to the pathogenic microorganisms, including fungal, bacterial, viral and prion. Biochemical, genetic, pathological and epidemiological aspects in the human context; their interaction with host defense systems and strategies for antibiotic and vaccine development.

Includes: Experiential Learning Activity

Precludes additional credit for BIOL 2303, HLTH 2024 and HLTH 3301 (no longer offered).

Prerequisite(s): HLTH 1000 and BIOL 1103 or permission of the department.

Lecture three hours a week, and laboratory four hours a week.

HLTH 2020 [0.5 credit]

Principles of Health II

An overview of the history of medicine, its relationship to society, medical and health terminology, introduction to organ systems, diseases, illnesses and their diagnoses, current events in health and medicine.

Prerequisite(s): HLTH 1001 or permission of the department.

Lecture three hours a week.

HLTH 2024 [0.5 credit]**Microbiology and Virology**

Introduction to pathogenic microorganisms, including fungal, bacterial, viral and prion. Biochemical, genetic, pathological and epidemiological aspects in the human context; their interaction with host defense systems and strategies for antibiotic and vaccine development. Precludes additional credit for HLTH 2004 and BIOL 2303.

Prerequisite(s): HLTH 1001 or permission of the department - Not for Health Sciences major students.
Lecture

HLTH 2901 [0.5 credit]**Independent Study**

Independent study, open to second year and above. Students can explore a particular health-related topic in consultation with a Faculty supervisor. May include directed reading, written assignments, tutorials, laboratory or field work.

Includes: Experiential Learning Activity
Prerequisite(s): Second year standing and above.
Independent study

HLTH 3101 [0.5 credit]**Global Health**

Overview of issues in global health with focus on low- and middle-income countries. Key indicators and determinants of global health, implementation and evaluation of global programs, challenges of research and interventions in under served areas, and key players in addressing global health issues.

Prerequisite(s): HLTH 2001 and HLTH 2003, or permission of the department.
Lecture and seminar, three hours per week.

HLTH 3102 [0.5 credit]**Indigenous Health in a Global World**

The health conditions of Indigenous peoples in different regions of the world; social and biological factors that contribute to greater risk and poor health; strategies of Indigenous peoples to restore health to their peoples. Prerequisite(s): HLTH 2001 and HLTH 2003, or permission of the department.

Lecture and seminar three hours per week.

HLTH 3103 [0.5 credit]**Health Policy and Canada's Health Care System**

The history of Canada's health care system. The model of financing and intergovernmental responsibilities. Current and emerging policy debates facing our health care system, and the role of scientific evidence in decision-making and policy development.

Prerequisite(s): HLTH 1000 or HLTH 1001, or permission of the department.
Lecture and seminar three hours per week.

HLTH 3104 [0.5 credit]**Regulatory Issues and Human Health**

The general principles of health regulatory policies in Canada. The role of scientific evidence in developing legislation and regulations at different levels, including probable levels of risk, standards of evidence, cost-benefit analysis, ethical considerations, psychosocial factors influencing risk management and compliance, and evolving technologies.

Prerequisite(s): HLTH 1000 or HLTH 1001, or permission of the department.
Lecture and seminar three hours a week.

HLTH 3201 [0.5 credit]**Epidemiology**

Basic concepts of epidemiologic study designs and measures; inferences that are fundamental to the identification of causes and prevalence of diseases. Specialized issues within epidemiology including gene-environment interactions and the clustering of specific disease phenotypes.

Includes: Experiential Learning Activity
Precludes additional credit for NEUR 3003.
Prerequisite(s): STAT 2507 and HLTH 2001, or permission of the department.
Lecture three hours a week, lab/workshop two hours a week.

HLTH 3302 [0.5 credit]**Immunity and Immune-Related Disorders**

Basic processes relevant to the immune system; the relationship between immune activity and functioning as related to the development of particular pathologies, such as virally-related illness, autoimmune disorders, inflammatory illnesses, and interactions with social and economic factors that promote immune-related disturbances.

Includes: Experiential Learning Activity
Prerequisite(s): HLTH 2002 and BIOL 2200 or permission of the department.
Lecture three hours a week, laboratory four hours a week. Labs require regular participation outside of the scheduled lab time.

HLTH 3303 [0.5 credit]**Molecular and Cellular Pathology II**

Advanced concepts in cell signaling and function, cell injury and death, tissue structure and wound healing and repair. This course will integrate genetic, biochemical and physiological mechanisms that contribute to health and disease.

Includes: Experiential Learning Activity
Prerequisite(s): HLTH 2002.
Lecture three hours a week, lab four hours a week.

HLTH 3322 [0.5 credit]**Immunity and Immune Related Disorders**

Basic processes relevant to the immune system; the relationship between immune activity and functioning as related to the development of particular pathologies, such as virally-related illness, autoimmune disorders, inflammatory illnesses and interactions with social and economic factors that promote immune-related disturbances. Non-Health Science Majors only.

Also listed as HLTH 3302.

Prerequisite(s): HLTH 2002 and BIOL 2200, or permission of the department. Not open to Health Science students.

Lecture 3 hours a week.

HLTH 3401 [0.5 credit]**Diseases of Childhood**

Epidemiological, psychological and physiological basis for disease in childhood and adolescence. Topics will be discussed from a global and Canadian perspective and include the medicalization of these diseases.

Includes: Experiential Learning Activity

Prerequisite(s): HLTH 2002 and HLTH 2003 or permission of the department.

Lecture three hours a week.

HLTH 3402 [0.5 credit]**Diseases of Aging**

Aging is accompanied by increased illness related to cardiovascular, immune and neurodegenerative processes. This course assesses the fundamental mechanisms that determine these pathological conditions. Molecular mechanisms and psychosocial determinants; intervention and therapeutic strategies.

Prerequisite(s): HLTH 2002 and HLTH 2003 or permission of department.

Lecture three hours a week.

HLTH 3403 [0.5 credit]**Gender and Health**

The role of gender on psychosocial and biological mechanisms that alter the course of disease and treatment; health issues unique to women (e.g., reproductive and maternal health); the role of gender across cultures.

Prerequisite(s): HLTH 2002 and HLTH 2003, or permission of the department.

Lecture and seminar three hours a week.

HLTH 3404 [0.5 credit]**Psychosocial and Biological Interactions in Health**

The psychosocial and biological mechanisms that interact to influence health outcomes. Cultural, political, socioeconomic, and psychological factors that can impact the biological mechanisms underlying both mental and physical health; epigenetic and genetic alterations; implications for psychosocial interventions.

Precludes additional credit for HLTH 4402 (no longer offered).

Prerequisite(s): HLTH 2002 and HLTH 2003 or permission of the department.

Lecture and seminar three hours a week.

HLTH 3503 [0.5 credit]**Disability and Chronic Health Conditions**

An interdisciplinary view of disability and chronic health conditions, including risk factors, prevalence, and the trajectory of such conditions. Functional impact based on life stage. Strategies for health promotion, prevention, accommodations, treatment, and rehabilitation.

Prerequisite(s): HLTH 2002 and HLTH 2003 or permission of the department.

Lecture three hours a week.

HLTH 3901 [0.5 credit]**Emerging Issues in Health Sciences I**

These courses enable students to develop an understanding of the current state of research and practice in Health Sciences. They provide the opportunity to bring together knowledge from other courses, and for skills development including teamwork, communication and critical thinking.

Includes: Experiential Learning Activity

Prerequisite(s): third-year standing and above in the BHSc program, an overall CGPA of at least 8.5 and permission of the Department of Health Sciences.

Seminars three hours a week.

HLTH 3902 [0.5 credit]**Emerging Issues in Health Sciences II**

These courses enable students to develop an understanding of the current state of research and practice in Health Sciences. They provide the opportunity to bring together knowledge from other courses and for skills development, including teamwork, communication and critical thinking.

Includes: Experiential Learning Activity

Prerequisite(s): third-year standing and above in the BHSc program, an overall CGPA of at least 8.5 and permission of the Department of Health Sciences.

Seminars three hours a week.

HLTH 3903 [0.5 credit]**Emerging Issues in Health Sciences III**

These courses enable students to develop an understanding of the current state of research and practice in Health Sciences. They provide the opportunity to bring together knowledge from other courses and for skills development, including teamwork, communication and critical thinking.

Includes: Experiential Learning Activity

Prerequisite(s): third-year standing and above in the BHSc program, an overall CGPA of at least 8.5 and permission of the Department of Health Sciences.

Seminars three hours a week.

HLTH 3904 [0.5 credit]**Emerging Issues in Health Sciences IV**

These courses enable students to develop an understanding of the current state of research and practice in Health Sciences. They provide the opportunity to bring together knowledge from other courses and for skills development, including teamwork, communication and critical thinking.

Includes: Experiential Learning Activity

Prerequisite(s): third-year standing and above in the BHSc program, an overall CGPA of at least 8.5 and permission of the Department of Health Sciences.

Seminars three hours a week.

HLTH 3905 [0.5 credit]**Emerging Issues in Health Sciences V**

These courses enable students to develop an understanding of the current state of research and practice in Health Sciences. They provide the opportunity to bring together knowledge from other courses and for skills development, including teamwork, communication and critical thinking.

Includes: Experiential Learning Activity

Prerequisite(s): third-year standing and above in the BHSc program, an overall CGPA of at least 8.5 and permission of the Department of Health Sciences.

Seminars three hours a week.

HLTH 4101 [0.5 credit]**Global Health Governance**

Contemporary issues and debates in global health governance and effects on health monitoring and outcomes at individual and population levels. Historical patterns of global health, its regulatory framework, principal coordinating mechanisms and emerging challenges, and implications of globalization and international trade policies.

Prerequisite(s): HLTH 3101, or permission of the department.

Lecture and seminar three hours per week.

HLTH 4102 [0.5 credit]**New Health Technologies**

Overview of new and emerging health technologies, including medical and assistive devices, diagnostics and screening, genetics, reproduction, tissue regeneration, imaging, and health informatics. Health technology assessment methods and issues. Regulatory, ethical and social implications; considerations in the developing world.

Prerequisite(s): HLTH 1000 or HLTH 1001 and third-year standing or higher, or permission of the department.

Also offered at the graduate level, with different requirements, as HLTH 5350, for which additional credit is precluded.

Lecture and seminar three hours a week.

HLTH 4201 [0.5 credit]**Applied Health Statistics**

Statistics concepts and procedures used in the analysis of health data; techniques commonly used to analyze data collected from different types of epidemiological and experimental study designs; how to interpret and present statistical findings.

Includes: Experiential Learning Activity

Prerequisite(s): HLTH 3201 and STAT 2507 or permission of the department.

Lecture three hours a week, lab/workshop two hours a week.

HLTH 4202 [0.5 credit]**Health Program Evaluation Tools and Methods**

Introduction to concepts, principles and processes of evaluating health care programs and interventions. Methodological tools including needs assessment, project management skills, use of health information management databases. Issues in communication with stakeholders, including change management and decision making.

Prerequisite(s): HLTH 2001 and STAT 2507 or permission of the department.

Lecture and seminar three hours a week.

HLTH 4301 [0.5 credit]**Pandemics and Infectious Disease**

Factors that influence disease processes, including viruses, bacteria, protozoa, fungi and infectious agents, how these agents come to have the effects that they do in a given individual, how they spread within and how to limit their spread.

Prerequisite(s): HLTH 2004 and HLTH 3302 or permission of the department.

Lecture three hours a week.

HLTH 4302 [0.5 credit]**Inflammatory and Endocrine Factors in Diseases**

Inflammatory and hormonal processes and their relevance to disease states. Immune-related disorders, heart disease and stroke, metabolic syndrome, diabetes, psychiatric conditions, and neurodegenerative disorders. The contribution of psychosocial and genetic factors to diseases.

Prerequisite(s): HLTH 3302 or BIOL 4200 or permission of the department.

Lecture three hours a week.

HLTH 4303 [0.5 credit]**Fundamentals in Pharmacology and Toxicology**

Introduction to pharmacological principles, xenobiotics and their interactions within living systems. Topics include biological mechanisms of action of xenobiotics on macromolecules, cells and their effects on various organ systems. Social, legal and governmental policies will be discussed.

Prerequisite(s): HLTH 3303 or permission of the department.

Lecture and seminar three hours a week.

HLTH 4304 [0.5 credit]**Host-Pathogen Interactions**

Advanced cellular and molecular mechanisms governing host-pathogen interactions and their contribution to disease. Exploration of immune signaling and recognition, virulence factors, antimicrobial resistance and research techniques used in this field.

Prerequisite(s): HLTH 2004 and HLTH 3302 or permission of the department.

Also offered at the graduate level, with different requirements, as HLTH 5403, for which additional credit is precluded.

Seminar three hours per week.

HLTH 4401 [0.5 credit]**Maternal and Perinatal Determinants of Health**

The integrated genetic, physiologic and environmental events occurring in early life that impact pregnancy, fetal/infant development and disease risk throughout the lifecourse, with a focus on the mechanisms driving these events.

Prerequisite(s): HLTH 2003 and HLTH 3302 or permission of the department.

Lecture three hours a week.

HLTH 4502 [0.5 credit]**Disabilities and Disorders Related to Sensory Nervous System**

Congenital and acquired disabilities related to sensory organs and processes, including visual and hearing impairments, vestibular and balance disorders, reflex problems, and others. Interdisciplinary approach to causes, mechanisms, accessibility, accommodations and interventions.

Includes: Experiential Learning Activity

Precludes additional credit for HLTH 3501 (no longer offered).

Prerequisite(s): Either 1) HLTH 3503 and (BIOL 2005 or BIOL 3305 or BIOL 3306), or 2) NEUR 3206, or 3) permission of the department.

Lecture three hours a week, workshop two hours a week.

HLTH 4503 [0.5 credit]**Trauma-related Disability and Impairments**

Biomedical and psychosocial factors associated with trauma-related illnesses, stressors, injuries and disabilities, including traumatic brain injury, spinal cord injury, fractures, amputations, burns, post-traumatic stress disorder, and others. Short- and long-term considerations for care and rehabilitation.

Precludes additional credit for HLTH 3502 (no longer offered).

Prerequisite(s): HLTH 3503 and (BIOL 2005 or BIOL 3305 or BIOL 3306) or permission of the department.

Lecture three hours a week.

HLTH 4601 [0.5 credit]**Environmental Pollution and Health**

Introduction to environmental and occupational health; detection, assessment, management and mitigation of chemical, physical and biological hazards.

Prerequisite(s): HLTH 3104 or permission of the department.

Lecture and seminar three hours a week.

HLTH 4701 [0.5 credit]**Knowledge Translation**

The application of knowledge translation in the formulation of policy and the development of skills required to maximize the impact of scientific findings through real world programs and policies and communication skills for diverse audiences.

Prerequisite(s): fourth-year standing and permission of the Department of Health Science and permission of the instructor.

Also offered at the graduate level, with different requirements, as HLTH 5300, for which additional credit is precluded.

Seminar three hours a week.

HLTH 4901 [0.5 credit]**Directed Studies in Health**

Independent study, open to third- and fourth-year students to explore a particular health related topic, in consultation with a Faculty supervisor. May include directed reading, written assignments, tutorials, laboratory or field work.

Includes: Experiential Learning Activity

Prerequisite(s): third- or fourth-year standing in the B.H.Sc. program, in addition to permission of the Faculty supervisor and the Department of Health Sciences.

HLTH 4906 [1.0 credit]**Capstone course – Research Essay**

Independent critical review and research proposal on a health- related topic, using library, database and/or bioinformatics resources, under the supervision of the course instructor. Seminar topics include identification and critical review of resources, development of scientific writing skills, and formulation of health science-related research.

Includes: Experiential Learning Activity

Precludes additional credit for HLTH 4907, HLTH 4908 (no longer offered), HLTH 4909, HLTH 4910.

Prerequisite(s): fourth-year standing in the B.H.Sc. Honours and permission of the Department of Health Sciences.

Lecture/seminar three hours a week.

HLTH 4907 [1.0 credit]**Capstone Course – Group Research Project**

A collaborative project on a health related topic. Students, working together as a team, will complete a research project and develop communication and research skills under the supervision of the faculty supervisor. Evaluation will be based on a written report and oral presentation.

Includes: Experiential Learning Activity

Precludes additional credit for HLTH 4906, HLTH 4908 (no longer offered), HLTH 4909, HLTH 4910.

Prerequisite(s): fourth-year standing in the B.H.Sc. Honours program, one of HLTH 3901, HLTH 3902, HLTH 3903, HLTH 3904 or HLTH 3905, a major CGPA of at least 9.0, and permission of the Faculty supervisor and the Department of Health Sciences.

Seminars three hours a week as scheduled by the course instructor; other hours as arranged with the Faculty Adviser.

HLTH 4909 [1.0 credit]**Capstone Course – Field Placement and Research Project**

Field placement providing practical experience in a health-related field. Placements may be in institutional or community settings, governmental or non-governmental organizations. Sites may vary each year. Evaluation based on a written report and an oral presentation.

Includes: Experiential Learning Activity

Precludes additional credit for HLTH 4906, HLTH 4907, HLTH 4908 (no longer offered), HLTH 4910.

Prerequisite(s): fourth-year standing in B.H.Sc. Honours; and one of HLTH 3901, HLTH 3902, HLTH 3903, HLTH 3904 or HLTH 3905; and a minimum Overall and Major CGPA of 9.0; and permission of the Department of Health Sciences.

Schedules may vary depending on the field placement site, but students are required to spend a minimum of eight hours per week on-site and attend required seminars as arranged by the course instructor.

HLTH 4910 [1.0 credit]**Honours Individual Research Thesis**

An independent health related research project under the direct supervision of a faculty member. Evaluation will be based on a written thesis and oral poster presentation (oral or poster).

Includes: Experiential Learning Activity

Precludes additional credit for HLTH 4906, HLTH 4907, HLTH 4908, HLTH 4909.

Prerequisite(s): fourth-year standing in B.Sc. Honours Health Sciences, one of HLTH 3901, HLTH 3902, HLTH 3903, HLTH 3904 or HLTH 3905, a major CGPA of at least 10.0, and permission of the Faculty advisor and the Department of Health Sciences. Permission will depend, in part, on capacity, such that meeting the minimum requirements does not guarantee enrollment in this research thesis course.

History

This section presents the requirements for programs in:

- **History B.A. Honours**
- **History B.A. Combined Honours**
- **History with Concentration in Public History B.A. Honours**
- **History with Concentration in Public History B.A. Combined Honours**
- **History B.A.**
- **Minor in History**
- **Specialization in Global and Transnational History B.G.In.S. Honours**
- **Stream in Global and Transnational History B.G.In.S.**

Program Requirements

Course Categories

Students admitted prior to 2023 must refer to the calendar archives and/or History departmental website for information regarding the History field requirement.

History

B.A. Honours (20.0 credits)

The requirements for this program are modified when the Honours Research Project is included.

A. Credits Included in the Major CGPA (10.0 credits)

1. 5.5 credits in History including:	5.5
a. 1.0 credit at the 1000-level or FYSM 1405	
b. 1.5 credits at the 2000-level	
c. 2.0 credits at the 3000-level	
d. 1.0 credit in HIST	
2. 0.5 credit from History Before 1800:	0.5
HIST 2003 [0.5] The Early Medieval World: 300-1000	
HIST 2004 [0.5] The Late Medieval World: 1000-1500	
HIST 2204 [0.5] Early Modern Europe 1350-1650	
HIST 2206 [0.5] Early Modern Europe 1600-1800	
HIST 2902 [0.5] Origins of the Greeks	
HIST 2903 [0.5] Democracy to Alexander	
HIST 2904 [0.5] Rise of the Roman Empire	
HIST 2905 [0.5] Rome of the Caesars	
HIST 3005 [0.5] Medieval Aristocratic Life	
HIST 3006 [0.5] Medieval Religious Life	
HIST 3009 [0.5] Studies in Greek History	
HIST 3010 [0.5] The Later Roman Empire	
HIST 3101 [0.5] Studies in Roman History	
HIST 3105 [0.5] Renaissance Europe	
HIST 3708 [0.5] Reformation Europe	
3. 0.5 credit from Asian, African, Latin American, or Caribbean History:	0.5
HIST 2308 [0.5] Colonial Latin America	
HIST 2309 [0.5] Modern Latin America	
HIST 2312 [0.5] History of the Indian Ocean World	
HIST 2706 [0.5] Ancient and Pre-Colonial Africa	
HIST 2707 [0.5] Modern Africa	
HIST 2710 [0.5] Introduction to Caribbean History	
HIST 2915 [0.5] History of the Modern Middle East	
HIST 3516 [0.5] The Wilsonian Moment: Diplomacy and the Post-Ottoman Middle East	
HIST 3517 [0.5] History of Modern Egypt	
HIST 3704 [0.5] Aztecs	
HIST 3710 [0.5] Themes in Caribbean History	
HIST 3712 [0.5] Mexico: Aztecs to Narcos	
HIST 3713 [0.5] Gender and Sexuality in Latin America	
HIST 3715 [0.5] Themes in South Asian History	
HIST 3717 [0.5] Gender and Sexuality in Africa	
HIST 3805 [0.5] China since the Xinhai [1911] Revolution	
HIST 3806 [0.5] Japan Since 1945	
4. 0.5 credit from Themes in History:	0.5

HIST 2311 [0.5]	Environmental History of Canada
HIST 2506 [0.5]	Introduction to Women's and Gender History
HIST 2804 [0.5]	War and Society
HIST 2912 [0.5]	Science and Technology in History
HIST 2913 [0.5]	History of Oil
HIST 3106 [0.5]	Social History of Sexuality
HIST 3109 [0.5]	Social History of Alcohol
HIST 3110 [0.5]	The Cultural History of Food
HIST 3111 [0.5]	History of Humanitarian Aid
HIST 3115 [0.5]	Childhood and Youth in History
HIST 3116 [0.5]	History of Disability
HIST 3120 [0.5]	History of the Body
HIST 3121 [0.5]	Sports in the Cold War
HIST 3122 [0.5]	Antisemitism, Then and Now
HIST 3205 [0.5]	Canadian Business History
HIST 3218 [0.5]	Histories of Shopping
HIST 3305 [0.5]	Crime and State in History
HIST 3310 [0.5]	Animals in History
HIST 3500 [0.5]	Migration and Diaspora in Canada
HIST 3510 [0.5]	Indigenous Peoples of Canada
HIST 3511 [0.5]	Themes in Indigenous History
HIST 3515 [0.5]	Madness in Modern Times
HIST 3604 [0.5]	Gender and Sexuality in Modern Europe
5. 0.5 credit in:	0.5
HIST 2809 [0.5]	The Historian's Craft
6. 0.5 credit from:	0.5
HIST 3810 [0.5]	Historical Theory
HIST 3820 [0.5]	Explorations in Historical Theory
7. 2.0 credits in 4000-level history seminars	2.0
B. Credits Not Included in the Major CGPA (10.0 credits)	
8. 8.0 credits in electives not in HIST	8.0
9. 2.0 credits in free electives (may be HIST)	2.0
Total Credits	20.0

Notes:

- Students should endeavour to have one course at the 2000-or 3000-level in the area of each fourth-year seminar.

History

B.A. Combined Honours (20.0 credits)

A. Credits Included in the History Major CGPA (6.0 credits)

1. 2.5 credits in History and satisfying:	2.5
a. 1.0 credit in HIST at the 1000-level or FYSM 1405	
b. 1.0 credit in HIST at the 2000-level	
c. 0.5 credit in HIST at the 3000-level	
2. 0.5 credit from History Before 1800:	0.5
HIST 2003 [0.5] The Early Medieval World: 300-1000	
HIST 2004 [0.5] The Late Medieval World: 1000-1500	
HIST 2204 [0.5] Early Modern Europe 1350-1650	
HIST 2206 [0.5] Early Modern Europe 1600-1800	
HIST 2902 [0.5] Origins of the Greeks	

HIST 2903 [0.5]	Democracy to Alexander	
HIST 2904 [0.5]	Rise of the Roman Empire	
HIST 2905 [0.5]	Rome of the Caesars	
HIST 3005 [0.5]	Medieval Aristocratic Life	
HIST 3006 [0.5]	Medieval Religious Life	
HIST 3009 [0.5]	Studies in Greek History	
HIST 3010 [0.5]	The Later Roman Empire	
HIST 3101 [0.5]	Studies in Roman History	
HIST 3105 [0.5]	Renaissance Europe	
HIST 3708 [0.5]	Reformation Europe	
3. 0.5 credit from	Asian, African, Latin American, or Caribbean History:	0.5
HIST 2308 [0.5]	Colonial Latin America	
HIST 2309 [0.5]	Modern Latin America	
HIST 2312 [0.5]	History of the Indian Ocean World	
HIST 2706 [0.5]	Ancient and Pre-Colonial Africa	
HIST 2707 [0.5]	Modern Africa	
HIST 2710 [0.5]	Introduction to Caribbean History	
HIST 2915 [0.5]	History of the Modern Middle East	
HIST 3516 [0.5]	The Wilsonian Moment: Diplomacy and the Post-Ottoman Middle East	
HIST 3517 [0.5]	History of Modern Egypt	
HIST 3704 [0.5]	Aztecs	
HIST 3710 [0.5]	Themes in Caribbean History	
HIST 3712 [0.5]	Mexico: Aztecs to Narcos	
HIST 3713 [0.5]	Gender and Sexuality in Latin America	
HIST 3715 [0.5]	Themes in South Asian History	
HIST 3717 [0.5]	Gender and Sexuality in Africa	
HIST 3805 [0.5]	China since the Xinhai [1911] Revolution	
HIST 3806 [0.5]	Japan Since 1945	
4. 0.5 credit from	Themes in History:	0.5
HIST 2311 [0.5]	Environmental History of Canada	
HIST 2506 [0.5]	Introduction to Women's and Gender History	
HIST 2804 [0.5]	War and Society	
HIST 2912 [0.5]	Science and Technology in History	
HIST 2913 [0.5]	History of Oil	
HIST 3106 [0.5]	Social History of Sexuality	
HIST 3109 [0.5]	Social History of Alcohol

Minor in History (4.0 credits)

Open to all undergraduate degree students not in history programs or the B.G.In.S. Specialization or Stream in Global and Transnational History.

Students are required to present a Minor CGPA of 4.00 or higher at graduation in order to be awarded a Minor in History.

Requirements

1. 1.0 credit in HIST at the 1000 level or FYSM 1405	1.0
2. 1.0 credit in HIST at the 2000 level	1.0
3. 1.0 credit in HIST at the 3000 level	1.0
4. 1.0 credit in HIST from any combination of courses at the 2000, 3000, or 4000 level	1.0
5. The remaining requirements of the major discipline(s) and degree must be satisfied	
Total Credits	4.0

Bachelor of Global and International Studies (B.G.In.S.)

Note: Details regarding graduation requirements, the international experience requirement, and the language requirement for the B.G.In.S. degree can be found at the **B.G.In.S. program page**.

Specialization in Global and Transnational History

B.G.In.S. Honours (20.0 credits)

A. Credits Included in the Major CGPA (12.0 credits)

Regulations

First Year Courses

There is a limit on the number of HIST courses permitted in a History program. To avoid having courses designated Extra to Degree (ETD), students should not exceed the following numbers of 1000-level HIST and/or FYSM courses designated with topics in history:

- B.A. Honours: 2.0 credits maximum
- B.A. Combined Honours: 1.0 credit maximum
- B.A.: 1.5 credits maximum

B.A. Regulations

The regulations presented below apply to all Bachelor of Arts programs. In addition to the requirements presented here, students must satisfy the University regulations common to all undergraduate students including the process of Academic Continuation Evaluation (consult the *Academic Regulations of the University* section of this Calendar).

First-Year Seminars

B.A. degree students are strongly encouraged to include a First-Year Seminar (FYSM) during their first 4.0 credits of registration. Students are limited to 1.0 credit in FYSM and can only register in a FYSM while they have first-year standing in their B.A. program.

Breadth Requirement

Among the credits presented at graduation, students in both the B.A. and the B.A. Honours degrees and B.Co.M.S. are required to include 3.0 breadth credits, which must include 1.0 credit in three of the four breadth areas identified below. Credits that fulfil requirements in the Major, Minor, Concentration, Specialization, or Stream may also be used to fulfil the Breadth Requirement.

Students admitted with a completed university degree are exempt from breadth requirements.

Students in the following interdisciplinary programs are exempt from the B.A. breadth requirement.

- African Studies
- Criminology and Criminal Justice

- Environmental Studies
- Human Rights
- Human Rights and Social Justice

Breadth Area 1: Culture and Communication

American Sign Language, Art History, Art and Culture, Communication and Media Studies, Digital Humanities, English, Film Studies, French, Journalism, Media Production and Design, Music, and Languages (Arabic, English as a Second Language, German, Greek, Hebrew, Indigenous Languages, Italian, Japanese, Korean, Latin, Mandarin, Portuguese, Russian, Spanish)

Subject codes: ARAB, ARTH, ASLA, CHIN, COMS, DIGH, ENGL, ESLA, FILM, FINS, FREN, GERM, GREK, HEBR, ITAL, JAPA, JOUR, KORE, LANG, LATN, MPAD, MUSI, PORT, RUSS, SPAN

Breadth Area 2: Humanities

African Studies, Applied Linguistics and Discourse Studies, Archaeology, Canadian Studies, Child Studies, Classical Civilization, Critical Race Studies, Directed Interdisciplinary Studies, Disability Studies, Environmental and Climate Humanities, European and Russian Studies, History, Human Rights and Social Justice, Humanities, Indigenous Studies, Latin American and Caribbean Studies, Linguistics, Medieval and Early Modern Studies, Philosophy, Religion, Sexuality Studies, South Asian Studies, and Women's and Gender Studies.

Subject codes: AFRI, ALDS, ARCY, CDNS, CHST, CLCV, CRST, DBST, DIST, EACH, EURR, HIST, HRSJ, HUMR, HUMS, INDG, LACS, LING, MEMS, PHIL, RELI, SAST, SXST, WGST

Breadth Area 3: Science, Engineering, and Design

Architecture, Biology, Chemistry, Computer Science, Data Science, Earth Sciences, Engineering, Environmental Science, Food Science and Nutrition, Health Sciences, Industrial Design, Information Resource Management, Information Technology (BIT), Information Technology (ITEC), Interactive Multimedia and Design, Interdisciplinary Science and Practice, Mathematics, Neuroscience, Network Technology, Nursing, Optical Systems and Sensors, Photonics, Statistics, Physics, and Technology, Society, Environment.

Subject codes: ACSE, AERO, ARCC, ARCH, ARCN, ARCS, ARCU, BIOC, BIOL, BIT, CHEM, CIVE, COMP, CSEC, DATA, ECOR, ELEC, ENSC, ENVE, EARTH, FOOD, HLTH, IDES, IMD, IRM, ISAP, ISCI, ISCS, ISYS, ITEC, MAAE, MATH, MECH, MECT, NET, NEUR, NSCI, NURS, OSS, PHYS, PLT, SREE, STAT, SYSC, TSES

Breadth Area 4: Social Sciences

Anthropology, Business, Cognitive Science, Criminology and Criminal Justice, Economics, Environmental Studies, Geography, Geomatics, Global and International Studies, Global Politics, Interdisciplinary Public Affairs, International Affairs, Law, Migration and Diaspora Studies, Political Management, Political Science, Psychology, Public Administration, Public Affairs and Policy Management, Social Work, Sociology/Anthropology, Sociology

Subject codes: ANTH, BUSI, CGSC, CRCJ, ECON, ENST, GEOG, GEOM, GINS, GPOL, INAF, IPAF, LAWS, MGDS, PADM, PAPM, POLM, PSCI, PSYC, SOCI, SOWK

Declared and Undeclared Students

Degree students are considered "Undeclared" if they have been admitted to a degree, but have not yet selected and been accepted into a program within that degree. The status "Undeclared" is available only in the B.A. and B.Sc. degrees. Undeclared students must apply to enter a program upon or before completing 3.5 credits.

Change of Program Within the B.A. Degree

To transfer to a program within the B.A. degree, applicants must normally be *Eligible to Continue* (EC) in the new program, by meeting the CGPA thresholds described in Section 3.1.9 of the *Academic Regulations of the University*.

Applications to declare or change programs within the B.A. degree online must be made online through Carleton Central by completing a Change of Program Elements (COPE) application form within the published deadlines. Acceptance into a program, or into a program element or option, is subject to any enrollment limitations, as well as specific program, program element, or option requirements as published in the relevant Calendar entry.

Minors, Concentrations, and Specializations

Students may add a Minor, Concentration, or Specialization by completing a Change of Program Elements (COPE) application form online through Carleton Central. Acceptance into a Minor, Concentration, or Specialization normally requires that the student be *Eligible to Continue* (EC) and is subject to any specific requirements of the intended Minor, Concentration, or Specialization as published in the relevant Calendar entry and in Section 3.1.9 of the *Academic Regulations of the University*.

Mention : français

Students registered in certain B.A. programs may earn the diploma notation *Mention : français* by completing part of their program requirements in French, and by demonstrating knowledge of the history and culture of French Canada. The general requirements are listed below. For more specific details, consult the departmental program entries.

Students in a B.A. Honours program must present:

1. 1.0 credit in French language;
2. 1.0 credit devoted to the history and culture of French Canada;
3. 1.0 credit at the 2000- or 3000-level in the Honours discipline taken in French; and
4. 1.0 credit at the 4000-level in the Honours discipline taken in French.

Students in a B.A. program must present:

1. 1.0 credit in advanced French;
2. 1.0 credit devoted to the history and culture of French Canada;

3. 1.0 credit at the 2000- or 3000-level in the Major discipline taken in French.

Students in Combined Honours programs must fulfil the *Mention : français* requirement in both disciplines.

Courses taught in French (Items 3 and 4, above) may be taken at Carleton, at the University of Ottawa on the Exchange Agreement, or at a francophone university on a Letter of Permission. Students planning to take courses on exchange or on a Letter of Permission should take careful note of the residence requirement for a minimum number of Carleton courses in their programs. Consult the *Academic Regulations of the University* section of this Calendar for information regarding study on exchange or Letter of Permission.

B.G.In.S. Regulations

The regulations presented in this section apply to all Bachelor of Global and International Studies programs.

In addition to the program requirements and requirements presented here, students must satisfy the University regulations common to all undergraduate students including the process of Academic Continuation Evaluation (consult the *Academic Regulations of the University* section of this Calendar).

First-Year Seminars

B.G.In.S degree students are strongly encouraged to include a First-Year Seminar (FYSM) during their first 4.0 credits of registration. Students are limited to 1.0 credit of FYSM and can only register in a FYSM while they have first-year standing in their B.G.In.S program.

Change of Specialization or Stream Within the B.G.In.S Degree

Students may change specialization or stream, or change from/to specialization or stream within the B.G.In.S. during the first or subsequent years of study if, upon entry to the new specialization or stream, they would be in good academic standing.

Minors

Students may apply to the Registrar's Office to be admitted to a minor during their first or subsequent years of study. Acceptance into a minor is normally subject to meeting the minimum CGPA requirements described in Section 3.1.9 of the *Academic Regulations of the University*, as well as any specific requirements of the intended minor as published in the relevant Calendar entry. B.G.In.S. Honours students may take a maximum of one minor.

Co-operative Education

For more information about how to apply for the Co-op program and how the Co-op program works please visit the Co-op website.

All students participating in the Co-op program are governed by the Undergraduate Co-operative Education Policy.

Undergraduate Co-operative Education Policy

Admission Requirements

Students can apply to Co-op in one of two ways: directly from high school, or after beginning a degree program at Carleton.

If a student applies to a degree program with a Co-op option from high school, their university grades will be reviewed two terms to one year prior to their first work term to ensure they meet the academic requirements after their first or second year of study. The time at which the evaluation takes place depends on the program of study. Students will automatically receive an admission decision via their Carleton email account.

Students who did not request Co-op at the time they applied to Carleton can request Co-op after they begin their university studies. To view application instructions and deadlines, please visit carleton.ca/co-op.

To be admitted to Co-op, a student must successfully complete 5.0 or more credits that count towards their degree, meet the minimum CGPA requirement(s) for the student's Co-op option, and fulfil any specified course prerequisites. To see the unique admission and continuation requirements for each Co-op option, please refer to the specific degree programs listed in the Undergraduate Calendar.

Participation Requirements

Co-op Participation Agreement

All students must adhere to the policies found within the Co-op Participation Agreement.

COOP 1000

Once a student has been admitted to the Co-op Program, they will be given access to register in COOP 1000. This zero-credit online course must be completed at least two terms prior to the student's first work term.

Communication with the Co-op Office

Students must maintain contact with the Co-op Office during their job search and while on a work term. All email communication will be conducted via the students' Carleton email account.

Employment

Although every effort is made to ensure a sufficient number of job postings for all Co-op students, no guarantee of employment can be made. The Co-op job search process is competitive, and success is dependent upon factors such as current market conditions, academic performance, skills, motivation, and level of commitment to the job search. It is the student's responsibility to apply for positions via the Co-op job board in addition to actively conducting a self-directed job search. Students who do not obtain a co-op work term are expected to continue with their academic studies. It should be noted that hiring priority for positions within the Federal Government of Canada is given to Canadian citizens.

Registration

- Students must be registered as full-time during all fall and winter study terms beginning the term in which they enroll in COOP 1000.
- Students will be registered in a Co-op Work Term course while at work. This course does not carry academic course credit, but is noted on academic transcripts.
- Students may register in a 0.5 credit during a work term, provided the course is offered during the evening or is offered asynchronously online.
- Students must have at least one term of full-time studies left to complete following their final co-op work term. Students cannot end their degree on a work term.

Work Term Assessment and Evaluation

Work Term Evaluation

Employers are responsible for submitting to Carleton University final performance evaluations for their Co-op students at the end of their work terms.

Work Term Assessment

In order to successfully complete the co-op work term, students must receive a Satisfactory (SAT) grade on their Co-op Work Term Report, which they must submit at the completion of each four-month work term.

Graduation with the Co-op Designation

In order to graduate with the Co-op Designation, students must satisfy all requirements of the degree program in addition to the successful completion of three or four work terms (the number is dependent upon the student's academic program). Students found in violation of the Co-op Participation Agreement may have the Co-op Designation withheld.

Note: Participation in the co-op option will add up to one additional year for a student to complete their degree program.

Voluntary Withdrawal from the Co-op Option

Students who are currently on a co-op work term or who have already committed to a co-op work term either verbally or in writing may not leave the position and/or withdraw from the co-op option until they have completed the work term and all related requirements.

Involuntary or Required Withdrawal from the Co-op Option

Students may be removed from the Co-op Program for any of the following reasons:

1. Failure to achieve a grade of SAT in COOP 1000;
2. Failure to attend all interviews for positions to which the student has applied;
3. Declining more than one job offer during the job search;
4. Reneging on a co-op position that the student has accepted either verbally or in writing;
5. Continuing a job search after accepting a co-op position;

6. Dismissal from a work term by the co-op employer;
7. Leaving a work term without approval from the Co-op Management Team;
8. Receipt of an unsatisfactory work term evaluation;
9. Receiving a grade of UNS on the work term report.

International Students

All international students are required to possess a Co-op Work Permit issued by Immigration, Refugees and Citizenship Canada before they can begin working. The Co-operative Education Office will provide students with a letter of support to accompany their Co-op Work Permit application. Students are advised to discuss the application process and application requirements with the International Student Services Office.

Co-op Fees

All participating Co-op students are required to pay Co-op fees. For full details, please see the Co-op website.

B.A. Honours History: Co-op Admission and Continuation Requirements

- Maintain full-time status in each study term;
- Be eligible to work in Canada (for off-campus work);
- Have successfully completed COOP 1000 .

In addition to the following:

1. Registered as a full-time student in the B.A. Honours History program;
2. Successfully completed 5.0 or more credits;
3. Obtained an Overall CGPA of at least 8.00. This CGPA must be maintained throughout the duration of the degree.

B.A. Honours History students must successfully complete three (3) work terms to obtain the Co-op Designation.

Co-op Work Term Course: HIST 3999

W: Work

Admissions Information

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the

number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as recommended, it is not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admission Requirements

Degrees

- Bachelor of Arts (B.A.) (Honours)
- Bachelor of Arts (B.A.)

First Year

For B.A. and B.A. (Honours)

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include a 4U course in English (or *anglais*). Applicants submitting an English language test to satisfy the requirements of the English Language Proficiency section of this Calendar may use that test to also satisfy the 4U English prerequisite requirement.

Biology

For the major in Biology in the B.A. program, in addition to the 4U English, a 4U course in Chemistry is required. Advanced Functions, and Calculus and Vectors are recommended.

Criminology and Criminal Justice

Access to the CCJ B.A. degree is limited to students already registered in the CCJ B.A. Honours who apply to transfer, and to graduates of the Algonquin College Police Foundations program.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be Eligible to Continue in their year level, in addition to

meeting the CGPA thresholds described in Section 3.1.9 of the Academic Regulations of the University. Advanced standing will be granted only for those subjects assessed as being appropriate for the program and the stream selected.

Co-op Option

Direct Admission to the 1st Year of the Co-op Option

Co-op is available for the following Majors in the B.A. (Honours) degree: Anthropology, English, Environmental Studies, European and Russian Studies, French, Geography, Geomatics, History, Law, Political Science, Psychology, Sociology.

Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in the Bachelor of Arts Honours with one of the majors listed above;
3. be eligible to work in Canada (for off-campus work placements).

Meeting the above requirements only establishes eligibility for admission to the program. The prevailing job market may limit enrolment in the co-op option. Students should also note that hiring priority is given to Canadian citizens for co-op positions in the Public Service Commission.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are described in the Co-operative Education Regulations section of this Calendar.

Advanced Standing

B.A. and B.A. (Honours) Program

Applications for admission to the second or subsequent years will be assessed on their merits. Advanced standing will be granted only for those courses that are determined to be appropriate.

Direct Admission to the First Year of the Co-op Option

Co-op is available for the following Majors in the B.A. (Honours) degree: Anthropology, English, Environmental Studies, European, Russian, and Eurasian Studies, French, Geography, Geography with a Concentration in Physical Geography, Geomatics, History, Law, Political Science, Psychology, Sociology.

Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in the Bachelor of Arts Honours with one of the majors listed above;
3. be eligible to work in Canada (for off-campus work placements).

Meeting the above requirements only establishes eligibility for admission to the program. The prevailing job market may limit enrolment in the co-op option. Students should

also note that hiring priority is given to Canadian citizens for co-op positions in the Public Service Commission.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are described in the Co-operative Education Regulations section of this Calendar.

Admissions Information

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as *recommended*, it is not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Degrees

- Bachelor of Global and International Studies (B.G.In.S.) (Honours)
- Bachelor of Global and International Studies (B.G.In.S.)

Admission Requirements

First Year

B.G.In.S. (Honours)

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include a 4U course in English (or *anglais*) and a FIF4U course for students applying to the Specialization in French and Francophone Studies. Applicants submitting an English language test to satisfy the requirements of the English Language Proficiency section of this Calendar may use that test to also satisfy the 4U English prerequisite requirement.

B.G.In.S.

No direct entry; access is restricted.

Advanced Standing

B.G.In.S. (Honours)

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be Eligible to Continue in their year level, in addition to meeting the CGPA thresholds described in Section 3.1.9 of the Academic Regulations of the University. Advanced standing will be granted only for those subjects assessed as being appropriate for the program and stream selected.

B.G.In.S.

No direct entry. Access is restricted to students in the B.G.In.S. (Honours) program who apply to transfer.

History (HIST) Courses

Please note: not all of the following courses are offered in a given year. Consult the public class schedule at Carleton Central for the most up-to-date offerings. For further details concerning courses, see the departmental website at carleton.ca/history.

4000-level History **seminars** have limited enrolment. Priority in enrolment is given to students in History Honours and Combined Honours programs.

Topics in 4000-level History **seminars** change from year to year. Current topics are posted on the department's website at carleton.ca/history

HIST 1003 [0.5 credit]

Empire, War, and Revolution in Europe, 1850-1939

Examination of Europe from the mid-nineteenth century through the 1930s. Emphasis on how nation-building, empire, war, and revolution transformed Europe's politics, culture, society, and relationship to the world. Provides context for understanding contemporary Europe. (Field b). Precludes additional credit for HIST 1002 (no longer offered).

Lectures/groups three hours a week.

HIST 1004 [0.5 credit]

Europe in War; Cold War

Examination of Europe from the Second World War through the Cold War and beyond. Topics may include wartime occupation regimes and resistance movements; the Holocaust; Cold War divisions and memory cultures; decolonization and migration; youth cultures and protest; and the collapse of communist regimes.

Precludes additional credit for HIST 1002 (no longer offered).

Lectures/groups three hours a week.

HIST 1010 [0.5 credit]

History of Northern Canada

A historical introduction to northern Canada from pre-contact times to the present. Open only to students in the Nunavut Public Administration certificate program. (Field c).

HIST 1301 [0.5 credit]

Conflict and Change in Early Canadian History

This course explores how colonialism and conflict altered peoples, cultures, and places in what came to be called Canada from pre-contact to the first age of industrialization. Course covers subjects including imperialism, Indigenous-settler relations, slavery, migration, and government, providing context for contemporary issues.(Field c).

Precludes additional credit for HIST 1300 (no longer offered).

Lectures/groups three hours a week.

HIST 1302 [0.5 credit]

Rethinking Modern Canadian History

This course explores how major political, economic, legal, social, and cultural changes shaped modern-day Canada from the late 1800s to the present. It provides context for contemporary issues, including colonialism, redress, reconciliation, race relations, migration and urbanization, globalization, technology, and the environment. (Field c). Precludes additional credit for HIST 1300 (no longer offered).

Lectures/groups three hours a week.

HIST 1701 [0.5 credit]

History of the Global South, 1400-1850

This course follows the global community from 1400 to the mid-nineteenth century exploring how global connections, movements and trends have shaped our world. Emphasis on the non-western world. (Field a or d). Precludes additional credit for HIST 1707 (no longer offered).

Lectures/groups three hours a week.

HIST 1702 [0.5 credit]**History of the Global South, 1850 to the present**

This course follows the global community from the mid-nineteenth century to the present exploring how global connections, movements and trends have shaped our world. Emphasis on the non-western world. (Field a or d). Precludes additional credit for HIST 1707 (no longer offered).

Lectures/groups three hours a week.

HIST 1900 [0.5 credit]**Topics in History**

A lecture course on a special topic, theme, or period. Topic varies from year to year. (Field will depend on topic).

Lectures/groups three hours a week.

HIST 1901 [0.5 credit]**History of Sport**

This course critically analyzes the evolution of sport from antiquity to the present. The course examines how sport reflects and shapes political and socio-economic processes and what it tells us about class, gender, race, nationalism, imperialism, doping and the cult of celebrity. (Field e).

Lectures/groups three hours a week.

HIST 2003 [0.5 credit]**The Early Medieval World: 300-1000**

The history of medieval global societies across Europe, Asia and Africa from the fourth to the tenth century as an 'Age of Experiment' – fragmenting, transforming and diversifying politics, culture and religion. Students will read a wide range of medieval sources in translation. (Field a). Precludes additional credit for HIST 2000, HIST 2001, and HIST 2002 (no longer offered).

Lectures/groups three hours a week.

HIST 2004 [0.5 credit]**The Late Medieval World: 1000-1500**

The history of medieval global societies across Europe, Asia and Africa from the eleventh to the sixteenth century as an "Age of Connection" – expanding communication, co-operation and conflict. Students will read a wide range of medieval sources in translation. (Field a). Precludes additional credit for HIST 2000, HIST 2001, HIST 2002 (no longer offered).

Lectures/groups three hours a week.

HIST 2204 [0.5 credit]**Early Modern Europe 1350-1650**

A survey of the major social, political and cultural developments in continental Europe from the 14th to the 17th centuries. (Field a).

Precludes additional credit for HIST 2203 (no longer offered).

Lectures/groups three hours a week.

HIST 2206 [0.5 credit]**Early Modern Europe 1600-1800**

A survey of the major social, political and cultural developments in continental Europe during the 17th and 18th centuries. (Field a).

Precludes additional credit for HIST 2203 (no longer offered).

Lectures/groups three hours a week.

HIST 2301 [0.5 credit]**Canadian Political History**

An historical survey of political experiences in Canada. (Field c).

Precludes additional credit for HIST 2303 (no longer offered).

Lectures/groups three hours a week.

HIST 2304 [1.0 credit]**Social and Cultural History of Canada**

A thematic exploration of how the spaces of home, work, and play have been historically produced, understood, and experienced in Canada. (Field c).

Lectures/groups three hours a week.

HIST 2308 [0.5 credit]**Colonial Latin America**

From ancient civilizations to the era of Independence, this class follows conquest, colonization and development of national identity in the countries of Latin America. (Field d).

Precludes additional credit for HIST 2307 (no longer offered).

Lectures/groups three hours a week.

HIST 2309 [0.5 credit]**Modern Latin America**

From the Wars of Independence until the end of the twentieth century, this class follows the emergence of Latin American nations, their economies, politics, culture and international relations. (Field d).

Precludes additional credit for HIST 2307 (no longer offered).

Lectures/groups three hours a week.

HIST 2311 [0.5 credit]**Environmental History of Canada**

A survey of Canadian history considering nature, landscape and geography. Topics include the history of energy regimes and climate change; Indigenous ecological knowledge; colonization and settlement; resource extraction; commodity production; environmental policies and movements. (Field c or e).

Precludes additional credit for HIST 2310 (no longer offered).

Lectures/groups three hours a week.

HIST 2312 [0.5 credit]**History of the Indian Ocean World**

The Indian Ocean is one of the oldest maritime highways in the history of humanity and also an epicentre of global economy in the pre-modern world. The aim of the course is to familiarize students with the non-Western antecedents of modern global history. (Field d).

Precludes additional credit for HIST 3716 (no longer offered).

Lectures/groups three hours a week.

HIST 2401 [0.5 credit]**History of the United States to 1865**

A survey of United States politics and society from the American Revolution to the Civil War. (Field c).

Precludes additional credit for HIST 2400 (no longer offered).

Lectures/groups three hours a week.

HIST 2402 [0.5 credit]**History of the United States from 1865**

A survey of United States politics and society from Reconstruction to the era of globalization. (Field c).

Precludes additional credit for HIST 2400 (no longer offered).

Lectures/groups three hours a week.

HIST 2501 [0.5 credit]**Early Modern Britain**

A survey of significant political and social developments in Britain from the 15th to the 17th century. (Field a).

Precludes additional credit for HIST 2500 (no longer offered).

Lectures/groups three hours a week.

HIST 2502 [0.5 credit]**Modern Britain & Empire Before 1914**

A survey of significant political, social, economic, and cultural developments in Britain and its empire in the eighteenth and nineteenth centuries. (Field b).

Includes: Experiential Learning Activity

Lectures/groups three hours a week.

HIST 2506 [0.5 credit]**Introduction to Women's and Gender History**

An introductory study of women's and gender history.

Themes may include sexuality, masculinity, women's activism, consumer culture, religion, and reproductive rights. Geographic and temporal focus varies from year to year. (Field e).

Precludes additional credit for HIST 2504 (no longer offered).

Lectures/groups three hours a week.

HIST 2508 [0.5 credit]**War, Politics, and Society in Twentieth-Century Global France**

A study of France in global context from the late 19th century to the present. Topics include the First and Second World Wars, colonialism and decolonization, the Algerian War, youth culture and protest, and memory and commemoration. (Field b).

Precludes additional credit for HIST 2505 (no longer offered).

Lectures/groups three hours a week.

HIST 2510 [0.5 credit]**19th-Century Germany**

The social, cultural, and political history and impact of German nationhood. Topics include the rise of social democracy and the feminist movements, alliance and empire building, scientific racism, sexology, and the emancipation and assimilation of German Jews into the body politic. (Field b).

Precludes additional credit for HIST 2509 (no longer offered).

Lectures/groups three hours a week.

HIST 2511 [0.5 credit]**20th-Century Germany**

A survey of social, cultural, and political tensions and developments in Germany from World War One to the Fall of the Berlin Wall. (Field b).

Precludes additional credit for HIST 2509 (no longer offered).

Lectures/groups three hours a week.

HIST 2512 [0.5 credit]**Modern Britain & Empire, 1914-present**

A survey of significant political, social, economic, and cultural developments in Britain and empire through the long twentieth century, including decolonization, devolution, and Brexit. (Field b).

Includes: Experiential Learning Activity

Lectures/groups three hours a week

HIST 2706 [0.5 credit]**Ancient and Pre-Colonial Africa**

Ancient African cultures and civilizations, the trans-Saharan trade system, and the trans-Atlantic and Indian Ocean slave trades from 600 BCE to the 19th century. (Field d).

Precludes additional credit for HIST 2705 (no longer offered).

Lectures/groups three hours a week.

HIST 2707 [0.5 credit]**Modern Africa**

The conquest and colonization of African polities by the European imperial powers from the late 19th century, the 20th century wars of decolonization, and the emergence of independent African nations, including their economies, politics, and culture. (Field d).

Precludes additional credit for HIST 2705 (no longer offered).

Lectures/groups three hours a week.

HIST 2710 [0.5 credit]**Introduction to Caribbean History**

Introduction to the history of the Caribbean that examines the indigenous populations, the role of colonialism and slavery in the construction of plantation societies, the impact of emancipation, and the social, cultural, economic, and political dynamics of the Caribbean in the post-emancipation period. (Field d).

Precludes additional credit for HIST 2704 (no longer offered).

Lectures/groups three hours a week.

HIST 2804 [0.5 credit]**War and Society**

A thematic study of the experience of war and its consequences. Time period, region of the world, and thematic focus to be studied will vary. (field e).

Precludes additional credit for HIST 2801 (no longer offered).

Lectures/groups three hours a week.

HIST 2806 [1.0 credit]**History of Japan**

A survey of Japanese history from the legendary beginning of the country in 660 B.C. to the end of World War Two. (Field a or d).

Lectures/groups three hours a week.

HIST 2809 [0.5 credit]**The Historian's Craft**

Lectures and workshops on historical methods and materials. Topics will include the discovery, evaluation, use and analysis of documents in historical context, non-documentary evidence, statistics, and bibliographical tools.

Includes: Experiential Learning Activity

Precludes additional credit for HIST 2808 [1.0 credit], no longer offered.

Prerequisite(s): open only to History majors with at least second-year standing.

Lectures/groups three hours a week.

HIST 2811 [0.5 credit]**Public History from Memory to Museums**

Historical representation in the public arena and public engagement with the past, including archives, museums, films, novels, and video games. This course will involve online work, collaborative projects, and field trips. (Field e).

Includes: Experiential Learning Activity

Lectures three hours a week or online.

HIST 2812 [0.5 credit]**Special Subject in Public History**

A lecture course on a special topic, theme, or period in public history. Topic varies from year to year. (Field e).

Lectures three hours a week.

HIST 2902 [0.5 credit]**Origins of the Greeks**

The history of ancient Greece from the Bronze Age through the Archaic period. (Field a).

Also listed as CLCV 2902.

Precludes additional credit for CLCV 2900, HIST 2900 (no longer offered).

Prerequisite(s): second-year standing or permission of the unit.

Lectures three hours a week.

HIST 2903 [0.5 credit]**Democracy to Alexander**

The history of ancient Greece from the classical period to Alexander. (Field a).

Also listed as CLCV 2903.

Precludes additional credit for CLCV 2900, HIST 2900 (no longer offered).

Prerequisite(s): second-year standing or permission of the unit.

Lectures three hours a week.

HIST 2904 [0.5 credit]**Rise of the Roman Empire**

The history of ancient Rome from early Rome to the end of the Republic (Field a).

Also listed as CLCV 2904.

Precludes additional credit for CLCV 2901 and HIST 2901 (no longer offered).

Prerequisite(s): second-year standing or permission of the unit.

Lectures three hours a week.

HIST 2905 [0.5 credit]**Rome of the Caesars**

The history of ancient Rome from the end of the Republic to the coming of Islam. (Field a).

Also listed as CLCV 2905.

Precludes additional credit for CLCV 2901, HIST 2901 (no longer offered).

Prerequisite(s): second-year standing or permission of the unit.

Lectures three hours a week.

HIST 2906 [0.5 credit]**Kyivan Rus' & the Russian Empire to 1801**

An introduction to the medieval and early modern East Slavic world, including the city-states of Kyivan Rus', the Mongol conquests, the rise of Moscow, village life and serfdom, and Russia's 18th century "Great" monarchs. Emphasis on emerging autocracy and lives of ordinary people.

Lectures three hours a week.

HIST 3220 [0.5 credit]**Canadian Economic History**

A survey of Canadian economic history from the sixteenth century to the present. (Field c or e).

Also listed as ECON 3220.

Precludes additional credit for ECON 2305 or HIST 2305 (no longer offered), ECON 3203 (no longer offered), ECON 3202 or HIST 3203 (no longer offered), and ECON 3207 or HIST 3204 (no longer offered).

Prerequisite(s): ECON 1001 and ECON 1002, or ECON 1000 or FYSM 1003, or permission of the Department.

Lectures three hours a week.

HIST 3230 [0.5 credit]**Selected Topics in Economic History**

An examination of the economic development of North America or Europe or other possible selected sets of countries. Countries examined vary from year to year. (Field e).

Also listed as ECON 3230.

Precludes additional credit for ECON 3005 (no longer offered).

Prerequisite(s): ECON 1001 and ECON 1002, or ECON 1000 or FYSM 1003, or permission of the Department.

Lectures three hours a week.

HIST 3301 [0.5 credit]**Québec Since 1800**

A social, economic, political, cultural and intellectual history of Québec with emphasis on the development of Québec nationalism. (Field c).

Prerequisite(s): a 2000-level history course or third-year standing and 1.0 credit in history.

Lectures three hours a week.

HIST 3304 [0.5 credit]**Canada-United States Relations**

An examination of diplomatic, economic, cultural and military relations, with particular attention to the twentieth century. (Field c).

Prerequisite(s): a 2000-level history course or third-year standing and 1.0 credit in history.

Lectures three hours a week.

HIST 3305 [0.5 credit]**Crime and State in History**

The history of the relationship between the criminal law system and society. Changing issues in the criminal law and the nature of institutional responses, covering medieval to early nineteenth-century England and nineteenth to early twentieth-century Canada. (Field e).

Also listed as LAWS 3305.

Prerequisite(s): a 2000-level history course or third-year standing and 1.0 credit in history.

Lectures three hours a week.

HIST 3306 [0.5 credit]**Canada's International Policies**

The development of Canadian attitudes and policies toward international affairs, with emphasis on the 20th century. (Field c).

Prerequisite(s): a 2000-level history course or third-year standing and 1.0 credit in history.

Lectures three hours a week.

HIST 3310 [0.5 credit]**Animals in History**

A historical survey of relations between humans and other animals. Topics may include history of domestication; hunting; display of animals in zoos, museums and wildlife films; biotechnology; animal welfare movements; companion species; animals as symbols; question of animal agency. (Field c or e).

Prerequisite(s): a 2000-level history course or third-year standing and 1.0 credit in history.

Lectures three hours a week.

HIST 3406 [0.5 credit]**African-American Women**

An examination of aspects of the social, cultural, and political history of African-American women since the eighteenth century. (Field c or e).

Prerequisite(s): a 2000-level history course or third-year standing and 1.0 credit in history.

Lectures three hours a week.

HIST 3410 [0.5 credit]**Popular Culture in the U.S.**

The development of popular culture in the United States. Focusing on a selected theme or time period, the course will examine how popular culture both shaped and reflected broader historical and social developments.

Topics may include music, theatre, public entertainments, movies, and television. (Field c).

Prerequisite(s): a 2000-level history course, or third-year standing and 1.0 credit in history.

Lectures three hours a week or online.

HIST 3412 [0.5 credit]**Ideas, Culture, and Society in U.S. History**

The intellectual, social, and cultural production of the United States, focusing on, among other things, a series of creative tensions: tradition versus modernity; rural versus urban; white versus black; masculine versus feminine; homogenous versus cosmopolitan. (Field c).

Precludes additional credit for HIST 3904, Topics in U.S. History (offered in the fall terms of 2009, 2011 and 2012).

Prerequisite(s): a 2000-level history course or third-year standing and 1.0 credit in history.

Lectures three hours a week.

HIST 3413 [0.5 credit]**The United States and Its Borderlands**

A history of the United States, focusing on the interactions along and across its borders with Mexico, Canada, and the Pacific Rim. This course examines the contests that emerged over colonization, migration, and American state-making. (Field c).

Precludes additional credit for HIST 3904 (offered in winter terms of 2017 and 2014, and fall term of 2014).

Prerequisite(s): a 2000-level history course or third-year standing and 1.0 credit in history.

Lectures three hours a week.

HIST 3414 [0.5 credit]**The United States in the World**

The history of the US in a global context. Time period will vary, topics could include world revolutions, imperialism and decolonization, immigration, transnational flows of ideas and people, war, peace, urbanization, capitalism, international law, and the environment. (Field c).

Precludes additional credit for HIST 3400 and HIST 3405.

Prerequisite(s): a 2000-level history course, or third-year standing and 1.0 credit in history.

Lectures three hours a week or online.

HIST 3500 [0.5 credit]**Migration and Diaspora in Canada**

A study of migration and settlement in Canada from the 17th century to the present. (Field c).

Includes: Experiential Learning Activity

Prerequisite(s): a 2000-level history course or third-year standing and 1.0 credit in history.

Lectures three hours a week.

HIST 3505 [0.5 credit]**Women in Canada**

Selected issues in the history of women in Canada.

Themes include women and war, aboriginal women's history, sexuality, the women's movement, immigration, and motherhood. Attention will be paid to the social construction of gender and the intersections of gender with class, ethnicity, race. (Field c).

Precludes additional credit for HIST 3504 (no longer offered).

Prerequisite(s): a 2000-level history course or third-year standing and 1.0 credit in history.

Lectures three hours a week.

HIST 3510 [0.5 credit]**Indigenous Peoples of Canada**

A survey of indigenous histories in northern North America from earliest times to the present. The course will cover pre-contact histories; military, economic, social, and cultural encounters with newcomers; indigenous experiences with settler colonialism; and the struggle over decolonization. (Field c).

Precludes additional credit for HIST 3503 (no longer offered).

Prerequisite(s): a 2000-level history course or third-year standing and 1.0 credit in history.

Lectures three hours a week.

HIST 3511 [0.5 credit]**Themes in Indigenous History**

Key themes in the history of North America's indigenous peoples. Topics may include land and treaties, religious encounters, the law, cultural identity, and transnational indigenous experiences (Field c).

Prerequisite(s): a 2000-level history course or third-year standing and 1.0 credit in history.

Lectures three hours a week.

HIST 3515 [0.5 credit]**Madness in Modern Times**

History of madness from the eighteenth century to the present. Themes include changing medical understandings and treatments of mental illness, patients' experiences and accounts of psychiatric institutions and treatments, cultural representations of madness in media, and the history of the asylum. (Field e).

Prerequisite(s): a 2000-level history course, or third-year standing and 1.0 credit in history.

Lectures three hours a week.

HIST 3516 [0.5 credit]**The Wilsonian Moment: Diplomacy and the Post-Ottoman Middle East**

This course studies the impact of Woodrow Wilson's advocacy of self-determination and of the League of Nations on the Post-Ottoman Middle East. Focusing on particular case studies, the course analyzes characteristics, long-term consequences, and local responses to the Mandate system.

Prerequisite(s): a 2000-level history course or third-year standing and 1.0 credit in History.

Lectures three hours a week.

HIST 3517 [0.5 credit]**History of Modern Egypt**

Focuses on moments in modern Egyptian history, as exemplified by the lives of particular Egyptians. Through their writings, the course analyses responses to European colonialism, Islamic reformism, Egyptian feminism, the Muslim Brotherhood, Egypt's cultural influence, the experience of the Coptic community, and the 2011 Revolution.

Prerequisite(s): a 2000-level history course or third-year standing and 1.0 credit in History.

Lectures three hours a week.

HIST 3604 [0.5 credit]**Gender and Sexuality in Modern Europe**

Exploration of gender, sexuality, and women's history in Modern Europe. (Field b or e).

Precludes additional credit for HIST 3603 (no longer offered).

Prerequisite(s): a 2000-level history course or third-year standing and 1.0 credit in history.

Lectures three hours a week.

HIST 3704 [0.5 credit]**Aztecs**

An examination of the Aztec social system, culture, religion, and philosophy both before and after the Spanish conquest. (Field a or d).

Prerequisite(s): A 2000-level history course or third-year standing and 1.0 credit in history.

Lectures three hours a week.

HIST 3708 [0.5 credit]**Reformation Europe**

A history of the Protestant and Catholic Reformations of the sixteenth century, with special emphasis on the theological disputes of the protagonists and the impact of these disputes on the social, political and cultural developments of the era. (Field a).

Also listed as RELI 3220.

Prerequisite(s): a 2000-level history course or third-year standing and 1.0 credit in history.

Lectures three hours a week.

HIST 3710 [0.5 credit]**Themes in Caribbean History**

Key themes in the making of the Caribbean. Topics may include slavery and emancipation, Indian and Chinese migration, colonialism, the independence movement, and race relations. (Field d).

Prerequisite(s): a 2000-level history course or third-year standing and 1.0 credit in history.

Lectures three hours a week.

HIST 3712 [0.5 credit]**Mexico: Aztecs to Narcos**

An examination of the social and cultural history of Mexico from indigenous cultures to the problems of the 20th century. Themes include the continuities of indigenous structures, national identity, wars and political violence, and gender. (Field d).

Includes: Experiential Learning Activity

Prerequisite(s): a 2000-level history course or third-year standing and 1.0 credit in history.

Lectures three hours a week.

HIST 3713 [0.5 credit]**Gender and Sexuality in Latin America**

An exploration of gender and sexualities in Latin America from the pre-conquest period to the end of the twentieth century. (Field d or e).

Precludes additional credit for HIST 3705 and HIST 3707 (no longer offered).

Prerequisite(s): a 2000-level history course or third-year standing and 1.0 credit in history.

Lectures three hours a week.

HIST 3714 [0.5 credit]**The Holocaust: Historical and Religious Dimensions**

Introduction to the historical and religious dimensions of the Holocaust. The foundations, perpetration and consequences of the Nazi Final Solution through primary sources including survivor testimony will be examined. (field b).

Also listed as RELI 3140.

Prerequisite(s): a 2000-level History course or third-year standing and 1.0 credit in History.

Lectures three hours a week.

HIST 3715 [0.5 credit]**Themes in South Asian History**

Key themes in South Asian history. Topics may include the Mughal empire, the British colonial era, the creation and development of states in India, Pakistan, Bangladesh, and Sri Lanka, and various 20th century historical phenomenon. (Field d).

Prerequisite(s): a 2000-level history course or third-year standing and 1.0 credit in history.

Lectures three hours a week.

HIST 3717 [0.5 credit]**Gender and Sexuality in Africa**

An exploration of gender and sexualities in Africa from the beginning of colonial rule until the beginning of the 21st century. (Field d or e).

Precludes additional credit for HIST 3711 (no longer offered).

Prerequisite(s): a 2000-level history course or third-year standing and 1.0 credit in history.

Lectures three hours a week.

HIST 3720 [0.5 credit]**The Soviet Union, 1917-1991**

Explores Russian history before, during, and after the world's first Marxist revolution, focusing on ideology, society, and control: how ordinary people thrived and suffered in this regime, supported and resisted it, and built their lives and communities amid various degrees of unfreedom.

Precludes additional credit for HIST 2600 (no longer offered).

Prerequisite(s): a 2000-level history course or third-year standing and 1.0 credit in history.

Lectures three hours a week.

HIST 3805 [0.5 credit]**China since the Xinhai [1911] Revolution**

This class is an intensive introduction to the main political, socio-economic and foreign policy/security aspects of China's evolution from Republicanism through Maoism to "socialism with Chinese characteristics in the new era," as represented by Sun Yat-sen/Chiang Kai-shek, Mao Zedong, Deng Xiaoping; Xi Jinping, respectively.

Prerequisite(s): a 2000-level history course or third-year standing and 1.0 credit in history.

Lectures three hours a week.

HIST 3806 [0.5 credit]**Japan Since 1945**

A political, intellectual and economic history of Japan in the twentieth century, concentrating on the period since the end of the Pacific War. (Field d).

Prerequisite(s): a 2000-level history course or third-year standing and 1.0 credit in history.

Lectures three hours a week.

HIST 3807 [0.5 credit]**Practicum in History**

An historical research project in a museum or public institution in the Ottawa area conducted under the supervision of the external institution and the History Department. Work includes reading, reports, and meetings. Students should be prepared to devote one day a week to the project.

Includes: Experiential Learning Activity

Prerequisite(s): third-year standing in a History program, a CGPA of 9.00 or better in history courses, and permission of the Department.

HIST 3809 [0.5 credit]**Historical Representations**

An examination of how historical narratives have been produced in relation to sites of public memory. The public presentation of history through a wide range of themes, which may include museum exhibits, commemorations and popular culture. (Field e).

Includes: Experiential Learning Activity

Prerequisite(s): a 2000-level history course or third-year standing and 1.0 credit in history.

Lectures three hours a week.

HIST 3810 [0.5 credit]**Historical Theory**

An examination of a wide range of theoretical approaches to history, and a critical reflection on history as a discipline.

Prerequisite(s): HIST 2809 or permission of the Department.

Lectures two hours a week and one hour discussion group.

HIST 3812 [0.5 credit]**Digital History**

The digital representation of history, exploring the approaches, issues, and methods of working in this environment. Topics may include gaming, virtual environments, digital research tools, public digital history. (Field e).

Includes: Experiential Learning Activity

Also listed as DIGH 3812.

Prerequisite(s): a 2000-level history course or third-year standing and 1.0 credit in history.

Lectures three hours a week.

HIST 3813 [0.5 credit]**Problems in Global and Transnational Histories**

Historical encounters across geographical regions and ways in which historians studied them. Categories of "national," "international," "transnational," "world," and "global" history will be evaluated. Themes include: imperialism, postcolonialism, the environment, migration, trade, religion, the body, war, culture, disease. (Field d or e).

Includes: Experiential Learning Activity

Prerequisite(s): a 2000-level history course or third-year standing and 1.0 credit in history including at least 0.5 credit in Field d courses (Asia, Africa, the Caribbean, and Latin America).

Lectures three hours a week.

HIST 3814 [0.5 credit]
Crafting Digital History

This course applies the creative use of information and media/computing technologies to address the digital cultural heritage issues of public historians, archaeologists, and anthropologists. Topics may include webscraping, data mining, designing and implementing research databases, and visual storytelling of those results. (Field e).

Includes: Experiential Learning Activity

Also listed as DIGH 3814.

Precludes additional credit for HIST 3907 Section "B" offered in winter 2015 and HIST 3907 Section "O" offered in winter 2016.

Prerequisite(s): a 2000-level history course or third-year standing and 1.0 credit in history.

Lectures three hours a week or online.

HIST 3815 [0.5 credit]
Group Practicum

A class-based group historical research project done in collaboration with an external institution under the supervision of the institution and the Department. Work includes readings, reports, and meetings. Students should be prepared to devote one full day per week to the project. (Field e).

Includes: Experiential Learning Activity

Prerequisite(s): third- or fourth-year standing in a History program and permission of the Department.

HIST 3820 [0.5 credit]
Explorations in Historical Theory

Taking a specific historical topic as its focus, this course examines how historians have applied a wide range of theoretical approaches in order to understand and interpret that topic's historical significance. Topics will vary.

Prerequisite(s): HIST 2809, or permission of the unit.
Lectures two hours a week and one hour discussion group.

HIST 3902 [0.5 credit]
Topics in European History

A lecture course on a special topic in European history. Topic varies from year to year. (Field will depend on topic.).

Prerequisite(s): a 2000-level history course or third-year standing and 1.0 credit in history.

Lectures three hours a week.

HIST 3903 [0.5 credit]
Topics in Canadian History

A lecture course on a special topic in Canadian history. Topic varies from year to year. (Field c).

Prerequisite(s): a 2000-level history course or third-year standing and 1.0 credit in history.

Lectures three hours a week.

HIST 3904 [0.5 credit]
Topics in U.S. History

A lecture course on a special topic in United States history. Topic varies from year to year. (Field c).

Prerequisite(s): a 2000-level history course or third-year standing and 1.0 credit in history.

Lectures three hours a week.

HIST 3905 [0.5 credit]
Topics in International History

A lecture course on a special topic in international political or economic history. Topic varies from year to year. (Field b).

Prerequisite(s): a 2000-level history course or third-year standing and 1.0 credit in history.

Lectures three hours a week.

HIST 3906 [0.5 credit]
Topics in World History

A lecture course on a special topic in African, Asian, Caribbean, or Latin American history. Topic varies from year to year. (Field d).

Prerequisite(s): a 2000-level history course or third-year standing and 1.0 credit in history.

Lectures three hours a week.

HIST 3907 [0.5 credit]
Transnational Topic

A lecture course on a special topic that takes a transnational approach to history. Course content will vary from year to year. (Field e).

Prerequisite(s): a 2000-level history course or third-year standing and 1.0 credit in history.

Lectures three hours a week.

HIST 3908 [0.5 credit]
Thematic Topic

A lecture course on a special topic that takes a thematic approach to history. Course content will vary from year to year. (Field e).

Prerequisite(s): a 2000-level history course or third-year standing and 1.0 credit in history.

Lectures three hours a week.

HIST 3909 [0.5 credit]
Topic in Public History

A lecture course on a special topic, theme, or period in public history. Topic varies from year to year. (Field e).

Prerequisite(s): a 2000-level history course, or third-year standing and 1.0 credit in history.

Lectures three hours a week.

HIST 3999 [0.0 credit]
Co-operative Work Term
Includes: Experiential Learning Activity

HIST 4006 [1.0 credit]
Seminar in Medieval History
An examination of a selected problem in the history of medieval Europe.
Prerequisite(s): HIST 3810 or HIST 3820, fourth-year standing in Honours History or permission of the Department.
Seminar three hours a week.

HIST 4007 [0.5 credit]
Medieval History
Selected topic in Medieval History. The topic will be specified each year it is offered.
Prerequisite(s): HIST 3810 or HIST 3820, fourth-year standing in Honours History or permission of the Department.
Seminar three hours a week.

HIST 4100 [1.0 credit]
Seminar in Early Modern European History
A study of a selected problem in the history of Europe during the early modern period.
Prerequisite(s): HIST 3810 or HIST 3820, fourth-year standing in Honours History or permission of the Department.
Seminar three hours a week.

HIST 4101 [0.5 credit]
Early Modern European History
Selected topic in the history of Europe during the early modern period. The topic will be specified each year it is offered.
Prerequisite(s): HIST 3810 or HIST 3820, fourth-year standing in Honours History or permission of the Department.
Seminar three hours a week.

HIST 4200 [1.0 credit]
Seminar in European History
Examination of a selected problem or period in the history of Continental Europe.
Prerequisite(s): HIST 3810 or HIST 3820, fourth-year standing in Honours History or permission of the Department.
Seminar three hours a week.

HIST 4201 [0.5 credit]
Modern European History
Selected topic in the history of Europe. The particular topic will be specified each year it is offered.
Prerequisite(s): HIST 3810 or HIST 3820, fourth-year standing in Honours History or permission of the Department.
Seminar three hours a week.

HIST 4210 [0.5 credit]
Topics in Ancient History
Intended for Honours students in History and Classics who should normally be in their third- or fourth-year. Also listed as CLCV 4210.
Precludes additional credit for CLCV 4209, HIST 4209 (no longer offered).
Prerequisite(s): CLCV 2902 (HIST 2902) and CLCV 2903 (HIST 2903) or CLCV 2904 (HIST 2904) and CLCV 2905 (HIST 2905) or CLCV 3201 (HIST 3009) or CLCV 3202 (HIST 3101) or permission of the Department.
Seminar three hours a week.

HIST 4302 [1.0 credit]
Canada: Ideas & Culture
A seminar on ideas, culture, and society in Canada.
Prerequisite(s): HIST 3810 or HIST 3820, fourth-year standing in Honours History or permission of the Department.
Seminar three hours a week.

HIST 4303 [0.5 credit]
Society and Culture in Canada
A 0.5 credit seminar course that examines a selected topic on ideas, culture, and society in Canada. The particular topic will be specified each year it is offered.
Prerequisite(s): HIST 3810 or HIST 3820, fourth-year standing in Honours History, or permission of the Department.
Seminar three hours a week.

HIST 4304 [1.0 credit]
Canada: Politics & Society
A seminar on politics and society in Canada.
Prerequisite(s): HIST 3810 or HIST 3820, fourth-year standing in Honours History or permission of the Department.
Seminar three hours a week.

HIST 4305 [0.5 credit]**Political History in Canada**

A 0.5 credit seminar course that examines a selected topic on politics and society in Canada. The particular topic will be specified each year it is offered.

Prerequisite(s): HIST 3810 or HIST 3820, fourth-year standing in Honours History or permission of the Department.

Seminar three hours a week.

HIST 4400 [1.0 credit]**Seminar in U.S. History**

An examination of a selected problem or period in the history of the United States.

Prerequisite(s): HIST 3810 or HIST 3820, fourth-year standing in Honours History or permission of the Department.

Seminar three hours a week.

HIST 4401 [0.5 credit]**United States History**

A 0.5 credit seminar course that examines a selected topic in the history of the United States. The particular topic will be specified each year it is offered.

Prerequisite(s): HIST 3810 or HIST 3820, fourth-year standing in Honours History or permission of the Department.

Seminar three hours a week.

HIST 4500 [1.0 credit]**Seminar in British History**

An explanation of a selected problem or period in the history of Great Britain.

Prerequisite(s): HIST 3810 or HIST 3820, fourth-year standing in Honours History or permission of the Department.

Seminar three hours a week.

HIST 4501 [0.5 credit]**British History**

An explanation of a selected problem or period in the history of Great Britain.

Includes: Experiential Learning Activity

Prerequisite(s): HIST 3810 or HIST 3820, fourth-year standing in Honours History or permission of the Department.

Seminar three hours a week.

HIST 4505 [1.0 credit]**Seminar in Women's and Gender History**

A seminar on the history of women and gender. The particular approach, themes, and historical period will be specified each year.

Prerequisite(s): HIST 3810 or HIST 3820, fourth-year standing in Honours History or permission of the Department.

Seminar three hours a week.

HIST 4506 [0.5 credit]**Gender, Sexuality and Women's History**

A 0.5 credit seminar course that examines a selected topic on the history of women and gender. The particular topic will be specified each year it is offered.

Prerequisite(s): HIST 3810 or HIST 3820, fourth-year standing in Honours History or permission of the Department.

Seminar three hours a week.

HIST 4600 [1.0 credit]**Seminar in Russian History**

An examination of a selected problem or period in the history of Imperial or post-Imperial Russia.

Prerequisite(s): HIST 3810 or HIST 3820, fourth-year standing in Honours History or permission of the Department.

Seminar three hours a week.

HIST 4604 [0.5 credit]**Central Europe, Past and Present**

Evolution and current status of Central Europe from periods of foreign control in the late nineteenth and twentieth centuries to independent statehood. Particular emphasis will be placed on national accommodations and conflicts.

Also listed as EURR 4204.

Prerequisite(s): HIST 3810, fourth-year standing in Honours History or permission of the Department.

Seminar three hours a week.

HIST 4605 [0.5 credit]**The Balkans in Transition – 1918 to 1989**

The seminar uses the concept of transition to understand the Balkan encounter with modernity and Europe. Key periods to be examined include the interwar era and the period of communist rule, with an emphasis on political, social and economic themes.

Also listed as EURR 4101.

Prerequisite(s): Fourth-year standing and one of PSCI 3208, PSCI 3209; or permission of the Department.

Seminar three hours a week.

HIST 4606 [0.5 credit]**Contemporary Europe: From Postwar to the European Union**

History of contemporary Europe from 1945 to present covering both eastern and western halves of the continent and including social, cultural, political, and economic dimensions.

Includes: Experiential Learning Activity

Also listed as EURR 4303.

Prerequisite(s): HIST 3810, fourth-year standing in Honours History or permission of the Department.

Seminars three hours a week.

HIST 4607 [0.5 credit]**Imperial Russia and the Russian Revolution**

Examination of the expansion and downfall of tsarist Russia from the eighteenth century to the revolutionary era and the establishment of Bolshevik rule. Topics include the relationship between the monarchy and subject peoples, social and economic change, and daily life.

Includes: Experiential Learning Activity

Also listed as EURR 4305.

Also offered at the graduate level, with different requirements, as HIST 5607, for which additional credit is precluded.

Seminar three hours a week.

HIST 4608 [0.5 credit]**The Soviet Union**

Examination of the rise of the Soviet Union to a global power and subsequent tensions that promoted its collapse. The course will analyze Stalinism, the Second World War, the Thaw, and Brezhnev and Gorbachev eras through the lens of the USSR's citizens.

Includes: Experiential Learning Activity

Also listed as EURR 4306.

Also offered at the graduate level, with different requirements, as HIST 5608, for which additional credit is precluded.

Seminar three hours a week.

HIST 4700 [1.0 credit]**Seminar in World History**

An examination of a selected problem or period in the history of Asia, Africa, the Caribbean or Latin America.

Prerequisite(s): HIST 3810 or HIST 3820, fourth-year standing in Honours History or permission of the Department.

Seminar three hours a week.

HIST 4701 [0.5 credit]**African History**

A 0.5 credit seminar course that examines a selected topic in the history of Africa. The particular topic will be specified each year it is offered.

Prerequisite(s): HIST 3810 or HIST 3820, fourth-year standing in Honours History or permission of the Department.

Seminar three hours a week.

HIST 4702 [0.5 credit]**South Asian History**

A 0.5 credit seminar course that examines a selected topic in the history of South Asia. The particular topic will be specified each year it is offered.

Prerequisite(s): HIST 3810 or HIST 3820, fourth-year standing in Honours History or permission of the Department.

Seminar three hours a week.

HIST 4703 [0.5 credit]**The Global South**

A 0.5 credit seminar course that examines a selected topic in the history of the Global South. The particular topic will be specified each year it is offered.

Prerequisite(s): HIST 3810 or HIST 3820, fourth-year standing in Honours History or permission of the Department.

Seminar three hours a week.

HIST 4704 [0.5 credit]**Caribbean and Latin American History**

A 0.5 credit seminar course that examines a selected topic in Caribbean and Latin American history. The particular topic will be specified each year it is offered.

Prerequisite(s): HIST 3810 or HIST 3820, fourth-year standing in Honours History or permission of the Department.

Seminar three hours a week.

HIST 4705 [0.5 credit]**Asian History**

A 0.5 credit seminar course that examines a selected topic in the history of Asia. The particular topic will be specified each year it is offered.

Prerequisite(s): HIST 3810 or HIST 3820, fourth-year standing in Honours History or permission of the Department.

Seminar three hours a week.

HIST 4802 [1.0 credit]**Seminar in International History**

An examination of a selected problem or period in the history of international relations.

Prerequisite(s): HIST 3810 or HIST 3820, fourth-year standing in Honours History or permission of the Department.

Seminar three hours a week.

HIST 4805 [1.0 credit]**Seminar on a Transnational or Thematic Topic**

A seminar on a transnational or thematic topic. The particular topic will be specified each year.

Prerequisite(s): HIST 3810 or HIST 3820, fourth-year standing in Honours History or permission of the Department.

Seminar three hours a week.

HIST 4806 [0.5 credit]**Global, Transnational, or Thematic History**

Selected topic in global and transnational history or on a thematic topic in history. The topic will be specified each year it is offered.

Prerequisite(s): HIST 3810 or HIST 3820, fourth-year standing in Honours History or permission of the Department.

Seminar three hours a week.

HIST 4910 [1.0 credit]**Honours Research Project**

A piece of original historical research conducted independently under the supervision of a faculty member and presented as either a research paper, a documentary film, or a web-based project. Does not count toward the 4th-year seminar requirement.

Includes: Experiential Learning Activity

Precludes additional credit for HIST 4908, HIST 4909 (no longer offered).

Prerequisite(s): fourth-year Honours standing with a minimum GPA of 9.0 (B+) in History courses, a faculty supervisor, a topic and mode of presentation approved by the faculty supervisor, and permission of the Undergraduate Supervisor.

HIST 4915 [0.5 credit]**Topics in History**

Intended for Honours students in History. Topics will vary from year to year.

Prerequisite(s): HIST 3810 or HIST 3820, fourth-year standing in Honours History or permission of the Department.

Seminar three hours a week.

HIST 4916 [0.5 credit]**Topic in Public History**

Topic varies from year to year.

Prerequisite(s): HIST 3809, HIST 3810, or HIST 3820, fourth-year standing in Honours History, or permission of the Department.

Seminar three hours a week.

HIST 4917 [0.5 credit]**Directed Study**

Independent study of an historical topic or theme under the supervision of a faculty member. A course outline specifying readings, assignments, and name of faculty member must be submitted to the Undergraduate Supervisor during the first week of the semester.

Prerequisite(s): Fourth-year standing in History, minimum History GPA of 9.0, a faculty supervisor, and permission of the Undergraduate Supervisor.

A program of supervised reading and preparation of written work in an area not covered by an existing seminar.

HIST 4920 [1.0 credit]**Seminar in Public History**

Topic varies from year to year.

Prerequisite(s): HIST 3809, HIST 3810, or HIST 3820, fourth-year standing in Honours History, or permission of the Department.

Seminar three hours a week.

History and Theory of Architecture

This section presents the requirements for programs in:

- **History and Theory of Architecture B.A. Honours**
- **History and Theory of Architecture B.A. Combined Honours**
- **History and Theory of Architecture B.A.**
- **Minor in History and Theory of Architecture**
- **Post-Baccalaureate Diploma in History and Theory of Architecture**

Program Requirements**History and Theory of Architecture****B.A. Honours (20.0 credits)****A. Credits Included in the Major CGPA (10.0 credits)**

1. 2.5 credits in:		2.5
ARTH 1101 [0.5]	Art and Society: 1300 to the Present	
ARTH 1200 [0.5]	History and Theory of Architecture: Prehistory to 1500	
ARTH 1201 [0.5]	History and Theory of Architecture: 1500 to Present	
ARTH 2710 [0.5]	Experiencing Architecture	
ARTH 3107 [0.5]	History and Methods of Architectural History	
2. 2.0 credits from:		2.0
ARTH 2102 [0.5]	Greek Art and Archaeology	

ARTH 2105 [0.5]	Roman Art and Archaeology	
ARTH 2107 [0.5]	Islamic Architecture and Art	
ARTH 2202 [0.5]	Medieval Architecture and Art	
ARTH 2310 [0.5]	Architecture of the Early Modern World [1400-1750]	
ARTH 2510 [0.5]	Architecture of the 18th and 19th Centuries	
ARTH 2610 [0.5]	Twentieth-Century Architecture	
3. 1.0 credit from:		1.0
ARTH 3002/ ARCH 4002 [0.5]	Canadian Architecture	
ARTH 3003 [0.5]	Architecture and Representation	
ARTH 3006 [0.5]	Themes in Architecture in Canada	
ARTH 3701 [0.5]	Art and Architecture on Site	
ARTH 3808 [0.5]	Special Topics: Cities in Context	
ARTH 3810 [0.5]	Special Topics about the Designed Environment	
4. 1.5 credits in ARTH or ARCH at the 2000-level or higher		1.5
5. 0.5 credit from:		0.5
ARTH 4002 [0.5]	Special Topics in Architecture in Canada	
ARTH 4107 [0.5]	Special Topics in Islamic Architecture and Art	
ARTH 4610 [0.5]	Special Topics in Modern Architecture or Design	
ARTH 4800 [0.5]	Special Topics in Architectural History	
6. 1.5 credits in ARTH or ARCH at the 4000-level		1.5
7. 1.0 credit from:		1.0
ARCH 4200 [0.5]	Architectural Conservation Philosophy and Ethics	
ARCN 4100 [0.5]	Historic Site Recording and Assessment	
CDNS 2400 [0.5]	Heritage Places and Practices in Canada	
CDNS 4400 [0.5]	Space, Landscape and Identity in Canada	
GEOG 1020 [0.5]	People, Places and Environments	
GEOG 2300 [0.5]	Space, Place and Culture	
GEOG 3021 [0.5]	Geographies of Culture and Identity	
HIST at the 1000-level or higher		
IDES 1000 [0.5]	Theory and History of Design	
B. Credits Not Included in the Major CGPA (10.0 credits)		
8. 8.0 credits in electives not in ARTH or Architecture		8.0
9. 2.0 credits in free electives.		2.0
Total Credits		20.0

Notes for programs in History and Theory of Architecture:

- No more than 1.5 credits may be taken as directed readings and/or the Honours Research essay.
- Architecture courses which are workshops or studio-based may not be taken for credit in these programs.
- Architecture courses taken to fulfill the requirements of these programs are not transferable to other programs in the Faculty of Arts and Social Sciences.

History and Theory of Architecture B.A. Combined Honours (20.0 credits)

A. Credits included in the major CGPA (6.5 Credits)

1. 2.0 credits in:		2.0
ARTH 1200 [0.5]	History and Theory of Architecture: Prehistory to 1500	
ARTH 1201 [0.5]	History and Theory of Architecture: 1500 to Present	
ARTH 2710 [0.5]	Experiencing Architecture	
ARTH 3107 [0.5]	History and Methods of Architectural History	
2. 1.5 credits from:		1.5
ARTH 2102 [0.5]	Greek Art and Archaeology	
ARTH 2105 [0.5]	Roman Art and Archaeology	
ARTH 2107 [0.5]	Islamic Architecture and Art	
ARTH 2202 [0.5]	Medieval Architecture and Art	
ARTH 2310 [0.5]	Architecture of the Early Modern World [1400-1750]	
ARTH 2510 [0.5]	Architecture of the 18th and 19th Centuries	
ARTH 2610 [0.5]	Twentieth-Century Architecture	
3. 1.0 credit from:		1.0
ARTH 3002/ ARCH 4002 [0.5]	Canadian Architecture	
ARTH 3003 [0.5]	Architecture and Representation	
ARTH 3006 [0.5]	Themes in Architecture in Canada	
ARTH 3701 [0.5]	Art and Architecture on Site	
ARTH 3808 [0.5]	Special Topics: Cities in Context	
ARTH 3810 [0.5]	Special Topics about the Designed Environment	
4. 0.5 credit from:		0.5
ARTH 4002 [0.5]	Special Topics in Architecture in Canada	
ARTH 4107 [0.5]	Special Topics in Islamic Architecture and Art	
ARTH 4610 [0.5]	Special Topics in Modern Architecture or Design	
ARTH 4800 [0.5]	Special Topics in Architectural History	
5. 1.0 credits in ARTH or ARCH or ARCN at the 4000-level		1.0
6. 0.5 credits in ARTH or ARCH at the 2000-level or above		0.5
B. Additional Requirements (13.5)		13.5
7. The requirements of the other discipline must be satisfied		
8. Sufficient free electives to make 20.0 credits in total for the program		
Total Credits		20.0

History and Theory of Architecture B.A. (15.0 credits)

A. Credits Included in the Major CGPA

1. 2.5 credits in:		2.5
ARTH 1101 [0.5]	Art and Society: 1300 to the Present	
ARTH 1200 [0.5]	History and Theory of Architecture: Prehistory to 1500	

ARTH 1201 [0.5]	History and Theory of Architecture: 1500 to Present	
ARTH 2710 [0.5]	Experiencing Architecture	
ARTH 3107 [0.5]	History and Methods of Architectural History	
2. 1.5 credits from:		1.5
ARTH 2102 [0.5]	Greek Art and Archaeology	
ARTH 2105 [0.5]	Roman Art and Archaeology	
ARTH 2107 [0.5]	Islamic Architecture and Art	
ARTH 2202 [0.5]	Medieval Architecture and Art	
ARTH 2310 [0.5]	Architecture of the Early Modern World [1400-1750]	
ARTH 2510 [0.5]	Architecture of the 18th and 19th Centuries	
ARTH 2610 [0.5]	Twentieth-Century Architecture	
3. 1.0 credit from:		1.0
ARTH 3002/ ARCH 4002 [0.5]	Canadian Architecture	
ARTH 3003 [0.5]	Architecture and Representation	
ARTH 3006 [0.5]	Themes in Architecture in Canada	
ARTH 3701 [0.5]	Art and Architecture on Site	
ARTH 3808 [0.5]	Special Topics: Cities in Context	
ARTH 3810 [0.5]	Special Topics about the Designed Environment	
4. 1.5 credit in ARTH or ARCH at the 2000-level or higher		1.5
5. 0.5 credits in ARTH or ARCH at the 3000-level		0.5
B. Credits Not Included in the Major CGPA		
6. 6.0 credits in electives not in ARTH or Architecture		6.0
7. 2.0 credit in free electives.		2.0
Total Credits		15.0

Notes for programs in History and Theory of Architecture:

- No more than 1.5 credits may be taken as directed readings and/or the Honours Research essay.
- Architecture courses which are workshops or studio-based may not be taken for credit in these programs.
- Architecture courses taken to fulfill the requirements of these programs are not transferable to other programs in the Faculty of Arts and Social Sciences.

Minor in History and Theory of Architecture (4.0 credits)

Open to all undergraduate degree students not in History and Theory of Architecture programs.

Students are required to present a Minor CGPA of 4.00 or higher at graduation in order to be awarded a Minor in History and Theory of Architecture.

Requirements

1. 1.0 credit in:		1.0
ARTH 1200 [0.5]	History and Theory of Architecture: Prehistory to 1500	
ARTH 1201 [0.5]	History and Theory of Architecture: 1500 to Present	
2. 1.5 credits from:		1.5
ARTH 2102 [0.5]	Greek Art and Archaeology	
ARTH 2105 [0.5]	Roman Art and Archaeology	
ARTH 2107 [0.5]	Islamic Architecture and Art	

ARTH 2202 [0.5]	Medieval Architecture and Art	
ARTH 2310 [0.5]	Architecture of the Early Modern World [1400-1750]	
ARTH 2510 [0.5]	Architecture of the 18th and 19th Centuries	
ARTH 2610 [0.5]	Twentieth-Century Architecture	
3. 1.5 credits from:		1.5
ARTH 3002/ ARCH 4002 [0.5]	Canadian Architecture	
ARTH 3006 [0.5]	Themes in Architecture in Canada	
ARTH 3808 [0.5]	Special Topics: Cities in Context	
ARTH 3810 [0.5]	Special Topics about the Designed Environment	
ARTH 4002 [0.5]	Special Topics in Architecture in Canada	
ARTH 4107 [0.5]	Special Topics in Islamic Architecture and Art	
ARTH 4610 [0.5]	Special Topics in Modern Architecture or Design	
ARTH 4800 [0.5]	Special Topics in Architectural History	
4. The remaining requirements of the major discipline(s) and degree must be satisfied.		
Total Credits		4.0

Post-Baccalaureate Diploma in History and Theory of Architecture (4.0 credits)

Admission to this program requires the permission of the History and Theory of Architecture program. Normally, students would be required to have completed an undergraduate degree with a minimum B average or higher to be admitted. Applications will be reviewed on a case-by-case basis.

Requirements:

1. 0.5 credit in:		0.5
ARTH 3107 [0.5]	History and Methods of Architectural History	
2. 2.5 credit in ARTH at the 2000-level or above (excluding ARTH 2710)		2.5
3. 1.0 credit in ARTH at the 4000-level		1.0
Total Credits		4.0

With the approval of the History and Theory of Architecture undergraduate supervisor, 0.5 credit may be taken outside the department.

B.A. Regulations

The regulations presented below apply to all Bachelor of Arts programs. In addition to the requirements presented here, students must satisfy the University regulations common to all undergraduate students including the process of Academic Continuation Evaluation (consult the *Academic Regulations of the University* section of this Calendar).

First-Year Seminars

B.A. degree students are strongly encouraged to include a First-Year Seminar (FYSM) during their first 4.0 credits of registration. Students are limited to 1.0 credit in FYSM and can only register in a FYSM while they have first-year standing in their B.A. program.

Breadth Requirement

Among the credits presented at graduation, students in both the B.A. and the B.A. Honours degrees and B.Co.M.S. are required to include 3.0 breadth credits, which must include 1.0 credit in three of the four breadth areas identified below. Credits that fulfil requirements in the Major, Minor, Concentration, Specialization, or Stream may also be used to fulfil the Breadth Requirement.

Students admitted with a completed university degree are exempt from breadth requirements.

Students in the following interdisciplinary programs are exempt from the B.A. breadth requirement.

- African Studies
- Criminology and Criminal Justice
- Environmental Studies
- Human Rights
- Human Rights and Social Justice

Breadth Area 1: Culture and Communication

American Sign Language, Art History, Art and Culture, Communication and Media Studies, Digital Humanities, English, Film Studies, French, Journalism, Media Production and Design, Music, and Languages (Arabic, English as a Second Language, German, Greek, Hebrew, Indigenous Languages, Italian, Japanese, Korean, Latin, Mandarin, Portuguese, Russian, Spanish)

Subject codes: ARAB, ARTH, ASLA, CHIN, COMS, DIGH, ENGL, ESLA, FILM, FINS, FREN, GERM, GREK, HEBR, ITAL, JAPA, JOUR, KORE, LANG, LATN, MPAD, MUSI, PORT, RUSS, SPAN

Breadth Area 2: Humanities

African Studies, Applied Linguistics and Discourse Studies, Archaeology, Canadian Studies, Child Studies, Classical Civilization, Critical Race Studies, Directed Interdisciplinary Studies, Disability Studies, Environmental and Climate Humanities, European and Russian Studies, History, Human Rights and Social Justice, Humanities, Indigenous Studies, Latin American and Caribbean Studies, Linguistics, Medieval and Early Modern Studies, Philosophy, Religion, Sexuality Studies, South Asian Studies, and Women's and Gender Studies.

Subject codes: AFRI, ALDS, ARCY, CDNS, CHST, CLCV, CRST, DBST, DIST, EACH, EURR, HIST, HRSJ, HUMR, HUMS, INDG, LACS, LING, MEMS, PHIL, RELI, SAST, SXST, WGST

Breadth Area 3: Science, Engineering, and Design

Architecture, Biology, Chemistry, Computer Science, Data Science, Earth Sciences, Engineering, Environmental Science, Food Science and Nutrition, Health Sciences, Industrial Design, Information Resource Management, Information Technology (BIT), Information Technology (ITEC), Interactive Multimedia and Design, Interdisciplinary Science and Practice, Mathematics, Neuroscience, Network Technology, Nursing, Optical Systems and Sensors, Photonics, Statistics, Physics, and Technology, Society, Environment.

Subject codes: ACSE, AERO, ARCC, ARCH, ARCN, ARCS, ARCU, BIOC, BIOL, BIT, CHEM, CIVE, COMP, CSEC, DATA, ECOR, ELEC, ENSC, ENVE, EARTH, FOOD, HLTH, IDES, IMD, IRM, ISAP, ISCI, ISCS, ISYS, ITEC, MAAE, MATH, MECH, MECT, NET, NEUR, NSCI, NURS, OSS, PHYS, PLT, SREE, STAT, SYSC, TSES

Breadth Area 4: Social Sciences

Anthropology, Business, Cognitive Science, Criminology and Criminal Justice, Economics, Environmental Studies, Geography, Geomatics, Global and International Studies, Global Politics, Interdisciplinary Public Affairs, International Affairs, Law, Migration and Diaspora Studies, Political Management, Political Science, Psychology, Public Administration, Public Affairs and Policy Management, Social Work, Sociology/Anthropology, Sociology

Subject codes: ANTH, BUSI, CGSC, CRCJ, ECON, ENST, GEOG, GEOM, GINS, GPOL, INAF, IPAF, LAWS, MGDS, PADM, PAMP, POLM, PSCI, PSYC, SOCI, SOWK

Declared and Undeclared Students

Degree students are considered "Undeclared" if they have been admitted to a degree, but have not yet selected and been accepted into a program within that degree. The status "Undeclared" is available only in the B.A. and B.Sc. degrees. Undeclared students must apply to enter a program upon or before completing 3.5 credits.

Change of Program Within the B.A. Degree

To transfer to a program within the B.A. degree, applicants must normally be *Eligible to Continue* (EC) in the new program, by meeting the CGPA thresholds described in Section 3.1.9 of the *Academic Regulations of the University*.

Applications to declare or change programs within the B.A. degree online must be made online through Carleton Central by completing a Change of Program Elements (COPE) application form within the published deadlines. Acceptance into a program, or into a program element or option, is subject to any enrollment limitations, as well as specific program, program element, or option requirements as published in the relevant Calendar entry.

Minors, Concentrations, and Specializations

Students may add a Minor, Concentration, or Specialization by completing a Change of Program Elements (COPE) application form online through Carleton Central. Acceptance into a Minor, Concentration, or Specialization normally requires that the student be *Eligible to Continue* (EC) and is subject to any specific requirements of the intended Minor, Concentration, or Specialization as published in the relevant Calendar entry and in Section 3.1.9 of the *Academic Regulations of the University*.

Mention : français

Students registered in certain B.A. programs may earn the diploma notation *Mention : français* by completing part of their program requirements in French, and by demonstrating knowledge of the history and culture of French Canada. The general requirements are listed

below. For more specific details, consult the departmental program entries.

Students in a B.A. Honours program must present:

1. 1.0 credit in French language;
2. 1.0 credit devoted to the history and culture of French Canada;
3. 1.0 credit at the 2000- or 3000-level in the Honours discipline taken in French; and
4. 1.0 credit at the 4000-level in the Honours discipline taken in French.

Students in a B.A. program must present:

1. 1.0 credit in advanced French;
2. 1.0 credit devoted to the history and culture of French Canada;
3. 1.0 credit at the 2000- or 3000-level in the Major discipline taken in French.

Students in Combined Honours programs must fulfil the *Mention : français* requirement in both disciplines.

Courses taught in French (Items 3 and 4, above) may be taken at Carleton, at the University of Ottawa on the Exchange Agreement, or at a francophone university on a Letter of Permission. Students planning to take courses on exchange or on a Letter of Permission should take careful note of the residence requirement for a minimum number of Carleton courses in their programs. Consult the *Academic Regulations of the University* section of this Calendar for information regarding study on exchange or Letter of Permission.

Regulations

Post-Baccalaureate Diploma

In addition to the requirements presented here, students must satisfy the University regulations (see the Academic Regulations of the University section of this Calendar).

Definition

A post-baccalaureate diploma is defined as a stand-alone undergraduate credential intended to:

- qualify a candidate for consideration for entry into a master's program, or
- bring a candidate who already possesses a bachelor's degree up to a level of a bachelor's degree of 20.0 credits or more in another discipline, or
- provide a candidate who already possesses a twenty-credit bachelor's degree in the same discipline the opportunity to bring their previous studies to current equivalents and/or to examine alternative areas, or
- provide a candidate with a professional undergraduate credential for which the prior completion of an undergraduate degree program is appropriate.

Program Requirements

- A post-baccalaureate diploma is normally constituted of a minimum of 3.0 credits to a maximum of 5.0 credits of advanced undergraduate courses.
- A minimum of 3.0 residency credits counting toward the post-baccalaureate diploma.

English as a Second Language Requirement

In addition to the program requirements, completion of English as a Second Language (ESLA) courses may be required from the following sequence: ESLA 1300, ESLA 1500, ESLA 1900. No credits from this sequence will be counted toward the post-baccalaureate diploma.

Continuation

All post-baccalaureate diploma students are expected to complete their diploma requirements within two calendar years after the date of initial registration. After this period student may be withdrawn.

Graduation

- A candidate for a post-baccalaureate diploma must have an overall CGPA of at least 6.5 to graduate.
- A candidate for a post-baccalaureate diploma must obtain a grade of C- or higher in each course taken in fulfillment of the program requirements.
- Students should consult with the Department, School or Institute when planning their diploma and selecting courses.

Admissions Information

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite

averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as recommended, it is not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admission Requirements

Degrees

- Bachelor of Arts (B.A.) (Honours)
- Bachelor of Arts (B.A.)

First Year

For B.A. and B.A. (Honours)

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include a 4U course in English (or *anglais*). Applicants submitting an English language test to satisfy the requirements of the English Language Proficiency section of this Calendar may use that test to also satisfy the 4U English prerequisite requirement.

Biology

For the major in Biology in the B.A. program, in addition to the 4U English, a 4U course in Chemistry is required. Advanced Functions, and Calculus and Vectors are recommended.

Criminology and Criminal Justice

Access to the CCJ B.A. degree is limited to students already registered in the CCJ B.A. Honours who apply to transfer, and to graduates of the Algonquin College Police Foundations program.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be Eligible to Continue in their year level, in addition to meeting the CGPA thresholds described in Section 3.1.9 of the Academic Regulations of the University. Advanced standing will be granted only for those subjects assessed as being appropriate for the program and the stream selected.

Co-op Option

Direct Admission to the 1st Year of the Co-op Option

Co-op is available for the following Majors in the B.A. (Honours) degree: Anthropology, English, Environmental Studies, European and Russian Studies, French, Geography, Geomatics, History, Law, Political Science, Psychology, Sociology.

Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in the Bachelor of Arts Honours with one of the majors listed above;
3. be eligible to work in Canada (for off-campus work placements).

Meeting the above requirements only establishes eligibility for admission to the program. The prevailing job market may limit enrolment in the co-op option. Students should also note that hiring priority is given to Canadian citizens for co-op positions in the Public Service Commission.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are described in the Co-operative Education Regulations section of this Calendar.

Advanced Standing

B.A. and B.A. (Honours) Program

Applications for admission to the second or subsequent years will be assessed on their merits. Advanced standing will be granted only for those courses that are determined to be appropriate.

Art and Architectural History (ARTH) Courses

ARTH 1100 [0.5 credit]

Art and Society: Prehistory to 1300

A survey of art, architecture and artifacts from prehistory to 1300. Ways of understanding visual culture through this span of history.

Precludes additional credit for ARTH 1000.

Lectures two hours a week, tutorial one hour a week.

ARTH 1101 [0.5 credit]

Art and Society: 1300 to the Present

A survey of art, architecture and related visual forms in their expanding contexts from 1300 to the present. Ways of understanding visual culture through this span of history.

Precludes additional credit for ARTH 1000.

Lectures two hours a week, tutorial one hour a week.

ARTH 1105 [0.5 credit]

Art as Visual Communication

A variety of visual material is organized topically to examine the elements of art (line, shape, value, colour, texture, space), the principles of pictorial organization, the materials and techniques of art, and recurrent tendencies in artistic styles and outlooks.

Lectures or seminars three hours a week.

ARTH 1200 [0.5 credit]

History and Theory of Architecture: Prehistory to 1500

An introduction to the history of architecture from prehistory to ca. 1500, considering technological, formal, intellectual and social developments that informed the built environment through a range of building types.

Lectures two hours a week, tutorial one hour a week.

ARTH 1201 [0.5 credit]**History and Theory of Architecture: 1500 to Present**

An introduction to the history of architecture from ca. 1500 to the present, considering technological, formal, intellectual, and social developments that informed the built environment through a range of building types. Precludes additional credit for ARTH 2608 (no longer offered).

Lectures two hours a week, tutorial one hour a week.

ARTH 2002 [0.5 credit]**Art in Canada**

Topics may include professional and amateur artists, craftwork, art institutions, gender, nationalism, regionalism, ethnicity, race, and identity. Coverage will include artworks in local and national collections in the National Capital region.

Prerequisite(s): second-year standing or permission of the Discipline.

Lectures or seminars three hours a week.

ARTH 2004 [0.5 credit]**Special Topic: Indigenous Art**

Survey of an area of indigenous art history. Topics may vary from year to year, and will be posted on the School for Studies in Art and Culture website.

Prerequisite(s): second-year standing or permission of the Discipline.

Lectures or seminars three hours a week.

ARTH 2007 [0.5 credit]**Asian Art**

Surveys Asian art from second-century China to post-war Japan. Representational strategies of court artists and artists from the capital are compared with artists on the periphery. Articulation of power in tombs, palaces and war propaganda is examined, as is the individual and the eccentric.

Prerequisite(s): second-year standing or permission of the Discipline.

Lectures or seminars three hours a week.

ARTH 2009 [0.5 credit]**Art Live: Art History Workshop**

Examination of techniques, materials and institutions of art history; lectures and workshops on art historical research and writing, the materials of art, professional skills; site visits to art institutions.

Includes: Experiential Learning Activity

Prerequisite(s): ARTH 1100 and ARTH 1101, or permission of the discipline. Restricted to students enrolled in the Art History B.A. or B.A. Honours.

Lectures or seminars three hours a week.

ARTH 2102 [0.5 credit]**Greek Art and Archaeology**

The art, architecture and archaeology of ancient Greece. Vase painting, sculpture, architecture, town planning and analogous arts are studied.

Also listed as CLCV 2303.

Precludes additional credit for CLCV 2302 (no longer offered), ARTH 2100 (no longer offered).

Prerequisite(s): second-year standing or permission of the Department.

Lecture three hours a week.

ARTH 2105 [0.5 credit]**Roman Art and Archaeology**

The art, architecture and archaeology of the ancient Romans. Vase painting, sculpture, architecture, town planning and analogous arts are studied.

Also listed as CLCV 2304.

Precludes additional credit for CLCV 2302 (no longer offered), ARTH 2100 (no longer offered).

Prerequisite(s): second-year standing or permission of the Department.

Lecture three hours a week.

ARTH 2106 [0.5 credit]**Chinese Art and Visual Culture**

A survey of Chinese art from the pre-modern era to re-inventions of traditions in modern and contemporary art. Artworks in various media (ink painting, calligraphy, Buddhist sculpture, ceramics, lacquer and garden architecture) will be studied in their historical, cultural and socio-political contexts.

Prerequisite(s): second-year standing or permission of the Department.

Lecture or seminars three hours a week.

ARTH 2107 [0.5 credit]**Islamic Architecture and Art**

Survey of artistic movements in Islamic art and architecture in the Mediterranean, the Near East, and Central and South Asia, from the seventh century to ca. 1450. Commonalities and differences between major dynastic visual cultures will be explored.

Prerequisite(s): second-year standing or permission of the Discipline.

Lecture or seminars three hours a week.

ARTH 2108 [0.5 credit]**Special Topics: Art Worlds**

Survey of an area of global art history. Topics may vary from year to year, and will be posted on the School for Studies in Art and Culture website.

Prerequisite(s): second-year standing or permission of the Department.

Lectures or seminars three hours a week.

ARTH 2202 [0.5 credit]**Medieval Architecture and Art**

A survey of architecture and art in Europe from ca. 313-1500 C.E. Sacred, secular, and domestic works will be discussed with reference to cultural meaning, social function, structure, and form.

Precludes additional credit for ARTH 2200 and ARTH 2201.

Prerequisite(s): second-year standing or permission of the Discipline.

Lectures or seminars three hours a week.

ARTH 2300 [0.5 credit]**Renaissance Art**

An examination of major works of art and architecture, issues and themes in the Renaissance; emphasis on the fifteenth and sixteenth centuries, with a look at roots in the fourteenth.

Prerequisite(s): second-year standing or permission of the Discipline.

Lectures or seminars three hours a week.

ARTH 2310 [0.5 credit]**Architecture of the Early Modern World [1400-1750]**

An examination of architecture from the late medieval period to the 18th century with particular attention paid to architecture and design cultures within the European and Islamic worlds and their cross-cultural interactions.

Precludes additional credit for ARTH 3305 (no longer offered).

Prerequisite(s): second-year standing or permission of the Discipline.

Lectures or seminars three hours a week.

ARTH 2404 [0.5 credit]**Art of the 17th and 18th Centuries**

Tracing developments in 17th- and 18th-century painting, graphic art, sculpture, and architecture. Introduction to artists, art works, and issues central to the relationship between art and society.

Precludes additional credit for ARTH 2403 (no longer offered), ARTH 2405 (no longer offered) and ARTH 2406 (no longer offered).

Prerequisite(s): second-year standing or permission of the Discipline.

Lectures or seminars three hours a week.

ARTH 2502 [0.5 credit]**Art of the 19th Century**

Tracing developments in 19th-century painting, graphic art, sculpture, and architecture. Introduction to artists, art works, and issues central to the relationship between art and modernity.

Prerequisite(s): second-year standing or permission of the Discipline.

Lectures or seminars three hours a week.

ARTH 2503 [0.5 credit]**Art in the Global Context Since 1945**

Art in the global context from 1945 to present, including abstraction, Pop Art, Postmodernism, object art, performance art and installations.

Precludes additional credit for ARTH 3600 (no longer offered).

Prerequisite(s): second-year standing or higher, or permission of the Discipline.

Lectures or seminars three hours a week.

ARTH 2510 [0.5 credit]**Architecture of the 18th and 19th Centuries**

A survey of key monuments, theories, forms and technological developments of eighteenth- and nineteenth-century architecture.

Precludes additional credit for ARTH 3809 Section "B" taken in 2014.

Prerequisite(s): second-year standing or permission of the Discipline.

Lectures or seminars three hours a week.

ARTH 2600 [0.5 credit]**European Art 1900-1945**

Major artistic movements in Europe from about 1900 to 1945.

Prerequisite(s): second-year standing or permission of the Discipline.

Lectures or seminars three hours a week.

ARTH 2601 [0.5 credit]**History and Theory of Photography**

Issues, themes, movements in photography and individual photographers from the origins of the medium to the present.

Prerequisite(s): second-year standing or permission of the Discipline.

Lectures or seminars three hours a week.

ARTH 2610 [0.5 credit]**Twentieth-Century Architecture**

Developments in architectural form and culture through the course of the twentieth century, with emphasis on the formation and subsequent critique of the Modern Movement.

Precludes additional credit for ARTH 3609 and ARCH 3009.

Prerequisite(s): second-year standing or permission of the Discipline.

Lectures or seminars three hours a week.

ARTH 2710 [0.5 credit]**Experiencing Architecture**

Development of critical thinking, writing, and looking skills in connection to architecture, through a combination of site visits, workshops and classroom exercises.

Includes: Experiential Learning Activity

Prerequisite(s): ARTH 1200 and ARTH 1201 or permission of the discipline. Restricted to students in the History and Theory of Architecture B.A. or B.A. Honours program.

Lectures or seminars three hours a week.

ARTH 2807 [0.5 credit]**Philosophy of Art**

Philosophical approaches to the study of art. Topics such as: the nature of art and artistic value; representation and symbolism in art; art and artifice; art and the emotions; art, culture and ideology; post-structuralism and art; theories of creativity; relationship between artworks and audiences.

Also listed as PHIL 2807.

Lectures three hours a week.

ARTH 3000 [0.5 credit]**Themes in Recent and Contemporary Art in Canada**

Recent and contemporary art in Canada in a variety of media, examined within its social, political, and cultural contexts. Current critical issues will be explored through works in local and national collections in the National Capital region.

Prerequisite(s): Second-year standing, or permission of the Discipline.

Lectures or seminars three hours a week.

ARTH 3002 [0.5 credit]**Canadian Architecture**

Canadian architecture from the seventeenth century to the present day, covering both stylistic and technological developments. Building styles, methods, and materials in the context of social and economic conditions and construction techniques.

Includes: Experiential Learning Activity

Also listed as ARCH 4002.

Prerequisite(s): ARTH 1100 and ARTH 1101, or ARTH 1200 and ARTH 1201, or ARCH 1002 and ARCH 1201, and second-year standing or higher, or permission of the Discipline.

ARTH 3003 [0.5 credit]**Architecture and Representation**

Examination of the intersections between architecture, representations, and cultures.

Prerequisite(s): ARTH 1100 or ARTH 1101 or ARTH 1200 or ARTH 1201 and second-year standing, or permission of the Discipline.

Lectures and/or seminars three hours a week.

ARTH 3006 [0.5 credit]**Themes in Architecture in Canada**

Thematically organized course exploring a wide chronological, geographical, and cultural range of sites and design practices in Canada. Topics may include architecture of governance, spaces of mobility, the effect of industry and economy on the designed environment, housing and shelter, tourism, and histories of design.

Prerequisite(s): ARTH 1100 or ARTH 1101 or ARTH 1200 or ARTH 1201 and second-year standing or permission of the Discipline.

Seminar and/or lectures three hours a week.

ARTH 3008 [0.5 credit]**Contemporary Chinese Art and Art History**

Modern and contemporary art in China and beyond from the reform period in 1979 until today. Artworks will be examined in terms of their (art-)historical, discursive, socio-political, infrastructural and transcultural conditions of production and reception.

Prerequisite(s): second-year standing or permission of the Discipline.

Lectures three hours a week.

ARTH 3102 [0.5 credit]**Studies in Greek Art**

A study of period or theme in the art and archaeology of Ancient Greece. Topics may vary from year to year. This course is repeatable for credit when the topic changes.

Also listed as CLCV 3306, RELI 3732.

Prerequisite(s): second-year standing or permission of the unit. Permission of the unit required to repeat.

Lecture three hours a week.

ARTH 3105 [0.5 credit]**Studies in Roman Art**

A study of a period or theme in the art and archaeology of the ancient Romans. Topics may vary from year to year.

Also listed as CLCV 3307, RELI 3733.

Prerequisite(s): second-year standing or permission of the unit. Permission of the unit required to repeat.

Lecture three hours a week.

ARTH 3107 [0.5 credit]**History and Methods of Architectural History**

The study of the methodologies and research approaches employed by architectural historians.

Prerequisite(s): Third-year standing or higher in History and Theory of Architecture, or permission of the Discipline.

Seminar three hours a week.

ARTH 3108 [0.5 credit]**History and Methods of Art History**

The study of current methodologies and research tools employed by art historians.

Precludes additional credit for ARTH 3106 (no longer offered).

Prerequisite(s): Third-year standing or higher in Art History, or permission of the Discipline.

Seminar three hours a week.

ARTH 3400 [0.5 credit]**History of Printmaking**

Exploration of printmaking techniques from the 16th century to the present focusing on the work of famous and lesser-known printmakers. Topics may include: printmaking genres (from fine art prints to caricature), originality versus reproduction, book illustration, the art market, posters and propaganda.

Includes: Experiential Learning Activity

Prerequisite(s): second-year standing or higher, or permission of the Discipline.

Lectures and/or seminars three hours a week.

ARTH 3501 [0.5 credit]**Digital Media Production for Emerging Arts Professionals**

Hands-on introduction to media productions tools, techniques and concepts for students planning careers in the arts sector or related fields. Topics may include website development, design and image editing, audio (podcasting) or video, digital photography, writing for the web and integration with other media.

Includes: Experiential Learning Activity

Prerequisite(s): Third-year standing or permission of the Discipline.

Lectures and/or seminars three hours a week.

ARTH 3604 [0.5 credit]**Contemporary Art in the Global Context**

Contemporary art in the global context.

Prerequisite(s): second-year standing or higher, or permission of the Discipline.

Lectures or seminars three hours a week.

ARTH 3701 [0.5 credit]**Art and Architecture on Site**

The study of art and/or architecture on site outside the National Capital Region, in Canada or internationally.

May include a combination of study in Ottawa and on site.

Locations vary. Students are expected to bear all travel and other costs arising from site visits.

Includes: Experiential Learning Activity

Prerequisite(s): permission of the Discipline. Applicants will normally have third-year standing with a minimum of 1.0 credit in Art History or History and Theory of Architecture and a GPA of 8.0 or above.

Hours to be arranged. Locations will vary.

ARTH 3705 [0.5 credit]**Selected Museum Exhibition**

This seminar complements a major exhibition held at a specific museum. Students enrolled in this course are expected to bear all travel and other costs arising from required visits to the museum.

Includes: Experiential Learning Activity

Prerequisite(s): second-year standing or higher or permission of the Discipline.

Seminar and/or lectures three hours a week.

ARTH 3808 [0.5 credit]**Special Topics: Cities in Context**

Architecture and designed environment of cities. Topics may include comparative studies of cities and the built world across time and geography, theories and histories of urban form and planning, and cultures of placemaking. Topics may vary from year to year.

Prerequisite(s): ARTH 1100 or ARTH 1101 or ARTH 1200 or ARTH 1201 and second-year standing or permission of the Discipline.

Seminar and/or lectures three hours a week.

ARTH 3809 [0.5 credit]**Special Topics in Art and Visual Culture**

Selected aspects of art history and visual culture from ancient times to the present. Topics may vary from year to year, and will be posted on the School for Studies in Art and Culture website.

Prerequisite(s): third-year standing or permission of the Discipline.

Lectures and/or seminars three hours a week.

ARTH 3810 [0.5 credit]**Special Topics about the Designed Environment**

Selected aspects of the history of the designed environment, from ancient times to the present. Topics may vary from year to year, and will be posted on the School for Studies in Art and Culture website.

Prerequisite(s): ARTH 1100 or ARTH 1101 or ARTH 1200 or ARTH 1201 and second-year standing or permission of the Discipline.

Lectures and/or seminars three hours a week.

ARTH 3900 [0.5 credit]**Practicum in Art and Architectural History**

Practical experience gained by working on specific projects under the supervision of the staff of a museum, cultural institution, public- or private-sector organization associated with art, architecture, design, or heritage. A maximum of 1.0 credit in practicum courses may be used to fulfill program requirements.

Includes: Experiential Learning Activity

Prerequisite(s): B.A. or B.A. (Honours) in Art History or History and Theory of Architecture with third-year standing or higher and a CGPA of 9.00 or better in ARTH courses, and permission of the Discipline.

ARTH 4000 [0.5 credit]**Special Topics in Art in Canada**

Special topics in art in Canada may vary from year to year, and will be posted on the School for Studies in Art and Culture website. Students will be exposed to works in local and national collections in the National Capital region.

Prerequisite(s): one of ARTH 2002, ARTH 2003, ARTH 3000 and fourth-year standing in Art History or History and Theory of Architecture, or permission of the Discipline.

Lectures or seminars three hours a week.

ARTH 4002 [0.5 credit]**Special Topics in Architecture in Canada**

Special topics about the designed environment in Canada. Topics may vary from year to year, and will be posted on the School for Studies in Art and Culture website.

Prerequisite(s): fourth-year standing in Art History or History and Theory of Architecture, or permission of the discipline.

Three hours of seminar per week, or the equivalent.

ARTH 4003 [0.5 credit]**Special Topics in Contemporary Art**

Critical examination of contemporary art. Topics may include socially engaged art, historiographies of contemporary art, re-inventions of traditions, gender and politics of the body, exhibition histories and infrastructures of contemporary art. Topics may vary from year to year.

Prerequisite(s): fourth-year standing in Art History or History and Theory of Architecture, or permission of the Discipline.

Seminar three hours a week.

ARTH 4005 [0.5 credit]**Special Topics in Contemporary Indigenous Art**

This course will use critical theory to examine aspects of contemporary visual art created by the Inuit and First Peoples in North America. Topics may vary from year to year, and will be posted on the School for Studies in Art and Culture website.

Prerequisite(s): ARTH 2004 and fourth-year standing in Art History or History and Theory of Architecture, or permission of the Discipline.

Seminar three hours a week.

ARTH 4008 [0.5 credit]**Special Topics in Global Art**

Histories and theories of global art. Topics may include transnational theories of cultural analysis, Orientalism, Post-Colonial theory, translation theory and theories of cultural hybridity. Topics may vary from year to year, and will be posted on the School for Studies in Art and Culture website.

Precludes additional credit for ARTH 3103.

Prerequisite(s): fourth-year standing in Art History or History and Theory of Architecture, or permission of the Discipline.

Seminar three hours a week.

ARTH 4107 [0.5 credit]**Special Topics in Islamic Architecture and Art**

Topics in Islamic Architecture and Art may vary from year to year, and will be posted on the School for Studies in Art and Culture website.

Prerequisite(s): ARTH 2107 or ARTH 2310 and fourth-year standing in Art History or History and Theory of Architecture, or permission of the Discipline.

Seminar three hours a week.

ARTH 4600 [0.5 credit]**Special Topics in Art, Architecture, and Gender**

Art and/or architectural creation, reception and/or historiography through the lens of gender identities. Topics may vary from year to year, and will be posted on the School for Studies in Art and Culture website.

Prerequisite(s): fourth-year standing in Art History or History and Theory of Architecture, or permission of the Discipline.

Seminar three hours a week.

ARTH 4602 [0.5 credit]**Special Topics in the Theory and History of Photography**

Relates the themes of selected theoretical texts on photography to specific examples of photographic practice. Topics may vary from year to year, and will be posted on the School for Studies in Art and Culture website.

Prerequisite(s): ARTH 2601 and fourth-year standing in Art History or History and Theory of Architecture, or permission of the Discipline.

Seminar three hours a week.

ARTH 4610 [0.5 credit]**Special Topics in Modern Architecture or Design**

Topics in architecture and design of the Modern era may vary from year to year, and will be posted on the School for Studies in Art and Culture website.

Prerequisite(s): ARTH 2610 and fourth-year standing in Art History or History and Theory of Architecture, or permission of the Discipline.

Seminar three hours a week.

ARTH 4701 [0.5 credit]**Art and Architecture on Site**

Intensive study of art and/or architecture on site outside the National Capital region, in Canada or internationally. May include a combination of study in Ottawa and on site. Students are expected to bear all travel and other costs arising from site visits.

Includes: Experiential Learning Activity

Prerequisite(s): Permission of the Discipline. Applicants will normally have fourth-year standing in Art History or History and Theory of Architecture and a CGPA of 8.0 or above.

Hours to be arranged. Locations vary.

ARTH 4705 [0.5 credit]**Seminar: Selected Museum Exhibition**

Studies a major exhibition held at a specific museum. Students enrolled in this course are expected to bear all travel and other costs arising from required visits to the museum.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year Honours standing in Art History or History and Theory of Architecture and permission of the Discipline.

Lectures and/or seminar three hours a week.

ARTH 4800 [0.5 credit]**Special Topics in Architectural History**

Topics in architectural history from ancient times to the present may vary from year to year, and will be posted on the School for Studies in Art and Culture website.

Prerequisite(s): fourth-year standing in Art History or History and Theory of Architecture, or permission of the Discipline.

Seminar three hours a week.

ARTH 4806 [0.5 credit]**Special Topics in Historical Western Art**

Special topics in Western art from the medieval period to the 20th century may vary from year to year, and will be posted on the School for Studies in Art and Culture website.

Prerequisite(s): fourth-year standing in Art History or History and Theory of Architecture, or permission of the Discipline.

Seminar three hours a week.

ARTH 4809 [0.5 credit]**Topics in Art History and Criticism**

Selected aspects of art history and/or criticism from ancient times to the present.

Prerequisite(s): fourth-year standing in Art History or History and Theory of Architecture, or permission of the Discipline.

Seminar three hours a week.

ARTH 4900 [0.5 credit]**Directed Readings and Research**

Supervised readings and research projects. Guidelines must be obtained from the Undergraduate Supervisor prior to registration. A written project outline, approved by the supervising Art History or History and Theory of Architecture faculty member, must be submitted by the last day for course changes.

Prerequisite(s): fourth-year Honours standing in Art History or History and Theory of Architecture and permission of the Discipline.

ARTH 4909 [1.0 credit]**Honours Research Project**

A project resulting from independent research, supervised by Art History or History and Theory of Architecture faculty. The medium of presentation will be agreed upon between student and supervisor and may include a research paper, web-based project, or combination of dissemination activities.

Prerequisite(s): fourth-year Honours standing in Art History or History and Theory of Architecture with a minimum CGPA of 10.00 and permission of the Discipline.

Human Rights and Social Justice

This section presents the requirements for programs in:

- **Human Rights and Social Justice B.A. Honours**
- **Human Rights and Social Justice B.A. Combined Honours**
- **Human Rights and Law with Concentration in Transnational Law and Human Rights B.A. Combined Honours**
- **Human Rights and Social Justice B.A.**
- **Minor in Human Rights and Social Justice**

Program Requirements

Human Rights and Social Justice B.A. Honours (20.0 credits)

A. Credits Included in the Major CGPA (9.0 credits)

1. 1.0 credit in:	1.0
HRSJ 1101 [0.5]	Introduction to Human Rights & Social Justice
HRSJ 1102 [0.5]	Critical Issues in Social Justice Activism
2. 1.0 credit in:	1.0
HRSJ 2001 [0.5]	Human Rights: Theories and Foundations
HRSJ 2202 [0.5]	Power Relations and Human Rights
3. 3.0 credits in HRSJ at the 2000- and 3000-level	3.0
4. 2.0 credits in HRSJ at the 4000-level	2.0
5. 2.0 credits from any thematic group:	2.0

(i) Critical Principles

AFRI 3003 [0.5]	African Social and Political Thought
ANTH 4730 [0.5]	Colonialism and Post-Colonialism
CRST 2001 [0.5]	Introduction to Critical Race Studies

B. Credits Not Included in the Major CGPA (8.0 credits)

5. 8.0 credits in free electives	8.0
Total Credits	15.0

Minor in Human Rights and Social Justice (4.0 credits)

Open to all undergraduate students not in Human Rights and Social Justice B.A. programs.

Students are required to present a Minor CGPA of 4.00 or higher at graduation in order to be awarded a Minor in Human Rights and Social Justice.

Requirements:

1. 1.0 credit in:		1.0
HRSJ 1101 [0.5]	Introduction to Human Rights & Social Justice	
HRSJ 1102 [0.5]	Critical Issues in Social Justice Activism	
2. 1.0 credit in:		1.0
HRSJ 2001 [0.5]	Human Rights: Theories and Foundations	
HRSJ 2202 [0.5]	Power Relations and Human Rights	
3. 2.0 credit in HRSJ at the 2000-level or above		2.0
Total Credits		4.0

Course Categories by Thematic Group

These thematic groups only apply to students admitted to Human Rights and Social Justice before fall 2024. Students admitted in fall 2024 and beyond, and previously admitted students who have changed to the 2024-25 program requirements, will follow the thematic groups indicated on their audit. All students are recommended to consult with the department when choosing their courses.

Not all courses listed here are offered every year. Check Carleton Central to determine which courses are offered in a given term. Some of the Human Rights Electives have prerequisites that are not explicitly included in the program. Students should plan to have credit for the prerequisites of each course in their program or ask to have the prerequisite waived.

B.A. Regulations

The regulations presented below apply to all Bachelor of Arts programs. In addition to the requirements presented here, students must satisfy the University regulations common to all undergraduate students including the process of Academic Continuation Evaluation (consult the *Academic Regulations of the University* section of this Calendar).

First-Year Seminars

B.A. degree students are strongly encouraged to include a First-Year Seminar (FYSM) during their first 4.0 credits of registration. Students are limited to 1.0 credit in FYSM and can only register in a FYSM while they have first-year standing in their B.A. program.

Breadth Requirement

Among the credits presented at graduation, students in both the B.A. and the B.A. Honours degrees and B.Co.M.S. are required to include 3.0 breadth credits, which must include 1.0 credit in three of the four breadth areas identified below. Credits that fulfil requirements in the Major, Minor, Concentration, Specialization, or Stream may also be used to fulfil the Breadth Requirement.

Students admitted with a completed university degree are exempt from breadth requirements.

Students in the following interdisciplinary programs are exempt from the B.A. breadth requirement.

- African Studies
- Criminology and Criminal Justice
- Environmental Studies
- Human Rights
- Human Rights and Social Justice

Breadth Area 1: Culture and Communication

American Sign Language, Art History, Art and Culture, Communication and Media Studies, Digital Humanities, English, Film Studies, French, Journalism, Media Production and Design, Music, and Languages (Arabic, English as a Second Language, German, Greek, Hebrew, Indigenous Languages, Italian, Japanese, Korean, Latin, Mandarin, Portuguese, Russian, Spanish)

Subject codes: ARAB, ARTH, ASLA, CHIN, COMS, DIGH, ENGL, ESLA, FILM, FINS, FREN, GERM, GREK, HEBR, ITAL, JAPA, JOUR, KORE, LANG, LATN, MPAD, MUSI, PORT, RUSS, SPAN

Breadth Area 2: Humanities

African Studies, Applied Linguistics and Discourse Studies, Archaeology, Canadian Studies, Child Studies, Classical Civilization, Critical Race Studies, Directed Interdisciplinary Studies, Disability Studies, Environmental and Climate Humanities, European and Russian Studies, History, Human Rights and Social Justice, Humanities, Indigenous Studies, Latin American and Caribbean Studies, Linguistics, Medieval and Early Modern Studies, Philosophy, Religion, Sexuality Studies, South Asian Studies, and Women's and Gender Studies.

Subject codes: AFRI, ALDS, ARCY, CDNS, CHST, CLCV, CRST, DBST, DIST, EACH, EURR, HIST, HRSJ, HUMR, HUMS, INDG, LACS, LING, MEMS, PHIL, RELI, SAST, SXST, WGST

Breadth Area 3: Science, Engineering, and Design

Architecture, Biology, Chemistry, Computer Science, Data Science, Earth Sciences, Engineering, Environmental Science, Food Science and Nutrition, Health Sciences, Industrial Design, Information Resource Management, Information Technology (BIT), Information Technology (ITEC), Interactive Multimedia and Design, Interdisciplinary Science and Practice, Mathematics, Neuroscience, Network Technology, Nursing, Optical Systems and Sensors, Photonics, Statistics, Physics, and Technology, Society, Environment.

Subject codes: ACSE, AERO, ARCC, ARCH, ARCN, ARCS, ARCU, BIOC, BIOL, BIT, CHEM, CIVE, COMP, CSEC, DATA, ECOR, ELEC, ENSC, ENVE, EARTH, FOOD, HLTH, IDES, IMD, IRM, ISAP, ISCI, ISCS, ISYS, ITEC, MAAE, MATH, MECH, MECT, NET, NEUR, NSCI, NURS, OSS, PHYS, PLT, SREE, STAT, SYSC, TSES

Breadth Area 4: Social Sciences

Anthropology, Business, Cognitive Science, Criminology and Criminal Justice, Economics, Environmental Studies, Geography, Geomatics, Global and International Studies, Global Politics, Interdisciplinary Public Affairs, International Affairs, Law, Migration and Diaspora Studies, Political Management, Political Science, Psychology, Public

Administration, Public Affairs and Policy Management, Social Work, Sociology/Anthropology, Sociology

Subject codes: ANTH, BUSI, CGSC, CRCJ, ECON, ENST, GEOG, GEOM, GINS, GPOL, INAF, IPAF, LAWS, MGDS, PADM, PAPM, POLM, PSCI, PSYC, SOCI, SOWK

Declared and Undeclared Students

Degree students are considered "Undeclared" if they have been admitted to a degree, but have not yet selected and been accepted into a program within that degree. The status "Undeclared" is available only in the B.A. and B.Sc. degrees. Undeclared students must apply to enter a program upon or before completing 3.5 credits.

Change of Program Within the B.A. Degree

To transfer to a program within the B.A. degree, applicants must normally be *Eligible to Continue* (EC) in the new program, by meeting the CGPA thresholds described in Section 3.1.9 of the *Academic Regulations of the University*.

Applications to declare or change programs within the B.A. degree online must be made online through Carleton Central by completing a Change of Program Elements (COPE) application form within the published deadlines. Acceptance into a program, or into a program element or option, is subject to any enrollment limitations, as well as specific program, program element, or option requirements as published in the relevant Calendar entry.

Minors, Concentrations, and Specializations

Students may add a Minor, Concentration, or Specialization by completing a Change of Program Elements (COPE) application form online through Carleton Central. Acceptance into a Minor, Concentration, or Specialization normally requires that the student be *Eligible to Continue* (EC) and is subject to any specific requirements of the intended Minor, Concentration, or Specialization as published in the relevant Calendar entry and in Section 3.1.9 of the *Academic Regulations of the University*.

Mention : français

Students registered in certain B.A. programs may earn the diploma notation *Mention : français* by completing part of their program requirements in French, and by demonstrating knowledge of the history and culture of French Canada. The general requirements are listed below. For more specific details, consult the departmental program entries.

Students in a B.A. Honours program must present:

1. 1.0 credit in French language;
2. 1.0 credit devoted to the history and culture of French Canada;
3. 1.0 credit at the 2000- or 3000-level in the Honours discipline taken in French; and
4. 1.0 credit at the 4000-level in the Honours discipline taken in French.

Students in a B.A. program must present:

1. 1.0 credit in advanced French;
2. 1.0 credit devoted to the history and culture of French Canada;
3. 1.0 credit at the 2000- or 3000-level in the Major discipline taken in French.

Students in Combined Honours programs must fulfil the *Mention : français* requirement in both disciplines.

Courses taught in French (Items 3 and 4, above) may be taken at Carleton, at the University of Ottawa on the Exchange Agreement, or at a francophone university on a Letter of Permission. Students planning to take courses on exchange or on a Letter of Permission should take careful note of the residence requirement for a minimum number of Carleton courses in their programs. Consult the *Academic Regulations of the University* section of this Calendar for information regarding study on exchange or Letter of Permission.

Co-operative Education

For more information about how to apply for the Co-op program and how the Co-op program works please visit the Co-op website.

All students participating in the Co-op program are governed by the Undergraduate Co-operative Education Policy.

Undergraduate Co-operative Education Policy Admission Requirements

Students can apply to Co-op in one of two ways: directly from high school, or after beginning a degree program at Carleton.

If a student applies to a degree program with a Co-op option from high school, their university grades will be reviewed two terms to one year prior to their first work term to ensure they meet the academic requirements after their first or second year of study. The time at which the evaluation takes place depends on the program of study. Students will automatically receive an admission decision via their Carleton email account.

Students who did not request Co-op at the time they applied to Carleton can request Co-op after they begin their university studies. To view application instructions and deadlines, please visit carleton.ca/co-op.

To be admitted to Co-op, a student must successfully complete 5.0 or more credits that count towards their degree, meet the minimum CGPA requirement(s) for the student's Co-op option, and fulfil any specified course prerequisites. To see the unique admission and continuation requirements for each Co-op option, please refer to the specific degree programs listed in the Undergraduate Calendar.

Participation Requirements

Co-op Participation Agreement

All students must adhere to the policies found within the Co-op Participation Agreement.

COOP 1000

Once a student has been admitted to the Co-op Program, they will be given access to register in COOP 1000. This zero-credit online course must be completed at least two terms prior to the student's first work term.

Communication with the Co-op Office

Students must maintain contact with the Co-op Office during their job search and while on a work term. All email communication will be conducted via the students' Carleton email account.

Employment

Although every effort is made to ensure a sufficient number of job postings for all Co-op students, no guarantee of employment can be made. The Co-op job search process is competitive, and success is dependent upon factors such as current market conditions, academic performance, skills, motivation, and level of commitment to the job search. It is the student's responsibility to apply for positions via the Co-op job board in addition to actively conducting a self-directed job search. Students who do not obtain a co-op work term are expected to continue with their academic studies. It should be noted that hiring priority for positions within the Federal Government of Canada is given to Canadian citizens.

Registration

- Students must be registered as full-time during all fall and winter study terms beginning the term in which they enroll in COOP 1000.
- Students will be registered in a Co-op Work Term course while at work. This course does not carry academic course credit, but is noted on academic transcripts.
- Students may register in a 0.5 credit during a work term, provided the course is offered during the evening or is offered asynchronously online.
- Students must have at least one term of full-time studies left to complete following their final co-op work term. Students cannot end their degree on a work term.

Work Term Assessment and Evaluation

Work Term Evaluation

Employers are responsible for submitting to Carleton University final performance evaluations for their Co-op students at the end of their work terms.

Work Term Assessment

In order to successfully complete the co-op work term, students must receive a Satisfactory (SAT) grade on their Co-op Work Term Report, which they must submit at the completion of each four-month work term.

Graduation with the Co-op Designation

In order to graduate with the Co-op Designation, students must satisfy all requirements of the degree program in addition to the successful completion of three or four work terms (the number is dependent upon the student's academic program). Students found in violation of the

Co-op Participation Agreement may have the Co-op Designation withheld.

Note: Participation in the co-op option will add up to one additional year for a student to complete their degree program.

Voluntary Withdrawal from the Co-op Option

Students who are currently on a co-op work term or who have already committed to a co-op work term either verbally or in writing may not leave the position and/or withdraw from the co-op option until they have completed the work term and all related requirements.

Involuntary or Required Withdrawal from the Co-op Option

Students may be removed from the Co-op Program for any of the following reasons:

1. Failure to achieve a grade of SAT in COOP 1000;
2. Failure to attend all interviews for positions to which the student has applied;
3. Declining more than one job offer during the job search;
4. Reneging on a co-op position that the student has accepted either verbally or in writing;
5. Continuing a job search after accepting a co-op position;
6. Dismissal from a work term by the co-op employer;
7. Leaving a work term without approval from the Co-op Management Team;
8. Receipt of an unsatisfactory work term evaluation;
9. Receiving a grade of UNS on the work term report.

International Students

All international students are required to possess a Co-op Work Permit issued by Immigration, Refugees and Citizenship Canada before they can begin working. The Co-operative Education Office will provide students with a letter of support to accompany their Co-op Work Permit application. Students are advised to discuss the application process and application requirements with the International Student Services Office.

Co-op Fees

All participating Co-op students are required to pay Co-op fees. For full details, please see the Co-op website.

B.A. Honours Human Rights and Social Justice: Co-op Admission and Continuation Requirements

- Maintain full-time status in each study term;
- Be eligible to work in Canada (for off-campus work);
- Have successfully completed COOP 1000 .

In addition to the following:

1. Registered as a full-time student in the B.A. Honours Human Rights and Social Justice program;
2. Successfully completed 5.0 or more credits;
3. Obtained an Overall CGPA of at least 8.00. This CGPA must be maintained throughout the duration of the degree.

B.A. Honours Human Rights and Social Justice students must successfully complete three (3) work terms to obtain the Co-op Designation.

Work Term Report Course: HRSJ 3999

Admissions Information

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as recommended, it is not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admission Requirements

Degrees

- Bachelor of Arts (B.A.) (Honours)
- Bachelor of Arts (B.A.)

First Year

For B.A. and B.A. (Honours)

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include a 4U course in English (or *anglais*). Applicants submitting an English language test to satisfy the requirements of the English Language Proficiency section of this Calendar may use that test to also satisfy the 4U English prerequisite requirement.

Biology

For the major in Biology in the B.A. program, in addition to the 4U English, a 4U course in Chemistry is required. Advanced Functions, and Calculus and Vectors are recommended.

Criminology and Criminal Justice

Access to the CCJ B.A. degree is limited to students already registered in the CCJ B.A. Honours who apply to transfer, and to graduates of the Algonquin College Police Foundations program.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be Eligible to Continue in their year level, in addition to meeting the CGPA thresholds described in Section 3.1.9 of the Academic Regulations of the University. Advanced standing will be granted only for those subjects assessed as being appropriate for the program and the stream selected.

Co-op Option

Direct Admission to the 1st Year of the Co-op Option

Co-op is available for the following Majors in the B.A. (Honours) degree: Anthropology, English, Environmental Studies, European and Russian Studies, French, Geography, Geomatics, History, Law, Political Science, Psychology, Sociology.

Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in the Bachelor of Arts Honours with one of the majors listed above;
3. be eligible to work in Canada (for off-campus work placements).

Meeting the above requirements only establishes eligibility for admission to the program. The prevailing job market may limit enrolment in the co-op option. Students should also note that hiring priority is given to Canadian citizens for co-op positions in the Public Service Commission.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are

described in the Co-operative Education Regulations section of this Calendar.

Advanced Standing

B.A. and B.A. (Honours) Program

Applications for admission to the second or subsequent years will be assessed on their merits. Advanced standing will be granted only for those courses that are determined to be appropriate.

Human Rights and Social Justice (HRSJ) Courses

HRSJ 1101 [0.5 credit]

Introduction to Human Rights & Social Justice

Human rights and social justice from an interdisciplinary perspective. Topics include the foundations of rights, roots of inequality and oppression, Indigenous rights, structural violence based on race, gender, sexuality and ableism, State and corporate power, economic exploitation, the environment and rights, warfare, torture, and social movements.

Includes: Experiential Learning Activity

Precludes additional credit for FYSM 1104, HUMR 1001 (no longer offered).

Lecture and discussion groups/tutorials three hours a week.

HRSJ 1102 [0.5 credit]

Critical Issues in Social Justice Activism

A critical study of social justice approaches and concepts to examine political and social struggles, resistance, and activism in historical and contemporary contexts. Emphasis is placed on the connection between social justice approaches and human rights as tools in activist work.

Includes: Experiential Learning Activity

Precludes additional credit for FYSM 1104.

Lectures and discussion groups/tutorials three hours a week.

HRSJ 2001 [0.5 credit]

Human Rights: Theories and Foundations

Historical overview of the theoretical and philosophical approaches underlying the human rights and social justice movements. Includes Experiential learning activity.

Includes: Experiential Learning Activity

Precludes additional credit for HUMR 2001 (no longer offered).

Prerequisite(s): second-year standing.

Lectures and discussion groups/tutorials three hours a week.

HRSJ 2102 [0.5 credit]**Sexuality, Gender, and Security**

Historical and contemporary analysis of surveillance, security, and regulation of sexuality, race, class, and gender. Students will critically examine how 'subversives' were created through discourse and administrative logics such as policy and law.

Includes: Experiential Learning Activity

Also listed as SXST 2102.

Precludes additional credit for HUMR 2102 (no longer offered).

Prerequisite(s): second year standing or permission from the Institute.

Lectures and discussions three hours a week.

HRSJ 2202 [0.5 credit]**Power Relations and Human Rights**

The study of power from a critical, transnational perspective; the impact on human rights of different forms and modalities of power, including those emanating from the state and corporations and those implicated in socio-economic and other hierarchical relations.

Includes: Experiential Learning Activity

Precludes additional credit for HUMR 2202 (no longer offered).

Prerequisite(s): second-year standing.

Lectures and discussion groups/tutorials three hours a week.

HRSJ 2301 [0.5 credit]**Human Rights and Sexualities**

An examination of human rights discourses, sexualities, and gender identities from an intersectional approach. Also listed as SXST 2301.

Precludes additional credit for HUMR 2301 (no longer offered).

Prerequisite(s): second-year standing.

Lectures and discussion groups three hours a week.

HRSJ 2401 [0.5 credit]**Political Repression**

This course examines the impacts of political repression on survivors and strategies used to overcome imprisonment, torture, surveillance, migration, etc.

Includes: Experiential Learning Activity

Precludes additional credit for HUMR 2401 (no longer offered).

Prerequisite(s): second-year standing.

Lectures and discussion groups three hours a week.

HRSJ 2502 [0.5 credit]**Social and Political Movements**

An exploration of historical and/or contemporary social movements that challenge and transform laws or legal regimes, cultural and educational institutions, and political regimes or governments.

Precludes additional credit for HUMR 2502 (no longer offered).

Prerequisite(s): Second-year standing.

Lectures and discussion groups three hours a week.

HRSJ 3001 [0.5 credit]**Special Topics in Human Rights and Social Justice**

An advanced seminar on current topics covering human rights and social justice issues. This course features a detailed study of a special topic in any area of Human Rights & Social Justice. Topics and themes will vary from year to year.

Precludes additional credit for HUMR 3001 (no longer offered).

Prerequisite(s): third-year standing.

Lectures three hours a week.

HRSJ 3002 [0.5 credit]**Right to the City**

"The right to the city" as an emerging focus of advocacy and analysis in urban movements for social justice focused on the local and transnational dimensions of the "right to the city" movement.

Precludes additional credit for HUMR 3001 if taken prior to 2013-14, HUMR 3002 (no longer offered).

Prerequisite(s): third-year standing.

Lectures three hours a week.

HRSJ 3202 [0.5 credit]**Human Rights and Resistance**

This course problematizes human rights paradigms and critically examines the limitations of the political within liberal democracies. Bringing together theory and politics, alternative approaches to activism are explored. Topics may include struggles grounded in radical democracy, anti-capitalism, and social justice perspectives.

Precludes additional credit for HUMR 3202 (no longer offered).

Prerequisite(s): third-year standing.

Lectures three hours a week.

HRSJ 3301 [0.5 credit]**Structural Racism**

The forms and effects of systemic race-based human rights abuses. Topics may include racial capitalism, immigration and refugee policies and practices, anti-apartheid regimes, racial profiling, the racial politics of "nationhood" and armed conflict, civil rights and resistance movements in differing cultural contexts.

Includes: Experiential Learning Activity

Precludes additional credit for HUMR 3301 (no longer offered).

Prerequisite(s): third-year standing.

Seminar and discussion groups three hours a week.

HRSJ 3302 [0.5 credit]**Culture, Religion, and Gender Rights**

The impact of cultural and religious traditions on gender, race, ethnicity and sexuality. Topics may include debates related to power dynamics, historical issues, geopolitics, and cultural relativism.

Precludes additional credit for HUMR 3302 (no longer offered).

Prerequisite(s): third-year standing.

Lectures three hours a week.

HRSJ 3303 [0.5 credit]**Children's Rights**

This course examines children's rights from a range of historical, cultural, and global perspectives. Topics may include the rights of Indigenous children, disabled children, female, trans, non-binary, and queer children, children in armed conflict and refugees in Canada and transnational contexts.

Includes: Experiential Learning Activity

Also listed as CHST 3303.

Precludes additional credit for CHST 3901 (no longer offered), HUMR 3303 (no longer offered).

Prerequisite(s): third-year standing.

Lectures and discussion groups three hours a week.

HRSJ 3304 [0.5 credit]**Disability Rights**

A critical approach to the study of disability rights that explores the intersections of disability with race, sexuality, gender, colonialism, 'health', and other discourses.

Precludes additional credit for HUMR 4303 (no longer offered), HUMR 3304 (no longer offered).

Prerequisite(s): third-year standing.

Lecture three hours a week.

HRSJ 3305 [0.5 credit]**Anti-Black Racism**

The course examines conceptual linkages between race, racism and anti-black racism and how anti-Blackness racial prejudice is rooted in Black people's experience of enslavement and colonization.

Precludes additional credit for HUMR 3305 (no longer offered).

Prerequisite(s): third-year standing.

Lecture three hours a week

HRSJ 3401 [0.5 credit]**Histories of Persecution and Genocide**

Case studies in persecution and/or genocide in different cultural contexts. The social, political, and legal conditions that have enabled the institutional or state-sanctioned persecution of targeted groups, and the circumstances that had an impact on their decline.

Includes: Experiential Learning Activity

Precludes additional credit for HUMR 3401 (no longer offered).

Prerequisite(s): third-year standing.

Lectures three hours a week.

HRSJ 3501 [0.5 credit]**Social, Economic and Cultural Rights**

The development of social, economic and cultural rights, including rights to housing, healthcare, education and employment. Topics may include the international geopolitics of the historical tension between these rights and civil and political rights.

Precludes additional credit for HUMR 3501 (no longer offered).

Prerequisite(s): third-year standing.

Lectures three hours a week.

HRSJ 3503 [0.5 credit]**Global Environmental Justice**

Overview of critical debates on environmental issues from a global social justice perspective. Topics may include corporate mining, food sovereignty, poverty, economic exploitation, Indigenous cosmologies and environmental justice, militarization and environmental degradation, privatization of water and climate change.

Precludes additional credit for HUMR 3503 (no longer offered).

Prerequisite(s): third-year standing.

Lectures and discussion groups three hours a week.

HRSJ 3504 [0.5 credit]**Public Health and Human Rights**

Through a social-scientific analysis of AIDS, this course explores HIV/AIDS as a case study for understanding the politics of public health. Students will critically interrogate the authority of science and explore avenues for democratizing biomedicine and public health policy in various national and policy contexts.

Includes: Experiential Learning Activity

Precludes additional credit for HUMR 3001 Section "A" if taken in 2013-14 and 2014-15, HUMR 3504 (no longer offered).

Prerequisite(s): third-year standing.

Lectures three hours a week.

HRSJ 3999 [0.0 credit]**Co-operative Work Term**

Upon completion of each work term, the student must submit to the Institute of Interdisciplinary Studies a written report on the work performed. Graded SAT or UNS.

Includes: Experiential Learning Activity

Prerequisite(s): Registration in the Co-operative Education Option, and permission of the Institute of Interdisciplinary Studies.

HRSJ 4201 [0.5 credit]**Citizenship and Human Rights**

The relationship between citizenship and human rights; how large groups of people, including non-citizens and refugees, are excluded from entitlements to rights.

Why human rights rest on citizenship, and with what implications.

Precludes additional credit for HUMR 4201 (no longer offered).

Prerequisite(s): fourth-year standing.

Seminar three hours a week.

HRSJ 4302 [0.5 credit]**Transgender Human Rights**

Critical analyses of human rights through an examination of transgender subjectivities. The systemic erasure of trans people within society and the struggles of some activists to normalize trans identities.

Precludes additional credit for HUMR 4302 (no longer offered).

Prerequisite(s): fourth-year standing.

Seminar three hours a week.

HRSJ 4305 [0.5 credit]**Disability and Social Justice**

An intersectional national/transnational approach to social justice issues such as poverty/exploitation, labour, representation, decolonization, race/racism, sexuality and gender from a critical disability studies perspective.

Precludes additional credit for HUMR 4305 (no longer offered).

Prerequisite(s): fourth-year standing in Human Rights and Social Justice or Disability Studies.

Seminar three hours a week.

HRSJ 4401 [0.5 credit]**Gender, Citizenship and Social Justice in a Transnational World**

This seminar critically engages with transnational, gendered, classed, and racialized discursive practices of citizenship, human rights, the geopolitics of knowledge and processes of dehumanization through the lenses of decolonial social justice.

Precludes additional credit for HUMR 4401 (no longer offered).

Prerequisite(s): fourth-year standing.

Seminar three hours a week.

HRSJ 4404 [0.5 credit]**Rights of Refugees and Displaced Persons**

Contemporary issues concerning the rights of refugees and displaced persons, from social, political, and legal perspectives; Canadian and international dimensions of these issues.

Includes: Experiential Learning Activity

Precludes additional credit for HUMR 4404 (no longer offered).

Prerequisite(s): fourth-year standing.

Seminar and discussion groups three hours a week.

HRSJ 4405 [0.5 credit]**Digital Dis-information and Human Rights**

The course examines the phenomenon of disinformation or 'fake news' in the era of digital technology, its intent and links to structures of power and oppression, and its impacts on human rights and the social justice.

Includes: Experiential Learning Activity

Precludes additional credit for HUMR 4405 (no longer offered).

Prerequisite(s): fourth-year standing.

Seminar three hours a week.

HRSJ 4406 [0.5 credit]**Artificial Intelligence and Human Rights**

The course sets AI's promise and impacts in terms of democratizing access to knowledge and unleashing scientific progress against vital societal risks and fault-lines it generates and human rights failures and social injustices it creates, and the distribution of burdens and benefits in society.

Includes: Experiential Learning Activity

Precludes additional credit for None.

Prerequisite(s): None.

Also offered at the graduate level, with different requirements, as None., for which additional credit is precluded.

Seminar

HRSJ 4409 [0.5 credit]**Counter-terrorism and Human Rights**

Examines policies and strategies states and international organizations use to combat global terrorism and the challenges these initiatives pose to the international human rights regime, democratic norms, and social justice.

Includes: Experiential Learning Activity

Precludes additional credit for HUMR 4409 (no longer offered).

Prerequisite(s): fourth-year standing.

Seminar and discussion groups three hours a week.

HRSJ 4502 [0.5 credit]**Global Indigenous Knowledges and Movements**

Indigenous Peoples contributions to world knowledge through community resistance, social movements and scholarship. How processes of corporate globalization impact Indigenous Peoples lives as an ongoing process of normalizing a reconfigured modern coloniality of power.

Precludes additional credit for HUMR 4502 (no longer offered).

Prerequisite(s): fourth-year standing.

Seminar three hours a week.

HRSJ 4504 [0.5 credit]**Black Health**

The course examines conceptual linkages between race, racism and anti-black racism and how anti-Blackness racial prejudice is rooted in Black people's experience of enslavement and colonization.

Precludes additional credit for HUMR 4504 (no longer offered).

Prerequisite(s): fourth-year standing.

Seminar three hours a week

HRSJ 4505 [0.5 credit]**Precarity in Labour and Work**

This course explores how precarious employment and labour arises; the nature and forms of precariousness; how race, citizenship, gender, religion, and location impact precarity; the link between labor and social movements; and types of political and economic initiatives in response to the deepening precarity.

Precludes additional credit for HUMR 4505 (no longer offered).

Prerequisite(s): fourth-year standing.

Seminar three hours a week.

HRSJ 4602 [0.5 credit]**Is Religious Freedom a Human Right?**

Legal, theoretical, and theological interconnections between religion and human rights. Evaluation of concepts including religious freedom, secularism, public sphere, accommodation and neutrality. Examination of religion and culture, interdependence of legal and religious perspectives, boundaries of religion and state, and religious compulsion. Use of case studies.

Also listed as LAWS 4602, RELI 4602.

Precludes additional credit for HUMR 4602 (no longer offered).

Prerequisite(s): fourth-year standing.

Seminars three hours a week.

HRSJ 4905 [0.5 credit]**Practicum Placement in Human Rights**

This course provides students with the opportunity to spend one day per week (6-8 hours) working and learning at a human rights-related government, research or advocacy organization. A written report is required at the end of the placement. Graded as Sat/Uns.

Includes: Experiential Learning Activity

Precludes additional credit for HUMR 4905 (no longer offered).

Prerequisite(s): fourth-year standing in Human Rights and Social Justice or permission of the Institute. Students MUST submit an application and obtain approval before registering in the practicum.

HRSJ 4907 [0.5 credit]**Special Topic in Human Rights**

This course features a detailed study of a special topic in any area of Human Rights. Topics and themes will vary from year to year.

Precludes additional credit for HUMR 4907 (no longer offered).

Prerequisite(s): fourth-year standing.

Seminar three hours a week.

HRSJ 4908 [0.5 credit]**Independent Study**

Essays and/or examinations based on a bibliography constructed by the student in consultation with an instructor.

Includes: Experiential Learning Activity

Precludes additional credit for HUMR 4908 (no longer offered).

Prerequisite(s): Normally restricted to students with at least 3.0 credits of Human Rights courses with at least a CGPA of 9.0 or better in Human Rights courses and permission of the Institute.

Humanities

This section presents the requirements for programs in:

- **Humanities B.Hum. Honours**
- **Humanities B.Hum. Combined Honours**
- **Biology and Humanities B.Hum. Combined Honours**

The B.Hum. Honours is available with a Study Year Abroad option. Consult the B.Hum. Honours program requirements for more information.

Program Requirements

Humanities

B.Hum. Honours (20.0 credits)

1. 4.0 credits in Humanities Core:	4.0
HUMS 1000 [1.0]	Foundational Myths and Histories
HUMS 2000 [1.0]	Reason and Revelation
HUMS 3000 [1.0]	Culture and Imagination
HUMS 4000 [1.0]	Politics, Modernity and the Common Good
2. 3.0 credits in:	3.0
HUMS 1200 [0.5]	Humanities and Classical Civilization
HUMS 1300 [0.5]	Classical Literature and Its Reception
HUMS 3200 [1.0]	European Literature
HUMS 4103 [0.5]	Science in the Modern World
HUMS 4500 [0.5]	Modern Intellectual History
3. 2.0 credits in:	2.0
HUMS 2101 [0.5]	Art from Antiquity to the Medieval World
HUMS 2102 [0.5]	Modern European Art 1527-2000
HUMS 3102 [0.5]	Western Music 1000-1850
HUMS 3103 [0.5]	Western Music 1850-2000
(See Note 1, below)	
4. 1.5 credits in:	1.5
RELI 1731 [0.5]	Religion and Culture
RELI 2710 [1.0]	Maccabees to Muhammad
5. 1.0 credit in an Intermediate level Modern language or 1.0 credit in a Beginner's level Ancient language. (An Ancient language is defined as one learned primarily for reading-knowledge, such as Greek, Latin, Biblical Hebrew, or Sanskrit).	1.0
(see Note 2, below)	
6. 5.0 credits in:	5.0

a. 3.5 credits at the 2000 level or above

b. 1.0 credit from:

HUMS 4901 [0.5]	Research Seminar: Antiquity to the Middle Ages
HUMS 4902 [0.5]	Research Seminar: Renaissance to Enlightenment
HUMS 4903 [0.5]	Research Seminar: Romanticism to the Present
HUMS 4904 [0.5]	Research Seminar: Non-Western Traditions

c. 0.5 credit in an elective

or (for Study Year Abroad)

a. 5.0 pre-approved credits to be taken at an accredited international institution. Acceptable courses that cannot be equivalenced in a specific discipline will be equivalenced as HUMS courses.

7. 3.5 credits in free electives.	3.5
Total Credits	20.0

Note 1: For **Item 3** above, students who transfer into the B. Hum. may use up to 2.0 credits of any previously completed art and/or music courses (with the exception of advanced placement courses); students who study abroad may use up to 2.0 credits of art and/or music courses taken abroad; students enrolled in a Combined Honours in Humanities and Art History or Humanities and Music may substitute up to 1.0 credit of music or art from their combined discipline for the respective requirement or part thereof.

Note 2: For **Item 5** above, students who are already able to demonstrate a proficiency in an Intermediate level Modern language or a Beginner's level Ancient language may have the requirement waived, and in that case may be required to take an additional 1.0 elective at the 2000-level or above in order to bring their total number of credits up to the required 20.0.

Humanities

B.Hum. Combined Honours (20.0 credits)

Students already admitted to the B.Hum. may register for a Combined Honours degree in Humanities and any other discipline offered within the B.A. Honours degree as a Combined Honours. They may also register for a Combined Honours with any other degree program at Carleton that allows the combination. Credits used to satisfy Items 1 through 7 below may also be used to satisfy up to 2.0 credits of the requirements of the other discipline under Item 8.

Requirements

1. 4.0 credits in Humanities Core:	4.0
HUMS 1000 [1.0]	Foundational Myths and Histories
HUMS 2000 [1.0]	Reason and Revelation
HUMS 3000 [1.0]	Culture and Imagination
HUMS 4000 [1.0]	Politics, Modernity and the Common Good
2. 3.0 credits in:	3.0
HUMS 1200 [0.5]	Humanities and Classical Civilization
HUMS 1300 [0.5]	Classical Literature and Its Reception

HUMS 3200 [1.0]	European Literature	
HUMS 4103 [0.5]	Science in the Modern World	
HUMS 4500 [0.5]	Modern Intellectual History	
3. 2.0 credits in:		2.0
HUMS 2101 [0.5]	Art from Antiquity to the Medieval World	
HUMS 2102 [0.5]	Modern European Art 1527-2000	
HUMS 3102 [0.5]	Western Music 1000-1850	
HUMS 3103 [0.5]	Western Music 1850-2000	
(See Note 1, below)		
4. 1.5 credits in:		1.5
RELI 1731 [0.5]	Religion and Culture	
RELI 2710 [1.0]	Maccabees to Muhammad	
5. 1.0 credit in	an Intermediate level Modern language or 1.0 credit in a Beginner's level Ancient language. (An Ancient language is defined as one learned primarily for reading-knowledge, such as Greek, Latin, Biblical Hebrew, or Sanskrit).	1.0
(See Note 2, below)		
6. 0.5 credit at	the 2000 level or above	0.5
7. 1.0 credit from:		1.0
HUMS 4901 [0.5]	Research Seminar: Antiquity to the Middle Ages	
HUMS 4902 [0.5]	Research Seminar: Renaissance to Enlightenment	
HUMS 4903 [0.5]	Research Seminar: Romanticism to the Present	
HUMS 4904 [0.5]	Research Seminar: Non-Western Traditions	
8. 7.0 credits in	electives that include the requirements for the other discipline of the combined degree or the minor.	7.0
Total Credits		20.0

Note 1: For **Item 3** above, students who transfer into the B. Hum. may use up to 2.0 credits of any previously completed art and/or music courses (with the exception of advanced placement courses); students who study abroad may use up to 2.0 credits of art and/or music courses taken abroad; students enrolled in a Combined Honours in Humanities and Art History or Humanities and Music may substitute up to 1.0 credit of music or art from their combined discipline for the respective requirement or part thereof.

Note 2: For **Item 5** above, students who are already able to demonstrate a proficiency in an Intermediate level Modern language or a Beginner's level Ancient language may have the requirement waived, and in that case may be required to take an additional 1.0 elective at the 2000-level or above in order to bring their total number of credits up to the required 20.0.

Biology and Humanities

B.Hum. Combined Honours (20.0 credits)

A. Credits Included in the Humanities CGPA:

1. 4.0 credits in	Humanities Core:	4.0
HUMS 1000 [1.0]	Foundational Myths and Histories	
HUMS 2000 [1.0]	Reason and Revelation	
HUMS 3000 [1.0]	Culture and Imagination	

HUMS 4000 [1.0]	Politics, Modernity and the Common Good	
2. 2.0 credits in:		2.0
HUMS 1200 [0.5]	Humanities and Classical Civilization	
HUMS 1300 [0.5]	Classical Literature and Its Reception	
HUMS 3200 [1.0]	European Literature	
3. 0.5 credit in:		0.5
RELI 1731 [0.5]	Religion and Culture	
4. 1.0 credits in:		1.0
HUMS 2101 [0.5]	Art from Antiquity to the Medieval World	
HUMS 2102 [0.5]	Modern European Art 1527-2000	
OR		
HUMS 3102 [0.5]	Western Music 1000-1850	
HUMS 3103 [0.5]	Western Music 1850-2000	
(See Note, below)		
5. 1.0 credit in:		1.0
RELI 2710 [1.0]	Maccabees to Muhammad	
6. 0.5 credit from:		0.5
HUMS 4901 [0.5]	Research Seminar: Antiquity to the Middle Ages	
HUMS 4902 [0.5]	Research Seminar: Renaissance to Enlightenment	
HUMS 4903 [0.5]	Research Seminar: Romanticism to the Present	
HUMS 4904 [0.5]	Research Seminar: Non-Western Traditions	
7. 3.0 credits at	the 2000-level or above	3.0
B. Credits Included in the Biology CGPA:		
8. 1.5 credits in:		1.5
BIOL 1103 [0.5]	Foundations of Biology I	
BIOL 1104 [0.5]	Foundations of Biology II	
BIOL 1105 [0.5]	Introduction to Biological Data	
9. 2.5 credits from:		2.5
BIOL 2001 [0.5]	Animals: Form and Function	
BIOL 2002 [0.5]	Plants: Form and Function	
BIOL 2104 [0.5]	Introductory Genetics	
or BIOL 2107 [0.5]	Fundamentals of Genetics	
BIOL 2200 [0.5]	Cellular Biochemistry	
or BIOL 2201 [0.5]	Cell Biology and Biochemistry	
BIOL 2303 [0.5]	Microbiology	
BIOL 2600 [0.5]	Ecology	
10. 1.0 credit in:		1.0
CHEM 1001 [0.5]	General Chemistry I	
&	General Chemistry II	
CHEM 1002 [0.5]		
11. 3.0 credits in	BIOL or BIOC at the 3000-level or above	3.0
Total Credits		20.0

Note:

1. For **Item 4** above, students who transfer into the B. Hum. may use up to 2.0 credits of any previously completed art and/or music courses (with the exception of advanced placement courses); students who study abroad may use up to 2.0 credits of art and/or music courses taken abroad; students enrolled in a

Combined Honours in Humanities and Art History or Humanities and Music may substitute up to 1.0 credit of music or art from their combined discipline for the respective requirement or part thereof.

B.Hum. with Minor

Students already admitted to the B.Hum may add a minor to their program in any other discipline in the University which offers a minor. Students registered in the Humanities - B.Hum. Honours who add a minor follow the requirements listed under items 6 to 8 of Humanities - B.Hum. Combined Honours instead of the requirements listed under items 6 to 7 of the Humanities - B.Hum. Honours degree.

Regulations

In addition program requirements described in this section, students must satisfy the Academic Regulations of the University, including the process of Academic Continuation Evaluation.

Students should consult the College and its website when planning their program and selecting courses.

Graduation Requirements

Bachelor of Humanities (Honours)

In addition to the graduation requirements of the University, a graduation candidate for the degree of Bachelor of Humanities (Honours) must present:

1. a Core Humanities CGPA of 6.50 or higher, and
2. an Overall CGPA of 6.50 or higher.

Bachelor of Humanities Combined Honours, Bachelor of Biology and Humanities Combined Honours

In addition to the graduation requirements of the University, a graduation candidate for the degree of Bachelor of Humanities (Honours) must present:

1. a Core Humanities CGPA of 6.50 or higher, and
2. in the other discipline, a major CGPA of 6.50 or higher, and
3. an Overall CGPA of 6.50 or higher.

Requirement for Full-Time Study

Students in the Humanities program must complete a minimum of 4.0 credits by the end of the summer session. The College may permit students to study abroad for a year while remaining registered in the program. For those students permitted to study abroad, Carleton credits commensurate to studies taken abroad will be determined by the College and awarded towards the student's degree. In exceptional circumstances (usually financial need or sickness) the College may also permit students to take a leave of absence for one year while remaining registered in the program.

Academic Continuation Evaluation for Bachelor of Humanities

Students in the Bachelor of Humanities degree follow the Academic Continuation Evaluation (ACE) regulations described in Section 3.2 of the *Academic Regulations of the University* with the following additions and amendments.

The Bachelor of Humanities degree defines an Overall CGPA and a Core CGPA.

HUMANITIES CORE COURSES

HUMS 1000 [1.0]	Foundational Myths and Histories
HUMS 2000 [1.0]	Reason and Revelation
HUMS 3000 [1.0]	Culture and Imagination
HUMS 4000 [1.0]	Politics, Modernity and the Common Good

At each ACE assessment, Bachelor of Humanities students are evaluated on the basis of their Overall CGPA. The Core CGPA is assessed only at the end of each winter term.

Students are *Eligible to Continue* (EC) if the Overall CGPA is at least 6.50 and the Core CGPA is at least 6.50.

A student who does not receive the status *Eligible to Continue* (EC) but who has an Overall CGPA of at least 6.00 and a Core CGPA of at least 6.00 is placed on *Academic Warning* (AW).

A student is required to leave the program with the decision *Continue in Alternate* (CA) if:

1. the student was on *Academic Warning* (AW) and does not achieve *Eligible to Continue* (EC) at the next ACE assessment,
or
2. the student has an Overall CGPA of less than 6.00 or a Core CGPA of less than 6.00 when assessed.

Transfer from B.Hum. to B.J.Hum.

A student who has completed the first year of the B.Hum. and is *Eligible to Continue* (EC) may apply to transfer into the second year of the B.J. Hum. and will be accepted at the discretion of the School of Journalism and the College of Humanities, and must normally have an overall CGPA of 10.0 (A-) or higher. Transfers into higher years will not be considered.

Academic Continuation Evaluation for Bachelor of Journalism and Humanities

Students in the Bachelor of Journalism and Humanities degree follow the Academic Continuation Evaluation (ACE) regulations described in Section 3.2 of the *Academic Regulations of the University* with the following additions and amendments.

The Bachelor of Journalism and Humanities degree defines an Overall CGPA, a Journalism Major CGPA, and a Humanities Core CGPA.

HUMANITIES CORE COURSES

HUMS 1000 [1.0]	Foundational Myths and Histories
HUMS 2000 [1.0]	Reason and Revelation
HUMS 3000 [1.0]	Culture and Imagination
HUMS 4000 [1.0]	Politics, Modernity and the Common Good

Whenever a student is assessed in ACE, Bachelor of Journalism and Humanities students are evaluated on the basis of their Overall CGPA. The Humanities Core CGPA is assessed only at the end of each winter term.

1. A student is required to leave the program if:
 - a. the student was on *Academic Warning (AW)* and does not achieve a decision of *Eligible to Continue (EC)* at the next Academic Continuation Evaluation;
 - b. the student's Overall CGPA is less than 1.00;
 - c. the student's Humanities Core CGPA is less than 6.00 when assessed.
2. Students who have completed between 5.5 and 15 credits who do not maintain an Overall CGPA of 4.00 and a Humanities Core CGPA of 6.5, but who have an Overall CGPA of at least 1.00 and a Humanities Core of at least 6.00, will be placed on *Academic Warning (AW)*. Students who have completed at least 15.5 credits and who do not meet the graduation requirements of an Overall CGPA of 6.50, a Journalism Major CGPA of 6.50, and a Humanities Core CGPA of 6.50 will be required to leave the program.

See the Academic Regulations of the University section of the Calendar for additional information.

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as recommended, it is not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Degrees

- B. Hum. (Honours)
- B. Hum. and Biology (Honours)

Admission Requirements

First Year

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The Bachelor of Humanities and Biology option must include 4U Chemistry or 4U Biology.

Note: applicants with lower averages may be asked to submit a portfolio in support of their application. For detailed information about the portfolio and whether you are required to submit one, please consult admissions.carleton.ca.

Advanced Standing

The College maintains a number of places in second and third year for students who wish to transfer from Carleton

or elsewhere. Applications will be assessed on their merits but normally an overall CGPA of 8.00 (B) or higher is required. On admission, students will not receive credit for courses graded below C-.

Transferring from the B.J.Hum. to the B.J. or B.Hum.

A student who wishes to transfer from the B.J.Hum. to the B.J. or the B.Hum. may apply through Admissions and will be accepted if, upon entry to the new program, they would be *Eligible to Continue* in the new degree program.

Humanities (HUMS) Courses

HUMS 1000 [1.0 credit]

Foundational Myths and Histories

Recurring symbols in myth, epic and ritual representing the relation between the sacred and the profane, the origin of the cosmos, the basis of community, and formative human experiences. Primary sources drawn from ancient India and China, Mesopotamia, the Hebrew Bible, and Indigenous cultures.

Prerequisite(s): restricted to students in the Bachelor of Humanities program.

Lectures three hours a week and tutorials one and a half hours a week.

HUMS 1200 [0.5 credit]

Humanities and Classical Civilization

The ideas which animated ancient Greek and Roman civilization and which influenced later western cultural movements through a reading of literary, historical, and philosophical works. Authors include Homer, Herodotus, Thucydides, the Greek Tragedians, Plato, Vergil, and Cicero.

Prerequisite(s): restricted to students in the Bachelor of Humanities program.

Lecture three hours a week.

HUMS 1300 [0.5 credit]

Classical Literature and Its Reception

The study of different types of ancient literature and the reception of Classical works in later periods. A focus on writing a research essay.

Prerequisite(s): restricted to students in the Bachelor of Humanities program.

Lectures three hours a week.

HUMS 1500 [0.5 credit]**Introduction to the Humanities: Five Books that Changed the World**

A reading-intensive course on five influential books from Antiquity to the present day. Works may include the Bible, the Bhagavad Gita, Homer's *Odyssey*, Plato's *Republic*, Dante's *Inferno*, Machiavelli's *The Prince*, Shakespeare's *Hamlet*, Mary Shelley's *Frankenstein*, Nietzsche's *Beyond Good and Evil*, Marx's *Communist Manifesto*.

Prerequisite(s): enrolment in a degree program in the Faculty of Arts and Social Sciences, or the Faculty of Public and Global Affairs. Students enrolled in the BHum. program are not eligible to register in this course.

Lecture three hours per week.

HUMS 2000 [1.0 credit]**Reason and Revelation**

The origins of philosophy in ancient Greece and its pursuit in the medieval West, with special attention to knowledge, happiness, and love. Readings include works by Plato, Aristotle, Plotinus, Augustine, Boethius, Aquinas, and Dante.

Prerequisite(s): HUMS 1000 and enrolment in the Bachelor of Humanities program.

Lectures three hours a week and tutorials one and a half hours a week.

HUMS 2101 [0.5 credit]**Art from Antiquity to the Medieval World**

A chronological and thematic survey of the Arts from the earliest times to ca. 1400.

Precludes additional credit for HUMS 4101 (no longer offered).

Prerequisite(s): restricted to students in the Bachelor of Humanities program.

Lecture three hours a week.

HUMS 2102 [0.5 credit]**Modern European Art 1527-2000**

A chronological and thematic survey of the Arts from the sixteenth to the twenty-first century.

Precludes additional credit for HUMS 4101 (no longer offered) and HUMS 3101 (no longer offered).

Prerequisite(s): HUMS 2101 and restricted to students in the Bachelor of Humanities program.

Lectures three hours a week.

HUMS 3000 [1.0 credit]**Culture and Imagination**

Major forms of literary, artistic, and philosophical expression from 1500-1800. Sources drawn from renaissance humanism, reformation theology, enlightenment and romantic philosophy.

Prerequisite(s): HUMS 2000 and enrolment in the Bachelor of Humanities program.

Lectures three hours a week and tutorials one and a half hours a week.

HUMS 3102 [0.5 credit]**Western Music 1000-1850**

Introduction to basic theory, harmony, history and interpretation of Western music including the Medieval, Renaissance, Baroque, Classical and early Romantic periods.

Includes: Experiential Learning Activity

Precludes additional credit for HUMS 4102 (no longer offered).

Prerequisite(s): restricted to students in the Bachelor of Humanities program.

Lectures three hours a week.

HUMS 3103 [0.5 credit]**Western Music 1850-2000**

Western music from the mid-nineteenth century to the present with emphasis on the seminal contributions of Liszt, Wagner, Mahler, Debussy, Stravinsky, Schönberg and others.

Includes: Experiential Learning Activity

Precludes additional credit for HUMS 4102 (no longer offered).

Prerequisite(s): HUMS 3102 and restricted to students in the Bachelor of Humanities program.

Lecture three hours a week.

HUMS 3200 [1.0 credit]**European Literature**

Major movements and works from Dante's *Divine Comedy* through Voltaire's *Candide*. Themes include the New Humanism vs. old Chivalry in the Renaissance and Baroque periods; the rise of the modern novel and drama; reason, nature, and the Enlightenment project.

Also listed as ENGL 3201.

Prerequisite(s): HUMS 2000 and third-year standing in the Bachelor of Humanities program. English students should have third-year standing with a GPA of B or above.

Lectures three hours a week.

HUMS 3500 [0.5 credit]**Ancient and Medieval Intellectual History**

Examination of some of the major philosophical, religious, political, artistic, and/or literary ideas, works, and movements from Archaic Greece to the High Middle Ages.

Prerequisite(s): third-year standing in the Bachelor of Humanities program, or permission of the instructor.

Lectures three hours a week.

HUMS 3550 [0.5 credit]**Renaissance and Early Modern Intellectual History**

Examination of some of the major philosophical, religious, political, artistic, and/or literary ideas, works, and movements from the Early Renaissance to 1800.

Prerequisite(s): third-year standing in the Bachelor of Humanities program, or permission of the instructor.

Lectures three hours a week.

HUMS 3800 [0.5 credit]**Humanities in Context**

Designed for students studying humanities, this travel course explores art, literature, politics, philosophy, architecture, religions, and cultures in their historical and contemporary contexts in a particular geographic locale. Travel destinations and themes vary from year to year.

Includes: Experiential Learning Activity

Prerequisite(s): 2.0 credits in HUMS and permission of the department. Permission of the unit is required to repeat this course.

Hours to be arranged.

HUMS 4000 [1.0 credit]**Politics, Modernity and the Common Good**

Modern and post-modern ways of thinking and doing, including revolutionary new ideas in politics, philosophy, culture, economics, and international relations. Thinkers considered include Arendt, Foucault, Hegel, Heidegger, Hobbes, Kant, Marx, Nietzsche, Polanyi, Rousseau, Said, and Taylor.

Includes: Experiential Learning Activity

Prerequisite(s): HUMS3000 and enrolment in the Bachelor of Humanities program.

Lectures three hours a week and tutorials one and a half hours a week.

HUMS 4001 [0.5 credit]**Directed Studies in the Humanities**

A course for independent study and writing, under the supervision of a College designated faculty member. This course involves supervised readings and written essays.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year standing in the Bachelor of Humanities program.

HUMS 4002 [0.5 credit]**Directed Studies in the Humanities**

A course for independent study and writing, under the supervision of a College designated faculty member. This course involves supervised readings and written essays.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year standing in the Bachelor of Humanities program and Good Standing in the program.

HUMS 4103 [0.5 credit]**Science in the Modern World**

An introduction to the major scientific ideas of our time (such as Big Bang theory, molecular genetics, evolution, atomic structure), and the impact of technology on society (e.g. global warming, pollution, genetically modified foods, viral infections).

Includes: Experiential Learning Activity

Precludes additional credit for HUMS 4100 (no longer offered).

Prerequisite(s): restricted to students in the Bachelor of Humanities program.

Lectures three hours a week.

HUMS 4500 [0.5 credit]**Modern Intellectual History**

Examination of some of the major ideas and ideologies from 1800 to the present, including romanticism, liberalism, nationalism, symbolism, socialism, Freudianism, communism, feminism, and postmodernism.

Includes: Experiential Learning Activity

Precludes additional credit for HUMS 4104.

Prerequisite(s): restricted to students in the Bachelor of Humanities program.

Lectures three hours a week.

HUMS 4901 [0.5 credit]**Research Seminar: Antiquity to the Middle Ages**

An interdisciplinary seminar on a selected topic in the humanities from Antiquity to the Middle Ages. The topic will vary from year to year.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year standing in the Bachelor of Humanities program.

Seminar three hours a week.

HUMS 4902 [0.5 credit]**Research Seminar: Renaissance to Enlightenment**

An interdisciplinary seminar on a selected topic in the humanities from the Renaissance to the Enlightenment. The topic will vary from year to year.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year standing in the Bachelor of Humanities program.

Seminar three hours a week.

HUMS 4903 [0.5 credit]**Research Seminar: Romanticism to the Present**

An interdisciplinary seminar on a selected topic in the humanities from Romanticism to the present. The topic will vary from year to year.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year standing in the Bachelor of Humanities program.

Seminar three hours a week.

HUMS 4904 [0.5 credit]**Research Seminar: Non-Western Traditions**

An interdisciplinary seminar on a selected topic in the humanities as expressed in aboriginal and Non-Western cultures. The topic will vary from year to year.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year standing in the Bachelor of Humanities program.

Seminar three hours a week.

Indigenous Studies

This section presents the requirements for programs in:

- Indigenous Studies B.A. Honours
- Indigenous Studies B.A. Combined Honours
- Indigenous Studies B.A.
- Minor in Indigenous Studies

Program Requirements

Indigenous Studies

B.A. Honours (20.0 credits)

A. Credits Included in the Major CGPA (9.0)

1. 1.0 credit in INDG at the 1000-level	1.0
INDG 1000 [1.0] Introduction to Indigenous Studies	
OR	
INDG 1010 [0.5] Indigenous Ways of Knowing	
INDG 1011 [0.5] Introduction to Indigenous-Settler Encounters	
OR	
FYSM 1900 [1.0] Selected Topics In the Study of Academic Discourses	
2. 1.5 credits in INDG at the 2000-level	1.5
INDG 2011 [0.5] Critical Indigenous Studies	
INDG 2012 [0.5] Anishinaabe Ontologies	
INDG 2013 [0.5] Haudenosaunee Ontologies	
INDG 2014 [0.5] Inuit Ontologies	
INDG 2015 [0.5] Indigenous Relationalities, Kinships, and Knowledges	
INDG 2016 [0.5] Indigenous Resistance in Canada	
INDG 2017 [0.5] Global Indigenous Studies	
INDG 2020 [0.5] Indigenous Feminisms: Perspectives on Gender, Sex, and Sexualities	
INDG 2302 [0.5] Land, Water, Capitalism	
INDG 2709 [0.5] Indigenous Drama	
3. 1.5 credits in INDG at the 3000-level	1.5
INDG 3001 [0.5] Indigenous Sovereignties	
INDG 3012 [0.5] Indigenous Futurity Praxis	
INDG 3015 [0.5] Indigenous Cosmologies	
INDG 3018 [0.5] Metis Ontologies	
INDG 3901 [0.5] Selected Topics in Indigenous Studies	
4. 1.5 credits in INDG at the 4000-level	1.5
INDG 4001 [0.5] Indigenous Urbanisms	
INDG 4005 [0.5] Visual Storytelling in Indigenous Art	
INDG 4011 [0.5] Indigenous Representations	

INDG 4012 [0.5] Resistance and Healing in Contemporary Indigenous Art	
INDG 4015 [0.5] Land as a Relation	
INDG 4020 [0.5] Practicum	
INDG 4901 [0.5] Selected Topics in Indigenous Studies	
INDG 4905 [0.5] Directed Studies I	
5. 2.5 credits from the list of Approved Indigenous Studies Electives	2.5
6. 1.0 credit at the 4000-level from the list of Approved Indigenous Studies Electives	1.0
B. Credits Not Included in the Major CGPA (11.0)	
7. 11.0 credits in free electives	11.0
Total Credits	20.0

Indigenous Studies

B.A. Combined Honours (20.0 credits)

A. Credits Included in the Indigenous Studies Major (7.0 credits)

1. 1.0 credit in INDG at the 1000-level	1.0
INDG 1000 [1.0] Introduction to Indigenous Studies	
INDG 1010 [0.5] Indigenous Ways of Knowing & INDG 1011 [0.5] Introduction to Indigenous-Settler Encounters	
FYSM 1900 [1.0] Selected Topics In the Study of Academic Discourses	
2. 1.5 credits in INDG at the 2000-level	1.5
INDG 2011 [0.5] Critical Indigenous Studies	
INDG 2012 [0.5] Anishinaabe Ontologies	
INDG 2013 [0.5] Haudenosaunee Ontologies	
INDG 2014 [0.5] Inuit Ontologies	
INDG 2015 [0.5] Indigenous Relationalities, Kinships, and Knowledges	
INDG 2016 [0.5] Indigenous Resistance in Canada	
INDG 2017 [0.5] Global Indigenous Studies	
INDG 2020 [0.5] Indigenous Feminisms: Perspectives on Gender, Sex, and Sexualities	
INDG 2302 [0.5] Land, Water, Capitalism	
INDG 2709 [0.5] Indigenous Drama	
3. 1.5 credits in INDG at the 3000-level	1.5
INDG 3001 [0.5] Indigenous Sovereignties	
INDG 3012 [0.5] Indigenous Futurity Praxis	
INDG 3015 [0.5] Indigenous Cosmologies	
INDG 3018 [0.5] Metis Ontologies	
INDG 3901 [0.5] Selected Topics in Indigenous Studies	
4. 1.5 credits in INDG at the 4000-level	1.5
INDG 4001 [0.5] Indigenous Urbanisms	
INDG 4005 [0.5] Visual Storytelling in Indigenous Art	
INDG 4011 [0.5] Indigenous Representations	
INDG 4012 [0.5] Resistance and Healing in Contemporary Indigenous Art	
INDG 4015 [0.5] Land as a Relation	
INDG 4020 [0.5] Practicum	
INDG 4901 [0.5] Selected Topics in Indigenous Studies	
INDG 4905 [0.5] Directed Studies I	
5. 1.0 credit from the list of Approved INDG electives	1.0

6. 0.5 credit at the 4000-level from the list of Approved INDG electives 0.5

B. Additional Requirements (13.0 credits) 13.0

7. The requirements for Combined Honours in the other discipline must be satisfied

8. Sufficient free electives to achieve a total of 20.0 credits for the program

Total Credits 20.0

Indigenous Studies

B.A. (15.0 credits)

A. Credits Included in the Major CGPA (7.0)

1. 1.0 credit in INDG at the 1000-level 1.0

INDG 1000 [1.0] Introduction to Indigenous Studies

INDG 1010 [0.5] Indigenous Ways of Knowing
& INDG 1011 [0.5] Introduction to Indigenous-Settler Encounters

FYSM 1900 [1.0] Selected Topics In the Study of Academic Discourses

2. 1.0 credit in INDG at the 2000-level 1.0

INDG 2011 [0.5] Critical Indigenous Studies

INDG 2014 [0.5] Inuit Ontologies

INDG 2012 [0.5] Anishinaabe Ontologies

INDG 2013 [0.5] Haudenosaunee Ontologies

INDG 2015 [0.5] Indigenous Relationalities, Kinships, and Knowledges

INDG 2016 [0.5] Indigenous Resistance in Canada

INDG 2017 [0.5] Global Indigenous Studies

INDG 2020 [0.5] Indigenous Feminisms: Perspectives on Gender, Sex, and Sexualities

INDG 2302 [0.5] Land, Water, Capitalism

INDG 2709 [0.5] Indigenous Drama

3. 1.5 credits in INDG at the 3000-level 1.5

INDG 3001 [0.5] Indigenous Sovereignities

INDG 3012 [0.5] Indigenous Futurity Praxis

INDG 3015 [0.5] Indigenous Cosmologies

INDG 3018 [0.5] Metis Ontologies

INDG 3901 [0.5] Selected Topics in Indigenous Studies

4. 2.5 credits from the list of Approved Indigenous Studies Electives 2.5

5. 1.0 credit at the 3000-level from the list of Approved Indigenous Studies Electives 1.0

B. Credits Not Included in the Major CGPA (8.0)

6. 8.0 credits in free electives 8.0

Total Credits 15.0

Minor in Indigenous Studies (4.0 credits)

The Minor in Indigenous Studies is open to all undergraduate degree students except those in Indigenous Studies programs.

Students are required to present a Minor CGPA of 4.00 or higher at graduation in order to be awarded a Minor in Indigenous Studies.

Requirements:

1. 1.0 credit in: 1.0

INDG 1010 [0.5] Indigenous Ways of Knowing

INDG 1011 [0.5] Introduction to Indigenous-Settler Encounters

2. 1.0 credit from: 1.0

INDG 2011 [0.5] Critical Indigenous Studies

INDG 2012 [0.5] Anishinaabe Ontologies

INDG 2013 [0.5] Haudenosaunee Ontologies

INDG 2015 [0.5] Indigenous Relationalities, Kinships, and Knowledges

INDG 2020 [0.5] Indigenous Feminisms: Perspectives on Gender, Sex, and Sexualities

3. 1.0 credit from: 1.0

INDG 3001 [0.5] Indigenous Sovereignities

INDG 3015 [0.5] Indigenous Cosmologies

INDG 3901 [0.5] Selected Topics in Indigenous Studies

INDG 4001 [0.5] Indigenous Urbanisms

INDG 4011 [0.5] Indigenous Representations

INDG 4015 [0.5] Land as a Relation

INDG 4020 [0.5] Practicum

INDG 4905 [0.5] Directed Studies I

4. 1.0 credit from the list of approved Indigenous Studies Electives 1.0

5. The remaining requirements of the major discipline(s) and degree must be satisfied.

Total Credits 4.0

Indigenous Studies Electives

The following courses are deemed by the Institute of Interdisciplinary Studies to have significant Indigenous content, and can be included where appropriate as part of an Indigenous Studies program. Carleton courses not on this list may be applied as approved Indigenous Studies electives, but they must be approved by the Indigenous Studies Undergraduate Supervisor. Students taking courses at the University of Ottawa should consult with the Indigenous Studies Undergraduate Supervisor to gain approval for substituting them as approved Indigenous Studies electives.

African Studies

AFRI 1001 [0.5] Introduction to African Studies I

AFRI 1002 [0.5] Introduction to African Studies II

AFRI 3001 [0.5] Globalization and Popular Culture in Africa

AFRI 3005 [0.5] African Migrations and Diasporas

AFRI 3100 [0.5] African Studies Abroad: Selected Topics

AFRI 4000 [0.5] Advanced Topics in African Studies

AFRI 4050 [0.5] Selected Topics in African Studies

Anthropology

ANTH 2610 [0.5] Studies in Indigenous Peoples of North America: Current Issues in Anthropological Research

ANTH 2620 [0.5] Ethnography of sub-Saharan Africa

ANTH 2630 [0.5] Studies in Asian Societies: Current Issues in Anthropological Research

ANTH 2640 [0.5] Latin America and the Caribbean through Ethnography

ANTH 2660 [0.5] Ethnography of North Africa

WGST 3807 [0.5]	Gendered Violence

B.A. Regulations

The regulations presented below apply to all Bachelor of Arts programs. In addition to the requirements presented here, students must satisfy the University regulations common to all undergraduate students including the process of Academic Continuation Evaluation (consult the *Academic Regulations of the University* section of this Calendar).

First-Year Seminars

B.A. degree students are strongly encouraged to include a First-Year Seminar (FYSM) during their first 4.0 credits of registration. Students are limited to 1.0 credit in FYSM and can only register in a FYSM while they have first-year standing in their B.A. program.

Breadth Requirement

Among the credits presented at graduation, students in both the B.A. and the B.A. Honours degrees and B.Co.M.S. are required to include 3.0 breadth credits, which must include 1.0 credit in three of the four breadth areas identified below. Credits that fulfil requirements in

the Major, Minor, Concentration, Specialization, or Stream may also be used to fulfil the Breadth Requirement.

Students admitted with a completed university degree are exempt from breadth requirements.

Students in the following interdisciplinary programs are exempt from the B.A. breadth requirement.

- African Studies
- Criminology and Criminal Justice
- Environmental Studies
- Human Rights
- Human Rights and Social Justice

Breadth Area 1: Culture and Communication

American Sign Language, Art History, Art and Culture, Communication and Media Studies, Digital Humanities, English, Film Studies, French, Journalism, Media Production and Design, Music, and Languages (Arabic, English as a Second Language, German, Greek, Hebrew, Indigenous Languages, Italian, Japanese, Korean, Latin, Mandarin, Portuguese, Russian, Spanish)

Subject codes: ARAB, ARTH, ASLA, CHIN, COMS, DIGH, ENGL, ESLA, FILM, FINS, FREN, GERM, GREK, HEBR, ITAL, JAPA, JOUR, KORE, LANG, LATN, MPAD, MUSI, PORT, RUSS, SPAN

Breadth Area 2: Humanities

African Studies, Applied Linguistics and Discourse Studies, Archaeology, Canadian Studies, Child Studies, Classical Civilization, Critical Race Studies, Directed Interdisciplinary Studies, Disability Studies, Environmental and Climate Humanities, European and Russian Studies, History, Human Rights and Social Justice, Humanities, Indigenous Studies, Latin American and Caribbean Studies, Linguistics, Medieval and Early Modern Studies, Philosophy, Religion, Sexuality Studies, South Asian Studies, and Women's and Gender Studies.

Subject codes: AFRI, ALDS, ARCY, CDNS, CHST, CLCV, CRST, DBST, DIST, EACH, EURR, HIST, HRSJ, HUMR, HUMS, INDG, LACS, LING, MEMS, PHIL, RELI, SAST, SXST, WGST

Breadth Area 3: Science, Engineering, and Design

Architecture, Biology, Chemistry, Computer Science, Data Science, Earth Sciences, Engineering, Environmental Science, Food Science and Nutrition, Health Sciences, Industrial Design, Information Resource Management, Information Technology (BIT), Information Technology (ITEC), Interactive Multimedia and Design, Interdisciplinary Science and Practice, Mathematics, Neuroscience, Network Technology, Nursing, Optical Systems and Sensors, Photonics, Statistics, Physics, and Technology, Society, Environment.

Subject codes: ACSE, AERO, ARCC, ARCH, ARCN, ARCS, ARCU, BIOC, BIOL, BIT, CHEM, CIVE, COMP, CSEC, DATA, ECOR, ELEC, ENSC, ENVE, ERTN, FOOD, HLTH, IDES, IMD, IRM, ISAP, ISCI, ISCS, ISYS, ITEC, MAAE, MATH, MECH, MECT, NET, NEUR, NSCI, NURS, OSS, PHYS, PLT, SREE, STAT, SYSC, TSES

Breadth Area 4: Social Sciences

Anthropology, Business, Cognitive Science, Criminology and Criminal Justice, Economics, Environmental Studies, Geography, Geomatics, Global and International Studies, Global Politics, Interdisciplinary Public Affairs, International Affairs, Law, Migration and Diaspora Studies, Political Management, Political Science, Psychology, Public Administration, Public Affairs and Policy Management, Social Work, Sociology/Anthropology, Sociology

Subject codes: ANTH, BUSI, CGSC, CRCJ, ECON, ENST, GEOG, GEOM, GINS, GPOL, INAF, IPAF, LAWS, MGDS, PADM, PAPM, POLM, PSCI, PSYC, SOCI, SOWK

Declared and Undeclared Students

Degree students are considered "Undeclared" if they have been admitted to a degree, but have not yet selected and been accepted into a program within that degree.

The status "Undeclared" is available only in the B.A. and B.Sc. degrees. Undeclared students must apply to enter a program upon or before completing 3.5 credits.

Change of Program Within the B.A. Degree

To transfer to a program within the B.A. degree, applicants must normally be *Eligible to Continue* (EC) in the new program, by meeting the CGPA thresholds described in Section 3.1.9 of the *Academic Regulations of the University*.

Applications to declare or change programs within the B.A. degree online must be made online through Carleton Central by completing a Change of Program Elements (COPE) application form within the published deadlines. Acceptance into a program, or into a program element or option, is subject to any enrollment limitations, as well as specific program, program element, or option requirements as published in the relevant Calendar entry.

Minors, Concentrations, and Specializations

Students may add a Minor, Concentration, or Specialization by completing a Change of Program Elements (COPE) application form online through Carleton Central. Acceptance into a Minor, Concentration, or Specialization normally requires that the student be *Eligible to Continue* (EC) and is subject to any specific requirements of the intended Minor, Concentration, or Specialization as published in the relevant Calendar entry and in Section 3.1.9 of the *Academic Regulations of the University*.

Mention : français

Students registered in certain B.A. programs may earn the diploma notation *Mention : français* by completing part of their program requirements in French, and by demonstrating knowledge of the history and culture of French Canada. The general requirements are listed below. For more specific details, consult the departmental program entries.

Students in a B.A. Honours program must present:

1. 1.0 credit in French language;
2. 1.0 credit devoted to the history and culture of French Canada;

3. 1.0 credit at the 2000- or 3000-level in the Honours discipline taken in French; and
4. 1.0 credit at the 4000-level in the Honours discipline taken in French.

Students in a B.A. program must present:

1. 1.0 credit in advanced French;
2. 1.0 credit devoted to the history and culture of French Canada;
3. 1.0 credit at the 2000- or 3000-level in the Major discipline taken in French.

Students in Combined Honours programs must fulfil the *Mention : français* requirement in both disciplines.

Courses taught in French (Items 3 and 4, above) may be taken at Carleton, at the University of Ottawa on the Exchange Agreement, or at a francophone university on a Letter of Permission. Students planning to take courses on exchange or on a Letter of Permission should take careful note of the residence requirement for a minimum number of Carleton courses in their programs. Consult the *Academic Regulations of the University* section of this Calendar for information regarding study on exchange or Letter of Permission.

Admissions Information

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also

require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as recommended, it is not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admission Requirements

Degrees

- Bachelor of Arts (B.A.) (Honours)
- Bachelor of Arts (B.A.)

First Year

For B.A. and B.A. (Honours)

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include a 4U course in English (or *anglais*). Applicants submitting an English language test to satisfy the requirements of the English Language Proficiency section of this Calendar may use that test to also satisfy the 4U English prerequisite requirement.

Biology

For the major in Biology in the B.A. program, in addition to the 4U English, a 4U course in Chemistry is required. Advanced Functions, and Calculus and Vectors are recommended.

Criminology and Criminal Justice

Access to the CCJ B.A. degree is limited to students already registered in the CCJ B.A. Honours who apply to transfer, and to graduates of the Algonquin College Police Foundations program.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be Eligible to Continue in their year level, in addition to meeting the CGPA thresholds described in Section 3.1.9 of the Academic Regulations of the University. Advanced standing will be granted only for those subjects assessed as being appropriate for the program and the stream selected.

Co-op Option

Direct Admission to the 1st Year of the Co-op Option

Co-op is available for the following Majors in the B.A. (Honours) degree: Anthropology, English, Environmental Studies, European and Russian Studies, French, Geography, Geomatics, History, Law, Political Science, Psychology, Sociology.

Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in the Bachelor of Arts Honours with one of the majors listed above;
3. be eligible to work in Canada (for off-campus work placements).

Meeting the above requirements only establishes eligibility for admission to the program. The prevailing job market may limit enrolment in the co-op option. Students should also note that hiring priority is given to Canadian citizens for co-op positions in the Public Service Commission.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are described in the Co-operative Education Regulations section of this Calendar.

Advanced Standing

B.A. and B.A. (Honours) Program

Applications for admission to the second or subsequent years will be assessed on their merits. Advanced standing will be granted only for those courses that are determined to be appropriate.

Indigenous Studies (INDG) Courses

INDG 1000 [1.0 credit]

Introduction to Indigenous Studies

Survey of historical and contemporary issues relating to Indigenous peoples in Canada. Cultural traditions and the social interactions between Indigenous and non-Indigenous societies are approached from an interdisciplinary perspective.

Precludes additional credit for INDG 1010 and INDG 1011.

Online only.

INDG 1010 [0.5 credit]

Indigenous Ways of Knowing

This course centers Indigenous Creation Stories in relation to systems of power. Discussing Indigenous worldviews, knowledge making, ways of living, ecological relationships, and inter-Indigenous relations and diplomacy. Course materials are rooted in self-situated and collective understandings of Indigenous peoples.

Precludes additional credit for INDG 1000.

Lectures/discussion groups three hours a week.

INDG 1011 [0.5 credit]

Introduction to Indigenous-Settler Encounters

Interdisciplinary and critical engagement with the term “encounter” between various Indigenous communities and settler populations. Topic areas vary by year: introduction to Indigeneity across multiple geographies, cultural and literary practices, gender and the state, race, racialization, racism, place and space, food sovereignty, and education.

Precludes additional credit for INDG 1000.

Lecture/groups, three hours a week.

INDG 2011 [0.5 credit]**Critical Indigenous Studies**

This survey course introduces students to core concepts and analytics in Critical Indigenous Studies. Topics include land, pedagogies, relationalities, resurgence, decolonization, Indigenous feminisms and Indigiqueer Studies.

Precludes additional credit for CDNS 2100 and CDNS 2011.

Prerequisite(s): second-year standing or permission of the Indigenous Studies program.

Lectures/groups three hours a week.

INDG 2012 [0.5 credit]**Anishinaabe Ontologies**

Grounded in the ontologies and place-making practices of the Anishinaabe peoples, topics may include Creation stories, migration and displacement, the clan system, worldviews, oral, written, and recorded history, treaties, knowledges, cultural production, self-governance, and diplomatic relations.

Prerequisite(s): second-year standing or permission of the Indigenous Studies program.

Lecture/groups three hours a week.

INDG 2013 [0.5 credit]**Haudenosaunee Ontologies**

Grounded in the Kaienerekowa (Way of Peace), this course focuses on Haudenosaunee ontologies from the founding of the Confederacy to present. Discussion of the cultures, languages, written and recorded histories, and socio-political structures of Haudenosaunee.

Prerequisite(s): second-year standing or permission of the Indigenous Studies program.

Lecture/groups, three hours a week.

INDG 2014 [0.5 credit]**Inuit Ontologies**

Grounded in the ontologies and place-making practices of the Inuit, topics may include: Creation stories, migration and displacement, kinship, worldviews; oral, written, and recorded histories; lands and waters; land claims agreements, knowledges, cultural production, self-governance, diplomatic relations.

Lectures/groups three hours a week.

INDG 2015 [0.5 credit]**Indigenous Relationalities, Kinships, and Knowledges**

Overview of Indigenous peoples' temporal, spatial, and social relationalities, kinship networks, and knowledge systems. Topics may include Indigenous cosmologies, knowledges, languages, water, land, and re-framing human and non-human relationships.

Prerequisite(s): second-year standing or permission of the Indigenous Studies program.

Lecture/groups, three hours a week.

INDG 2016 [0.5 credit]**Indigenous Resistance in Canada**

Indigenous approaches to self-determination and nationhood. Topics include direct action; political organizing; land claims; rights, courts, and legal action; everyday acts of resistance such as petitioning, social media, arts-based movements, and community initiatives.

Prerequisite(s): second-year standing or permission of the Indigenous Studies program.

Lectures/groups three hours a week.

INDG 2017 [0.5 credit]**Global Indigenous Studies**

Introduction to Global Indigenous struggles, communities, resistances, and cross-border alliances. Topics may include: Canada's implication in global imperialism and environmental exploitation, specificity of race and racialization in various contexts, cisheteropatriarchy, global resistance movements, displacement, migration, and diaspora.

Prerequisite(s): second-year standing or permission of the Indigenous Studies program.

Lectures/groups three hours a week

INDG 2020 [0.5 credit]**Indigenous Feminisms: Perspectives on Gender, Sex, and Sexualities**

Indigenous articulations of gender, sex, and sexualities. This may include a focus on specific embodied roles and responsibilities within Indigenous communities, individual and collective identities, gender-based violence and resistances, and complex relationships between external and lateral systems of power and privilege.

Prerequisite(s): second-year standing or permission of the Indigenous Studies program.

Lecture/groups, three hours a week.

INDG 2302 [0.5 credit]**Land, Water, Capitalism**

Examination of politics and economics of land, waters and power. Topics may include: the study of labour, migrant workers, capitalist extraction; environmental racism and health; and Indigenous dispossession and resistance.

Also listed as CDNS 2302.

Prerequisite(s): second-year standing or permission of the Indigenous Studies program.

Lectures/groups three hours a week.

INDG 2709 [0.5 credit]**Indigenous Drama**

A study of dramatic literatures and theatre practice from Indigenous theatre makers, including playwrights, directors and other practitioners.

Also listed as ENGL 2709.

Prerequisite(s): second-year standing or permission of the Indigenous Studies program.

Lecture three hours per week

INDG 3001 [0.5 credit]**Indigenous Sovereignities**

A gendered examination and discussion of Indigenous sovereignities. Topics will vary by year and may include: Indigenous ways of knowing, governance systems, embodied legal orders, community leadership, diplomatic relations, and struggles for self-determination.

Precludes additional credit for INDG 3000 (no longer offered).

Prerequisite(s): second-year standing or permission of the Indigenous Studies program.

Seminar three hours per week.

INDG 3012 [0.5 credit]**Indigenous Futurity Praxis**

Challenging notions of past, present, future, this course engages with media, cultural objects, and practices that imagine and enact alternate futures. Students will produce community-oriented research drawing on Indigenous knowledge making. Topics include: speculative fiction, bead work, visual art practices, and social media.

Prerequisite(s): third-year standing or permission of the Indigenous Studies program.

Seminar three hours per week.

INDG 3015 [0.5 credit]**Indigenous Cosmologies**

This course will provide an overview of diverse Indigenous cosmologies and perspectives on land, water, atmospheres, and more-than-human beings and ethical ways of working with these knowledges. We will draw on Indigenous knowledge from nations/societies/communities around the globe.

Prerequisite(s): second-year standing or permission of the Indigenous Studies program.

Seminar three hours per week.

INDG 3018 [0.5 credit]**Metis Ontologies**

An exploration of the development of Metis culture and communities in the late 18th century. Metis identity will be examined within a socio-cultural context and students will learn about the significance of kinship and stories as ways of maintaining Metis culture, Nationhood and Sovereignty.

Prerequisite(s): second-year standing or permission of the Indigenous Studies program.

Lecture/groups, three hours a week.

INDG 3901 [0.5 credit]**Selected Topics in Indigenous Studies**

Topics vary from year to year.

Prerequisite(s): second-year standing, or permission of the Indigenous Studies program.

Seminar three hours per week.

INDG 4001 [0.5 credit]**Indigenous Urbanisms**

This course discusses urban spaces as Indigenous places and foregrounds theories and practices of Indigenous city making. Topics may include unsettling the urban, Indigenous place-making, the built environment and infrastructures, and decolonial articulations of towns and cities.

Includes: Experiential Learning Activity

Prerequisite(s): third-year standing or permission of the Indigenous Studies program.

Seminar three hours per week.

INDG 4005 [0.5 credit]**Visual Storytelling in Indigenous Art**

This course discusses urban spaces as Indigenous places and foregrounds theories and practices of Indigenous city making. Topics may include unsettling the urban, Indigenous place-making, the built environment, and infrastructures, and decolonial articulations of towns and cities.

Prerequisite(s): third-year standing or permission of the Indigenous Studies program.

Seminar three hours per week.

INDG 4011 [0.5 credit]**Indigenous Representations**

Students will study how Indigenous peoples have used cultural production in various forms (such as literature, film, television, visual arts, music, performance) to put forth their own visions of their peoples, worldviews, and lives.

Prerequisite(s): third-year standing or permission of the Indigenous Studies program.

Seminar three hours a week.

INDG 4012 [0.5 credit]**Resistance and Healing in Contemporary Indigenous Art**

This seminar offers an examination of how Indigenous artists have formulated a politicized discourse of resistance through their artistic expressions to prompt transformative and decolonizing healing within communities. This course includes readings, analysis of diverse forms of art, and critical analysis of art exhibitions.

Prerequisite(s): third-year standing or permission of the Indigenous Studies program.

Seminar three hours a week.

INDG 4015 [0.5 credit]**Land as a Relation**

This course is offered in partnership with Kitigan Zibi Anishinabeg and reflects critical kinships enacted between Algonquin Anishinabeg, the land and non-human relatives. We spend one week in the community in an immersive environment learning about language, sovereignty, land caretaking, berry picking, and other topics.

Includes: Experiential Learning Activity

Prerequisite(s): third-year standing or permission of the Indigenous Studies program.

Fourteen-day field course.

INDG 4020 [0.5 credit]**Practicum**

Students will apply their knowledge with a local organization whose mandate involves working with and/or for Indigenous peoples. Restricted to students in the INDG major. To be arranged in consultation with the Undergraduate Supervisor.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year standing or permission of the Indigenous Studies program.

INDG 4105 [0.5 credit]**Comparative Indigenous Knowledge and Entrepreneurship**

Past and contemporary interconnections between Indigenous knowledge and entrepreneurship on a comparative basis. Distinguishing features of Indigenous entrepreneurship from traditional entrepreneurship such as its focus on community, connection to the land, and the role of women.

Also listed as AFRI 4005.

Prerequisite(s): Third-year standing.

Seminar three hours a week.

INDG 4901 [0.5 credit]**Selected Topics in Indigenous Studies**

Topics vary from year to year.

Prerequisite(s): third-year standing or permission of the Indigenous Studies program.

Seminar three hours per week.

INDG 4905 [0.5 credit]**Directed Studies I**

An optional course normally restricted to fourth-year Honours students in Canadian Studies or Indigenous Studies and to Qualifying-year Graduate students.

Includes supervised reading and written work in an Indigenous Studies area.

Prerequisite(s): fourth-year standing or permission of the Indigenous Studies program.

Industrial Design

This section presents the requirements for programs in:

- **Industrial Design B.I.D.**
- **Minor in Design**

Program Requirements**Industrial Design****B.I.D. (20.0 credits)****First Year**

1. 5.0 credits in:	5.0
IDES 1000 [0.5]	Theory and History of Design
IDES 1001 [0.5]	Industrial Design Analysis
IDES 1300 [0.5]	Projects IA
IDES 1301 [0.5]	Projects IB
ECON 1001 [0.5]	Introduction to Microeconomics
ECON 1002 [0.5]	Introduction to Macroeconomics
MATH 1107 [0.5]	Linear Algebra I
PSYC 1001 [0.5]	Introduction to Psychology I
PSYC 1002 [0.5]	Introduction to Psychology II
PHYS 1007 [0.5]	Elementary University Physics I

Second Year

2. 4.0 credits in:	4.0
IDES 2101 [0.5]	Design for Manufacturing A
IDES 2102 [0.5]	Design for Manufacturing B
IDES 2104 [0.5]	Computer Applications A
IDES 2105 [0.5]	Computer Applications B
IDES 2205 [0.5]	Sensory Aspects of Design for User Experience
IDES 2300 [0.5]	Projects IIA
IDES 2302 [0.5]	Projects IIB
IDES 2600 [0.5]	Human Factors/Ergonomics in Design

3. 1.0 credit in free electives	1.0
--	------------

Third Year

4. 2.0 credits in:	2.0
IDES 3310 [0.5]	Projects IIIA
IDES 3302 [0.5]	Projects IIIB
IDES 3502 [0.5]	Contextual Nature of Products
IDES 3601 [0.5]	Research for Design

5. 0.5 credit in:	0.5
BUSI 2204 [0.5]	Basic Marketing

6. 1.0 credit in free electives at the 2000-level or above	1.0
---	------------

7. 1.5 credits from:	1.5
-----------------------------	------------

IDES 3107 [0.5]	Design and Sustainability
IDES 3104 [0.5]	Exhibition Design
IDES 3105 [0.5]	Visual Communication and Package Design
IDES 3106 [0.5]	Advanced Computer Applications
IDES 3202 [0.5]	Advanced Studies in Form and Colour
IDES 3305 [0.5]	Special Studies
IDES 3306 [0.5]	Special Studies

Fourth Year

8. 3.5 credits in:	3.5
IDES 4001 [0.5]	Industrial Design Seminar
IDES 4002 [0.5]	Professional Practice

IDES 4301 [0.5]	Minor Projects	
IDES 4310 [1.5]	Capstone Project	
IDES 4400 [0.5]	Internship Field Report	
9. 1.5 credits in free electives at the 3000-level or above		1.5
Total Credits		20.0

Notes:

1. Fourth-year students are required to register in IDES 4301 and IDES 4310 in the same academic year.
2. One successfully completed Industrial Design Co-op work term between the third and fourth year of study is equivalent to IDES 4400.
3. The electives chosen should serve to deepen the student's understanding of fields related to Industrial Design or disciplines that are relevant for industrial designers.

Minor in Design (4.0 credits)

This minor is open to all undergraduate degree students not in the Industrial Design program.

Only students pursuing undergraduate programs requiring at least 20.0 credits to graduate and who have completed at least 4.0 credits toward their degrees with a minimum overall CGPA of 7.00 may be admitted to the Minor in Design.

Students are required to present a Minor CGPA of 4.00 or higher at graduation in order to be awarded a Minor in Design.

1. 1.5 credits in:		1.5
IDES 1000 [0.5]	Theory and History of Design	
IDES 1001 [0.5]	Industrial Design Analysis	
IDES 2205 [0.5]	Sensory Aspects of Design for User Experience	
2. 2.5 credits from:		2.5
IDES 2600 [0.5]	Human Factors/Ergonomics in Design	
IDES 3104 [0.5]	Exhibition Design	
IDES 3105 [0.5]	Visual Communication and Package Design	
IDES 3107 [0.5]	Design and Sustainability	
IDES 3305 [0.5]	Special Studies	
IDES 3306 [0.5]	Special Studies	
IDES 3502 [0.5]	Contextual Nature of Products	
IDES 3601 [0.5]	Research for Design	
IDES 4001 [0.5]	Industrial Design Seminar	
IDES 4101 [0.5]	Adv. Studies in Manufacturing	
IDES 4200 [0.5]	Form Organization	
IDES 4305 [0.5]	Special Studies	
IDES 4306 [0.5]	Special Studies	
3. The remaining requirements of the major discipline(s) and degree must be satisfied.		
Total Credits		4.0

Regulations

The regulations presented in this section apply to all students in the Bachelor of Industrial Design program.

In addition to the requirements presented here, students must satisfy the University regulations common to

all undergraduate students including the process of Academic Continuation Evaluation (consult the *Academic Regulations of the University* section of this Calendar).

Year Status and General Prerequisites

In the Bachelor of Industrial Design degree program, year status is defined as follows:

1st year: Admission to the program.

2nd year: Successful completion of IDES 1001 , IDES 1301 and must not be deficient in any more than one of the other first year courses.

3rd year: Successful completion of IDES 2302 and all first and second year course requirements.

4th year: Successful completion of IDES 3302 and all third year course requirements.

Prerequisites

The following broad course prerequisites specify requirements for access to upper year project courses:

- Registration in IDES 2300 Projects IIA normally requires successful completion of IDES 1001, IDES 1301 and must not be lacking in any more than one of the other **first-year** courses.*
- Registration in IDES 3310 Projects IIIA normally requires successful completion of all **first-year and second-year** core course requirements.*
- Registration in IDES 4310 [1.5] Capstone Project normally requires successful completion of all **third-year** course requirements.*
- *Special consideration and permission may be made in consultation with the School administration.

Academic Continuation Evaluation for the Bachelor of Industrial Design

Students in the Bachelor of Industrial Design degree follow the standard Academic Continuation Evaluation (ACE) regulations (see Section 3.2 of the *Academic Regulations of the University*) with the following additions and amendments.

B.I.D. students are evaluated based on their Overall CGPA, and their performance in Industrial Design Core courses.

INDUSTRIAL DESIGN CORE COURSES

IDES 1300 [0.5]	Projects IA
IDES 1301 [0.5]	Projects IB
IDES 2300 [0.5]	Projects IIA
IDES 2302 [0.5]	Projects IIB
IDES 3302 [0.5]	Projects IIIB
IDES 3310 [0.5]	Projects IIIA
IDES 4301 [0.5]	Minor Projects

Students in the B.I.D. must achieve a minimum grade of C- in every Core course. If the student earns a grade less than C- in a Core course, they will be given permission to repeat the Core course only when their Overall CGPA meets the minimum required to be *Eligible to Continue* (EC), as described in Section 3.2.6 Minimum

CGPA Requirements of the *Academic Regulations of the University*.

1. *Eligible to Continue* (EC) requires an Overall CGPA at or above the minimum requirements for the B.I.D. as described in Section 3.2.6 Minimum CGPA Requirements of the *Academic Regulations of the University*.
2. Students will be placed on *Academic Warning* (AW) when the Overall CGPA is lower than the minimum required for *Eligible to Continue* (EC).
3. Students must leave the Industrial Design program with the decision *Continue in Alternate* (CA) where any of the following conditions apply:
 - a. while on *Academic Warning* (AW), the student has failed to achieve the minimum required Term GPA as described in Section 3.2.4.1 Term Grade Point Average;
 - b. after a second attempt at a Core course, the student has not achieved a grade of at least C- in either attempt;
 - c. the student has not completed the program within seven years.

See the *Academic Regulations of the University* section of the Calendar for additional information.

Co-operative Education

For more information about how to apply for the Co-op program and how the Co-op program works please visit the Co-op website.

All students participating in the Co-op program are governed by the Undergraduate Co-operative Education Policy.

Undergraduate Co-operative Education Policy Admission Requirements

Students can apply to Co-op in one of two ways: directly from high school, or after beginning a degree program at Carleton.

If a student applies to a degree program with a Co-op option from high school, their university grades will be reviewed two terms to one year prior to their first work term to ensure they meet the academic requirements after their first or second year of study. The time at which the evaluation takes place depends on the program of study. Students will automatically receive an admission decision via their Carleton email account.

Students who did not request Co-op at the time they applied to Carleton can request Co-op after they begin their university studies. To view application instructions and deadlines, please visit carleton.ca/co-op.

To be admitted to Co-op, a student must successfully complete 5.0 or more credits that count towards their degree, meet the minimum CGPA requirement(s) for the student's Co-op option, and fulfil any specified course prerequisites. To see the unique admission and continuation requirements for each Co-op option, please refer to the specific degree programs listed in the Undergraduate Calendar.

Participation Requirements

Co-op Participation Agreement

All students must adhere to the policies found within the Co-op Participation Agreement.

COOP 1000

Once a student has been admitted to the Co-op Program, they will be given access to register in COOP 1000. This zero-credit online course must be completed at least two terms prior to the student's first work term.

Communication with the Co-op Office

Students must maintain contact with the Co-op Office during their job search and while on a work term. All email communication will be conducted via the students' Carleton email account.

Employment

Although every effort is made to ensure a sufficient number of job postings for all Co-op students, no guarantee of employment can be made. The Co-op job search process is competitive, and success is dependent upon factors such as current market conditions, academic performance, skills, motivation, and level of commitment to the job search. It is the student's responsibility to apply for positions via the Co-op job board in addition to actively conducting a self-directed job search. Students who do not obtain a co-op work term are expected to continue with their academic studies. It should be noted that hiring priority for positions within the Federal Government of Canada is given to Canadian citizens.

Registration

- Students must be registered as full-time during all fall and winter study terms beginning the term in which they enroll in COOP 1000.
- Students will be registered in a Co-op Work Term course while at work. This course does not carry academic course credit, but is noted on academic transcripts.
- Students may register in a 0.5 credit during a work term, provided the course is offered during the evening or is offered asynchronously online.
- Students must have at least one term of full-time studies left to complete following their final co-op work term. Students cannot end their degree on a work term.

Work Term Assessment and Evaluation

Work Term Evaluation

Employers are responsible for submitting to Carleton University final performance evaluations for their Co-op students at the end of their work terms.

Work Term Assessment

In order to successfully complete the co-op work term, students must receive a Satisfactory (SAT) grade on their Co-op Work Term Report, which they must submit at the completion of each four-month work term.

Graduation with the Co-op Designation

In order to graduate with the Co-op Designation, students must satisfy all requirements of the degree program in addition to the successful completion of three or four work terms (the number is dependent upon the student's academic program). Students found in violation of the Co-op Participation Agreement may have the Co-op Designation withheld.

Note: Participation in the co-op option will add up to one additional year for a student to complete their degree program.

Voluntary Withdrawal from the Co-op Option

Students who are currently on a co-op work term or who have already committed to a co-op work term either verbally or in writing may not leave the position and/or withdraw from the co-op option until they have completed the work term and all related requirements.

Involuntary or Required Withdrawal from the Co-op Option

Students may be removed from the Co-op Program for any of the following reasons:

1. Failure to achieve a grade of SAT in COOP 1000;
2. Failure to attend all interviews for positions to which the student has applied;
3. Declining more than one job offer during the job search;
4. Reneging on a co-op position that the student has accepted either verbally or in writing;
5. Continuing a job search after accepting a co-op position;
6. Dismissal from a work term by the co-op employer;
7. Leaving a work term without approval from the Co-op Management Team;
8. Receipt of an unsatisfactory work term evaluation;
9. Receiving a grade of UNS on the work term report.

International Students

All international students are required to possess a Co-op Work Permit issued by Immigration, Refugees and Citizenship Canada before they can begin working. The Co-operative Education Office will provide students with a letter of support to accompany their Co-op Work Permit application. Students are advised to discuss the application process and application requirements with the International Student Services Office.

Co-op Fees

All participating Co-op students are required to pay Co-op fees. For full details, please see the Co-op website.

Bachelor of Industrial Design: Co-op Admission and Continuation Requirements

- Maintain full-time status in each study term;
- Be eligible to work in Canada (for off-campus work);
- Have successfully completed COOP 1000 .

In addition to:

1. Registered as a full-time student in the B.I.D. program;
2. Successfully completed 5.0 or more credits;
3. Obtained an Overall CGPA of at least 6.50 and an Industrial Design Core CGPA least 8.00. These CGPAs must be maintained throughout the duration of the degree.

B.I.D. students must successfully complete three (3) work terms to obtain the Co-op Designation.

Co-op Work Term Course: IDES 3999

Work-Study Pattern:

Year 1		Year 2		Year 3		Year 4		Year 5	
Term	Pattern	Term	Pattern	Term	Pattern	Term	Pattern	Term	Pattern
Fall	S	Fall	S	Fall	S	Fall	W	Fall	S
Winter	S	Winter	S	Winter	S	Winter	W	Winter	S
Summer		Summer	W	Summer	W	Summer	W		

Legend

S: Study

W: Work

Admissions Information

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as recommended, it is not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Degree

- Bachelor of Industrial Design (B.I.D.)

Admission Requirements

First Year

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include Advanced Functions and Physics. Design Technology, and Visual Arts courses are recommended.

Candidates must present a portfolio of any kind of work that could demonstrate creativity and aptitude for the study of industrial design. Detailed information about the portfolio requirements can be found at admissions.carleton.ca. Attending an information session at the School is recommended.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits and on space availability in the program. Advanced standing will be granted only for those courses that are determined to be appropriate.

Applicants will also be required to complete a portfolio which will assist in the evaluation of their suitability for the program. Detailed information about the portfolio requirements can be found at admissions.carleton.ca.

Co-op Option

Direct Admission to the First Year of the Co-op Option

Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in the Industrial Design program;
3. be eligible for work in Canada (for off-campus work placements).

Meeting the above requirements only establishes eligibility for admission to the program. The prevailing job market may limit enrolment in the co-op option.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are described in the Co-operative Education Regulations section of this Calendar.

Industrial Design (IDES) Courses

IDES 1000 [0.5 credit]

Theory and History of Design

The theoretical and historical background of industrial design and design; disciplinary foundations and interdisciplinary connections; methodological aspects and economic and social contexts; contemporary scenarios in design; technological innovation and manufacturing processes.

Also listed as ARCH 2006.

Lectures three hours a week.

IDES 1001 [0.5 credit]

Industrial Design Analysis

Principles of comparative product design analysis covering marketing and sales, manufacturing techniques and materials, ambience and qualities of the object/context relationship, and design analysis from the perspective of the designer, the end-user and the environment.

Includes: Experiential Learning Activity

Also listed as ARCH 2101.

Prerequisite(s): IDES 1000 or ARCH 2006.

Lectures three hours a week.

IDES 1300 [0.5 credit]

Projects IA

An introduction to the skills and processes of industrial design including drawing and sketching as an aid to design, basics of line, shape, ideation, and visualization, product drawing, presentation techniques, basic model making, studio equipment and practices, introduction to the design process.

Includes: Experiential Learning Activity

Prerequisite(s): IDES 1000 (may be taken concurrently).

Studio and lectures six hours a week.

IDES 1301 [0.5 credit]

Projects IB

Aspects of industrial design theory and practice, specifically those dealing with principles of product development, fundamentals of form and colour and case studies. Students will explore the design process with emphasis on creative problem-solving techniques and visual communication in design.

Includes: Experiential Learning Activity

Prerequisite(s): IDES 1300.

Studio and lectures six hours a week.

IDES 2101 [0.5 credit]**Design for Manufacturing A**

Transformation techniques applied to manufacturing materials. Part-design requirements and cost factors for manufacturing processes. Influences and role of assembly, finishing, production tooling, and costing.

Includes: Experiential Learning Activity

Prerequisite(s): IDES 1001, IDES 1301.

Lecture and tutorials three hours a week, laboratory three hours a week.

IDES 2102 [0.5 credit]**Design for Manufacturing B**

Continuation of IDES 2101. Transformation techniques applied to manufacturing materials. Part-design requirements and cost factors for manufacturing processes. The influences and role of assembly, finishing, production tooling, costing are addressed.

Includes: Experiential Learning Activity

Prerequisite(s): IDES 2101 or permission of the School of Industrial Design.

Lecture and tutorials three hours a week, laboratory three hours a week.

IDES 2104 [0.5 credit]**Computer Applications A**

Provides industrial design students with working knowledge of design related 2D computer applications, such as graphic manipulation, illustration software, and 2D Computer-Aided Design (CAD). Labs and projects are oriented towards building a foundation in software and group work skills for studio courses.

Includes: Experiential Learning Activity

Prerequisite(s): IDES 1301.

Lecture and tutorials three hours a week.

IDES 2105 [0.5 credit]**Computer Applications B**

Provides industrial design students with working knowledge of design related three-dimensional (3D) computer applications, such as solid and surface modelling computer-aided design (CAD) software. Labs and projects are oriented towards building a foundation in software and group work skills for studio courses.

Includes: Experiential Learning Activity

Prerequisite(s): IDES 2104.

Lecture and tutorials three hours a week.

IDES 2205 [0.5 credit]**Sensory Aspects of Design for User Experience**

An exploration of multi-sensory qualities derived from and designed into products to optimize product-interaction experiences. Visual, tactile, auditory, and other related sensory aspects of design and design principles that contribute to the product multi-sensory characteristics while adding meaning and emotional value.

Includes: Experiential Learning Activity

Precludes additional credit for IDES 2203 (no longer offered).

Prerequisite(s): IDES 1001 or permission of the School of Industrial Design.

Lectures and tutorials three hours a week.

IDES 2300 [0.5 credit]**Projects IIA**

Principles of design sketching used in the industrial design process. Topics include: sketching as a tool for problem definition; idea exploration and form development; rendering techniques and the communication of design concepts; basic physical prototyping and modeling-making techniques.

Includes: Experiential Learning Activity

Prerequisite(s): IDES 1001 and IDES 1301, or permission of the School of Industrial Design.

Studio and lectures six hours a week.

IDES 2302 [0.5 credit]**Projects IIB**

Introduction to the design principles associated with adapting products to an existing product semantic.

Topics covered: principles of design, product semantics, design analysis, design synthesis, design evaluation, and modeling techniques. The design project(s) explore some or all of the design principles covered in the lectures.

Includes: Experiential Learning Activity

Prerequisite(s): IDES 2300 or permission of the School of Industrial Design.

Studio and lectures six hours a week.

IDES 2600 [0.5 credit]**Human Factors/Ergonomics in Design**

Foundation course in human factors/ergonomics providing an overview of physical and cognitive considerations in product design and related design fields. Anthropometrics, biomechanical considerations, cognition, social interaction, and emotional interaction are introduced in relation to supporting user experience, health and safety, performance and productivity.

Includes: Experiential Learning Activity

Prerequisite(s): PSYC 1001 and PSYC 1002, or PSYC 1000.

Lectures and discussion three hours a week.

IDES 3104 [0.5 credit]**Exhibition Design**

Exhibition design is explored through lectures, case studies, field trips and guest lectures. Students participate in exercises and apply design skills to a variety of exhibition design realms. Introduces students to the potential of the built environment for exploring a range of diverse exhibit applications.

Includes: Experiential Learning Activity

Prerequisite(s): IDES 2302 or permission of the School of Industrial Design.

Lectures and tutorials three hours a week.

IDES 3105 [0.5 credit]**Visual Communication and Package Design**

A survey of visual communication and package design principles relevant to industrial designers. Product/brand definition and corporate identity through package design.

Includes: Experiential Learning Activity

Prerequisite(s): IDES 2302 or permission of the School of Industrial Design.

Lectures and tutorials three hours a week.

IDES 3106 [0.5 credit]**Advanced Computer Applications**

Examination of complex product geometry utilizing 3D computer applications. Topics include spline, surface and solids construction, surface verification tools, and rendering tools and techniques. Workflow, robust design, reverse design techniques and 3D printing will be explored through exercises.

Includes: Experiential Learning Activity

Prerequisite(s): IDES 2105. Third or Fourth Year standing or permission of the School of Industrial Design.

Lecture and tutorials three hours a week.

IDES 3107 [0.5 credit]**Design and Sustainability**

Explores the industrial designer's role in creating more environmentally and socially responsible products. Addresses imperatives and drivers for integrating sustainability into products. Includes: sustainable design strategies, strategies and tools, sustainable design business case, circular economy model for designed products, and case studies.

Includes: Experiential Learning Activity

Prerequisite(s): IDES 2302 and Third or Fourth Year standing or permission of the School of Industrial Design.

Lectures and tutorials three hours a week.

IDES 3202 [0.5 credit]**Advanced Studies in Form and Colour**

Students may continue the research and study encountered in IDES 2205, IDES 2300 and IDES 2302 by doing advanced research in the phenomena of form and/or colour and their communicative functions in products.

Directed Study.

Includes: Experiential Learning Activity

Prerequisite(s): IDES 2302 or permission of the School of Industrial Design.

Lecture and tutorials three hours a week.

IDES 3302 [0.5 credit]**Projects IIIB**

Introduction to the principles of innovation as found in industrial design. Invention, innovation, entrepreneurship, basic mechanisms. The design project(s) explore some or all of the design principles covered in the lectures.

Includes: Experiential Learning Activity

Precludes additional credit for IDES 3301 (no longer offered).

Prerequisite(s): IDES 3300 or IDES 3310 or permission of the School of Industrial Design.

Studio and lectures six hours a week.

IDES 3305 [0.5 credit]**Special Studies**

Special Industrial Design Studies deal with specific projects, which may differ from year to year depending on the availability of specialists in a particular field or study opportunities as they present themselves.

Prerequisite(s): IDES 2302 and Third or Fourth Year standing or permission of the School of Industrial Design.

Lectures, tutorials, laboratory and studio three hours a week or equivalent.

IDES 3306 [0.5 credit]**Special Studies**

Special Industrial Design Studies deal with specific projects, which may differ from year to year depending on the availability of specialists in a particular field or study opportunities as they present themselves.

Prerequisite(s): IDES 2302 and Third or Fourth Year standing or permission of the School of Industrial Design.

Lectures, tutorials, laboratory and studio three hours a week or equivalent.

IDES 3310 [0.5 credit]**Projects IIIA**

Introduction to the design principles associated with the evaluation and re-design of an existing product. Topics include: user/machine relationship, component packaging, and manufacturability. The design project(s) explore some or all of the design principles covered in the lectures.

Includes: Experiential Learning Activity

Precludes additional credit for IDES 3300 (no longer offered).

Prerequisite(s): IDES 2302 or permission of the School of Industrial Design.

Studio and lectures six hours a week.

IDES 3502 [0.5 credit]**Contextual Nature of Products**

Cultural subjects which have an influence on contemporary industrial design. The perspective of the course is anthropological: the context and cultural relevance of industrial design.

Prerequisite(s): IDES 1000 (ARCH 2006) and Third or Fourth year standing.

Lectures and tutorials three hours a week.

IDES 3601 [0.5 credit]**Research for Design**

Basic design research techniques to foster design exploration. Methods focus on understanding context and user experience to produce meaningful, actionable insights and design opportunities. Processes include qualitative and quantitative research, as well as creative and evaluative research with people. Teamwork and collaboration are explored.

Includes: Experiential Learning Activity

Prerequisite(s): IDES 2600 and Third or Fourth Year Standing.

Lectures or laboratory three hours a week.

IDES 3999 [0.0 credit]**Co-operative Work Term**

Includes: Experiential Learning Activity

IDES 4001 [0.5 credit]**Industrial Design Seminar**

Topics vary yearly and address key contemporary industrial design issues. There is a focus on writing, discussion, and debate. Students organize a seminar with design professionals and other community experts including student and professional presentations, interaction, and discussion.

Prerequisite(s): IDES 3302 or permission of the School of Industrial Design.

Seminar three hours a week.

IDES 4002 [0.5 credit]**Professional Practice**

The organizational aspects of consultancies and client responsibilities within the framework of corporate management. Topics include: the form of contracts for consultancy, determination of fees, legal implications, patents and copyrights. Guest lecturers.

Precludes additional credit for IDES 3503 (no longer offered).

Prerequisite(s): IDES 3300 or IDES 3310 or permission of the School of Industrial Design.

Lectures and discussion three hours a week.

IDES 4101 [0.5 credit]**Adv. Studies in Manufacturing**

Advanced manufacturing concepts and workflows are examined through a series of workshops and minor projects utilizing state-of-the-art equipment.

Includes: Experiential Learning Activity

Prerequisite(s): IDES 2101 and IDES 2102.

Lectures or laboratory three hours a week.

IDES 4200 [0.5 credit]**Form Organization**

Using form organization as a tool to design, the definition and prescription of monolithic solids by means of an abstract system; making and verifying materialized approximations of such solids.

Includes: Experiential Learning Activity

Prerequisite(s): IDES 2300 and IDES 2302 or permission of the School of Industrial Design.

Lectures, tutorials and laboratory six hours a week.

IDES 4301 [0.5 credit]**Minor Projects**

Advanced skills-based course that enhances student experience in novel, experimental processes and techniques in design. Workshop-style activities and short projects focus on increasing skill competence and versatility in a variety of fields. Emphasis on time management and the ability to work independently.

Includes: Experiential Learning Activity

Prerequisite(s): IDES 3302 or permission of the School of Industrial Design.

Studio and lectures six hours a week.

IDES 4305 [0.5 credit]**Special Studies**

Like the third-year Special Industrial Design Studies, those of fourth year deal with specific projects, which may differ each year depending on the availability of specialists among the faculty of the School of Industrial Design or on particular opportunities as they present themselves.

Prerequisite(s): IDES 3302 or permission of the School of Industrial Design.

Lectures, tutorials, laboratory and studio three hours a week or equivalent.

IDES 4306 [0.5 credit]**Special Studies**

Like the third-year Special Industrial Design Studies, those of fourth year deal with specific projects, which may differ each year depending on the availability of specialists among the faculty of the School of Industrial Design or on particular opportunities as they present themselves.

Prerequisite(s): IDES 3302 or permission of the School of Industrial Design.

Lectures, tutorials, laboratory and studio three hours a week or equivalent.

IDES 4310 [1.5 credit]**Capstone Project**

Application of design principles in a comprehensive design project. Problem area should be product-oriented and of sufficient complexity. Normally undertaken in consultation with off-campus organizations and/or industry. Supervised by faculty and/or sessional members.

Includes: Experiential Learning Activity

Precludes additional credit for IDES 4300 (no longer offered).

Prerequisite(s): IDES 3302 or permission of the School of Industrial Design.

Studio and lectures six hours a week in Fall and twelve hours a week in Winter.

IDES 4400 [0.5 credit]**Internship Field Report**

Work experience related to industrial design.

Following the internship period, normally 12 weeks, a comprehensive report describing observations and insights will be submitted. Graded Sat or Uns.

Includes: Experiential Learning Activity

Prerequisite(s): IDES 3300 or IDES 3310 or permission of the School of Industrial Design.

Tutorial hours arranged.

Information Technology

This section presents the requirements for programs in:

- **Information Resource Management B.I.T.**
- **Interactive Multimedia and Design B.I.T.**
- **Interactive Multimedia and Design Animation & Visual Effects Stream B.I.T.**
- **Interactive Multimedia and Design Game Design/ Development Stream B.I.T.**
- **Interactive Multimedia and Design Web & User Interfaces Stream B.I.T.**
- **Network Technology B.I.T.**
- **Optical Systems and Sensors B.I.T.**

Program Requirements**Course Categories**

- Carleton University Electives
- Algonquin college Electives

Please check the current lists of approved electives on the program web site.

Information Resource Management**B.I.T. (20.0 credits)****A. Credits Included in the Major CGPA (10.0 credits)****1. 2.5 credits in:** 2.5

BIT 1400 [0.5]	Introduction to Programming and Problem Solving
----------------	---

IRM 1002 [0.5]	Reference and Information Services
----------------	------------------------------------

IRM 1005 [0.5]	Web Interface Development
----------------	---------------------------

IRM 1006 [0.5]	Subject Analysis and Indexing
----------------	-------------------------------

IRM 1007 [0.5]	Cataloguing
----------------	-------------

2. 3.0 credits in: 3.0

BIT 2008 [0.5]	Multimedia Data Management
----------------	----------------------------

BIT 2400 [0.5]	Intermediate Programming
----------------	--------------------------

IRM 2002 [0.5]	Legal and Business Information
----------------	--------------------------------

IRM 2003 [0.5]	Classification
----------------	----------------

----------------	-------------------------------

9. 1.0 credit in French Language (see Note 2, below) 1.0**10. 4.0 credits in electives to be fulfilled by courses taken to complete a Minor (see Note 1, below)** 4.0

Total Credits	20.0
----------------------	-------------

Notes:

1. **Additional requirements:** students must complete a Minor in another academic discipline.
2. **Language requirement:** all students are expected to improve their current French language skill by one credit. Should a student be assessed as fluently bilingual, 1.0 credit of alternate language courses will be accepted. Canadian Aboriginal languages would be encouraged in such cases.

Interactive Multimedia and Design B.I.T. (20.0 credits)

A. Credits Included in the Major CGPA (11.0 credits)

1. 2.0 credits in:	2.0
IMD 1001 [0.5]	Visual Communication
IMD 1002 [0.5]	Visual Dynamics
IMD 1004 [0.5]	Design Processes
IMD 1005 [0.5]	Web Development
2. 3.0 credits in:	3.0
BIT 2008 [0.5]	Multimedia Data Management
BIT 2400 [0.5]	Intermediate Programming
IMD 2003 [0.5]	Audio and Video
IMD 2007 [0.5]	Intro to 3D Animation
IMD 2900 [1.0]	Design Studio 1
3. 3.0 credits in:	3.0
IMD 3004 [0.5]	Human Computer Interaction and Design
IMD 3005 [0.5]	Sensor-Based Interaction
IMD 3900 [1.0]	Design Studio 2
IMD 3901 [1.0]	Design Studio 3
4. 1.5 credits from:	1.5
IMD 4006 [0.5]	Advanced Game Design and Development
IMD 4008 [0.5]	Mobile User Interface Design and Development
ITEC 4007 [0.5]	Dynamics and Physics-Based Animation
ITEC 4009 [0.5]	Rigging and Advanced Character Animation
ITEC 4010 [0.5]	Visual Effects and Compositing
ITEC 4011 [0.5]	Artificial Intelligence for Digital Media
ITEC 4012 [0.5]	Web Application Frameworks
ITEC 4014 [0.5]	User Experience Design and Accessibility
5. 1.5 credits in:	1.5
IMD 4901 [1.5]	IMD Capstone Project
B. Credits Not Included in the Major CGPA (9.0 credits)	
6. 2.5 credits in:	2.5
BIT 1002 [0.5]	Physics for Information Technology I
BIT 1100 [0.5]	Mathematics I for IMD
BIT 1101 [0.5]	Mathematics II for IMD
BIT 1400 [0.5]	Introduction to Programming and Problem Solving
IMD 1000 [0.5]	Introduction to Interactive Multimedia Design
7. 2.0 credits in:	2.0
BIT 2002 [0.5]	Marketing in the IT sector
BIT 2006 [0.5]	Elective

BIT 2009 [0.5]	Statistics for Technology
IMD 2006 [0.5]	Introduction to Game Design and Development
8. 1.5 credits in:	1.5
CCDP 3003 [0.5]	Communication Skills for IMD
IMD 3002 [0.5]	3D Computer Graphics
IMD 3006 [0.5]	Software Design for Multimedia Applications
9. 0.5 credit in:	0.5
IMD 4002 [0.5]	Technology and Culture
10. 1.0 credit in	1.0
Arts and Humanities elective outside the faculties of Business, Science and Engineering.	
11. 1.5 credits in	1.5
electives for IMD, Directed Studies, or courses listed in but not used to fulfill Item 4 above:	
BIT 4000 [0.5]	Directed Studies
IRM 4002 [0.5]	Network Technology
ITEC 3100 [0.5]	Immersive Storytelling
ITEC 4015 [0.5]	Designing and Producing Sound
ITEC 4016 [0.5]	Virtual and Augmented Reality
ITEC 4017 [0.5]	Photo and Non-Photo-Realistic Rendering
ITEC 4018 [0.5]	GPU Programming and Real-Time Rendering
ITEC 4019 [0.5]	Directing and Cinematography for Digital Storytelling
ITEC 4020 [0.5]	Environment and Architectural Modelling
ITEC 4021 [0.5]	Empirical Research Methods in HCI
Total Credits	20.0

Interactive Multimedia and Design Animation & Visual Effects Stream B.I.T. (20.0 credits)

This stream is open to students in the Interactive Multimedia and Design B.I.T. program with 4th year standing.

A. Credits Included in the Major CGPA (11.0 credits)

1. 2.0 credits in:	2.0
IMD 1001 [0.5]	Visual Communication
IMD 1002 [0.5]	Visual Dynamics
IMD 1004 [0.5]	Design Processes
IMD 1005 [0.5]	Web Development
2. 3.0 credits in:	3.0

Retention of Work (Interactive Multimedia and Design Program Only)

A portfolio represents a record of the student's progress and design experience over the years, and is an indispensable requirement for any future job application. A portfolio is started in first year and continues to expand until graduation. The School, therefore, requires that each student produce reproductions (on a digital storage device,

e.g. flash drive) of their work at the end of each term. One copy of the work should be put in the student's portfolio and the other turned in to the instructor for retention in the School's archives. (This facilitates retrospective exhibitions of work, accreditation, publications and any future references for pedagogic purposes.) Original work is the property of the students, but the School retains the right to keep work of merit for up to four years after the date of submission. The School will make every effort to preserve the work in good condition, and will give authorship credit and take care of its proper use.

Network Technology

Regulations

The regulations presented in this section apply to all students in the Bachelor of Information Technology program.

In addition to the program requirements, students must satisfy the University regulations common to all undergraduate students including the process of Academic Continuation Evaluation (consult the *Academic Regulations of the University* section of this Calendar).

Joint Status

A student registered in the BIT degree has student status at both Algonquin College and Carleton University. At Algonquin College the student is considered to be a post-secondary student; at Carleton University, the student is considered to be a degree student. Students registered in the BIT degree have access to all student services on the Carleton University campus and selected services on the Algonquin College campus.

Academic Regulations

The academic regulations governing the B.I.T. are the academic regulations of Carleton University. These regulations are defined in full in the Academic Regulations of the University section of this Calendar and apply to B.I.T. students on both campuses. Within the context of these regulations, B.I.T. is considered to be a non-honours degree, with a defined Major CGPA, and requires 20.0 credits. Courses with the designations BIT, IMD, IRM, NET, or OSS are not normally transferable to Engineering, Computer Science, or other programs at Carleton University.

Students should note that there are significant differences between the academic regulations of Carleton University and Algonquin College, it is the regulations of Carleton University that apply in all cases as related both to course registrations and program rules.

At Carleton University, the chief examination officer of the BIT is the Dean of Engineering and Design. At

Algonquin College, grades are approved by the Dean of the respective School.

Graduation

In order to graduate with the Bachelor of Information Technology Degree and the Advanced Diploma of Technology or Advanced Diploma of Applied Arts, the student must:

1. satisfy all requirements for the program of study;
2. be recommended for graduation by Bachelor of Information Technology Academic Council;
3. be approved for graduation by the Senate of Carleton University;
4. be approved for graduation by the Registrar of Algonquin College.

Discipline

The regulations, procedures and sanctions that apply to student discipline on either campus, both concerning Instructional Offences and Offences of Conduct are those of Carleton University and are described in the Carleton University Undergraduate Calendar. However, while students are on Algonquin's campus, they are expected to follow Algonquin's Directives regarding Student Misconduct and Use of Electronic Devices.

Co-operative Education

For more information about how to apply for the Co-op program and how the Co-op program works please visit the Co-op website.

All students participating in the Co-op program are governed by the Undergraduate Co-operative Education Policy.

Undergraduate Co-operative Education Policy

Admission Requirements

Students can apply to Co-op in one of two ways: directly from high school, or after beginning a degree program at Carleton.

If a student applies to a degree program with a Co-op option from high school, their university grades will be reviewed two terms to one year prior to their first work term to ensure they meet the academic requirements after their first or second year of study. The time at which the evaluation takes place depends on the program of study. Students will automatically receive an admission decision via their Carleton email account.

Students who did not request Co-op at the time they applied to Carleton can request Co-op after they begin their university studies. To view application instructions and deadlines, please visit carleton.ca/co-op.

To be admitted to Co-op, a student must successfully complete 5.0 or more credits that count towards their degree, meet the minimum CGPA requirement(s) for the student's Co-op option, and fulfil any specified course prerequisites. To see the unique admission and continuation requirements for each Co-op option, please refer to the specific degree programs listed in the Undergraduate Calendar.

Participation Requirements

Co-op Participation Agreement

All students must adhere to the policies found within the Co-op Participation Agreement.

COOP 1000

Once a student has been admitted to the Co-op Program, they will be given access to register in COOP 1000. This zero-credit online course must be completed at least two terms prior to the student's first work term.

Communication with the Co-op Office

Students must maintain contact with the Co-op Office during their job search and while on a work term. All email communication will be conducted via the students' Carleton email account.

Employment

Although every effort is made to ensure a sufficient number of job postings for all Co-op students, no guarantee of employment can be made. The Co-op job search process is competitive, and success is dependent upon factors such as current market conditions, academic performance, skills, motivation, and level of commitment to the job search. It is the student's responsibility to apply for positions via the Co-op job board in addition to actively conducting a self-directed job search. Students who do not obtain a co-op work term are expected to continue with their academic studies. It should be noted that hiring priority for positions within the Federal Government of Canada is given to Canadian citizens.

Registration

- Students must be registered as full-time during all fall and winter study terms beginning the term in which they enroll in COOP 1000.
- Students will be registered in a Co-op Work Term course while at work. This course does not carry academic course credit, but is noted on academic transcripts.
- Students may register in a 0.5 credit during a work term, provided the course is offered during the evening or is offered asynchronously online.
- Students must have at least one term of full-time studies left to complete following their final co-op work term. Students cannot end their degree on a work term.

Work Term Assessment and Evaluation

Work Term Evaluation

Employers are responsible for submitting to Carleton University final performance evaluations for their Co-op students at the end of their work terms.

Work Term Assessment

In order to successfully complete the co-op work term, students must receive a Satisfactory (SAT) grade on their Co-op Work Term Report, which they must submit at the completion of each four-month work term.

Graduation with the Co-op Designation

In order to graduate with the Co-op Designation, students must satisfy all requirements of the degree program in addition to the successful completion of three or four work terms (the number is dependent upon the student's academic program). Students found in violation of the Co-op Participation Agreement may have the Co-op Designation withheld.

Note: Participation in the co-op option will add up to one additional year for a student to complete their degree program.

Voluntary Withdrawal from the Co-op Option

Students who are currently on a co-op work term or who have already committed to a co-op work term either verbally or in writing may not leave the position and/or withdraw from the co-op option until they have completed the work term and all related requirements.

Involuntary or Required Withdrawal from the Co-op Option

Students may be removed from the Co-op Program for any of the following reasons:

1. Failure to achieve a grade of SAT in COOP 1000;
2. Failure to attend all interviews for positions to which the student has applied;
3. Declining more than one job offer during the job search;
4. Reneging on a co-op position that the student has accepted either verbally or in writing;
5. Continuing a job search after accepting a co-op position;
6. Dismissal from a work term by the co-op employer;
7. Leaving a work term without approval from the Co-op Management Team;
8. Receipt of an unsatisfactory work term evaluation;
9. Receiving a grade of UNS on the work term report.

International Students

All international students are required to possess a Co-op Work Permit issued by Immigration, Refugees and Citizenship Canada before they can begin working. The Co-operative Education Office will provide students with a letter of support to accompany their Co-op Work Permit application. Students are advised to discuss the application process and application requirements with the International Student Services Office.

Co-op Fees

All participating Co-op students are required to pay Co-op fees. For full details, please see the Co-op website.

Bachelor of Information Technology: Co-op Admission and Continuation Requirements

- Maintain full-time status in each study term;
- Be eligible to work in Canada (for off-campus work);
- Have successfully completed COOP 1000 .

In addition to the following:

1. Registered as a full-time student in the B.IT program;
2. Successfully completed 5.0 or more credits;
3. Obtained a Major CGPA of at least 8.00. This CGPA must be maintained throughout the duration of the degree.

B.IT students must successfully complete three (3) work terms to obtain the Co-op Designation.

Co-op Work Term Course: BIT 3999

Legend

S: Study

W: Work

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as *recommended*, it is not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Degree

- Bachelor of Information Technology (B.I.T.)

The Bachelor of Information Technology is offered jointly with Algonquin College.

Admission Requirements

First Year

To be eligible for admission to the first year of the Bachelor of Information Technology, the applicant must have the Ontario Secondary School Diploma (OSSD) or equivalent, including a minimum of six 4U or M courses.

For Information Resource Management: the six 4U or M courses must include English and one of Advanced Functions or Calculus and Vectors or Mathematics of Data Management.

For Interactive Multimedia and Design: the six 4U or M courses must include Advanced Functions. In addition, candidates for BIT in Interactive Multimedia and Design must submit a portfolio of any kind of creative work as part of their application. Detailed information about the portfolio requirements can be found at admissions.carleton.ca

For Network Technology: the six 4U or M courses must include one of Advanced Functions or Calculus and Vectors or Mathematics of Data Management (Calculus and Vectors recommended).

For Optical Systems & Sensors: the six 4U or M courses must include one of Advanced Functions or Calculus and Vectors or Mathematics of Data Management (Calculus and Vectors recommended). Additionally, 4U Physics is strongly recommended.

Advanced Standing

Applications to the Bachelor of Information Technology degree will be evaluated for advanced standing on an individual basis upon admission to the program. Advanced standing will be granted only for those subjects assessed as being appropriate for the program selected. Students will not receive credit for courses graded below C-.

Co-op Option

Direct Admission to the First Year of the Co-op Option
Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in one of the programs of the Information Technology degree stated in this section;
3. be eligible for work in Canada (for off-campus work placements).

Meeting the above requirements only establishes eligibility for admission to the program. The prevailing job market may limit enrolment in the Co-op option.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are described in the Co-operative Education Regulations section of this Calendar.

Information Resource Management (IRM) Courses

IRM 1002 [0.5 credit]

Reference and Information Services

Introduction to the theory and techniques needed to conduct reference interviews and interpret reference queries. Students learn to select and use general reference sources such as dictionaries, encyclopedias, directories, bibliographies, periodical indexes, almanacs, and handbooks in print, and electronic formats.

Includes: Experiential Learning Activity

Prerequisite(s): restricted to students in the B.I.T. degree program.

Lectures two hours a week, tutorial/laboratory two hours a week.

IRM 1003 [0.5 credit]

Collections management

Introduction to the principals of collections management including techniques and procedures for selecting, ordering and receiving library materials, accounting, collection development and automated acquisitions.

Students also learn policies and procedures required for circulation, document delivery and interlibrary loans.

Includes: Experiential Learning Activity

Prerequisite(s): restricted to students in the B.I.T. degree program.

Lectures two hours a week, tutorial/laboratory two hours a week.

IRM 1004 [0.5 credit]

Reader's Advisory Services

Students become familiar with fiction and non-fiction materials available to various categories of clients and learn how to market them. In addition, students further develop through various assignments their researching, writing, speaking, listening and communication skills.

Includes: Experiential Learning Activity

Prerequisite(s): Restricted to students in the B.I.T. degree program.

Lectures three hours a week.

IRM 1005 [0.5 credit]

Web Interface Development

Combining graphics, text, audio and video to develop websites on an individual basis and in groups, using latest versions of HyperText Markup Language(HTML), Cascading Style Sheets (CSS), JavaScript and data interchange formats such as Extensible Markup Language(XML) and JavaScript Object Notation(JSON).

Includes: Experiential Learning Activity

Prerequisite(s): Restricted to students in the B.I.T. degree program.

Lectures three hours a week, tutorial/laboratory one hour a week.

IRM 1006 [0.5 credit]

Subject Analysis and Indexing

Students learn the basic theory of subject analysis and indexing methods used to provide access to library materials and literature. Practical instruction makes use of thesauri, as well as standard subject heading lists, such as Sears and Library of Congress.

Includes: Experiential Learning Activity

Prerequisite(s): Restricted to students in the B.I.T. degree program.

Lectures two hours a week, tutorial/laboratory two hour a week.

IRM 1007 [0.5 credit]

Cataloguing

The catalogue is the main finding aid to the collection of the library. Students learn the basic principles and concepts of international standards used to describe library materials. In-class exercises, lectures and practical experience help students apply these cataloguing standards.

Includes: Experiential Learning Activity

Precludes additional credit for IRM 1001 (no longer offered).

Prerequisite(s): restricted to students in the B.I.T. program.

Lectures two hours a week, tutorial/laboratory two hours a week.

IRM 1008 [0.5 credit]

Introduction to Information Resource Management

Students develop understanding of the concepts of information retrieval, creation, evaluation, organization and client service. Knowledge of legal and ethical implications of information and current trends in the field is studied.

Through in-class lectures and hands-on activities, students gain an overview of the field.

Precludes additional credit for IRM 1000 (no longer offered).

Prerequisite(s): restricted to students in the B.I.T. degree program.

Lectures three hours a week.

IRM 2002 [0.5 credit]

Legal and Business Information

Students develop skills in planning and executing information searches and evaluating print and electronic resources. Students learn to locate information on selected topics, compile subject-specific annotated bibliographies and instruct library clients in the use of specialized materials and databases.

Includes: Experiential Learning Activity

Prerequisite(s): IRM 1002.

Lectures two hours a week, tutorial/laboratory two hours a week.

IRM 2003 [0.5 credit]**Classification**

How to interpret and apply Dewey Decimal and Library of Congress Classification systems. Also includes analysis of the subject content of materials, building notation, using tables, shelf-listing techniques and creating unique book numbers.

Includes: Experiential Learning Activity

Prerequisite(s): IRM 1006.

Lectures two hours a week, tutorial/laboratory one hour a week.

IRM 2004 [0.5 credit]**Information Management and Digital Preservation**

Essentials of information management in an organization including the life cycle management of files in paper and the electronic environment. This course will also cover contemporary issues in information management and digital preservation.

Includes: Experiential Learning Activity

Prerequisite(s): IRM 1008.

Lectures two hours a week, tutorial/laboratory one hour a week.

IRM 2005 [0.5 credit]**Advanced Cataloguing**

Libraries purchase and provide access to a wide variety of print and electronic resources. Building on work done in IRM 1007, students learn to interpret international cataloguing standards to describe more complex materials. In-class exercises, lectures and practical experience help students apply these cataloguing standards.

Includes: Experiential Learning Activity

Precludes additional credit for IRM 2001 (no longer offered).

Prerequisite(s): IRM 1007.

Lectures two hours a week, tutorial/laboratory two hours a week.

IRM 2006 [0.5 credit]**Data Visualization**

Web-based data visualization techniques and systems. Good design practices for visualization, tools for visualization of data from a variety of fields, and programming of interactive web-based visualizations focusing on JavaScript, CSS, and related libraries.

Includes: Experiential Learning Activity

Also listed as ITEC 2100.

Prerequisite(s): IRM 1005 and BIT 1400.

Lectures/labs five hours a week.

IRM 3001 [0.5 credit]**Scientific and Medical Information**

Students enhance their knowledge of print and electronic reference sources in science and technology. Students learn to compile specialized subject-specific bibliographies and assignments provide training in the use of science and technology reference sources.

Includes: Experiential Learning Activity

Prerequisite(s): IRM 2002.

Lectures two hours a week, tutorial/laboratory two hours a week.

IRM 3003 [0.5 credit]**Legal Issues in Information Resource Management**

In-depth analysis and assessment of copyright and other forms of intellectual property. Legal issues related to information technology. Topics may include privacy, surveillance and monitoring, access to information, freedom of expression, Charter and human rights issues, and security.

Includes: Experiential Learning Activity

Prerequisite(s): Restricted to students in the B.I.T. degree program.

Lectures three hours a week.

IRM 3004 [0.5 credit]**Project management**

Identification, selection, initiation, and organization of projects. Risk assessment, budget issues, communication, project scheduling, performance monitoring and control. Emphasis on practical techniques related to the field of information management using case studies.

Includes: Experiential Learning Activity

Prerequisite(s): third year standing in the Information resource management program.

Lectures two hours a week, tutorial/laboratory two hours a week.

IRM 3006 [0.5 credit]**Data Analysis and Research Methodology**

Introduction to the logic and design of research.

Qualitative and quantitative research methodology with emphasis on the application and interpretation of statistical techniques for data analysis. May include, but are not limited to, bivariate and multivariate analysis, distribution analysis, visual data analysis, market basket analysis.

Includes: Experiential Learning Activity

Precludes additional credit for IRM 3002 (no longer offered).

Prerequisite(s): BIT 2009 or equivalent.

Lectures three hours a week.

IRM 3007 [0.5 credit]**Practicum for IRM**

Students will design and complete a project related to information management under the supervision of a faculty member or librarian. This course provides the opportunity to apply knowledge gained in previous courses.

Includes: Experiential Learning Activity

Prerequisite(s): third-year standing in the Information resource management program.

Tutorial/laboratory eight hours a week.

IRM 3008 [0.5 credit]**Metadata for IRM**

Students develop an understanding of key metadata schema and apply standards to describe range of digital resources. The metadata schemes include focus on Dublin Core (DC) and MODS with select coverage of specialist schema. Through in-class lectures and hands-on activities, students apply metadata schemes.

Includes: Experiential Learning Activity

Precludes additional credit for IRM 3000 (no longer offered).

Prerequisite(s): IRM 2005.

Lectures two hours a week, tutorial/laboratory two hours a week.

IRM 4000 [0.5 credit]**Library Software**

Using skills and knowledge of automated systems already developed in introductory courses, students learn the theory and receive the hands-on practice needed to use library databases. A component on choosing and comparing library software is included.

Includes: Experiential Learning Activity

Prerequisite(s): Restricted to students in the B.I.T. degree program.

Lectures two hours a week, tutorial/laboratory one hour a week.

IRM 4001 [0.5 credit]**Archives and Special Collections**

Principles and methods used by archivists and record managers in organizing their collections for better access and retrieval. Students also learn aspects of physical bibliography, the book trade, preservation and conservation of books and how to exhibit such material.

Includes: Experiential Learning Activity

Prerequisite(s): Restricted to students in the B.I.T. degree program.

Lectures three hours a week.

IRM 4002 [0.5 credit]**Network Technology**

Foundation knowledge for computer networks and communications. Topics include basic network design, layered communications models, IP addressing and subnets, and industry standards for networking media and protocols, with an emphasis on TCP/IP protocol suite and Ethernet environments.

Includes: Experiential Learning Activity

Lectures two hours a week, tutorial/laboratory one hour a week.

IRM 4004 [0.5 credit]**Applied Machine Learning and Big Data Analytics**

Introduction to Machine Learning and Big Data Analytics.

Topics include: Association Rule Mining, Classification, Clustering, Linear and Logistic Regression, Distributed File System, Batch and Stream Data Processing, and other related. Applications on other domains such as multimedia, networks, finance, and/or business.

Includes: Experiential Learning Activity

Prerequisite(s): IRM 3006.

Lectures three hours a week.

IRM 4005 [0.5 credit]**Introduction to Deep Learning**

Introduction to classification and regression. Optimization, vectorization, gradient descent, cost, loss and activation functions. Introduction and basics to AI, Artificial Neural Networks, forward and backward propagation, Multi Layer Perceptron, and other types of Deep Neural Network models, their applications in multimedia, networks, finance, etc.

Includes: Experiential Learning Activity

Also listed as OSS 4005.

Prerequisite(s): BIT 2009 and BIT 2400.

Lectures three hours a week.

IRM 4900 [1.0 credit]**IRM Capstone Project**

Student-initiated project developed in association with a project supervisor and external information resource management advisor. Project is supported by a written report, seminar discussions and final presentation. All proposals must be approved by the IRM Program Project Committee.

Includes: Experiential Learning Activity

Prerequisite(s): IRM 3004, IRM 3007 or LIB 2030 and LIB 2047 and fourth year standing in the IRM program.

Tutorial hours arranged.

Information Technology (BIT) Courses

BIT 1000 [0.5 credit]

Mathematics I for NET

Tailored for students in the Network Technology program, this course covers basic concepts in functions (polynomials, exponential, logarithmic) and introduces concepts of limits, derivatives and rules of differentiation, applications of differentiation (max-min problems, curve sketching) and integration.

Includes: Experiential Learning Activity

Precludes additional credit for BIT 1100, BIT 1200, ECON 1401, ECON 1402, MATH 1002 (no longer offered), MATH 1004, MATH 1007, MATH 1009, MATH 1052, MATH 1401, MATH 1402.

Prerequisite(s): restricted to students in the B.I.T. degree program.

Lectures three hours a week, tutorial/laboratory one hour a week.

BIT 1001 [0.5 credit]

Mathematics II for NET

Tailored for students in the Network Technology program, this course covers systems of linear equations, vector space of n-tuples, subspaces and bases, matrix transformations, kernel, range, matrix algebra and determinants, inner products and orthogonality, eigenvalues, diagonalization and applications.

Includes: Experiential Learning Activity

Precludes additional credit for BIT 1101, BIT 1201, ECON 1401, ECON 1402, MATH 1104, MATH 1107, MATH 1119, MATH 1152, MATH 1401, MATH 1402.

Lectures three hours a week, tutorial and laboratory one hour a week.

BIT 1002 [0.5 credit]

Physics for Information Technology I

An introductory course on energy, thermodynamics, sound and electromagnetic waves, optics, and modern physics. Practical skills are learned in the laboratory, which is a required part of the course.

Includes: Experiential Learning Activity

Precludes additional credit for BIT 1203, PHYS 1001, PHYS 1003, PHYS 1007, PHYS 1107.

Prerequisite(s): BIT 1100.

Lectures three hours a week, tutorial three hours/ laboratory three hours alternate weeks.

BIT 1006 [0.5 credit]

Achieving Success in Changing Environments

Students explore the possibilities ahead, assess their own aptitudes and strengths, and apply critical thinking and decision-making tools to help resolve some of the important issues in our complex society with its competing interests.

Prerequisite(s): Restricted to students in the B.I.T. degree program.

Lectures three hours a week.

BIT 1007 [0.5 credit]

Physics for NET

An introductory course on energy, electrical networks (AC and DC circuits, resistance, impedance, capacitance), electrostatics (electric fields, static electricity), electromagnetism, electromagnetic waves, optics, and other topics in modern physics. Practical skills are learned in the laboratory, which is a required part of the course.

Precludes additional credit for BIT 1003 (no longer offered), BIT 1204, PHYS 1002, PHYS 1004, PHYS 1008, PHYS 1108.

Prerequisite(s): BIT 1000, Restricted to students in the B.I.T. degree program.

Lectures three hours a week, tutorial three hours/ laboratory three hours alternate weeks

BIT 1100 [0.5 credit]

Mathematics I for IMD

Tailored for students in the Interactive Multimedia Design program, this course covers basic concepts in functions (polynomials, exponential, logarithmic) and introduces concepts of limits, derivatives and rules of differentiation, applications of differentiation (max-min problems, curve sketching) and integration.

Includes: Experiential Learning Activity

Precludes additional credit for BIT 1000, BIT 1200, ECON 1401, ECON 1402, MATH 1002 (no longer offered), MATH 1004, MATH 1007, MATH 1009, MATH 1052, MATH 1401, MATH 1402.

Prerequisite(s): restricted to students in the B.I.T. degree program.

Lectures three hours a week, tutorial/laboratory one hour a week.

BIT 1101 [0.5 credit]

Mathematics II for IMD

Tailored for students in the Interactive MultiMedia Design program, this course covers systems of linear equations, vector space of n-tuples, subspaces and bases, matrix transformations, kernel, range, matrix algebra and determinants, inner products and orthogonality, eigenvalues, diagonalization and applications.

Includes: Experiential Learning Activity

Precludes additional credit for BIT 1001, BIT 1201, ECON 1401, ECON 1402, MATH 1104, MATH 1107, MATH 1119, MATH 1152, MATH 1401, MATH 1402.

Lectures three hours a week, tutorial and laboratory one hour a week.

BIT 1200 [0.5 credit]**Calculus**

Limits. Differentiation of the elementary functions, including trigonometric functions. Rules of differentiation. Applications of differentiation: max-min problems, curve sketching, approximations. Introduction to integration: definite and indefinite integrals, areas under curves, fundamental theorem of calculus.

Includes: Experiential Learning Activity

Precludes additional credit for BIT 1000, BIT 1100, MATH 1002 (no longer offered), MATH 1004, MATH 1007, MATH 1009, MATH 1052, MATH 1401/ECON 1401, MATH 1402/ECON 1402.

Prerequisite(s): Ontario Grade 12 Mathematics: Advanced Functions; or MATH 0005 and MATH 0006; or equivalent.

Restricted to students in the B.I.T. degree program.

Lectures three hours a week, tutorial/laboratory one hour a week.

BIT 1201 [0.5 credit]**Linear Algebra**

Systems of linear equations; vector space of n-tuples, subspaces and bases; matrix transformations, kernel, range; matrix algebra and determinants. Dot product. Complex numbers (including de Moivre's Theorem, and n-th roots). Eigenvalues, diagonalization and applications.

Note: MATH 1119 is not an acceptable substitute for BIT 1201.

Includes: Experiential Learning Activity

Precludes additional credit for BIT 1001, BIT 1101, MATH 1102 (no longer offered), MATH 1104, MATH 1107, MATH 1119, MATH 1152, MATH 1401/ECON 1401, MATH 1402/ECON 1402.

Prerequisite(s): Ontario Grade 12 Mathematics: Advanced Functions, or MATH 0005, or equivalent, or permission of the School. restricted to students in the B.I.T. degree program.

Lectures three hours a week, tutorial and laboratory one hour a week.

BIT 1203 [0.5 credit]**Newtonian Physics**

Mechanics, properties of matter, thermodynamics.

Applications chosen in part from the life sciences.

Includes: Experiential Learning Activity

Precludes additional credit for BIT 1002, PHYS 1001, PHYS 1003, PHYS 1007, PHYS 1107.

Prerequisite(s): (i) Grade 12 Mathematics: Advanced Functions or equivalent; or (ii) Grade 12 Mathematics: Calculus and Vectors or equivalent, or MATH 1007 or BIT 1200 (may be taken concurrently); or (iii) permission of the Department. Restricted to students in the B.I.T. degree program.

Lectures three hours a week, laboratory or tutorial three hours a week.

BIT 1204 [0.5 credit]**Electromagnetism & Modern Physics**

Electricity and magnetism, DC and AC circuits, wave motion and light. Elements of modern physics.

Applications chosen in part from the life sciences.

Includes: Experiential Learning Activity

Precludes additional credit for BIT 1003 (no longer offered), BIT 1007, PHYS 1002, PHYS 1004, PHYS 1008, PHYS 1108.

Prerequisite(s): BIT 1203 or PHYS 1001 or PHYS 1003 or PHYS 1007 or permission of the Department. Restricted to students in the B.I.T. degree program.

Lectures three hours a week, laboratory or tutorial three hours a week.

BIT 1400 [0.5 credit]**Introduction to Programming and Problem Solving**

Introduction to basic concepts of procedural programming and algorithm design in C. Topics include: basic variables, functions, operators, program control with iteration and conditionals, I/O operations, text and file processing, structures, arrays, pointers, debugging, algorithmic thinking and pseudocode, computer architecture, operating systems, and libraries.

Includes: Experiential Learning Activity

Precludes additional credit for COMP 1005, COMP 1405, ITEC 1400, ITEC 1401.

Prerequisite(s): Restricted to students in the B.I.T. degree program.

Lectures three hours a week, tutorial/laboratory three hours a week.

BIT 2000 [0.5 credit]**Probability for Technology**

This course covers data analysis, introduction to probability theory, some standard discrete and continuous distributions and their application to interval estimation and significance testing, computational aspects of statistics.

Includes: Experiential Learning Activity

Precludes additional credit for BIT 2009, DATA 1517, ECON 2210, ENST 2006, GEOG 2006, STAT 2507, STAT 2606, STAT 3502.

Prerequisite(s): restricted to students in the BIT degree program.

Lectures three hours a week, tutorial/laboratory one hour a week.

BIT 2001 [0.5 credit]**Introduction to Business**

An overview of the most fundamental business functions. The management of people, human resources, marketing, accounting and finances, business law and operations.

Includes: Experiential Learning Activity

Precludes additional credit for BUSI 1800.

Prerequisite(s): restricted to students in the B.I.T. degree program.

Lectures: three hours a week.

BIT 2002 [0.5 credit]**Marketing in the IT sector**

Basic problems and practices in marketing. Marketing strategies, planning, packaging, branding and promotion at the level of the individual firm; distribution channels.

Includes: Experiential Learning Activity

Precludes additional credit for BUSI 2204.

Prerequisite(s): restricted to students in the B.I.T. degree program.

Lectures three hours a week.

BIT 2006 [0.5 credit]**Elective**

Students must choose from among a list of approved

Electives at Algonquin College.

Prerequisite(s): restricted to students in the B.I.T. degree program.

Lectures three hours a week, or as arranged.

BIT 2008 [0.5 credit]**Multimedia Data Management**

Concepts and fundamentals of database systems.

Design of relational databases, normalisation, referential integrity, structured query language (SQL), server-side scripting, organisation of multimedia content, dynamic page loading, storage and compression of media, media network considerations, digital watermarking and rights management.

Includes: Experiential Learning Activity

Precludes additional credit for ITEC 2000, IMD 2000 (no longer offered), IRM 2000 (no longer offered).

Prerequisite(s): BIT 1400 and IMD 1005 or IRM 1005.

Lecture three hours a week, tutorial/laboratory two hours a week.

BIT 2009 [0.5 credit]**Statistics for Technology**

This course covers statistical data analysis with an emphasis on hypothesis testing including parametric tests (e.g., t-tests, ANOVA) and non-parametric tests (e.g., Kruskal-Wallis, Friedman, chi-square), correlation and linear regression. Provides an introduction to probability theory and distributions (e.g. binomial, normal).

Includes: Experiential Learning Activity

Precludes additional credit for BIT 2000, DATA 1517, ECON 2210, ENST 2006, GEOG 2006, STAT 2507, STAT 2606, and STAT 3502.

Prerequisite(s): Restricted to students in the BIT degree program.

Lectures three hours a week, tutorial/laboratory one hour a week.

BIT 2010 [0.5 credit]**Differential Equations & Multivariate Calculus**

Curves and surfaces. Polar, cylindrical and spherical coordinates. Partial derivatives, gradients, extrema and Lagrange multipliers. Exact differentials. Multiple integrals over rectangular and general regions. Integrals over surfaces. Line integrals. Vector differential operators.

Green's Theorem, Stokes' theorem, Divergence Theorem.

Applications.

Prerequisite(s): BIT 1200.

Lectures three hours a week, tutorial one hour a week.

BIT 2400 [0.5 credit]**Intermediate Programming**

Introduction to object-oriented programming and algorithm design in C++. Topics include code and data encapsulation using classes and objects, inheritance, polymorphism, object-oriented design, data and code abstraction, program efficiency, user interface objects, event-driven systems, and an introduction to linked-lists and searching.

Includes: Experiential Learning Activity

Precludes additional credit for COMP 1006, COMP 1406, ITEC 2400, ITEC 2401.

Prerequisite(s): BIT 1400. Restricted to students in the B.I.T. degree program.

Lectures three hours a week, tutorial/laboratory three hours a week.

BIT 3999 [0.0 credit]**Co-operative Work Term**

Includes: Experiential Learning Activity

BIT 4000 [0.5 credit]**Directed Studies**

Independent study under the supervision of a member of the School of Information Technology, open only to students in the B.I.T. program. Students are required to obtain their supervisor's written approval prior to registration and are limited to one such course in their program.

Includes: Experiential Learning Activity

Prerequisite(s): permission of the School of Information Technology.

BIT 4001 [0.5 credit]**Special Topics in Information Technology**

Topics not ordinarily treated in the regular course program due to their contemporary subject matter. The choice of topics varies from year to year.

Prerequisite(s): third-year standing in the BIT Program or permission of the department.

Lecture three hours a week.

Interactive Multimedia and Design (IMD) Courses

IMD 1000 [0.5 credit]

Introduction to Interactive Multimedia Design

Introduction to interactive multimedia and design, focused on the production and processes of animation, visual fx, game design and development, web design and development, and user experience/interfaces. Topics include: mark-up languages, design process/problem-solving tools, human-centered design, product development, ethics, and copyright and intellectual property.

Includes: Experiential Learning Activity

Precludes additional credit for ITEC 1100.

Prerequisite(s): Restricted to students in the B.I.T. degree program.

Lecture three hours a week.

IMD 1001 [0.5 credit]

Visual Communication

Visual communication techniques commonly used to draft concepts and ideas to support scripts for film, animation, HCI, and/or game development. Topics include: storyboarding, composition, vanishing point, line quality, visual timing, perspective, depth of field, body language and life drawing. A digital drawing tablet is required.

Includes: Experiential Learning Activity

Prerequisite(s): IMD 1000 and IMD 1002.

Workshop three hours a week.

IMD 1002 [0.5 credit]

Visual Dynamics

Fundamentals of composition with emphasis on realistic rendering. Students learn how to execute thumbnails and design comprehensives. Topics include illustration, type, colour, texture, proximity and unity, alignment, repetition and continuity, contrast, size relationships, balance, rhythm, negative space, cropping and view selection.

Includes: Experiential Learning Activity

Prerequisite(s): restricted to students in the B.I.T. degree program.

Workshop three hours a week.

IMD 1004 [0.5 credit]

Design Processes

Design fundamentals using industry standard software techniques and workflow are explored. Topics include: gestalt principles, grids systems, colour, texture, raster and vector image production, and typography. Students design for publication to output such as Web, print, and electronic book formats. Required digital drawing tablet.

Includes: Experiential Learning Activity

Prerequisite(s): restricted to students in the B.I.T. degree program.

Workshop three hours a week.

IMD 1005 [0.5 credit]

Web Development

Introduction to Web development. Combining graphics, text, audio, and video to create Web sites; developing different, major working Web sites on an individual basis and in groups, using valid xHTML, cascading style sheets (CSS), JavaScript and XML structures.

Includes: Experiential Learning Activity

Precludes additional credit for ITEC 1005.

Workshop five hours a week.

IMD 2003 [0.5 credit]

Audio and Video

The creation, production and editing of audio and video for multimedia applications. Topics include single camera recording and capture techniques through to post-production editing. Emphasis is placed on production and operation skills while adhering to industry standard costs and deadlines.

Includes: Experiential Learning Activity

Prerequisite(s): IMD 1000 and IMD 1002.

Workshop four hours a week.

IMD 2006 [0.5 credit]

Introduction to Game Design and Development

Basic concepts in the design and development of computer games, including: fundamentals of production cycle, genres, gameplay and game mechanics, story and character development, level design, artificial intelligence for games, game user interface, and common development tools.

Includes: Experiential Learning Activity

Prerequisite(s): BIT 2400 and second-year standing in the IMD program.

Lecture three hours a week, tutorial/laboratory two hours a week.

IMD 2007 [0.5 credit]

Intro to 3D Animation

Introduction to the basics of 3D computer animation.

Topics include: introduction of 3D animation packages, 12 Principles of Animation, character design, character animation (walking/locomotion, motion, and poses), soft-body animation (shape interpolation and facial animation), and acting for animators.

Includes: Experiential Learning Activity

Precludes additional credit for IMD 2005 (no longer offered).

Prerequisite(s): BIT 1002 and second-year standing in the IMD program.

Lecture/workshop three hours a week.

IMD 2900 [1.0 credit]**Design Studio 1**

Advanced practical studio-based sessions focused on project management. Topics include: project management styles, team collaboration techniques, prototyping, project and content management, marketing, and testing/validation. The studio emphasizes the management of web design and development projects.

Includes: Experiential Learning Activity

Prerequisite(s): second-year standing in the IMD program.

Studio/lecture eight hours a week.

IMD 3002 [0.5 credit]**3D Computer Graphics**

Technical aspects of 3D computer graphics.

Homogeneous transformations, viewing pipeline, cinematography, modeling techniques (explicit and implicit), scene composition, level of detail methods, advanced lighting techniques (BRDF, IBL, subsurface-scattering), 2D/3D texturing, local/global illumination, rendering methods, and shaders.

Includes: Experiential Learning Activity

Prerequisite(s): BIT 1101, BIT 2400 and IMD 3900.

Lectures three hours a week, tutorial/laboratory two hours per week.

IMD 3004 [0.5 credit]**Human Computer Interaction and Design**

Introduction to concepts centered on Human-Computer Interaction from hardware and software perspectives. Topics include design principles, usability principles and engineering, solving user-centred problems, device interaction, and graphical user interface design (2D and 3D interfaces).

Includes: Experiential Learning Activity

Precludes additional credit for COMP 2008.

Prerequisite(s): BIT 2009 and third-year standing in the IMD program.

Lecture three hours a week, tutorial/laboratory two hours a week.

IMD 3005 [0.5 credit]**Sensor-Based Interaction**

Development of interactive applications that connect the physical and virtual space. Topics include using external devices and sensor hardware, sensing objects and people, gestural input, computer vision, processing of live audio input, and networked software and devices.

Includes: Experiential Learning Activity

Prerequisite(s): BIT 2400.

Lecture/ workshop four hours a week.

IMD 3006 [0.5 credit]**Software Design for Multimedia Applications**

Provides students with knowledge and expertise to design and develop complex software systems and programs for common multimedia applications. Topics include: data structures, system and requirement analysis, component identification, common design patterns, and working with reusable components.

Includes: Experiential Learning Activity

Prerequisite(s): BIT 2400.

Lecture three hours a week, tutorial/laboratory two hours a week.

IMD 3900 [1.0 credit]**Design Studio 2**

Intermediate practical studio sessions covering the creative aspects of 3D graphics and animation. Topics include: environment and character modeling, texturing, using bump/displacement maps, advanced materials, 3D cameras, various lighting, keyframe animation, and rendering methods.

Includes: Experiential Learning Activity

Prerequisite(s): IMD 2007 and third-year standing in the IMD program.

Studio/lecture eight hours a week.

IMD 3901 [1.0 credit]**Design Studio 3**

Studio-based course focuses on interdisciplinary group work, and the use of reality-based/ natural-based interfaces for multiuser interaction, understanding social and environmental context in physical design, basic networking, advanced sound design, and haptic feedback.

Includes: Experiential Learning Activity

Prerequisite(s): third-year standing in the IMD program, IMD 2900 and IMD 3005.

Studio/lecture eight hours a week.

IMD 4002 [0.5 credit]**Technology and Culture**

An examination of the relationship between communication technology and society. The course examines the factors that contribute to changes in the collection, storage and distribution of information and the cultural implications of these changes.

Includes: Experiential Learning Activity

Prerequisite(s): third-year standing in the IMD program.

Seminar three hours a week.

IMD 4005 [0.5 credit]**Advanced Topics in Multimedia**

Advanced topics in multimedia industry not ordinarily treated in the regular course program due to their contemporary subject matter. The choice of topics varies from year to year.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year standing in the IMD program.

Lecture three hours a week.

IMD 4006 [0.5 credit]**Advanced Game Design and Development**

Provides students with knowledge and expertise to design and develop professional computer games with advanced and novel features. Topics include: game feel, game analysis techniques, prototyping & playtesting, inclusive/accessible design, interaction design, simulations in games, procedural content generation, and game research.

Includes: Experiential Learning Activity

Prerequisite(s): BIT 1100, IMD 2006 and IMD 3002.

Lecture three hours a week, tutorial/laboratory two hours a week.

IMD 4008 [0.5 credit]**Mobile User Interface Design and Development**

Design, development, and evaluation of user interfaces for mobile applications. Topics include: user-centered design methods and develop mobile applications employing the various input and output capabilities available on mobiles, e.g., multi-touch, device motion/rotation, video/audio capture, vibration.

Includes: Experiential Learning Activity

Prerequisite(s): IMD 3004 and IMD 3006.

Lecture three hours a week, tutorial/laboratory two hours a week.

IMD 4901 [1.5 credit]**IMD Capstone Project**

Student-initiated digital media project, under the supervision of a project advisor, consisting of complete end-to-end production, from design to final product. Development will be assessed via design documents, project plans, progress presentations, culminating in a final exposition in front of a panel of industry experts.

Includes: Experiential Learning Activity

Prerequisite(s): IMD 2900, IMD 3004, IMD 3900, IMD 3901 and fourth-year standing in the IMD program.

Tutorial hours arranged.

Network Technology (NET) Courses**NET 1001 [0.5 credit]****Computer Technology Basics**

Construction and function of PCs. Introduces technical concepts and terminology relating to system boards, system busses, input/output devices, memory, microprocessors and peripherals. Interaction of software and hardware; data storage; performance issues.

Includes: Experiential Learning Activity

Prerequisite(s): restricted to students in the B.I.T. degree program.

Lectures two hours a week, tutorial/laboratory two hours a week.

NET 1002 [0.5 credit]**Networking Fundamentals**

Foundation knowledge for computer networks and communications. Topics include basic network design, layered communications models, IP addressing and subnets, and industry standards for networking media and protocols, with an emphasis on TCP/IP protocol suite and Ethernet environments.

Includes: Experiential Learning Activity

Prerequisite(s): restricted to students in the B.I.T. degree program.

Lectures three hours a week, tutorial/laboratory two hours a week.

NET 1006 [0.5 credit]**Routing and Switching**

Introduction to routing and switching concepts including, static and dynamic routing, trunking and VLANs. Topics include configuring routers and switches and resolving common configuration and reachability issues.

Includes: Experiential Learning Activity

Prerequisite(s): NET 1002.

Lecture three hours a week, tutorial/laboratory three hours a week.

NET 2000 [0.5 credit]**Intermediate Networking**

Architecture, components and operations of routers and switches in Enterprise networks. Topics include configuration and troubleshooting of OSPF, including Multi-area, redundancy, NAT and troubleshooting techniques.

Includes: Experiential Learning Activity

Prerequisite(s): NET 1006.

Lectures three hours a week, tutorial/laboratory two hours a week.

NET 2007 [0.5 credit]**Basics of Transmission Systems**

Introduction to the fundamentals of information transmissions systems used in physical layer of the Internet. Covers time- and frequency-domain concepts, digital and analog transmission, signal encoding, sampling, modulation, demodulation, error detection and correction. Examples: DSL, Cable modem, and wireless LAN. Includes: Experiential Learning Activity.
Includes: Experiential Learning Activity
Prerequisite(s): BIT 1001 and BIT 1007.
Lectures three hours a week, tutorial/laboratory three hours a week.

NET 2008 [0.5 credit]**DevOps**

Exposure to unifying software development (Dev) and software operation (Ops). Use of Python to monitor and automate network management tasks.
Prerequisite(s): BIT 2400.
Lectures three hours a week, tutorial/laboratory three hours a week.

NET 2010 [0.5 credit]**Desktop and Server Environments I**

Using Linux and Windows Server, study of the basic features such as file system, system utilities, memory management, boot process troubleshooting and UI customizations. Client-Server architecture is examined with a focus on basic Server configuration and administration. Includes: Experiential Learning Activity.
Includes: Experiential Learning Activity
Precludes additional credit for NET 2002 (no longer offered).
Prerequisite(s): NET 1001.
Lecture two hours a week, tutorial/laboratory two hours a week.

NET 2011 [0.5 credit]**Desktop and Server Environments II**

Using Unix and Linux Operating systems, study of the command line and network Server operating environments. Configuring Services and Protocols such as DNS, NTP, SSH, SMB, SMTP, POP3, IMAP, HTTP, and DHCP. Basic Server security using firewalls is also introduced. Includes: Experiential Learning Activity.
Includes: Experiential Learning Activity
Precludes additional credit for NET 2003 (no longer offered).
Prerequisite(s): NET 2010.
Lecture two hours a week, tutorial/laboratory two hours a week.

NET 2012 [0.5 credit]**Networking Technologies and Automation**

Enterprise technologies and QoS mechanisms used for networks access. Topics include virtualization, and automation concepts. Software-defined networking, controller-based architectures and how application programming interfaces (APIs) enable network automation.
Includes: Experiential Learning Activity
Precludes additional credit for NET 2001 (no longer offered).
Prerequisite(s): NET 2000.
Lectures three hours a week, tutorial/laboratory two hours a week.

NET 2013 [0.5 credit]**Computer Systems Foundations**

Introduction to the design and implementation of digital circuits and microprocessors. Topics include: binary numbers and arithmetic, fundamentals of boolean algebra, combinational circuits, sequential circuits, computer architecture and organization: CPU, cache, memory, input/output, bus structures, interrupts, computer arithmetic, CPU assembly instruction sets.
Includes: Experiential Learning Activity
Precludes additional credit for NET 1004 (no longer offered), PLT 1007 (no longer offered), NET 2009 (no longer offered), PLT 2009 (no longer offered), OSS 2009.
Prerequisite(s): BIT 2400.
Lectures three hours a week, tutorial/laboratory one hour a week.

NET 3000 [0.5 credit]**Database Concepts and SQL**

Concepts and fundamentals of relational database systems. Students learn how to design relational databases starting from a conceptual data model, following accepted logical and physical design principles. Topics include normalisation, referential integrity, SQL, DDL and SQL DML & ODBC and data extraction/filtering techniques.
Includes: Experiential Learning Activity
Prerequisite(s): second-year standing in the Networking program.
Lecture two hours a week, tutorial/laboratory two hours a week.

NET 3001 [0.5 credit]**Real-time Systems**

Principles of event-driven systems, review of computer organization; parallel and serial interfaces; programmable timer; I/O methods; polling and interrupts. Real-time kernels. Critical design consideration: concurrency, dead lock, synchronization. Maintaining and improving system performance. Programming exercises in low and high level languages.

Includes: Experiential Learning Activity

Also listed as OSS 3001.

Prerequisite(s): NET 2013.

Lectures three hours a week, tutorial/laboratory two hours a week.

NET 3004 [0.5 credit]**Data Structures**

Specification and design of abstract data types and their implementation as stacks, queues, trees, tables and graphs. Common and useful examples. Parsing and finite state machines. Analysis of algorithms, recursion, re-entrance. Special focus: abstraction, interface specification and hierarchical design using object-oriented programming.

Includes: Experiential Learning Activity

Also listed as OSS 3004.

Precludes additional credit for PLT 3010 (no longer offered).

Prerequisite(s): BIT 2400.

Lectures three hours a week, tutorial/laboratory two hours a week.

NET 3006 [0.5 credit]**Network Management and Machine Learning**

Key network management models, protocols, and standards (such as SNMP, NETCONF, NetFlow). Introduction to machine learning (topics may include decision trees, numerical computations for learning, deep feedforward networks, etc.) and its application in network management. Security issues in networking management.

Includes: Experiential Learning Activity

Prerequisite(s): BIT 2000, NET 3000 and NET 3004.

Lectures three hours a week, tutorial/laboratory two hours a week.

NET 3007 [0.5 credit]**Network Security**

Basics of network security. Students are introduced to the goals of IT security, common threats and countermeasures including firewalls, intrusion detection and prevention systems (IDPS) and virtual private networks. Several operating environments will be studied as examples. Also includes a section on computer ethics.

Includes: Experiential Learning Activity

Prerequisite(s): NET 2012.

Lectures two hours a week, tutorial/laboratory three hours a week.

NET 3008 [0.5 credit]**Advanced Network Routing**

Routing IP at the enterprise level, within and between, autonomous systems. Advanced control and optimization of routing protocols and manipulation of traffic paths with multiple routing protocols. Working knowledge of Internet reachability via BGP.

Includes: Experiential Learning Activity

Prerequisite(s): NET 2012.

Lectures three hours a week, tutorial/laboratory three hours a week.

NET 3010 [0.5 credit]**Web Programming**

Architectures, protocols, and languages used to develop dynamic Web content, including Hypertext Markup and Hypertext Formatting Languages (HTML, XML, CSS), Universal Resource Identifiers (URI), and the Hypertext Transport Protocol (HTTP). JavaScript and PHP are used to model cross-platform web programming.

Includes: Experiential Learning Activity

Prerequisite(s): BIT 2400, NET 3000.

Lectures three hours a week, tutorial/laboratory two hours a week.

NET 3011 [0.5 credit]**Advanced Network Switching**

VLANs and inter-VLAN routing in a multilayer switched environment. Variants of STP and the use of related enhancements. Techniques for network redundancy and load balancing. Securing a switched infrastructure. Architectures and techniques for delivering converged traffic in an enterprise environment.

Includes: Experiential Learning Activity

Prerequisite(s): NET 2012.

Lectures three hours a week, tutorial/laboratory three hours a week.

NET 3012 [0.5 credit]**IP Architectures and Solutions**

An exploration of various deployment options that can be implemented atop an IP network core. The focus is on technologies including MPLS and Segment Routing that serve to enhance IP service delivery and connectivity leveraging the IP infrastructure. Includes Layer 2 and 3 tunneling techniques.

Includes: Experiential Learning Activity

Prerequisite(s): NET 3008.

Lectures three hours a week, tutorial/laboratory two hours a week.

NET 3900 [0.5 credit]**Wireless Networks**

Design and configuration of Wi-Fi networks as used in commercial and enterprise venues. Topics include 802.11 family of protocols, wireless transmission, RF design, security methods and protocols, and system design. Topologies include campus, bridge and remote access.

Includes: Experiential Learning Activity

Prerequisite(s): NET 2007.

Lectures two hours a week, tutorial/laboratory three hours a week.

NET 4000 [0.5 credit]**Emerging Network Technologies**

Overview of technologies, protocols and techniques related to Information Technology networking that are either in their early stage of adoption or are not yet mainstream (i.e. beta or prototype stage). Focus will vary from year to year to reflect the evolutionary nature of this domain.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year standing in the Networking program or permission of the instructor.

Also offered at the graduate level, with different requirements, as ITEC 5110, for which additional credit is precluded.

Lectures three hours a week, tutorial/laboratory two hours a week.

NET 4001 [0.5 credit]**Network Simulation**

Introduction to discrete event simulation and network modeling; fundamental stochastic models for networking; introduction to queueing theory; random numbers; analysis of simulation data; confidence intervals. Use of different software tools to plan and perform simulations.

Includes: Experiential Learning Activity

Prerequisite(s): BIT 2000.

Also offered at the graduate level, with different requirements, as ITEC 5113, for which additional credit is precluded.

Lectures three hours a week, tutorial/laboratory two hours a week.

NET 4005 [0.5 credit]**Networked Applications**

Architectures for computing in modern data networks that adopt the Internet architecture. Topics covered include socket programming, RPC and RMI. Client-server and peer-to-peer models. Emerging application architectures.

Includes: Experiential Learning Activity

Prerequisite(s): NET 3004 and NET 3010.

Also offered at the graduate level, with different requirements, as ITEC 5114, for which additional credit is precluded.

Lectures three hours a week, tutorial/laboratory two hours a week.

NET 4007 [0.5 credit]**Multimedia Networking**

Audio and video compression. H.261, JPEG, MPEG and DVI. Accessing audio and video from a web server. Real Time Streaming Protocol (RTSP). Multimedia operating systems. Multimedia database. Network support for multimedia applications. Multimedia synchronization.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year standing in Networking program or permission of the instructor.

Also offered at the graduate level, with different requirements, as ITEC 5111, for which additional credit is precluded.

Lectures three hours a week, tutorial/laboratory two hours a week.

NET 4009 [0.5 credit]**Troubleshooting IP Networks**

Integrates planned maintenance and troubleshooting techniques, including, tools, applications and formalized methodologies. Study of issues in focused areas (such as routed vs. switched environments, addressing services, performance, security, VPN), culminating in problem resolution throughout a complex enterprise network.

Includes: Experiential Learning Activity

Prerequisite(s): NET 3011, NET 3008.

Lectures three hours a week, tutorial/laboratory three hours a week.

NET 4010 [0.5 credit]**Secure Mobile Networking**

The concept, principle and rationale of mobile networking. Mobile network architecture, protocols, mobility management, routing and mobile TCP/IP; Security challenges, vulnerabilities and threats in mobile networks; Security defense techniques and countermeasures in mobile networks.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year standing in Networking program or permission of the instructor.

Also offered at the graduate level, with different requirements, as ITEC 5112, for which additional credit is precluded.

Lectures three hours a week, tutorial/laboratory one hour a week.

NET 4011 [0.5 credit]**Advanced Topics in Network Security**

Understanding classes of advanced attacks. Building secure networks. Adversarial Machine Learning. Security in clouds, virtualized networks, and IoT. Understanding impact of OS and software security issues. Security in next generation networks such as 5G.

Prerequisite(s): NET 3007.

Lectures three hours a week, tutorial/laboratory two hours a week.

NET 4012 [0.5 credit]**Cloud Computing and Virtualization**

The basics of cloud computing and its driving technology behind: virtualization. Topics include how virtual machines and containers are deployed and orchestrated; how various resources and networks are virtualized and managed; hypervisor technology; virtual network management and micro-segmentation; cloud service provisioning; cloud security.

Includes: Experiential Learning Activity

Prerequisite(s): NET 2013 and NET 3006.

Lectures three hours a week, tutorial/laboratory two hours a week.

NET 4901 [1.0 credit]**NET Capstone Project**

This course provides the opportunity to apply knowledge gained in previous courses towards the design and implementation of a major Networking related project. Working in teams or as individuals under the direction of faculty members, students undertake projects internally or in collaboration with industry.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year standing in the Networking program.

Tutorial hours arranged.

Optical Systems and Senors (OSS) Courses**OSS 1002 [0.5 credit]****Photonics and Optoelectronics Applications**

Survey of the history and future of photonics. Photonics benefits and impact on technology and society. Emerging applications of photonics in industry and commercial products. The forces (business, social, political, economic, technical, and educational) that influence the development, adoption and success or failure of technologies.

Includes: Experiential Learning Activity

Precludes additional credit for PLT 1002 (no longer offered).

Prerequisite(s): restricted to students in the B.I.T. degree program.

Lectures two hours a week, tutorial/laboratory two hours a week.

OSS 1003 [0.5 credit]**Optics/Optical Fibers (Principles)**

Principles of optics, optical fiber, waveguides and hands-on experience with optical components. Optical fiber manufacturing and variety of industrial applications.

Topics covered include: optical sources, detectors, fiber modes and mode-coupling, couplers, multiplexers, optical amplifiers, physical layer of optical networks, dispersion and nonlinear effects management.

Includes: Experiential Learning Activity

Precludes additional credit for PLT 1003 (no longer offered).

Prerequisite(s): OSS 1006.

Lectures two hours a week, tutorial/laboratory two hours a week.

OSS 1005 [0.5 credit]**Introduction to Optics**

Physics of waves, optics and light propagation through lectures and lab experiments. Geometrical optics, refraction and reflection, interference, diffraction and polarization, thin lens equation, laser beams, Michelson interferometer, birefringence, and Abbe theory of imaging. Electromagnetic spectrum, quantum nature of light, photons, and photoelectric effect.

Includes: Experiential Learning Activity

Precludes additional credit for PLT 1005 (no longer offered).

Prerequisite(s): BIT 1203, restricted to students in the B.I.T. degree program.

Lectures two hour a week, tutorial/laboratory three hours a week.

OSS 1006 [0.5 credit]**Introduction to Automation and Simulation**

Introduction to basic programming in both the Matlab and Labview environments. Program development, basic structures (loops, control structures), I/O, data visualization and graphing will be covered. Students will learn to use Labview to develop basic applications and model simple physical systems with Matlab.

Includes: Experiential Learning Activity

Precludes additional credit for PLT 1006 (no longer offered).

Prerequisite(s): restricted to students in the B.I.T. degree program.

Lectures two hour a week, tutorial/laboratory two hours a week.

OSS 2001 [0.5 credit]**Fundamentals of Light Sources**

Introduction to incoherent light sources and lasers. Lasers operation, energy levels, quantum mechanics basics. Pumping/excitation, population inversion, laser cavity design, gain and loss, and characteristics of laser emission. An extensive lab manual of relevant experiments, variety of lasers, spectrometers, and detection equipment will be used.

Includes: Experiential Learning Activity

Precludes additional credit for PLT 2001 (no longer offered).

Prerequisite(s): BIT 1201. Restricted to students in the BIT degree program.

Lectures two hours a week, tutorial/laboratory two hours a week.

OSS 2002 [0.5 credit]**Optical Communication Networks I**

Adaptive Optical Communication Networks with 10Gb/s-200Gb/s Packet-Optical Platforms and WaveServers, OTN, flexible WaveLogic Photonics, ROADM, SONET/SDH, programmable network, optimized mapping techniques, optical carriers (OC-n/STM-m). Extensive hands-on experience using state-of-the-art Optophotonics Lab to work on OAM&P, facility/equipment, synchronization, bandwidth management, performance monitoring and other functionalities.

Includes: Experiential Learning Activity

Precludes additional credit for PLT 2002 (no longer offered).

Prerequisite(s): OSS 1003.

Lectures two hours a week, tutorial/laboratory three hours a week.

OSS 2003 [0.5 credit]**Laser Systems**

Laser theory, devices and systems. Safety procedures, laser power supplies, and laser system applications. Solid state, gas, and other types of lasers. Basic material processing, micro machining, bio/medical, and military applications will be covered. Hands-on experience with advanced laser equipment in lab.

Includes: Experiential Learning Activity

Precludes additional credit for PLT 2003 (no longer offered).

Prerequisite(s): OSS 2001 or PLT 2001 (no longer offered).

Lectures two hours a week, tutorial/laboratory two hours a week.

OSS 2005 [0.5 credit]**Circuits and Signals**

Students learn properties of electricity and measurement techniques. Topics covered include RMS, average, applied, peak-to-peak and instantaneous values. Lab experiments deal with RC and RL circuits and LC filters. RLC circuits, and series and parallel resonance are also covered.

Includes: Experiential Learning Activity

Precludes additional credit for PLT 2005 (no longer offered).

Prerequisite(s): BIT 1204 or PHYS 1004 or PHYS 1002.

Restricted to students in the BIT degree program.

Lectures two hours a week, laboratory and problem analysis three hours a week.

OSS 2006 [0.5 credit]**Integrated Circuits**

Fundamentals of logic circuitry in digital systems are studied including basic logic gates, Boolean algebra, signal decoding, logic circuit design, flip-flop circuits, timers and counters. The proper use of semi-conductor components is demonstrated through the use of laboratory experiments.

Includes: Experiential Learning Activity

Precludes additional credit for ELEC 2507, PLT 2006 (no longer offered).

Prerequisite(s): OSS 2005 or PLT 2005 (no longer offered). Restricted to students in the B.I.T. degree program.

Lectures two hours a week, laboratory and problem analysis three hours a week.

OSS 2008 [0.5 credit]**Manufacturing Photonics Components**

Manufacturing techniques and methods used to produce photonics components and devices/systems. Micro assembly, adhesives, optical tests and measurement, lean manufacturing and quality control standards (Telcordia). Laboratory exposure to optical component production processes: grinding, polishing, coating, mounting, tolerance and accuracy.

Includes: Experiential Learning Activity

Precludes additional credit for PLT 2008 (no longer offered).

Prerequisite(s): OSS 1002 or PLT 1002 (no longer offered). Restricted to students in the B.I.T. degree program.

Lectures two hours a week, laboratory two hours a week.

OSS 2009 [0.5 credit]**Microcontrollers for Sensing Applications**

Microcontrollers study, emphasizing on their applications in sensing systems. Topics include microcontroller architecture, instruction sets, sensor interfacing, and programming techniques-Python for embedded programming; brief introduction to assembly and machine language. Students gain practical experience for real-world applications in automation and embedded systems development.

Includes: Experiential Learning Activity

Precludes additional credit for NET 1004 (no longer offered), NET 2013, PLT 1007 (no longer offered), PLT 2009 (no longer offered).

Prerequisite(s): BIT 2400.

Lectures two hours a week, tutorial/laboratory two hours a week.

OSS 2010 [0.5 credit]**Signals and Systems**

This course provides a solid theoretical foundation for the analysis and processing of experimental data, and real-time experimental control methods. Topics include various properties of signals and systems, convolution, the Fourier transform, sampling theorem, z-transform, spectral analysis, filter design, and system identification.

Includes: Experiential Learning Activity

Precludes additional credit for PLT 2010 (no longer offered).

Prerequisite(s): BIT 1200 and BIT 1201. Restricted to students in the B.I.T. degree program.

Lectures three hours a week, tutorial one hour a week.

OSS 3000 [0.5 credit]**Optical Communication Networks II**

Operation, management and maintenance of metro/long-haul optical network elements and systems. Hands-on skills using GUI, Transaction Language One (TL1), optical network management to perform: alarm provisioning, line and path protection switching, security, data communications management, optical network backup and restore, load upgrade and installation management.

Includes: Experiential Learning Activity

Precludes additional credit for PLT 3000 (no longer offered).

Prerequisite(s): OSS 2002.

Lectures two hours a week, tutorial/laboratory three hours a week.

OSS 3001 [0.5 credit]**Real-time Systems**

Principles of event-driven systems, review of computer organization; parallel and serial interfaces; programmable timer; I/O methods; polling and interrupts. Real-time kernels. Critical design consideration: concurrency, dead lock, synchronization. Maintaining and improving system performance. Programming exercises in low and high level languages.

Includes: Experiential Learning Activity

Also listed as NET 3001.

Precludes additional credit for PLT 3002 (no longer offered).

Prerequisite(s): OSS 2009 or PLT 2009 (no longer offered).

Lectures three hours a week, tutorial/laboratory two hours a week.

OSS 3002 [0.5 credit]**Design of Optical Components and Systems**

Optical ray-tracing for analysing systems of sources, lenses, mirrors, prisms, fibers, diffractive elements, MEMS. Zemax® fundamentals, pupils, aspherics, non-sequential tracing, aberrations, image metrics, optimization/merit functions. Applications: imaging, illumination, lasers. Trade-offs, mechanical constraints, tolerances and cost. Physical optics modeling of beam propagation. Near-field diffraction and waveguides.

Includes: Experiential Learning Activity

Precludes additional credit for PLT 3004 (no longer offered).

Prerequisite(s): OSS 1003 or PLT 1003 (no longer offered).

Lectures two hours a week, tutorial/laboratory three hours a week.

OSS 3003 [0.5 credit]**Fundamentals of Electromagnetics**

Review of basic vector calculus followed by an introduction to electrostatics and magnetostatics. Maxwell's equations and EM wave solutions. EM waves in dielectrics media, reflection, refraction, Fresnel relations and Brewster angle. Introduction to guided waves emphasizing slab waveguides.

Includes: Experiential Learning Activity

Precludes additional credit for PLT 3003 (no longer offered).

Prerequisite(s): BIT 1204 and BIT 2010.

Lecture and tutorial three hours a week.

OSS 3004 [0.5 credit]**Data Structures**

Specification and design of abstract data types and their implementation as stacks, queues, trees, tables and graphs. Common and useful examples. Parsing and finite state machines. Analysis of algorithms, recursion, re-entrance. Special focus: abstraction, interface specification and hierarchical design using object-oriented programming.

Includes: Experiential Learning Activity

Also listed as NET 3004.

Precludes additional credit for PLT 3010 (no longer offered).

Prerequisite(s): BIT 2400.

Lectures three hours a week, tutorial/laboratory two hours a week.

OSS 3009 [0.5 credit]**Project Management**

Identification, selection, initiation, and organization of projects. Risk assessment, budget issues, communication, project scheduling, performance monitoring and control. Emphasis on practical techniques related to the field of photonics using case studies.

Includes: Experiential Learning Activity

Precludes additional credit for PLT 3009 (no longer offered).

Prerequisite(s): third year standing in the Optical Systems and Sensors program.

Lectures two hours a week, tutorial/laboratory two hours a week.

OSS 3012 [0.5 credit]**Digital Signal Processing**

Operations-related topics including: sampling/reconstruction of continuous time signals, Fourier and Z-transforms, Discrete Fourier Transform (DFT), Fast Fourier Transform (FFT). Examination of other time and frequency domain techniques for designing and applying infinite impulse response (IIR) and finite impulse response (FIR) digital filters.

Includes: Experiential Learning Activity

Precludes additional credit for PLT 3012 (no longer offered).

Prerequisite(s): OSS 2010 or PLT 2010 (no longer offered).

Lectures three hours a week, tutorial one hour a week.

OSS 3013 [0.5 credit]**Software Design for Optical Systems and Sensors**

Provides students with knowledge and expertise to design and develop complex software systems and programs for common optical systems and sensors using Python. Topics include: system and requirement analysis, algorithms, component identification, common design patterns, and working with reusable components.

Includes: Experiential Learning Activity

Precludes additional credit for PLT 3013 (no longer offered).

Prerequisite(s): BIT 2400.

Lectures three hours a week, tutorial two hours a week.

OSS 3014 [0.5 credit]**Optical Waves, Waveguides, and Sensors**

Analysis of guided-wave propagation and sensors.

Topics include Maxwell's time-dependent wave equations, dielectric waveguides (slab, planar, segmented, rib, strip), optical fibres (modes, dispersion relations, propagation in dispersive media, nonlinear fibres), beam propagation methods, free space beam propagation, waveguide devices, and study of sensors technology.

Includes: Experiential Learning Activity

Precludes additional credit for PLT 3014 (no longer offered).

Prerequisite(s): OSS 3003 or PLT 3003 (no longer offered).

Lectures three hours a week, tutorial two hours a week.

OSS 4001 [0.5 credit]**Optoelectronic Devices and Smart Sensor Systems**

This course delves deep into advanced opto-electronics devices, sensing systems, emphasizing emerging technologies. Topics: semiconductors, semiconductor lasers, detectors, photovoltaics, fiber sensors, amplifiers, and modulation. It integrates smart sensor systems and optical sensors with algorithms for analysis in various applications. Students participate in hands-on laboratory experiences.

Includes: Experiential Learning Activity

Precludes additional credit for PLT 4001 (no longer offered).

Prerequisite(s): OSS 2009 and OSS3013.

Lectures two hours a week, tutorial/laboratory two hours a week.

OSS 4004 [0.5 credit]**Medical Imaging and Biosensors**

Biological and medical photonics. Effect of light on biological systems, medical imaging, medical treatments, biological research and bio/medical applications. Laser manipulation of cells, laser surgery, and photo-therapy. Biophotonic lab experiments with scanning confocal microscopes, endoscopes, DNA scanners.

Includes: Experiential Learning Activity

Precludes additional credit for PLT 4004 (no longer offered).

Prerequisite(s): OSS 3003 or PLT 3003 (no longer offered).

Lectures two hours a week, tutorial/laboratory two hours a week.

OSS 4005 [0.5 credit]**Introduction to Deep Learning**

Introduction to classification and regression. Optimization, vectorization, gradient descent, cost, loss and activation functions. Introduction and basics to AI, Artificial Neural Networks, forward and backward propagation, Multi Layer Perceptron, and other types of Deep Neural Network models, their applications in multimedia, networks, finance, etc.

Includes: Experiential Learning Activity

Also listed as IRM 4005.

Prerequisite(s): BIT 2000 and BIT 2400.

Lectures three hours a week.

OSS 4006 [0.5 credit]**Image Processing**

Developing and evaluating algorithms for extracting the necessary information signals. Topics include filter design, fast transforms, adaptive filters, spectrum estimation and modeling, sensor array processing, image processing, motion estimation from images, applications in biomed, computer-aided tomography, image restoration, robotic vision, and pattern recognition.

Includes: Experiential Learning Activity

Precludes additional credit for PLT 4006 (no longer offered).

Prerequisite(s): BIT 2400 and OSS 3012.

Lectures three hours a week, tutorial/laboratory two hours a week.

OSS 4008 [0.5 credit]**Remote Sensing**

Introduction to the basics of remote sensing, characteristics of remote sensors, and applications. Topics include: image acquisition and data collection, LIDAR sensors and platforms and derived digital products, imagery analysis, topographic mapping, and 3D modeling of urban infrastructure for autonomous vehicles.

Includes: Experiential Learning Activity

Precludes additional credit for PLT 4008 (no longer offered).

Prerequisite(s): OSS 3014 or PLT 3014 (no longer offered).

Lectures three hours a week, tutorial two hours a week.

OSS 4009 [0.5 credit]**Computer Vision**

Introduction to topics in computer vision, including: fundamentals of image formation, camera imaging geometry, camera models, camera calibration, structure from motion, feature detection and matching, depth and stereo, image stabilization, image classification, automated alignment, scene understanding, recognition, and image searching.

Includes: Experiential Learning Activity

Precludes additional credit for PLT 4009 (no longer offered).

Prerequisite(s): OSS 4006 or PLT 4006 (no longer offered).

Lectures three hours a week, tutorial two hours a week.

OSS 4900 [1.0 credit]**OSS Capstone Project**

Research project develops students' ability to direct own learning and pursue advanced study in variety of subjects. Select topic, perform literature search, theoretical background, preliminary measurements, calculations, and design. Present findings in a preliminary thesis. Encourage writing technical papers. Research opportunities with industry and academia.

Includes: Experiential Learning Activity

Precludes additional credit for PLT 4900 (no longer offered).

Prerequisite(s): fourth-year standing.

Tutorial hours arranged.

Integrated Science

This section presents the requirements for programs in:

- **Integrated Science B.Sc. Honours**
- **Integrated Science B.Sc.**
- **Minor in Integrated Science**

Integrated Science**B.Sc. Honours (20.0 credits)****A. Credits Included in the Major CGPA (10.0 credits)**

1. 4.0 credits in:

4.0

ISAP 1001 [0.5]	Introduction to Interdisciplinary Science	
ISAP 1002 [0.5]	Seminar in Interdisciplinary Science	
ISAP 2001 [0.5]	Foundations in Critical Inquiry	
ISAP 2002 [0.5]	Research Principles for Interdisciplinary Science	
ISAP 3001 [0.5]	Applied Data Analysis	
ISAP 3002 [0.5]	Applications in Interdisciplinary Research	
ISAP 3003 [0.5]	Science Communication	
ISAP 3004 [0.5]	Science Policy	
2. 1.0 credit from:		1.0
ISAP 4906 [1.0]	Capstone Course - Group Research Project	
ISAP 4907 [1.0]	Capstone Course - Research Essay	
ISAP 4908 [1.0]	Capstone Course - Individual Research Project	
ISAP 4909 [1.0]	Translational Approach to Indigenous Community Wellness	
3. 0.5 credit in:		0.5
STAT 2507 [0.5]	Introduction to Statistical Modeling I	
4. 0.5 credit from:		0.5
MATH 1007 [0.5]	Elementary Calculus I	
MATH 1107 [0.5]	Linear Algebra I	
5. 2.0 credit from the Faculty of Science at the 2000 level or higher		2.0
6. 2.0 credits from the Faculty of Science at the 3000 level or higher		2.0
B. Credits Not Included in the Major CGPA (10.0 credits)		
7. 1.0 credit in:		1.0
ECON 1001 [0.5]	Introduction to Microeconomics	
ECON 1002 [0.5]	Introduction to Macroeconomics	
8. 2.0 credits in Approved Experimental Science Courses as defined in the Regulations for the Bachelor of Science		2.0
9. 2.0 credits from the Faculty of Science at the 2000 level or higher		2.0
10. 2.0 credit in Approved courses outside the Faculties of Science and Engineering and Design, as defined in the Regulations for the Bachelor of Science. Note: students in the ISAP program may not use ISAP 1000 in this category.		2.0
11. 3.0 credits in free electives		3.0
12. Students are required to complete one minor from the Faculty of Science. A second minor (from any faculty, including Science) is encouraged. Students should consult with their academic advisor to ensure compliance with this requirement.		
Total Credits		20.0

Integrated Science B.Sc. (15.0 credits)

A. Credits Included in the Major CGPA (8.0 credits)

1. 4.0 credits in:		4.0
ISAP 1001 [0.5]	Introduction to Interdisciplinary Science	
ISAP 1002 [0.5]	Seminar in Interdisciplinary Science	
ISAP 2001 [0.5]	Foundations in Critical Inquiry	
ISAP 2002 [0.5]	Research Principles for Interdisciplinary Science	

ISAP 3001 [0.5]	Applied Data Analysis	
ISAP 3002 [0.5]	Applications in Interdisciplinary Research	
ISAP 3003 [0.5]	Science Communication	
ISAP 3004 [0.5]	Science Policy	
2. 0.5 credit in:		0.5
STAT 2507 [0.5]	Introduction to Statistical Modeling I	
3. 0.5 credit from:		0.5
MATH 1007 [0.5]	Elementary Calculus I	
MATH 1107 [0.5]	Linear Algebra I	
4. 2.0 credit from the Faculty of Science at the 2000 level or higher		2.0
5. 1.0 credit from the Faculty of Science at the 3000 level or higher		1.0
B. Credits Not Included in the Major CGPA (7.0 credits)		
6. 1.0 credit in:		1.0
ECON 1001 [0.5]	Introduction to Microeconomics	
ECON 1002 [0.5]	Introduction to Macroeconomics	
7. 2.0 credits in Approved Experimental Science Courses as defined in the Regulations for the Bachelor of Science		2.0
8. 1.0 credit from the Faculty of Science at the 2000 level or higher		1.0
9. 1.0 credit in Approved courses outside the Faculties of Science and Engineering and Design, as defined in the Regulations for the Bachelor of Science. Note: students in the ISAP program may not use ISAP 1000 in this category.		1.0
10. 2.0 credits in free electives		2.0
11. Students are required to complete one Minor from the Faculty of Science. A second Minor from outside the Faculty of Science may be possible. Students should consult with their academic advisor to ensure compliance with this requirement.		
Total Credits		15.0

Minor in Integrated Science (4.0 credits)

The Minor in Integrated Science is available to degree students registered in programs other than those offered by the Institute for Environmental and Interdisciplinary Science.

Students are required to present a Minor CGPA of 4.00 or higher at graduation in order to be awarded a Minor in Integrated Science.

Requirements:

1. 1.5 credits in ISAP at the 1000- or 2000-level	1.5
2. 1.5 credits in ISAP courses at the 3000- or 4000-level	1.5
3. 1.0 credit in Science Continuation or Science Faculty Electives	1.0
4. The remaining requirements of the major discipline(s) and degree must be satisfied	

Total Credits **4.0**

B.Sc. Regulations

The regulations presented in this section apply to all Bachelor of Science programs. In addition to the requirements presented here, students must satisfy the University regulations common to all undergraduate students including the process of Academic Continuation Evaluation (see the *Academic Regulations of the University* section of this Calendar).

Breadth Requirement for the B.Sc.

Students in a Bachelor of Science program must present the following credits at graduation:

1. 2.0 credits in Science Continuation courses not in the major discipline; **students completing a double major are considered to have completed this requirement providing they have 2.0 credits in Science Continuation courses in each of the two majors;**
2. 2.0 credits in courses outside of the faculties of Science and Engineering and Design (may include ISAP 1000)

In most cases, the requirements for individual B.Sc. programs, as stated in this Calendar, contain these requirements, explicitly or implicitly.

Students admitted to B.Sc. programs by transfer from another institution must present at graduation (whether taken at Carleton or elsewhere):

1. 2.0 credits in courses outside of the faculties of Science and Engineering and Design (may include ISAP 1000) if the student received fewer than 10.0 transfer credits; or,
2. 1.0 credit in courses outside of the faculties of Science and Engineering and Design (may include ISAP 1000) if the student received 10.0 or more transfer credits.

Declared and Undeclared Students

Degree students are considered "Undeclared" if they have been admitted to a degree, but have not yet selected and been accepted into a program within that degree. The status "Undeclared" is available only in the B.A. and B.Sc. degrees. Undeclared students must apply to enter a program upon or before completing 3.5 credits.

Change of Program within the B.Sc. Degree

To transfer to a program within the B.Sc. degree, applicants must normally be *Eligible to Continue* (EC) in the new program, by meeting the CGPA thresholds described in Section 3.1.9 of the *Academic Regulations of the University*.

Applications to declare or change programs within the B.Sc. degree must be made online through Carleton Central by completing a Change of Program Elements (COPE) application form within the published deadlines. Acceptance into a program, or into a program element or option, is subject to any enrolment limitations, and/or specific program, program element or option requirements as published in the relevant Calendar entry.

Minors, Concentrations, and Specializations

Students may add a Minor, Concentration, or Specialization by completing a Change of Program Elements (COPE) application form online through Carleton Central. Acceptance into a Minor, Concentration, or Specialization normally requires that the student be *Eligible to Continue* (EC) and is meeting the minimum CGPAs described in Section 3.1.9 of the *Academic Regulations of the University*, as well as being subject to any specific requirements of the intended Minor,

Concentration, or Specialization as published in the relevant Calendar entry.

Experimental Science Requirement

Students in a B.Sc. degree program must present at graduation at least two full credits of Experimental Science chosen from two different departments or institutes from the list below:

Approved Experimental Science Courses

Biochemistry	
BIOC 2200 [0.5]	Cellular Biochemistry
BIOC 4001 [0.5]	Methods in Biochemistry
BIOC 4201 [0.5]	Advanced Cell Culture and Tissue Engineering
Biology	
BIOL 1103 [0.5]	Foundations of Biology I
BIOL 1104 [0.5]	Foundations of Biology II
BIOL 2001 [0.5]	Animals: Form and Function
BIOL 2002 [0.5]	Plants: Form and Function
BIOL 2104 [0.5]	Introductory Genetics
BIOL 2200 [0.5]	Cellular Biochemistry
BIOL 2600 [0.5]	Ecology
Chemistry	
CHEM 1001 [0.5]	General Chemistry I
CHEM 1002 [0.5]	General Chemistry II
CHEM 2103 [0.5]	Physical Chemistry I
CHEM 2203 [0.5]	Organic Chemistry I
CHEM 2204 [0.5]	Organic Chemistry II
CHEM 2302 [0.5]	Analytical Chemistry I
CHEM 2303 [0.5]	Analytical Chemistry II
CHEM 2800 [0.5]	Foundations for Environmental Chemistry
Earth Sciences	
ERTH 1002 [0.5]	The Earth and Life Odyssey: A Journey Through Billions of Years
ERTH 2102 [0.5]	Mineralogy to Petrology
ERTH 2404 [0.5]	Engineering Geoscience
ERTH 2802 [0.5]	Field Geology I
ERTH 3111 [0.5]	Vertebrate Evolution: Mammals, Reptiles, and Birds
ERTH 3112 [0.5]	Vertebrate Evolution: Fish and Amphibians
ERTH 3204 [0.5]	Mineral Deposits
ERTH 3205 [0.5]	Physical Hydrogeology
Food Sciences	
FOOD 3001 [0.5]	Food Chemistry
FOOD 3002 [0.5]	Food Analysis
FOOD 3005 [0.5]	Food Microbiology
Geography	
GEOG 1010 [0.5]	Global Environmental Systems
GEOG 3108 [0.5]	Soil Properties
Neuroscience	
NEUR 3206 [0.5]	Sensory and Motor Neuroscience
NEUR 3207 [0.5]	Systems Neuroscience
NEUR 4600 [0.5]	Advanced Lab in Neuroanatomy
Physics	
PHYS 1001 [0.5]	Foundations of Physics I
PHYS 1002 [0.5]	Foundations of Physics II

PHYS 1003 [0.5]	Introductory Mechanics and Thermodynamics
PHYS 1004 [0.5]	Introductory Electromagnetism and Wave Motion
PHYS 1007 [0.5]	Elementary University Physics I
PHYS 1008 [0.5]	Elementary University Physics II
PHYS 2202 [0.5]	Wave Motion and Optics
PHYS 2604 [0.5]	Modern Physics I
PHYS 3007 [0.5]	Third Year Physics Laboratory: Selected Experiments and Seminars
PHYS 3606 [0.5]	Modern Physics II
PHYS 3608 [0.5]	Modern Applied Physics

Co-operative Education

For more information about how to apply for the Co-op program and how the Co-op program works please visit the Co-op website.

All students participating in the Co-op program are governed by the Undergraduate Co-operative Education Policy.

Undergraduate Co-operative Education Policy

Admission Requirements

Students can apply to Co-op in one of two ways: directly from high school, or after beginning a degree program at Carleton.

If a student applies to a degree program with a Co-op option from high school, their university grades will be reviewed two terms to one year prior to their first work term to ensure they meet the academic requirements after their first or second year of study. The time at which the evaluation takes place depends on the program of study. Students will automatically receive an admission decision via their Carleton email account.

Students who did not request Co-op at the time they applied to Carleton can request Co-op after they begin their university studies. To view application instructions and deadlines, please visit carleton.ca/co-op.

To be admitted to Co-op, a student must successfully complete 5.0 or more credits that count towards their degree, meet the minimum CGPA requirement(s) for the student's Co-op option, and fulfil any specified course prerequisites. To see the unique admission and continuation requirements for each Co-op option, please refer to the specific degree programs listed in the Undergraduate Calendar.

Participation Requirements

Co-op Participation Agreement

All students must adhere to the policies found within the Co-op Participation Agreement.

COOP 1000

Once a student has been admitted to the Co-op Program, they will be given access to register in COOP 1000. This zero-credit online course must be completed at least two terms prior to the student's first work term.

Communication with the Co-op Office

Students must maintain contact with the Co-op Office during their job search and while on a work term. All email communication will be conducted via the students' Carleton email account.

Employment

Although every effort is made to ensure a sufficient number of job postings for all Co-op students, no guarantee of employment can be made. The Co-op job search process is competitive, and success is dependent upon factors such as current market conditions, academic performance, skills, motivation, and level of commitment to the job search. It is the student's responsibility to apply for positions via the Co-op job board in addition to actively conducting a self-directed job search. Students who do not obtain a co-op work term are expected to continue with their academic studies. It should be noted that hiring priority for positions within the Federal Government of Canada is given to Canadian citizens.

Registration

- Students must be registered as full-time during all fall and winter study terms beginning the term in which they enroll in COOP 1000.
- Students will be registered in a Co-op Work Term course while at work. This course does not carry academic course credit, but is noted on academic transcripts.
- Students may register in a 0.5 credit during a work term, provided the course is offered during the evening or is offered asynchronously online.
- Students must have at least one term of full-time studies left to complete following their final co-op work term. Students cannot end their degree on a work term.

Work Term Assessment and Evaluation

Work Term Evaluation

Employers are responsible for submitting to Carleton University final performance evaluations for their Co-op students at the end of their work terms.

Work Term Assessment

In order to successfully complete the co-op work term, students must receive a Satisfactory (SAT) grade on their Co-op Work Term Report, which they must submit at the completion of each four-month work term.

Graduation with the Co-op Designation

In order to graduate with the Co-op Designation, students must satisfy all requirements of the degree program in addition to the successful completion of three or four work terms (the number is dependent upon the student's academic program). Students found in violation of the Co-op Participation Agreement may have the Co-op Designation withheld.

Note: Participation in the co-op option will add up to one additional year for a student to complete their degree program.

Voluntary Withdrawal from the Co-op Option

Students who are currently on a co-op work term or who have already committed to a co-op work term either verbally or in writing may not leave the position and/or withdraw from the co-op option until they have completed the work term and all related requirements.

Involuntary or Required Withdrawal from the Co-op Option

Students may be removed from the Co-op Program for any of the following reasons:

1. Failure to achieve a grade of SAT in COOP 1000;
2. Failure to attend all interviews for positions to which the student has applied;
3. Declining more than one job offer during the job search;
4. Reneging on a co-op position that the student has accepted either verbally or in writing;
5. Continuing a job search after accepting a co-op position;
6. Dismissal from a work term by the co-op employer;
7. Leaving a work term without approval from the Co-op Management Team;
8. Receipt of an unsatisfactory work term evaluation;
9. Receiving a grade of UNS on the work term report.

International Students

All international students are required to possess a Co-op Work Permit issued by Immigration, Refugees and Citizenship Canada before they can begin working. The Co-operative Education Office will provide students with a letter of support to accompany their Co-op Work Permit application. Students are advised to discuss the application process and application requirements with the International Student Services Office.

Co-op Fees

All participating Co-op students are required to pay Co-op fees. For full details, please see the Co-op website.

In addition to the following:

1. Registered as a full-time student in the B.Sc. Integrated Science program;
2. Obtained third-year standing;
3. Successfully completed, by the start-date of the first work term, the following 2.0 credits: ISAP 3001, ISAP 3002, ISAP 3003, ISAP 3004;
4. Obtained an Overall CGPA of at least 7.50 and a Major CGPA of at least 9.00. These CGPAs must be maintained throughout the duration of the degree.

B.Sc. Honours Integrated Science students must successfully complete three (3) work terms to obtain the Co-op Designation.

Work Term Course: ISAP 3999

Work/Study Pattern:

Year 1		Year 2		Year 3		Year 4		Year 5	
Term	Pattern	Term	Pattern	Term	Pattern	Term	Pattern	Term	Pattern
Fall	S	Fall	S	Fall	S	Fall	W	Fall	S

Winter	S	Winter	S	Winter	S	Winter	W	Winter	S
Summer		Summer		Summer	W	Summer	W		

Legend

S: Study

W: Work

Admissions Information

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as *recommended*, it is not mandatory for admission. *Students who do not follow the recommendations will not be disadvantaged in the admission process.*

Degrees

- B.Sc. (Honours)
- B.Sc. (Major)
- B.Sc.

Admission Requirements

B. Sc. Honours

First Year

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses.

For most programs including Biochemistry, Bioinformatics, Biotechnology, Chemistry, Combined Honours in Biology and Physics, Chemistry and Physics, Computational Biochemistry, Food Science, Nanoscience, Neuroscience and Biology, Neuroscience and Mental Health, and Psychology, the six 4U or M courses must include Advanced Functions, and two of Biology, Chemistry, Earth and Space Sciences, or Physics. (Calculus and Vectors is strongly recommended).

Specific Honours Admission Requirements

For the Honours programs in Earth Sciences, Environmental Science, Geomatics, Integrated Science, and Physical Geography, Calculus and Vectors may be substituted for Advanced Functions.

For the Honours programs in Physics and Applied Physics, and for double Honours in Mathematics and Physics, Calculus and Vectors is required in addition to Advanced Functions and one of 4U Physics, Chemistry, Biology, or Earth and Space Sciences. For all programs in Physics, 4U Physics is strongly recommended.

For Honours in Psychology, a 4U course in English is recommended.

For Honours in Environmental Science, a 4U course in Biology and Chemistry is recommended.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be *Eligible to Continue* in their year level, in addition to meeting the CGPA thresholds described in Section 3.1.9 of the Academic Regulations of the University. Advanced standing will be granted only for those subjects deemed appropriate for the program and stream selected.

B.Sc. Major and B.Sc.

First Year

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include Advanced Functions and two of Calculus and Vectors, Biology, Chemistry, Earth and Space Science, or Physics (Calculus and Vectors is strongly recommended). For the B.Sc. Major in Physics, 4U Physics is strongly recommended.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be *Eligible to Continue* (EC) in their year level. Advanced standing will be granted only for those subjects deemed appropriate for the program and stream selected.

Co-op Option

Direct Admission to the First Year of the Co-op Option

Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in the Bachelor of Science Honours program;

3. be eligible to work in Canada (for off-campus work placements).

Note that meeting the above requirements only establishes eligibility for admission to the program. The prevailing job market may limit enrolment in the co-op option.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are described in the Co-operative Education Regulations section of this Calendar.

Interdisciplinary Science and Practice (ISAP) Courses

ISAP 1000 [0.5 credit]

Seminar in Science

Interdisciplinary survey of current issues in science. Students will develop knowledge and skills in scientific inquiry, critical thinking, and communication. Structured around seminars, oral, and written presentations. Lectures and workshop three hours a week.

Precludes additional credit for ISAP 1001 or NSCI 1000 (no longer offered).

Lectures and workshop, three hours a week.

ISAP 1001 [0.5 credit]

Introduction to Interdisciplinary Science

Interdisciplinary survey of current issues in science, focusing on the challenges and opportunities for collaboration across scientific disciplines and beyond. Students will develop knowledge and skills in scientific inquiry, critical thinking, and communication, including an introduction to applied data science.

Precludes additional credit for ISAP 1000 and NSCI 1000 (no longer offered).

Lectures and discussion three hours per week.

ISAP 1002 [0.5 credit]

Seminar in Interdisciplinary Science

Exploring the role of interdisciplinarity in discovery and innovation, and discussion of selected issues facing society and the role of science. Topics include finding information, collaboration and science communication tools.

Seminar three hours per week.

ISAP 2000 [0.5 credit]**Seminar in Science II**

Survey of current issues in science, with a focus on applying interdisciplinary approaches to solving scientific problems. Structured around seminars, oral and written presentations. Focus on Equity, diversity and inclusion, community outreach, and experiential learning.

Includes: Experiential Learning Activity

Precludes additional credit for NSCI 2000 (no longer offered).

Prerequisite(s): Second year standing.

Lecture three hours a week

ISAP 2001 [0.5 credit]**Foundations in Critical Inquiry**

What is science and the scientific method? Topics include the scientific method, credible sources of information, knowledge gaps, the impact of scientific discoveries, and discussion of their local and global implications.

Includes: Experiential Learning Activity

Prerequisite(s): Second year standing.

Lecture, three hours per week.

ISAP 2002 [0.5 credit]**Research Principles for Interdisciplinary Science**

Exploring how research is conducted. Topics include publicly available databases, the role of communication in research, stakeholders and participants, and the process of identifying knowledge gaps and developing research questions.

Prerequisite(s): Second year standing.

Lecture three hours per week.

ISAP 3001 [0.5 credit]**Applied Data Analysis**

Data analysis strategies to tackle real-world, wicked problems. Includes a hands-on applied environmental data science project with a variety of partners. Topics include: obtaining and working with data, exploring causal relationships, data ethics, communicating data, and moving from data to information to action.

Includes: Experiential Learning Activity

Also listed as ENSC 3002.

Prerequisite(s): STAT 2507.

Lecture, three hours per week.

ISAP 3002 [0.5 credit]**Applications in Interdisciplinary Research**

Application of skills from Interdisciplinary Science and Practice (ISAP) courses to develop a research proposal. Topics include: research ethics; identification of stakeholders; inclusive consultation, collaboration and dissemination strategies.

Prerequisite(s): Third year standing.

Lecture three hours per week.

ISAP 3003 [0.5 credit]**Science Communication**

How is science perceived and how has science been communicated? Students will use case studies to assess examples of science communication with varying outcomes. Topics include the principles of effective science communication, the range of tools available, and knowing the audience.

Includes: Experiential Learning Activity

Prerequisite(s): Third year standing.

Lecture three hours per week.

ISAP 3004 [0.5 credit]**Science Policy**

Exploration of how science-related policy is developed and the impact of policy on science. Topics include policy frameworks, stakeholder roles, power relationships, commercialization and the funding of science.

Prerequisite(s): Third year standing.

Lecture three hours per week.

ISAP 3700 [0.5 credit]**Topics in Interdisciplinary Science**

Specific topics of current interest. Topics may vary from year to year.

Includes: Experiential Learning Activity

Prerequisite(s): Second year standing in the Interdisciplinary Science and Practice program or permission of the Institute.

Seminar/workshop three hours per week.

ISAP 3999 [0.0 credit]**Co-operative Work Term**

Includes: Experiential Learning Activity

ISAP 4004 [0.5 credit]**Museum Science**

The integral role of science in museums will be explored. Topics include: science is communicated in museums, scientific research taking place at museums, and the science behind preservation and conservation. Students will engage with museum experts.

Includes: Experiential Learning Activity

Prerequisite(s): Third year standing.

Field trips, lectures and seminar, three hours a week.

ISAP 4700 [0.5 credit]**Topics in Interdisciplinary Science**

Specific topics of current interest. Topics may vary from year to year.

Includes: Experiential Learning Activity

Prerequisite(s): Third year standing in the Interdisciplinary Science and Practice program or permission of the Institute.

Seminar three hours per week.

ISAP 4901 [0.5 credit]**Directed Studies**

Independent or group study, open to third- and fourth-year students to explore a particular topic, in consultation with a Faculty supervisor. May include directed reading, written assignments, tutorials, laboratory or field work.

Includes: Experiential Learning Activity

Prerequisite(s): third-year standing in the Interdisciplinary Science and Practice (ISAP) program and permission of the instructor.

ISAP 4906 [1.0 credit]**Capstone Course - Group Research Project**

Students will collaborate on a project that addresses a real-world issue in a team environment. Focus includes: design and completion of a research project; development of communication, critical inquiry, data analysis and research skills; and the opportunity to develop initiative, creativity and self-reliance.

Includes: Experiential Learning Activity

Precludes additional credit for ISAP 4907, ISAP 4908.

Prerequisite(s): fourth-year standing in the Interdisciplinary Science and Practice (ISAP) Honours program and permission of the Institute.

Lecture, seminar and workshop four hours per week, as scheduled by the instructor.

ISAP 4907 [1.0 credit]**Capstone Course - Research Essay**

A substantial, independent essay or research proposal-based critical review and research proposal, using library, database and/or bioinformatic resources, under the direct supervision of the instructor. Topics include identification and critical review of resources, development of writing skills and formulation of research question and strategy.

Includes: Experiential Learning Activity

Precludes additional credit for ISAP 4906, ISAP 4908.

Prerequisite(s): fourth-year standing in the Interdisciplinary Science and Practice (ISAP) Honours program or permission of the Institute.

Lecture, seminar and workshop four hours per week, as scheduled by the instructor.

ISAP 4908 [1.0 credit]**Capstone Course - Individual Research Project**

An independent research project under the direct supervision of a faculty adviser. Evaluation is based on a written thesis and a poster presentation.

Includes: Experiential Learning Activity

Precludes additional credit for ISAP 4906, ISAP 4907.

Prerequisite(s): fourth-year standing in the Interdisciplinary Science and Practice (ISAP) Honours program, a major CGPA of 9.0 or higher, and permission of the Institute.

Lectures and discussion as scheduled by the course coordinator; other hours as arranged with the faculty advisor.

ISAP 4909 [1.0 credit]**Translational Approach to Indigenous Community Wellness**

This course involves co-developing an Indigenous community-led process or product that addresses a current and specific mental health issue. Involves working in interdisciplinary groups with a community partner.

Includes: Experiential Learning Activity

Also listed as ENSC 4909, MPAD 4906, NEUR 4906.

Precludes additional credit for ENSC 4906, ISAP 4906, ISAP 4907, ISAP 4908, NEUR 4906, NEUR 4907, NEUR 4908.

Prerequisite(s): Fourth-year standing with a minimum Major CGPA of 10.0 in the Interdisciplinary Science and Practice (ISAP) Honours program and permission of the instructor.

Seminars or workshops three hours a week. A field trip to the partner community is typically required.

ISAP 4999 [0.0 credit]**Science Communication Certificate Professional Development Workshop**

A one-day workshop providing practical skills development for becoming an effective science communicator. Topics for discussion will include defining the audience and framing of information, reviews of effective science communication, career opportunities for science communicators, and one-to-one analysis of participants writing skills. Graded SAT/UNS.

Includes: Experiential Learning Activity

Also listed as JOUR 4999.

Prerequisite(s): This course is restricted to students enrolled in the Certificate of Science Communication, and who have completed at least 2.0 credits towards the certificate, including one of COMS 2500 or ISAP 3003.

A one-day workshop

Italian (Minor)

This section presents the requirements for programs in:

- **Minor in Italian**

Minor in Italian (4.0 credits)

Open to all undergraduate degree students.

Students are required to present a Minor CGPA of 4.00 or higher at graduation in order to be awarded a Minor in Italian.

Requirements:

1. 3.0 credits in ITAL	3.0
2. 1.0 credit in ITAL at the 3000-level or higher	1.0
3. Subject to approval of the School, a maximum of 2.0 credits may be substituted for the above by taking courses at the 2000-level or higher in another discipline relevant to the language.	
4. The remaining requirements of the major discipline(s) and degree must be satisfied.	

Total Credits	4.0
----------------------	------------

Placement for Language Students

Note: A placement test is required for students who have previous training and/or experience, but who have not taken a course in this language at Carleton. For details, please consult carleton.ca/slals/modern-languages and follow the placement test instructions before registering.

Students who are found to be registered in an inappropriate level of the course will be deregistered following assessment by their instructor (and/or the Director of the School). It is crucial for students to complete the placement test in a manner that truly demonstrates their language proficiency.

Students should note that they cannot go backward in a sequence of levels in language courses.

Regulations

In addition to the requirements listed here, students must satisfy:

1. the University regulations including the process of Academic Continuation Evaluation (see the Academic Regulations of the University section of this Calendar).

ITAL 1010 [0.5 credit]

First-Year Italian I

For students with no knowledge of Italian. Oral skills, reading and writing. Compulsory attendance. Precludes additional credit for ITAL 1110. Four hours a week.

ITAL 1020 [0.5 credit]

First-Year Italian II

Continuation of first-year Italian. Oral skills, reading and writing. Compulsory attendance. Precludes additional credit for ITAL 1110. Prerequisite(s): grade of C or higher in ITAL 1010, or permission of the School. Four hours a week.

ITAL 1110 [1.0 credit]

Intensive First-Year Italian

For students with no knowledge of Italian. Oral skills, reading and writing. Compulsory attendance. Precludes additional credit for ITAL 1010 and ITAL 1020. Eight hours a week (one term).

ITAL 2010 [0.5 credit]

Second-Year Italian I

Further study of Italian to reach a more advanced level of ability in a range of situations. Equal emphasis on oral and written language. Compulsory attendance. Precludes additional credit for ITAL 2110. Prerequisite(s): grade of C or higher in ITAL 1020 or ITAL 1110, or permission of the School. Four hours a week.

ITAL 2020 [0.5 credit]

Second-Year Italian II

Continuation of second-year Italian. Further study of Italian to reach a more advanced level of ability in a range of situations. Equal emphasis on oral and written language. Compulsory attendance. Precludes additional credit for ITAL 2110. Prerequisite(s): grade of C or higher in ITAL 2010, or permission of the School. Four hours a week.

ITAL 2110 [1.0 credit]

Intensive Second-Year Italian

Further study of Italian to reach a more advanced level of ability in a range of situations. Equal emphasis on oral and written language. Compulsory attendance. Precludes additional credit for ITAL 2010 or ITAL 2020. Prerequisite(s): grade of C or higher in ITAL 1020, ITAL 1110, or permission of the School. Eight hours a week (one term).

ITAL 3010 [0.5 credit]

Third-Year Italian I

Further study of Italian to reach a more advanced level, including the ability to handle authentic materials and primary texts required for academic studies. Compulsory attendance. Includes: Experiential Learning Activity. Precludes additional credit for ITAL 3110. Prerequisite(s): grade of C or higher in ITAL 2020, ITAL 2110, or permission of the School. Three hours a week.

ITAL 3020 [0.5 credit]**Third-Year Italian II**

Continuation of third-year Italian. Further study of Italian to reach a more advanced level, including the ability to handle authentic materials and primary texts required for academic studies. Compulsory attendance.

Includes: Experiential Learning Activity

Precludes additional credit for ITAL 3110.

Prerequisite(s): grade of C or higher in ITAL 3010 or permission of the School.

Three hours a week

ITAL 3110 [1.0 credit]**Intensive Third-Year Italian**

Further study of Italian to reach a more advanced level, including the ability to handle authentic materials and primary texts required for academic studies. Compulsory attendance.

Precludes additional credit for ITAL 3010 and ITAL 3020.

Prerequisite(s): grade of C or higher in ITAL 2020 or ITAL 2110, or permission of the School.

Six hours a week (one term).

ITAL 4010 [0.5 credit]**Fourth-Year Italian I**

Advanced spoken and written Italian with intensive practice in aural comprehension and speaking in a range of situations and contexts, in reading and in composition in a range of modes and genres. Metalinguistic study. Compulsory attendance.

Includes: Experiential Learning Activity

Precludes additional credit for ITAL 4110.

Prerequisite(s): grade of C or higher in ITAL 3020, ITAL 3110 or permission from the School.

Three hours a week

ITAL 4020 [0.5 credit]**Fourth-Year Italian II**

Continuation of fourth-year Italian. Advanced spoken and written Italian with intensive practice in aural comprehension and speaking in a range of situations and contexts, in reading and in composition in a range of modes and genres. Metalinguistic study. Compulsory attendance.

Includes: Experiential Learning Activity

Precludes additional credit for ITAL 4110.

Prerequisite(s): grade of C or higher in ITAL 4010 or permission from the School.

Three hours a week

ITAL 4110 [1.0 credit]**Intensive Fourth-Year Italian**

Advanced spoken and written Italian with intensive practice in aural comprehension and speaking in a range of situations and contexts, in reading and in composition in a range of modes and genres. Metalinguistic study. Compulsory attendance.

Precludes additional credit for ITAL 4010 and ITAL 4020.

Prerequisite(s): grade of C or higher in ITAL 3110, or permission of the School.

Six hours a week (one term).

ITAL 4900 [1.0 credit]**Independent Study**

Research in a topic in Italian language, literature or linguistics under the supervision of a member of the School.

Includes: Experiential Learning Activity

Prerequisite(s): third- or fourth-year standing in the Minor in Italian, grade of C or higher in ITAL 3110 or equivalent, or permission of the School.

ITAL 4901 [0.5 credit]**Independent Study**

Research in a topic in Italian language, literature or linguistics under the supervision of a member of the School.

Includes: Experiential Learning Activity

Prerequisite(s): third- or fourth-year standing in the Minor in Italian, grade of C or higher in ITAL 3110 or equivalent, or permission of the School.

Japanese Language (Minor)

This section presents the requirements for programs in:

- **Minor in Japanese Language**

Minor in Japanese Language (4.0 credits)

Open to all undergraduate degree students.

Students are required to present a Minor CGPA of 4.00 or higher at graduation in order to be awarded a Minor in Japanese Language.

Requirements:

1. 3.0 credits in JAPA	3.0
2. 1.0 credit in JAPA at the 3000-level or higher	1.0
3. Subject to approval of the School, a maximum of 2.0 credits may be substituted for the above by taking courses at the 2000-level or higher in another discipline relevant to the language	
4. The remaining requirements of the major discipline(s) and degree must be satisfied.	

Total Credits	4.0

It is crucial for students to complete the placement test in a manner that truly demonstrates their language proficiency.

Students should note that they cannot go backward in a sequence of levels in language courses.

JAPA 1010 [0.5 credit]

First-Year Japanese I

For students with no knowledge of Japanese. Oral skills, reading and writing. Compulsory attendance. Precludes additional credit for JAPA 1110. Four hours a week.

JAPA 1020 [0.5 credit]

First-Year Japanese II

Continuation of first-year Japanese. Oral skills, reading and writing. Compulsory attendance. Precludes additional credit for JAPA 1110. Prerequisite(s): grade of C or higher in JAPA 1010, or permission of the School. Four hours a week.

JAPA 1110 [1.0 credit]

Intensive First-Year Japanese

For students with no knowledge of Japanese. Oral skills, reading and writing. Compulsory attendance. Precludes additional credit for JAPA 1010 and JAPA 1020.

Eight hours a week (one term).

JAPA 2010 [0.5 credit]

Second-Year Japanese I

Further study of Japanese to reach a more advanced level of ability in a range of situations. Equal emphasis on oral and written language. Compulsory attendance. Includes: Experiential Learning Activity. Precludes additional credit for JAPA 2110. Prerequisite(s): grade of C or higher in JAPA 1020, JAPA 1110, or permission of the School. Four hours a week.

JAPA 2020 [0.5 credit]

Second-Year Japanese II

Continuation of second-year Japanese. Further study of Japanese to reach a more advanced level of ability in a range of situations. Equal emphasis on oral and written language. Compulsory attendance. Includes: Experiential Learning Activity. Precludes additional credit for JAPA 2110. Prerequisite(s): grade of C or higher in JAPA 2010 or permission of the School. Four hours a week.

JAPA 2110 [1.0 credit]

Intensive Second-Year Japanese

Further study of Japanese to reach a more advanced level of ability in a range of situations. Equal emphasis on oral and written language. Compulsory attendance. Precludes additional credit for JAPA 2010 and JAPA 2020.

Prerequisite(s): grade of C or higher in JAPA 1020 or JAPA 1110, or permission of the School. Eight hours a week (one term).

JAPA 3010 [0.5 credit]

Third-Year Japanese I

Further study of Japanese to reach a more advanced level, including the ability to handle authentic materials and primary texts required for academic studies. Compulsory attendance. Prerequisite(s): grade of C or higher in JAPA 2110, or permission of the School. Three hours a week.

JAPA 3011 [0.5 credit]**Reading in Japanese – Kanji I**

Intended for students taking JAPA 3010 and those who want to learn kanji in depth and become proficient in reading various Japanese texts. The course is intended primarily for students who do not use Chinese characters in their first language.

Prerequisite(s): grade of C or higher in JAPA 2110 or permission of the School.

Three hours a week.

JAPA 3020 [0.5 credit]**Third-Year Japanese II**

Continuation of third-year Japanese to reach a more advanced level, including the ability to handle authentic materials and primary texts required for academic studies. Compulsory attendance.

Prerequisite(s): grade of C or higher in JAPA 3010, or permission of the School.

Three hours a week.

JAPA 3021 [0.5 credit]**Reading in Japanese – Kanji II**

A continuation of Reading in Japanese – Kanji I. Further development of reading skills in Japanese. Intended primarily for students who do not use Chinese characters in their first language.

Prerequisite(s): grade of C or higher in JAPA 3011 or permission of the School.

Three hours a week.

JAPA 4010 [0.5 credit]**Fourth-Year Japanese I**

Development of speaking and writing abilities more complex than those used in daily communication. Development of language use for specific purposes and in specific contexts such as the academic, business and technical domains. Compulsory attendance.

Prerequisite(s): grade of C or higher in JAPA 3020, or permission of the School.

Three hours a week.

JAPA 4020 [0.5 credit]**Fourth-Year Japanese II**

Continuation of fourth-year Japanese. Further development of speaking and writing abilities more complex than those used in daily communication. Development of language use for specific purposes and in specific contexts such as the academic, business and technical domains. Compulsory attendance.

Prerequisite(s): grade of C or higher in JAPA 4010, or permission of the School.

Three hours a week.

JAPA 4210 [0.5 credit]**Functional Contemporary Japanese I**

Further study of Japanese to reach a more advanced level, aimed at developing speaking and writing abilities more complex than those used in daily communication. Development of language use for specific purposes in contexts such as the academic, business and technical domains.

Prerequisite(s): grade of C or higher in JAPA 4020 or permission of the School.

Three hours a week.

JAPA 4220 [0.5 credit]**Functional Contemporary Japanese II**

Continuation of JAPA 4210. Further development of speaking and writing abilities more complex than those used in daily communication. Development of language use for specific purposes in contexts such as the academic, business and technical domains.

Prerequisite(s): grade of C or higher in JAPA 4210 or permission of the School.

Three hours a week.

JAPA 4900 [1.0 credit]**Independent Study**

Research in a topic in Japanese language, literature or linguistics under the supervision of a member of the School.

Includes: Experiential Learning Activity

Prerequisite(s): third- or fourth-year standing and enrolment in the Minor in Japanese, a grade of C or higher in JAPA 4020 or equivalent, or permission of the School.

JAPA 4901 [0.5 credit]**Independent Study**

Research in a topic in Japanese language, literature or linguistics under the supervision of a member of the School.

Includes: Experiential Learning Activity

Prerequisite(s): third- or fourth-year standing and enrolment in the Minor in Japanese, a grade of C or higher in JAPA 4020 or equivalent, or permission of the School.

Journalism

Bachelor of Journalism Combined Honours

Bachelor of Journalism students may take Combined Honours programs in which Journalism is combined with another discipline. Students may choose a Combined Honours program in Journalism and Communication and Media Studies, or from Combined Honours programs offered within the B.A. The Journalism requirements for the Combined Honours program are normally the same as those for the Bachelor of Journalism with Honours listed above. The requirements of the other discipline are the same as those listed for the B.A. Combined Honours program in that discipline. Students are advised to consult the Combined Honours entry of their second discipline in this calendar for details. Combined Honours programs in Journalism and other disciplines are available only to students registered in Journalism.

JOUR 1107 [1.0]	Internships	
JOUR 1108 [0.5]	Introduction to Video Journalism	

Total Credits		4.5
----------------------	--	------------

Regulations

In addition to the program requirements described here, students must satisfy the University regulations (see the *Academic Regulations of the University* section of this calendar).

Students should consult with the School when planning their program and selecting courses.

Note: students who already hold an undergraduate degree in another field are not eligible to apply for the B.J. (Honours) program. These students should consult the information on the Master of Journalism or the Master of Arts in Communication in the Graduate Calendar.

Transfer into Second Year of B.J.

The School maintains a number of places in second year for students who wish to transfer from Carleton or elsewhere. Normally, offers are made to students with an Overall CGPA equivalent to 9.00 (B+) or better.

Transfer from B.J. to B.J.Hum.

A student who has completed the first year of the B.J. program may apply to transfer into the second year of the B.J.Hum. program, and will be accepted at the discretion of the School of Journalism and the College of Humanities. Students must normally have an Overall CGPA of 9.00 (B+) or higher. Transfer into higher years will not be considered.

Progression into 2000-Level Courses

Students may not continue into 2000-level JOUR courses unless the following minimum requirements are met:

- Successful completion of JOUR 1001
- Successful completion of JOUR 1002

Progression into 3000-Level Courses

Students may only continue into the 3000-level Journalism courses JOUR 3207, JOUR 3208, JOUR 3235,

JOUR 3300 if they attain a minimum grade of C in each of the following: JOUR 2201, JOUR 2202, and JOUR 2501.

Progression into 4000-Level Courses

Students may only continue into the 4000-level Journalism production courses JOUR 4003, JOUR 4004, JOUR 4005 if they attain a minimum grade of C in each of the following: JOUR 3207, JOUR 3208, JOUR 3235, and JOUR 3300.

Graduation Requirements

In addition to the graduation requirements of the Faculty, a candidate for the degree of Bachelor of Journalism (Honours) must have:

1. an Overall CGPA and Major CGPA of at least 6.50,
2. a minimum grade of C in each of the 2000-level and above JOUR courses required in the Major;
3. the recommendation of the School of Journalism and Communication for graduation.

Prohibited Courses

Courses below the 1000-level may not be used for credit in Journalism programs.

Academic Continuation Evaluation for Bachelor of Journalism

Students in B.J. are Honours students.

Students in the Bachelor of Journalism follow the Academic Continuation Evaluation (ACE) regulations governing Honours programs as described in Section 3.2 of the *Academic Regulations of the University*, with the following addition:

- Students who have completed at least 15.5 credits and who do not meet the graduation requirements of an Overall CGPA of 6.50 and a Major CGPA of 6.50 will be required to leave the program with the decision *Continue in Alternate* (CA).

Academic Continuation Evaluation for Bachelor of Journalism and Humanities

Students in the Bachelor of Journalism and Humanities degree follow the Academic Continuation Evaluation (ACE) regulations described in Section 3.2 of the *Academic Regulations of the University* with the following additions and amendments.

The Bachelor of Journalism and Humanities degree defines an Overall CGPA, a Journalism Major CGPA, and a Humanities Core CGPA.

HUMANITIES CORE COURSES

HUMS 1000 [1.0]	Foundational Myths and Histories
HUMS 2000 [1.0]	Reason and Revelation
HUMS 3000 [1.0]	Culture and Imagination
HUMS 4000 [1.0]	Politics, Modernity and the Common Good

Whenever a student is assessed in ACE, Bachelor of Journalism and Humanities students are evaluated on the basis of their Overall CGPA. The Humanities Core CGPA is assessed only at the end of each winter term.

1. A student is required to leave the program if:
 - a. the student was on *Academic Warning* (AW) and does not achieve a decision of *Eligible to Continue* (EC) at the next Academic Continuation Evaluation;
 - b. the student's Overall CGPA is less than 1.00;
 - c. the student's Humanities Core CGPA is less than 6.00 when assessed.
2. Students who have completed between 5.5 and 15 credits who do not maintain an Overall CGPA of 4.00 and a Humanities Core CGPA of 6.5, but who have an Overall CGPA of at least 1.00 and a Humanities Core of at least 6.00, will be placed on *Academic Warning* (AW). Students who have completed at least 15.5 credits and who do not meet the graduation requirements of an Overall CGPA of 6.50, a Journalism Major CGPA of 6.50, and a Humanities Core CGPA of 6.50 will be required to leave the program.

See the Academic Regulations of the University section of the Calendar for additional information.

Admissions Information

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as recommended, it is not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Degree

- B.J. (Honours)

Admission Requirements

First Year

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include 4U English. The Bachelor of Journalism with a Concentration in Health Sciences must also include one 4U Math, and either 4U Chemistry or 4U Biology.

Note: Students who already hold an undergraduate degree in another field are not eligible to apply for the B.J. (Honours) program. These students should consult the information on the Master of Journalism or the Master of Arts in Communication in the Faculty of Graduate Studies and Research Calendar.

Advanced Standing

The School also maintains a number of places in second year for students who wish to transfer from Carleton or elsewhere. Normally, offers are made to students with an overall CGPA of 9.00 (B+) or higher.

Transferring from the CJIC

Graduates from the Certificate in Journalism in Indigenous Communities (CJIC) are eligible for admission to the B.J. program with Advanced Standing. Normally, offers are made to students with an overall CGPA of 8.00 (B) or higher.

Transferring from the B.J.Hum. to the B.J. or B.Hum. Degree

A student who wishes to transfer from the B.J.Hum. to the B.J. or the B.Hum. may apply through Admissions, and will be accepted if, upon entry to the new program, they would be *Eligible to Continue* (EC) in the new degree program.

Admission Requirements

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include a 4U course in English (or *anglais*) with a grade of 60 percent or higher.

Students with previous post-secondary studies will be assessed on their merits. Applicants must normally meet the CGPA thresholds described in Section 3.1.9 of the Academic Regulations of the University.

Consideration will be extended to other applicants under Mature Applicant regulations (see the Mature Applicants section of this Calendar).

Note: Admission to this program is restricted to Indigenous applicants. During the application process students will be required to verify their Indigenous Identity through the policy described here: <https://admissions.carleton.ca/indigenousdocuments/>.

Journalism (JOUR) Courses

JOUR 1001 [0.5 credit]

Foundations: Journalism in Context

Charting evolution of journalism in the West from roots as community creator to guardian of democracy, including greatest scoops and worst misdeeds. From ancient news-sharing to 21st Century digital journalism, surveying ethical, political, economic and technological contexts that shaped news media as institutions/industries.

Includes: Experiential Learning Activity

Precludes additional credit for JOUR 1102.

Prerequisite(s): Open to all programs, with priority to BJ students.

Lectures and discussion three hours a week.

JOUR 1002 [0.5 credit]

Foundations: Practicing Journalism in a Diverse Society

Introduces students to concepts, issues and challenges in the contemporary Canadian media environment that shapes their professional role as practicing journalists.

Also provides students with initial opportunity to practice basic writing, editing and reporting skills in preparation for professional online journalism, media or fact-driven fields.

Includes: Experiential Learning Activity

Precludes additional credit for JOUR 1103.

Prerequisite(s): Registration in the BJ or BJHUM program or the minor in News Media and Information.

Lectures and discussion three hours a week.

JOUR 1004 [0.5 credit]

Special Topic

Examination of a topic in journalism not covered in depth in other courses.

Lecture two hours a week, discussion one hour a week.

JOUR 1101 [0.5 credit]

Indigenous Storytelling

Storytelling is a traditional method used in Indigenous cultures that teaches cultural beliefs, values, customs, history, and ways of life. In this course, storytelling will be the foundation for experiential/holistic learning and relationship-building. You'll examine how Indigenous storytelling traditions intersect and contrast with Western journalism.

Prerequisite(s): Enrolment in Journalism in Indigenous Communities Certificate program.

Combination of in-person intensives and online classes.

JOUR 1102 [0.5 credit]**Foundations of Journalism**

This course introduces you to the context, concepts, issues and challenges in contemporary Canadian media that will shape your professional role as practicing journalist. You'll examine the state of the media, advocacy, social media and ethics, plus discuss Indigenous representation in the mainstream media.

Precludes additional credit for JOUR 1001.

Prerequisite(s): Enrolment in Certificate in Journalism in Indigenous Communities program.

Online, biweekly classes, 6 hours per week.

JOUR 1103 [0.5 credit]**Fundamentals of Journalism**

Learn how to think and work like a journalist in this course. You'll receive detailed feedback, mentoring from experienced journalist-instructors and teaching assistants. You'll build skills in interviewing, writing, storytelling, editing and ethics while covering wide scope of topics in your Indigenous community.

Precludes additional credit for JOUR 1002.

Prerequisite(s): Enrolment in Certificate in Journalism in Indigenous Communities program.

Online, biweekly classes, 6 hours per week.

JOUR 1104 [0.5 credit]**Introduction to Audio Journalism**

Radio is a popular media format in Indigenous communities. In this intensive workshop course, you will learn to pitch stories, report from the field, write conversationally, record voice and natural sound, edit audio files and produce compelling audio reports, radio newscasts and podcasts.

Includes: Experiential Learning Activity

Prerequisite(s): Enrolment in Journalism in Indigenous Communities Certificate program and JOUR 1102 and JOUR 1103.

In-person intensive, 3 hours per week.

JOUR 1105 [0.5 credit]**Digital and Photojournalism**

Further development of your digital journalism skills. Students will receive instruction in online reporting and publishing, as well as learn the fundamentals of news storytelling through smartphone photography, including how to find visually newsworthy stories, and the ethics of photojournalism in Indigenous settings.

Includes: Experiential Learning Activity

Prerequisite(s): Enrolment in Journalism in Indigenous Communities Certificate program and JOUR 1102 and JOUR 1103.

Online, biweekly classes, 6 hours per week.

JOUR 1106 [0.5 credit]**Entrepreneurial Journalism**

Beginning with freelancer's toolkit, you'll learn to compete in a workforce that increasingly values an entrepreneurial mindset. You'll be trained to find and sell real stories and grow your brand. You'll explore innovative ways to reach audiences, fund your career as media professional.

Prerequisite(s): Enrolment in Journalism in Indigenous Communities Certificate program and JOUR 1102 and JOUR 1103.

Online, biweekly classes, 6 hours per week.

JOUR 1107 [1.0 credit]**Internships**

During a two-week internship in a news or media organization, you'll have an opportunity to apply what you learned in the classroom to actual day-to-day work of reporting, writing, and producing news for an audience. Evaluations and student reflections round out the internship experience.

Includes: Experiential Learning Activity

Prerequisite(s): Enrolment in Journalism in Indigenous Communities Certificate program and JOUR 1102 and JOUR 1103.

In-person intensive

JOUR 1108 [0.5 credit]**Introduction to Video Journalism**

Pictures are powerful, and this is where you'll learn how to handle them. As you master visual literacy skills, you'll report, shoot and edit video stories. You'll work "live" in studio and from field, producing range of material using smartphones and DSLR cameras.

Includes: Experiential Learning Activity

Prerequisite(s): Enrolment in Journalism in Indigenous Communities Certificate program and JOUR 1102 and JOUR 1103.

In-person intensive.

JOUR 2003 [0.5 credit]**Delivering Journalism: Innovators v. Imposters**

Activists, imposters and innovators increasingly crowd in on traditional journalism's role of presenting reliable news and fair discussion. How is public awareness now shaped – and misshaped – and how must journalism reshape, update and defend its borders to serve communities better?.

Prerequisite(s): JOUR 1001, JOUR 1002, or permission of the School of Journalism and Communication.

Lecture and discussion three hours a week.

JOUR 2106 [0.5 credit]**The Documentary**

Examination of the work of individual film makers, of documentary styles and of organizations and institutions in the context of the history of documentary film making, including documentaries made for television. Non-fiction films other than documentaries may be considered.

Also listed as FILM 2106.

Precludes additional credit for JOUR 2105, FILM 2105.

Prerequisite(s): FILM 1101 or FILM 1120, or second-year standing, or permission of the Discipline.

Lecture and screening three hours a week, lecture one hour a week.

JOUR 2201 [1.0 credit]**Fundamentals of Reporting**

Intro to techniques journalists use gathering information quickly, accurately and ethically, to present reports and features in clear, engaging ways. Newsroom exercises provide experience in reporting, writing, editing, using digital tools, including audio editing software, spreadsheets, digital cameras, social media and emerging web-based digital tools.

Includes: Experiential Learning Activity

Prerequisite(s): JOUR 1001 and JOUR 1002 and second year standing in the Bachelor of Journalism program.

Lectures, discussion and practicum six hours a week.

JOUR 2203 [0.5 credit]**Civics for Journalists**

This course offers an overview of key public institutions and civil society organizations in Canada to prepare aspiring journalists to effectively and critically engage with these actors in generating important and illuminating coverage of public affairs.

Also listed as MPAD 3002.

Prerequisite(s): JOUR 1001 and JOUR 1002 and second year standing in the BJ program or BJHUM program or the minor in News Media and Information.

Lectures and discussion three hours a week.

JOUR 2501 [0.5 credit]**Media Law**

A survey of laws that affect the Canadian media. Specific areas include the development of freedom of expression, the Charter of Rights and Freedoms, and statutory and common law limitations on freedoms of the press, including publication bans, libel and contempt of court. Also listed as COMS 2501, MPAD 2501.

Precludes additional credit for COMM 2501 (no longer offered).

Prerequisite(s): JOUR 1001, JOUR 1002, COMS 1001, COMS 1002, or enrollment in the Minor in News Media and Information, or enrollment in the Communication and Policy Studies specialization of the Bachelor of Public Affairs and Policy Management, or permission of the School of Journalism and Communication.

Lectures and discussion three hours a week.

JOUR 3105 [0.5 credit]**Questions of Documentary Practice**

Theoretical implications of documentary film and documentary television practice.

Also listed as FILM 3105.

Prerequisite(s): 1.0 credit in Film Studies at the 2000-level, or permission of the School.

JOUR 3207 [0.5 credit]**Audio Journalism**

In this workshop students will build on the principles and practices of audio journalism to produce stories and audio in various formats suitable for radio and digital publication. Note: JOUR 3207 and JOUR 3208 may not be taken in the same term.

Includes: Experiential Learning Activity

Prerequisite(s): JOUR 2201, JOUR 2202, and JOUR 2501 with a grade of C or higher in each.

Lectures and labs six hours a week.

JOUR 3208 [0.5 credit]**Video Journalism**

In this workshop students will build on the principles and practices of video journalism to produce stories and video in various formats suitable for television and digital publication. Note: JOUR 3207 and JOUR 3208 may not be taken in the same term.

Includes: Experiential Learning Activity

Prerequisite(s): JOUR 2201, JOUR 2202, and JOUR 2501 with a grade of C or higher in each.

Lectures and labs six hours a week.

JOUR 3225 [0.5 credit]**Reporting in Depth**

Long-form journalistic writing skills development; techniques for thorough investigation of timely public issues. Study of outstanding feature and investigative writing examples. Students will pursue their own reporting projects.

Includes: Experiential Learning Activity

Precludes additional credit for JOUR 3205 (no longer offered).

Prerequisite(s): JOUR 2201, JOUR 2202, and JOUR 2501 with a grade of C or higher in each.

Lectures and practicum three hours a week.

JOUR 3235 [0.5 credit]**Digital Journalism**

Further development of digital journalism skills. Students will produce journalism for online audiences using formats including written and spoken language, still and moving images.

Includes: Experiential Learning Activity

Precludes additional credit for JOUR 3205 (no longer offered).

Prerequisite(s): JOUR 2201, JOUR 2202, and JOUR 2501 with a grade of C or higher in each.

Lectures and labs three hours a week.

JOUR 3300 [0.5 credit]**Media Ethics in a Digital World**

Ethical issues related to production and dissemination of news and other forms of content as they relate to digital environments. Different approaches to ethical decision-making and their application in contemporary settings. Also listed as MPAD 3300.

Precludes additional credit for JOUR 3215 (no longer offered).

Prerequisite(s): JOUR 2201, JOUR 2202 and JOUR 2501 with a grade of C or higher in each, or JOUR 2003 and JOUR 2501 with a grade of C or higher in each and enrollment in the Minor in News Media and Information. Lectures three hours a week.

JOUR 3400 [0.5 credit]**Selected Topic in Journalism**

Examination of a topic in journalism not covered in depth in other courses.

Prerequisite(s): third-year standing in the Bachelor of Journalism or permission of the School of Journalism and Communication.

Seminar three hours a week.

JOUR 3401 [0.5 credit]**Selected Topic in Journalism**

Examination of a topic in journalism not covered in depth in other courses.

Prerequisite(s): third-year standing in the Bachelor of Journalism, or third-year standing and enrollment in the Minor in News Media and Information, or permission of the School of Journalism and Communication.

Seminar three hours a week.

JOUR 3402 [0.5 credit]**Selected Topic in Journalism**

Examination of a topic in journalism not covered in depth in other courses.

Prerequisite(s): third-year standing in the Bachelor of Journalism, or third-year standing and enrollment in the Minor in News Media and Information, or permission of the School of Journalism and Communication.

Seminar three hours a week.

JOUR 3407 [0.5 credit]**Comparative Media Studies**

The comparative study of one or more media organizations and/or types of media content with reference to their operation, audiences, and impacts.

Also listed as COMS 3407.

Precludes additional credit for COMM 3407 (no longer offered).

Prerequisite(s): third-year standing in B.J. Hons. or permission of the School of Journalism and Communication.

Lectures three hours a week.

JOUR 4001 [0.5 credit]**Journalism Now - and Next**

Changes occurring in the media, in the public's relationship with the media and how journalists and news organizations respond. Practical issues and challenges in the professional life of a journalist.

Also listed as MPAD 4001.

Precludes additional credit for JOUR 4000 (no longer offered).

Prerequisite(s): fourth-year standing in the Bachelor of Journalism or in the Bachelor of Media Production and Design, or fourth-year standing and enrollment in the Minor in News Media and Information, or fourth-year standing in the Strategic Public Opinion stream of the Communication and Policy Studies specialization of the Bachelor of Public Affairs and Policy Management. Lectures and discussion three hours a week.

JOUR 4003 [0.5 credit]**The Digital Hub: Advanced Multimedia**

A workshop designed to give students instruction in digital reporting and publishing as they produce stories from across the city and beyond.

Includes: Experiential Learning Activity

Prerequisite(s): JOUR 3235 with a grade of C or higher and fourth-year standing in B.J. Hons.

Also offered at the graduate level, with different requirements, as JOUR 5003, for which additional credit is precluded.

Workshops averaging eight hours a week.

JOUR 4004 [0.5 credit]**The Digital Hub: Advanced Audio**

A workshop designed to give students instruction in audio journalism as they produce stories from across the city and beyond.

Includes: Experiential Learning Activity

Precludes additional credit for JOUR 4206 (no longer offered).

Prerequisite(s): JOUR 3207 with a grade of C or higher and fourth-year standing in B.J. Hons.

Also offered at the graduate level, with different requirements, as JOUR 5004, for which additional credit is precluded.

Workshops averaging eight hours per week.

JOUR 4005 [0.5 credit]**The Digital Hub: Advanced Video**

A workshop designed to give students instruction in video journalism as they produce stories from across the city and beyond.

Includes: Experiential Learning Activity

Precludes additional credit for JOUR 4207 (no longer offered).

Prerequisite(s): JOUR 3208 with a grade of C or higher and fourth-year standing in B.J. Hons.

Also offered at the graduate level, with different requirements, as JOUR 5005, for which additional credit is precluded.

Workshops averaging eight hours a week.

JOUR 4100 [0.5 credit]**Special Topic**

Examination of a topic in journalism not covered in depth in other courses. Seminar three hours a week.

Seminar three hours a week.

JOUR 4101 [0.5 credit]**Special Topic**

An examination of a topic in journalism not covered in depth in other courses. Topics may vary from year to year.

Seminar three hours a week.

JOUR 4300 [0.5 credit]**Specialized Journalism: Special Topic**

Examination of a topic not covered in depth in other specialized journalism courses. Topics may vary from year to year. Emphasis on explanatory/analytical reporting, culminating in an extended work of journalism.

Also listed as MPAD 4300.

Prerequisite(s): JOUR 3225 with a grade of C or higher and fourth-year standing in B.J. Hons. or permission of the School.

Also offered at the graduate level, with different requirements, as JOUR 5300, for which additional credit is precluded.

Lectures, discussion and seminars three hours a week.

JOUR 4301 [0.5 credit]**Specialized Journalism: Business and the Markets**

Core skills development for business journalism: reading financial documents, covering activities of corporations, functioning of stock and other markets, trade policy and the broader economy, focus on contemporary business news and local publicly-traded companies. Emphasis on explanatory/analytical reporting, production of an extended work of journalism.

Includes: Experiential Learning Activity

Prerequisite(s): JOUR 3225 with a grade of C or higher and fourth-year standing in B.J. Hons. or permission of the School.

Also offered at the graduate level, with different requirements, as JOUR 5301, for which additional credit is precluded.

Lectures, discussion and seminars three hours a week.

JOUR 4302 [0.5 credit]**Specialized Journalism: Business and Canadian Society**

The intersection between business and public policy, from climate change to taxation, pensions, labour and corporate social responsibility. What business does and how the media covers it. Emphasis on explanatory/analytical reporting, production of a related data project as an extended work of journalism.

Includes: Experiential Learning Activity

Prerequisite(s): JOUR 3225 with a grade of C or higher and fourth-year standing in B.J. Hons. or permission of the School.

Also offered at the graduate level, with different requirements, as JOUR 5302, for which additional credit is precluded.

Lectures, discussion and seminars three hours a week.

JOUR 4303 [0.5 credit]**Specialized Journalism: Health and Science**

The culture of health science research and major trends; key challenges confronting researchers and health science journalists around the world. Emphasis on explanatory/analytical reporting; production of an extended work of journalism.

Includes: Experiential Learning Activity

Prerequisite(s): JOUR 3225 with a grade of C or higher and fourth-year standing in B.J. Hons. or permission of the School.

Also offered at the graduate level, with different requirements, as JOUR 5303, for which additional credit is precluded.

Lectures, discussion and seminars three hours a week.

JOUR 4304 [0.5 credit]**Specialized Journalism: Environment and Science**

Major trends and research culture in climate and environmental sciences, focusing on key global concerns. Issues facing researchers and journalists. Focus on explanatory/analytical reporting; production of an extended work of journalism.

Includes: Experiential Learning Activity

Prerequisite(s): JOUR 3225 with a grade of C or higher and fourth-year standing in B.J. Hons. or permission of the School.

Also offered at the graduate level, with different requirements, as JOUR 5304, for which additional credit is precluded.

Lectures, discussion and seminars three hours a week.

JOUR 4305 [0.5 credit]**Specialized Journalism: Canada and the U.S.**

Exploration of the unique issues in Canada-U.S. relations, from diplomacy to trade. Emphasis on explanatory/analytical reporting; production of an extended work of journalism.

Includes: Experiential Learning Activity

Prerequisite(s): JOUR 3225 with a grade of C or higher and fourth-year standing in B.J. Hons. or permission of the School.

Also offered at the graduate level, with different requirements, as JOUR 5315, for which additional credit is precluded.

Lectures, discussion and seminars three hours a week.

JOUR 4306 [0.5 credit]**Specialized Journalism: Canada and the World**

Diplomacy, war, terrorism, migration, the international economy, development and other issues of interest to journalists who want to write about Canada and international affairs. Emphasis on explanatory/analytical reporting; production of an extended work of journalism.

Includes: Experiential Learning Activity

Prerequisite(s): JOUR 3225 with a grade of C or higher and fourth-year standing in B.J. Hons. or permission of the School.

Also offered at the graduate level, with different requirements, as JOUR 5306, for which additional credit is precluded.

Lectures, discussion and seminars three hours a week.

JOUR 4308 [0.5 credit]**Specialized Journalism: Sports and Sport Culture**

Workshop equipping students with the skills to move beyond the clichés of sports writing and live event coverage. Emphasis on explanatory/analytical reporting; production of an extended work of journalism.

Includes: Experiential Learning Activity

Prerequisite(s): JOUR 3225 with a grade of C or higher and fourth-year standing in B.J. Honours or permission of the School.

Also offered at the graduate level, with different requirements, as JOUR 5308, for which additional credit is precluded.

Lectures, discussion and seminars three hours a week.

JOUR 4309 [0.5 credit]**Specialized Journalism: Arts and Culture**

Students are introduced to arts and culture journalism, exploring issues and trends that are key to understanding and covering the arts and related cultural policy in Canada. Emphasis on explanatory/analytical reporting, culminating in an extended work of journalism.

Includes: Experiential Learning Activity

Prerequisite(s): JOUR 3225 with a grade of C or higher and fourth-year standing in B.J. Honours or permission of the School.

Also offered at the graduate level, with different requirements, as JOUR 5309, for which additional credit is precluded.

Lectures, discussion and seminars three hours a week.

JOUR 4311 [0.5 credit]**Specialized Journalism: Justice and The Supreme Court**

Examination of the Supreme Court of Canada, and the role of journalists in covering it. Students attend hearings and gain insight into the court's role in the making and shaping of Canada. Emphasis on explanatory/analytical reporting; production of an extended work of journalism. Includes: Experiential Learning Activity
Prerequisite(s): JOUR 3225 with a grade of C or higher and fourth-year standing in B.J. Honours or permission of the School.

Also offered at the graduate level, with different requirements, as JOUR 5311, for which additional credit is precluded.

Lectures, discussion and seminars three hours a week.

JOUR 4313 [0.5 credit]**Specialized Journalism: Reporting in Indigenous Communities**

Working in teams to produce multimedia news stories from Indigenous communities in the city of Ottawa and Ottawa Valley region, students will be challenged to confront misrepresentation in the news media and learn to consider new strategies and ethical frameworks for covering Indigenous Peoples.

Includes: Experiential Learning Activity

Also offered at the graduate level, with different requirements, as JOUR 5313, for which additional credit is precluded.

3 hours per week

JOUR 4314 [0.5 credit]**Specialized Journalism: Parliament, Policy and the Press**

This seminar course is designed to make students familiar with the way government works; how political parties function within the overall political system; how policies are formulated and implemented; and most importantly, how to report on all of these processes, institutions and events.

Prerequisite(s): Third or Fourth year B.J. Honours standing, or permission of the School.

Also offered at the graduate level, with different requirements, as JOUR 5314., for which additional credit is precluded.

3 hours per week.

JOUR 4400 [0.5 credit]**Professional Skills: Special Topic**

Examination of a topic in journalism not covered in depth in other courses.

Includes: Experiential Learning Activity

Prerequisite(s): third- or fourth-year standing in B.J.

Honours or permission of the School.

Seminar three hours a week.

JOUR 4401 [0.5 credit]**Professional Skills: Data Storytelling**

Instruction in telling stories from data. Focus on searching for, analyzing and mapping data, turning numbers into powerful narratives.

Includes: Experiential Learning Activity

Precludes additional credit for JOUR 4208 (no longer offered).

Prerequisite(s): JOUR 3225 with a grade of C or higher and fourth-year standing.

Lecture and practicum three hours a week.

JOUR 4402 [0.5 credit]**Professional Skills: Longform Writing**

Instruction in longform story production. Focus on researching and writing, including the art and craft of writing for magazines.

Includes: Experiential Learning Activity

Precludes additional credit for JOUR 4208 (no longer offered).

Prerequisite(s): JOUR 3225 with a grade of C or higher and fourth-year standing.

Lecture and practicum three hours a week.

JOUR 4403 [0.5 credit]**Professional Skills: Strategic Communication**

Workshop pairing student teams with non-profit groups that are in need of strategic communication advice.

Instruction in planning and implementation.

Includes: Experiential Learning Activity

Also listed as MPAD 4403.

Precludes additional credit for JOUR 4208 (no longer offered).

Prerequisite(s): JOUR 3225 with a grade of C or higher and fourth-year standing.

Also offered at the graduate level, with different requirements, as JOUR 5508, for which additional credit is precluded.

Lecture and practicum three hours a week.

JOUR 4404 [0.5 credit]**Professional Skills: Freelancing for Media Professionals**

Workshop preparing students to compete in a market that values the skills and mindset of entrepreneurial media workers.

Includes: Experiential Learning Activity

Prerequisite(s): JOUR 3225 with a grade of C or higher and fourth-year standing.

Lecture and practicum three hours a week.

JOUR 4500 [0.5 credit]**Investigating Journalism: Special Topic**

Examination of a topic in journalism not covered in depth in other courses.

Also listed as MPAD 4500.

Prerequisite(s): third- or fourth-year standing in B.J.

Honours or permission of the School.

Seminar three hours a week.

JOUR 4501 [0.5 credit]**Investigating Journalism: Gender, Identity and Inequality**

How social concepts of gender, identity and inequality influence journalism. Theoretical and textual analysis.

Historical and contemporary case studies from mainstream and alternative media exploring journalistic expression, professional practices, status and expectations, and cultural representations.

Includes: Experiential Learning Activity

Also listed as MPAD 4501.

Precludes additional credit for JOUR 4307 (no longer offered).

Prerequisite(s): third- or fourth-year standing in B.J. Hons. or permission of the School.

Seminar three hours a week.

JOUR 4502 [0.5 credit]**Investigating Journalism: Journalism and Conflict**

For as long as there has been conflict between peoples, there have been those who bear witness and recount their observations. This course examines journalism and conflict with an emphasis on journalistic perspectives but also through discussion of interdisciplinary literature and academic research.

Includes: Experiential Learning Activity

Also listed as MPAD 4502.

Prerequisite(s): fourth-year B.J. Honours standing, or permission of the School.

Seminar three hours a week.

JOUR 4504 [0.5 credit]**Investigating Journalism: The Media and International Development**

A critical examination of the use of journalism as an instrument of international development, historically and currently. To what extent have these efforts been successful? On what grounds are they justified? In what regard have they been instruments of propaganda?.

Includes: Experiential Learning Activity

Also listed as MPAD 4504.

Prerequisite(s): third-year standing in the Bachelor of Journalism, or third-year standing and enrollment in the Minor in News Media and Information, or permission of the School of Journalism and Communication.

Seminar three hours a week.

JOUR 4505 [1.0 credit]**Investigating Journalism: The Power and Politics of Government**

In-depth exploration of Canada's government, public policy and politics; parliamentary debate and committee hearings. Explanatory/analytical reporting; production of an extended work of journalism.

Includes: Experiential Learning Activity

Precludes additional credit for JOUR 4201 (no longer offered).

Prerequisite(s): JOUR 3225 with a grade of C or higher and fourth-year B.J. Honours standing, or permission of the School.

Seminar three hours a week.

JOUR 4506 [0.5 credit]**Investigating Journalism: Trauma-Informed Journalism**

Journalists often swoop in at the most difficult moments of a person's life- aftermath of violent incident/catastrophe, tragic death of loved one, or culmination of painful criminal trial. Students will be prepared for ethical, practical and emotional challenges of reporting accurately, sensitively to traumatic events.

Includes: Experiential Learning Activity

3 hours per week

JOUR 4507 [0.5 credit]**Investigating Journalism: History of Black Journalism**

Charts the development of Canada's Black press from its beginnings in the 1850s to present day. The course explores the role Canada's Black press has played in Black communities and considers how Black media outlets have covered the most significant stories of the day.

Prerequisite(s): Third or Fourth-year B.J. Honours standing, or permission of the school.

3 hours per week.

JOUR 4508 [0.5 credit]**Investigating Journalism: Inclusive Reporting in Practice**

Students will learn strategies for inclusive journalism through practical application, focusing on diversity, inclusion, and belonging in Canadian media. Learn to identify biases, self-reflection, and apply inclusive reporting techniques. Write stories that foster belonging, reflect diverse voices, and report with respect, care and cultural awareness.

Includes: Experiential Learning Activity

Prerequisite(s): JOUR 3225 with a grade of C or higher and fourth-year B.J. Honours standing, or permission of the School.

Seminar three hours a week.

JOUR 4900 [1.0 credit]**Honours Tutorial**

Students analyze some major achievements in contemporary journalism, through individual or group research. Students also have the opportunity to acquire background and experience in the managerial aspects and production of print and broadcast journalism.

Prerequisite(s): fourth-year B.J. (Honours) standing.

JOUR 4999 [0.0 credit]**Science Communication Certificate Professional Development Workshop**

A one-day workshop providing practical skills development for becoming an effective science communicator. Topics for discussion will include defining the audience and framing of information, reviews of effective science communication, career opportunities for science communicators, and one-to-one analysis of participants writing skills. Graded SAT/UNS.

Includes: Experiential Learning Activity

Also listed as ISAP 4999.

Prerequisite(s): This course is restricted to students enrolled in the Certificate of Science Communication, and who have completed at least 2.0 credits towards the certificate, including one of COMS 2500 or ISAP 3003.

A one-day workshop

Journalism and Humanities

This section presents the requirements for programs in:

- **Bachelor of Journalism and Humanities B.J. Hum. Honours**

Program Requirements**Bachelor of Journalism and Humanities B.J. Hum. Honours (20.0 credits)**

Note: students must enrol in this degree in their first year of study.

20.0

Notes

- For **Item 9** above, students who transfer into the B.J. Hum. may use up to 1.0 credit of any previously completed art and/or music courses (with the exception of advanced placement courses). Students normally take HUMS 2101 and HUMS 2102, or HUMS 3102 and HUMS 3103. Other combinations of these requirements may be allowed at the discretion of the College of the Humanities.
- For Items 13 and 14 above, students who must take a beginner's level Modern language prerequisite to their intermediate level Modern language requirement should do so in place of RELI 1731 and 0.5 credits in electives. Students who are already able to demonstrate a proficiency in an Intermediate level Modern language or a Beginner's level Ancient language may have the requirement waived, and in that case may be required to take an additional 1.0 elective credit at the 2000-level or above in order to bring their total number of credits up to the required 20.0.
- Students fulfilling the language requirement are not permitted to register in HIST 2304 to fulfill the requirement for **Item 6a**.

Regulations

In addition to the requirements described here, students must satisfy the University regulations (see the *Academic Regulations of the University* section of this calendar).

Students should consult with the School of Journalism and the College of Humanities when planning their program and selecting courses.

Progression into Second Year

Students may not continue into 2000-level or higher JOUR courses unless the following minimum requirements are met:

- Successful completion of JOUR 1001
- Successful completion of JOUR 1002

General Prerequisites

- Students may only continue into the 3000-level Journalism courses JOUR 3207, JOUR 3208, JOUR 3235, JOUR 3300 if they attain a minimum grade of C in each of the following: JOUR 2201, JOUR 2202, and JOUR 2501.
- Students may only continue into the 4000-level Journalism production courses JOUR 4003, JOUR 4004, JOUR 4005 if they attain a minimum grade of C in each of the following: JOUR 3207, JOUR 3208, JOUR 3235, and JOUR 3300.

Graduation Requirements

In addition to the graduation requirements of the University, a graduation candidate for the degree of Bachelor of Journalism and Humanities (Honours) must present:

1. a Core Humanities CGPA of at least 6.50, and
2. a minimum grade of C in each of the 2000-level and above JOUR courses presented for the degree, and
3. an overall CGPA of 6.50 or higher.

Requirement for Full Time Study

Students in second and higher years in the Bachelor of Journalism and Humanities program must complete a minimum of 4.0 credits by the end of the summer session. The School of Journalism and the College of the Humanities may permit students to study abroad for a year while remaining registered in the program. For those students permitted to study abroad, Carleton credits commensurate to studies taken abroad will be determined by the School of Journalism and the College of the Humanities and awarded towards the student's degree. In exceptional circumstances (usually financial need or sickness), the School of Journalism and the College of the Humanities may also permit students to take a leave of absence for one year while remaining registered in the program.

Prohibited Courses

Courses below the 1000 level may not be used for credit in the Bachelor of Journalism and Humanities program.

Academic Continuation Evaluation for Bachelor of Journalism and Humanities

Students in the Bachelor of Journalism and Humanities degree follow the Academic Continuation Evaluation (ACE) regulations described in Section 3.2 of the *Academic Regulations of the University* with the following additions and amendments.

The Bachelor of Journalism and Humanities degree defines an Overall CGPA, a Journalism Major CGPA, and a Humanities Core CGPA.

HUMANITIES CORE COURSES

HUMS 1000 [1.0]	Foundational Myths and Histories
HUMS 2000 [1.0]	Reason and Revelation
HUMS 3000 [1.0]	Culture and Imagination
HUMS 4000 [1.0]	Politics, Modernity and the Common Good

Whenever a student is assessed in ACE, Bachelor of Journalism and Humanities students are evaluated on the basis of their Overall CGPA. The Humanities Core CGPA is assessed only at the end of each winter term.

1. A student is required to leave the program if:
 - a. the student was on *Academic Warning (AW)* and does not achieve a decision of *Eligible to Continue (EC)* at the next Academic Continuation Evaluation;
 - b. the student's Overall CGPA is less than 1.00;
 - c. the student's Humanities Core CGPA is less than 6.00 when assessed.
2. Students who have completed between 5.5 and 15 credits who do not maintain an Overall CGPA of 4.00 and a Humanities Core CGPA of 6.5, but who have an Overall CGPA of at least 1.00 and a Humanities Core of at least 6.00, will be placed on *Academic Warning (AW)*. Students who have completed at least

15.5 credits and who do not meet the graduation requirements of an Overall CGPA of 6.50, a Journalism Major CGPA of 6.50, and a Humanities Core CGPA of 6.50 will be required to leave the program.

See the Academic Regulations of the University section of the Calendar for additional information.

Admissions Information

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as recommended, it is not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Degree

- Bachelor of Journalism and Humanities (B.J.Hum.) (Honours)

First Year

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include 4U English.

Note: students who already hold an undergraduate degree are not eligible to apply for the B.J.Hum. (Honours).

Advanced Standing/Transfer into the Second Year of the B.J.Hum.

The school maintains a number of places in second year for students who wish to transfer from Carleton or elsewhere. Normally, offers are made to students with an Overall CGPA equivalent to 9.00 (B+) or higher. Transfer also requires a Core Humanities CGPA of at least 6.00. An additional year may be necessary for transfer students to complete their degree requirements. Transfers into higher years will not be considered.

Humanities (HUMS) Courses

HUMS 1000 [1.0 credit]

Foundational Myths and Histories

Recurring symbols in myth, epic and ritual representing the relation between the sacred and the profane, the origin of the cosmos, the basis of community, and formative human experiences. Primary sources drawn from ancient India and China, Mesopotamia, the Hebrew Bible, and Indigenous cultures.

Prerequisite(s): restricted to students in the Bachelor of Humanities program.

Lectures three hours a week and tutorials one and a half hours a week.

HUMS 1200 [0.5 credit]

Humanities and Classical Civilization

The ideas which animated ancient Greek and Roman civilization and which influenced later western cultural movements through a reading of literary, historical, and philosophical works. Authors include Homer, Herodotus, Thucydides, the Greek Tragedians, Plato, Vergil, and Cicero.

Prerequisite(s): restricted to students in the Bachelor of Humanities program.

Lecture three hours a week.

HUMS 1300 [0.5 credit]

Classical Literature and Its Reception

The study of different types of ancient literature and the reception of Classical works in later periods. A focus on writing a research essay.

Prerequisite(s): restricted to students in the Bachelor of Humanities program.

Lectures three hours a week.

HUMS 1500 [0.5 credit]

Introduction to the Humanities: Five Books that Changed the World

A reading-intensive course on five influential books from Antiquity to the present day. Works may include the Bible, the Bhagavad Gita, Homer's Odyssey, Plato's Republic, Dante's Inferno, Machiavelli's The Prince, Shakespeare's Hamlet, Mary Shelley's Frankenstein, Nietzsche's Beyond Good and Evil, Marx's Communist Manifesto.

Prerequisite(s): enrolment in a degree program in the Faculty of Arts and Social Sciences, or the Faculty of Public and Global Affairs. Students enrolled in the BHum. program are not eligible to register in this course.

Lecture three hours per week.

HUMS 2000 [1.0 credit]

Reason and Revelation

The origins of philosophy in ancient Greece and its pursuit in the medieval West, with special attention to knowledge, happiness, and love. Readings include works by Plato, Aristotle, Plotinus, Augustine, Boethius, Aquinas, and Dante.

Prerequisite(s): HUMS 1000 and enrolment in the Bachelor of Humanities program.

Lectures three hours a week and tutorials one and a half hours a week.

HUMS 2101 [0.5 credit]

Art from Antiquity to the Medieval World

A chronological and thematic survey of the Arts from the earliest times to ca. 1400.

Precludes additional credit for HUMS 4101 (no longer offered).

Prerequisite(s): restricted to students in the Bachelor of Humanities program.

Lecture three hours a week.

HUMS 2102 [0.5 credit]

Modern European Art 1527-2000

A chronological and thematic survey of the Arts from the sixteenth to the twenty-first century.

Precludes additional credit for HUMS 4101 (no longer offered) and HUMS 3101 (no longer offered).

Prerequisite(s): HUMS 2101 and restricted to students in the Bachelor of Humanities program.

Lectures three hours a week.

HUMS 3000 [1.0 credit]

Culture and Imagination

Major forms of literary, artistic, and philosophical expression from 1500-1800. Sources drawn from renaissance humanism, reformation theology, enlightenment and romantic philosophy.

Prerequisite(s): HUMS 2000 and enrolment in the Bachelor of Humanities program.

Lectures three hours a week and tutorials one and a half hours a week.

HUMS 3102 [0.5 credit]
Western Music 1000-1850

Introduction to basic theory, harmony, history and interpretation of Western music including the Medieval, Renaissance, Baroque, Classical and early Romantic periods.

Includes: Experiential Learning Activity

Precludes additional credit for HUMS 4102 (no longer offered).

Prerequisite(s): restricted to students in the Bachelor of Humanities program.

Lectures three hours a week.

HUMS 3103 [0.5 credit]
Western Music 1850-2000

Western music from the mid-nineteenth century to the present with emphasis on the seminal contributions of Liszt, Wagner, Mahler, Debussy, Stravinsky, Schönberg and others.

Includes: Experiential Learning Activity

Precludes additional credit for HUMS 4102 (no longer offered).

Prerequisite(s): HUMS 3102 and restricted to students in the Bachelor of Humanities program.

Lecture three hours a week.

HUMS 3200 [1.0 credit]
European Literature

Major movements and works from Dante's Divine Comedy through Voltaire's *Candide*. Themes include the New Humanism vs. old Chivalry in the Renaissance and Baroque periods; the rise of the modern novel and drama; reason, nature, and the Enlightenment project.

Also listed as ENGL 3201.

Prerequisite(s): HUMS 2000 and third-year standing in the Bachelor of Humanities program. English students should have third-year standing with a GPA of B or above.

Lectures three hours a week.

HUMS 3500 [0.5 credit]
Ancient and Medieval Intellectual History

Examination of some of the major philosophical, religious, political, artistic, and/or literary ideas, works, and movements from Archaic Greece to the High Middle Ages.

Prerequisite(s): third-year standing in the Bachelor of Humanities program, or permission of the instructor.

Lectures three hours a week.

HUMS 3550 [0.5 credit]
Renaissance and Early Modern Intellectual History

Examination of some of the major philosophical, religious, political, artistic, and/or literary ideas, works, and movements from the Early Renaissance to 1800.

Prerequisite(s): third-year standing in the Bachelor of Humanities program, or permission of the instructor.

Lectures three hours a week.

HUMS 3800 [0.5 credit]
Humanities in Context

Designed for students studying humanities, this travel course explores art, literature, politics, philosophy, architecture, religions, and cultures in their historical and contemporary contexts in a particular geographic locale.

Travel destinations and themes vary from year to year.

Includes: Experiential Learning Activity

Prerequisite(s): 2.0 credits in HUMS and permission of the department. Permission of the unit is required to repeat this course.

Hours to be arranged.

HUMS 4000 [1.0 credit]
Politics, Modernity and the Common Good

Modern and post-modern ways of thinking and doing, including revolutionary new ideas in politics, philosophy, culture, economics, and international relations. Thinkers considered include Arendt, Foucault, Hegel, Heidegger, Hobbes, Kant, Marx, Nietzsche, Polanyi, Rousseau, Said, and Taylor.

Includes: Experiential Learning Activity

Prerequisite(s): HUMS3000 and enrolment in the Bachelor of Humanities program.

Lectures three hours a week and tutorials one and a half hours a week.

HUMS 4001 [0.5 credit]
Directed Studies in the Humanities

A course for independent study and writing, under the supervision of a College designated faculty member. This course involves supervised readings and written essays.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year standing in the Bachelor of Humanities program.

HUMS 4002 [0.5 credit]
Directed Studies in the Humanities

A course for independent study and writing, under the supervision of a College designated faculty member. This course involves supervised readings and written essays.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year standing in the Bachelor of Humanities program and Good Standing in the program.

HUMS 4103 [0.5 credit]**Science in the Modern World**

An introduction to the major scientific ideas of our time (such as Big Bang theory, molecular genetics, evolution, atomic structure), and the impact of technology on society (e.g. global warming, pollution, genetically modified foods, viral infections).

Includes: Experiential Learning Activity

Precludes additional credit for HUMS 4100 (no longer offered).

Prerequisite(s): restricted to students in the Bachelor of Humanities program.

Lectures three hours a week.

HUMS 4500 [0.5 credit]**Modern Intellectual History**

Examination of some of the major ideas and ideologies from 1800 to the present, including romanticism, liberalism, nationalism, symbolism, socialism, Freudianism, communism, feminism, and postmodernism.

Includes: Experiential Learning Activity

Precludes additional credit for HUMS 4104.

Prerequisite(s): restricted to students in the Bachelor of Humanities program.

Lectures three hours a week.

HUMS 4901 [0.5 credit]**Research Seminar: Antiquity to the Middle Ages**

An interdisciplinary seminar on a selected topic in the humanities from Antiquity to the Middle Ages. The topic will vary from year to year.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year standing in the Bachelor of Humanities program.

Seminar three hours a week.

HUMS 4902 [0.5 credit]**Research Seminar: Renaissance to Enlightenment**

An interdisciplinary seminar on a selected topic in the humanities from the Renaissance to the Enlightenment. The topic will vary from year to year.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year standing in the Bachelor of Humanities program.

Seminar three hours a week.

HUMS 4903 [0.5 credit]**Research Seminar: Romanticism to the Present**

An interdisciplinary seminar on a selected topic in the humanities from Romanticism to the present. The topic will vary from year to year.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year standing in the Bachelor of Humanities program.

Seminar three hours a week.

HUMS 4904 [0.5 credit]**Research Seminar: Non-Western Traditions**

An interdisciplinary seminar on a selected topic in the humanities as expressed in aboriginal and Non-Western cultures. The topic will vary from year to year.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year standing in the Bachelor of Humanities program.

Seminar three hours a week.

Journalism (JOUR) Courses**JOUR 1001 [0.5 credit]****Foundations: Journalism in Context**

Charting evolution of journalism in the West from roots as community creator to guardian of democracy, including greatest scoops and worst misdeeds. From ancient news-sharing to 21st Century digital journalism, surveying ethical, political, economic and technological contexts that shaped news media as institutions/industries.

Includes: Experiential Learning Activity

Precludes additional credit for JOUR 1102.

Prerequisite(s): Open to all programs, with priority to BJ students.

Lectures and discussion three hours a week.

JOUR 1002 [0.5 credit]**Foundations: Practicing Journalism in a Diverse Society**

Introduces students to concepts, issues and challenges in the contemporary Canadian media environment that shapes their professional role as practicing journalists.

Also provides students with initial opportunity to practice basic writing, editing and reporting skills in preparation for professional online journalism, media or fact-driven fields.

Includes: Experiential Learning Activity

Precludes additional credit for JOUR 1103.

Prerequisite(s): Registration in the BJ or BJHUM program or the minor in News Media and Information.

Lectures and discussion three hours a week.

JOUR 1004 [0.5 credit]**Special Topic**

Examination of a topic in journalism not covered in depth in other courses.

Lecture two hours a week, discussion one hour a week.

JOUR 1101 [0.5 credit]
Indigenous Storytelling

Storytelling is a traditional method used in Indigenous cultures that teaches cultural beliefs, values, customs, history, and ways of life. In this course, storytelling will be the foundation for experiential/holistic learning and relationship-building. You'll examine how Indigenous storytelling traditions intersect and contrast with Western journalism.

Prerequisite(s): Enrolment in Journalism in Indigenous Communities Certificate program.
Combination of in-person intensives and online classes.

JOUR 1102 [0.5 credit]
Foundations of Journalism

This course introduces you to the context, concepts, issues and challenges in contemporary Canadian media that will shape your professional role as practicing journalist. You'll examine the state of the media, advocacy, social media and ethics, plus discuss Indigenous representation in the mainstream media.

Precludes additional credit for JOUR 1001.

Prerequisite(s): Enrolment in Certificate in Journalism in Indigenous Communities program.
Online, biweekly classes, 6 hours per week.

JOUR 1103 [0.5 credit]
Fundamentals of Journalism

Learn how to think and work like a journalist in this course. You'll receive detailed feedback, mentoring from experienced journalist-instructors and teaching assistants. You'll build skills in interviewing, writing, storytelling, editing and ethics while covering wide scope of topics in your Indigenous community.

Precludes additional credit for JOUR 1002.

Prerequisite(s): Enrolment in Certificate in Journalism in Indigenous Communities program.
Online, biweekly classes, 6 hours per week.

JOUR 1104 [0.5 credit]
Introduction to Audio Journalism

Radio is a popular media format in Indigenous communities. In this intensive workshop course, you will learn to pitch stories, report from the field, write conversationally, record voice and natural sound, edit audio files and produce compelling audio reports, radio newscasts and podcasts.

Includes: Experiential Learning Activity

Prerequisite(s): Enrolment in Journalism in Indigenous Communities Certificate program and JOUR 1102 and JOUR 1103.

In-person intensive, 3 hours per week.

JOUR 1105 [0.5 credit]
Digital and Photojournalism

Further development of your digital journalism skills. Students will receive instruction in online reporting and publishing, as well as learn the fundamentals of news storytelling through smartphone photography, including how to find visually newsworthy stories, and the ethics of photojournalism in Indigenous settings.

Includes: Experiential Learning Activity

Prerequisite(s): Enrolment in Journalism in Indigenous Communities Certificate program and JOUR 1102 and JOUR 1103.

Online, biweekly classes, 6 hours per week.

JOUR 1106 [0.5 credit]
Entrepreneurial Journalism

Beginning with freelancer's toolkit, you'll learn to compete in a workforce that increasingly values an entrepreneurial mindset. You'll be trained to find and sell real stories and grow your brand. You'll explore innovative ways to reach audiences, fund your career as media professional.

Prerequisite(s): Enrolment in Journalism in Indigenous Communities Certificate program and JOUR 1102 and JOUR 1103.

Online, biweekly classes, 6 hours per week.

JOUR 1107 [1.0 credit]
Internships

During a two-week internship in a news or media organization, you'll have an opportunity to apply what you learned in the classroom to actual day-to-day work of reporting, writing, and producing news for an audience. Evaluations and student reflections round out the internship experience.

Includes: Experiential Learning Activity

Prerequisite(s): Enrolment in Journalism in Indigenous Communities Certificate program and JOUR 1102 and JOUR 1103.

In-person intensive

JOUR 1108 [0.5 credit]
Introduction to Video Journalism

Pictures are powerful, and this is where you'll learn how to handle them. As you master visual literacy skills, you'll report, shoot and edit video stories. You'll work "live" in studio and from field, producing range of material using smartphones and DSLR cameras.

Includes: Experiential Learning Activity

Prerequisite(s): Enrolment in Journalism in Indigenous Communities Certificate program and JOUR 1102 and JOUR 1103.

In-person intensive.

JOUR 2003 [0.5 credit]**Delivering Journalism: Innovators v. Imposters**

Activists, imposters and innovators increasingly crowd in on traditional journalism's role of presenting reliable news and fair discussion. How is public awareness now shaped – and misshaped – and how must journalism reshape, update and defend its borders to serve communities better?.

Prerequisite(s): JOUR 1001, JOUR 1002, or permission of the School of Journalism and Communication.

Lecture and discussion three hours a week.

JOUR 2106 [0.5 credit]**The Documentary**

Examination of the work of individual film makers, of documentary styles and of organizations and institutions in the context of the history of documentary film making, including documentaries made for television. Non-fiction films other than documentaries may be considered.

Also listed as FILM 2106.

Precludes additional credit for JOUR 2105, FILM 2105.

Prerequisite(s): FILM 1101 or FILM 1120, or second-year standing, or permission of the Discipline.

Lecture and screening three hours a week, lecture one hour a week.

JOUR 2201 [1.0 credit]**Fundamentals of Reporting**

Intro to techniques journalists use gathering information quickly, accurately and ethically, to present reports and features in clear, engaging ways. Newsroom exercises provide experience in reporting, writing, editing, using digital tools, including audio editing software, spreadsheets, digital cameras, social media and emerging web-based digital tools.

Includes: Experiential Learning Activity

Prerequisite(s): JOUR 1001 and JOUR 1002 and second year standing in the Bachelor of Journalism program.

Lectures, discussion and practicum six hours a week.

JOUR 2203 [0.5 credit]**Civics for Journalists**

This course offers an overview of key public institutions and civil society organizations in Canada to prepare aspiring journalists to effectively and critically engage with these actors in generating important and illuminating coverage of public affairs.

Also listed as MPAD 3002.

Prerequisite(s): JOUR 1001 and JOUR 1002 and second year standing in the BJ program or BJHUM program or the minor in News Media and Information.

Lectures and discussion three hours a week.

JOUR 2501 [0.5 credit]**Media Law**

A survey of laws that affect the Canadian media. Specific areas include the development of freedom of expression, the Charter of Rights and Freedoms, and statutory and common law limitations on freedoms of the press, including publication bans, libel and contempt of court. Also listed as COMS 2501, MPAD 2501.

Precludes additional credit for COMM 2501 (no longer offered).

Prerequisite(s): JOUR 1001, JOUR 1002, COMS 1001, COMS 1002, or enrollment in the Minor in News Media and Information, or enrollment in the Communication and Policy Studies specialization of the Bachelor of Public Affairs and Policy Management, or permission of the School of Journalism and Communication.

Lectures and discussion three hours a week.

JOUR 3105 [0.5 credit]**Questions of Documentary Practice**

Theoretical implications of documentary film and documentary television practice.

Also listed as FILM 3105.

Prerequisite(s): 1.0 credit in Film Studies at the 2000-level, or permission of the School.

JOUR 3207 [0.5 credit]**Audio Journalism**

In this workshop students will build on the principles and practices of audio journalism to produce stories and audio in various formats suitable for radio and digital publication. Note: JOUR 3207 and JOUR 3208 may not be taken in the same term.

Includes: Experiential Learning Activity

Prerequisite(s): JOUR 2201, JOUR 2202, and JOUR 2501 with a grade of C or higher in each.

Lectures and labs six hours a week.

JOUR 3208 [0.5 credit]**Video Journalism**

In this workshop students will build on the principles and practices of video journalism to produce stories and video in various formats suitable for television and digital publication. Note: JOUR 3207 and JOUR 3208 may not be taken in the same term.

Includes: Experiential Learning Activity

Prerequisite(s): JOUR 2201, JOUR 2202, and JOUR 2501 with a grade of C or higher in each.

Lectures and labs six hours a week.

JOUR 3225 [0.5 credit]**Reporting in Depth**

Long-form journalistic writing skills development; techniques for thorough investigation of timely public issues. Study of outstanding feature and investigative writing examples. Students will pursue their own reporting projects.

Includes: Experiential Learning Activity

Precludes additional credit for JOUR 3205 (no longer offered).

Prerequisite(s): JOUR 2201, JOUR 2202, and JOUR 2501 with a grade of C or higher in each.

Lectures and practicum three hours a week.

JOUR 3235 [0.5 credit]**Digital Journalism**

Further development of digital journalism skills. Students will produce journalism for online audiences using formats including written and spoken language, still and moving images.

Includes: Experiential Learning Activity

Precludes additional credit for JOUR 3205 (no longer offered).

Prerequisite(s): JOUR 2201, JOUR 2202, and JOUR 2501 with a grade of C or higher in each.

Lectures and labs three hours a week.

JOUR 3300 [0.5 credit]**Media Ethics in a Digital World**

Ethical issues related to production and dissemination of news and other forms of content as they relate to digital environments. Different approaches to ethical decision-making and their application in contemporary settings. Also listed as MPAD 3300.

Precludes additional credit for JOUR 3215 (no longer offered).

Prerequisite(s): JOUR 2201, JOUR 2202 and JOUR 2501 with a grade of C or higher in each, or JOUR 2003 and JOUR 2501 with a grade of C or higher in each and enrollment in the Minor in News Media and Information. Lectures three hours a week.

JOUR 3400 [0.5 credit]**Selected Topic in Journalism**

Examination of a topic in journalism not covered in depth in other courses.

Prerequisite(s): third-year standing in the Bachelor of Journalism or permission of the School of Journalism and Communication.

Seminar three hours a week.

JOUR 3401 [0.5 credit]**Selected Topic in Journalism**

Examination of a topic in journalism not covered in depth in other courses.

Prerequisite(s): third-year standing in the Bachelor of Journalism, or third-year standing and enrollment in the Minor in News Media and Information, or permission of the School of Journalism and Communication.

Seminar three hours a week.

JOUR 3402 [0.5 credit]**Selected Topic in Journalism**

Examination of a topic in journalism not covered in depth in other courses.

Prerequisite(s): third-year standing in the Bachelor of Journalism, or third-year standing and enrollment in the Minor in News Media and Information, or permission of the School of Journalism and Communication.

Seminar three hours a week.

JOUR 3407 [0.5 credit]**Comparative Media Studies**

The comparative study of one or more media organizations and/or types of media content with reference to their operation, audiences, and impacts.

Also listed as COMS 3407.

Precludes additional credit for COMM 3407 (no longer offered).

Prerequisite(s): third-year standing in B.J. Hons. or permission of the School of Journalism and Communication.

Lectures three hours a week.

JOUR 4001 [0.5 credit]**Journalism Now - and Next**

Changes occurring in the media, in the public's relationship with the media and how journalists and news organizations respond. Practical issues and challenges in the professional life of a journalist.

Also listed as MPAD 4001.

Precludes additional credit for JOUR 4000 (no longer offered).

Prerequisite(s): fourth-year standing in the Bachelor of Journalism or in the Bachelor of Media Production and Design, or fourth-year standing and enrollment in the Minor in News Media and Information, or fourth-year standing in the Strategic Public Opinion stream of the Communication and Policy Studies specialization of the Bachelor of Public Affairs and Policy Management. Lectures and discussion three hours a week.

JOUR 4003 [0.5 credit]**The Digital Hub: Advanced Multimedia**

A workshop designed to give students instruction in digital reporting and publishing as they produce stories from across the city and beyond.

Includes: Experiential Learning Activity

Prerequisite(s): JOUR 3235 with a grade of C or higher and fourth-year standing in B.J. Hons.

Also offered at the graduate level, with different requirements, as JOUR 5003, for which additional credit is precluded.

Workshops averaging eight hours a week.

JOUR 4004 [0.5 credit]**The Digital Hub: Advanced Audio**

A workshop designed to give students instruction in audio journalism as they produce stories from across the city and beyond.

Includes: Experiential Learning Activity

Precludes additional credit for JOUR 4206 (no longer offered).

Prerequisite(s): JOUR 3207 with a grade of C or higher and fourth-year standing in B.J. Hons.

Also offered at the graduate level, with different requirements, as JOUR 5004, for which additional credit is precluded.

Workshops averaging eight hours per week.

JOUR 4005 [0.5 credit]**The Digital Hub: Advanced Video**

A workshop designed to give students instruction in video journalism as they produce stories from across the city and beyond.

Includes: Experiential Learning Activity

Precludes additional credit for JOUR 4207 (no longer offered).

Prerequisite(s): JOUR 3208 with a grade of C or higher and fourth-year standing in B.J. Hons.

Also offered at the graduate level, with different requirements, as JOUR 5005, for which additional credit is precluded.

Workshops averaging eight hours a week.

JOUR 4100 [0.5 credit]**Special Topic**

Examination of a topic in journalism not covered in depth in other courses. Seminar three hours a week.

Seminar three hours a week.

JOUR 4101 [0.5 credit]**Special Topic**

An examination of a topic in journalism not covered in depth in other courses. Topics may vary from year to year.

Seminar three hours a week.

JOUR 4300 [0.5 credit]**Specialized Journalism: Special Topic**

Examination of a topic not covered in depth in other specialized journalism courses. Topics may vary from year to year. Emphasis on explanatory/analytical reporting, culminating in an extended work of journalism.

Also listed as MPAD 4300.

Prerequisite(s): JOUR 3225 with a grade of C or higher and fourth-year standing in B.J. Hons. or permission of the School.

Also offered at the graduate level, with different requirements, as JOUR 5300, for which additional credit is precluded.

Lectures, discussion and seminars three hours a week.

JOUR 4301 [0.5 credit]**Specialized Journalism: Business and the Markets**

Core skills development for business journalism: reading financial documents, covering activities of corporations, functioning of stock and other markets, trade policy and the broader economy, focus on contemporary business news and local publicly-traded companies. Emphasis on explanatory/analytical reporting, production of an extended work of journalism.

Includes: Experiential Learning Activity

Prerequisite(s): JOUR 3225 with a grade of C or higher and fourth-year standing in B.J. Hons. or permission of the School.

Also offered at the graduate level, with different requirements, as JOUR 5301, for which additional credit is precluded.

Lectures, discussion and seminars three hours a week.

JOUR 4302 [0.5 credit]**Specialized Journalism: Business and Canadian Society**

The intersection between business and public policy, from climate change to taxation, pensions, labour and corporate social responsibility. What business does and how the media covers it. Emphasis on explanatory/analytical reporting, production of a related data project as an extended work of journalism.

Includes: Experiential Learning Activity

Prerequisite(s): JOUR 3225 with a grade of C or higher and fourth-year standing in B.J. Hons. or permission of the School.

Also offered at the graduate level, with different requirements, as JOUR 5302, for which additional credit is precluded.

Lectures, discussion and seminars three hours a week.

JOUR 4303 [0.5 credit]**Specialized Journalism: Health and Science**

The culture of health science research and major trends; key challenges confronting researchers and health science journalists around the world. Emphasis on explanatory/analytical reporting; production of an extended work of journalism.

Includes: Experiential Learning Activity

Prerequisite(s): JOUR 3225 with a grade of C or higher and fourth-year standing in B.J. Hons. or permission of the School.

Also offered at the graduate level, with different requirements, as JOUR 5303, for which additional credit is precluded.

Lectures, discussion and seminars three hours a week.

JOUR 4304 [0.5 credit]**Specialized Journalism: Environment and Science**

Major trends and research culture in climate and environmental sciences, focusing on key global concerns. Issues facing researchers and journalists. Focus on explanatory/analytical reporting; production of an extended work of journalism.

Includes: Experiential Learning Activity

Prerequisite(s): JOUR 3225 with a grade of C or higher and fourth-year standing in B.J. Hons. or permission of the School.

Also offered at the graduate level, with different requirements, as JOUR 5304, for which additional credit is precluded.

Lectures, discussion and seminars three hours a week.

JOUR 4305 [0.5 credit]**Specialized Journalism: Canada and the U.S.**

Exploration of the unique issues in Canada-U.S. relations, from diplomacy to trade. Emphasis on explanatory/analytical reporting; production of an extended work of journalism.

Includes: Experiential Learning Activity

Prerequisite(s): JOUR 3225 with a grade of C or higher and fourth-year standing in B.J. Hons. or permission of the School.

Also offered at the graduate level, with different requirements, as JOUR 5315, for which additional credit is precluded.

Lectures, discussion and seminars three hours a week.

JOUR 4306 [0.5 credit]**Specialized Journalism: Canada and the World**

Diplomacy, war, terrorism, migration, the international economy, development and other issues of interest to journalists who want to write about Canada and international affairs. Emphasis on explanatory/analytical reporting; production of an extended work of journalism.

Includes: Experiential Learning Activity

Prerequisite(s): JOUR 3225 with a grade of C or higher and fourth-year standing in B.J. Hons. or permission of the School.

Also offered at the graduate level, with different requirements, as JOUR 5306, for which additional credit is precluded.

Lectures, discussion and seminars three hours a week.

JOUR 4308 [0.5 credit]**Specialized Journalism: Sports and Sport Culture**

Workshop equipping students with the skills to move beyond the clichés of sports writing and live event coverage. Emphasis on explanatory/analytical reporting; production of an extended work of journalism.

Includes: Experiential Learning Activity

Prerequisite(s): JOUR 3225 with a grade of C or higher and fourth-year standing in B.J. Honours or permission of the School.

Also offered at the graduate level, with different requirements, as JOUR 5308, for which additional credit is precluded.

Lectures, discussion and seminars three hours a week.

JOUR 4309 [0.5 credit]**Specialized Journalism: Arts and Culture**

Students are introduced to arts and culture journalism, exploring issues and trends that are key to understanding and covering the arts and related cultural policy in Canada. Emphasis on explanatory/analytical reporting, culminating in an extended work of journalism.

Includes: Experiential Learning Activity

Prerequisite(s): JOUR 3225 with a grade of C or higher and fourth-year standing in B.J. Honours or permission of the School.

Also offered at the graduate level, with different requirements, as JOUR 5309, for which additional credit is precluded.

Lectures, discussion and seminars three hours a week.

JOUR 4311 [0.5 credit]**Specialized Journalism: Justice and The Supreme Court**

Examination of the Supreme Court of Canada, and the role of journalists in covering it. Students attend hearings and gain insight into the court's role in the making and shaping of Canada. Emphasis on explanatory/analytical reporting; production of an extended work of journalism.

Includes: Experiential Learning Activity

Prerequisite(s): JOUR 3225 with a grade of C or higher and fourth-year standing in B.J. Honours or permission of the School.

Also offered at the graduate level, with different requirements, as JOUR 5311, for which additional credit is precluded.

Lectures, discussion and seminars three hours a week.

JOUR 4313 [0.5 credit]**Specialized Journalism: Reporting in Indigenous Communities**

Working in teams to produce multimedia news stories from Indigenous communities in the city of Ottawa and Ottawa Valley region, students will be challenged to confront misrepresentation in the news media and learn to consider new strategies and ethical frameworks for covering Indigenous Peoples.

Includes: Experiential Learning Activity

Also offered at the graduate level, with different requirements, as JOUR 5313, for which additional credit is precluded.

3 hours per week

JOUR 4314 [0.5 credit]**Specialized Journalism: Parliament, Policy and the Press**

This seminar course is designed to make students familiar with the way government works; how political parties function within the overall political system; how policies are formulated and implemented; and most importantly, how to report on all of these processes, institutions and events.

Prerequisite(s): Third or Fourth year B.J. Honours standing, or permission of the School.

Also offered at the graduate level, with different requirements, as JOUR 5314., for which additional credit is precluded.

3 hours per week.

JOUR 4400 [0.5 credit]**Professional Skills: Special Topic**

Examination of a topic in journalism not covered in depth in other courses.

Includes: Experiential Learning Activity

Prerequisite(s): third- or fourth-year standing in B.J.

Honours or permission of the School.

Seminar three hours a week.

JOUR 4401 [0.5 credit]**Professional Skills: Data Storytelling**

Instruction in telling stories from data. Focus on searching for, analyzing and mapping data, turning numbers into powerful narratives.

Includes: Experiential Learning Activity

Precludes additional credit for JOUR 4208 (no longer offered).

Prerequisite(s): JOUR 3225 with a grade of C or higher and fourth-year standing.

Lecture and practicum three hours a week.

JOUR 4402 [0.5 credit]**Professional Skills: Longform Writing**

Instruction in longform story production. Focus on researching and writing, including the art and craft of writing for magazines.

Includes: Experiential Learning Activity

Precludes additional credit for JOUR 4208 (no longer offered).

Prerequisite(s): JOUR 3225 with a grade of C or higher and fourth-year standing.

Lecture and practicum three hours a week.

JOUR 4403 [0.5 credit]**Professional Skills: Strategic Communication**

Workshop pairing student teams with non-profit groups that are in need of strategic communication advice.

Instruction in planning and implementation.

Includes: Experiential Learning Activity

Also listed as MPAD 4403.

Precludes additional credit for JOUR 4208 (no longer offered).

Prerequisite(s): JOUR 3225 with a grade of C or higher and fourth-year standing.

Also offered at the graduate level, with different requirements, as JOUR 5508, for which additional credit is precluded.

Lecture and practicum three hours a week.

JOUR 4404 [0.5 credit]**Professional Skills: Freelancing for Media Professionals**

Workshop preparing students to compete in a market that values the skills and mindset of entrepreneurial media workers.

Includes: Experiential Learning Activity

Prerequisite(s): JOUR 3225 with a grade of C or higher and fourth-year standing.

Lecture and practicum three hours a week.

JOUR 4500 [0.5 credit]**Investigating Journalism: Special Topic**

Examination of a topic in journalism not covered in depth in other courses.

Also listed as MPAD 4500.

Prerequisite(s): third- or fourth-year standing in B.J.

Honours or permission of the School.

Seminar three hours a week.

JOUR 4501 [0.5 credit]**Investigating Journalism: Gender, Identity and Inequality**

How social concepts of gender, identity and inequality influence journalism. Theoretical and textual analysis.

Historical and contemporary case studies from mainstream and alternative media exploring journalistic expression, professional practices, status and expectations, and cultural representations.

Includes: Experiential Learning Activity

Also listed as MPAD 4501.

Precludes additional credit for JOUR 4307 (no longer offered).

Prerequisite(s): third- or fourth-year standing in B.J. Hons. or permission of the School.

Seminar three hours a week.

JOUR 4502 [0.5 credit]**Investigating Journalism: Journalism and Conflict**

For as long as there has been conflict between peoples, there have been those who bear witness and recount their observations. This course examines journalism and conflict with an emphasis on journalistic perspectives but also through discussion of interdisciplinary literature and academic research.

Includes: Experiential Learning Activity

Also listed as MPAD 4502.

Prerequisite(s): fourth-year B.J. Honours standing, or permission of the School.

Seminar three hours a week.

JOUR 4504 [0.5 credit]**Investigating Journalism: The Media and International Development**

A critical examination of the use of journalism as an instrument of international development, historically and currently. To what extent have these efforts been successful? On what grounds are they justified? In what regard have they been instruments of propaganda?

Includes: Experiential Learning Activity

Also listed as MPAD 4504.

Prerequisite(s): third-year standing in the Bachelor of Journalism, or third-year standing and enrollment in the Minor in News Media and Information, or permission of the School of Journalism and Communication.

Seminar three hours a week.

JOUR 4505 [1.0 credit]**Investigating Journalism: The Power and Politics of Government**

In-depth exploration of Canada's government, public policy and politics; parliamentary debate and committee hearings. Explanatory/analytical reporting; production of an extended work of journalism.

Includes: Experiential Learning Activity

Precludes additional credit for JOUR 4201 (no longer offered).

Prerequisite(s): JOUR 3225 with a grade of C or higher and fourth-year B.J. Honours standing, or permission of the School.

Seminar three hours a week.

JOUR 4506 [0.5 credit]**Investigating Journalism: Trauma-Informed Journalism**

Journalists often swoop in at the most difficult moments of a person's life- aftermath of violent incident/catastrophe, tragic death of loved one, or culmination of painful criminal trial. Students will be prepared for ethical, practical and emotional challenges of reporting accurately, sensitively to traumatic events.

Includes: Experiential Learning Activity

3 hours per week

JOUR 4507 [0.5 credit]**Investigating Journalism: History of Black Journalism**

Charts the development of Canada's Black press from its beginnings in the 1850s to present day. The course explores the role Canada's Black press has played in Black communities and considers how Black media outlets have covered the most significant stories of the day.

Prerequisite(s): Third or Fourth-year B.J. Honours standing, or permission of the school.

3 hours per week.

JOUR 4508 [0.5 credit]**Investigating Journalism: Inclusive Reporting in Practice**

Students will learn strategies for inclusive journalism through practical application, focusing on diversity, inclusion, and belonging in Canadian media. Learn to identify biases, self-reflection, and apply inclusive reporting techniques. Write stories that foster belonging, reflect diverse voices, and report with respect, care and cultural awareness.

Includes: Experiential Learning Activity

Prerequisite(s): JOUR 3225 with a grade of C or higher and fourth-year B.J. Honours standing, or permission of the School.

Seminar three hours a week.

JOUR 4900 [1.0 credit]

Honours Tutorial

Students analyze some major achievements in contemporary journalism, through individual or group research. Students also have the opportunity to acquire background and experience in the managerial aspects and production of print and broadcast journalism.

Prerequisite(s): fourth-year B.J. (Honours) standing.

JOUR 4999 [0.0 credit]

Science Communication Certificate Professional Development Workshop

A one-day workshop providing practical skills development for becoming an effective science communicator. Topics for discussion will include defining the audience and framing of information, reviews of effective science communication, career opportunities for science communicators, and one-to-one analysis of participants writing skills. Graded SAT/UNS.

Includes: Experiential Learning Activity

Also listed as ISAP 4999.

Prerequisite(s): This course is restricted to students enrolled in the Certificate of Science Communication, and who have completed at least 2.0 credits towards the certificate, including one of COMS 2500 or ISAP 3003.

A one-day workshop

Korean Language (Minor)

This section presents the requirements for programs in:

- **Minor in Korean Language**

Minor in Korean Language (4.0 credits)

Open to all undergraduate degree students.

Students are required to present a Minor CGPA of 4.00 or higher at graduation in order to be awarded a Minor in Korean Language.

Requirements:

1. 3.0 credits in KORE	3.0
2. 1.0 credit in KORE at the 3000-level or higher	1.0
3. Subject to approval of the School, a maximum of 2.0 credits may be substituted for the above by taking courses at the 2000-level or higher in another discipline relevant to the language.	
4. The remaining requirements of the major discipline(s) and degree must be satisfied	

Total Credits	4.0
----------------------	------------

Placement for Language Students

Note: A placement test is required for students who have previous training and/or experience, but who have not taken a course in this language at Carleton. For details, please consult carleton.ca/slals/modern-languages and follow the placement test instructions before registering.

Students who are found to be registered in an inappropriate level of the course will be deregistered following assessment by their instructor (and/or the

Director of the School). It is crucial for students to complete the placement test in a manner that truly demonstrates their language proficiency.

Students should note that they cannot go backward in a sequence of levels in language courses.

Regulations

In addition to the requirements listed here, students must satisfy:

1. the University regulations including the process of Academic Continuation Evaluation (see the Academic Regulations of the University section of this Calendar).

Korean (KORE) Courses

Placement for Language Students

Note: A placement test is required for students who have previous training and/or experience, but who have not taken a course in this language at Carleton. For details, please consult carleton.ca/slals/modern-languages and follow the placement test instructions before registering.

Students who are found to be registered in an inappropriate level of the course will be deregistered following assessment by their instructor (and/or the Director of the School). Students should note that they cannot go backward in a sequence of levels in language courses.

KORE 1010 [0.5 credit]

First-Year Korean I

For students with no knowledge of Korean. Oral skills, reading and writing. Compulsory attendance.

Precludes additional credit for LANG 1010, when the language of instruction was Korean.

Four hours a week.

KORE 1020 [0.5 credit]

First-Year Korean II

Continuation of first-year Korean. Oral skills, reading and writing. Compulsory attendance.

Precludes additional credit for LANG 1020, when the language of instruction was Korean.

Prerequisite(s): grade of C or higher in KORE 1010, or in LANG 1010 (when the language of instruction was Korean), or permission of the School.

Four hours a week.

KORE 2010 [0.5 credit]**Second-Year Korean I**

Further study of Korean to reach a more advanced level of proficiency in a range of situations. Equal emphasis on oral and written language. Compulsory attendance.

Precludes additional credit for LANG 2010, when the language of instruction was Korean.

Prerequisite(s): grade of C or higher in KORE 1020, or in LANG 1020 (when the language of instruction was Korean), or permission of the School.

Four hours a week.

KORE 2020 [0.5 credit]**Second-Year Korean II**

Continuation of second-year Korean. Further study of Korean to reach a more advanced level of proficiency in a range of situations. Equal emphasis on oral and written language. Compulsory attendance.

Precludes additional credit for LANG 2020, when the language of instruction was Korean.

Prerequisite(s): grade of C or higher in KORE 2010, or in LANG 2010 (when the language of instruction was Korean in Fall 2016), or permission of the School.

Four hours a week.

KORE 3010 [0.5 credit]**Third-Year Korean I**

Continuation of the study of Korean to reach a more advanced level, including the ability to handle authentic materials and primary texts required for academic studies. Compulsory attendance.

Precludes additional credit for LING 3009 (when the language of instruction was Korean).

Prerequisite(s): grade of C or higher in KORE 2020 or LANG 2020 (if taken in winter 2017), or permission of the School.

Seminar three hours a week.

KORE 3020 [0.5 credit]**Third-Year Korean II**

Continuation of third-year Korean. Progress toward a more advanced level, including the ability to handle authentic materials and primary texts required for academic studies. Compulsory attendance.

Precludes additional credit for LING 3009, when the language of instruction was Korean.

Prerequisite(s): grade of C or higher in KORE 3010 or LING 3009 (if taken in Fall 2018), or permission of the School.

Seminar three hours a week.

KORE 4010 [0.5 credit]**Fourth-Year Korean I**

Development of speaking and writing abilities more complex than those used in daily communication.

Development of language use for specific purposes and in specific contexts such as the academic, business and technical domains. Compulsory attendance.

Includes: Experiential Learning Activity

Precludes additional credit for LING 3009, when the language of instruction was Korean.

Prerequisite(s): grade of C or higher in KORE 3020 or LING 3009 (if taken in Winter 2019), or permission of the School.

Seminar three hours a week.

KORE 4020 [0.5 credit]**Fourth-Year Korean II**

Continuation of Fourth-Year Korean. Further development of speaking and writing abilities more complex than those used in daily communication. Development of language use for specific purposes and in specific contexts such as the academic, business and technical domains. Compulsory attendance.

Prerequisite(s): grade of C or higher in KORE 4010, or permission of the School.

Seminar three hours a week.

Latin American and Caribbean Studies

This section presents the requirements for programs in:

- **Specialization in Latin American and Caribbean Studies B.G.In.S. Honours**
- **Stream in Latin American and Caribbean Studies B.G.In.S.**
- **Minor in Latin American and Caribbean Studies**

Program Requirements**Bachelor of Global and International Studies (B.G.In.S.)**

Note: Details regarding graduation requirements, the international experience requirement, and the language requirement for the B.G.In.S. degree can be found at the **B.G.In.S. program page**.

Specialization in Latin American and Caribbean Studies**B.G.In.S. Honours (20.0 credits)****A. Credits Included in Major CGPA (12.0 credits)**

1. 4.5 credits in: Core Courses		4.5
GINS 1000 [0.5]	Global History

Regulations

In addition to the program requirements described here, students must satisfy:

1. the University regulations including the process of Academic Continuation Evaluation (see the *Academic Regulations of the University* section of this Calendar); and
2. for B.G.In.S. students the regulations pertaining to the B.G.In.S. degree (see the Global and International Studies section of this Calendar).

Latin American and Caribbean Studies (LACS) Courses

LACS 1001 [0.5 credit]

Introduction to Latin American and Caribbean Studies I

An interdisciplinary introduction to the history, culture, societies, and literatures of the region. Students will get a broad overview of the region and will be introduced to the disciplines used to study these societies.

Lectures/groups three hours per week.

LACS 2001 [0.5 credit]

Latin America and the Caribbean in Global Context

A study of the global dynamics affecting Latin America and the Caribbean today. Themes addressed will include globalization, neoliberalism, underdevelopment, populism, social movements, political ideas, and migration.

Prerequisite(s): second-year standing.

Lectures/groups three hours a week.

LACS 4001 [0.5 credit]

Issues in Latin American and Caribbean Studies

An examination of the major issues confronting Latin America and the Caribbean including democratization, economic integration, indigenous and women's movements, human rights, social justice, and political change.

Prerequisite(s): fourth-year standing or permission from Latin American and Caribbean Studies.

Seminar three hours per week.

LACS 4819 [0.5 credit]

Latin America and the World

Latin America's changing relations with states, international institutions and non-state actors in the Global North and South. Topics may include security, South-South cooperation, trade, investment and transnational migration and drug trafficking.

Also listed as PSCI 4819.

Prerequisite(s): fourth-year standing or permission from Latin American and Caribbean Studies.

Seminar three hours a week.

Law

This section presents the requirements for programs in:

- Law B.A. Honours
- Law B.A. Combined Honours
- Law and Human Rights B.A. Combined Honours
- Law with Concentration in Law, Policy and Government B.A. Honours
- Law with Concentration in Law, Policy and Government B.A. Combined Honours
- Law with Concentration in Business Law B.A. Honours
- Law with Concentration in Business Law B.A. Combined Honours
- Law with Concentration in Transnational Law and Human Rights B.A. Honours
- Law with Concentration in Transnational Law and Human Rights B.A. Combined Honours
- Law with Concentration in Criminal Law and Social Order B.A. Honours
- Law with Concentration in Criminal Law and Social Order B.A. Combined Honours
- Law B.A.
- Specialization in Global Law and Social Justice B.G.In.S. Honours
- Stream in Global Law and Social Justice B.G.In.S.
- Minor in Law
- Mention : français : Law

Program Requirements

Law

B.A. Honours (20.0 credits)

A. Credits Included in the Major CGPA (9.0 credits)

1. 1.0 credit in:	1.0
LAWS 1001 [0.5]	Introduction to Legal Studies 1
LAWS 1002 [0.5]	Introduction to Legal Studies 2
2. 0.5 credit from:	0.5
LAWS 2201 [0.5]	Persons and Property
LAWS 2202 [0.5]	Obligations
3. 0.5 credit from:	0.5
LAWS 2301 [0.5]	Criminal Justice System
LAWS 2302 [0.5]	Criminal Law
4. 0.5 credit from:	0.5
LAWS 2105 [0.5]	Social Justice and Human Rights

LAWS 2501 [0.5]	Law, State and Constitution	
LAWS 2502 [0.5]	Law, State and Citizen	
LAWS 2601 [0.5]	Public International Law	
5. 0.5 credit from	Items 2-4 not already used to fulfil those items	0.5
6. 1.0 credit in:		1.0
LAWS 2908 [0.5]	Methodological Approaches in Legal Studies 1	
LAWS 3908 [0.5]	Methodological Approaches in Legal Studies 2	
7. 2.0 credits in LAWS	at the 4000-level or above or in IPAF 4900 (with permission of the department)	2.0
8. 3.0 credits in LAWS		3.0
B. Credits Not Included in the Major CGPA (11.0 credits)		
9. 8.0 credits in	electives not in LAWS	8.0
10. 3.0 credits in	free electives	3.0
Total Credits		20.0

Notes:

- Students with a Major in Law are encouraged, but not required, to consider completing a Minor in another discipline in order to broaden their exposure to that discipline.

Law

B.A. Combined Honours (20.0 credits)

A. Credits Included in the Law Major CGPA (6.5 credits)

1. 1.0 credit in:		1.0
LAWS 1001 [0.5]	Introduction to Legal Studies 1	
LAWS 1002 [0.5]	Introduction to Legal Studies 2	
2. 0.5 credit from:		0.5
LAWS 2201 [0.5]	Persons and Property	
LAWS 2202 [0.5]	Obligations	
3. 0.5 credit from:		0.5
LAWS 2301 [0.5]	Criminal Justice System	
LAWS 2302 [0.5]	Criminal Law	
4. 0.5 credit from:		0.5
LAWS 2105 [0.5]	Social Justice and Human Rights	
LAWS 2501 [0.5]	Law, State and Constitution	
LAWS 2502 [0.5]	Law, State and Citizen	
LAWS 2601 [0.5]	Public International Law	
5. 0.5 credit from	Items 2-4 not already used to fulfil those items.	0.5
6. 1.0 credit in:		1.0
LAWS 2908 [0.5]	Methodological Approaches in Legal Studies 1	
LAWS 3908 [0.5]	Methodological Approaches in Legal Studies 2	
7. 0.5 credit in LAWS	at the 3000 level or above	0.5
8. 2.0 credits in LAWS	at the 4000 level or above	2.0
B. Additional Requirements (13.5 credits)		13.5

9. The requirements from the other discipline must be satisfied

10. Sufficient free electives to make up 20.0 credits total for the program.

Total Credits **20.0**

Law and Human Rights

B.A. Combined Honours (20.0 credits)

Students may complete a B.A.(Honours) in Law and Human Rights. Students must complete the Law - B.A. Combined Honours requirements stated above. The Human Rights requirements are offered jointly by the Departments of Law, Philosophy, Political Science and Sociology: please consult the Human Rights program entry for details concerning the Human Rights component of the program.

Law with Concentration in Law, Policy and Government

B.A. Honours (20.0 credits)

Continuation in this concentration requires a minimum CGPA of 6.50 over credits in the concentration.

The courses defining the Concentration in Law, Policy and Government are those in **Items 2, 7, 8, 9** below.

A. Credits Included in the Major CGPA (9.5 credits)

1. 1.0 credit in:		1.0
LAWS 1001 [0.5]	Introduction to Legal Studies 1	
LAWS 1002 [0.5]	Introduction to Legal Studies 2	
2. 1.0 credit in:		1.0
LAWS 2501 [0.5]	Law, State and Constitution	
LAWS 2502 [0.5]	Law, State and Citizen	
3. 0.5 credits from:		0.5
LAWS 2201 [0.5]	Persons and Property	
LAWS 2202 [0.5]	Obligations	
4. 0.5 credit from:		0.5
LAWS 2301 [0.5]	Criminal Justice System	
LAWS 2302 [0.5]	Criminal Law	
5. 0.5 credit from:		0.5
LAWS 2105 [0.5]	Social Justice and Human Rights	
LAWS 2601 [0.5]	Public International Law	
	(or 0.5 credit from Items 3-4 not already used to fulfil those items)	
6. 1.0 credit in:		1.0
LAWS 2908 [0.5]	Methodological Approaches in Legal Studies 1	
LAWS 3908 [0.5]	Methodological Approaches in Legal Studies 2	
7. 1.5 credits in:		1.5
LAWS 3005 [0.5]	Law and Regulation	
LAWS 3506 [0.5]	Administrative Law	
LAWS 4801 [0.5]	Risk and the Legal Process

10. 0.5 credit in LAWS at the 3000-level or above 0.5

11. 0.5 credit in LAWS at the 4000-level 0.5

B. Credits Not Included in the Major CGPA (10.5 credits)

12. 8.0 credits in electives not in LAWS	8.0
13. 2.5 credits in free electives	2.5
Total Credits	20.0

Notes:

- Students who count LAWS 4901, LAWS 4902 or LAWS 4908 [1.0] toward the requirements of Item 9 above must complete an approved topic related to the theme of the Concentration.
- Students completing the B.A. (Honours) in Law with a Concentration in Transnational Law and Human Rights are encouraged, but not required, to consider completing a Minor in another discipline (e.g. Political Science) to broaden their exposure to that discipline.
- The Concentration in Transnational Law and Human Rights is not available to students in the Law B.A. program.

Law with Concentration in Transnational Law and Human Rights

B.A. Combined Honours (20.0 credits)

Continuation in this concentration requires a minimum CGPA of 6.50 over credits in the concentration. The courses defining the Concentration in Transnational Law and Human Rights are those in **Items 2, 7, 8, 9** below.

A. Credits Included in the Major CGPA (8.0 credits)

1. 1.0 credit in:	1.0
LAWS 1001 [0.5]	Introduction to Legal Studies 1
LAWS 1002 [0.5]	Introduction to Legal Studies 2
2. 1.0 credit in:	1.0
LAWS 2105 [0.5]	Social Justice and Human Rights
LAWS 2601 [0.5]	Public International Law
3. 0.5 credits in:	0.5
LAWS 2502 [0.5]	Law, State and Citizen
4. 0.5 credit from:	0.5
LAWS 2201 [0.5]	Persons and Property
LAWS 2202 [0.5]	Obligations
5. 0.5 credit from:	0.5
LAWS 2301 [0.5]	Criminal Justice System

LAWS 2302 [0.5]	Criminal Law	
LAWS 2501 [0.5]	Law, State and Constitution	
6. 1.0 credit in:		1.0
LAWS 2908 [0.5]	Methodological Approaches in Legal Studies 1	
LAWS 3908 [0.5]	Methodological Approaches in Legal Studies 2	
7. 1.5 credits in:		1.5
LAWS 3503 [0.5]	Equality and Discrimination	
LAWS 3602 [0.5]	International Human Rights	
LAWS 4601 [0.5]	Transnational Law and Human Rights	
8. 1.5 credits from:		1.5
LAWS 4001 [0.5]	Law, Family and Gender	
LAWS 4002 [0.5]	Feminist Theories of Law	
LAWS 4006 [0.5]	Religion and State in Canada	
LAWS 4100 [0.5]	Modern Legal Theory	
LAWS 4101 [0.5]	Contemporary Justice Theories	
LAWS 4102 [0.5]	Controversies in Rights Theory	
LAWS 4105 [0.5]	Global Justice Theory	
LAWS 4106 [0.5]	Law and Violence	
LAWS 4602 [0.5]	Is Religious Freedom a Human Right?	
LAWS 4603 [0.5]	Transitional Justice	
LAWS 4605 [0.5]	Selected Topics in International Law	
LAWS 4606 [0.5]	International Law of Armed Conflict	
LAWS 4607 [0.5]	Immigration and Refugee Law	
LAWS 4610 [0.5]	Selected Topics in Transnational Law and Human Rights	
LAWS 4901 [0.5]	Tutorial in Law	
LAWS 4902 [0.5]	Tutorial in Law	
LAWS 4908 [1.0]	Honours Paper	
9. 0.5 credit in LAWS at the 3000 level or above		0.5
B. Additional Requirements (12.0 credits)		12.0
10. The requirements for B.A. Combined Honours in the other discipline		
11. Sufficient free electives to make up 20.0 credits total for the program		
Total Credits		20.0

Notes:

- Students who count LAWS 4901, LAWS 4902 or LAWS 4908 [1.0] toward the requirements of Item 8 above must complete an approved topic related to the theme of the Concentration.
- Where the Combined Honours is with the School of Journalism and Communication, the degree awarded will be the Bachelor of Journalism with Law with a Concentration in Transnational Law and Human Rights. Students are directed to the regulations of the School of Journalism and Communication in this Calendar.

3. 7.0 credits in: Free Electives 7.0

C. Additional Requirements

4. The language requirement must be met.

Total Credits 15.0

Minor in Law (4.0 credits)

The Minor in Law is open to all students registered in undergraduate programs, with the exception of students registered in the B.A. in Law, the B.A. in Criminology and Criminal Justice with a concentration in Law, or the B.G.In.S. Specialization or Stream in Global Law and Social Justice.

Students are required to present a Minor CGPA of 4.00 or higher at graduation in order to be awarded a Minor in Law.

Requirements:

1. 1.0 credit in:		1.0
LAWS 1001 [0.5]	Introduction to Legal Studies 1	
LAWS 1002 [0.5]	Introduction to Legal Studies 2	
2. 2.0 credits from:		2.0
LAWS 2105 [0.5]	Social Justice and Human Rights	
LAWS 2201 [0.5]	Persons and Property	
LAWS 2202 [0.5]	Obligations	
LAWS 2301 [0.5]	Criminal Justice System	
LAWS 2302 [0.5]	Criminal Law	
LAWS 2501 [0.5]	Law, State and Constitution	
LAWS 2502 [0.5]	Law, State and Citizen	

LAWS 2601 [0.5]	Public International Law	
3. 1.0 credit in LAWS at the 3000-level or higher		1.0
4. The remaining requirements of the major discipline(s) and degree must be satisfied.		
Total Credits		4.0

Mention : français : Law (4.0 credits)

Students wishing to qualify for the *Mention : français* notation in Law may do so by taking the following pattern of courses in their degree program:

Mention : Français Law

1. 1.0 credit in the advanced study of the French language:		1.0
FREN 2100 [1.0]	French 4	
2. 1.0 credit in French-Canadian culture and heritage:		1.0
FREN 2202 [0.5]	Introduction aux études littéraires: œuvres françaises et francophones	
FREN 2203 [0.5]	Introduction aux études littéraires: œuvres québécoises et canadiennes	
FREN 2401 [1.0]	Introduction à la linguistique française	
3. 1.0 credit at the 2000 or 3000 level in law or legal studies taught in French at the university level, and approved by the Undergraduate Supervisor		1.0
4. In addition, for B.A. (Honours) Law, Combined B.A. (Honours) Law, or B.G.In.S. (Honours) with a Specialization in Global Law and Social Justice, 1.0 credit at the 4000 level in law or legal studies taught in French at the university level, and approved by the Undergraduate Supervisor		1.0
Total Credits		4.0

B.A. Regulations

The regulations presented below apply to all Bachelor of Arts programs. In addition to the requirements presented here, students must satisfy the University regulations common to all undergraduate students including the process of Academic Continuation Evaluation (consult the *Academic Regulations of the University* section of this Calendar).

First-Year Seminars

B.A. degree students are strongly encouraged to include a First-Year Seminar (FYSM) during their first 4.0 credits of registration. Students are limited to 1.0 credit in FYSM and can only register in a FYSM while they have first-year standing in their B.A. program.

Breadth Requirement

Among the credits presented at graduation, students in both the B.A. and the B.A. Honours degrees and B.Co.M.S. are required to include 3.0 breadth credits, which must include 1.0 credit in three of the four breadth areas identified below. Credits that fulfil requirements in the Major, Minor, Concentration, Specialization, or Stream may also be used to fulfil the Breadth Requirement.

Students admitted with a completed university degree are exempt from breadth requirements.

Students in the following interdisciplinary programs are exempt from the B.A. breadth requirement.

- African Studies
- Criminology and Criminal Justice
- Environmental Studies
- Human Rights
- Human Rights and Social Justice

Breadth Area 1: Culture and Communication

American Sign Language, Art History, Art and Culture, Communication and Media Studies, Digital Humanities, English, Film Studies, French, Journalism, Media Production and Design, Music, and Languages (Arabic, English as a Second Language, German, Greek, Hebrew, Indigenous Languages, Italian, Japanese, Korean, Latin, Mandarin, Portuguese, Russian, Spanish)

Subject codes: ARAB, ARTH, ASLA, CHIN, COMS, DIGH, ENGL, ESLA, FILM, FINS, FREN, GERM, GREK, HEBR, ITAL, JAPA, JOUR, KORE, LANG, LATN, MPAD, MUSI, PORT, RUSS, SPAN

Breadth Area 2: Humanities

African Studies, Applied Linguistics and Discourse Studies, Archaeology, Canadian Studies, Child Studies, Classical Civilization, Critical Race Studies, Directed Interdisciplinary Studies, Disability Studies, Environmental and Climate Humanities, European and Russian Studies, History, Human Rights and Social Justice, Humanities, Indigenous Studies, Latin American and Caribbean Studies, Linguistics, Medieval and Early Modern Studies, Philosophy, Religion, Sexuality Studies, South Asian Studies, and Women's and Gender Studies.

Subject codes: AFRI, ALDS, ARCY, CDNS, CHST, CLCV, CRST, DBST, DIST, EACH, EURR, HIST, HRSJ, HUMR, HUMS, INDG, LACS, LING, MEMS, PHIL, RELI, SAST, SXST, WGST

Breadth Area 3: Science, Engineering, and Design

Architecture, Biology, Chemistry, Computer Science, Data Science, Earth Sciences, Engineering, Environmental Science, Food Science and Nutrition, Health Sciences, Industrial Design, Information Resource Management, Information Technology (BIT), Information Technology (ITEC), Interactive Multimedia and Design, Interdisciplinary Science and Practice, Mathematics, Neuroscience, Network Technology, Nursing, Optical Systems and Sensors, Photonics, Statistics, Physics, and Technology, Society, Environment.

Subject codes: ACSE, AERO, ARCC, ARCH, ARCN, ARCS, ARCU, BIOC, BIOL, BIT, CHEM, CIVE, COMP, CSEC, DATA, ECOR, ELEC, ENSC, ENVE, ERTN, FOOD, HLTH, IDES, IMD, IRM, ISAP, ISCI, ISCS, ISYS, ITEC, MAAE, MATH, MECH, MECT, NET, NEUR, NSCI, NURS, OSS, PHYS, PLT, SREE, STAT, SYSC, TSES

Breadth Area 4: Social Sciences

Anthropology, Business, Cognitive Science, Criminology and Criminal Justice, Economics, Environmental Studies, Geography, Geomatics, Global and International Studies, Global Politics, Interdisciplinary Public Affairs, International Affairs, Law, Migration and Diaspora Studies, Political Management, Political Science, Psychology, Public

Administration, Public Affairs and Policy Management, Social Work, Sociology/Anthropology, Sociology

Subject codes: ANTH, BUSI, CGSC, CRCJ, ECON, ENST, GEOG, GEOM, GINS, GPOL, INAF, IPAF, LAWS, MGDS, PADM, PAMP, POLM, PSCI, PSYC, SOCI, SOWK

Declared and Undeclared Students

Degree students are considered "Undeclared" if they have been admitted to a degree, but have not yet selected and been accepted into a program within that degree. The status "Undeclared" is available only in the B.A. and B.Sc. degrees. Undeclared students must apply to enter a program upon or before completing 3.5 credits.

Change of Program Within the B.A. Degree

To transfer to a program within the B.A. degree, applicants must normally be *Eligible to Continue* (EC) in the new program, by meeting the CGPA thresholds described in Section 3.1.9 of the *Academic Regulations of the University*.

Applications to declare or change programs within the B.A. degree online must be made online through Carleton Central by completing a Change of Program Elements (COPE) application form within the published deadlines. Acceptance into a program, or into a program element or option, is subject to any enrollment limitations, as well as specific program, program element, or option requirements as published in the relevant Calendar entry.

Minors, Concentrations, and Specializations

Students may add a Minor, Concentration, or Specialization by completing a Change of Program Elements (COPE) application form online through Carleton Central. Acceptance into a Minor, Concentration, or Specialization normally requires that the student be *Eligible to Continue* (EC) and is subject to any specific requirements of the intended Minor, Concentration, or Specialization as published in the relevant Calendar entry and in Section 3.1.9 of the *Academic Regulations of the University*.

Mention : français

Students registered in certain B.A. programs may earn the diploma notation *Mention : français* by completing part of their program requirements in French, and by demonstrating knowledge of the history and culture of French Canada. The general requirements are listed below. For more specific details, consult the departmental program entries.

Students in a B.A. Honours program must present:

1. 1.0 credit in French language;
2. 1.0 credit devoted to the history and culture of French Canada;
3. 1.0 credit at the 2000- or 3000-level in the Honours discipline taken in French; and
4. 1.0 credit at the 4000-level in the Honours discipline taken in French.

Students in a B.A. program must present:

1. 1.0 credit in advanced French;
2. 1.0 credit devoted to the history and culture of French Canada;
3. 1.0 credit at the 2000- or 3000-level in the Major discipline taken in French.

Students in Combined Honours programs must fulfil the *Mention : français* requirement in both disciplines.

Courses taught in French (Items 3 and 4, above) may be taken at Carleton, at the University of Ottawa on the Exchange Agreement, or at a francophone university on a Letter of Permission. Students planning to take courses on exchange or on a Letter of Permission should take careful note of the residence requirement for a minimum number of Carleton courses in their programs. Consult the *Academic Regulations of the University* section of this Calendar for information regarding study on exchange or Letter of Permission.

Co-operative Education

For more information about how to apply for the Co-op program and how the Co-op program works please visit the Co-op website.

All students participating in the Co-op program are governed by the Undergraduate Co-operative Education Policy.

Undergraduate Co-operative Education Policy

Admission Requirements

Students can apply to Co-op in one of two ways: directly from high school, or after beginning a degree program at Carleton.

If a student applies to a degree program with a Co-op option from high school, their university grades will be reviewed two terms to one year prior to their first work term to ensure they meet the academic requirements after their first or second year of study. The time at which the evaluation takes place depends on the program of study. Students will automatically receive an admission decision via their Carleton email account.

Students who did not request Co-op at the time they applied to Carleton can request Co-op after they begin their university studies. To view application instructions and deadlines, please visit carleton.ca/co-op.

To be admitted to Co-op, a student must successfully complete 5.0 or more credits that count towards their degree, meet the minimum CGPA requirement(s) for the student's Co-op option, and fulfil any specified course prerequisites. To see the unique admission and continuation requirements for each Co-op option, please refer to the specific degree programs listed in the Undergraduate Calendar.

Participation Requirements

Co-op Participation Agreement

All students must adhere to the policies found within the Co-op Participation Agreement.

COOP 1000

Once a student has been admitted to the Co-op Program, they will be given access to register in COOP 1000. This zero-credit online course must be completed at least two terms prior to the student's first work term.

Communication with the Co-op Office

Students must maintain contact with the Co-op Office during their job search and while on a work term. All email communication will be conducted via the students' Carleton email account.

Employment

Although every effort is made to ensure a sufficient number of job postings for all Co-op students, no guarantee of employment can be made. The Co-op job search process is competitive, and success is dependent upon factors such as current market conditions, academic performance, skills, motivation, and level of commitment to the job search. It is the student's responsibility to apply for positions via the Co-op job board in addition to actively conducting a self-directed job search. Students who do not obtain a co-op work term are expected to continue with their academic studies. It should be noted that hiring priority for positions within the Federal Government of Canada is given to Canadian citizens.

Registration

- Students must be registered as full-time during all fall and winter study terms beginning the term in which they enroll in COOP 1000.
- Students will be registered in a Co-op Work Term course while at work. This course does not carry academic course credit, but is noted on academic transcripts.
- Students may register in a 0.5 credit during a work term, provided the course is offered during the evening or is offered asynchronously online.
- Students must have at least one term of full-time studies left to complete following their final co-op work term. Students cannot end their degree on a work term.

Work Term Assessment and Evaluation

Work Term Evaluation

Employers are responsible for submitting to Carleton University final performance evaluations for their Co-op students at the end of their work terms.

Work Term Assessment

In order to successfully complete the co-op work term, students must receive a Satisfactory (SAT) grade on their Co-op Work Term Report, which they must submit at the completion of each four-month work term.

Graduation with the Co-op Designation

In order to graduate with the Co-op Designation, students must satisfy all requirements of the degree program in addition to the successful completion of three or four work terms (the number is dependent upon the student's academic program). Students found in violation of the

Co-op Participation Agreement may have the Co-op Designation withheld.

Note: Participation in the co-op option will add up to one additional year for a student to complete their degree program.

Voluntary Withdrawal from the Co-op Option

Students who are currently on a co-op work term or who have already committed to a co-op work term either verbally or in writing may not leave the position and/or withdraw from the co-op option until they have completed the work term and all related requirements.

Involuntary or Required Withdrawal from the Co-op Option

Students may be removed from the Co-op Program for any of the following reasons:

1. Failure to achieve a grade of SAT in COOP 1000;
2. Failure to attend all interviews for positions to which the student has applied;
3. Declining more than one job offer during the job search;
4. Reneging on a co-op position that the student has accepted either verbally or in writing;
5. Continuing a job search after accepting a co-op position;
6. Dismissal from a work term by the co-op employer;
7. Leaving a work term without approval from the Co-op Management Team;
8. Receipt of an unsatisfactory work term evaluation;
9. Receiving a grade of UNS on the work term report.

International Students

All international students are required to possess a Co-op Work Permit issued by Immigration, Refugees and Citizenship Canada before they can begin working. The Co-operative Education Office will provide students with a letter of support to accompany their Co-op Work Permit application. Students are advised to discuss the application process and application requirements with the International Student Services Office.

Co-op Fees

All participating Co-op students are required to pay Co-op fees. For full details, please see the Co-op website.

B.A. Honours Law: Co-op Admission and Continuation Requirements

- Maintain full-time status in each study term;
- Be eligible to work in Canada (for off-campus work);
- Have successfully completed COOP 1000 .

In addition to the following:

1. Registered as a full-time student in the B.A. Honours Law program;
2. Successfully completed 5.0 or more credits;
3. Successfully completed, by the start-date of the first work term, LAWS 2908 and 1.0 credit from LAWS 2201, LAWS 2301, LAWS 2501, and LAWS 2601;

4. Obtained an Overall CGPA of at least 9.00 and a Major CGPA of at least 9.00. These CGPAs must be maintained throughout the duration of the degree.

B.A. Honours Law students must successfully complete three (3) work terms to obtain the Co-op Designation.

Co-operative Work Term Course: LAWS 3999
Work/Study Pattern:

Year 1		Year 2		Year 3		Year 4		Year 5	
Term	Pattern	Term	Pattern	Term	Pattern	Term	Pattern	Term	Pattern
Fall	S	Fall	S	Fall	S	Fall	S	Fall	S
Winter	S	Winter	S	Winter	S	Winter	W	Winter	
Summer		Summer	W	Summer	W	Summer	W

Admissions Information

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as recommended, it is not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admission Requirements

Degrees

- Bachelor of Arts (B.A.) (Honours)
- Bachelor of Arts (B.A.)

First Year

For B.A. and B.A. (Honours)

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include a 4U course in English (or *anglais*). Applicants submitting an English language test to satisfy the requirements of the English Language Proficiency section of this Calendar may use that test to also satisfy the 4U English prerequisite requirement.

Biology

For the major in Biology in the B.A. program, in addition to the 4U English, a 4U course in Chemistry is required. Advanced Functions, and Calculus and Vectors are recommended.

Criminology and Criminal Justice

Access to the CCJ B.A. degree is limited to students already registered in the CCJ B.A. Honours who apply to transfer, and to graduates of the Algonquin College Police Foundations program.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be Eligible to Continue in their year level, in addition to meeting the CGPA thresholds described in Section 3.1.9 of the Academic Regulations of the University. Advanced standing will be granted only for those subjects assessed as being appropriate for the program and the stream selected.

Co-op Option

Direct Admission to the 1st Year of the Co-op Option

Co-op is available for the following Majors in the B.A. (Honours) degree: Anthropology, English, Environmental Studies, European and Russian Studies, French, Geography, Geomatics, History, Law, Political Science, Psychology, Sociology.

Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in the Bachelor of Arts Honours with one of the majors listed above;
3. be eligible to work in Canada (for off-campus work placements).

Meeting the above requirements only establishes eligibility for admission to the program. The prevailing job market may limit enrolment in the co-op option. Students should also note that hiring priority is given to Canadian citizens for co-op positions in the Public Service Commission.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are

described in the Co-operative Education Regulations section of this Calendar.

Advanced Standing

B.A. and B.A. (Honours) Program

Applications for admission to the second or subsequent years will be assessed on their merits. Advanced standing will be granted only for those courses that are determined to be appropriate.

Direct Admission to the First Year of the Co-op Option

Co-op is available for the following Majors in the B.A. (Honours) degree: Anthropology, English, Environmental Studies, European, Russian, and Eurasian Studies, French, Geography, Geography with a Concentration in Physical Geography, Geomatics, History, Law, Political Science, Psychology, Sociology.

Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in the Bachelor of Arts Honours with one of the majors listed above;
3. be eligible to work in Canada (for off-campus work placements).

Meeting the above requirements only establishes eligibility for admission to the program. The prevailing job market may limit enrolment in the co-op option. Students should also note that hiring priority is given to Canadian citizens for co-op positions in the Public Service Commission.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are described in the Co-operative Education Regulations section of this Calendar.

Law (LAWS) Courses

Note: some graduate courses may also be open to interested fourth-year students with permission of the Department.

LAWS 1001 [0.5 credit]

Introduction to Legal Studies 1

Introduction to legal studies: concepts, sources, nature and functions of law; historical, cultural and constitutional foundations of Canadian legal system; common and civil law traditions; statutory interpretation; precedent; legal institutions; frameworks for analyzing formal and informal conceptions of law and its role in society.

Lectures and discussion three hours a week.

LAWS 1002 [0.5 credit]

Introduction to Legal Studies 2

Introduction to legal rules and theoretical approaches for critically understanding the creation, interpretation and enforcement of those rules; the role of judges, juries, lawyers, and lay persons; adjudication and alternative dispute resolution; relationship of law with social change and justice; challenges of access to justice.

Lectures and discussion three hours a week.

LAWS 2105 [0.5 credit]

Social Justice and Human Rights

Theories and practices of law and social justice. Issues examined may include: civil democracy and repression; global governance and the rule of law; democratic movements and social power; human rights instruments, regimes and remedies; armed conflict; and humanitarian intervention.

Prerequisite(s): 1.0 credit from LAWS 1001 and LAWS 1002, or HRSJ 1101 and HRSJ 1102, or PAMP 1001 and PSCI 2003.

Lectures three hours a week.

LAWS 2201 [0.5 credit]

Persons and Property

Origins and scope of the concept of person in law and how concepts of legal personality change over time.

Origins and scope of the concept of property and how concepts of property change over time.

Prerequisite(s): LAWS 1001 and LAWS 1002.

Lectures three hours a week.

LAWS 2202 [0.5 credit]

Obligations

The concepts employed by the law for creating and enforcing legal obligations between persons within society, including contract, tort, fiduciary obligation and restitution. Consideration is given to the role of persons and the role of the state in ordering private legal obligations.

Prerequisite(s): LAWS 1001 and LAWS 1002.

Lectures three hours a week.

LAWS 2301 [0.5 credit]

Criminal Justice System

The institutional and social production of criminal law in Canada. Processes, personnel, and agencies. The role of discretion. The accused and the place of the victim. Issues in sentencing and punishment. Particular attention to racialization, Indigenous experiences, and discrimination in the operations of criminal law.

Prerequisite(s): LAWS 1001 and LAWS 1002.

Lectures three hours a week.

LAWS 2302 [0.5 credit]**Criminal Law**

The legal and social dimensions of criminal liability and responsibility in Canada, including issues and problems surrounding mens rea, actus reus, and the attachment of liability. Excuses and justifications, the Canadian Criminal Code and the role of the Charter in the criminal legal system.

Prerequisite(s): LAWS 1001 and LAWS 1002.

Lectures three hours a week.

LAWS 2501 [0.5 credit]**Law, State and Constitution**

Law relating to the state, society and the constitution, with a focus on the historical framework, federalism, and constitutional reform in Canada.

Prerequisite(s): 1.0 credit from LAWS 1001 and LAWS 1002 or PAPM 1001 and PSCI 2003.

Lectures three hours a week.

LAWS 2502 [0.5 credit]**Law, State and Citizen**

Law relating to the state and its relationship to individuals and groups in society, with a focus on the administrative process, basic values and the Charter.

Prerequisite(s): 1.0 credit from LAWS 1001 and LAWS 1002 or PAPM 1001 and PSCI 2003.

Lectures three hours a week.

LAWS 2601 [0.5 credit]**Public International Law**

Examination of the role of law in contemporary international relations. Nature, history and sources of international law; international personality of states; status of international organizations and individuals; creation and effect of international obligations; importance and functions of law in the settlement of international disputes.

Prerequisite(s): 1.0 credit from LAWS 1001 and LAWS 1002 or PAPM 1001 and PSCI 2003.

Lectures three hours a week.

LAWS 2908 [0.5 credit]**Methodological Approaches in Legal Studies 1**

Introduction to the legal research process and analysis of legal methodology; finding and analyzing primary and secondary legal sources. Students are strongly encouraged to take this course in the second year of their program.

Includes: Experiential Learning Activity

Prerequisite(s): LAWS 1001 and LAWS 1002.

Lectures and tutorials three hours a week.

LAWS 3001 [0.5 credit]**Women and the Legal Process**

How the legal process has affected the status of women.

Areas of concentration within the Canadian context include the criminal law, citizenship and immigration, education, employment, and welfare and social services.

Prerequisite(s): 1.0 credit in LAWS at the 2000 level.

Lectures three hours a week.

LAWS 3003 [0.5 credit]**Contracts**

The enforcement of promises and agreements; basic doctrines and underlying principles of the law of contract are studied from formation of the contract to remedies for breach of contract; role of contract for economic and social purposes is also considered.

Prerequisite(s): LAWS 2202 and 0.5 credit in LAWS at the 2000 level.

Lectures three hours a week.

LAWS 3005 [0.5 credit]**Law and Regulation**

Definitions and goals of regulation; contemporary theories and debates about legal and non-legal approaches to regulation. Approaches studied may include market mechanisms, public agency regulation, self-regulation and governance in co-operation with associations in civil society.

Prerequisite(s): 1.0 credit from LAWS 2201, LAWS 2202, LAWS 2501, LAWS 2502.

Lectures three hours a week.

LAWS 3006 [0.5 credit]**Alternative Dispute Resolution**

Introduction to theories and practices of alternative dispute resolution, including, negotiation, mediation, arbitration, and restorative justice; contrasts with formal litigation; issues of social and legal control; critiques grounded in critical theories; application to contemporary issues and disputes.

Prerequisite(s): (LAWS 1001 and LAWS 1002) and (1.0 credit in LAWS at the 2000 level or 0.5 credit in LAWS at the 2000 level and BUSI 2601).

Lectures three hours a week.

LAWS 3101 [0.5 credit]**Philosophy of Law: The Nature of Law**

The concept of law, leading theories of law and related concepts such as rules and obligations, power and authority, coercion, and justice.

Prerequisite(s): 1.0 credit in LAWS at the 2000 level.

Lectures three hours a week.

LAWS 3103 [0.5 credit]**Law, Culture, and the Humanities: A Foundation**

Themes, approaches and debates in the field of law, culture and the humanities. Primary materials considered may include theoretical writings/cultural criticism/literary texts/films/video/photography and music. These texts present different modes and means of inquiring into the assumptions and aspirations that we ascribe to law.

Prerequisite(s): 1.0 credit in LAWS at the 2000 level.

Lectures three hours a week.

LAWS 3104 [0.5 credit]**Critical Theory for Legal Studies: An Introduction**

Introduction to the general contours of critical theory as it pertains to law and legal studies. The course will introduce key concepts and controversies in the field, identify specific theoretical debates, and consider what conceptual consequences follow from the elaboration of specific positions or arguments.

Prerequisite(s): 1.0 credit in LAWS at the 2000 level.

Lectures three hours a week.

LAWS 3201 [0.5 credit]**Business Enterprise Frameworks**

Forms of carrying on business activity: proprietorships, partnerships, corporations and Crown entities. The rights and obligations of such business enterprises both internally and in relation with other persons. The relationship between legal form and economic function. The role of state intervention.

Prerequisite(s): LAWS 2201 and LAWS 2202.

Lectures three hours a week.

LAWS 3202 [0.5 credit]**Intellectual Property**

Critical assessment of copyright, patents, trademarks, trade secrets and other forms of intellectual property; regulation and governance of information technology including self-regulation, standard setting, licensing, competition policy and international dimensions.

Prerequisite(s): 1.0 credit from LAWS 2201, LAWS 2202, LAWS 2501, LAWS 2502.

Lectures three hours a week.

LAWS 3205 [0.5 credit]**Consumer Law**

Need for consumer protection in the provision of goods and services; traditional legal protection by statute and common law; legislative responses to consumer pressures; judicial response in recent Canadian, English and American law; reform of consumer law.

Prerequisite(s): (LAWS 2202 or BUSI 2601) and 0.5 credit in LAWS at the 2000 level.

Lectures three hours a week.

LAWS 3206 [0.5 credit]**Banking Law**

The law relating to banks and banking; the nature of the legal relationship created; legal rights and duties of the parties involved. Consumer and corporate aspects of banking (including computerization and electronic funds transfers); regulations of banking.

Prerequisite(s): (LAWS 2202 or BUSI 2601) and 0.5 credit in LAWS at the 2000 level.

Lectures three hours a week.

LAWS 3207 [0.5 credit]**International Transactions**

Topics may include: the international sale of goods, finance of transnational transactions, international carriage of goods, insurance, agency and trading houses; other forms of trade, e.g., counter-trade, foreign investment; settlement of international disputes by litigation and arbitration.

Prerequisite(s): (LAWS 2202 or BUSI 2601) and 0.5 credit in LAWS at the 2000 level.

Lectures three hours a week.

LAWS 3208 [0.5 credit]**International Trade Regulation**

International regulation of trade and investment through bilateral, regional and multilateral treaties and agreements. Topics may include: WTO, NAFTA, the EU, UNCTAD, intergovernmental commodity agreements, dispute settlement.

Prerequisite(s): (0.5 credit from LAWS 2202, LAWS 2501, LAWS 2601, BUSI 2601) and 0.5 credit in LAWS at the 2000 level.

Lectures three hours a week.

LAWS 3305 [0.5 credit]**Crime and State in History**

The history of the relationship between the criminal law system and society. Changing issues in the criminal law and the nature of institutional responses, covering medieval to early nineteenth-century England and nineteenth to early twentieth-century Canada.

Also listed as HIST 3305.

Prerequisite(s): 1.0 credit in LAWS at the 2000 level, or 0.5 credit in LAWS at the 2000 level and 0.5 credit in HIST at the 2000 level.

Lectures three hours a week.

LAWS 3306 [0.5 credit]**Crime, Law, Process and Politics**

Criminal law process in Canada; structure and use of the process examined for fairness, defects, and possible reform initiatives. Issues concerning Indigeneity, gender, race and class bias in the implementation and application of the criminal law.

Prerequisite(s): LAWS 2301 and LAWS 2302.

Lectures three hours a week.

LAWS 3307 [0.5 credit]**Youth and Criminal Law**

A review of the Youth Criminal Justice Act within the framework of the Canadian justice system, with particular emphasis on historical and philosophical developments and objectives. Current topics include: constitutional issues, procedure, confessions, transfers, sentencing options, alternative measures, reviews, and possible amendments.

Prerequisite(s): LAWS 2301 and LAWS 2302.

Lectures three hours a week.

LAWS 3308 [0.5 credit]**Punishment and the Law**

This course explores justifications and practices of punishment and social control from a socio-legal perspective. Rationalizations and justifications for punishment are considered. Different forms of punishment and control within the law will be examined as well as different theoretical perspectives of punishment.

Prerequisite(s): LAWS 2301 and 0.5 credit in LAWS at the 2000 level.

Lectures three hours a week.

LAWS 3309 [0.5 credit]**Public and Private Policing**

An examination of the foundations, politics, deployments and legal context of public and private policing. Theoretical and strategic themes related to corporate and state surveillance and security provision are analyzed in the context of class, race, and gender in contemporary and historical context.

Prerequisite(s): LAWS 2301 and LAWS 2302.

Lectures three hours a week.

LAWS 3310 [0.5 credit]**Race and Law**

This course explores theorizations and intersections of race and law in legal studies. Particular attention to case studies, institutional, structural, and systemic racism, the currency of "race" in legal categories and in the work of legal actors in multiple areas of law.

Prerequisite(s): 1.0 credit in LAWS at the 2000 level.

Lectures three hours a week.

LAWS 3401 [0.5 credit]**Employment Law**

Legal regulation of the employment relationship; its contractual basis; defining employment; rights and duties of employees and employers; termination of employment; statutory regulation through employment standards legislation, human rights codes, workers' compensation acts, occupational health and safety and related statutes.

Prerequisite(s): (0.5 credit from LAWS 2201, LAWS 2202, LAWS 2501, LAWS 2502, BUSI 2601) and 0.5 credit in LAWS at the 2000 level.

Lectures three hours a week.

LAWS 3405 [0.5 credit]**Labour Law**

Role of law in industrial relations; effect of law on collective bargaining relationships; recognition of bargaining agent; regulation of bargaining; administration of the collective agreement; methods of conflict resolution.

Prerequisite(s): (0.5 credit from LAWS 2201, LAWS 2202, LAWS 2501, LAWS 2502, BUSI 2601) and 0.5 credit in LAWS at the 2000 level.

Lectures three hours a week.

LAWS 3500 [0.5 credit]**Constitutional Law**

An investigation of the Canadian constitution. Sovereignty, the nature and units of executive, legislative, and judicial power in Canada as interpreted by the courts. The distribution of powers under the Canadian constitution, including an investigation of contemporary problems of federalism. Problems of judicial review.

Prerequisite(s): (LAWS 2501 or PSCI 2003) and 0.5 credit in LAWS at the 2000 level.

Lectures three hours a week.

LAWS 3501 [0.5 credit]**Law in the Information Society**

Legal responses to challenges of the information society. Topics may include privacy, surveillance and monitoring, access to information, freedom of expression, control of objectionable content, Charter and human rights issues, and security.

Prerequisite(s): 1.0 credit in LAWS at the 2000 level.

Lectures three hours a week.

LAWS 3502 [0.5 credit]**Regulating Freedom of Expression in Canada**

The claimed relationship between freedom of expression and Canadian democracy, including the historical development of the right and various limits on it, and the regulatory structures governing contemporary media, criminalized and commercial expression, and use of media in the courtroom.

Prerequisite(s): 1.0 credit in LAWS at the 2000 level.

Lectures three hours a week.

LAWS 3503 [0.5 credit]**Equality and Discrimination**

Human rights issues and law in Canada; history and present day experiences of discrimination; critical exploration of laws effectiveness in responding to discrimination; meaning(s) of equality and discrimination; focus on Human Rights Codes - interpretation, administration, enforcement with some reference to s.15 of the Charter.

Prerequisite(s): (0.5 credit from LAWS 2105, LAWS 2302, LAWS 2502) and 0.5 credit in LAWS at the 2000 level.

Lectures three hours a week.

LAWS 3504 [0.5 credit]**Law and Aboriginal Peoples**

The legal situation of aboriginal peoples in Canada. Topics include status, aboriginal rights, treaties, legislative jurisdiction and the constitutional framework, aboriginal claims, and self-government. Comparative references to aboriginal policy in other countries.

Prerequisite(s): 1.0 credit in LAWS at the 2000 level.

Lectures three hours a week.

LAWS 3506 [0.5 credit]**Administrative Law**

Structure and procedure of Canadian administrative authorities; policy, statutory and judicial environments in which they operate. Topics include techniques for implementing public policy and structuring public authorities; statutory interpretation; procedural safeguards; exercise of statutory discretion; reconciling efficiency and fairness.

Prerequisite(s): LAWS 2502 and 0.5 credit in LAWS at the 2000 level.

Lectures three hours a week.

LAWS 3508 [0.5 credit]**Health Law**

Legal/ethical issues in health care regulation. Topics may include: regulation of health professions; economics of health care; informed consent/choice; regulation of drugs, devices and research; medical malpractice and other liability; mental health issues; patient/client records.

Prerequisite(s): 1.0 credit in LAWS at the 2000 level.

Lectures three hours a week.

LAWS 3509 [0.5 credit]**Selected Topics in The Charter of Rights**

Selected issues in the Canadian Charter of Rights and Freedoms. The topics of this course may vary from year to year, and are announced in advance of registration.

Prerequisite(s): (0.5 Credit from LAWS 2105, LAWS 2201, LAWS 2302, LAWS 2502) and 0.5 credit in LAWS at the 2000 level.

Lectures three hours a week.

LAWS 3602 [0.5 credit]**International Human Rights**

An introduction to the law, theory, and historical context of international human rights. The course examines key doctrinal, theoretical, political, and institutional elements of international human rights law, past and present debates about human rights practices and politics.

Precludes additional credit for LAWS 4604 (no longer offered).

Prerequisite(s): (0.5 credit from LAWS 2105, LAWS 2502, LAWS 2601 or HRSJ 2001) and 0.5 credit in LAWS at the 2000 level or PAMP 1001 and PSCI 2003.

Lectures three hours a week.

LAWS 3604 [0.5 credit]**International Organizations**

Nature, character, legal status and jurisdiction of intergovernmental international organizations. Rights and duties of states arising from membership in international organizations. Distinction between international and supra-national institutions. United Nations system, selected subsidiary organs, and specialized agencies; non-governmental organizations at times of crisis.

Prerequisite(s): LAWS 2601 and 0.5 credit in LAWS at the 2000 level or PAMP 1001 and PSCI 2003.

Lectures three hours a week.

LAWS 3800 [0.5 credit]**Environmental Law**

Introduction to theories and practices of environment law, including, international, administrative, civil, criminal, constitutional, and Indigenous aspects; enforcement, compliance, litigation, and law reform; political and socio-economic aspects; market-based and rights-based approaches; environmental justice; critiques grounded in critical theories.

Prerequisite(s): 1.0 credit in LAWS at the 2000 level.

Lectures three hours a week.

LAWS 3804 [0.5 credit]**Law of the Family**

Legal framework surrounding the family and family relationships in Canadian society. Topics include marriage and cohabitation, matrimonial support, custody and access, and dissolution of marriage. State interventions through law; law and change in family structures; equality issues; dispute resolution processes.

Also listed as SOWK 3804.

Prerequisite(s): LAWS 2201 and LAWS 2202.

Lectures three hours a week.

LAWS 3903 [0.5 credit]**Special Topics in Legal Studies**

The topics of this course may vary from year to year, and are announced in advance of registration.

Prerequisite(s): 1.0 credit in LAWS at the 2000 level.

Lectures three hours a week.

LAWS 3904 [0.5 credit]**Special Topics in Legal Studies**

The topics of this course may vary from year to year, and are announced in advance of registration.

Prerequisite(s): 1.0 credit in LAWS at the 2000-level.

Lectures three hours a week.

LAWS 3908 [0.5 credit]**Methodological Approaches in Legal Studies 2**

Advanced approaches to interdisciplinary research and analysis in law and legal studies. Methodological approaches considered will vary by section, and may include theoretical, quantitative, qualitative, literary, or historical approaches.

Prerequisite(s): LAWS 2908 and third-year Honours standing. Honours students are strongly encouraged to take this course in the third year of their program. Lectures three hours a week.

LAWS 3999 [0.0 credit]**Co-operative Work Term**

Includes: Experiential Learning Activity

Prerequisite(s): registration in the B.A. Honours (concentration in Business Law or concentration in Law, Policy and Government) Cooperative Program, completion of Co-op preparation classes offered by the Co-op office and permission of the Department.

LAWS 4001 [0.5 credit]**Law, Family and Gender**

Relationship between family law and ideology of the family, gender roles and the reproduction of family structures. Social ramifications of family law; potential for family law reform as an agency of social change.

Prerequisite(s): LAWS 2908, 0.5 credit from LAWS 3001 or LAWS 3804, and fourth-year Honours standing. Seminars three hours a week.

LAWS 4002 [0.5 credit]**Feminist Theories of Law**

The literature comprising feminist perspectives on law; theoretical bases of these perspectives; place of feminist theories within other critiques of law; significance of different feminist theories for equality theory and law reform strategies; unique contributions of the various perspectives.

Prerequisite(s): LAWS 2908 and fourth-year Honours standing. Seminars three hours a week.

LAWS 4006 [0.5 credit]**Religion and State in Canada**

Legal nature of the interaction of religion and state within an historical framework. Emphasis on Canada after the Charter of Rights and Freedoms and on religious pluralism and resistance to state intervention in religion. Interdisciplinary readings drawn from legal, historical and theological sources.

Prerequisite(s): LAWS 2908 and fourth-year Honours standing. Seminars three hours a week.

LAWS 4100 [0.5 credit]**Modern Legal Theory**

Realist and post-realist legal scholarship; emphasis on Canadian, American and British approaches. Topics include the Canadian treatise tradition, American legal realism, empirical approaches to legal problems, the sociological movement in law, critical and Canadian feminist legal scholarship, Marxian theories of law, normative economic theory.

Prerequisite(s): LAWS 2908 and fourth-year Honours standing. Seminars three hours a week.

LAWS 4101 [0.5 credit]**Contemporary Justice Theories**

Selected major contemporary theories of justice such as those associated with Rawls, Walzer, and Habermas, with emphasis on both their procedural and substantive elements and their concrete ramifications for law, policy and political practice.

Prerequisite(s): LAWS 2908 or PAPM 3000 and fourth-year Honours standing. Seminars three hours a week.

LAWS 4102 [0.5 credit]**Controversies in Rights Theory**

This course examines selected controversies in rights theories, practices, and/or historiography. Illustrative questions may include: Are rights universal or culturally relative? Can rights be justified after the demise of natural rights philosophy? Do rights undermine difference? Do communities benefit from a rights-based culture?.

Prerequisite(s): LAWS 2908 or PAPM 3000 and fourth-year Honours standing. Seminars three hours a week.

LAWS 4105 [0.5 credit]**Global Justice Theory**

Selected theories of global justice as they pertain to legality, which may include questions such as the justice of military force and just war theory, global social justice and global inequality, sovereignty and cosmopolitan conceptions of justice, demands for global democracy and human rights.

Prerequisite(s): LAWS 2105, LAWS 2908 and fourth-year Honours standing. Seminars three hours a week.

LAWS 4106 [0.5 credit]**Law and Violence**

Examination of how law defines, justifies, and addresses individual, collective and state violence: contemporary and historical case studies; theoretical inquiries into the relationship between law, legality and different forms of violence.

Prerequisite(s): LAWS 2908 or PAMP 3000 and fourth-year Honours standing.

Seminars three hours a week.

LAWS 4107 [0.5 credit]**Law in Modern Society**

Sociological and legal theory accounts of the changing role and function of law in modern society with particular reference to advanced capitalist societies. Topics include: the welfare state and the use of regulatory law; juridification and legalization; counter-trends, deregulation, informalism, legal pluralism.

Prerequisite(s): LAWS 2908 and fourth-year Honours standing.

Seminars three hours a week.

LAWS 4200 [0.5 credit]**Selected Topics in International Economic Law**

Selected topics in international economic law. May include: the legal regulation of international economic activity; methods of dispute settlement; standardization and development of an autonomous international trade law; and selected conventions and institutions governing international economic law.

Prerequisite(s): LAWS 2908, 0.5 credit from LAWS 3207 or LAWS 3208, and fourth-year Honours standing.

Seminars three hours a week.

LAWS 4202 [0.5 credit]**Accountability of Management**

Role, function, and legal regulation of persons managing business enterprises. Status, social responsibility, fiduciary obligations and rights. Control and accountability of managers, obligations owed to the enterprise unit itself, constitutional rights of members, standards imposed by statutory regulation.

Prerequisite(s): LAWS 2908, LAWS 3201 and fourth-year Honours standing.

Seminars three hours a week.

LAWS 4204 [0.5 credit]**Legal Issues in eCommerce**

An examination of selected legal topics relevant to the conduct of electronic commerce. Topics include types of regulation, government support, jurisdiction challenges, contract disputes and consumer protection. Court and alternative dispute resolution policy of Domain Names challenges are also included.

Prerequisite(s): LAWS 2908, LAWS 2201, LAWS 2202 and fourth-year Honours standing.

Seminars three hours a week.

LAWS 4209 [0.5 credit]**Selected Topics in Business Law**

Examination of a selected advanced topic in business law. The topics of this course may vary from year to year and are announced in advance of registration.

Prerequisite(s): LAWS 2908, 0.5 credit from LAWS 2201 or LAWS 2202, and fourth-year Honours standing.

Seminars three hours a week.

LAWS 4302 [0.5 credit]**Regulation of Corporate Crime**

Legal, policy and theoretical perspectives on the regulation of corporate crime. Nature and causes of corporate crime. Selected case studies on the role of the state in regulating corporate behaviour. Failure of the criminal justice system to respond to corporate crime.

Prerequisite(s): LAWS 2908, CRCJ 3001, or CRCJ 3002 and fourth-year Honours standing.

Seminars three hours a week.

LAWS 4303 [0.5 credit]**Drugs, The User and The State**

This course explores the state's attempts to control drugs and drug users by exploring different aspects of national and international drug control. The Canadian experience of drug control, viewed from different perspectives, will be explored within a broader socio-legal context.

Prerequisite(s): LAWS 2908, CRCJ 3001, or CRCJ 3002, and 0.5 credit from LAWS 2301 or LAWS 2302, and fourth-year Honours standing.

Seminars three hours a week.

LAWS 4304 [0.5 credit]**Policing and Social Surveillance**

Theoretical consideration of the emergence and transformation of "policing" activities through an examination of law and changes in social relations, with special attention to the myriad agencies involved in contemporary security provision. Evolving notions of risk, surveillance, the state, and the private-public dichotomy.

Prerequisite(s): LAWS 2908, CRCJ 3001, or CRCJ 3002, and 0.5 credit from LAWS 2301 or LAWS 2302, and fourth-year Honours standing.

Seminars three hours a week.

LAWS 4305 [0.5 credit]
Criminal Justice Reform

Social transformation and criminal justice reform. Theoretical and practical reasons for the use of criminal law as an instrument of social control. Specific reform initiatives and processes. Alternate responses to social problems.

Prerequisite(s): LAWS 2908, CRCJ 3001, or CRCJ 3002 and LAWS 2301, LAWS 2302 and fourth-year Honours standing.

Seminars three hours a week.

LAWS 4306 [0.5 credit]
Selected Topics in Criminal Law Issues

Selected issues and problems in the area of criminal law. The topics may vary from year to year depending on demand and interest and are announced in advance of registration.

Prerequisite(s): LAWS 2908, CRCJ 3001, or CRCJ 3002 and LAWS 2301, LAWS 2302 and fourth-year Honours standing.

Seminars three hours a week.

LAWS 4307 [0.5 credit]
Medical Criminal Law Issues

Legal-medical issues, conflicts and relationships in the field of social control. Topics include mental disorder and criminal liability, diversion of offenders to civil commitment in hospital, insanity, automatism, fitness to stand trial, prediction of dangerousness, regulation of psychoactive drugs.

Prerequisite(s): LAWS 2908, CRCJ 3001, or CRCJ 3002 and LAWS 2301, LAWS 2302 and fourth-year Honours standing.

Seminars three hours a week.

LAWS 4308 [0.5 credit]
Sentencing

Theories of sentencing, current sentencing laws and practices, perceptions of sentencing. Data on sentencing practice across Canada. Reforms in other jurisdictions. Critical review of the Canadian Sentencing Commission. Multidisciplinary approach using research and theory in law, criminology, social psychology and sociology.

Prerequisite(s): LAWS 2908, CRCJ 3001, or CRCJ 3002 and LAWS 2301, LAWS 2302 and fourth-year Honours standing.

Seminars three hours a week.

LAWS 4309 [0.5 credit]
State Security and Dissent

Historical and contemporary analysis of legal responses of Canadian governments to dissent, political opposition, insurrection, etc. Includes trial of political offences (treason, sedition, riot), national security measures (War Measures/Emergencies Act, Official Secrets Act), and other special powers (police, labour, immigration, parliamentary privilege, etc.).

Prerequisite(s): LAWS 2908, CRCJ 3001, or CRCJ 3002 and 0.5 credit from LAWS 3305, LAWS 3503, LAWS 3509, and fourth-year Honours standing.

Seminars three hours a week.

LAWS 4311 [0.5 credit]
Human Rights in Canadian Prisons

Correctional law in the Canadian criminal justice system; competing objectives of punishment and rehabilitation in the context of respect for the rule of law and human rights; protection of human rights of prisoners in Canada and in international and comparative contexts.

Prerequisite(s): LAWS 2908, CRCJ 3001, or CRCJ 3002 and fourth-year Honours standing.

Seminars three hours a week.

LAWS 4402 [0.5 credit]
Employment Dispute Resolution

Theory and practice of dispute resolution in employment relations; analysis of such techniques as negotiation, grievance and interest arbitration, mediation, investigation and litigation applied to a range of employment disputes such as collective agreements, termination of employment, discrimination, harassment, occupational health and safety.

Prerequisite(s): LAWS 2908, 0.5 credit from LAWS 3006, LAWS 3401, LAWS 3405, and fourth-year Honours standing.

Seminars three hours a week.

LAWS 4503 [0.5 credit]
Law, Disability and Society

Exploration of the ways in which law promotes or hinders the inclusion of disabled persons in society. Consideration of different theories of 'disability' and the creation of barriers faced by disabled persons. Topics may include barriers affecting education, employment, transportation, benefits, and life/death decisions.

Prerequisite(s): LAWS 2908 and fourth-year Honours standing.

Seminars three hours a week.

LAWS 4504 [0.5 credit]**Indigenous Criminal Justice**

Indigenous peoples and the administration of Canadian criminal justice including policing, courts, corrections and aftercare. Content and effects of past and present policies, processes and laws. Alternatives such as self-government and self-determination; potential approaches to an appropriate justice system for Indigenous peoples.

Prerequisite(s): LAWS 2908, CRCJ 3001, or CRCJ 3002 and LAWS 2301, LAWS 2302 and fourth-year Honours standing.

Seminars three hours a week.

LAWS 4510 [0.5 credit]**Selected Topics in Law, Policy and Government**

Examination of a selected advanced topic in the area of law, policy and government. The topics of this course may vary from year to year and are announced in advance of registration.

Prerequisite(s): LAWS 2501, LAWS 2502, LAWS 2908 and fourth-year Honours standing.

Seminars three hours a week.

LAWS 4601 [0.5 credit]**Transnational Law and Human Rights**

Examination of the role of law in addressing human rights issues that transcend traditional categories of domestic and international law; the potential and limits of law in addressing human rights issues; the growth of transnational approaches to law and human rights.

Prerequisite(s): LAWS 2908, 0.5 credit from LAWS 3503 or LAWS 3602, and fourth-year Honours standing.

Seminars three hours a week.

LAWS 4602 [0.5 credit]**Is Religious Freedom a Human Right?**

Legal, theoretical, and theological interconnections between religion and human rights. Evaluation of concepts including religious freedom, secularism, public sphere, accommodation and neutrality. Examination of religion and culture, interdependence of legal and religious perspectives, boundaries of religion and state, and religious compulsion. Use of case studies.

Also listed as HRSJ 4602, RELI 4602.

Prerequisite(s): LAWS 2908, LAWS 3602, and fourth-year Honours standing.

Seminars three hours a week.

LAWS 4603 [0.5 credit]**Transitional Justice**

Legal and ethical responses to human rights violations in the transition to democracy. Dilemmas of the rule of law; truth and reconciliation; prosecution and punishment; amnesty; retribution and revenge; restorative justice; administrative remedy; reparations; International case studies. Theoretical arguments about justice in context of country.

Prerequisite(s): LAWS 2908 or PAPM 3000 and fourth-year Honours standing.

Seminars three hours a week.

LAWS 4605 [0.5 credit]**Selected Topics in International Law**

Topics vary from year to year and are announced in advance. May include transnational environmental issues; the international law of armed conflict, peacekeeping and neutrality; the law of international treaties and transnational agreements; state responsibility under international law.

Prerequisite(s): LAWS 2908 or PAPM 3000, LAWS 2601 and fourth-year Honours standing.

Seminars three hours a week.

LAWS 4606 [0.5 credit]**International Law of Armed Conflict**

UN Charter prohibition of the use of force. Exceptional, permissible uses of armed force. Role of Security Council in determining legality of armed intervention. Collective security, peacemaking, peacekeeping, neutrality, prohibited means of warfare. Humanitarian International Law, Geneva Red Cross Conventions, war crimes, International Criminal Court.

Prerequisite(s): LAWS 2908 or PAPM 3000, LAWS 2601 and fourth-year Honours standing.

Seminars three hours a week.

LAWS 4607 [0.5 credit]**Immigration and Refugee Law**

Immigrants and refugees; demographics; Canadian, international and human rights law and policy. The Canadian Immigration Act. Legal and social problems including entry and removal, family reunion, citizenship, remedies, the rights of clandestine migrants; settlement rights; non-discrimination; asylum; a nation's right to determine membership.

Prerequisite(s): LAWS 2908 or PAPM 3000, LAWS 2502 and fourth-year Honours standing.

Seminars three hours a week.

LAWS 4610 [0.5 credit]**Selected Topics in Transnational Law and Human Rights**

Examination of a selected advanced topic in the area of transnational law and human rights. The topics of this course may vary from year to year and are announced in advance of registration.

Prerequisite(s): LAWS 2908 or PAPM 3000, LAWS 2601 and fourth-year Honours standing.

Seminars three hours a week.

LAWS 4702 [0.5 credit]**Special Topic in Criminal Justice and Social Policy**

Examination of a selected topic in criminal justice and social policy. Topics to be announced.

Also listed as SOWK 4702 and SOCI 4702.

Prerequisite(s): LAWS 2908 and fourth-year Honours standing.

Seminars three hours a week.

LAWS 4800 [0.5 credit]**Environment and Social Justice**

The potential of environmental law to protect the environment and people while promoting opportunities for informed participation in environmental decision making by groups traditionally excluded from these processes; contemporary issues of social justice raised by legal regulation of the environment.

Prerequisite(s): LAWS 2908 and fourth-year Honours standing.

Seminars three hours a week.

LAWS 4801 [0.5 credit]**Risk and the Legal Process**

Application of risk assessment and management in various legal arenas including insurance, liability and tort, litigation management, environmental protection, and sentencing and parole.

Prerequisite(s): LAWS 2908 or PAPM 3000 and fourth-year Honours standing.

Seminars three hours a week.

LAWS 4802 [0.5 credit]**Criminal Jury Trials**

Critical analysis of the criminal jury system including its history and context, the role of the judge, jury dynamics and jury composition. Perspectives and roles of the accused, victims, police, defence counsel, Crown attorney, judges, juries, media, politicians and the public.

Prerequisite(s): LAWS 2908, CRCJ 3001, or CRCJ 3002 and LAWS 2301, LAWS 2302 and fourth-year Honours standing.

Seminars three hours a week.

LAWS 4901 [0.5 credit]**Tutorial in Law**

Tutorials or reading courses conducted under the supervision of a faculty member of the Department of Law on a selected topic in which advanced courses are not available (guidelines are posted by the Department).

Prerequisite(s): LAWS 3908, fourth-year Honours standing, written acceptance by a faculty member and permission of the Undergraduate Supervisor.

Independent work 7-10 hours per week. Regular meetings with supervisor (bi-weekly).

LAWS 4902 [0.5 credit]**Tutorial in Law**

Tutorials or reading courses conducted under the supervision of a faculty member of the Department of Law on a selected topic in which advanced courses are not available (guidelines are posted by the Department).

Prerequisite(s): LAWS 3908, fourth-year Honours standing, written acceptance by a faculty member and permission of the Undergraduate Supervisor.

Independent work 7-10 hours per week. Regular meetings with supervisor (bi-weekly).

LAWS 4903 [0.5 credit]**Advanced Special Topics in Legal Studies**

The topics of this course vary from year to year and are announced in advance of registration.

Prerequisite(s): LAWS 2908 and fourth-year Honours standing.

Seminars three hours a week.

LAWS 4904 [0.5 credit]**Advanced Special Topics in Legal Studies**

The topics of this course vary from year to year and are announced in advance of registration.

Prerequisite(s): LAWS 2908 and fourth-year Honours standing.

Seminars three hours a week.

LAWS 4905 [1.0 credit]**Full-Year Service Learning Placement**

This course gives students the opportunity to work with an organization whose focus relates to law. Participating students must identify a host organization and a faculty member to provide supervision (guidelines are posted by the Department).

Includes: Experiential Learning Activity

Precludes additional credit for LAWS 4906, LAWS 4907.

Prerequisite(s): LAWS 2908, fourth-year Honours standing in Law with a Law GPA of 9.00 or higher, written acceptance by a faculty member, permission of the Undergraduate Supervisor and the host organization.

Work at placement site 7-10 hours per week. Regular weekly meetings with on-site supervisor or faculty supervisor.

LAWS 4906 [0.5 credit]**Service Learning Placement**

This course gives students the opportunity to work with an organization whose focus relates to law. Participating students must identify a host organization and a faculty member to provide supervision (guidelines are posted by the Department).

Includes: Experiential Learning Activity

Precludes additional credit for LAWS 4905 (1.0 credit).

Prerequisite(s): LAWS 2908, fourth-year Honours standing in Law with a Law GPA of 9.00 or higher, written acceptance by a faculty member, permission of the Undergraduate Supervisor and the host organization. Work at placement site 7-10 hours per week. Regular weekly meetings with on-site supervisor or faculty supervisor.

LAWS 4907 [0.5 credit]**Service Learning Placement**

This course gives students the opportunity to work with an organization whose focus relates to law. Participating students must identify a host organization and a faculty member to provide supervision (guidelines are posted by the Department).

Includes: Experiential Learning Activity

Precludes additional credit for LAWS 4905 (1.0 credit).

Prerequisite(s): LAWS 2908, fourth-year Honours standing in Law with a Law GPA of 9.00 or higher, written acceptance by a faculty member, permission of the Undergraduate Supervisor and the host organization. Work at placement site 7-10 hours per week. Regular weekly meetings with on-site supervisor or faculty supervisor.

LAWS 4908 [1.0 credit]**Honours Paper**

Students in the BA Honours Law program may write an Honours paper under the supervision of a faculty member of the Department of Law (guidelines are posted by the Department). Students intending to undertake graduate studies are encouraged to complete an Honours paper.

Includes: Experiential Learning Activity

Prerequisite(s): LAWS 3908, fourth-year Honours standing in Law with a Law GPA of 9.00 or higher and written acceptance by a faculty member.

Independent work 7-10 hours per week. Regular meetings with supervisor (bi-weekly).

Linguistics (Bachelor of Arts)

This section presents the requirements for programs in:

- **Linguistics B.A. Honours**
- **B.A. Honours in Linguistics with a Concentration in Psycholinguistics and Communication Differences**
- **Linguistics B.A. Combined Honours**
- **Linguistics and Discourse Studies B.A. Combined Honours**

- **Linguistics B.A.**

- **Minor in Linguistics**

Linguistics**B.A. Honours (20.0 credits)****A. Credits Included in the Major CGPA (9.5 credits)**

1. 1.5 credit in:	1.5
LING 1001 [0.5]	Introduction to Linguistics I
ALDS 1001 [0.5]	Language Matters: Introduction to ALDS
LING 1002 [0.5]	Introduction to Linguistics II
2. 1.0 credit in:	1.0
LING 2005 [0.5]	Linguistic Analysis
LING 2007 [0.5]	Phonetics
3. 1.5 credits from:	1.5
LING 3004 [0.5]	Syntax I
LING 3005 [0.5]	Morphology I
LING 3007 [0.5]	Phonology I
LING 3505 [0.5]	Semantics

4. 2.0 credits in LING at the 4000 level 2.0

5. 3.5 credits in LING, excluding LING 1100 3.5

B. Credits Not Included in the Major CGPA (10.5 credits)

6. 5.0 credits not in LING or ALDS 5.0

7. 5.5 credits in free electives (maximum 2.5 credits in LING) 5.5

C. Additional Requirements

8. School Language Proficiency Requirement must be satisfied

Total Credits 20.0

B.A. Honours in Linguistics with a Concentration in Psycholinguistics and Communication Differences (20.0 credits)

A. Credits Included in the Major CGPA (9.5 credits)

1. 1.0 credit in:	1.0
ALDS 1001 [0.5]	Language Matters: Introduction to ALDS
LING 1001 [0.5]	Introduction to Linguistics I
2. 1.0 credit in:	1.0
LING 2005 [0.5]	Linguistic Analysis
LING 2007 [0.5]	Phonetics
3. 1.0 credit in:	1.0
LING 3004 [0.5]	Syntax I
LING 3007 [0.5]	Phonology I
4. 1.0 credit in LING at the 4000 level	1.0
5. 2.0 credits in LING, excluding LING 1100	2.0
6. 3.5 credits in Degree Concentration:	3.5

a. 0.5 credit in:

LING 1002 [0.5] Introduction to Linguistics II

b. 2.0 credits in:

LING 2604 [0.5] Communication Differences and Disabilities I

LING 3601 [0.5] Language Processing and the Brain

LING 3603 [0.5] Child Language

LING 3604 [0.5] Communication Differences and Disabilities II

c. 1.0 credit from:	
LING 4601 [0.5]	Cognitive Neuroscience of Language
LING 4603 [0.5]	First Language Acquisition
LING 4605 [0.5]	Psycholinguistic Research Methods
LING 4606 [0.5]	Statistics for Language Research
B. Credits not Included in the Major CGPA (10.5)	
7. 5.0 credits not in LING or ALDS	5.0
8. 3.0 credits not in LING	3.0
9. 2.5 credits in free electives	2.5
C. Additional Requirements	
9. School Language Proficiency Requirement must be satisfied	
Total Credits	20.0

Linguistics

B.A. Combined Honours (20.0 credits)

A. Credits Included in the Major CGPA (6.0 credits)	
1. 1.0 credit in:	1.0
LING 1001 [0.5]	Introduction to Linguistics I
ALDS 1001 [0.5]	Language Matters: Introduction to ALDS
2. 1.0 credit in:	1.0
LING 2005 [0.5]	Linguistic Analysis
LING 2007 [0.5]	Phonetics
3. 1.5 credits from:	1.5
LING 3004 [0.5]	Syntax I
LING 3005 [0.5]	Morphology I
LING 3007 [0.5]	Phonology I
LING 3505 [0.5]	Semantics
4. 1.0 credit in LING at the 4000-level	1.0
5. 1.5 credits in LING, excluding LING 1100	1.5
B. Additional Requirements (14.0 credits)	
14.0	
6. The requirements of the other discipline must be satisfied	
7. Sufficient free electives to make a total of 20.0 credits for the program	
8. School Language Proficiency Requirement must be satisfied	
Total Credits	20.0

Linguistics and Discourse Studies

B.A. Combined Honours (20.0 credits)

Honours Linguistics and Honours Applied Linguistics and Discourse Studies are combined into the Linguistics and Discourse Studies B.A. Combined Honours.

A. Credits Included in the Major CGPA (12.0 credits)	
1. 1.5 credits in:	1.5
LING 1001 [0.5]	Introduction to Linguistics I
ALDS 1001 [0.5]	Language Matters: Introduction to ALDS
LING 1002 [0.5]	Introduction to Linguistics II
2. 1.0 credit in:	1.0
LING 2005 [0.5]	Linguistic Analysis
LING 2007 [0.5]	Phonetics
3. 1.5 credits from:	1.5
LING 3004 [0.5]	Syntax I
LING 3005 [0.5]	Morphology I

LING 3007 [0.5]	Phonology I
LING 3505 [0.5]	Semantics
4. 1.0 credit in LING at the 4000-level	1.0
5. 1.5 credits in LING, excluding LING 1100	1.5
6. 1.0 credit in:	1.0
ALDS 2201 [0.5]	Analysis of Oral Language Use
ALDS 2202 [0.5]	Analysis of Written Language Use
7. 1.0 credit in ALDS at the 3000-level or above	1.0
8. 1.0 credit in ALDS at the 4000-level	1.0
9. 2.5 credits in ALDS	2.5
B. Additional Requirements (8.0 credits)	
8.0	
10. Sufficient free electives to make a total of 20.0 credits for the program	
11. School Language Proficiency Requirement must be satisfied	
Total Credits	20.0

Linguistics

B.A. (15.0 credits)

A. Credits Included in the Major CGPA (6.5 credits)	
1. 1.5 credit in:	1.5
LING 1001 [0.5]	Introduction to Linguistics I
ALDS 1001 [0.5]	Language Matters: Introduction to ALDS
LING 1002 [0.5]	Introduction to Linguistics II
2. 1.0 credit in:	1.0
LING 2005 [0.5]	Linguistic Analysis
LING 2007 [0.5]	Phonetics
3. 1.5 credits from:	1.5
LING 3004 [0.5]	Syntax I
LING 3005 [0.5]	Morphology I
LING 3007 [0.5]	Phonology I
LING 3505 [0.5]	Semantics
4. 2.5 credits in LING, excluding LING 1100	2.5
B. Credits Not Included in the Major CGPA (8.5 credits)	
5. 5.0 credits not in LING or ALDS	5.0
6. 1.0 credit not in LING	1.0
7. 2.5 credits in free electives	2.5
C. Additional Requirement	
8. School Language Proficiency Requirement must be satisfied	
Total Credits	15.0

Minor in Linguistics (4.0 credits)

Open to all undergraduate degree students in programs other than Linguistics.

Students are required to present a Minor CGPA of 4.00 or higher at graduation in order to be awarded a Minor in Linguistics.

Requirements (4.0 credits)

1. 1.0 credit in:	1.0
LING 1001 [0.5]	Introduction to Linguistics I
ALDS 1001 [0.5]	Language Matters: Introduction to ALDS
2. 1.0 credit in:	1.0
LING 2005 [0.5]	Linguistic Analysis
LING 2007 [0.5]	Phonetics

3. 1.0 credit in:	1.0
LING 3004 [0.5] Syntax I	
LING 3007 [0.5] Phonology I	
4. 1.0 credit in LING, excluding LING 1100	1.0
5. The remaining requirements of the major discipline(s) and degree must be satisfied.	
Total Credits	4.0

School Language Proficiency Requirement

Students in B.A. Honours, Combined Honours, or 15 credit programs of the School of Linguistics and Language Studies are required, at graduation, to have a working knowledge of a language other than English. Proficiency is determined by successful completion of a 1.0 credit university course in the language or by an oral or written test given by the School.

B.A. Regulations

The regulations presented below apply to all Bachelor of Arts programs. In addition to the requirements presented here, students must satisfy the University regulations common to all undergraduate students including the process of Academic Continuation Evaluation (consult the *Academic Regulations of the University* section of this Calendar).

First-Year Seminars

B.A. degree students are strongly encouraged to include a First-Year Seminar (FYSM) during their first 4.0 credits of registration. Students are limited to 1.0 credit in FYSM and can only register in a FYSM while they have first-year standing in their B.A. program.

Breadth Requirement

Among the credits presented at graduation, students in both the B.A. and the B.A. Honours degrees and B.Co.M.S. are required to include 3.0 breadth credits, which must include 1.0 credit in three of the four breadth areas identified below. Credits that fulfil requirements in the Major, Minor, Concentration, Specialization, or Stream may also be used to fulfil the Breadth Requirement.

Students admitted with a completed university degree are exempt from breadth requirements.

Students in the following interdisciplinary programs are exempt from the B.A. breadth requirement.

- African Studies
- Criminology and Criminal Justice
- Environmental Studies
- Human Rights
- Human Rights and Social Justice

Breadth Area 1: Culture and Communication

American Sign Language, Art History, Art and Culture, Communication and Media Studies, Digital Humanities, English, Film Studies, French, Journalism, Media Production and Design, Music, and Languages (Arabic, English as a Second Language, German, Greek, Hebrew, Indigenous Languages, Italian, Japanese, Korean, Latin, Mandarin, Portuguese, Russian, Spanish)

Subject codes: ARAB, ARTH, ASLA, CHIN, COMS, DIGH, ENGL, ESLA, FILM, FINs, FREN, GERM, GREK, HEBR, ITAL, JAPA, JOUR, KORE, LANG, LATN, MPAD, MUSI, PORT, RUSS, SPAN

Breadth Area 2: Humanities

African Studies, Applied Linguistics and Discourse Studies, Archaeology, Canadian Studies, Child Studies, Classical Civilization, Critical Race Studies, Directed Interdisciplinary Studies, Disability Studies, Environmental and Climate Humanities, European and Russian Studies, History, Human Rights and Social Justice, Humanities, Indigenous Studies, Latin American and Caribbean Studies, Linguistics, Medieval and Early Modern Studies, Philosophy, Religion, Sexuality Studies, South Asian Studies, and Women's and Gender Studies.

Subject codes: AFRI, ALDS, ARCY, CDNS, CHST, CLCV, CRST, DBST, DIST, EACH, EURR, HIST, HRSJ, HUMR, HUMS, INDG, LACS, LING, MEMS, PHIL, RELI, SAST, SXST, WGST

Breadth Area 3: Science, Engineering, and Design

Architecture, Biology, Chemistry, Computer Science, Data Science, Earth Sciences, Engineering, Environmental Science, Food Science and Nutrition, Health Sciences, Industrial Design, Information Resource Management, Information Technology (BIT), Information Technology (ITEC), Interactive Multimedia and Design, Interdisciplinary Science and Practice, Mathematics, Neuroscience, Network Technology, Nursing, Optical Systems and Sensors, Photonics, Statistics, Physics, and Technology, Society, Environment.

Subject codes: ACSE, AERO, ARCC, ARCH, ARCN, ARCS, ARCU, BIOC, BIOL, BIT, CHEM, CIVE, COMP, CSEC, DATA, ECOR, ELEC, ENSC, ENVE, ERTN, FOOD, HLTH, IDES, IMD, IRM, ISAP, ISCI, ISCS, ISYS, ITEC, MAAE, MATH, MECH, MECT, NET, NEUR, NSCI, NURS, OSS, PHYS, PLT, SREE, STAT, SYSC, TSES

Breadth Area 4: Social Sciences

Anthropology, Business, Cognitive Science, Criminology and Criminal Justice, Economics, Environmental Studies, Geography, Geomatics, Global and International Studies, Global Politics, Interdisciplinary Public Affairs, International Affairs, Law, Migration and Diaspora Studies, Political Management, Political Science, Psychology, Public Administration, Public Affairs and Policy Management, Social Work, Sociology/Anthropology, Sociology

Subject codes: ANTH, BUSI, CGSC, CRCJ, ECON, ENST, GEOG, GEOM, GINS, GPOL, INAF, IPAF, LAWS, MGDS, PADM, PAMP, POLM, PSCI, PSYC, SOCI, SOWK

Declared and Undeclared Students

Degree students are considered "Undeclared" if they have been admitted to a degree, but have not yet selected and been accepted into a program within that degree. The status "Undeclared" is available only in the B.A. and B.Sc. degrees. Undeclared students must apply to enter a program upon or before completing 3.5 credits.

Change of Program Within the B.A. Degree

To transfer to a program within the B.A. degree, applicants must normally be *Eligible to Continue* (EC) in the new program, by meeting the CGPA thresholds described in Section 3.1.9 of the *Academic Regulations of the University*.

Applications to declare or change programs within the B.A. degree online must be made online through Carleton Central by completing a Change of Program Elements (COPE) application form within the published deadlines. Acceptance into a program, or into a program element or option, is subject to any enrollment limitations, as well as specific program, program element, or option requirements as published in the relevant Calendar entry.

Minors, Concentrations, and Specializations

Students may add a Minor, Concentration, or Specialization by completing a Change of Program Elements (COPE) application form online through Carleton Central. Acceptance into a Minor, Concentration, or Specialization normally requires that the student be *Eligible to Continue* (EC) and is subject to any specific requirements of the intended Minor, Concentration, or Specialization as published in the relevant Calendar entry and in Section 3.1.9 of the *Academic Regulations of the University*.

Mention : français

Students registered in certain B.A. programs may earn the diploma notation *Mention : français* by completing part of their program requirements in French, and by demonstrating knowledge of the history and culture of French Canada. The general requirements are listed below. For more specific details, consult the departmental program entries.

Students in a B.A. Honours program must present:

1. 1.0 credit in French language;
2. 1.0 credit devoted to the history and culture of French Canada;
3. 1.0 credit at the 2000- or 3000-level in the Honours discipline taken in French; and
4. 1.0 credit at the 4000-level in the Honours discipline taken in French.

Students in a B.A. program must present:

1. 1.0 credit in advanced French;
2. 1.0 credit devoted to the history and culture of French Canada;
3. 1.0 credit at the 2000- or 3000-level in the Major discipline taken in French.

Students in Combined Honours programs must fulfil the *Mention : français* requirement in both disciplines.

Courses taught in French (Items 3 and 4, above) may be taken at Carleton, at the University of Ottawa on the Exchange Agreement, or at a francophone university on a Letter of Permission. Students planning to take courses on exchange or on a Letter of Permission should take careful note of the residence requirement for a minimum number of Carleton courses in their programs. Consult

the *Academic Regulations of the University* section of this Calendar for information regarding study on exchange or Letter of Permission.

Admissions Information

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as recommended, it is not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admission Requirements

Degrees

- Bachelor of Arts (B.A.) (Honours)
- Bachelor of Arts (B.A.)

First Year

For B.A. and B.A. (Honours)

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include a 4U course in English (or *anglais*). Applicants submitting an English language test to satisfy the requirements of the English Language Proficiency section of this Calendar may

use that test to also satisfy the 4U English prerequisite requirement.

Biology

For the major in Biology in the B.A. program, in addition to the 4U English, a 4U course in Chemistry is required. Advanced Functions, and Calculus and Vectors are recommended.

Criminology and Criminal Justice

Access to the CCJ B.A. degree is limited to students already registered in the CCJ B.A. Honours who apply to transfer, and to graduates of the Algonquin College Police Foundations program.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be Eligible to Continue in their year level, in addition to meeting the CGPA thresholds described in Section 3.1.9 of the Academic Regulations of the University. Advanced standing will be granted only for those subjects assessed as being appropriate for the program and the stream selected.

Co-op Option

Direct Admission to the 1st Year of the Co-op Option

Co-op is available for the following Majors in the B.A. (Honours) degree: Anthropology, English, Environmental Studies, European and Russian Studies, French, Geography, Geomatics, History, Law, Political Science, Psychology, Sociology.

Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in the Bachelor of Arts Honours with one of the majors listed above;
3. be eligible to work in Canada (for off-campus work placements).

Meeting the above requirements only establishes eligibility for admission to the program. The prevailing job market may limit enrolment in the co-op option. Students should also note that hiring priority is given to Canadian citizens for co-op positions in the Public Service Commission.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are described in the Co-operative Education Regulations section of this Calendar.

Advanced Standing

B.A. and B.A. (Honours) Program

Applications for admission to the second or subsequent years will be assessed on their merits. Advanced standing will be granted only for those courses that are determined to be appropriate.

Linguistics (LING) Courses

LING 1001 [0.5 credit]

Introduction to Linguistics I

Nature of language and linguistic knowledge. Formal description and analysis of language: phonetics, phonology, morphology, syntax and semantics. Lecture and tutorial three hours a week.

LING 1002 [0.5 credit]

Introduction to Linguistics II

Survey of topics in linguistics: language change, sociolinguistics, language acquisition and processing. May include language typology, language contact and writing systems.

Prerequisite(s): LING 1001 (may be taken concurrently).
Lectures three hours a week.

LING 1100 [0.5 credit]

The Mysteries of Language

This course explores some intriguing mysteries of language - whether it is unique to humans, how children master its complexities so easily, how the brain handles language, how languages are born and die. These questions lead us to interesting discoveries about the human mind.

Lectures three hours a week.

LING 2005 [0.5 credit]

Linguistic Analysis

Phonological, morphological and syntactic analysis of linguistic data. Coursework consists primarily of practical exercises in data analysis.

Includes: Experiential Learning Activity

Prerequisite(s): LING 1001.

Lecture and tutorial three hours a week.

LING 2007 [0.5 credit]

Phonetics

Description of speech sounds; transcription systems; articulation; acoustics of speech sounds; perception of speech sounds; cross-linguistic diversity and phonetic universals; the role of phonetics in grammar.

Includes: Experiential Learning Activity

Precludes additional credit for LING 2001 (no longer offered).

Prerequisite(s): LING 1001.

Lecture and tutorial three hours a week.

LING 2504 [0.5 credit]**Language and Communication**

Some of the central topics in the study of language and communication as pursued by linguists and philosophers. Topics include: the nature of meaning; the connections between language, communication and cognition; language as a social activity.

Also listed as PHIL 2504, COMS 2504.

Prerequisite(s): second-year standing.

Lectures three hours a week.

LING 2604 [0.5 credit]**Communication Differences and Disabilities I**

A survey course highlighting a variety of communication differences and disabilities. Specific topics vary from year to year but typically will include speech, language, fluency and hearing differences and disabilities.

Also listed as ALDS 2604.

Prerequisite(s): LING 1001 and second year standing, or permission of the instructor.

Lectures three hours a week.

LING 2802 [0.5 credit]**History of the English Language**

A historical study of the English language, its structure, variety, and cultural contexts, with an introduction to grammatical terminology and constructions.

Also listed as ENGL 2105.

Prerequisite(s): second-year standing or permission of the department.

Lectures three hours a week.

LING 3004 [0.5 credit]**Syntax I**

Introduction to syntactic theory. Representation and analysis of sentence structure, syntactic relations and syntactic dependencies. Testing of grammatical hypotheses.

Includes: Experiential Learning Activity

Prerequisite(s): LING 2005.

Lecture and tutorial three hours a week.

LING 3005 [0.5 credit]**Morphology I**

Introduction to word structure and morphological theory. Topics include inflectional and derivational morphology, morphological processes, and interaction of morphology with phonology and syntax.

Includes: Experiential Learning Activity

Prerequisite(s): LING 2005 and LING 2007.

Lectures three hours a week.

LING 3007 [0.5 credit]**Phonology I**

The sound-systems of languages, analysis of phonological structure; generative phonology; phonological rules and derivations; cross-linguistic diversity and universals; segmental phonology; stress; tone.

Includes: Experiential Learning Activity

Precludes additional credit for LING 3002 (no longer offered).

Prerequisite(s): LING 2001 (no longer offered) or LING 2007.

Lecture and tutorial three hours a week.

LING 3009 [0.5 credit]**Special Topic in Linguistics**

Selected topics in general linguistics not ordinarily treated in the regular course program. Contents of the course vary from year to year.

Lectures and discussion three hours per week.

LING 3504 [0.5 credit]**Pragmatics**

The study of language in its conversational and cultural contexts. Topics include: conversational implicature; deixis; the semantics-pragmatics boundary; speaker's reference; speech acts. May include cross-cultural pragmatics.

Also listed as PHIL 3504.

Prerequisite(s): third-year standing, and one of LING 1001, PHIL 2001, PHIL 2504/COMS 2504/ LING 2504 or PHIL 3506, or LING 3505 or permission of the Department of Philosophy or School of Linguistics and Language Studies.

Lectures three hours a week.

LING 3505 [0.5 credit]**Semantics**

Study of language meaning. Lexical meaning and meanings of larger linguistic expressions, including nominal units, verbal units, and sentences. Meaning relationships between utterances. Relationship between linguistic meaning (semantics) and contextual meaning (pragmatics). Basic formal treatments of semantics.

Also listed as PHIL 3506.

Prerequisite(s): third-year standing, and one of LING 1001, PHIL 2001, PHIL 2504/LING 2504/ COMS 2504 or PHIL 3504/LING 3504, or permission of the Department of Philosophy or School of Linguistics and Language Studies.

Lectures three hours a week.

LING 3601 [0.5 credit]**Language Processing and the Brain**

Introduction to adult language processing and neurolinguistics. Psychological processes underlying speech production and perception, word recognition and sentence processing. Biological foundation and neuro-cognitive mechanisms of language. Experimental techniques and methodologies of current psycholinguistic studies.

Includes: Experiential Learning Activity

Also listed as PSYC 3709.

Prerequisite(s): LING 1001 or PSYC 2700 and second-year standing, or permission of the instructor.

Lectures three hours a week.

LING 3603 [0.5 credit]**Child Language**

Milestones associated with the development of grammatical, pragmatic and metalinguistic competence from birth to about age ten, and the relative contributions of the environment, cognitive development and inborn knowledge to this development.

Includes: Experiential Learning Activity

Also listed as PSYC 3508.

Prerequisite(s): LING 1001 and second-year standing, or permission of the instructor.

Lectures three hours a week.

LING 3604 [0.5 credit]**Communication Differences and Disabilities II**

An in-depth examination of select topics in the field of communication differences and disabilities. An emphasis is placed on theoretical accounts of specific differences and disabilities and the cross-linguistic evidence for these accounts. Specific topics may vary from year to year.

Also listed as ALDS 3604.

Prerequisite(s): LING 1001 and one of ALDS 2604 or LING 2604.

Lectures three hours a week.

LING 3701 [0.5 credit]**Corpus Linguistics**

Computer-assisted analysis of electronic collections of naturally occurring language. Applications in such areas as language variation, grammar, lexicology, phraseology, translation, and learner language.

Includes: Experiential Learning Activity

Also listed as ALDS 3701.

Prerequisite(s): third-year standing in Applied Linguistics and Discourse Studies, or in Linguistics, or enrolment in the CTESL program, or permission of the instructor.

Lectures three hours a week.

LING 3702 [0.5 credit]**Sociolinguistics**

The place of language within society; bilingual and multilingual communities; language, social mobility and social stratification; sociolinguistic factors in language change.

Also listed as ALDS 3202.

Precludes additional credit for ALDS 2701 (no longer offered).

Prerequisite(s): ALDS 1001 and third-year standing.

Lecture three hours a week.

LING 3801 [0.5 credit]**Structure of a Specific Language**

Description and analysis of the structure of a specific language applying phonology, morphology, syntax, and semantics. Language to be studied will be announced in advance by the School.

Prerequisite(s): LING 2001 (no longer offered) or LING 2005 or LING 2007.

Lectures three hours a week.

LING 3810 [0.5 credit]**Historical Linguistics I**

Language change; sound change; analogy; the comparative method; internal reconstruction; the philological method; historical linguistics and pre-history; language change and theories of grammar.

Precludes additional credit for LING 3101 (no longer offered).

Prerequisite(s): LING 2007.

Lectures three hours a week.

LING 3811 [0.5 credit]**Language Typology and Universals**

Cross-linguistic survey of syntactic and morphological patterns found in the languages of the world. Typological classification and identification of language universals.

Includes: Experiential Learning Activity

Precludes additional credit for LING 3001 (no longer offered).

Prerequisite(s): LING 2005.

Lectures three hours a week.

LING 3900 [1.0 credit]**Independent Study**

Research under the supervision of a member of the School. Normally available only to third- and fourth-year students in Linguistics.

Includes: Experiential Learning Activity

Prerequisite(s): permission of the instructor.

LING 3901 [0.5 credit]**Independent Study**

Research under the supervision of a member of the School. Normally available only to third- and fourth-year students in Linguistics.

Includes: Experiential Learning Activity

Prerequisite(s): permission of the instructor.

LING 4004 [0.5 credit]**Syntax II**

Advanced topics in syntax.

Includes: Experiential Learning Activity

Precludes additional credit for LING 4002 (no longer offered).

Prerequisite(s): LING 3004 and third-year standing.

Seminars three hours a week.

LING 4005 [0.5 credit]**Morphology II**

Advanced topics in morphology.

Includes: Experiential Learning Activity

Prerequisite(s): LING 3005 and third-year standing.

Seminars three hours a week.

LING 4007 [0.5 credit]**Phonology II**

Advanced topics in phonology.

Includes: Experiential Learning Activity

Precludes additional credit for LING 4001 (no longer offered).

Prerequisite(s): LING 3007, and third-year standing.

Seminars three hours a week.

LING 4009 [0.5 credit]**Special Topic in Linguistics**

Examination of a topic or more specialized area in linguistics or language study. Topic to be announced.

Repeatable for credit when the topic changes.

Prerequisite(s): third- or fourth-year standing in Linguistics or permission of the instructor.

Also offered at the graduate level, with different requirements, as LING 5009, for which additional credit is precluded.

Seminars three hours a week.

LING 4412 [0.5 credit]**Diversité du français**

Études des variétés du français, dans ses dimensions spatiales. Le contenu précis de ce cours varie selon les années. Consulter le site web du Département de français pour obtenir les détails. The course is taught in French, but students will submit written assignments in English. Also listed as FREN 4412.

Prerequisite(s): FREN 2401 and FREN 3050, or permission of the Department.

Also offered at the graduate level, with different requirements, as FREN 5412 and LING 5412, for which additional credit is precluded.

Seminars three hours a week.

LING 4413 [0.5 credit]**Diachronie du français**

Étude du français, dans ses dimensions historiques.

Le contenu précis de ce cours varie selon les années.

Consulter le site web du Département de français pour obtenir les détails. The course is taught in French, but students will submit written assignments in English. Also listed as FREN 4413.

Prerequisite(s): FREN 2401 and FREN 3050, or permission of the Department.

Also offered at the graduate level, with different requirements, as FREN 5413 and LING 5413, for which additional credit is precluded.

Seminars three hours a week.

LING 4414 [0.5 credit]**Analyse du français**

Étude du français, dans ses dimensions morphologiques, syntaxiques ou phonologiques. Le contenu précis de ce cours varie selon les années. Consulter le site web du Département de français pour obtenir les détails. Course is taught in French, but students will submit written assignments in English.

Also listed as FREN 4414.

Prerequisite(s): FREN 2401 and FREN 3050, or permission of the Department.

Also offered at the graduate level, with different requirements, as FREN 5414 and LING 5414, for which additional credit is precluded.

Seminars three hours a week.

LING 4415 [0.5 credit]**Variation du français**

Étude des variations internes de la langue, dans des dimensions orales/écrites. Le contenu précis de ce cours varie selon les années. Consulter le site web du Département de français pour obtenir les détails. Course is taught in French, but students submit assignments in English.

Also listed as FREN 4415.

Prerequisite(s): FREN 2401 and FREN 3050, or permission of the Department.

Also offered at the graduate level, with different requirements, as FREN 5415 and LING 5415, for which additional credit is precluded.

Seminars three hours a week.

LING 4505 [0.5 credit]**Formal Semantics**

Advanced topics in compositional semantics and its interfaces. Topics may include: logic, semantic types, lambda calculus, intentional contexts, possible world semantics, interfaces with syntax and pragmatics quantification, anaphora, presupposition, implicatures, scope and binding, and model theory.

Includes: Experiential Learning Activity

Also listed as PHIL 4505.

Prerequisite(s): LING 3505 or PHIL 3506, and third-year standing, or permission of the Department of Philosophy or School of Linguistics and Language Studies.

Seminars three hours a week.

LING 4510 [0.5 credit]**Lexical Semantics**

Study of the meaning of words. Topics may include lexical decomposition, meaning variation, lexical relations, and lexical aspect.

Includes: Experiential Learning Activity

Also listed as PHIL 4055.

Precludes additional credit for LING 4055 (no longer offered).

Prerequisite(s): LING 3505 or PHIL 3506, and third-year standing.

Also offered at the graduate level, with different requirements, as LING 5510, for which additional credit is precluded.

Seminar three hours a week.

LING 4601 [0.5 credit]**Cognitive Neuroscience of Language**

Further study of psychological and neurolinguistic mechanisms of adult language processing. May include topics from first language acquisition.

Includes: Experiential Learning Activity

Prerequisite(s): LING 3601 or permission of the instructor.

Also offered at the graduate level, with different requirements, as LING 5601, for which additional credit is precluded.

Seminars three hours a week.

LING 4603 [0.5 credit]**First Language Acquisition**

Advanced topics in language acquisition and development and the relative contributions of the environment, cognitive development, and inborn knowledge.

Includes: Experiential Learning Activity

Prerequisite(s): LING 1001 and LING 3603.

Also offered at the graduate level, with different requirements, as LING 5603, for which additional credit is precluded.

Seminars three hours a week.

LING 4604 [0.5 credit]**Practicum in Speech Language Pathology**

Through field placements, students pursue personal learning objectives related to speech-language pathology, with a focus on the clinical application of knowledge gained in the Psycholinguistics and Communication Differences concentration.

Includes: Experiential Learning Activity

Prerequisite(s): LING 3604, fourth-year Honours standing in B.A. or B.Sc. in Linguistics with a Concentration in Psycholinguistics and Communication Disorders with a CGPA of 10.0 in the major, and permission from the School of Linguistics and Language Studies.

Field placement one day a week.

LING 4605 [0.5 credit]**Psycholinguistic Research Methods**

Experimental methodologies used in current psycholinguistic studies. Topics include experimental design and techniques, descriptive statistics, and interpreting and reporting research findings.

Includes: Experiential Learning Activity

Precludes additional credit for LING 4009 Section "A" (2015-16 and 2016-17) and LING 4009 Section "B" (2013-14) and LING 4009 Section "C" (2017-18).

Prerequisite(s): third- or fourth-year standing and LING 3601, or permission of the instructor.

Also offered at the graduate level, with different requirements, as LING 5605, for which additional credit is precluded.

Seminar three hours a week.

LING 4606 [0.5 credit]**Statistics for Language Research**

Application of statistical procedures to analysis of language data and to problems of measurement in experimental linguistics, applied linguistics, psycholinguistics, and related fields.

Includes: Experiential Learning Activity

Also listed as ALDS 4606.

Precludes additional credit for ALDS 4906/LING 4009

Section "B" if taken Winter 2015 or Winter 2016.

Prerequisite(s): Third-year standing in Linguistics or Applied Linguistics and Discourse Studies or Cognitive Science, or permission of the instructor.

Also offered at the graduate level, with different requirements, as LING 5606 and ALDS 5604, for which additional credit is precluded.

Seminar three hours a week.

LING 4801 [0.5 credit]**Linguistic Field Methods**

With a language consultant, students discover the phonological, morphological, and syntactic structures of the target language using linguistic elicitation. Language will vary from year to year, but will normally be a non-European language. Language documentation, data management, ethical issues surrounding research in Indigenous communities.

Includes: Experiential Learning Activity

Prerequisite(s): LING 2005 and LING 2007.

Also offered at the graduate level, with different requirements, as ALDS 5801, for which additional credit is precluded.

Lectures three hours a week.

LING 4802 [0.5 credit]**Historical Linguistics: English**

A theory-intensive course that will study the development of English starting with Proto-Indo-European progressing through Common Germanic to the stages of English itself. Topics include phonological sound changes, phonemic inventories, and morphological and syntactic typology. Precludes additional credit for LING 4101 (no longer offered).

Prerequisite(s): LING 2005 and LING 2007, and one of LING 3005, LING 3810 or LING 3811.

Also offered at the graduate level, with different requirements, as LING 5802, ENGL 5101, for which additional credit is precluded.

Seminars three hours a week.

LING 4805 [0.5 credit]**Old English**

Studies in Old English literature and its cultural and historical contexts. Instruction in grammar to facilitate reading knowledge of the Old English language.

Also listed as ENGL 4105.

Precludes additional credit for ENGL 3102 (no longer offered).

Prerequisite(s): fourth-year standing or permission of the department.

Seminar or lecture three hours a week.

LING 4900 [1.0 credit]**Independent Study in Linguistics**

Permits fourth-year Honours students to pursue their interests in a selected area of linguistics.

Prerequisite(s): permission of the instructor.

LING 4901 [0.5 credit]**Independent Study in Linguistics**

Permits fourth-year Honours students to pursue their interests in a selected area of linguistics.

Prerequisite(s): permission of the instructor.

LING 4905 [1.0 credit]**Honours Project in Experimental Linguistics**

Students choose existing study in linguistic literature, replicate the study, present findings, compare to original study. Practical experience gathering and preparing materials, running experiments, analyzing data, interpreting findings; real, important contributions to the field of linguistics via replication studies (as mandated by the scientific method).

Includes: Experiential Learning Activity

Precludes additional credit for LING 4910.

Prerequisite(s): fourth-year Honours standing in Linguistics, with a Major CGPA of 9.0, and permission of the instructor.

Unscheduled.

LING 4910 [1.0 credit]**Honours Thesis in Linguistics**

A thesis project selected in consultation with the School and carried out under the direction of a faculty supervisor.

Includes: Experiential Learning Activity

Precludes additional credit for LING 4905.

Prerequisite(s): fourth-year Honours standing in Linguistics with a CGPA of 10.0 in the major; one of LING 3004, LING 3007, LING 3505, or LING 3601; and permission of the instructor.

Linguistics (Bachelor of Science)

This section presents the requirements for programs in:

- **Linguistics Computer Science Stream B.Sc. Honours**
- **Linguistics Neuroscience Stream B.Sc. Honours**
- **Linguistics Psychology Stream B.Sc. Honours**
- **Linguistics with a Concentration in Psycholinguistics and Communication Differences Computer Science Stream B.Sc. Honours**
- **Linguistics with a Concentration in Psycholinguistics and Communication Differences Neuroscience Stream B.Sc. Honours**
- **Linguistics with a Concentration in Psycholinguistics and Communication Differences Psychology Stream B.Sc. Honours**

Total Credits		20.0

School Language Proficiency Requirement

Students in B.A. Honours, Combined Honours, or 15 credit programs of the School of Linguistics and Language Studies are required, at graduation, to have a working knowledge of a language other than English. Proficiency is determined by successful completion of a 1.0 credit university course in the language or by an oral or written test given by the School.

B.Sc. Regulations

The regulations presented in this section apply to all Bachelor of Science programs. In addition to the requirements presented here, students must satisfy the University regulations common to all undergraduate students including the process of Academic Continuation

Evaluation (see the *Academic Regulations of the University* section of this Calendar).

Breadth Requirement for the B.Sc.

Students in a Bachelor of Science program must present the following credits at graduation:

1. 2.0 credits in Science Continuation courses not in the major discipline; **students completing a double major are considered to have completed this requirement providing they have 2.0 credits in Science Continuation courses in each of the two majors;**
2. 2.0 credits in courses outside of the faculties of Science and Engineering and Design (may include ISAP 1000)

In most cases, the requirements for individual B.Sc. programs, as stated in this Calendar, contain these requirements, explicitly or implicitly.

Students admitted to B.Sc. programs by transfer from another institution must present at graduation (whether taken at Carleton or elsewhere):

1. 2.0 credits in courses outside of the faculties of Science and Engineering and Design (may include ISAP 1000) if the student received fewer than 10.0 transfer credits; or,
2. 1.0 credit in courses outside of the faculties of Science and Engineering and Design (may include ISAP 1000) if the student received 10.0 or more transfer credits.

Declared and Undeclared Students

Degree students are considered "Undeclared" if they have been admitted to a degree, but have not yet selected and been accepted into a program within that degree. The status "Undeclared" is available only in the B.A. and B.Sc. degrees. Undeclared students must apply to enter a program upon or before completing 3.5 credits.

Change of Program within the B.Sc. Degree

To transfer to a program within the B.Sc. degree, applicants must normally be *Eligible to Continue* (EC) in the new program, by meeting the CGPA thresholds described in Section 3.1.9 of the *Academic Regulations of the University*.

Applications to declare or change programs within the B.Sc. degree must be made online through Carleton Central by completing a Change of Program Elements (COPE) application form within the published deadlines. Acceptance into a program, or into a program element or option, is subject to any enrolment limitations, and/or specific program, program element or option requirements as published in the relevant Calendar entry.

Minors, Concentrations, and Specializations

Students may add a Minor, Concentration, or Specialization by completing a Change of Program Elements (COPE) application form online through Carleton Central. Acceptance into a Minor, Concentration, or Specialization normally requires that the student be *Eligible to Continue* (EC) and is meeting the minimum CGPAs described in Section 3.1.9 of the *Academic Regulations of the University*, as well as being subject

to any specific requirements of the intended Minor, Concentration, or Specialization as published in the relevant Calendar entry.

Experimental Science Requirement

Students in a B.Sc. degree program must present at graduation at least two full credits of Experimental Science chosen from two different departments or institutes from the list below:

Approved Experimental Science Courses

Biochemistry	
BIOC 2200 [0.5]	Cellular Biochemistry
BIOC 4001 [0.5]	Methods in Biochemistry
BIOC 4201 [0.5]	Advanced Cell Culture and Tissue Engineering
Biology

NEUR 4600 [0.5]	Advanced Lab in Neuroanatomy
Physics	
PHYS 1001 [0.5]	Foundations of Physics I

PHYS 1002 [0.5]	Foundations of Physics II
PHYS 1003 [0.5]	Introductory Mechanics and Thermodynamics
PHYS 1004 [0.5]	Introductory Electromagnetism and Wave Motion
PHYS 1007 [0.5]	Elementary University Physics I
PHYS 1008 [0.5]	Elementary University Physics II
PHYS 2202 [0.5]	Wave Motion and Optics
PHYS 2604 [0.5]	Modern Physics I
PHYS 3007 [0.5]	Third Year Physics Laboratory: Selected Experiments and Seminars
PHYS 3606 [0.5]	Modern Physics II
PHYS 3608 [0.5]	Modern Applied Physics

Course Categories for B.Sc. Programs

Science Geography Courses

GEOG 1010 [0.5]	Global Environmental Systems
GEOG 2006 [0.5]	Introduction to Quantitative Research
GEOG 2013 [0.5]	Weather and Water
GEOG 2014 [0.5]	The Earth's Surface
GEOG 3003 [0.5]	Quantitative Geography
GEOG 3010 [0.5]	Field Methods in Physical Geography
GEOG 3102 [0.5]	Geomorphology
GEOG 3103 [0.5]	Watershed Hydrology
GEOG 3104 [0.5]	Principles of Biogeography
GEOG 3105 [0.5]	Climate and Atmospheric Change
GEOG 3106 [0.5]	Aquatic Science and Management
GEOG 3108 [0.5]	Soil Properties
GEOG 4000 [0.5]	Field Studies
GEOG 4005 [0.5]	Directed Studies in Geography
GEOG 4013 [0.5]	Cold Region Hydrology
GEOG 4017 [0.5]	Global Biogeochemical Cycles
GEOG 4101 [0.5]	Two Million Years of Environmental Change
GEOG 4103 [0.5]	Water Resources Engineering
GEOG 4104 [0.5]	Microclimatology
GEOG 4108 [0.5]	Permafrost

Science Psychology Courses

PSYC 2001 [0.5]	Introduction to Research Methods in Psychology
PSYC 2002 [0.5]	Introduction to Statistics in Psychology
PSYC 2700 [0.5]	Introduction to Cognitive Psychology
PSYC 3000 [1.0]	Design and Analysis in Psychological Research
PSYC 3506 [0.5]	Cognitive Development
PSYC 3700 [1.0]	Cognition (Honours Seminar)
PSYC 3702 [0.5]	Perception
PSYC 2307 [0.5]	Human Neuropsychology I
PSYC 3307 [0.5]	Human Neuropsychology II

Science Continuation Courses

A course at the 2000 level or above may be used as a Science Continuation credit in a B.Sc. program if it is not in the student's major discipline, and is chosen from the following:

BIOC (Biochemistry)

BIOL (Biology) Biochemistry students may use BIOL 2005 only as a free elective.

CHEM (Chemistry)

COMP (Computer Science) A maximum of two half-credits at the 1000-level in COMP, excluding COMP 1001 may be used as Science Continuation credits.

ERTH (Earth Sciences), except ERTH 2415 which may be used only as a free elective for any B.Sc. program. Students in Earth Sciences programs may use ERTH 2401, ERTH 2402, and ERTH 2403 only as free electives.

Engineering. Students wishing to register in Engineering courses must obtain the permission of the Faculty of Engineering and Design.

ENSC (Environmental Science)

FOOD (Food Science and Nutrition)

GEOM (Geomatics)

HLTH (Health Sciences)

ISAP (Interdisciplinary Science Practice)

MATH (Mathematics)

NEUR (Neuroscience)

PHYS (Physics), except PHYS 2903

Science Geography Courses (see list above)

Science Psychology Courses (see list above)

STAT (Statistics)

TSES (Technology, Society, Environment) except TSES 2305. Biology students may use these courses only as free electives. Integrated Science and Environmental Science students may include these courses in their programs but may not count them as part of the Science Sequence.

Science Faculty Electives

Science Faculty Electives are courses at the 1000-4000 level chosen from:

BIOC (Biochemistry)

BIOL (Biology) Biology & Biochemistry students may use BIOL 1010 and BIOL 2005 only as free electives

CHEM (Chemistry) except CHEM 1003, CHEM 1004 and CHEM 1007

COMP (Computer Science) except COMP 1001

ERTH (Earth Sciences) except ERTH 1004 and ERTH 2415. Earth Sciences students may use ERTH 2401, ERTH 2402 and ERTH 2403 only as free electives.

Engineering

ENSC 2001

FOOD (Food Science and Nutrition)

GEOM (Geomatics)

HLTH (Health Science)

ISAP (Interdisciplinary Science Practice)

MATH (Mathematics)

NEUR (Neuroscience)

PHYS (Physics) except PHYS 1901, PHYS 1902, PHYS 1905, PHYS 2903

Science Geography (see list above)

Science Psychology (see list above)

STAT (Statistics)

TSES (Technology, Society, Environment) Biology students may use these courses only as free electives.

Advanced Science Faculty Electives

Advanced Science Faculty Electives are courses at the 2000-4000 level chosen from the Science Faculty Electives list above.

Approved Courses Outside the Faculties of Science and Engineering and Design (may include ISAP 1000)

All courses offered by the Faculty of Arts and Social Sciences, the Faculty of Public and Global Affairs, and the Sprott School of Business are approved as Arts or Social Sciences courses EXCEPT FOR: All Science Geography courses (see list above), all Geomatics (GEOM) courses, all Science Psychology courses (see list above). ISAP 1000 may be used as an Approved Course Outside the Faculties of Science and Engineering and Design.

Free Electives

Any course is allowable as a Free Elective providing it is not prohibited (see below). Students are expected to comply with prerequisite requirements and enrolment restrictions for all courses as published in this Calendar.

Courses Allowable Only as Free Electives in any B.Sc. Program

BIOL 4810 [0.5]	Education Research in Undergraduate Science
CHEM 1003 [0.5]	The Chemistry of Food, Health and Drugs
CHEM 1004 [0.5]	Drugs and the Human Body
CHEM 1007 [0.5]	Chemistry of Art and Artifacts
ERTH 1004 [0.5]	Earth's Epic Tale: A Story Across Billions of Years
ERTH 2415 [0.5]	Natural Disasters
ISCI 1001 [0.5]	Introduction to the Environment
ISCI 2000 [0.5]	Natural Laws
ISCI 2002 [0.5]	Human Impacts on the Environment
PHYS 1901 [0.5]	Planetary Astronomy
PHYS 1902 [0.5]	From our Star to the Cosmos
PHYS 1905 [0.5]	Physics Behind Everyday Life
PHYS 2903 [0.5]	Physics Towards the Future

Prohibited Courses

The following courses are not acceptable for credit in any B.Sc. program:

COMP 1001 [0.5]	Introduction to Computational Thinking for Arts and Social Science Students
MATH 1009 [0.5]	Mathematics for Business
MATH 1119 [0.5]	Linear Algebra: with Applications to Business
MATH 1401 [0.5]	Elementary Mathematics for Economics I

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as recommended, it is not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Degrees

- B.Sc. (Honours)
- B.Sc. (Major)
- B.Sc.

Admission Requirements

B. Sc. Honours

First Year

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. For most programs including Biochemistry, Bioinformatics, Biotechnology, Chemistry, Combined Honours in Biology and Physics, Chemistry and Physics, Computational Biochemistry, Food Science, Nanoscience, Neuroscience and Biology, Neuroscience and Mental Health, and Psychology, the six 4U or M courses must include Advanced Functions, and two of Biology, Chemistry, Earth and Space Sciences, or Physics. (Calculus and Vectors is strongly recommended).

Specific Honours Admission Requirements

For the Honours programs in Earth Sciences, Environmental Science, Geomatics, Integrated Science, and Physical Geography, Calculus and Vectors may be substituted for Advanced Functions.

For the Honours programs in Physics and Applied Physics, and for double Honours in Mathematics and Physics, Calculus and Vectors is required in addition to Advanced Functions and one of 4U Physics, Chemistry, Biology, or Earth and Space Sciences. For all programs in Physics, 4U Physics is strongly recommended.

For Honours in Psychology, a 4U course in English is recommended.

For Honours in Environmental Science, a 4U course in Biology and Chemistry is recommended.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be *Eligible to Continue* in their year level, in addition to meeting the CGPA thresholds described in Section 3.1.9 of the Academic Regulations of the University. Advanced standing will be granted only for those subjects deemed appropriate for the program and stream selected.

B.Sc. Major and B.Sc.

First Year

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include Advanced Functions and two of Calculus and Vectors, Biology, Chemistry, Earth and Space Science, or Physics (Calculus and Vectors is strongly recommended). For the B.Sc. Major in Physics, 4U Physics is strongly recommended.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be *Eligible to Continue* (EC) in their year level. Advanced standing will be granted only for those subjects deemed appropriate for the program and stream selected.

Co-op Option

Direct Admission to the First Year of the Co-op Option

Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in the Bachelor of Science Honours program;
3. be eligible to work in Canada (for off-campus work placements).

Note that meeting the above requirements only establishes eligibility for admission to the program. The prevailing job market may limit enrolment in the co-op option.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are described in the Co-operative Education Regulations section of this Calendar.

Linguistics (LING) Courses

LING 1001 [0.5 credit]

Introduction to Linguistics I

Nature of language and linguistic knowledge. Formal description and analysis of language: phonetics, phonology, morphology, syntax and semantics. Lecture and tutorial three hours a week.

LING 1002 [0.5 credit]**Introduction to Linguistics II**

Survey of topics in linguistics: language change, sociolinguistics, language acquisition and processing. May include language typology, language contact and writing systems.

Prerequisite(s): LING 1001 (may be taken concurrently).

Lectures three hours a week.

LING 1100 [0.5 credit]**The Mysteries of Language**

This course explores some intriguing mysteries of language - whether it is unique to humans, how children master its complexities so easily, how the brain handles language, how languages are born and die. These questions lead us to interesting discoveries about the human mind.

Lectures three hours a week.

LING 2005 [0.5 credit]**Linguistic Analysis**

Phonological, morphological and syntactic analysis of linguistic data. Coursework consists primarily of practical exercises in data analysis.

Includes: Experiential Learning Activity

Prerequisite(s): LING 1001.

Lecture and tutorial three hours a week.

LING 2007 [0.5 credit]**Phonetics**

Description of speech sounds; transcription systems; articulation; acoustics of speech sounds; perception of speech sounds; cross-linguistic diversity and phonetic universals; the role of phonetics in grammar.

Includes: Experiential Learning Activity

Precludes additional credit for LING 2001 (no longer offered).

Prerequisite(s): LING 1001.

Lecture and tutorial three hours a week.

LING 2504 [0.5 credit]**Language and Communication**

Some of the central topics in the study of language and communication as pursued by linguists and philosophers. Topics include: the nature of meaning; the connections between language, communication and cognition; language as a social activity.

Also listed as PHIL 2504, COMS 2504.

Prerequisite(s): second-year standing.

Lectures three hours a week.

LING 2604 [0.5 credit]**Communication Differences and Disabilities I**

A survey course highlighting a variety of communication differences and disabilities. Specific topics vary from year to year but typically will include speech, language, fluency and hearing differences and disabilities.

Also listed as ALDS 2604.

Prerequisite(s): LING 1001 and second year standing, or permission of the instructor.

Lectures three hours a week.

LING 2802 [0.5 credit]**History of the English Language**

A historical study of the English language, its structure, variety, and cultural contexts, with an introduction to grammatical terminology and constructions.

Also listed as ENGL 2105.

Prerequisite(s): second-year standing or permission of the department.

Lectures three hours a week.

LING 3004 [0.5 credit]**Syntax I**

Introduction to syntactic theory. Representation and analysis of sentence structure, syntactic relations and syntactic dependencies. Testing of grammatical hypotheses.

Includes: Experiential Learning Activity

Prerequisite(s): LING 2005.

Lecture and tutorial three hours a week.

LING 3005 [0.5 credit]**Morphology I**

Introduction to word structure and morphological theory. Topics include inflectional and derivational morphology, morphological processes, and interaction of morphology with phonology and syntax.

Includes: Experiential Learning Activity

Prerequisite(s): LING 2005 and LING 2007.

Lectures three hours a week.

LING 3007 [0.5 credit]**Phonology I**

The sound-systems of languages, analysis of phonological structure; generative phonology; phonological rules and derivations; cross-linguistic diversity and universals; segmental phonology; stress; tone.

Includes: Experiential Learning Activity

Precludes additional credit for LING 3002 (no longer offered).

Prerequisite(s): LING 2001 (no longer offered) or LING 2007.

Lecture and tutorial three hours a week.

LING 3009 [0.5 credit]**Special Topic in Linguistics**

Selected topics in general linguistics not ordinarily treated in the regular course program. Contents of the course vary from year to year.

Lectures and discussion three hours per week.

LING 3504 [0.5 credit]**Pragmatics**

The study of language in its conversational and cultural contexts. Topics include: conversational implicature; deixis; the semantics-pragmatics boundary; speaker's reference; speech acts. May include cross-cultural pragmatics.

Also listed as PHIL 3504.

Prerequisite(s): third-year standing, and one of LING 1001, PHIL 2001, PHIL 2504/COMS 2504/ LING 2504 or PHIL 3506, or LING 3505 or permission of the Department of Philosophy or School of Linguistics and Language Studies.

Lectures three hours a week.

LING 3505 [0.5 credit]**Semantics**

Study of language meaning. Lexical meaning and meanings of larger linguistic expressions, including nominal units, verbal units, and sentences. Meaning relationships between utterances. Relationship between linguistic meaning (semantics) and contextual meaning (pragmatics). Basic formal treatments of semantics.

Also listed as PHIL 3506.

Prerequisite(s): third-year standing, and one of LING 1001, PHIL 2001, PHIL 2504/LING 2504/ COMS 2504 or PHIL 3504/LING 3504, or permission of the Department of Philosophy or School of Linguistics and Language Studies.

Lectures three hours a week.

LING 3601 [0.5 credit]**Language Processing and the Brain**

Introduction to adult language processing and neurolinguistics. Psychological processes underlying speech production and perception, word recognition and sentence processing. Biological foundation and neuro-cognitive mechanisms of language. Experimental techniques and methodologies of current psycholinguistic studies.

Includes: Experiential Learning Activity

Also listed as PSYC 3709.

Prerequisite(s): LING 1001 or PSYC 2700 and second-year standing, or permission of the instructor.

Lectures three hours a week.

LING 3603 [0.5 credit]**Child Language**

Milestones associated with the development of grammatical, pragmatic and metalinguistic competence from birth to about age ten, and the relative contributions of the environment, cognitive development and inborn knowledge to this development.

Includes: Experiential Learning Activity

Also listed as PSYC 3508.

Prerequisite(s): LING 1001 and second-year standing, or permission of the instructor.

Lectures three hours a week.

LING 3604 [0.5 credit]**Communication Differences and Disabilities II**

An in-depth examination of select topics in the field of communication differences and disabilities. An emphasis is placed on theoretical accounts of specific differences and disabilities and the cross-linguistic evidence for these accounts. Specific topics may vary from year to year.

Also listed as ALDS 3604.

Prerequisite(s): LING 1001 and one of ALDS 2604 or LING 2604.

Lectures three hours a week.

LING 3701 [0.5 credit]**Corpus Linguistics**

Computer-assisted analysis of electronic collections of naturally occurring language. Applications in such areas as language variation, grammar, lexicology, phraseology, translation, and learner language.

Includes: Experiential Learning Activity

Also listed as ALDS 3701.

Prerequisite(s): third-year standing in Applied Linguistics and Discourse Studies, or in Linguistics, or enrolment in the CTESL program, or permission of the instructor.

Lectures three hours a week.

LING 3702 [0.5 credit]**Sociolinguistics**

The place of language within society; bilingual and multilingual communities; language, social mobility and social stratification; sociolinguistic factors in language change.

Also listed as ALDS 3202.

Precludes additional credit for ALDS 2701 (no longer offered).

Prerequisite(s): ALDS 1001 and third-year standing.

Lecture three hours a week.

LING 3801 [0.5 credit]**Structure of a Specific Language**

Description and analysis of the structure of a specific language applying phonology, morphology, syntax, and semantics. Language to be studied will be announced in advance by the School.

Prerequisite(s): LING 2001 (no longer offered) or LING 2005 or LING 2007.

Lectures three hours a week.

LING 3810 [0.5 credit]**Historical Linguistics I**

Language change; sound change; analogy; the comparative method; internal reconstruction; the philological method; historical linguistics and pre-history; language change and theories of grammar.

Precludes additional credit for LING 3101 (no longer offered).

Prerequisite(s): LING 2007.

Lectures three hours a week.

LING 3811 [0.5 credit]**Language Typology and Universals**

Cross-linguistic survey of syntactic and morphological patterns found in the languages of the world. Typological classification and identification of language universals.

Includes: Experiential Learning Activity

Precludes additional credit for LING 3001 (no longer offered).

Prerequisite(s): LING 2005.

Lectures three hours a week.

LING 3900 [1.0 credit]**Independent Study**

Research under the supervision of a member of the School. Normally available only to third- and fourth-year students in Linguistics.

Includes: Experiential Learning Activity

Prerequisite(s): permission of the instructor.

LING 3901 [0.5 credit]**Independent Study**

Research under the supervision of a member of the School. Normally available only to third- and fourth-year students in Linguistics.

Includes: Experiential Learning Activity

Prerequisite(s): permission of the instructor.

LING 4004 [0.5 credit]**Syntax II**

Advanced topics in syntax.

Includes: Experiential Learning Activity

Precludes additional credit for LING 4002 (no longer offered).

Prerequisite(s): LING 3004 and third-year standing.

Seminars three hours a week.

LING 4005 [0.5 credit]**Morphology II**

Advanced topics in morphology.

Includes: Experiential Learning Activity

Prerequisite(s): LING 3005 and third-year standing.

Seminars three hours a week.

LING 4007 [0.5 credit]**Phonology II**

Advanced topics in phonology.

Includes: Experiential Learning Activity

Precludes additional credit for LING 4001 (no longer offered).

Prerequisite(s): LING 3007, and third-year standing.

Seminars three hours a week.

LING 4009 [0.5 credit]**Special Topic in Linguistics**

Examination of a topic or more specialized area in linguistics or language study. Topic to be announced.

Repeatable for credit when the topic changes.

Prerequisite(s): third- or fourth-year standing in Linguistics or permission of the instructor.

Also offered at the graduate level, with different requirements, as LING 5009, for which additional credit is precluded.

Seminars three hours a week.

LING 4412 [0.5 credit]**Diversité du français**

Études des variétés du français, dans ses dimensions spatiales. Le contenu précis de ce cours varie selon les années. Consulter le site web du Département de français pour obtenir les détails. The course is taught in French, but students will submit written assignments in English.

Also listed as FREN 4412.

Prerequisite(s): FREN 2401 and FREN 3050, or permission of the Department.

Also offered at the graduate level, with different requirements, as FREN 5412 and LING 5412, for which additional credit is precluded.

Seminars three hours a week.

LING 4413 [0.5 credit]**Diachronie du français**

Étude du français, dans ses dimensions historiques. Le contenu précis de ce cours varie selon les années. Consulter le site web du Département de français pour obtenir les détails. The course is taught in French, but students will submit written assignments in English. Also listed as FREN 4413.

Prerequisite(s): FREN 2401 and FREN 3050, or permission of the Department.

Also offered at the graduate level, with different requirements, as FREN 5413 and LING 5413, for which additional credit is precluded.

Seminars three hours a week.

LING 4414 [0.5 credit]**Analyse du français**

Étude du français, dans ses dimensions morphologiques, syntaxiques ou phonologiques. Le contenu précis de ce cours varie selon les années. Consulter le site web du Département de français pour obtenir les détails. Course is taught in French, but students will submit written assignments in English.

Also listed as FREN 4414.

Prerequisite(s): FREN 2401 and FREN 3050, or permission of the Department.

Also offered at the graduate level, with different requirements, as FREN 5414 and LING 5414, for which additional credit is precluded.

Seminars three hours a week.

LING 4415 [0.5 credit]**Variation du français**

Étude des variations internes de la langue, dans des dimensions orales/écrites. Le contenu précis de ce cours varie selon les années. Consulter le site web du Département de français pour obtenir les détails. Course is taught in French, but students submit assignments in English.

Also listed as FREN 4415.

Prerequisite(s): FREN 2401 and FREN 3050, or permission of the Department.

Also offered at the graduate level, with different requirements, as FREN 5415 and LING 5415, for which additional credit is precluded.

Seminars three hours a week.

LING 4505 [0.5 credit]**Formal Semantics**

Advanced topics in compositional semantics and its interfaces. Topics may include: logic, semantic types, lambda calculus, intentional contexts, possible world semantics, interfaces with syntax and pragmatics quantification, anaphora, presupposition, implicatures, scope and binding, and model theory.

Includes: Experiential Learning Activity

Also listed as PHIL 4505.

Prerequisite(s): LING 3505 or PHIL 3506, and third-year standing, or permission of the Department of Philosophy or School of Linguistics and Language Studies.

Seminars three hours a week.

LING 4510 [0.5 credit]**Lexical Semantics**

Study of the meaning of words. Topics may include lexical decomposition, meaning variation, lexical relations, and lexical aspect.

Includes: Experiential Learning Activity

Also listed as PHIL 4055.

Precludes additional credit for LING 4055 (no longer offered).

Prerequisite(s): LING 3505 or PHIL 3506, and third-year standing.

Also offered at the graduate level, with different requirements, as LING 5510, for which additional credit is precluded.

Seminar three hours a week.

LING 4601 [0.5 credit]**Cognitive Neuroscience of Language**

Further study of psychological and neurolinguistic mechanisms of adult language processing. May include topics from first language acquisition.

Includes: Experiential Learning Activity

Prerequisite(s): LING 3601 or permission of the instructor.

Also offered at the graduate level, with different requirements, as LING 5601, for which additional credit is precluded.

Seminars three hours a week.

LING 4603 [0.5 credit]**First Language Acquisition**

Advanced topics in language acquisition and development and the relative contributions of the environment, cognitive development, and inborn knowledge.

Includes: Experiential Learning Activity

Prerequisite(s): LING 1001 and LING 3603.

Also offered at the graduate level, with different requirements, as LING 5603, for which additional credit is precluded.

Seminars three hours a week.

LING 4604 [0.5 credit]**Practicum in Speech Language Pathology**

Through field placements, students pursue personal learning objectives related to speech-language pathology, with a focus on the clinical application of knowledge gained in the Psycholinguistics and Communication Differences concentration.

Includes: Experiential Learning Activity

Prerequisite(s): LING 3604, fourth-year Honours standing in B.A. or B.Sc. in Linguistics with a Concentration in Psycholinguistics and Communication Disorders with a CGPA of 10.0 in the major, and permission from the School of Linguistics and Language Studies.

Field placement one day a week.

LING 4605 [0.5 credit]**Psycholinguistic Research Methods**

Experimental methodologies used in current psycholinguistic studies. Topics include experimental design and techniques, descriptive statistics, and interpreting and reporting research findings.

Includes: Experiential Learning Activity

Precludes additional credit for LING 4009 Section "A" (2015-16 and 2016-17) and LING 4009 Section "B" (2013-14) and LING 4009 Section "C" (2017-18).

Prerequisite(s): third- or fourth-year standing and LING 3601, or permission of the instructor.

Also offered at the graduate level, with different requirements, as LING 5605, for which additional credit is precluded.

Seminar three hours a week.

LING 4606 [0.5 credit]**Statistics for Language Research**

Application of statistical procedures to analysis of language data and to problems of measurement in experimental linguistics, applied linguistics, psycholinguistics, and related fields.

Includes: Experiential Learning Activity

Also listed as ALDS 4606.

Precludes additional credit for ALDS 4906/LING 4009 Section "B" if taken Winter 2015 or Winter 2016.

Prerequisite(s): Third-year standing in Linguistics or Applied Linguistics and Discourse Studies or Cognitive Science, or permission of the instructor.

Also offered at the graduate level, with different requirements, as LING 5606 and ALDS 5604, for which additional credit is precluded.

Seminar three hours a week.

LING 4801 [0.5 credit]**Linguistic Field Methods**

With a language consultant, students discover the phonological, morphological, and syntactic structures of the target language using linguistic elicitation. Language will vary from year to year, but will normally be a non-European language. Language documentation, data management, ethical issues surrounding research in Indigenous communities.

Includes: Experiential Learning Activity

Prerequisite(s): LING 2005 and LING 2007.

Also offered at the graduate level, with different requirements, as ALDS 5801, for which additional credit is precluded.

Lectures three hours a week.

LING 4802 [0.5 credit]**Historical Linguistics: English**

A theory-intensive course that will study the development of English starting with Proto-Indo-European progressing through Common Germanic to the stages of English itself. Topics include phonological sound changes, phonemic inventories, and morphological and syntactic typology. Precludes additional credit for LING 4101 (no longer offered).

Prerequisite(s): LING 2005 and LING 2007, and one of LING 3005, LING 3810 or LING 3811.

Also offered at the graduate level, with different requirements, as LING 5802, ENGL 5101, for which additional credit is precluded.

Seminars three hours a week.

LING 4805 [0.5 credit]**Old English**

Studies in Old English literature and its cultural and historical contexts. Instruction in grammar to facilitate reading knowledge of the Old English language.

Also listed as ENGL 4105.

Precludes additional credit for ENGL 3102 (no longer offered).

Prerequisite(s): fourth-year standing or permission of the department.

Seminar or lecture three hours a week.

LING 4900 [1.0 credit]**Independent Study in Linguistics**

Permits fourth-year Honours students to pursue their interests in a selected area of linguistics.

Prerequisite(s): permission of the instructor.

LING 4901 [0.5 credit]**Independent Study in Linguistics**

Permits fourth-year Honours students to pursue their interests in a selected area of linguistics.

Prerequisite(s): permission of the instructor.

LING 4905 [1.0 credit]**Honours Project in Experimental Linguistics**

Students choose existing study in linguistic literature, replicate the study, present findings, compare to original study. Practical experience gathering and preparing materials, running experiments, analyzing data, interpreting findings; real, important contributions to the field of linguistics via replication studies (as mandated by the scientific method).

Includes: Experiential Learning Activity

Precludes additional credit for LING 4910.

Prerequisite(s): fourth-year Honours standing in Linguistics, with a Major CGPA of 9.0, and permission of the instructor.

Unscheduled.

LING 4910 [1.0 credit]**Honours Thesis in Linguistics**

A thesis project selected in consultation with the School and carried out under the direction of a faculty supervisor.

Includes: Experiential Learning Activity

Precludes additional credit for LING 4905.

Prerequisite(s): fourth-year Honours standing in Linguistics with a CGPA of 10.0 in the major; one of LING 3004, LING 3007, LING 3505, or LING 3601; and permission of the instructor.

Mandarin Chinese (Minor)

This section presents the requirements for programs in:

- **Minor in Mandarin Chinese**

Minor in Mandarin Chinese (4.0 credits)

Open to all undergraduate degree students.

Students are required to present a Minor CGPA of 4.00 or higher at graduation in order to be awarded a Minor in Mandarin Chinese.

Requirements:

- | | |
|---|-----|
| 1. 3.0 credits in CHIN | 3.0 |
| 2. 1.0 credit in CHIN at the 3000-level or higher | 1.0 |
| 3. Subject to approval of the School, a maximum of 2.0 credits may be substituted for the above by taking courses at the 2000-level or higher in another discipline relevant to the language. | |
| 4. The remaining requirements of the major discipline(s) and degree must be satisfied. | |

Total Credits	4.0
----------------------	------------

Placement for Language Students

Note: A placement test is required for students who have previous training and/or experience, but who have not taken a course in this language at Carleton. For details, please consult carleton.ca/slals/modern-languages and follow the placement test instructions before registering.

Students who are found to be registered in an inappropriate level of the course will be deregistered following assessment by their instructor (and/or the Director of the School). It is crucial for students to complete the placement test in a manner that truly demonstrates their language proficiency.

Students should note that they cannot go backward in a sequence of levels in language courses.

Regulations

In addition to the requirements listed here, students must satisfy:

1. the University regulations including the process of Academic Continuation Evaluation (see the Academic Regulations of the University section of this Calendar).

Chinese (CHIN) Courses**Placement for Language Students**

Note: A placement test is required for students who have previous training and/or experience, but who have not taken a course in this language at Carleton. For details, please consult carleton.ca/slals/modern-languages and follow the placement test instructions before registering.

Students who are found to be registered in an inappropriate level of the course will be deregistered following assessment by their instructor (and/or the Director of the School). It is crucial for students to complete the placement test in a manner that truly demonstrates their language proficiency.

Students should note that they cannot go backward in a sequence of levels in language courses.

CHIN 1010 [0.5 credit]**First-Year Mandarin Chinese I**

For students with no knowledge of Mandarin. Oral skills; basic reading and writing skills. Placement test for non-literate speakers of other Chinese languages. Not open to students already literate in any Chinese language.

Compulsory attendance.

Precludes additional credit for CHIN 1110.

Four hours a week.

CHIN 1020 [0.5 credit]**First-Year Mandarin Chinese II**

Continuation of first-year Mandarin Chinese. Oral skills; basic reading and writing skills. Compulsory attendance. Precludes additional credit for CHIN 1110.

Prerequisite(s): grade of C or higher in CHIN 1010, or permission of the School.

Four hours a week.

CHIN 1110 [1.0 credit]**Intensive First-Year Mandarin Chinese**

For students with no knowledge of Mandarin Chinese. Oral skills; basic reading and writing skills. Placement test for non-literate speakers of other Chinese languages. Not open to students already literate in any Chinese language. Compulsory attendance. Precludes additional credit for CHIN 1010 and CHIN 1020.

Eight hours a week (one term).

CHIN 2010 [0.5 credit]**Second-Year Mandarin Chinese I**

Further study of Mandarin Chinese to reach a more advanced level of proficiency in a range of situations. Equal emphasis on oral and written language. Compulsory attendance.

Precludes additional credit for CHIN 2110.

Prerequisite(s): grade of C or higher in CHIN 1020 or CHIN 1110, or permission of the School.

Four hours a week.

CHIN 2020 [0.5 credit]**Second-Year Mandarin Chinese II**

Continuation of second-year Mandarin Chinese. Further study of Mandarin Chinese to reach a more advanced level of proficiency in a range of situations. Equal emphasis on oral and written language. Compulsory attendance.

Precludes additional credit for CHIN 2110.

Prerequisite(s): grade of C or higher in CHIN 2010 or permission of the School.

Four hours a week.

CHIN 2110 [1.0 credit]**Intensive Second-Year Mandarin Chinese**

Further study of Mandarin Chinese to reach a more advanced level of ability in a range of situations. Equal emphasis on oral and written language. Compulsory attendance.

Precludes additional credit for CHIN 2010 and CHIN 2020.

Prerequisite(s): grade of C or higher in CHIN 1020 or CHIN 1110, or permission of the School.

Eight hours a week (one term).

CHIN 3010 [0.5 credit]**Third-Year Mandarin Chinese I**

Continuation of the study of Mandarin Chinese to reach a more advanced level, including ability to handle authentic materials and primary texts required for academic studies. Compulsory attendance.

Precludes additional credit for CHIN 3015.

Prerequisite(s): grade of C or higher in CHIN 2020, or CHIN 2110, or permission of the School.

Three hours a week.

CHIN 3015 [0.5 credit]**Mandarin Chinese for Heritage Speakers**

For students who have attained Mandarin Chinese proficiency in an informal setting, this course builds on existing language skills and develops them in a formal academic setting. The course will formalize grammar awareness and enhance Mandarin Chinese literacy skills. Compulsory attendance.

Precludes additional credit for 1000 and 2000 level CHIN courses, and also for CHIN 3010.

Prerequisite(s): permission of the School.

Three hours a week.

CHIN 3020 [0.5 credit]**Third-Year Mandarin Chinese II**

Continuation of third-year Mandarin Chinese. Progress toward reaching a more advanced level, including ability to handle authentic materials and primary texts required for academic studies. Compulsory attendance.

Prerequisite(s): grade of C or higher in CHIN 3010 or CHIN 3015, or permission of the School.

Three hours a week.

CHIN 4010 [0.5 credit]**Fourth-Year Mandarin Chinese I**

Development of speaking and writing abilities more complex than those used in daily communication. Development of language use for specific purposes and in specific contexts such as the academic, business and technical domains. Compulsory attendance.

Prerequisite(s): grade of C or higher in CHIN 3020, or permission of the School.

Three hours a week.

CHIN 4020 [0.5 credit]**Fourth-Year Mandarin Chinese II**

Continuation of fourth-year Mandarin Chinese. Further development of speaking and writing abilities more complex than those used in daily communication. Development of language use for specific purposes and in specific contexts such as the academic, business and technical domains. Compulsory attendance.

Prerequisite(s): grade of C or higher in CHIN 4010, or permission of the School.

Three hours a week.

CHIN 4210 [0.5 credit]**Functional Contemporary Mandarin Chinese I**

Further study of Mandarin Chinese to reach a more advanced level, aimed at developing speaking and writing abilities more complex than those used in daily communication. Development of language use for specific purposes in contexts such as the academic, business and technical domains.

Prerequisite(s): grade of C or higher in CHIN 4020, or permission of the School.

Three hours a week.

CHIN 4220 [0.5 credit]**Functional Contemporary Mandarin Chinese II**

Continuation of CHIN 4210. Further development of speaking and writing abilities more complex than those used in daily communication. Development of language use for specific purposes in contexts such as the academic, business and technical domains.

Prerequisite(s): grade of C or higher in CHIN 4210 or permission of the School.

Three hours a week.

CHIN 4380 [0.5 credit]**Topics in Chinese Culture and Society**

Selected topics in Chinese culture and society.

Repeatable once for credit when topic varies. Taught in English.

Prerequisite(s): Third-year standing in the Minor in Mandarin Chinese, or permission of the instructor.

Three hours a week.

CHIN 4900 [1.0 credit]**Independent Study**

Research in a topic in Mandarin Chinese language, literature or linguistics under the supervision of a member of the School.

Includes: Experiential Learning Activity

Prerequisite(s): third- or fourth-year standing in the Minor in Mandarin Chinese, grade of C or higher in CHIN 4020 or equivalent, and permission of the School.

CHIN 4901 [0.5 credit]**Independent Study**

Research in a topic in Mandarin Chinese language, literature or linguistics under the supervision of a member of the School.

Includes: Experiential Learning Activity

Prerequisite(s): third- or fourth-year standing in the Minor in Mandarin Chinese, grade of C or higher in CHIN 4020 or equivalent, and permission of the School.

Mathematics and Statistics

This section presents the requirements for programs in:

- **Mathematics B. Math. Honours**
- **Mathematics with Concentration in Stochastics B. Math. Honours**
- **Computational and Applied Mathematics and Statistics with Concentration B.Math. Honours**
- **Concentration in Applied Analysis**
- **Concentration in Applied Statistics and Probability**
- **Concentration in Discrete Mathematics**
- **Statistics B. Math. Honours**

- **Statistics with Concentration in Actuarial Science B. Math. Honours**
- **Mathematics B. Math.**
- **Computer Mathematics B. Math.**
- **Statistics B. Math.**
- **Computer Science and Mathematics: Concentration in Computing Theory and Numerical Methods B. Math. Combined Honours**
- **Computer Science and Mathematics: Concentration in Statistics and Computing B. Math. Combined Honours**
- **Mathematics and Physics B.Sc. Double Honours**
- **Economics and Mathematics B.Math. Combined Honours**
- **Economics and Statistics B.Math. Combined Honours**
- **Mathematics (Combined B.Math./M.Sc.) B.Math.**
- **Statistics (Combined B.Math./M.Sc.) B.Math.**
- **Minor in Mathematics**
- **Minor in Statistics**

Program Requirements

Course Prerequisites

The following courses central to B.Math. programs have grade requirements in their prerequisites:

- MATH 2000 requires C+ in (MATH 1002 (no longer offered) or MATH 2052) , or B+ in (MATH 2007 or MATH 1005), and C+ in (MATH 1102 (no longer offered) or MATH 2152), or B+ in (MATH 1107 or MATH 1104).
- MATH 2100 requires C+ in (MATH 1102 (no longer offered) or MATH 2152), or B+ in MATH 2107.
- MATH 2454 requires C+ in (MATH 1002 (no longer offered) or MATH 2052 or MATH 2007 or MATH 1005), and C+ in (MATH 1102 (no longer offered) or MATH 2152 or MATH 2107).
- STAT 2655 requires C+ in (MATH 1002 (no longer offered) or MATH 2052 or MATH 2007 or MATH 1005), and C+ in (MATH 1102 (no longer offered) or MATH 2152 or MATH 1107 or MATH 1104).
- MATH 2007 requires MATH 1004 or C- in (MATH 1007 or MATH 1009).
- MATH 2107 requires MATH 1104 or C- in MATH 1107

Course Categories for B.Math. Programs

2000-level Honours Sequence

The following courses constitute the 2000-level Honours Sequence:

MATH 2000 [1.0]	Multivariable Calculus and Fundamentals of Analysis
MATH 2100 [1.0]	Algebra
MATH 2454 [0.5]	Ordinary Differential Equations (Honours)
STAT 2559 [0.5]	Basics of Statistical Modeling (Honours)

STAT 2655 [0.5]	Introduction to Probability with Applications (Honours)
MATH 2907 [0.5]	Directed Studies (Honours)

3000-level Honours Sequence

The following courses constitute the 3000-level Honours Sequence. Courses in the 3000-level Honours Sequence have grade levels in their prerequisites

MATH 3001 [0.5]	Real Analysis I (Honours)
MATH 3002 [0.5]	Real Analysis II (Honours)
MATH 3003 [0.5]	Advanced Differential Calculus (Honours)
MATH 3057 [0.5]	Functions of a Complex Variable (Honours)
MATH 3008 [0.5]	Ordinary Differential Equations (Honours)
MATH 3106 [0.5]	Introduction to Group Theory (Honours)
MATH 3158 [0.5]	Rings and Fields (Honours)
MATH 3306 [0.5]	Elements of Set Theory (Honours)
MATH 3355 [0.5]	Number Theory and Applications (Honours)
MATH 3806 [0.5]	Numerical Analysis (Honours)
MATH 3807 [0.5]	Mathematical Software (Honours)
MATH 3855 [0.5]	Discrete Structures and Applications (Honours)
STAT 3506 [0.5]	Stochastic Processes and Applications (Honours)
STAT 3553 [0.5]	Regression Modeling (Honours)
STAT 3558 [0.5]	Elements of Probability Theory (Honours)
STAT 3559 [0.5]	Mathematical Statistics (Honours)

Natural Science Electives

All courses with the following subject codes:

BIOC, BIOL, CHEM, ENSC, EARTH, ISAP, ISCI, PHYS

APPROVED ARTS OR SOCIAL SCIENCES ELECTIVES

All courses offered by the Faculty of Arts and Social Sciences and the Faculty of Public and Global Affairs are acceptable as Arts or Social Sciences Electives except for the following courses, which are only accepted for credit as free electives in any program of the School. See item 3 under Prohibited and Restricted Courses below concerning Computer Mathematics programs.

Business

BUSI 1001 [0.5]	Principles of Financial Accounting
BUSI 1002 [0.5]	Management Accounting
BUSI 1004 [0.5]	Financial Accounting for Business Students
BUSI 1005 [0.5]	Managerial Accounting for Business Students
BUSI 1402 [0.5]	Introduction to Business Information and Communication Technologies
BUSI 2001 [0.5]	Intermediate Accounting I
BUSI 2002 [0.5]	Intermediate Accounting II
BUSI 2402 [0.5]	Business Applications Development
BUSI 3001 [0.5]	Accounting for Business Combinations

BUSI 3008 [0.5]	Intermediate Management Accounting and Control
-----------------	--

Economics

ECON 4005 [0.5]	Operations Research: Stochastic Models
-----------------	--

Geography

GEOG 3102 [0.5]	Geomorphology
GEOG 3103 [0.5]	Watershed Hydrology
GEOG 3105 [0.5]	Climate and Atmospheric Change
GEOG 3108 [0.5]	Soil Properties
GEOG 4000/ENST 4400 [0.5]	Field Studies
GEOG 4005/ENST 4005 [0.5]	Directed Studies in Geography
GEOG 4101 [0.5]	Two Million Years of Environmental Change
GEOG 4103/ENVE 3003 [0.5]	Water Resources Engineering
GEOG 4104 [0.5]	Microclimatology
GEOG 4108 [0.5]	Permafrost

Geomatics

GEOM 2007 [0.5]	Vector GIS: Points, Lines and Polygons
GEOM 3002 [0.5]	Introduction to Remote Sensing
GEOM 3005 [0.5]	Geospatial Analysis
GEOM 3007 [0.5]	Cartographic Theory and Design
GEOM 4003 [0.5]	Remote Sensing of the Environment
GEOM 4008 [0.5]	Advanced Topics in Geographic Information Systems
GEOM 4009 [0.5]	Custom Geomatics Applications

Psychology

PSYC 2700 [0.5]	Introduction to Cognitive Psychology
PSYC 3506 [0.5]	Cognitive Development
PSYC 3700 [1.0]	Cognition (Honours Seminar)
PSYC 3702 [0.5]	Perception
PSYC 4001 [0.5]	Special Topics in Psychology

Prohibited and Restricted Courses

1. MATH 1805/COMP 1805 can be counted only as a half-credit free elective in Mathematics and Statistics programs.
2. The following courses may not be counted for academic credit (even as free electives) in any program offered by the School of Mathematics and Statistics: BIOL 3604, COMS 3001, CRCJ 3001, ECON 1401, ECON 1402, ECON 2201 (no longer offered), ECON 2202 (no longer offered), ECON 2210, ECON 2220 (no longer offered), ECON 2400 (no longer offered), ECON 3001, ECON 3210, ECON 4001, ECON 4002, ECON 4004, ECON 4025 (no longer offered), ECON 4706, ECON 4707, ECON 4713, ECOR 2606, GEOG 2006, GEOG 3003, NEUR 2001, NEUR 2002, NEUR 3001, NEUR 3002, PSCI 2702, PSYC 2001, PSYC 2002, PSYC 3000 [1.0], SOCI 3000, SOCI 3002, SOCI 4009, SOWK 3001, SYSC 2510. Students who have completed ECON 2201 (no longer offered) and ECON 2202 (no longer offered) and enter

- a B.Math. program may be exempted from taking STAT 2507 and STAT 2509 only with permission of the School of Mathematics and Statistics, and provided the grade in ECON 2201 (no longer offered) and ECON 2202 (no longer offered) is B- or higher in each.
- BUSI 1402, BUSI 2402, and COMP 1001 may not count for credit in a B.Math or a Computer Science and Mathematics B.Math Combined Honours program, even as free electives.
 - Only one of MATH 3806, COMP 3806 (no longer offered), COMP 3800 (no longer offered), or MATH 3800 may count for credit in a B.Math. program.

Mathematics

B. Math. Honours (20.0 credits)

A. Credits Included in the Major CGPA (11.5 credits)

1. 2.5 credits in:		2.5
MATH 1052 [0.5]	Calculus and Introductory Analysis I	
MATH 1152 [0.5]	Introductory Algebra I	
MATH 1800 [0.5]	Introduction to Mathematical Reasoning	
MATH 2052 [0.5]	Calculus and Introductory Analysis II	
MATH 2152 [0.5]	Introductory Algebra II	
2. 3.5 credits in:		3.5
MATH 2000 [1.0]	Multivariable Calculus and Fundamentals of Analysis	
MATH 2100 [1.0]	Algebra	
MATH 2454 [0.5]	Ordinary Differential Equations (Honours)	
STAT 2559 [0.5]	Basics of Statistical Modeling (Honours)	
STAT 2655 [0.5]	Introduction to Probability with Applications (Honours)	
3. 2.0 credits in:		2.0
MATH 3001 [0.5]	Real Analysis I (Honours)	
MATH 3057 [0.5]	Functions of a Complex Variable (Honours)	
MATH 3106 [0.5]	Introduction to Group Theory (Honours)	
MATH 3158 [0.5]	Rings and Fields (Honours)	
4. 0.5 credit from:		0.5
MATH 3002 [0.5]	Real Analysis II (Honours)	
MATH 3003 [0.5]	Advanced Differential Calculus (Honours)	
MATH 3008 [0.5]	Ordinary Differential Equations (Honours)	
5. 1.0 credit from	3000-level Honours Sequence	1.0
6. 1.5 credits in	MATH or STAT at the 4000-level or higher	1.5
7. 0.5 credit in:		0.5
MATH 4905 [0.5]	Honours Project (Honours)	
B. Credits Not Included in the Major CGPA (8.5 credits)		
8. 4.0 credits not in	MATH, STAT or COMP, consisting of:	4.0
a.	1.0 credit in Natural Science Electives	
b.	3.0 credits from Natural Science, or Approved Arts and Social Sciences electives	

9. 4.5 credits in	free electives	4.5
Total Credits		20.0

Mathematics with Concentration in Stochastics

B. Math. Honours (20.0 credits)

Items 3, 4, 5 and 6 in the Mathematics degree requirements are replaced by:

3. 3.0 credits in:		3.0
MATH 3001 [0.5]	Real Analysis I (Honours)	
MATH 3008 [0.5]	Ordinary Differential Equations (Honours)	
STAT 3506 [0.5]	Stochastic Processes and Applications (Honours)	
STAT 3558 [0.5]	Elements of Probability Theory (Honours)	
STAT 3559 [0.5]	Mathematical Statistics (Honours)	
STAT 4501 [0.5]	Probability Theory (Honours)	
4. 0.5 credit from:		0.5
STAT 3553 [0.5]	Regression Modeling (Honours)	
MATH 3801 [0.5]	Linear Programming	
5. 0.5 credit in	STAT at the 4000-level	0.5
6. 1.0 credit in	MATH or STAT at the 4000-level or higher	1.0
Total Credits		5.0

Computational and Applied Mathematics and Statistics with Concentration

B.Math. Honours (20.0 credits)

A. Credits included in the Major CGPA (14.5 credits)

1. 7.5 credits in:		7.5
COMP 1405 [0.5]	Introduction to Computer Science I	
COMP 1406 [0.5]	Introduction to Computer Science II	
COMP 2401 [0.5]	Introduction to Systems Programming	
COMP 2402 [0.5]	Abstract Data Types and Algorithms	
MATH 1052 [0.5]	Calculus and Introductory Analysis I	
MATH 1152 [0.5]	Introductory Algebra I	
STAT 1500 [0.5]	Introduction to Statistical Computing	
MATH 1800 [0.5]	Introduction to Mathematical Reasoning	
MATH 2000 [1.0]	Multivariable Calculus and Fundamentals of Analysis	
MATH 2052 [0.5]	Calculus and Introductory Analysis II	
MATH 2152 [0.5]	Introductory Algebra II	
MATH 2454 [0.5]	Ordinary Differential Equations (Honours)	
STAT 2559 [0.5]	Basics of Statistical Modeling (Honours)	
STAT 2655 [0.5]	Introduction to Probability with Applications (Honours)	
2. 6.5 credits in	one of the concentrations described below, also included in the Major CGPA:	6.5
3. 0.5 credit from:		0.5
MATH 4905 [0.5]	Honours Project (Honours)	
STAT 4905 [0.5]	Honours Project (Honours)	

B. Credits Not Included in the Major CGPA (5.5 credits)

4. 1.0 credit in Natural Science electives at the 1000 level or above	1.0
5. 3.0 credits from Natural Science, or Approved Arts and Social Sciences electives	3.0
6. 1.5 credits in free electives	1.5
Total Credits	20.0

Concentration in Applied Analysis (6.5 credits)

Requirements:

2a. 3.0 credits in:	3.0
MATH 2100 [1.0]	Algebra
MATH 3008 [0.5]	Ordinary Differential Equations (Honours)
MATH 3057 [0.5]	Functions of a Complex Variable (Honours)
MATH 3806 [0.5]	Numerical Analysis (Honours)
MATH 3855 [0.5]	Discrete Structures and Applications (Honours)
2b. 1.0 credit from:	1.0
MATH 4700 [0.5]	Partial Differential Equations (Honours)
MATH 4701 [0.5]	Topics in Differential Equations (Honours)
MATH 4703 [0.5]	Dynamical Systems (Honours)
MATH 4708 [0.5]	Asymptotic Methods of Applied Mathematics (Honours)
MATH 4806 [0.5]	Numerical Linear Algebra (Honours)
MATH 4816 [0.5]	Numerical Analysis for Differential Equations (Honours)
2c. 0.5 credit in MATH at the 4000 level	0.5
2d. 2.0 credits in MATH or STAT at the 3000 level or above	2.0
Total Credits	6.5

Concentration in Applied Statistics and Probability (6.5 credits)

Requirements:

2a. 2.5 credits in:	2.5
MATH 3107 [0.5]	Linear Algebra III
STAT 3506 [0.5]	Stochastic Processes and Applications (Honours)
STAT 3553 [0.5]	Regression Modeling (Honours)
STAT 3558 [0.5]	Elements of Probability Theory (Honours)
STAT 3559 [0.5]	Mathematical Statistics (Honours)
2b. 1.5 credits from:	1.5
STAT 4500 [0.5]	Parametric Estimation (Honours)
STAT 4502 [0.5]	Survey Sampling (Honours)
STAT 4503 [0.5]	Applied Multivariate Analysis (Honours)
STAT 4504 [0.5]	Statistical Design and Analysis of Experiments (Honours)
STAT 4506 [0.5]	Nonparametric Statistics (Honours)
STAT 4508 [0.5]	Stochastic Models (Honours)
STAT 4509 [0.5]	Advanced Mathematical Modeling (Honours)
STAT 4555 [0.5]	Monte Carlo Simulation (Honours)
STAT 4601 [0.5]	Data Mining I (Honours)
STAT 4603 [0.5]	Time Series and Forecasting (Honours)

STAT 4604 [0.5]	Statistical Computing (Honours)
2c. 2.5 credits in MATH or STAT at the 3000 level or above	2.5
Total Credits	6.5

Concentration in Discrete Mathematics (6.5 credits)

Requirements:

2a. 3.0 credits in:	3.0
MATH 2100 [1.0]	Algebra
MATH 3801 [0.5]	Linear Programming
MATH 3802 [0.5]	Combinatorial Optimization
MATH 3806 [0.5]	Numerical Analysis (Honours)
MATH 3855 [0.5]	Discrete Structures and Applications (Honours)
2b. 1.0 credit from:	1.0
MATH 4109 [0.5]	Fields and Coding Theory (Honours)
MATH 4801 [0.5]	Topics in Combinatorics (Honours)
MATH 4802 [0.5]	Introduction to Mathematical Logic (Honours)
MATH 4803 [0.5]	Computable Functions (Honours)
MATH 4805 [0.5]	Theory of Automata (Honours)
MATH 4807 [0.5]	Game Theory (Honours)
MATH 4808 [0.5]	Graph Theory and Algorithms (Honours)
MATH 4811 [0.5]	Combinatorial Design Theory (Honours)
2c. 0.5 credit in MATH at the 4000 level	0.5
2d. 2.0 credits in MATH or STAT at the 3000 level or above	2.0
Total Credits	6.5

Statistics

B. Math. Honours (20.0 credits)

A. Credits Included in the Major CGPA (13.0 credits)

1. 3.0 credits in:	3.0
MATH 1052 [0.5]	Calculus and Introductory Analysis I
MATH 1152 [0.5]	Introductory Algebra I
MATH 1800 [0.5]	Introduction to Mathematical Reasoning
MATH 2052 [0.5]	Calculus and Introductory Analysis II
MATH 2152 [0.5]	Introductory Algebra II
STAT 1500 [0.5]	Introduction to Statistical Computing
2. 1.0 credit in:	1.0
COMP 1005 [0.5]	Introduction to Computer Science I
COMP 1006 [0.5]	Introduction to Computer Science II
3. 6.0 credits in:	6.0
MATH 2000 [1.0]	Multivariable Calculus and Fundamentals of Analysis
MATH 2454 [0.5]	Ordinary Differential Equations (Honours)
MATH 3806 [0.5]	Numerical Analysis (Honours)
STAT 4905 [0.5]	Honours Project (Honours)
STAT 2559 [0.5]	Basics of Statistical Modeling (Honours)
STAT 2655 [0.5]	Introduction to Probability with Applications (Honours)

STAT 3506 [0.5]	Stochastic Processes and Applications (Honours)	
STAT 3553 [0.5]	Regression Modeling (Honours)	
STAT 3558 [0.5]	Elements of Probability Theory (Honours)	
STAT 3559 [0.5]	Mathematical Statistics (Honours)	
STAT 4500 [0.5]	Parametric Estimation (Honours)	
4. 1.0 credit from:		1.0
MATH 2100 [1.0]	Algebra	
or		
MATH 3107 [0.5]	Linear Algebra III	
and 0.5 credit from:		
3000-level Honours Sequence, or:		
MATH 3705 [0.5]	Mathematical Methods I	
MATH 3801 [0.5]	Linear Programming	
MATH 3807 [0.5]	Mathematical Software (Honours)	
MATH 3809 [0.5]	Introduction to Number Theory and Cryptography	
or Mathematics or Statistics at the 4000-level or higher		
5. 0.5 credit from the 3000-level Honours Sequence or MATH or STAT at the 4000-level or higher		0.5
6. 1.5 credits in STAT at the 4000-level		1.5
B. Credits Not Included in the Major CGPA (7.0 credits)		
7. 4.0 credits not in MATH, STAT or COMP, consisting of:		4.0
a. 1.0 credit in Natural Science Electives		
b. 3.0 credits from Natural Science, or Approved Arts and Social Sciences electives		
8. 3.0 credits in free electives		3.0
Total Credits		20.0

Statistics with Concentration in Actuarial Science

B. Math. Honours (20.0 credits)

A. Credits Included in the Major CGPA (14.0 credits)

1. 3.0 credits in:		3.0
MATH 1052 [0.5]	Calculus and Introductory Analysis I	
MATH 1152 [0.5]	Introductory Algebra I	
MATH 1800 [0.5]	Introduction to Mathematical Reasoning	
MATH 2052 [0.5]	Calculus and Introductory Analysis II	
MATH 2152 [0.5]	Introductory Algebra II	
STAT 1500 [0.5]	Introduction to Statistical Computing	
2. 0.5 credit in:		0.5
COMP 1005 [0.5]	Introduction to Computer Science I	
3. 6.5 credits in:		6.5
MATH 2000 [1.0]	Multivariable Calculus and Fundamentals of Analysis	
MATH 2454 [0.5]	Ordinary Differential Equations (Honours)	
MATH 3806 [0.5]	Numerical Analysis (Honours)	
STAT 2559 [0.5]	Basics of Statistical Modeling (Honours)	
STAT 2655 [0.5]	Introduction to Probability with Applications (Honours)	
STAT 2660 [0.5]	Mathematics for Finance (Honours)

ECON 2020 [0.5]	Intermediate Microeconomics I: Producers and Market Structure	
ECON 2102 [0.5]	Intermediate Macroeconomics I	
8. 2.0 credits in:		2.0
BUSI 2501 [0.5]	Business Finance	
BUSI 2505 [0.5]	Business Finance II	
BUSI 3500 [0.5]	Applied Corporate Finance	
BUSI 3512 [0.5]	Derivatives	
or		
ECON 3020 [0.5]	Intermediate Microeconomics II: Consumers and General Equilibrium	
ECON 3050 [0.5]	Introduction to Financial Economics	
ECON 4051 [0.5]	Financial Asset Pricing	
ECON 4052 [0.5]	Corporate Financial Economics	
9. 1.0 credit in Natural Science electives		1.0
Total Credits		20.0

Mathematics

B. Math. (15.0 credits)

A. Credits Included in the Major CGPA (7.5 credits)

1. 0.5 credit in:		0.5
MATH 1800 [0.5]	Introduction to Mathematical Reasoning	

2. 1.0 credit in:	1.0
MATH 1007 [0.5] Elementary Calculus I	
or MATH 1004 [0.6] Calculus for Engineering or Physics	
or MATH 1052 [0.6] Calculus and Introductory Analysis I	
and	
MATH 2007 [0.5] Elementary Calculus II	
or MATH 1005 [0.6] Differential Equations and Infinite Series for Engineering or Physics	
or MATH 2052 [0.6] Calculus and Introductory Analysis II	
3. 1.0 credit in:	1.0
MATH 1107 [0.5] Linear Algebra I	
or MATH 1104 [0.5] Linear Algebra for Engineering or Science	
or MATH 1152 [0.5] Introductory Algebra I	
and	
MATH 2107 [0.5] Linear Algebra II	
or MATH 2152 [0.5] Introductory Algebra II	
4. 2.0 credits in:	2.0
MATH 2008 [0.5] Intermediate Calculus	
MATH 2108 [0.5] Abstract Algebra I	
MATH 2404 [0.5] Ordinary Differential Equations I	
STAT 2507 [0.5] Introduction to Statistical Modeling I	
5. 3.0 credits from:	3.0
STAT 2509 [0.5] Introduction to Statistical Modeling II	
MATH or STAT at the 3000-level or higher	
Excluding:	
MATH 3101 [0.5] Algebraic Structures with Computer Applications	
STAT 3502 [0.5] Probability and Statistics	
B. Credits Not Included in the Major CGPA (7.5 credits)	
6. 4.0 credits not in MATH, STAT or COMP, consisting of:	4.0
a. 1.0 credit in Natural Science Electives	
b. 3.0 credits from Natural Science, or Approved Arts and Social Sciences electives	
7. 3.5 credits in free electives.	3.5
Total Credits	15.0

Computer Mathematics

B. Math. (15.0 credits)

A. Credits Included in the Major CGPA (10.5 credits)

1. 0.5 credit in:	0.5
MATH 1800 [0.5] Introduction to Mathematical Reasoning	
2. 1.0 credit in:	1.0
MATH 1007 [0.5] Elementary Calculus I	
or MATH 1004 [0.6] Calculus for Engineering or Physics	
or MATH 1052 [0.6] Calculus and Introductory Analysis I	
and	
MATH 2007 [0.5] Elementary Calculus II	
or MATH 1005 [0.6] Differential Equations and Infinite Series for Engineering or Physics	
or MATH 2052 [0.6] Calculus and Introductory Analysis II	
3. 1.0 credit in:	1.0
MATH 1107 [0.5] Linear Algebra I	
or MATH 1104 [0.5] Linear Algebra for Engineering or Science	
or MATH 1152 [0.5] Introductory Algebra I	
and	
MATH 2107 [0.5] Linear Algebra II	

or MATH 2152 [0.5] Introductory Algebra II	
4. 2.5 credits in:	2.5
COMP 1005 [0.5] Introduction to Computer Science I	
COMP 1006 [0.5] Introduction to Computer Science II	
COMP 2401 [0.5] Introduction to Systems Programming	
COMP 2402 [0.5] Abstract Data Types and Algorithms	
COMP 2404 [0.5] Introduction to Software Engineering	
5. 2.5 credits in:	2.5
MATH 2008 [0.5] Intermediate Calculus	
MATH 3804 [0.5] Design and Analysis of Algorithms I	
MATH 3825 [0.5] Discrete Structures and Applications	
STAT 2507 [0.5] Introduction to Statistical Modeling I	
STAT 2605 [0.5] Probability Models	
6. 0.5 credit from:	0.5
MATH 2108 [0.5] Abstract Algebra I	
MATH 3101 [0.5] Algebraic Structures with Computer Applications	
7. 1.0 credit from:	1.0
MATH 3801 [0.5] Linear Programming	
MATH 3802 [0.5] Combinatorial Optimization	
MATH 3800 [0.5] Mathematical Modeling and Computational Methods	
MATH 3807 [0.5] Mathematical Software (Honours)	
MATH 3809 [0.5] Introduction to Number Theory and Cryptography	
8. 1.0 credit in MATH or STAT at the 3000 level	1.0
9. 0.5 credit in MATH or STAT at the 2000 level or higher	0.5
B. Credits Not Included in the Major CGPA (4.5 credits)	
10. 4.0 credits not in MATH, STAT or COMP, consisting of:	4.0
a. 1.0 credit in Natural Science Electives	
b. 3.0 credits from Natural Science, or Approved Arts and Social Sciences electives	
11. 0.5 credit in free electives.	0.5
Total Credits	15.0

Statistics

B. Math. (15.0 credits)

A. Credits Included in the Major CGPA (8.0 credits)

1. 1.0 credit in:	1.0

MATH 4807 [0.5] Game Theory (Honours)	
MATH 4808 [0.5] Graph Theory and Algorithms (Honours)	
MATH 4811 [0.5] Combinatorial Design Theory (Honours)	
MATH 4816 [0.5] Numerical Analysis for Differential Equations (Honours)	
MATH 4821 [0.5] Quantum Computing (Honours)	
MATH 4822 [0.5] Wavelets and Digital Signal Processing (Honours)	
7. 0.5 credit in COMP at the 3000 level or above.	0.5
B. Credits Not Included in the Major CGPA (4.0 credits)	
8. 4.0 credits not in MATH, STAT, or COMP consisting of:	4.0
a. 1.0 credit in Natural Science electives	
b. 3.0 credits from Natural Science, or Approved Arts and Social Sciences electives	
Total Credits	20.0

Note:

The following courses offered by the School of Business and the Faculty of Engineering are treated as Computer Science courses in this program:

Business

BUSI 4400 [0.5] IS Management and Strategy

Engineering

SYSC 3303 [0.5] Real-Time Concurrent Systems

SYSC 4005 [0.5] Discrete Simulation/Modeling

SYSC 4507 [0.5] Computer Systems Architecture

**Computer Science and Mathematics:
Concentration in Statistics and Computing
B. Math. Combined Honours (20.0 credits)**

A. Credits Included in the Major CGPA (16.5 credits)**1. 5.0 credits in:** 5.0

MATH 1052 [0.5] Calculus and Introductory Analysis I

MATH 1152 [0.5] Introductory Algebra I

MATH 1800 [0.5] Introduction to Mathematical Reasoning

MATH 2000 [1.0] Multivariable Calculus and Fundamentals of Analysis

MATH 2052 [0.5] Calculus and Introductory Analysis II

MATH 2100 [1.0] Algebra

MATH 2152 [0.5] Introductory Algebra II

STAT 1500 [0.5] Introduction to Statistical Computing

2. 6.0 credits in: 6.0

COMP 1405 [0.5] Introduction to Computer Science I

COMP 1406 [0.5] Introduction to Computer Science II

COMP 2401 [0.5] Introduction to Systems Programming

COMP 2402 [0.5] Abstract Data Types and Algorithms

COMP 1006 [0.5]	Introduction to Computer Science II	
8. 1.0 credit in	Natural Science Electives	1.0
9. 2.5 credits in	free electives	2.5
Total Credits		20.0

Notes:

1. An Honours Essay (ECON 4908 [1.0]) may be written by students with Overall and Major CGPAS of 9.50 or higher. In cases where a grade of B- or higher

is earned on this essay, it may count for 1.0 credit in ECON at the 4000-level. Qualified students who choose to pursue the Honours Essay option must first complete an Honours Essay prospectus to the satisfaction of both their adviser and the Department of Economics Undergraduate Supervisor.

- The following courses do not count for credit in this program: ECON 1401, ECON 1402, ECON 2201 (no longer offered), ECON 2202 (no longer offered), ECON 2210, ECON 2220 (no longer offered), ECON 2400 (no longer offered), ECON 3001, ECON 3210, ECON 4001, ECON 4002, ECON 4004, ECON 4025 (no longer offered), ECON 4706, ECON 4707, and ECON 4713.

Economics and Statistics

5. 2.0 credits in ECON at the 4000 level 2.0

B. Credits Not Included in the Major CGPA (4.0 credits)

6. 1.0 credit in: 1.0

COMP 1005 [0.5] Introduction to Computer Science I

COMP 1006 [0.5] Introduction to Computer Science II

7. 1.0 credit in Natural Science Electives 1.0

8. 2.0 credits in free electives 2.0

Total Credits 20.0

Notes:

- An Honours Essay ECON 4908 [1.0] may be written by students with Overall and Major CGPAs of 9.50 or higher. In cases where a grade of B- or higher is earned on this essay, it may count for 1.0 credit in ECON at the 4000-level. Qualified students who choose to pursue the Honours Essay option must first complete an Honours Essay prospectus to the satisfaction of both their adviser and the Department of Economics Undergraduate Supervisor.
- MATH 2100 [1.0] may replace MATH 3107 and 0.5 credit in free electives in this program.

Program Requirements for Combined B.Math./M.Sc.

This "fast-track" program combines the requirements for Bachelor of Mathematics in Mathematics or Statistics, and Master of Science in Mathematics, into a sequence that will enable exceptional students to complete in four years of study.

Entry to this program directly from an Ontario High School requires both of the following:

- an average of 90 per cent or better on Grade 12 Mathematics: Advanced Functions and Grade 12 Mathematics: Calculus and Vectors;
- an average of 85 per cent or better over six credits in Grade 12 courses of University or University/College type.

Admission, continuation and graduation from the undergraduate portion of the program requires a Major CGPA of 11.0 or better and Overall CGPA of 10.00 or better.

Before entry into the fourth year of this program, students must: obtain a recommendation from the School of Mathematics and Statistics to continue, apply to graduate with a B.Math. degree, by the end of January of their third year, and submit an application for graduate studies to the School by mid-February.

Undergraduate Portion

Students may apply for admission to either the Mathematics or the Statistics versions of the program.

Mathematics (Combined B.Math./M.Sc.) B.Math. (15.0 credits)

A. Credits Included in the Major CGPA (10.0 credits)

1. 7.5 credits in: 7.5

MATH 1052 [0.5]	Calculus and Introductory Analysis I	
MATH 1152 [0.5]	Introductory Algebra I	
MATH 1800 [0.5]	Introduction to Mathematical Reasoning	
MATH 2000 [1.0]	Multivariable Calculus and Fundamentals of Analysis	
MATH 2052 [0.5]	Calculus and Introductory Analysis II	
MATH 2100 [1.0]	Algebra	
MATH 2152 [0.5]	Introductory Algebra II	
MATH 2454 [0.5]	Ordinary Differential Equations (Honours)	
MATH 3001 [0.5]	Real Analysis I (Honours)	
MATH 3057 [0.5]	Functions of a Complex Variable (Honours)	
MATH 3106 [0.5]	Introduction to Group Theory (Honours)	
MATH 3158 [0.5]	Rings and Fields (Honours)	
STAT 2655 [0.5]	Introduction to Probability with Applications (Honours)	
2. 0.5 credit from:		0.5
MATH 3002 [0.5]	Real Analysis II (Honours)	
MATH 3003 [0.5]	Advanced Differential Calculus (Honours)	
MATH 3008 [0.5]	Ordinary Differential Equations (Honours)	
3. 0.5 credit from 3000-level Honours Sequence or MATH or STAT at the 4000-level or higher		0.5
4. 1.5 credits at the 4000-level or higher in MATH or STAT		1.5
B. Credits Not Included in the Major CGPA (5.0 credits)		
5. 4.0 credits not in MATH, STAT or COMP, consisting of:		4.0
a. 1.0 credit in Natural Science Electives		
b. 3.0 credits from Natural Science, or Approved Arts and Social Sciences electives		
6. 1.0 credit in free electives		1.0
Total Credits		15.0

Students wishing to specialize in Stochastics may, with the permission of the School, replace **Credits Included in the Major CGPA** of the Mathematics version with:

1. 6.0 credits in:		6.0
MATH 1052 [0.5]	Calculus and Introductory Analysis I	
MATH 1152 [0.5]	Introductory Algebra I	
MATH 1800 [0.5]	Introduction to Mathematical Reasoning	
MATH 2000 [1.0]	Multivariable Calculus and Fundamentals of Analysis	
MATH 2052 [0.5]	Calculus and Introductory Analysis II	
MATH 2100 [1.0]	Algebra	
MATH 2152 [0.5]	Introductory Algebra II	
MATH 2454 [0.5]	Ordinary Differential Equations (Honours)	
STAT 2559 [0.5]	Basics of Statistical Modeling (Honours)	
STAT 2655 [0.5]	Introduction to Probability with Applications (Honours)	

2. 2.0 credits in:		2.0
MATH 3001 [0.5]	Real Analysis I (Honours)	
STAT 3506 [0.5]	Stochastic Processes and Applications (Honours)	
STAT 3558 [0.5]	Elements of Probability Theory (Honours)	
STAT 3559 [0.5]	Mathematical Statistics (Honours)	
3. 0.5 credit from:		0.5
MATH 3002 [0.5]	Real Analysis II (Honours)	
MATH 3003 [0.5]	Advanced Differential Calculus (Honours)	
MATH 3057 [0.5]	Functions of a Complex Variable (Honours)	
MATH 3008 [0.5]	Ordinary Differential Equations (Honours)	
4. 1.5 credits at the 4000-level or higher in MATH or STAT		1.5
Total Credits		10.0

Statistics (Combined B.Math./M.Sc.) B.Math. (15.0 credits)

A. Credits Included in the Major CGPA (10.0 credits)		
1. 8.5 credits in:		8.5
MATH 1052 [0.5]	Calculus and Introductory Analysis I	
MATH 1152 [0.5]	Introductory Algebra I	
MATH 1800 [0.5]	Introduction to Mathematical Reasoning	
MATH 2000 [1.0]	Multivariable Calculus and Fundamentals of Analysis	
MATH 2052 [0.5]	Calculus and Introductory Analysis II	
MATH 2100 [1.0]	Algebra	
MATH 2152 [0.5]	Introductory Algebra II	
MATH 2454 [0.5]	Ordinary Differential Equations (Honours)	
STAT 1500 [0.5]	Introduction to Statistical Computing	
STAT 2559 [0.5]	Basics of Statistical Modeling (Honours)	
STAT 2655 [0.5]	Introduction to Probability with Applications (Honours)	
STAT 3506 [0.5]	Stochastic Processes and Applications (Honours)	
STAT 3553 [0.5]	Regression Modeling (Honours)	
STAT 3558 [0.5]	Elements of Probability Theory (Honours)	
STAT 3559 [0.5]	Mathematical Statistics (Honours)	
2. 1.5 credits in MATH or STAT at the 4000 level or above		1.5
B. Credits Not Included in the Major CGPA (5.0 credits)		
3. 4.0 credits not in MATH, STAT, or COMP consisting of:		4.0
a. 1.0 credit in Natural Science Electives		
b. 3.0 credits from Natural Science, or Approved Arts and Social Sciences electives		
4. 1.0 credit in free electives		1.0
Total Credits		15.0

Graduate Portion - M.Sc.

During the graduate portion of the "fast-track" program, the student is registered as a graduate student and is covered by the regulations of the Faculty of Graduate Studies.

5. 1.5 credits at the 5000-level or higher in MATH or STAT	1.5
6. 1.0 credit at the 5000-level or higher in mathematics or statistics or from another department or school	1.0
7. Either:	2.0
MATH 4905 or STAT 4905 and 1.5 credits in MATH or STAT at the 5000-level or higher	
or	
an M.Sc. thesis in Mathematics	
Total Credits	4.5

Minor in Mathematics (4.0 credits)

This minor is open to students in all undergraduate programs except programs of the School of Mathematics and Statistics.

Students are required to present a Minor CGPA of 4.00 or higher at graduation in order to be awarded a Minor in Mathematics.

Requirements

1. 1.0 credit from:	1.0
MATH 1007 [0.5] Elementary Calculus I & MATH 2007 [0.5] Elementary Calculus II	
or	
MATH 1004 [0.5] Calculus for Engineering or Physics & MATH 1005 [0.5] Differential Equations and Infinite Series for Engineering or Physics	
or	
MATH 1052 [0.5] Calculus and Introductory Analysis I & MATH 2052 [0.5] Calculus and Introductory Analysis II	
2. 1.0 credit from:	1.0
MATH 1107 [0.5] Linear Algebra I or MATH 1104 [0.5] Linear Algebra for Engineering or Science	
MATH 2107 [0.5] Linear Algebra II	
or	
MATH 1152 [0.5] Introductory Algebra I & MATH 2152 [0.5] Introductory Algebra II	
3. 0.5 credit from:	0.5
MATH 1800 [0.5] Introduction to Mathematical Reasoning	
or	
0.5 credit in MATH at 2000-level	
4. 1.0 credit in MATH at the 2000-level or higher	1.0
5. 0.5 credit in MATH at the 3000-level or higher	0.5
6. The remaining requirements of the major discipline(s) and degree must be satisfied.	
Total Credits	4.0

Note: As a prerequisite, MATH 1800 opens more options at the 2000-level and above. It is recommended that students taking MATH 1800 do so as early as possible.

Minor in Statistics (4.0 credits)

This minor is open to students in all undergraduate programs except programs of the School of Mathematics and Statistics.

Students are required to present a Minor CGPA of 4.00 or higher at graduation in order to be awarded a Minor in Statistics.

Requirements:

1. 0.5 credit from:	0.5
MATH 1004 [0.5] Calculus for Engineering or Physics	
MATH 1007 [0.5] Elementary Calculus I	
MATH 1009 [0.5] Mathematics for Business	
MATH 1052 [0.5] Calculus and Introductory Analysis I	
2. 0.5 credit from:	0.5
MATH 1104 [0.5] Linear Algebra for Engineering or Science	
MATH 1107 [0.5] Linear Algebra I	
MATH 1119 [0.5] Linear Algebra: with Applications to Business	
MATH 1152 [0.5] Introductory Algebra I	
3. 1.0 credit from:	1.0
STAT 2507 [0.5] Introduction to Statistical Modeling I & STAT 2509 [0.5] Introduction to Statistical Modeling II	
or	
STAT 3502 [0.5] Probability and Statistics & STAT 2509 [0.5] Introduction to Statistical Modeling II	
or	
STAT 2601 [0.5] Business Statistics & STAT 2602 [0.5] Statistical Models for Business Analytics and Finance	
or	
STAT 2601 [0.5] Business Statistics & STAT 2509 [0.5] Introduction to Statistical Modeling II	
or	
ECON 2210 [0.5] Introductory Statistics for Economics & ECON 3210 [0.5] Introductory Econometrics	
4. 1.5 credits in:	1.5
STAT 3503 [0.5] Regression Analysis	
STAT 3504 [0.5] Analysis of Variance and Experimental Design	
STAT 3507 [0.5] Sampling Methodology	
5. 0.5 credit from:	0.5
BUSI 1402 [0.5] Introduction to Business Information and Communication Technologies (Business students only)	
ECOR 1606 [0.5] Problem Solving and Computers (Engineering students only)	
STAT 1500 [0.5] Introduction to Statistical Computing	
6. The remaining requirements of the major discipline(s) and degree must be satisfied.	
Total Credits	4.0

Regulations

In addition to the program requirements described here, students must satisfy the University regulations common to all undergraduate students, including the process of Academic Continuation Evaluation (see the *Academic Regulations of the University* section of this Calendar).

Students should consult with the School of Mathematics and Statistics when planning their program and selecting courses.

B.Sc. Regulations

The regulations presented in this section apply to all Bachelor of Science programs. In addition to the requirements presented here, students must satisfy the University regulations common to all undergraduate students including the process of Academic Continuation Evaluation (see the *Academic Regulations of the University* section of this Calendar).

Breadth Requirement for the B.Sc.

Students in a Bachelor of Science program must present the following credits at graduation:

- 2.0 credits in Science Continuation courses not in the major discipline; **students completing a double major are considered to have completed this requirement providing they have 2.0 credits in Science Continuation courses in each of the two majors;**
- 2.0 credits in courses outside of the faculties of Science and Engineering and Design (may include ISAP 1000)

In most cases, the requirements for individual B.Sc. programs, as stated in this Calendar, contain these requirements, explicitly or implicitly.

Students admitted to B.Sc. programs by transfer from another institution must present at graduation (whether taken at Carleton or elsewhere):

- 2.0 credits in courses outside of the faculties of Science and Engineering and Design (may include ISAP 1000) if the student received fewer than 10.0 transfer credits; or,
- 1.0 credit in courses outside of the faculties of Science and Engineering and Design (may include ISAP 1000) if the student received 10.0 or more transfer credits.

Declared and Undeclared Students

Degree students are considered "Undeclared" if they have been admitted to a degree, but have not yet selected and been accepted into a program within that degree. The status "Undeclared" is available only in the B.A. and B.Sc. degrees. Undeclared students must apply to enter a program upon or before completing 3.5 credits.

Change of Program within the B.Sc. Degree

To transfer to a program within the B.Sc. degree, applicants must normally be *Eligible to Continue* (EC) in the new program, by meeting the CGPA thresholds described in Section 3.1.9 of the *Academic Regulations of the University*.

Applications to declare or change programs within the B.Sc. degree must be made online through Carleton Central by completing a Change of Program Elements (COPE) application form within the published deadlines. Acceptance into a program, or into a program element or option, is subject to any enrolment limitations, and/or specific program, program element or option requirements as published in the relevant Calendar entry.

Minors, Concentrations, and Specializations

Students may add a Minor, Concentration, or Specialization by completing a Change of Program Elements (COPE) application form online through Carleton Central. Acceptance into a Minor, Concentration, or Specialization normally requires that the student be *Eligible to Continue* (EC) and is meeting the minimum CGPAs described in Section 3.1.9 of the *Academic Regulations of the University*, as well as being subject to any specific requirements of the intended Minor, Concentration, or Specialization as published in the relevant Calendar entry.

Experimental Science Requirement

Students in a B.Sc. degree program must present at graduation at least two full credits of Experimental Science chosen from two different departments or institutes from the list below:

Approved Experimental Science Courses

Biochemistry	
BIOC 2200 [0.5]	Cellular Biochemistry
BIOC 4001 [0.5]	Methods in Biochemistry
BIOC 4201 [0.5]	Advanced Cell Culture and Tissue Engineering
Biology	
BIOL 1103 [0.5]	Foundations of Biology I
BIOL 1104 [0.5]	Foundations of Biology II
BIOL 2001 [0.5]	Animals: Form and Function
BIOL 2002 [0.5]	Plants: Form and Function
BIOL 2104 [0.5]	Introductory Genetics
BIOL 2200 [0.5]	Cellular Biochemistry
BIOL 2600 [0.5]	Ecology
Chemistry	
CHEM 1001 [0.5]	General Chemistry I
CHEM 1002 [0.5]	General Chemistry II
CHEM 2103 [0.5]	Physical Chemistry I
CHEM 2203 [0.5]	Organic Chemistry I
CHEM 2204 [0.5]	Organic Chemistry II
CHEM 2302 [0.5]	Analytical Chemistry I
CHEM 2303 [0.5]	Analytical Chemistry II
CHEM 2800 [0.5]	Foundations for Environmental Chemistry
Earth Sciences	
ERTH 1002 [0.5]	The Earth and Life Odyssey: A Journey Through Billions of Years
ERTH 2102 [0.5]	Mineralogy to Petrology
ERTH 2404 [0.5]	Engineering Geoscience
ERTH 2802 [0.5]	Field Geology I
ERTH 3111 [0.5]	Vertebrate Evolution: Mammals, Reptiles, and Birds

ERTH 3112 [0.5]	Vertebrate Evolution: Fish and Amphibians
ERTH 3204 [0.5]	Mineral Deposits
ERTH 3205 [0.5]	Physical Hydrogeology
Food Sciences	
FOOD 3001 [0.5]	Food Chemistry
FOOD 3002 [0.5]	Food Analysis
FOOD 3005 [0.5]	Food Microbiology
Geography	
GEOG 1010 [0.5]	Global Environmental Systems
GEOG 3108 [0.5]	Soil Properties
Neuroscience	
NEUR 3206 [0.5]	Sensory and Motor Neuroscience
NEUR 3207 [0.5]	Systems Neuroscience
NEUR 4600 [0.5]	Advanced Lab in Neuroanatomy
Physics	
PHYS 1001 [0.5]	Foundations of Physics I
PHYS 1002 [0.5]	Foundations of Physics II
PHYS 1003 [0.5]	Introductory Mechanics and Thermodynamics
PHYS 1004 [0.5]	Introductory Electromagnetism and Wave Motion
PHYS 1007 [0.5]	Elementary University Physics I
PHYS 1008 [0.5]	Elementary University Physics II
PHYS 2202 [0.5]	Wave Motion and Optics
PHYS 2604 [0.5]	Modern Physics I
PHYS 3007 [0.5]	Third Year Physics Laboratory: Selected Experiments and Seminars
PHYS 3606 [0.5]	Modern Physics II
PHYS 3608 [0.5]	Modern Applied Physics

Course Categories for B.Sc. Programs

Science Geography Courses

GEOG 1010 [0.5]	Global Environmental Systems
GEOG 2006 [0.5]	Introduction to Quantitative Research
GEOG 2013 [0.5]	Weather and Water
GEOG 2014 [0.5]	The Earth's Surface
GEOG 3003 [0.5]	Quantitative Geography
GEOG 3010 [0.5]	Field Methods in Physical Geography
GEOG 3102 [0.5]	Geomorphology
GEOG 3103 [0.5]	Watershed Hydrology
GEOG 3104 [0.5]	Principles of Biogeography
GEOG 3105 [0.5]	Climate and Atmospheric Change
GEOG 3106 [0.5]	Aquatic Science and Management
GEOG 3108 [0.5]	Soil Properties
GEOG 4000 [0.5]	Field Studies
GEOG 4005 [0.5]	Directed Studies in Geography
GEOG 4013 [0.5]	Cold Region Hydrology
GEOG 4017 [0.5]	Global Biogeochemical Cycles
GEOG 4101 [0.5]	Two Million Years of Environmental Change
GEOG 4103 [0.5]	Water Resources Engineering
GEOG 4104 [0.5]	Microclimatology
GEOG 4108 [0.5]	Permafrost

Science Psychology Courses

PSYC 2001 [0.5]	Introduction to Research Methods in Psychology
PSYC 2002 [0.5]	Introduction to Statistics in Psychology
PSYC 2700 [0.5]	Introduction to Cognitive Psychology
PSYC 3000 [1.0]	Design and Analysis in Psychological Research
PSYC 3506 [0.5]	Cognitive Development
PSYC 3700 [1.0]	Cognition (Honours Seminar)
PSYC 3702 [0.5]	Perception
PSYC 2307 [0.5]	Human Neuropsychology I
PSYC 3307 [0.5]	Human Neuropsychology II

Science Continuation Courses

A course at the 2000 level or above may be used as a Science Continuation credit in a B.Sc. program if it is not in the student's major discipline, and is chosen from the following:

BIOC (Biochemistry)
BIOL (Biology) Biochemistry students may use BIOL 2005 only as a free elective.
CHEM (Chemistry)
COMP (Computer Science) A maximum of two half-credits at the 1000-level in COMP, excluding COMP 1001 may be used as Science Continuation credits.
ERTH (Earth Sciences), except ERTH 2415 which may be used only as a free elective for any B.Sc. program. Students in Earth Sciences programs may use ERTH 2401, ERTH 2402, and ERTH 2403 only as free electives.
Engineering. Students wishing to register in Engineering courses must obtain the permission of the Faculty of Engineering and Design.
ENSC (Environmental Science)
FOOD (Food Science and Nutrition)
GEOM (Geomatics)
HLTH (Health Sciences)
ISAP (Interdisciplinary Science Practice)
MATH (Mathematics)
NEUR (Neuroscience)
PHYS (Physics), except PHYS 2903
Science Geography Courses (see list above)
Science Psychology Courses (see list above)
STAT (Statistics)
TSES (Technology, Society, Environment) except TSES 2305. Biology students may use these courses only as free electives. Integrated Science and Environmental Science students may include these courses in their programs but may not count them as part of the Science Sequence.

Science Faculty Electives

Science Faculty Electives are courses at the 1000-4000 level chosen from:

BIOC (Biochemistry)
BIOL (Biology) Biology & Biochemistry students may use BIOL 1010 and BIOL 2005 only as free electives
CHEM (Chemistry) except CHEM 1003, CHEM 1004 and CHEM 1007

COMP (Computer Science) except COMP 1001
 EARTH (Earth Sciences) except EARTH 1004 and
 EARTH 2415. Earth Sciences students may use
 EARTH 2401, EARTH 2402 and EARTH 2403 only as free
 electives.

Engineering

ENSC 2001

FOOD (Food Science and Nutrition)

GEOM (Geomatics)

HLTH (Health Science)

ISAP (Interdisciplinary Science Practice)

MATH (Mathematics)

NEUR (Neuroscience)

PHYS (Physics) except PHYS 1901, PHYS 1902,
 PHYS 1905, PHYS 2903

Science Geography (see list above)

Science Psychology (see list above)

STAT (Statistics)

TSES (Technology, Society, Environment) Biology
 students may use these courses only as free electives.

Advanced Science Faculty Electives

Advanced Science Faculty Electives are courses at
 the 2000-4000 level chosen from the Science Faculty
 Electives list above.

Approved Courses Outside the Faculties of Science and Engineering and Design (may include ISAP 1000)

All courses offered by the Faculty of Arts and Social
 Sciences, the Faculty of Public and Global Affairs,
 and the Sprott School of Business are approved
 as Arts or Social Sciences courses EXCEPT FOR:
 All Science Geography courses (see list above), all
 Geomatics (GEOM) courses, all Science Psychology
 courses (see list above). ISAP 1000 may be used as an
 Approved Course Outside the Faculties of Science and
 Engineering and Design.

Free Electives

Any course is allowable as a Free Elective providing it
 is not prohibited (see below). Students are expected to
 comply with prerequisite requirements and enrolment
 restrictions for all courses as published in this Calendar.

Courses Allowable Only as Free Electives in any B.Sc. Program

BIOL 4810 [0.5]	Education Research in Undergraduate Science
CHEM 1003 [0.5]	The Chemistry of Food, Health and Drugs
CHEM 1004 [0.5]	Drugs and the Human Body
CHEM 1007 [0.5]	Chemistry of Art and Artifacts
ERTH 1004 [0.5]	Earth's Epic Tale: A Story Across Billions of Years
ERTH 2415 [0.5]	Natural Disasters
ISCI 1001 [0.5]	Introduction to the Environment
ISCI 2000 [0.5]	Natural Laws
ISCI 2002 [0.5]	Human Impacts on the Environment
PHYS 1901 [0.5]	Planetary Astronomy
PHYS 1902 [0.5]	From our Star to the Cosmos
PHYS 1905 [0.5]	Physics Behind Everyday Life
PHYS 2903 [0.5]	Physics Towards the Future

Prohibited Courses

The following courses are not acceptable for credit in any
 B.Sc. program:

COMP 1001 [0.5]	Introduction to Computational Thinking for Arts and Social Science Students
MATH 1009 [0.5]	Mathematics for Business
MATH 1119 [0.5]	Linear Algebra: with Applications to Business
MATH 1401 [0.5]	Elementary Mathematics for Economics I
MATH 1402 [0.5]	Elementary Mathematics for Economics II
all 0000-level courses	

Co-operative Education

For more information about how to apply for the Co-op
 program and how the Co-op program works please visit
 the Co-op website.

All students participating in the Co-op program are
 governed by the Undergraduate Co-operative Education
 Policy.

Undergraduate Co-operative Education Policy Admission Requirements

Students can apply to Co-op in one of two ways: directly
 from high school, or after beginning a degree program at
 Carleton.

If a student applies to a degree program with a Co-op
 option from high school, their university grades will be
 reviewed two terms to one year prior to their first work
 term to ensure they meet the academic requirements after
 their first or second year of study. The time at which the
 evaluation takes place depends on the program of study.
 Students will automatically receive an admission decision
 via their Carleton email account.

Students who did not request Co-op at the time they
 applied to Carleton can request Co-op after they begin
 their university studies. To view application instructions
 and deadlines, please visit carleton.ca/co-op.

To be admitted to Co-op, a student must successfully
 complete 5.0 or more credits that count towards their
 degree, meet the minimum CGPA requirement(s) for
 the student's Co-op option, and fulfil any specified
 course prerequisites. To see the unique admission
 and continuation requirements for each Co-op option,
 please refer to the specific degree programs listed in the
 Undergraduate Calendar.

Participation Requirements

Co-op Participation Agreement

All students must adhere to the policies found within the
 Co-op Participation Agreement.

COOP 1000

Once a student has been admitted to the Co-op Program,
 they will be given access to register in COOP 1000. This
 zero-credit online course must be completed at least two
 terms prior to the student's first work term.

Communication with the Co-op Office

Students must maintain contact with the Co-op Office during their job search and while on a work term. All email communication will be conducted via the students' Carleton email account.

Employment

Although every effort is made to ensure a sufficient number of job postings for all Co-op students, no guarantee of employment can be made. The Co-op job search process is competitive, and success is dependent upon factors such as current market conditions, academic performance, skills, motivation, and level of commitment to the job search. It is the student's responsibility to apply for positions via the Co-op job board in addition to actively conducting a self-directed job search. Students who do not obtain a co-op work term are expected to continue with their academic studies. It should be noted that hiring priority for positions within the Federal Government of Canada is given to Canadian citizens.

Registration

- Students must be registered as full-time during all fall and winter study terms beginning the term in which they enroll in COOP 1000.
- Students will be registered in a Co-op Work Term course while at work. This course does not carry academic course credit, but is noted on academic transcripts.
- Students may register in a 0.5 credit during a work term, provided the course is offered during the evening or is offered asynchronously online.
- Students must have at least one term of full-time studies left to complete following their final co-op work term. Students cannot end their degree on a work term.

Work Term Assessment and Evaluation

Work Term Evaluation

Employers are responsible for submitting to Carleton University final performance evaluations for their Co-op students at the end of their work terms.

Work Term Assessment

In order to successfully complete the co-op work term, students must receive a Satisfactory (SAT) grade on their Co-op Work Term Report, which they must submit at the completion of each four-month work term.

Graduation with the Co-op Designation

In order to graduate with the Co-op Designation, students must satisfy all requirements of the degree program in addition to the successful completion of three or four work terms (the number is dependent upon the student's academic program). Students found in violation of the Co-op Participation Agreement may have the Co-op Designation withheld.

Note: Participation in the co-op option will add up to one additional year for a student to complete their degree program.

Voluntary Withdrawal from the Co-op Option

Students who are currently on a co-op work term or who have already committed to a co-op work term either verbally or in writing may not leave the position and/or withdraw from the co-op option until they have completed the work term and all related requirements.

Involuntary or Required Withdrawal from the Co-op Option

Students may be removed from the Co-op Program for any of the following reasons:

1. Failure to achieve a grade of SAT in COOP 1000;
2. Failure to attend all interviews for positions to which the student has applied;
3. Declining more than one job offer during the job search;
4. Reneging on a co-op position that the student has accepted either verbally or in writing;
5. Continuing a job search after accepting a co-op position;
6. Dismissal from a work term by the co-op employer;
7. Leaving a work term without approval from the Co-op Management Team;
8. Receipt of an unsatisfactory work term evaluation;
9. Receiving a grade of UNS on the work term report.

International Students

All international students are required to possess a Co-op Work Permit issued by Immigration, Refugees and Citizenship Canada before they can begin working. The Co-operative Education Office will provide students with a letter of support to accompany their Co-op Work Permit application. Students are advised to discuss the application process and application requirements with the International Student Services Office.

Co-op Fees

All participating Co-op students are required to pay Co-op fees. For full details, please see the Co-op website.

Bachelor of Mathematics Honours, Combined B.Math./M.Sc.: Co-op Admission and Continuation Requirements

- Maintain full-time status in each study term;
- Be eligible to work in Canada (for off-campus work);
- Have successfully completed COOP 1000 .

In addition to:

1. Registered as a full-time student in any B.Math. Honours program (excluding the Combined B.Math./M.Sc. "Fast Track" program);
2. Successfully completed 5.0 or more credits;
3. Obtained an Overall CGPA of at least 6.50 and a Major CGPA of at least 8.0. These CGPAs must be maintained throughout the duration of the degree.

B.Math. Honours students must successfully complete four (4) work terms to obtain the Co-op Designation.

Co-op Work Term Course: MATH 3999 or STAT 3999

Work/Study Pattern:

Year 1		Year 2		Year 3		Year 4		Year 5	
Term	Pattern	Term	Pattern	Term	Pattern	Term	Pattern	Term	Pattern
Fall	S	Fall	S	Fall	S	Fall	W	Fall	S
Winter	S	Winter	S	Winter	S	Winter	W	Winter	S
Summer		Summer	W	Summer	W	Summer	W		

Legend

S: Study

W: Work

Admissions Information

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as *recommended*, it is not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Degree

- Bachelor of Mathematics (B. Math.) (Honours)
- Bachelor of Mathematics (B.Math.)

Admission Requirements

B.Math Honours

First Year

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include Advanced Functions, and Calculus and Vectors.

The overall admission cut-off average and/or the prerequisite course average may be considerably higher than the stated minimum requirements for admission to the combined B.Math./M.Sc. in Mathematics or Statistics.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be Eligible to Continue in their year level, in addition to meeting the CGPA thresholds described in Section 3.1.9 of the Academic Regulations of the University. Advanced standing will be granted only for those subjects assessed as being appropriate for the program and the stream selected.

B.Math

First Year

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include Advanced Functions, and Calculus and Vectors.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be *Eligible to Continue* (EC) in their year level. Advanced standing will be granted only for those subjects assessed as being appropriate for the program and the stream selected.

Co-op Option

Direct Admission to the First Year of the Co-op Option

Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in the Bachelor of Mathematics Honours program;
3. be eligible to work in Canada (for off-campus work placements).

Meeting the above requirements only establishes eligibility for admission to the program. The prevailing job market (and thus the availability of co-op placement) may limit enrolment in the co-op option.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are described in the Co-operative Education Regulations section of this Calendar.

Admissions Information

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System.

Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as *recommended*, it is not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Degrees

- B.Sc. (Honours)
- B.Sc. (Major)
- B.Sc.

Admission Requirements

B. Sc. Honours

First Year

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. For most programs including Biochemistry, Bioinformatics, Biotechnology, Chemistry, Combined Honours in Biology and Physics, Chemistry and Physics, Computational Biochemistry, Food Science, Nanoscience, Neuroscience and Biology, Neuroscience and Mental Health, and Psychology, the six 4U or M courses must include Advanced Functions, and two of Biology, Chemistry, Earth and Space Sciences, or Physics. (Calculus and Vectors is strongly recommended).

Specific Honours Admission Requirements

For the Honours programs in Earth Sciences, Environmental Science, Geomatics, Integrated Science, and Physical Geography, Calculus and Vectors may be substituted for Advanced Functions.

For the Honours programs in Physics and Applied Physics, and for double Honours in Mathematics and Physics, Calculus and Vectors is required in addition to Advanced Functions and one of 4U Physics, Chemistry, Biology, or Earth and Space Sciences. For all programs in Physics, 4U Physics is strongly recommended.

For Honours in Psychology, a 4U course in English is recommended.

For Honours in Environmental Science, a 4U course in Biology and Chemistry is recommended.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be *Eligible to Continue* in their year level, in addition to meeting the CGPA thresholds described in Section 3.1.9 of the Academic Regulations of the University. Advanced standing will be granted only for those subjects deemed appropriate for the program and stream selected.

B.Sc. Major and B.Sc.

First Year

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include Advanced Functions and two of Calculus and Vectors, Biology, Chemistry, Earth and Space Science, or Physics (Calculus and Vectors is strongly recommended). For the B.Sc. Major in Physics, 4U Physics is strongly recommended.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be *Eligible to Continue* (EC) in their year level. Advanced standing will be granted only for those subjects deemed appropriate for the program and stream selected.

Co-op Option

Direct Admission to the First Year of the Co-op Option

Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in the Bachelor of Science Honours program;
3. be eligible to work in Canada (for off-campus work placements).

Note that meeting the above requirements only establishes eligibility for admission to the program. The prevailing job market may limit enrolment in the co-op option.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are

described in the Co-operative Education Regulations section of this Calendar.

Mathematics (MATH) Courses

Note:

- See also the course listings under Statistics (STAT) in this Calendar.

Prerequisites for First-year Mathematics Courses in B.Math. Programs

Students who do not have the required Ontario Grade 12 Mathematics courses or equivalents may take MATH 0005 Precalculus: Functions and Graphs and MATH 0006 Precalculus: Trigonometric Functions and Complex Numbers in lieu of Advanced Functions, MATH 0107 Algebra and Geometry in lieu of the algebra component of Calculus and Vectors. These 0000-level mathematics courses serve as alternate prerequisites for MATH 1052 Calculus and Introductory Analysis I and MATH 1152 Introductory Algebra I. These courses would be in addition to the minimum 15.0 credits required for B.Math programs, or 20.0 credits required for B.Math Honours programs.

MATH 0005 [0.5 credit]

Precalculus: Functions and Graphs

Review of algebraic manipulations. Polynomials: the remainder theorem, and the factor theorem; graphing. Real and Complex roots. Absolute values. Inequalities. Functions, including composition of functions, and Inverse functions. Logarithmic and exponential functions. Not available for degree credit for students who have successfully completed: Grade 12 Mathematics - Advanced Functions, or an equivalent High School functions course.

Prerequisite(s): Grade 11 Functions (University/College Preparation), or equivalent.

Lectures three hours a week, tutorial one hour a week.

MATH 0006 [0.5 credit]

Precalculus: Trigonometric Functions and Complex Numbers

Angles and the unit circle, radian measure. Definitions of trigonometric functions. Fundamental relations, Law of Sines and Cosines. Analytic trigonometry, graphs, inverse functions. Trigonometric identities and equations. Applications in science and engineering. Complex numbers in polar form, de Moivre's Theorem, n-th roots of complex numbers.

Prerequisite(s): Grade 11 Functions (University/College Preparation), or MATH 0005, or equivalent.

Lectures three hours a week, tutorial one hour a week.

MATH 0009 [0.5 credit]

Calculus and Vectors

Limits and continuity. Differentiation rules. Trigonometric, logarithmic, and exponential functions, and their derivatives. Curve sketching. Optimization problems. Introduction to vectors. Dot and cross products. Projections. Equations of lines and planes. Intersection points and distances between points, lines, and planes. Precludes additional credit for MATH 0007.

Prerequisite(s): Grade 12 Mathematics (Advanced Functions); or both MATH 0005 and MATH 0006; or permission of the School.

Lectures three hours a week, tutorial one hour a week.

MATH 0107 [0.5 credit]

Algebra and Geometry

Vectors in the plane and in 3-space. Linear combinations and linear independence. Equations of lines and planes in space. Solution of systems of linear equations. Proofs by induction. Binomial Theorem. Logic.

Prerequisite(s): Grade 11 Functions (University/College Preparation) or equivalent.

Lectures three hours a week, tutorial one hour a week.

MATH 1004 [0.5 credit]

Calculus for Engineering or Physics

Limits. Differentiation of the elementary functions. Rules of differentiation. Inverse trigonometric functions. Applications of differentiation: max-min problems, curve sketching, approximations. Definite and indefinite integrals, techniques of integration. Applications to areas and volumes.

Precludes additional credit for BIT 1000, BIT 1100, BIT 1200, MATH 1002 (no longer offered), MATH 1007, MATH 1052.

Prerequisite(s): Ontario Grade 12 Mathematics: Advanced Functions, or MATH 0005 and MATH 0006, or equivalent.

Restricted to students in the Faculty of Engineering, or in certain B.Sc. and B.A.S. programs where specified.

Lectures three hours a week, tutorial one hour a week.

MATH 1005 [0.5 credit]**Differential Equations and Infinite Series for Engineering or Physics**

First-order differential equations. Second-order linear equations with constant coefficients, undetermined coefficients, variation of parameters. Sequences and series, convergence tests, estimation of sums. Power series, Taylor series, remainders. Fourier series.

Precludes additional credit for BIT 2004 (no longer offered), BIT 2007 (no longer offered), MATH 1002 (no longer offered), MATH 2007, MATH 2052, and MATH 2404.

Prerequisite(s): i) MATH 1004; and ii) MATH 1104 (or MATH 1107), either previously or concurrently; or equivalents; or permission of the School. Restricted to students in the Faculty of Engineering, or in certain B.Sc. programs where specified.

Lectures three hours a week, tutorial one hour a week.

MATH 1007 [0.5 credit]**Elementary Calculus I**

Limits. Differentiation of the elementary functions, including trigonometric functions. Rules of differentiation. Applications of differentiation: max-min problems, curve sketching, approximations. Introduction to integration: definite and indefinite integrals, areas under curves, fundamental theorem of calculus.

Precludes additional credit for BIT 1000, BIT 1100, BIT 1200, MATH 1002 (no longer offered), MATH 1004, MATH 1401/ECON 1401, MATH 1402/ECON 1402, MATH 1052.

Prerequisite(s): Ontario Grade 12 Mathematics: Advanced Functions; or MATH 0005 and MATH 0006; or equivalent.

Lectures three hours a week, tutorial one hour a week.

MATH 1009 [0.5 credit]**Mathematics for Business**

An introductory course of mathematics for business.

Thorough review of basic arithmetic and algebra. Elementary functions, their graphs, properties and applications in business models. Limits. Derivatives of elementary functions. Systems of linear equations/inequalities. Geometric series.

Precludes additional credit for BIT 1000, BIT 1100, BIT 1200, BUSI 1705 (no longer offered), MATH 1401/ECON 1401, MATH 1052. This course is not acceptable for (substitute) credit in any of the following degree programs: B.Math., and also B.Sc., B.C.S., B.Eng., B.I.D.

Prerequisite(s): Restricted to B.Com. and B.I.B students.

Lectures three hours a week, tutorial one hour a week.

MATH 1052 [0.5 credit]**Calculus and Introductory Analysis I**

Properties of the real numbers. Limits. Sequences and series. Elementary functions. Continuity. Derivatives. Extreme values. Mean Value Theorem. L'Hospital's rules. Antiderivatives. An emphasis is placed on proofs and theory.

Precludes additional credit for BIT 1000, BIT 1100, BIT 1200, MATH 1002 (no longer offered), MATH 1004, MATH 1007, MATH 1009, MATH 1401/ECON 1401, MATH 1402/ECON 1402.

Prerequisite(s): i) Grade 12 Mathematics: Advanced Functions, and Grade 12 Mathematics: Calculus and Vectors, with grades of at least 75% in each; or MATH 0005 and MATH 0006 with grades of at least B in each; or equivalents; and ii) MATH 1800 (may be taken concurrently); or permission of the School of Mathematics and Statistics.

Lectures three hours a week, tutorial one and one half hours a week.

MATH 1104 [0.5 credit]**Linear Algebra for Engineering or Science**

Systems of linear equations. Matrix algebra. Determinants. Invertible matrix theorem. Cramer's rule. Vector space \mathbb{R}^n ; subspaces, bases. Eigenvalues, diagonalization. Linear transformations, kernel, range. Complex numbers (including De Moivre's theorem). Inner product spaces and orthogonality. Applications.

Precludes additional credit for BIT 1001, BIT 1101, BIT 1201, MATH 1102 (no longer offered), MATH 1107, MATH 1119, MATH 1401/ECON 1401, MATH 1402/ECON 1402, MATH 1152. Note: MATH 1119 is not an acceptable substitute for MATH 1104.

Prerequisite(s): Ontario Grade 12 Mathematics: Advanced Functions, or MATH 0005, or equivalent, or permission of the School. Restricted to students in the Faculty of Engineering, the School of Computer Science, or in certain B.Sc. and B.A.S. programs where specified.

Lectures three hours a week and tutorial one hour a week.

MATH 1107 [0.5 credit]**Linear Algebra I**

Systems of linear equations; vector space of n -tuples, subspaces, bases; matrix transformations, kernel, range; matrix algebra and determinants. Dot product. Complex numbers (including de Moivre's Theorem, and n -th roots). Eigenvalues, diagonalization and applications. Note: MATH 1119 is not an acceptable substitute for MATH 1107.

Precludes additional credit for BIT 1001, BIT 1101, BIT 1201, MATH 1102 (no longer offered), MATH 1104, MATH 1119, MATH 1401/ECON 1401, MATH 1402/ECON 1402, MATH 1152.

Prerequisite(s): Ontario Grade 12 Mathematics: Advanced Functions, or MATH 0005, or equivalent, or permission of the School.

Lectures three hours a week and tutorial one hour a week.

MATH 1119 [0.5 credit]**Linear Algebra: with Applications to Business**

Introduction to systems of linear equations, geometric interpretation in two and three dimensions, introduction to matrices, vector addition and scalar multiplication, linear dependence, matrix operations, rank, inversion, invertible matrix theorem, determinants. Use of illustrative examples related to business.

Precludes additional credit for , but is not an acceptable substitute for: BIT 1001, BIT 1101, BIT 1201, MATH 1102 (no longer offered), MATH 1104, MATH 1107, BUSI 1704 (no longer offered), MATH 1109 (no longer offered), MATH 1401/ECON 1401, MATH 1402/ECON 1402, MATH 1152. This course is not acceptable for (substitute) credit in any of the following degree programs: B.Math., and also B.Sc., B.C.S., B.Eng., B.I.D.

Prerequisite(s): Ontario Grade 12 Mathematics of Data Management; or Ontario Grade 12 Mathematics: Advanced Functions, or MATH 0005, or equivalent, or permission of the School.

Lectures three hours a week, tutorial one hour a week.

MATH 1152 [0.5 credit]**Introductory Algebra I**

Properties of numbers. Modular arithmetic. Fields, including complex numbers and finite fields. Vector spaces. Matrix algebra. Solutions of linear systems. Linear dependence. Spanning sets. Bases. Subspaces. The rank-nullity theorem. Linear transformations. An emphasis is placed on proofs and theory.

Precludes additional credit for BIT 1001, BIT 1101, BIT 1201, MATH 1102 (no longer offered), MATH 1104, MATH 1107, MATH 1119, MATH 1401/ECON 1401, MATH 1402/ECON 1402.

Prerequisite(s): i) Grade 12 Mathematics: Advanced Functions, and Grade 12 Mathematics: Calculus and Vectors, with grades of at least 75% in each; or MATH 0005, MATH 0006, and MATH 0107 with grades of at least B in each; or equivalents; and ii) MATH 1800 (may be taken concurrently); or permission of the School of Mathematics and Statistics.

Lectures three hours a week, tutorial one and a half hours a week.

MATH 1401 [0.5 credit]**Elementary Mathematics for Economics I**

Functional relations: functional forms and error terms. Graphing economic magnitudes: scatter diagrams, time-series graphs, functional relationships. Applied calculus: mechanics of differentiation and integration, elasticity, consumer/producer surplus. Applied algebra: solving systems of linear equations and Keynesian national-income analysis. Problem solving approaches.

Precludes additional credit for BIT 1000, BIT 1001, BIT 1100, BIT 1101, BIT 1200, BIT 1201, ECON 1401, MATH 1007, MATH 1009, MATH 1052, MATH 1104, MATH 1107, MATH 1119, MATH 1152.

Prerequisite(s): Ontario Grade 12 U Advanced Functions, or MATH 0005, or equivalent; and ECON 1000 or FYSM 1003, which may be taken concurrently with MATH 1401/ECON 1401.

Lectures three hours a week, tutorial one hour a week.

MATH 1402 [0.5 credit]**Elementary Mathematics for Economics II**

Calculus: including partial differentiation, definite and indefinite integrals, techniques of integration, and unconstrained optimization. Vectors and matrices: scalar multiplication, inner product, linear dependence, matrix operations, rank, invertible matrix theorem, and determinants. Economic applications such as profit maximization, comparative statics, and the Leontief input-output model.

Precludes additional credit for BIT 1000, BIT 1001, BIT 1100, BIT 1101, BIT 1200, BIT 1201, ECON 1402, MATH 1007, MATH 1009, MATH 1052, MATH 1104, MATH 1107, MATH 1119, MATH 1152.

Prerequisite(s): ECON 1000 or FYSM 1003 with a grade of C- or higher, and ECON 1401/MATH 1401 with a grade of C- or higher.

Lectures three hours a week, tutorial one hour a week.

MATH 1800 [0.5 credit]**Introduction to Mathematical Reasoning**

Elementary logic, propositional and predicate calculus, quantifiers, sets and functions, bijections and elementary counting, the concept of infinity, relations, well ordering and induction. The practice of mathematical proof in elementary number theory and combinatorics.

Precludes additional credit for MATH 1805/COMP 1805.

Prerequisite(s): Ontario Grade 12 Mathematics: Advanced Functions, or MATH 0005, or equivalent.

Lectures three hours a week, tutorial one hour a week.

MATH 1805 [0.5 credit]**Discrete Structures I**

Introduction to discrete mathematics and discrete structures. Topics include: propositional logic, predicate calculus, set theory, complexity of algorithms, mathematical reasoning and proof techniques, recurrences, induction, finite automata and graph theory. Material is illustrated through examples from computing.

Includes: Experiential Learning Activity

Precludes additional credit for MATH 1800.

Prerequisite(s): one Grade 12 university preparation Mathematics course; and one of: COMP 1005 or or COMP 1405 or SYSC 1100 (which may be taken concurrently).

Lectures three hours a week, tutorial one hour a week.

MATH 2000 [1.0 credit]**Multivariable Calculus and Fundamentals of Analysis**

Higher dimensional calculus, chain rule, gradient, line and multiple integrals with applications. Use of implicit and inverse function theorems. Real number axioms, limits, continuous functions, differentiability, infinite series, uniform convergence, the Riemann integral.

Precludes additional credit for BIT 2005 (no longer offered), MATH 2004, MATH 2008, and MATH 3009.

Prerequisite(s): i) MATH 2052 with a grade of C+ or higher, or (MATH 2007 or MATH 1005 with a grade of B+ or higher and permission of the School); and ii) MATH 2152 with a grade of C+ or higher, or MATH 1107 or MATH 1104 with a grade of B+ or higher; and iii) MATH 1800 with a grade of C+ or higher; or permission of the School.

Lectures three hours a week, tutorial one hour a week.

MATH 2004 [0.5 credit]**Multivariable Calculus for Engineering or Physics**

Curves and surfaces. Polar, cylindrical and spherical coordinates. Partial derivatives, gradients, extrema and Lagrange multipliers. Exact differentials. Multiple integrals over rectangular and general regions. Integrals over surfaces. Line integrals. Vector differential operators. Green's Theorem, Stokes' theorem, Divergence Theorem. Applications.

Precludes additional credit for BIT 2005, MATH 2000, and MATH 2008.

Prerequisite(s): i) MATH 1005 or MATH 2007; and ii) MATH 1104 or MATH 1107; or permission of the School. Restricted to students in the Faculty of Engineering, or in certain B.Sc. programs where specified.

Lectures three hours a week, tutorial one hour a week.

MATH 2007 [0.5 credit]**Elementary Calculus II**

Techniques of integration, improper integrals. Polar coordinates, parametric equations. Indeterminate forms, sequences and series, Taylor's formula and series. Precludes additional credit for BIT 2007 (no longer offered), MATH 1002 (no longer offered), MATH 1005, MATH 2052.

Prerequisite(s): i) MATH 1004, or a grade of C- or higher in MATH 1007; or MATH 1052 and permission of the School.

Lectures three hours a week, tutorial one hour a week.

MATH 2008 [0.5 credit]**Intermediate Calculus**

Partial differentiation, chain rule, gradient, line and multiple integrals with applications, transformations of multiple integrals.

Precludes additional credit for BIT 2005 (no longer offered), MATH 2000, and MATH 2004.

Prerequisite(s): one of MATH 1005, MATH 2052, or MATH 2007, and one of MATH 1104, MATH 1107, or MATH 1152.

Lectures three hours a week and one hour tutorial.

MATH 2052 [0.5 credit]**Calculus and Introductory Analysis II**

Definite, indefinite integrals. Improper integrals. The fundamental theorem of calculus. An introduction to differential equations. Sequences and series of functions. Power series. Taylor's formulae. Uniform convergence. An emphasis is placed on proofs and theory.

Precludes additional credit for BIT 2007, MATH 1002 (no longer offered), MATH 1005, MATH 2007.

Prerequisite(s): (i) MATH1052 with a grade of C- or higher or (MATH1007 or MATH1004 with a grade of B+ or higher and permission of the School), and (ii) MATH1800 with a grade of C+ or higher; or permission of the School.

Lectures three hours a week, tutorial one and one half hours a week.

MATH 2100 [1.0 credit]**Algebra**

Introduction to group theory: permutation groups, Lagrange's theorem, normal subgroups, homomorphism theorems. Introduction to ring theory: ring of polynomials, integral domains, ideals, homomorphism theorems. Hermitian forms, spectral theorem for normal operators, bilinear and quadratic forms, classical groups. Precludes additional credit for MATH 2108 and MATH 3101.

Prerequisite(s): i) MATH 2152 with a grade of C+ or higher, or (MATH 2107 with a grade of B+ or higher and permission of the School); and ii) MATH 1800 with a grade of C+ or higher; or permission of the School.

Lectures three hours a week, tutorial one hour a week.

MATH 2107 [0.5 credit]**Linear Algebra II**

Finite-dimensional vector spaces (over R and C), subspaces, linear independence and bases. Linear transformations and matrices. Inner product spaces (over R and C); Orthonormal bases. Eigenvalues and diagonalization. Bilinear and quadratic forms; principal axis theorem.

Precludes additional credit for MATH 1102 (no longer offered), MATH 2152.

Prerequisite(s): i) MATH 1104, or a grade of C- or higher in MATH 1107 or MATH 1109; and ii) a grade of C- or higher in MATH 1007 or equivalent; or MATH 1152 and permission of the School. Note: in item i), MATH 1119 is NOT acceptable as a substitute for MATH 1109.

Lectures three hours a week and one hour tutorial.

MATH 2108 [0.5 credit]**Abstract Algebra I**

Sets and relations, number theory, group theory, ring theory, cardinal numbers.

Precludes additional credit for MATH 3101 and MATH 2100.

Prerequisite(s): i) MATH 2152 or MATH 2107; and ii) MATH 1800 (MATH 1800 may be taken concurrently, with permission of the School); or COMP 1805; or permission of the School.

Lectures three hours a week and one hour tutorial.

MATH 2152 [0.5 credit]**Introductory Algebra II**

Linear transformations. Determinants. Eigenvalues and eigenspaces. Diagonalization and other canonical forms. Inner products. An emphasis is placed on proofs and theory.

Precludes additional credit for MATH 1102 (no longer offered) and MATH 2107.

Prerequisite(s): (i) MATH1152 with a grade of C- or higher or (MATH1107 or MATH1104 with a grade of B+ or higher and permission of the School), and (ii) MATH1800 with a grade of C+ or higher; or permission of the School.

Lectures three hours a week, tutorial one and a half hours a week.

MATH 2210 [0.5 credit]**Introduction to Geometry**

An introduction to classical geometry; Euclidean plane geometry; plane tiling; polytopes in three and four dimensions; curved surfaces; Euler characteristic. This course is intended for a general audience, and is available to B.Math. students for credit only as a free elective.

Prerequisite(s): Grade 12 Mathematics and second-year standing.

Lectures three hours a week, tutorial one hour a week.

MATH 2404 [0.5 credit]**Ordinary Differential Equations I**

First-order equations, linear second- and higher-order equations, linear systems, stability of second-order systems.

Precludes additional credit for BIT 2004 (no longer offered), MATH 1005, MATH 2454.

Prerequisite(s): MATH 2052 and MATH 1152 (or MATH 1107 and MATH 2007).

Lectures three hours a week and one hour tutorial.

MATH 2454 [0.5 credit]**Ordinary Differential Equations (Honours)**

Existence and uniqueness theorems. First-order equations, linear second- and higher-order equations, linear systems, stability of second-order systems.

Precludes additional credit for MATH 2404, BIT 2004 (no longer offered).

Prerequisite(s): MATH 2052 or MATH 2007 or MATH 1005 with a grade of C+ or higher, and MATH 2152 or MATH 2107 with a grade of C+ or higher.

Lectures three hours a week, tutorial one hour a week.

MATH 2800 [0.5 credit]**Discrete Mathematics and Algorithms**

An introduction to discrete mathematics and algorithms in the context of the computational sciences. Basic number theory and counting methods, algorithms for strings, trees and sequences. Applications to DNA and protein sequencing problems. Analysis and complexity of algorithms.

Also listed as CMPS 2800.

Precludes additional credit for Only one of MATH 1805/COMP 1805 or MATH 2800/CMPS 2800 may count for credit in a B.Math. program.

Prerequisite(s): COMP 1006 and at least one of MATH 1007, MATH 1107, or STAT 2507.

Lectures three hours a week.

MATH 2907 [0.5 credit]**Directed Studies (Honours)**

Available only to Honours students whose program requires a 0.5 credit not offered by the School of Mathematics and Statistics.

MATH 3001 [0.5 credit]**Real Analysis I (Honours)**

Metric spaces and their topologies, continuous maps, completeness, compactness, connectedness, introduction to Banach spaces.

Prerequisite(s): MATH 2000 with a grade of C- or higher; or (MATH 3009 and MATH 1800) each with a grade of B or higher, and permission of the instructor; or permission of the School.

Lectures three hours a week and one hour tutorial.

MATH 3002 [0.5 credit]**Real Analysis II (Honours)**

Function spaces, pointwise and uniform convergence, Weierstrass approximation theorem, Lebesgue measure and Lebesgue integral on the real line, Hilbert space, Fourier series.

Prerequisite(s): MATH 3001 with a grade of C- or higher, or permission of the School.

Lectures three hours a week, tutorial one hour a week.

MATH 3003 [0.5 credit]**Advanced Differential Calculus (Honours)**

Review of multivariable differentiation and integration.

Vector fields, differential forms and exterior algebra.

Introduction to manifolds and tangent bundles. Stokes' Theorem. Applications such as differential equations and the calculus of variations.

Prerequisite(s): MATH 3001 with a grade of C- or higher, or permission of the School.

Lectures three hours a week, tutorial one hour a week.

MATH 3007 [0.5 credit]**Functions of a Complex Variable**

Analytic functions, contour integration, residue calculus, conformal mapping. Intended for non-engineering students.

Precludes additional credit for MATH 3057 and PHYS 3807.

Prerequisite(s): one of MATH 2004, MATH 2008 or MATH 2009, or permission of the School.

Lectures three hours a week and one hour tutorial.

MATH 3008 [0.5 credit]**Ordinary Differential Equations (Honours)**

Analytic ordinary differential equations: series solutions of ordinary differential equations about ordinary and regular singular points. Asymptotic solutions. Sturm-Liouville theory. Bessel and Legendre functions. Fourier series.

Precludes additional credit for MATH 3404 and PHYS 3808.

Prerequisite(s): i) MATH 2000 with a grade of C- or higher, or (MATH 3009 with a grade of B or higher, and permission of the instructor); and ii) MATH 2454 with a grade of C- or higher, or (MATH 2404 with a grade of B or higher, and permission of the instructor).

Lectures three hours a week and one hour tutorial.

MATH 3009 [0.5 credit]**Introductory Analysis**

The real number system, sequences and series, functions of a single real variable, derivatives, the definite integral, uniform convergence.

Precludes additional credit for MATH 2000.

Prerequisite(s): one of MATH 2004, MATH 2008, MATH 2009, or permission of the School.

Lectures three hours a week and one hour tutorial.

MATH 3057 [0.5 credit]**Functions of a Complex Variable (Honours)**

Analytic functions, contour integration, residue calculus, conformal mappings.

Precludes additional credit for MATH 3007 and PHYS 3807.

Prerequisite(s): MATH 2000 with a grade of C- or higher; or permission of the School.

Lectures three hours a week and one hour tutorial.

MATH 3101 [0.5 credit]**Algebraic Structures with Computer Applications**

Introduction to algebraic structures: groups, rings, fields, lattices, and Boolean algebras; with applications of interest to students in Computer Science. This course may not be used to meet the 3000-level course requirements in any B.Math or B.Math Honours program in Mathematics and Statistics.

Precludes additional credit for MATH 2108 and MATH 2100.

Prerequisite(s): i) MATH 2107 or MATH 2152; and ii) either COMP 1805 or MATH 1800 (MATH 1800 may be taken concurrently, with permission of the School); or permission of the School.

Lectures three hours a week and one hour tutorial.

MATH 3106 [0.5 credit]**Introduction to Group Theory (Honours)**

Homomorphism theorems; groups acting on sets; permutation groups and groups of matrices; Sylow theory for finite groups; finitely generated abelian groups; generators and relations; applications.

Precludes additional credit for MATH 3108.

Prerequisite(s): MATH 2100 with a grade of C- or higher; or (MATH 2108 or MATH 3101 with a grade of B or higher; and MATH 1800 with a grade of B or higher; and permission of the instructor); or permission of the School.

Lectures three hours a week, tutorial one hour a week.

MATH 3107 [0.5 credit]**Linear Algebra III**

Similarity and unitary triangularization of matrices. Direct methods of solving a system of linear equations. Iterative techniques. Bounds for eigenvalues. Power method and deflation techniques of approximation. Emphasis is primarily on computational aspects.

Prerequisite(s): i) a grade of C- or higher in MATH 2152 or MATH 2107; and ii) credit in MATH 2052 or MATH 2007; or permission of the School.

Lectures three hours a week and one hour tutorial.

MATH 3108 [0.5 credit]**Abstract Algebra II**

Groups and rings. Permutations. Finite symmetry groups. Polynomials, unique factorization domains. Quotient rings, ideals. Field extensions, finite fields. Polynomial equations. Geometric constructions - three famous problems: duplication of the cube, trisection of an arbitrary angle, quadrature of the circle.

Precludes additional credit for MATH 3106 and MATH 3158.

Prerequisite(s): MATH 2108, or permission of the School.

Lectures three hours a week and one hour tutorial.

MATH 3158 [0.5 credit]**Rings and Fields (Honours)**

Rings, integral domains, Euclidean and principal ideal domains, fields, polynomial rings over a field, algebraic extensions of fields, the fundamental theorem of Galois theory, finite fields, applications.

Precludes additional credit for MATH 3108.

Prerequisite(s): MATH 2100 with a grade of C- or higher, or (MATH 2108 or MATH 3101 with a grade of B or higher and MATH 1800 with a grade of B or higher and permission of the instructor), or permission of the School.

Lectures three hours a week, tutorial one hour a week.

MATH 3206 [0.5 credit]**Plane Projective Geometry**

Axioms of Desarguesian geometry, principle of duality; projectivities, perspectivities, and the fundamental theorem; collineations (homologies and elations); correlations (polarities and conics); algebraic model; projective curves; introduction to finite projective planes.

Precludes additional credit for MATH 3256.

Prerequisite(s): MATH 2100 or MATH 2108 or MATH 3101.

Lectures three hours a week and one hour tutorial.

MATH 3210 [0.5 credit]**Euclidean and Non-Euclidean Geometry**

Euclidean isometry and similarity groups; geometry of circles; inversion; hyperbolic geometry: Poincare disk model of the hyperbolic plane.

Precludes additional credit for MATH 3205.

Prerequisite(s): MATH 2100 or MATH 2108 or MATH 3101.

Lectures three hours a week, tutorial one hour a week.

MATH 3306 [0.5 credit]**Elements of Set Theory (Honours)**

Axioms of set theory. Development of the systems of natural numbers and the real numbers. Axiom of choice, Zorn's lemma, well-ordering. The Schröder-Bernstein theorem, cardinal numbers, ordinal numbers, transfinite induction, cardinal and ordinal arithmetics.

Prerequisite(s): MATH 2100 with a grade of C- or higher; or (MATH 2108 or MATH 3101 with a grade of B or higher; and MATH 1800 with a grade of B or higher; and permission of the instructor); or permission of the School. Lectures three hours a week and one hour tutorial.

MATH 3355 [0.5 credit]**Number Theory and Applications (Honours)**

Congruences, distribution of primes, arithmetic functions, primitive roots, quadratic residues, quadratic reciprocity law, continued fractions, Diophantine equations, and applications: public key cryptography, primality testing and factoring in relation to cryptography.

Precludes additional credit for MATH 3809.

Prerequisite(s): MATH 2100 with a grade of C- or higher; or (MATH 2108 or MATH 3101 with a grade of B- or higher; and permission of the instructor); or permission of the School.

Lectures three hours a week, tutorial one hour a week.

MATH 3404 [0.5 credit]**Ordinary Differential Equations II**

Series solutions of ordinary differential equations of second order about regular singular points; asymptotic solutions. Systems of ordinary differential equations of first order; matrix methods. Existence and uniqueness theorems. Nonlinear autonomous systems of order 2; qualitative theory. Numerical solutions of ordinary differential equations.

Precludes additional credit for MATH 3008.

Prerequisite(s): MATH 2404, MATH 2008; and MATH 2152 or MATH 2107.

Lectures three hours a week and one hour tutorial.

MATH 3705 [0.5 credit]**Mathematical Methods I**

Laplace transforms, series solutions of ordinary differential equations, the Frobenius method. Fourier series and Fourier transforms, solutions of partial differential equations of mathematical physics, boundary value problems, applications.

Precludes additional credit for PHYS 3808. This course may be taken for credit as a 3000-level Honours Mathematics course by students in any Honours program in the School of Mathematics and Statistics.

Prerequisite(s): i) MATH 1005 or MATH 2404, and ii) MATH 2004 or MATH 2008 or MATH 2009; or permission of the School.

Lectures three hours a week and one hour tutorial.

MATH 3800 [0.5 credit]**Mathematical Modeling and Computational Methods**

Design and analysis of mathematical models for problems in science. Computational methods, including function evaluation, interpolation, solution of linear equations, root finding, integration, solution of differential equations, Fourier series and Monte Carlo methods.

Includes: Experiential Learning Activity

Also listed as CMPS 3800.

Precludes additional credit for MATH 3806/COMP 3806.

Prerequisite(s): i) MATH 1107 or MATH 1104; ii) MATH 1005 or MATH 2007; and iii) knowledge of a computer language.

Lectures three hours a week, laboratory one hour a week.

MATH 3801 [0.5 credit]**Linear Programming**

Systems of linear inequalities, formulation of linear programming problems, geometric method, the simplex method, duality theory, complementary slackness, sensitivity analysis, branch-and-bound method and cutting plane method for integer linear programming, applications and extensions.

Precludes additional credit for ECON 4004, SYSC 3200.

Prerequisite(s): MATH 2152 or MATH 2107, or permission of the School.

Lectures three hours a week and one hour tutorial.

MATH 3802 [0.5 credit]**Combinatorial Optimization**

Network flow problems, network simplex method, max-flow min-cut problem, integral polyhedra, minimum-weight spanning tree problem, maximum matching problem, maximum stable set problem, introduction to approximation algorithms.

Prerequisite(s): MATH 3801 or permission of the School.

Lectures three hours a week, tutorial one hour a week.

MATH 3804 [0.5 credit]**Design and Analysis of Algorithms I**

An introduction to the design and analysis of algorithms.

Topics include: recurrence relations, sorting and searching, divide-and-conquer, dynamic programming, greedy algorithms, NP-completeness.

Also listed as COMP 3804.

Prerequisite(s): i) one of COMP 2402 or SYSC 2100; and ii) one of COMP 2804 or MATH 3855 or MATH 3825 or COMP 3805.

Lectures and tutorials three to four and a half hours a week.

MATH 3806 [0.5 credit]**Numerical Analysis (Honours)**

Elementary discussion of error, polynomial interpolation, quadrature, linear systems of equations and matrix inversion, non-linear equations, difference equations and ordinary differential equations. Implementation of numerical methods using a computer language.

Includes: Experiential Learning Activity

Precludes additional credit for MATH 3800.

Prerequisite(s): i) MATH 2000 with a grade of C- or higher; and ii) MATH 1152 with a grade of C- or higher, or (MATH 1107 or MATH 1104 with a grade of B or higher and permission of the instructor).

Lectures three hours a week, laboratory one hour a week.

MATH 3807 [0.5 credit]**Mathematical Software (Honours)**

Implementation of numerical methods using numerical software packages. Development of scientific and/or operations research applications using application programming interfaces of numerical or optimization libraries. Functional programming for data analysis and machine learning. Experience working with Python, C++, or Java is essential.

Includes: Experiential Learning Activity

Also listed as COMP 3807.

Prerequisite(s): A grade of C- or higher in MATH 3806 or COMP 3806.

Lectures three hours a week, laboratory one hour a week.

MATH 3808 [0.5 credit]**Mathematical Analyses of Games of Chance**

This course covers mathematics used in the modern casino gaming industry. The topics include probabilities, odds, house advantages, variance and risks, optimal strategies, random walks and gambler's ruin, and gaming revenue estimation. Examples are taken from various games such as Roulette, Blackjack, and Poker.

Prerequisite(s): one of STAT 2655, STAT 2605, STAT 2507, STAT 2606, STAT 3502, or MATH 3825 or MATH 3855.

Lectures three hours a week, tutorial one hour a week.

MATH 3809 [0.5 credit]**Introduction to Number Theory and Cryptography**

Congruences, distribution of primes, general cryptographic systems, public key cryptographic systems and authentication using number theory, primality testing and factoring in relation to cryptography, continued fractions and Diophantine equations.

Prerequisite(s): MATH 2108 or MATH 3101 or MATH 2100; knowledge of a computer language.

Lectures three hours a week and one hour tutorial.

MATH 3819 [0.5 credit]**Modern Computer Algebra**

Algorithms for multiplication, division, greatest common divisors and factorization over the integers, finite fields and polynomial rings. Basic tools include modular arithmetic, discrete Fourier transform, Chinese remainder theorem, Newton iteration, and Hensel techniques. Some properties of finite fields and applications to cryptography.

Includes: Experiential Learning Activity

Prerequisite(s): MATH 2108 or MATH 3101 or MATH 2100, COMP 1005 or equivalent; or permission of the School.

Lectures three hours a week, tutorial/laboratory one hour a week.

MATH 3825 [0.5 credit]**Discrete Structures and Applications**

Enumeration: elementary methods, inclusion and exclusion, recurrence relations, generating functions and applications. Graph theory and algorithms: connectivity, planarity, Hamilton paths and Euler trails. Error-correcting codes.

Precludes additional credit for MATH 3805 (no longer offered), and MATH 3855 and COMP 3805.

Prerequisite(s): MATH 2108 or MATH 3101.

Lectures three hours a week, tutorial one hour a week.

MATH 3855 [0.5 credit]**Discrete Structures and Applications (Honours)**

Enumeration: inclusion and exclusion, recurrence relations, generating functions and applications. Graph theory: connectivity, planarity, Hamilton paths and Euler trails. Error-correcting codes. Designs and finite geometries. Symmetry and counting.

Also listed as COMP 3805.

Precludes additional credit for MATH 3805 (no longer offered) and MATH 3825.

Prerequisite(s): MATH 2100 with a grade of C- or higher; or (MATH 2108 or MATH 3101) with a grade of B or higher.

Lectures three hours a week, tutorial one hour a week.

MATH 3907 [0.5 credit]**Directed Studies**

Available only to students whose program requires a 0.5 credit not offered by the School of Mathematics and Statistics.

MATH 3999 [0.0 credit]**Co-operative Work Term Report (Honours)**

On completion of each work term, the student must submit to the School of Mathematics and Statistics a written report on the work performed. Graded Sat or Uns. Includes: Experiential Learning Activity
Prerequisite(s): registration in the Co-operative Education Option of an Honours program offered by the School of Mathematics and Statistics, and permission of the School.

MATH 4002 [0.5 credit]**Fourier Analysis (Honours)**

Fourier series, Fourier integrals; introduction to harmonic analysis on locally compact abelian groups, Plancherel Theorem, Pontryagin duality; selected applications.
Prerequisite(s): MATH 3001 or permission of the School.
Lectures three hours a week.

MATH 4003 [0.5 credit]**Functional Analysis (Honours)**

Banach spaces and bounded linear operators, Hahn-Banach extension and separation, dual spaces, bounded inverse theorems, uniform boundedness principle, applications. Compact operators.
Prerequisite(s): MATH 4007 or permission of the School.
Also offered at the graduate level, with different requirements, as MATH 5008, for which additional credit is precluded.
Lectures three hours a week.

MATH 4007 [0.5 credit]**Measure and Integration Theory (Honours)**

Lebesgue measure and integration on the real line; sigma algebras and measures; integration theory; L_p spaces; Fubini's theorem; decomposition theorems and Radon-Nikodym derivatives.
Prerequisite(s): MATH 3001 or permission of the School.
Also offered at the graduate level, with different requirements, as MATH 5007, for which additional credit is precluded.
Lectures three hours a week.

MATH 4102 [0.5 credit]**Group Representations and Applications (Honours)**

An introduction to the group representations and character theory, with selected applications.
Prerequisite(s): MATH 3106, or a grade of B or higher in MATH 3108.
Also offered at the graduate level, with different requirements, as MATH 5102, for which additional credit is precluded.
Lectures three hours a week.

MATH 4105 [0.5 credit]**Rings and Modules (Honours)**

Fundamental concepts in rings and modules, structure theorems, applications.
Prerequisite(s): MATH 3158 or permission of the School.
Lectures three hours a week.

MATH 4106 [0.5 credit]**Group Theory (Honours)**

Fundamental principles as applied to abelian, nilpotent, solvable, free and finite groups; representations.
Prerequisite(s): MATH 3106 or permission of the School.
Also offered at the graduate level, with different requirements, as MATH 5106, for which additional credit is precluded.
Lectures three hours a week.

MATH 4107 [0.5 credit]**Commutative Algebra (Honours)**

Fields, including algebraic and transcendental extensions, Galois theory, valuation theory; Noetherian commutative rings, including Noether decomposition theorem and localization.
Prerequisite(s): MATH 3158 or permission of the School.
Lectures three hours a week.

MATH 4108 [0.5 credit]**Homological Algebra and Category Theory (Honours)**

Axioms of set theory; categories, functors, natural transformations; free, projective, injective and flat modules; tensor products and homology functors, derived functors; dimension theory.
Prerequisite(s): MATH 3158 or permission of the School.
Also offered at the graduate level, with different requirements, as MATH 5108, for which additional credit is precluded.
Lectures three hours a week.

MATH 4109 [0.5 credit]**Fields and Coding Theory (Honours)**

Introduction to field theory, emphasizing the structure of finite fields, primitive elements and irreducible polynomials. The influence of computational problems will be considered. Theory and applications of error-correcting codes: algebraic codes, convolution codes, decoding algorithms, and analysis of code performance.
Prerequisite(s): MATH 2100, or MATH 3101 or MATH 2108 or equivalent; or permission of the School.
Lectures three hours a week.

MATH 4205 [0.5 credit]**Introduction to General Topology (Honours)**

Topological spaces, maps, subspaces, product and identification topologies, separation axioms, compactness, connectedness.

Prerequisite(s): MATH 3001 or permission of the School.

Also offered at the graduate level, with different requirements, as MATH 5205, for which additional credit is precluded.

Lectures three hours a week.

MATH 4206 [0.5 credit]**Introduction to Algebraic Topology (Honours)**

An introduction to homotopy theory. Topics include the fundamental group, covering spaces and the classification of two-dimensional manifolds.

Prerequisite(s): MATH 3106 and MATH 4205; or permission of the School.

Also offered at the graduate level, with different requirements, as MATH 5206, for which additional credit is precluded.

Lectures three hours a week.

MATH 4207 [0.5 credit]**Foundations of Geometry (Honours)**

A study of at least one modern axiom system of Euclidean and non-Euclidean geometry, embedding of hyperbolic and Euclidean geometries in the projective plane, groups of motions, models of non-Euclidean geometry.

Prerequisite(s): MATH 3106 (may be taken concurrently) or permission of the School.

Lectures three hours a week.

MATH 4208 [0.5 credit]**Introduction to Differentiable Manifolds (Honours)**

Introduction to differentiable manifolds; Riemannian manifolds; vector fields and parallel transport; geodesics; differential forms on a manifold; covariant derivative; Betti numbers.

Prerequisite(s): MATH 3002 or permission of the School.

Lectures three hours a week.

MATH 4305 [0.5 credit]**Analytic Number Theory (Honours)**

Dirichlet series, characters, Zeta-functions, prime number theorem, Dirichlet's theorem on primes in arithmetic progressions, binary quadratic forms.

Prerequisite(s): MATH 3057 or permission of the School.

Also offered at the graduate level, with different requirements, as MATH 5305, for which additional credit is precluded.

Lectures three hours a week.

MATH 4306 [0.5 credit]**Algebraic Number Theory (Honours)**

Algebraic number fields, bases, algebraic integers, integral bases, arithmetic in algebraic number fields, ideal theory, class number.

Prerequisite(s): MATH 3158 (may be taken concurrently) or permission of the School.

Also offered at the graduate level, with different requirements, as MATH 5306, for which additional credit is precluded.

Lectures three hours a week.

MATH 4600 [0.5 credit]**Case Studies in Operations Research (Honours)**

Applications of the principles of Operations Research to practical problems in business, management, and science. Students present at least one case and analyze cases in the published literature. Cases may also be presented by visiting practitioners.

Includes: Experiential Learning Activity

Precludes additional credit for Students in Honours Mathematics/Statistics programs may only take course as a free option.

Prerequisite(s): STAT 2509 (or STAT 2559) and MATH 3801; or permission of the School.

Seminars three hours a week.

MATH 4700 [0.5 credit]**Partial Differential Equations (Honours)**

First-order partial differential equations. Classification of second-order linear partial differential equations; the diffusion equation, wave equation and Laplace's equation; separation of variables; Fourier and Laplace transform methods for the solution of initial/boundary value problems; Green's functions.

Prerequisite(s): MATH 3057 and one of MATH 3008 or MATH 3705, or permission of the School.

Lectures three hours a week.

MATH 4701 [0.5 credit]**Topics in Differential Equations (Honours)**

Topics in the theory and application of differential equations; for example, hyperbolic systems, fluid dynamics, nonlinear wave equations, optimal mass transport, control theory, calculus of variations.

Prerequisite(s): i) MATH 3008; and ii) one of MATH 3001 or MATH 3057; or permission of the School.

Also offered at the graduate level, with different requirements, as MATH 5407, for which additional credit is precluded.

Lectures three hours a week.

MATH 4703 [0.5 credit]**Dynamical Systems (Honours)**

Basic concepts of dynamical systems. Vector formulation for systems. Theory of autonomous systems in one, two and higher dimensions. Limit sets, stability. Phase plane, qualitative interpretation, limit cycles and attractors. Parametric dependence, bifurcations and chaos. Applications.

Prerequisite(s): MATH 3001 and MATH 3008 or permission of the School.

Lectures three hours a week.

MATH 4708 [0.5 credit]**Asymptotic Methods of Applied Mathematics (Honours)**

Asymptotic series: properties, matching, application to differential equations. Asymptotic expansion of integrals: elementary methods, methods of Laplace, stationary phase and steepest descent, Watson's lemma, Riemann-Lebesgue lemma. Perturbation methods: regular and singular perturbation for differential equations, multiple scale analysis, boundary layer theory, WKB theory.

Prerequisite(s): MATH 3057 and at least one of MATH 3008 or MATH 3705, or permission of the School.

Also offered at the graduate level, with different requirements, as MATH 5408, for which additional credit is precluded.

Lectures three hours a week.

MATH 4801 [0.5 credit]**Topics in Combinatorics (Honours)**

An in-depth study of one or more topics from: generating functions, Polya's theory of counting, block designs, coding theory, partially ordered sets and Ramsey theory.

Prerequisite(s): MATH 2100 and MATH 3855 or permission of the School.

Lectures three hours a week.

MATH 4802 [0.5 credit]**Introduction to Mathematical Logic (Honours)**

Symbolic logic, propositional and predicate calculi, set theory and model theory, completeness.

Prerequisite(s): MATH 2100 or permission of the School.

Lectures three hours a week.

MATH 4803 [0.5 credit]**Computable Functions (Honours)**

Recursive functions and computability, algorithms, Church's thesis, Turing machines, computational logic, NP-completeness.

Also listed as COMP 4803.

Prerequisite(s): MATH 2100 or MATH 3855 or permission of the School.

Lectures three hours a week.

MATH 4805 [0.5 credit]**Theory of Automata (Honours)**

Finite automata and regular expressions, properties of regular sets, context-free grammars, pushdown automata, deterministic context-free languages. Turing machines, the Chomsky hierarchy. Undecidability, intractable problems. Also listed as COMP 4805.

Prerequisite(s): MATH 3106 or MATH 3158 or MATH 3855 or permission of the School.

Also offered at the graduate level, with different requirements, as MATH 5605, for which additional credit is precluded.

Lectures three hours a week.

MATH 4806 [0.5 credit]**Numerical Linear Algebra (Honours)**

Matrix computations, conditioning/stability, direct methods for linear systems, classical iterative methods: Jacobi, Gauss-Seidel; modern iterative methods, Arnoldi decomposition, GMRES and other Krylov subspace-based methods for sparse and structured matrices; numerical solution of eigenvalue problems, implementation using suitable programming language, application to differential equations/optimization problems.

Also listed as COMP 4806.

Prerequisite(s): MATH 2152 or MATH 2107; MATH 2000 and MATH 3806; or permission of the School.

Lectures three hours a week.

MATH 4807 [0.5 credit]**Game Theory (Honours)**

One-player games, two-player zero-sum games, multi-player games, games in normal form, games in extensive form, utility theory, Nash equilibrium and Nash arbitration scheme, games in characteristic function form, cooperative solutions, dominations, stable sets, core, Shapley value, applications of game theory.

Prerequisite(s): MATH 3801 or permission of the School.

Also offered at the graduate level, with different requirements, as MATH 5607, for which additional credit is precluded.

Lectures three hours a week.

MATH 4808 [0.5 credit]**Graph Theory and Algorithms (Honours)**

Paths, circuits, Eulerian and Hamiltonian graphs, connectivity, colouring problems, matching, Ramsey theory, network flows.

Prerequisite(s): MATH 3106 or MATH 3158 or MATH 3855 or permission of the School.

Lectures three hours a week.

MATH 4809 [0.5 credit]**Mathematical Cryptography (Honours)**

Topics covered include: a general survey of public key cryptography; classical applications of finite fields and number theory; relevant background in geometry and algebraic curves; computational issues concerning elliptic curves; elliptic curve cryptosystems; security issues.

Prerequisite(s): MATH 3158, or permission of the School.

Lectures three hours a week.

MATH 4811 [0.5 credit]**Combinatorial Design Theory (Honours)**

Existence and construction of combinatorial designs: finite geometries, pairwise balanced designs, balanced incomplete block designs, Steiner triple systems, symmetric designs, PBD closure, latin squares, transversal designs, and applications to information theory.

Prerequisite(s): MATH 3855, or permission of the School.

Lectures three hours a week.

MATH 4816 [0.5 credit]**Numerical Analysis for Differential Equations (Honours)**

Floating point arithmetic; numerical solution of ODEs; finite difference methods for PDEs; stability, accuracy and convergence: von Neumann analysis, CFL condition, Lax Theorem. Finite element methods: boundary value problems and elliptic PDEs. Spectral and pseudo-spectral methods.

Prerequisite(s): MATH 2454 and MATH 3806, or permission of the School.

Also offered at the graduate level, with different requirements, as MATH 5806, for which additional credit is precluded.

Lectures three hours a week.

MATH 4821 [0.5 credit]**Quantum Computing (Honours)**

Space of quantum bits; entanglement. Observables in quantum mechanics. Density matrix and Schmidt decomposition. Quantum cryptography. Classical and quantum logic gates. Quantum Fourier transform. Shor's quantum algorithm for factorization of integers.

Precludes additional credit for COMP 4114.

Prerequisite(s): MATH 2152 (or MATH 2107) with a grade of C+ or better, and permission of the School.

Also offered at the graduate level, with different requirements, as MATH 5821, for which additional credit is precluded.

Lectures three hours a week.

MATH 4822 [0.5 credit]**Wavelets and Digital Signal Processing (Honours)**

Lossless compression methods. Discrete Fourier transform and Fourier-based compression methods. JPEG and MPEG. Wavelet analysis. Digital filters and discrete wavelet transform. Daubechies wavelets. Wavelet compression.

Prerequisite(s): MATH 2152 (or MATH 2107) with a grade of C+ or better, and permission of the School.

Also offered at the graduate level, with different requirements, as MATH 5822, for which additional credit is precluded.

Lectures three hours a week.

MATH 4905 [0.5 credit]**Honours Project (Honours)**

Consists of a written report on some approved topic or topics in the field of mathematics, together with a short lecture on the report.

Includes: Experiential Learning Activity

Prerequisite(s): B.Math.(Honours) students only.

MATH 4907 [0.5 credit]**Directed Studies (Honours)**

Prerequisite(s): B.Math.(Honours) students only.

Statistics (STAT) Courses**STAT 1500 [0.5 credit]****Introduction to Statistical Computing**

Basics of programming in R and introduction to statistical software; generating statistical plots; computing descriptive statistics; performing basic statistical procedures; fundamentals of numerical analysis; optimization; generating random numbers, performing simple simulations and simulation-based inference.

Includes: Experiential Learning Activity

Prerequisite(s): Ontario Grade 12 Mathematics: Advanced Functions, or MATH 0005, or equivalent.

Lectures three hours a week, laboratory one hour a week.

STAT 2507 [0.5 credit]**Introduction to Statistical Modeling I**

A data-driven introduction to statistics. Basic descriptive statistics, introduction to probability theory, random variables, discrete and continuous distributions, contingency tables, sampling distributions, distribution of sample mean, Central Limit Theorem, interval estimation and hypothesis testing. A statistical software package will be used.

Includes: Experiential Learning Activity

Precludes additional credit for BIT 2000, BIT 2009, BIT 2100 (no longer offered), BIT 2300 (no longer offered), DATA 1517, ECON 2201 (no longer offered), ECON 2210, ENST 2006, GEOG 2006, STAT 2601, STAT 2606, and STAT 3502. May not be counted for credit in any program if taken after successful completion of STAT 2559.

Prerequisite(s): an Ontario Grade 12 university-preparation Mathematics or equivalent, or permission of the School of Mathematics and Statistics.

Lectures three hours a week, laboratory one hour a week.

STAT 2509 [0.5 credit]**Introduction to Statistical Modeling II**

A data-driven approach to statistical modeling. Basics of experimental design, analysis of variance, simple linear regression and correlation, nonparametric procedures. A statistical software package will be used.

Includes: Experiential Learning Activity

Precludes additional credit for DATA 1519, ECON 2202, ECON 2220 (no longer offered), ECON 3210, STAT 2602, STAT 2607.

Prerequisite(s): STAT 2507 or STAT 2601 or STAT 2606 or STAT 3502; or permission of the School.

Lectures three hours a week, laboratory one hour a week.

STAT 2559 [0.5 credit]**Basics of Statistical Modeling (Honours)**

Estimation and hypothesis testing for one and two samples, analysis of categorical data, basics of experimental design, analysis of variance, simple linear regression and correlation. Nonparametric procedures. A statistical software package will be used.

Includes: Experiential Learning Activity

Precludes additional credit for DATA 1519.

Prerequisite(s): STAT 2655 or permission of the School.

Lectures three hours a week, tutorial/laboratory one hour a week.

STAT 2601 [0.5 credit]**Business Statistics**

Introduction to statistical computing, descriptive statistics, probability concepts, interval estimation and hypothesis testing, categorical data analysis. Introduction to simple regression, multiple regression, and time series. Emphasis on the development of an ability to interpret results of statistical analyses with applications from business.

Includes: Experiential Learning Activity

Precludes additional credit for BIT 2000, BIT 2009, BIT 2100 (no longer offered), BIT 2300 (no longer offered), DATA 1517, ECON 2201 (no longer offered), ECON 2210, ENST 2006, GEOG 2006, STAT 2507, STAT 2606 (no longer offered) and STAT 3502.

Prerequisite(s): MATH 1009. Restricted to B.Com. and B.I.B students.

Lectures three hours a week and laboratory one hour a week.

STAT 2602 [0.5 credit]**Statistical Models for Business Analytics and Finance**

Analysis of variance, multiple regression (including polynomial regression), logistic and Poisson regression, probit models, time series (including decomposition into components, exponential smoothing, model diagnostics and ARIMA models), Monte Carlo simulation.

Includes: Experiential Learning Activity

Precludes additional credit for DATA 1519, ECON 2220 (no longer offered), STAT 2607 (no longer offered).

Prerequisite(s): STAT 2601.

Lectures three hours a week and laboratory one hour a week.

STAT 2605 [0.5 credit]**Probability Models**

Basic probability; discrete random variables with focus on binomial and Poisson random variables; continuous random variables, transformation theorem, simulating continuous random variables; exponential random variable, normal random variable, sums of random variables, central limit theorem. Elements of Markov chains, and introduction to Poisson processes.

Precludes additional credit for STAT 2655 and STAT 3502.

Prerequisite(s): MATH 1007 or MATH 1004 or MATH 1002 (no longer offered) or MATH 1052, and MATH 1104 or MATH 1107 or MATH 1102 (no longer offered) or MATH 1152. Restricted to students in Bachelor of Computer Science and Bachelor of Mathematics in Computer Mathematics.

Lectures three hours a week, tutorial one hour a week.

STAT 2655 [0.5 credit]**Introduction to Probability with Applications (Honours)**

Probability axioms, basic combinatorial analysis, conditional probability and independence, discrete and continuous random variables, joint and conditional distributions, expectation and moments, probability and moment generating functions, Chebyshev's inequality and weak law of large numbers, central limit theorem, sampling distributions, simulation and applications to descriptive statistics.

Precludes additional credit for STAT 2605.

Prerequisite(s): MATH 2052 with a grade of C+ or higher or MATH 2007 or MATH 1005 with a grade of B+ or higher; and MATH 2152 with a grade of C+ or higher or MATH 2107 with a grade of B+ or higher; or permission of the School.

Lectures three hours a week, tutorial one hour a week.

STAT 2660 [0.5 credit]**Mathematics for Finance (Honours)**

Interest rates, growth of money, discount functions, yield rates, time value of money, annuities, cash flows and portfolios, loans, mortgages, bonds, immunization, swaps, hedging and investment strategies, stocks and financial markets, arbitrage.

Prerequisite(s): i) one of MATH 2052 or MATH 2007 or MATH 1005, grade of C+ or higher; and ii) one of MATH 1152 or MATH 1107 or MATH 1104, grade of C+ or higher; or permission of the School.

Lectures three hours a week, tutorial one hour a week.

STAT 2907 [0.5 credit]**Directed Studies (Honours)**

Available only to Honours students whose program requires a 0.5 credit not offered by the School of Mathematics and Statistics.

STAT 3210 [0.5 credit]**Inferential Data Science Foundations I**

Theoretical foundations to data science using open source software. Empirical distribution functions, point estimation, interval estimation, tests of hypotheses, maximum likelihood and method of moments. Formal tools are developed, and concepts are demonstrated using simulation. Abstract concepts are made concrete through visualization and numerical computation.

Precludes additional credit for STAT 3508, STAT 3558.

Prerequisite(s): MATH 2007 (or MATH 1005 or MATH 2052); and DATA 2500; and DATA 1519 (or STAT 2509 or STAT 2559).

Lectures three hours a week, laboratory one hour a week.

STAT 3502 [0.5 credit]**Probability and Statistics**

Axioms of probability; conditional probability and independence; random variables; distributions: binomial, Poisson, hypergeometric, normal, gamma; central limit theorem; sampling distributions; point estimation: maximum likelihood, method of moments; confidence intervals; testing of hypotheses: one and two populations; engineering applications: acceptance sampling, control charts, reliability.

Includes: Experiential Learning Activity

Precludes additional credit for BIT 2000, BIT 2009, BIT 2100 (no longer offered), BIT 2300 (no longer offered), DATA 1517, ECON 2201 (no longer offered), ECON 2210, STAT 2507, STAT 2605, STAT 2601, and STAT 2606.

Prerequisite(s): MATH 2004 and enrolment in the Faculty of Engineering or B.Sc. programs of the Department of Physics [except Double Honours Mathematics and Physics].

Lectures three hours a week and one hour laboratory.

STAT 3503 [0.5 credit]**Regression Analysis**

Review of simple and multiple regression with matrices, Gauss-Markov theorem, polynomial regression, indicator variables, residual analysis, weighted least squares, variable selection techniques, nonlinear regression, correlation analysis and autocorrelation. Computer packages are used for statistical analyses.

Includes: Experiential Learning Activity

Precludes additional credit for STAT 3553.

Prerequisite(s): i) STAT 2509 or STAT 2602 or STAT 2607 or ECON 2202 or equivalent; and ii) MATH 1152 or MATH 1107 or MATH 1119 or equivalent; or permission of the School.

Lectures three hours a week and one hour laboratory.

STAT 3504 [0.5 credit]**Analysis of Variance and Experimental Design**

Single and multifactor analysis of variance, orthogonal contrasts and multiple comparisons, analysis of covariance; nested, crossed and repeated measures designs; completely randomized, randomized block, Latin squares, factorial experiments, related topics. Computer packages are used for statistical analyses.

Includes: Experiential Learning Activity

Precludes additional credit for STAT 4504.

Prerequisite(s): STAT 3503 or permission of the School.

Lectures three hours a week and one hour laboratory.

STAT 3506 [0.5 credit]**Stochastic Processes and Applications (Honours)**

Conditional probability and conditional expectation; Stochastic modeling; discrete time Markov chains including classification of states, stationary and limiting distributions; exponential distribution and the Poisson processes; queueing models; applications to computer systems, operations research and social sciences. Prerequisite(s): STAT 2655 with a grade of C- or higher; or permission of the School. Lectures three hours a week, tutorial one hour a week.

STAT 3507 [0.5 credit]**Sampling Methodology**

The sample survey as a vehicle for information collection in government, business, scientific and social agencies. Topics include: planning a survey, questionnaire design, simple random, stratified, systematic and cluster sampling designs, estimation methods, problem of non-response, related topics. Includes: Experiential Learning Activity Prerequisite(s): one of: STAT 2507, STAT 2509, STAT 2601, STAT 2602, STAT 2606, STAT 2607, ECON 2201, ECON 2202, ECON 2210, or equivalent; or permission of the School. Lectures three hours a week and one hour laboratory.

STAT 3508 [0.5 credit]**Elements of Probability Theory**

Discrete and continuous distributions, moment-generating functions, marginal and conditional distributions, transformation theory, limiting distributions. Precludes additional credit for ECON 4002, STAT 3210, STAT 3558 and STAT 3608. Prerequisite(s): i) MATH 2008 (or MATH 2004 or MATH 2009); and ii) one of STAT 2507, STAT 2601, STAT 2606, ECON 2200, or ECON 2201 or permission of the School. Lectures three hours a week, tutorial one hour a week.

STAT 3509 [0.5 credit]**Mathematical Statistics**

Point and interval estimation, sufficient statistics, hypothesis testing, chi-square tests with enumeration data.

Precludes additional credit for STAT 3559, STAT 4321. Prerequisite(s): STAT 3508 or permission of the School. Lectures three hours a week, tutorial one hour a week.

STAT 3553 [0.5 credit]**Regression Modeling (Honours)**

Linear regression - theory, methods and application(s). Normal distribution theory. Hypothesis tests and confidence intervals. Model selection. Model diagnostics. Introduction to weighted least squares and generalized linear models. Includes: Experiential Learning Activity Precludes additional credit for STAT 3503. Prerequisite(s): i) STAT 2559 with a grade of C- or higher, or STAT 2509 with a grade of B or higher, or DATA 1519 with a grade of C or higher; and ii) a grade of C- or higher in MATH 1152 or MATH 1107 or MATH 1104; or permission from the School of Mathematics and Statistics. Lectures three hours a week, laboratory one hour a week.

STAT 3558 [0.5 credit]**Elements of Probability Theory (Honours)**

Random variables and moment-generating functions, concepts of conditioning and correlation; laws of large numbers, central limit theorem; multivariate normal distribution; distributions of functions of random variables, sampling distributions, order statistics. Precludes additional credit for ECON 4002, STAT 3210, STAT 3508 and STAT 3608. Prerequisite(s): i) STAT 2655 with a grade of C- or higher; and ii) MATH 2000 with a grade of C- or higher, or (a grade of C+ or higher in MATH 2008 or MATH 2004, and permission of the instructor); or permission of the School. Lectures three hours a week, tutorial one hour a week.

STAT 3559 [0.5 credit]**Mathematical Statistics (Honours)**

Empirical distribution functions, Monte Carlo methods, elements of decision theory, point estimation, interval estimation, tests of hypotheses, robustness, nonparametric methods. Precludes additional credit for STAT 3509, STAT 4321. Prerequisite(s): STAT 3558 with a grade of C- or higher; or (STAT 3508 with a grade of B or higher, and permission of the instructor); or permission of the School. Lectures three hours a week, tutorial one hour a week.

STAT 3660 [0.5 credit]**Actuarial Mathematics I**

Severity, frequency models, loss models, risk measures, value at risk, stochastic processes, Poisson process, characteristics of actuarial models, creating new univariate distributions, heavy-tailed distributions, mixed distributions, coverage modifications. Prerequisite(s): STAT 2655, or permission from the school.

Lectures three hours a week, tutorial one hour a week.

STAT 3661 [0.5 credit]**Life Contingent Risk Modelling I**

Introduction to life insurance; traditional and modern insurance contracts; underwriting; premiums; present value random variable; force of mortality; life tables; insurance benefits; annuities; premium calculation, reserves.

Prerequisite(s): STAT 2660 and STAT 3660, or permission of the School.

Lectures three hours a week, tutorial one hour a week.

STAT 3907 [0.5 credit]**Directed Studies**

Available only to students whose program requires a 0.5 credit not offered by the School of Mathematics and Statistics.

STAT 3999 [0.0 credit]**Co-operative Work Term**

Includes: Experiential Learning Activity

STAT 4321 [0.5 credit]**Inferential Data Science Foundations II**

Inferential data science tools extending to big data using open-source software. Asymptotic properties of likelihoods, parametric and non-parametric approaches, bootstrap, jackknife estimation, frequentist and Bayesian perspectives. Formal tools are developed. Concepts are demonstrated using simulation. Abstract concepts are made concrete through visualization and numerical computation.

Precludes additional credit for STAT 3509 or STAT 3559.

Prerequisite(s): STAT 3210.

Lectures three hours a week, laboratory one hour a week.

STAT 4322 [0.5 credit]**Learning from Big Data**

A data-first tour of advanced statistical models. Focus will be on a series of large real world forecasting and prediction competitions. Tools and workflows for statistical modelling are explored.

Prerequisite(s): DATA 3500 and STAT 3210.

Lectures three hours a week, laboratory one hour a week.

STAT 4500 [0.5 credit]**Parametric Estimation (Honours)**

Preliminaries on probability theory; exact and asymptotic sampling distributions; unbiasedness, consistency, efficiency, sufficiency and completeness; properties of maximum likelihood estimators; least squares estimation of location and scale parameters based on order statistics and sample quantiles; Best Asymptotically Normal (BAN) estimators.

Prerequisite(s): STAT 3559 or permission of the School.

Also offered at the graduate level, with different requirements, as STAT 5600, for which additional credit is precluded.

Lectures three hours a week.

STAT 4501 [0.5 credit]**Probability Theory (Honours)**

Introduction to probability, characteristic functions, probability distributions, limit theorems.

Prerequisite(s): STAT 3506 and STAT 3558 or permission of the School.

Lectures three hours a week.

STAT 4502 [0.5 credit]**Survey Sampling (Honours)**

Basic concepts in sampling from finite populations; simple random sampling; stratified sampling; choice of sampling unit; cluster and systematic sampling; introduction to multistage sampling; ratio estimation; sampling with unequal probabilities and with replacement; replicated sampling; related topics.

Prerequisite(s): i) STAT 2559 or STAT 2509; and ii) either STAT 3559, or a grade of C + or better in STAT 3509; or permission of the School.

Lectures three hours a week.

STAT 4503 [0.5 credit]**Applied Multivariate Analysis (Honours)**

Selected topics in regression and correlation non-linear models. Multivariate statistical methods, principal components, factor analysis, multivariate analysis of variance, discriminant analysis, canonical correlation, analysis of categorical data.

Prerequisite(s): STAT 3553 or (STAT 3509 and STAT 3503) or permission of the School.

Also offered at the graduate level, with different requirements, as STAT 5509, for which additional credit is precluded.

Lectures three hours a week.

STAT 4504 [0.5 credit]**Statistical Design and Analysis of Experiments (Honours)**

An extension of the designs discussed in STAT 2559 to include analysis of the completely randomized design, designs with more than one blocking variable, incomplete block designs, fractional factorial designs, multiple comparisons; and response surface methods.

Includes: Experiential Learning Activity

Precludes additional credit for STAT 3504 and ECON 4706. PSYC 3000 is precluded for additional credit for students registered in a Mathematics program.

Prerequisite(s): STAT 3553 or STAT 3503; or permission of the School of Mathematics and Statistics.

Lectures three hours a week, laboratory one hour a week.

STAT 4506 [0.5 credit]**Nonparametric Statistics (Honours)**

Classical nonparametric techniques; nonparametric density estimation; nonparametric regression analysis: kernel estimators, orthogonal series estimators, smoothing splines; estimation of statistical functionals; nonparametric bootstrap; jackknife; elements of high dimensional statistical inference; multiple testing and false discovery. Statistical software will be used.

Prerequisite(s): STAT 3559 or permission of the School.

Also offered at the graduate level, with different requirements, as STAT 5516, for which additional credit is precluded.

Lectures three hours a week.

STAT 4507 [0.5 credit]**Statistical Inference (Honours)**

Sufficient statistics, simple and composite hypotheses, most powerful and similar region test, distribution-free tests, confidence intervals, goodness-of-fit and likelihood ratio tests, large sample theory, Bayesian and likelihood methods, sequential tests.

Prerequisite(s): STAT 4500 or permission of the School.

Also offered at the graduate level, with different requirements, as STAT 5501, for which additional credit is precluded.

Lectures three hours a week.

STAT 4508 [0.5 credit]**Stochastic Models (Honours)**

Review of discrete Markov chains and Poisson processes; continuous time Markov chains; pure jump Markov processes, and birth and death processes including the Q-matrix approach; the Kolmogorov equations; renewal theory; introduction to Brownian motion; queueing theory.

Prerequisite(s): STAT 3506 or permission of the School.

Also offered at the graduate level, with different requirements, as STAT 5701, for which additional credit is precluded.

Lectures three hours a week.

STAT 4509 [0.5 credit]**Advanced Mathematical Modeling (Honours)**

Real-life situations in the physical, social, and life sciences are often modeled using mathematical tools. This course will examine various models and techniques used in their analysis, e.g., matrix procedures in connection with population models. Students will use a computer package to obtain numerical results.

Prerequisite(s): i) MATH 2454 and STAT 2655 (or MATH 2404 and STAT 2605) and ii) STAT 3506; or permission of the School.

Also offered at the graduate level, with different requirements, as STAT 5601, for which additional credit is precluded.

Lectures three hours a week.

STAT 4555 [0.5 credit]**Monte Carlo Simulation (Honours)**

Basic ideas and algorithms of Monte Carlo; simulation of basic stochastic processes. Brownian motion and the Poisson process, applications to financial modelling, queueing theory. Output analysis; variance reduction. Markov chain Monte Carlo methods; Gibbs sampling, simulated annealing and Metropolis-Hastings samplers with applications.

Includes: Experiential Learning Activity

Precludes additional credit for STAT 3555 (no longer offered).

Prerequisite(s): STAT 3558, or a grade of B or higher in STAT 3508, or permission of the School.

Lectures three hours a week, tutorial/laboratory one hour a week.

STAT 4601 [0.5 credit]**Data Mining I (Honours)**

Data visualization; knowledge discovery in datasets; unsupervised learning: clustering algorithms; dimension reduction; supervised learning: pattern recognition, smoothing techniques, classification. Computer software will be used.

Includes: Experiential Learning Activity

Prerequisite(s): STAT 3553 or STAT 3503 or MATH 3806, or permission of the School.

Lectures three hours a week, laboratory one hour a week.

STAT 4603 [0.5 credit]**Time Series and Forecasting (Honours)**

Time series regression. Nonstationary and stationary time series models. Nonseasonal and seasonal time series models. ARIMA (Box-Jenkins) models. Smoothing methods. Parameter estimation, model identification, diagnostic checking. Forecasting techniques. A statistical software package will be used.

Includes: Experiential Learning Activity

Precludes additional credit for ECON 4713.

Prerequisite(s): STAT 3553 or STAT 3503, or permission of the School.

Lectures three hours a week.

STAT 4604 [0.5 credit]**Statistical Computing (Honours)**

Statistical computing techniques, pseudo-random number generation, tests for randomness, numerical algorithms in statistics; optimization techniques; environments for data analysis, efficient programming techniques; statistics with mainstream software.

Includes: Experiential Learning Activity

Prerequisite(s): STAT 3553 or STAT 3503 or permission of the School.

Lectures three hours a week, laboratory one hour a week.

STAT 4607 [0.5 credit]**Bayesian Statistical Analysis (Honours)**

Probability basics for Bayesian statistics. Bayesian inference for simple exponential families. Markov Chain Monte Carlo for posterior inference. Empirical Bayes. Hierarchical Bayes. Bayesian inference for the multivariate normal model. Bayesian linear regression. More advanced topics may be included. Computer software will be used.

Includes: Experiential Learning Activity

Prerequisite(s): STAT 3553 or permission of the School.

Lectures three hours a week, laboratory one hour a week.

STAT 4660 [0.5 credit]**Actuarial Mathematics II**

Empirical models, complete data, grouped data, credibility theory, failure time, accuracy, kernel estimation, goodness of fit tests, Bayesian analysis, inference for loss models, frequentist estimation, model selection.

Prerequisite(s): STAT 3660 with C+ or higher, or permission of the school.

Lectures three hours a week, tutorial one hour a week.

STAT 4661 [0.5 credit]**Life Contingent Risk Modelling II**

Policy values; multiple state models; formulae for probability; Markov multiple state models; pension mathematics; yield curves; interest rate risk; emerging costs for life insurance; equity linked insurance; deterministic and stochastic pricing; reserving, participating, and universal life insurance.

Precludes additional credit for STAT 3662 (no longer offered).

Prerequisite(s): STAT 3661 with a grade of C+ or higher; or permission of the School.

Lectures three hours a week, tutorial one hour a week.

STAT 4905 [0.5 credit]**Honours Project (Honours)**

Consists of a written report on some approved topic or topics in the field of statistics, together with a short lecture on the report.

Includes: Experiential Learning Activity

Prerequisite(s): B.Math.(Honours) or B.Data Science (Honours) students only.

STAT 4907 [0.5 credit]**Directed Studies (Honours)**

Prerequisite(s): B.Math.(Honours) students only.

Media Production and Design

This section presents the requirements for programs in:

- **Media Production and Design B.M.P.D. Honours**

Program Requirements**Media Production and Design****B.M.P.D. Honours (20.0 credits)****A. Credits Included in the Major (11.0 credits)**

1. 2.0 credits in:		2.0
ITEC 1005 [0.5]	Web Development	
ITEC 1100 [0.5]	Introduction to Interactive Media Design	
MPAD 1001 [0.5]	Introduction to Storytelling: The Context	
MPAD 1002 [0.5]	Introduction to Storytelling: The Practice	
2. 1.0 credits in:		1.0

ITEC 1401 [0.5] & ITEC 2401 [0.5]	Introduction to Scripting and Problem Solving Intermediate Scripting	
Or		
ITEC 1400 [0.5] & ITEC 2400 [0.5]	Introduction to Programming and Problem Solving Intermediate Programming	
3. 3.0 credits in:		3.0
ITEC 2100 [0.5]	Data Visualization	
MPAD 2001 [0.5]	Basics of Visual Communication I	
MPAD 2002 [0.5]	Basics of Visual Communication II	
MPAD 2003 [0.5]	Introductory Data Storytelling	
MPAD 2004 [0.5]	Writing for Media	
MPAD 2501 [0.5]	Media Law	
4. 2.5 credits in:		2.5
ITEC 3100 [0.5]	Immersive Storytelling	
MPAD 3001 [0.5]	Storytelling and Social Media	
MPAD 3002 [0.5]	Civics for Journalists	
MPAD 3003 [0.5]	Minor Design Project	
MPAD 3300 [0.5]	Media Ethics in a Digital World	
5. 1.0 credits in:		1.0
MPAD 4000 [1.0] or MPAD 4906 [1.0]	Capstone Project or Capstone Projects: Translational Approach to Indigenous Community Wellness	
6. 0.5 credit from:		0.5
MPAD 3000 [0.5]	Directed Studies	
MPAD 4001 [0.5]	Media Industries Now and Next	
MPAD 4200 [0.5]	Freelance Media Survival Skills	
MPAD 4300 [0.5]	Special Topic	
MPAD 4400 [0.5]	Directed Studies	
MPAD 4403 [0.5]	Professional Skills: Strategic Communication	
MPAD 4500 [0.5]	Special Topic	
MPAD 4501 [0.5]	Gender, Identity and Inequality	
MPAD 4502 [0.5]	Journalism and Conflict	
MPAD 4503 [0.5]	Journalism, Indigenous Peoples and Canada	
MPAD 4504 [0.5]	The Media and International Development	
7. 0.5 credit from:		0.5
ITEC 4012 [0.5]	Web Application Frameworks	
ITEC 4014 [0.5]	User Experience Design and Accessibility	
ITEC 4015 [0.5]	Designing and Producing Sound	
ITEC 4016 [0.5]	Virtual and Augmented Reality	
ITEC 4019 [0.5]	Directing and Cinematography for Digital Storytelling	
ITEC 4021 [0.5]	Empirical Research Methods in HCI	
8. 0.5 credit from:		0.5
INDG 1010 [0.5]	Indigenous Ways of Knowing	
INDG 1011 [0.5]	Introduction to Indigenous-Settler Encounters	
INDG 2011 [0.5]	Critical Indigenous Studies	
INDG 2012 [0.5]	Anishinaabe Ontologies	
INDG 2013 [0.5]	Haudenosaunee Ontologies	
INDG 2015 [0.5]	Indigenous Relationalities, Kinships, and Knowledges	

INDG 2020 [0.5]	Indigenous Feminisms: Perspectives on Gender, Sex, and Sexualities	
INDG 2709 [0.5]	Indigenous Drama	
INDG 3001 [0.5]	Indigenous Sovereignties	
INDG 3015 [0.5]	Indigenous Cosmologies	
B. Credits Not Included in the Major (9.0 credits)		
9. 9.0 credits in	free electives	9.0
Total Credits		20.0

Bachelor of Media Production and Design Regulations

In addition to the requirements presented here, students must satisfy the University regulations common to all undergraduate students including the process of Academic Continuation Evaluation (consult the *Academic Regulations of the University* section of this Calendar).

0000-Level Courses

Students in the B.M.P.D. program may not count any 0000-level courses for credit toward their degree. Such students may, however, be required to take one or more of these courses to replace missing program prerequisites in which case the courses will be set aside as “no credit for degree” (NCD).

Academic Continuation Evaluation for Bachelor of Media Production and Design (Honours)

Students in the B.M.P.D. (Honours) follow the continuation requirements for Honours programs, as described in Section 3.2.6 of the *Academic Regulations of the University*, with the following addition:

- Students with 15.5 or more program credits completed, but who have a Major CGPA less than 6.00, will be required to leave the B.M.P.D. program with the decision *Required to Withdraw for Two Terms* (WT).

Co-operative Education

For more information about how to apply for the Co-op program and how the Co-op program works please visit the Co-op website.

All students participating in the Co-op program are governed by the Undergraduate Co-operative Education Policy.

Undergraduate Co-operative Education Policy Admission Requirements

Students can apply to Co-op in one of two ways: directly from high school, or after beginning a degree program at Carleton.

If a student applies to a degree program with a Co-op option from high school, their university grades will be reviewed two terms to one year prior to their first work term to ensure they meet the academic requirements after their first or second year of study. The time at which the evaluation takes place depends on the program of study. Students will automatically receive an admission decision via their Carleton email account.

Students who did not request Co-op at the time they applied to Carleton can request Co-op after they begin

their university studies. To view application instructions and deadlines, please visit carleton.ca/co-op.

To be admitted to Co-op, a student must successfully complete 5.0 or more credits that count towards their degree, meet the minimum CGPA requirement(s) for the student's Co-op option, and fulfil any specified course prerequisites. To see the unique admission and continuation requirements for each Co-op option, please refer to the specific degree programs listed in the Undergraduate Calendar.

Participation Requirements

Co-op Participation Agreement

All students must adhere to the policies found within the Co-op Participation Agreement.

COOP 1000

Once a student has been admitted to the Co-op Program, they will be given access to register in COOP 1000. This zero-credit online course must be completed at least two terms prior to the student's first work term.

Communication with the Co-op Office

Students must maintain contact with the Co-op Office during their job search and while on a work term. All email communication will be conducted via the students' Carleton email account.

Employment

Although every effort is made to ensure a sufficient number of job postings for all Co-op students, no guarantee of employment can be made. The Co-op job search process is competitive, and success is dependent upon factors such as current market conditions, academic performance, skills, motivation, and level of commitment to the job search. It is the student's responsibility to apply for positions via the Co-op job board in addition to actively conducting a self-directed job search. Students who do not obtain a co-op work term are expected to continue with their academic studies. It should be noted that hiring priority for positions within the Federal Government of Canada is given to Canadian citizens.

Registration

- Students must be registered as full-time during all fall and winter study terms beginning the term in which they enroll in COOP 1000.
- Students will be registered in a Co-op Work Term course while at work. This course does not carry academic course credit, but is noted on academic transcripts.
- Students may register in a 0.5 credit during a work term, provided the course is offered during the evening or is offered asynchronously online.
- Students must have at least one term of full-time studies left to complete following their final co-op work term. Students cannot end their degree on a work term.

Work Term Assessment and Evaluation

Work Term Evaluation

Employers are responsible for submitting to Carleton University final performance evaluations for their Co-op students at the end of their work terms.

Work Term Assessment

In order to successfully complete the co-op work term, students must receive a Satisfactory (SAT) grade on their Co-op Work Term Report, which they must submit at the completion of each four-month work term.

Graduation with the Co-op Designation

In order to graduate with the Co-op Designation, students must satisfy all requirements of the degree program in addition to the successful completion of three or four work terms (the number is dependent upon the student's academic program). Students found in violation of the Co-op Participation Agreement may have the Co-op Designation withheld.

Note: Participation in the co-op option will add up to one additional year for a student to complete their degree program.

Voluntary Withdrawal from the Co-op Option

Students who are currently on a co-op work term or who have already committed to a co-op work term either verbally or in writing may not leave the position and/or withdraw from the co-op option until they have completed the work term and all related requirements.

Involuntary or Required Withdrawal from the Co-op Option

Students may be removed from the Co-op Program for any of the following reasons:

1. Failure to achieve a grade of SAT in COOP 1000;
2. Failure to attend all interviews for positions to which the student has applied;
3. Declining more than one job offer during the job search;
4. Reneging on a co-op position that the student has accepted either verbally or in writing;
5. Continuing a job search after accepting a co-op position;
6. Dismissal from a work term by the co-op employer;
7. Leaving a work term without approval from the Co-op Management Team;
8. Receipt of an unsatisfactory work term evaluation;
9. Receiving a grade of UNS on the work term report.

International Students

All international students are required to possess a Co-op Work Permit issued by Immigration, Refugees and Citizenship Canada before they can begin working. The Co-operative Education Office will provide students with a letter of support to accompany their Co-op Work Permit application. Students are advised to discuss the application process and application requirements with the International Student Services Office.

Co-op Fees

All participating Co-op students are required to pay Co-op fees. For full details, please see the Co-op website.

Bachelor of Media Production and Design: Co-op Admission and Continuation Requirements

- Maintain full-time status in each study term;
- Be eligible to work in Canada (for off-campus work);
- Have successfully completed COOP 1000 .

In addition to the following:

1. Registered as a full-time student in the B.M.P.D. Honours program;
2. Successfully completed 5.0 or more credits;
3. Successfully completed, by the start-date of the first work term, MPAD 2002;
4. Obtained an Overall CGPA of at least 9.0. This CGPA must be maintained throughout the duration of the degree.

B.M.P.D. Honours students must successfully complete three (3) work terms to obtain the Co-op Designation.

Work Term Course: MPAD 3999

Work/Study Pattern:

Year 1		Year 2		Year 3		Year 4		Year 5	
Term	Pattern	Term	Pattern	Term	Pattern	Term	Pattern	Term	Pattern
Fall	S	Fall	S	Fall	S	Fall	W	Fall	S
Winter	S	Winter	S	Winter	S	Winter	W	Winter	
Summer		Summer	W	Summer	W	Summer	S		

Legend

W: Work

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as recommended, it is not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Degree

- Bachelor of Media Production and Design (B.M.P.D. Honours)

Admission Requirements

First Year

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses.

The six 4U or M courses must include English and one of Advanced Functions, or Calculus and Vectors, or

Mathematics of Data Management. Advanced Functions is recommended.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be Eligible to Continue in their year level, in addition to meeting the CGPA thresholds described in Section 3.1.9 of the Academic Regulations of the University. Advanced standing will be granted only for those assessed to be appropriate for the program.

Co-op Option

Direct Admission to the First Year of the Co-op Option
Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in the Bachelor of Media Production and Design program;
3. be eligible to work in Canada (for off-campus work placements).

Meeting the above requirements only establishes eligibility for admission to the program. The prevailing job market (and thus the availability of co-op placement) may limit enrolment in the co-op option.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are described in the Co-operative Education Regulations section of this Calendar.

Information Technology (ITEC) Courses

ITEC 1005 [0.5 credit]

Web Development

Introduction to Web development. Combining graphics, text, audio, and video to create Web sites; developing different, major working Web sites on an individual basis and in groups, using valid HTML5, cascading style sheets (CSS3), JavaScript and XML structures.

Precludes additional credit for IMD 1005.

Lectures and tutorials five hours a week.

ITEC 1100 [0.5 credit]

Introduction to Interactive Media Design

Introduction to interactive multimedia and design, focused on the production and processes of animation, visual fx, game design and development, web design and development, and user experience/interfaces.

Topics include: mark-up languages, design process/ problem-solving tools, human-centered design, product development, ethics, and copyright and intellectual property.

Precludes additional credit for IMD 1000.

Prerequisite(s): For students not enrolled in CSIT programs.

Lectures three hours a week.

ITEC 1400 [0.5 credit]**Introduction to Programming and Problem Solving**

Introduction to basic concepts of procedural programming and algorithm design in C. Topics include: basic variables, functions, operators, program control with iteration and conditionals, I/O operations, text and file processing, structures, arrays, pointers, debugging, algorithmic thinking and pseudocode, computer architecture, operating systems, and libraries.

Includes: Experiential Learning Activity

Precludes additional credit for BIT 1400, COMP 1005, COMP 1405, ITEC 1401.

Lectures/tutorials six hours a week.

ITEC 1401 [0.5 credit]**Introduction to Scripting and Problem Solving**

Introduction to basic concepts of object-oriented scripting and algorithm design in Python. Topics include: basic variables, functions, operators, program control with iteration and conditionals, I/O operations, text and file processing, arrays, tuples, lists, debugging, algorithms and pseudocode, computer architecture, operating systems, and libraries.

Includes: Experiential Learning Activity

Precludes additional credit for BIT 1400, COMP 1005, COMP 1405, ITEC 1400.

Lectures/tutorials six hours a week.

ITEC 2000 [0.5 credit]**Multimedia Data Management**

Issues involving the back-end organization of information focusing on databases and database design, server-side scripting, the structured query language (SQL), digital rights management, and watermarking.

Precludes additional credit for BIT 2008, IRM 2000 (no longer offered), IMD 2000 (no longer offered).

Prerequisite(s): BIT 1400 or ITEC 1400 or ITEC 1401 and IMD 1005 or IRM 1005 or ITEC 1005.

Lectures and tutorials five hours a week.

ITEC 2100 [0.5 credit]**Data Visualization**

Web-based data visualization techniques and systems. Good design practices for visualization, tools for visualization of data from a variety of fields, and programming of interactive web-based visualizations focusing on JavaScript, CSS, and related libraries.

Includes: Experiential Learning Activity

Also listed as IRM 2006.

Prerequisite(s): ITEC 1005 and ITEC 1400 or ITEC 1401.

Lectures/labs five hours a week.

ITEC 2400 [0.5 credit]**Intermediate Programming**

Introduction to object-oriented programming and algorithm design in C++. Topics include code and data encapsulation using classes and objects, inheritance, polymorphism, object-oriented design, data and code abstraction, program efficiency, user interface objects, event-driven systems, and an introduction to linked-lists and searching.

Includes: Experiential Learning Activity

Precludes additional credit for BIT 2400, COMP 1006, COMP 1406, ITEC 2401.

Prerequisite(s): ITEC 1400.

Lectures three hours a week, tutorial three hours a week.

ITEC 2401 [0.5 credit]**Intermediate Scripting**

Introduction to advanced object-oriented scripting and algorithm design in Python. Topics include class design and encapsulation, inheritance, polymorphism, object-oriented design, data and code abstraction, program efficiency, user interface objects, event-driven systems, and an introduction to linked-lists, sorting, and searching.

Includes: Experiential Learning Activity

Precludes additional credit for BIT 2400, COMP 1006, COMP 1406, ITEC 2400.

Prerequisite(s): ITEC 1401.

Lectures/tutorials six hours a week.

ITEC 3100 [0.5 credit]**Immersive Storytelling**

The craft of digital storytelling, creating compelling online and game-engine packages. Using a variety of narrative formats, interactive tools, and digital content, including blogs and RSS feeds, developing an in-depth story using leading edge technologies and techniques.

Includes: Experiential Learning Activity

Prerequisite(s): MPAD 2004 or CCDP 3003.

Workshop three hours a week.

ITEC 4007 [0.5 credit]**Dynamics and Physics-Based Animation**

This course deals with the essentials of physics-based animations and dynamics; topics include basics of animation mechanics, collision detection, particle systems, and dynamic systems (cloth, fluid, and hair).

Includes: Experiential Learning Activity

Precludes additional credit for IMD 4007 (no longer offered).

Prerequisite(s): BIT 1100 and IMD 3002 or equivalent.

Lecture three hours a week, tutorial two hours a week.

ITEC 4009 [0.5 credit]**Rigging and Advanced Character Animation**

This course covers the elements of rigging and advanced character animation; topics include the basics of forwards/inverse kinematics, controls, and weighting, essentials of human and creature rigging, retargeting, face and body motion capture, and motion studies for advanced keyframe animation.

Includes: Experiential Learning Activity

Prerequisite(s): IMD 3002 and IMD 3900 or equivalent.

Lectures three hours a week, tutorial two hours a week.

ITEC 4010 [0.5 credit]**Visual Effects and Compositing**

This course covers the essentials of Visual FX and compositing, topics include camera setups (motion control systems), set issues, match-moving, image-based lighting, chroma-keying and object extraction, colour correction, 2D tracking, and rotoscoping.

Includes: Experiential Learning Activity

Prerequisite(s): IMD 3002 or equivalent.

Lecture three hours a week, tutorial two hours a week.

ITEC 4011 [0.5 credit]**Artificial Intelligence for Digital Media**

This course covers the basics of artificial intelligence in games and animation, including behaviour and crowd systems (e.g. boids, reciprocal velocity obstacles, social forces, agent-based modelling, cellular automata), path finding and route planning, as well as procedural animation systems.

Includes: Experiential Learning Activity

Prerequisite(s): BIT 2400 or ITEC 2400 or ITEC 2401 or equivalent.

Lecture three hours a week, tutorial two hours a week.

ITEC 4012 [0.5 credit]**Web Application Frameworks**

A detailed look at web application frameworks, focusing client and server-side frameworks that enable more advanced user interactions, including configuration, understanding functionality, and develop with them effectively.

Includes: Experiential Learning Activity

Prerequisite(s): IMD 1005 or ITEC 1005.

Lecture three hours a week, tutorial two hours a week.

ITEC 4014 [0.5 credit]**User Experience Design and Accessibility**

User experience (UX) of interactive systems, including product and service design, usability and UX research. Emphasis on accessibility, with topics including creating accessible systems for users with a range of abilities, accessibility standards, and validation of designs in a practical context.

Includes: Experiential Learning Activity

Prerequisite(s): IMD 3004 or MPAD 1002.

Lecture three hours a week, tutorial two hours a week.

ITEC 4015 [0.5 credit]**Designing and Producing Sound**

Introduces the concepts of digital audio & music specifically how it relates to digital media (games, film, mobile, etc). Topics include, digital audio recording, multitrack production and mixing, foley effects, signal processing for effect, time & spatial variations, and studio recording.

Includes: Experiential Learning Activity

Prerequisite(s): Third-year standing in any degree program.

Lecture three hours a week.

ITEC 4016 [0.5 credit]**Virtual and Augmented Reality**

Design, development, and evaluation of virtual and augmented reality systems. Topics include VR/AR history, applications, hardware (display and input devices), software, interaction techniques for navigation, selection, manipulation, human factors, and empirical validation. Projects will use modern 3D game engines and VR/AR devices.

Includes: Experiential Learning Activity

Prerequisite(s): IMD 2006 or ITEC 3100.

Lecture three hours a week, tutorial two hours a week.

ITEC 4017 [0.5 credit]**Photo and Non-Photo-Realistic Rendering**

This course deals with physically-based rendering methods and techniques in the global illumination field; topics include the rendering equation, ray and path tracing, radiosity rendering, photon mapping, final gather methods, materials and shaders, as well taking a look at non-photo-realistic rendering.

Includes: Experiential Learning Activity

Prerequisite(s): Third-year standing in any degree program.

Lecture three hours a week, tutorial two hours a week.

ITEC 4018 [0.5 credit]**GPU Programming and Real-Time Rendering**

This course deals with the programming of the Graphics Processing Unit (GPU); topics include real-time rendering, shaders, and other advanced programming techniques that utilise single-instruction / multiple thread parallel processing units.

Includes: Experiential Learning Activity

Prerequisite(s): BIT 2400 or equivalent.

Lecture three hours a week, tutorial two hours a week.

ITEC 4019 [0.5 credit]**Directing and Cinematography for Digital Storytelling**

This course covers the basics of being a director in a digital storytelling environment, including the basics of direction, dealing with actors, following scripts, and dealing with elements of cinematography; including lighting, cameras, shade, and shadow.

Includes: Experiential Learning Activity

Prerequisite(s): Third-year standing in any degree program.

Lecture three hours a week, tutorial two hours a week.

ITEC 4020 [0.5 credit]**Environment and Architectural Modelling**

The course deals with the creation, development, and use of assets for digital environments; with specific focus on the workflows associated with scene construction and architectural modelling for a variety of real-time and non-real-time systems.

Includes: Experiential Learning Activity

Prerequisite(s): Third-year standing in any degree program.

Studio five hours a week.

ITEC 4021 [0.5 credit]**Empirical Research Methods in HCI**

Advanced quantitative methods and conducting controlled user studies, statistically analyzing and reporting results in a research paper. Topics include history of empirical HCI, experiment design, hypothesis testing, interaction models, and scientific writing. Students complete a term-long research project.

Includes: Experiential Learning Activity

Prerequisite(s): IMD 3004 or 4th year standing in the BMPD program.

Also offered at the graduate level, with different requirements, as ITEC 5209, for which additional credit is precluded.

Lecture three hours a week.

Media Production and Design (MPAD) Courses**MPAD 1001 [0.5 credit]****Introduction to Storytelling: The Context**

Theories, origins and evolution of story within society as the digital age shapes the way we construct and consume narratives. How stories are conceived through words, sound and images, and how they resonate with and influence audiences.

Lectures three hours a week.

MPAD 1002 [0.5 credit]**Introduction to Storytelling: The Practice**

Finding and telling stories in engaging ways using interactive digital mediums. Assignments build basic skills that may include research, interviewing, writing, storytelling, prototyping, editing, and ethics while focussing on how to structure and develop a fact-based digital media project for dissemination.

Includes: Experiential Learning Activity

Prerequisite(s): MPAD 1001.

Workshop three hours a week.

MPAD 2001 [0.5 credit]**Basics of Visual Communication I**

Introducing visual storytelling through an array of print, digital, and /or interactive media. Students will explore concepts such as visual literacy, rules of composition, and iconography while learning industry-standard software and tools.

Includes: Experiential Learning Activity

Prerequisite(s): MPAD 1002.

Workshop three hours a week.

MPAD 2002 [0.5 credit]**Basics of Visual Communication II**

This course expands on the concepts introduced in MPAD 2001 while introducing additional visual storytelling theories and skills. Students will explore how visual storytelling is incorporated within multimedia projects using a wide range of techniques and tools.

Includes: Experiential Learning Activity

Prerequisite(s): MPAD 2001.

Workshop three hours a week.

MPAD 2003 [0.5 credit]**Introductory Data Storytelling**

Governments use data for tracking. Numbers guide public policy and can become powerful and important stories. Students will gain a theoretical understanding of the promise and pitfalls of data availability alongside the practical skills needed for powerful data-based storytelling.

Includes: Experiential Learning Activity

Prerequisite(s): MPAD 1002.

Workshop three hours a week.

MPAD 2004 [0.5 credit]**Writing for Media**

Honing of essential writing skills while building on students' baseline capabilities. Coursework is based on the principle that the best way to improve technique is through regular writing and editing, supported by constructive critiques.

Includes: Experiential Learning Activity

Prerequisite(s): MPAD 1002.

Workshop three hours a week.

MPAD 2501 [0.5 credit]**Media Law**

A survey of laws that affect the Canadian media. Specific areas include the development of freedom of expression, the Charter of Rights and Freedoms, and statutory and common law limitations on freedoms of the press, including publication bans, libel and contempt of court.

Also listed as COMS 2501, JOUR 2501.

Prerequisite(s): Second-year standing in the Bachelor of Media Production and Design program.

Lectures three hours a week.

MPAD 3000 [0.5 credit]**Directed Studies**

Directed Studies on select topics. Students interested in pursuing this course need to contact a faculty member to discuss a proposed directed study.

Prerequisite(s): Third year standing in Media Production and Design or permission from the School of Journalism and Communication.

Unscheduled.

MPAD 3001 [0.5 credit]**Storytelling and Social Media**

Exploring the different ways social media platforms can be used to tell stories. Through production and/or critiquing of social media content and trends students will learn about social media's impact and how they can be responsible digital citizens.

Includes: Experiential Learning Activity

Prerequisite(s): MPAD 2004.

Lecture three hours a week.

MPAD 3002 [0.5 credit]**Civics for Journalists**

This course offers an overview of key public institutions and civil society organizations in Canada to prepare aspiring journalists to effectively and critically engage with these actors in generating important and illuminating coverage of public affairs.

Also listed as JOUR 2203.

Prerequisite(s): third-year standing in the Bachelor of Media Production and Design or the Bachelor of Journalism, or third-year standing and enrollment in the Minor in News Media and Information.

Lectures three hours a week.

MPAD 3003 [0.5 credit]**Minor Design Project**

Drawing on the theory and case studies presented in the fall, students will create a multimedia project involving the various development stages that will be employed in the final-year capstone project, including research, project management and/or community engagement.

Includes: Experiential Learning Activity

Prerequisite(s): MPAD 2004 and MPAD 3002.

Workshop three hours a week.

MPAD 3300 [0.5 credit]**Media Ethics in a Digital World**

An examination of ethical issues relating to production of news and other forms of information content, particularly as they relate to digital environments. Discussion of various approaches to ethical decision-making, application in contemporary settings.

Also listed as JOUR 3300.

Prerequisite(s): MPAD 2501.

Lectures three hours a week.

MPAD 3501 [0.5 credit]**Internet and Big Data Law**

The legal use of big data to create content and analyze information. Who owns data; privacy and security implications within a legal landscape fraught with legal concerns and policy challenges.

Prerequisite(s): JOUR 2501 or MPAD 2501 and third-year standing in the Bachelor of Media Production and Design or in the Bachelor of Journalism, or third-year standing and enrollment in the Minor in News Media and Information.

Lectures three hours a week.

MPAD 3600 [0.5 credit]**Special Topic**

Examination of a topic in storytelling and media not covered in depth in other courses.

Prerequisite(s): third-year standing in the Bachelor of Media Production and Design program.

Lecture three hours a week.

MPAD 3999 [0.0 credit]**Co-operative Work Term**

Includes: Experiential Learning Activity

Prerequisite(s): MPAD 2002.

MPAD 4000 [1.0 credit]**Capstone Project**

Student groups work in collaboration with partner organizations from the community to develop capstone projects beginning with story development and planning, completion of a story design document including project description, research, key vistas and sketches/storyboards. Group presentations lead to final media project in second term.

Includes: Experiential Learning Activity

Prerequisite(s): MPAD 2002, MPAD 3003, ITEC 2100, ITEC 2400 and fourth-year standing in the Bachelor of Media Production and Design program.

MPAD 4001 [0.5 credit]**Media Industries Now and Next**

Changes in the media, the public's relationship with the media and how journalists, news organizations and other media players respond. Practical issues and challenges in the professional life of an information producer.

Also listed as JOUR 4001.

Prerequisite(s): Fourth-year standing in the Bachelor of Media Production and Design program.

Lectures and discussions three hours a week.

MPAD 4200 [0.5 credit]**Freelance Media Survival Skills**

Preparation for freelancing to publications and production houses. Resumes, finding potential buyers, interviews, establishing and marketing an individual as a business. Pitching stories, ideas and services.

Prerequisite(s): MPAD 2004 and fourth-year standing in the Bachelor of Media Production and Design program.

Lectures three hours a week.

MPAD 4300 [0.5 credit]**Special Topic**

Students will choose a topic from a list of journalism options, to be announced each year.

Also listed as JOUR 4300.

Prerequisite(s): Fourth-year standing in the Bachelor of Media Production and Design program.

Seminar three hours a week.

MPAD 4400 [0.5 credit]**Directed Studies**

Directed study on select topics. Students interested in pursuing this course need to contact a faculty member to discuss a proposed directed study.

Prerequisite(s): Third year standing in Media Production and Design or permission from the School of Journalism and Communication.

Unscheduled.

MPAD 4403 [0.5 credit]**Professional Skills: Strategic Communication**

Workshop pairing student teams with non-profit groups that are in need of strategic communication advice.

Instruction in planning and implementation.

Includes: Experiential Learning Activity

Also listed as JOUR 4403.

Prerequisite(s): MPAD 2004 and fourth year standing.

Lecture and practicum three hours a week.

MPAD 4500 [0.5 credit]**Special Topic**

Examination of a topic in storytelling and media not covered in depth in other courses.

Also listed as JOUR 4500.

Prerequisite(s): Fourth-year standing in the Bachelor of Media Production and Design program.

Seminar three hours a week.

MPAD 4501 [0.5 credit]**Gender, Identity and Inequality**

How social concepts of gender, identity and inequality influence journalism. Theoretical and textual analysis. Historical and contemporary case studies from mainstream and alternative media exploring journalistic expression, professional practices, status and expectations, and cultural representations.

Includes: Experiential Learning Activity

Also listed as JOUR 4501.

Prerequisite(s): fourth-year standing in the Bachelor of Media Production and Design program.

Seminar three hours a week.

MPAD 4502 [0.5 credit]**Journalism and Conflict**

For as long as there has been conflict between peoples, there have been those who bear witness and recount their observations. This course examines journalism and conflict with an emphasis on journalistic perspectives but also through discussion of interdisciplinary literature and academic research.

Includes: Experiential Learning Activity

Also listed as JOUR 4502.

Prerequisite(s): fourth-year standing in the Bachelor of Media Production and Design program.

Seminar three hours a week.

MPAD 4503 [0.5 credit]**Journalism, Indigenous Peoples and Canada**

Students will explore how journalism in Canada has been associated with colonialism, be challenged to confront misrepresentation in the news media, and learn to consider new strategies and ethical frameworks for covering Indigenous people in the era of reconciliation. Includes: Experiential Learning Activity
Precludes additional credit for JOUR 4503 (no longer offered).

Prerequisite(s): fourth-year standing in the Bachelor of Media Production and Design program.
Seminar three hours a week.

MPAD 4504 [0.5 credit]**The Media and International Development**

A critical examination of the use of journalism as an instrument of international development, historically and currently. To what extent have these efforts been successful? On what grounds are they justified? In what regard have they been instruments of propaganda. Includes: Experiential Learning Activity
Also listed as JOUR 4504.

Prerequisite(s): fourth-year standing in the Bachelor of Media Production and Design program.
Seminar three hours a week.

MPAD 4906 [1.0 credit]**Capstone Projects: Translational Approach to Indigenous Community Wellness**

This course involves co-developing an Indigenous community-led process or product that addresses a current and specific mental health issue with students from other departments at Carleton University. Involves working in interdisciplinary groups with a community partner. This course may be taken instead of MPAD 4000. Includes: Experiential Learning Activity
Also listed as ENSC 4909, ISAP 4909, NEUR 4906. Precludes additional credit for ENSC 4906, ISAP 4906, ISAP 4907, ISAP 4908, NEUR 4905, NEUR 4907, NEUR 4908.

Prerequisite(s): MPAD 2002, MPAD 3003, ITEC 2100, ITEC 2400 and fourth-year standing in the Bachelor of Media production and Design program.
Seminars or workshops three hours a week. A field trip to the partner community is typically required.

Medieval and Early Modern Studies (Minor)

Minor in Medieval and Early Modern Studies (4.0 credits)

This minor is available to all undergraduate degree students.

Students are required to present a Minor CGPA of 4.00 or higher at graduation in order to be awarded a Minor in Medieval and Early Modern Studies.

Requirements:

1. 1.0 credit in:		1.0
MEMS 2001 [0.5]	Discovering the Medieval and Early Modern Past	
MEMS 3001 [0.5]	Researching the Medieval and Early Modern Past	
2. 2.0 credits from	Approved Medieval and Early Modern Studies Electives at the 2000-level or higher, with the exception of 1.0 credit in approved language training which may be at the 1000-level or higher.	2.0
3. 1.0 credit from	Approved Medieval and Early Modern Studies Electives at the 3000-level or higher.	1.0
4. The remaining requirements of the major discipline(s) and degree must be satisfied.		
Total Credits		4.0

Notes:

1. Courses used to fulfil **Items 2 and 3** above must be from more than one unit.
2. Other courses may be substituted for the credits specified in **Items 2 and 3**, when material on Medieval and Early Modern topics are central to the course. Such substitutions must be individually approved by the program coordinator, through the College of the Humanities. Students are encouraged to consult course descriptions of Special Topics courses in the related academic units.

Approved Medieval and Early Modern Studies Electives

Note: access to these courses is not guaranteed, and may depend upon space availability and the satisfaction of other requirements such as course prerequisites.

RELI 3232 [0.5]	Christian Discipline
RELI 3340 [0.5]	The Life and Image of Muhammad

Regulations

In addition to the requirements listed here, students must satisfy:

1. the University regulations including the process of Academic Continuation Evaluation (see the Academic Regulations of the University section of this Calendar).

Medieval and Early Modern Studies (MEMS) Courses

MEMS 2001 [0.5 credit]

Discovering the Medieval and Early Modern Past

An introduction to the Late Antique, Medieval and Early Modern worlds. Organized thematically, students will be introduced to interdisciplinary exploration of core topics. Prerequisite(s): second-year standing.

Lectures and discussion groups three hours a week.

MEMS 3001 [0.5 credit]

Researching the Medieval and Early Modern Past

Continued interdisciplinary study of the Late Antique, Medieval and Early Modern worlds, with a focus on how to develop a deeper analysis of the core topics examined in MEMS 2001.

Prerequisite(s): MEMS 2001, or permission of the Program Coordinator.

Lectures three hours a week.

Music

This section presents the requirements for programs in:

- **Music B.Mus. Honours**
- **Music B.A. Honours**
- **Music B.A. Combined Honours**
- **Music B.A.**
- **Minor in Music**
- **Certificate in Carillon Studies**

Program Requirements

Course Categories for Music Programs

Music History and Musicology

MUSI 1020 [1.0]	Thinking About Music
MUSI 2005 [0.5]	Jazz History
MUSI 2007 [0.5]	Popular Music 1945-1980
MUSI 2008 [0.5]	Music of the World's Peoples
MUSI 2009 [0.5]	Music of Asia
MUSI 2102 [0.5]	Music in an Age of Spectacle, Commerce, and Colonization
MUSI 2103 [0.5]	Music in an Age of Order, Invention, and Revolution
MUSI 2108 [0.5]	Western Art Music 1750-1900
MUSI 2203 [0.5]	Music in Canada
MUSI 3006 [0.5]	Popular Music Before 1945
MUSI 3104 [0.5]	Popular Musics of Canada
MUSI 3106 [0.5]	Popular Musics of the World
MUSI 3108 [0.5]	Musics of the Middle East and North Africa
MUSI 3301 [0.5]	Music, Religion, and Spiritual Practices
MUSI 3302 [0.5]	Music and Gender I
MUSI 3400 [0.5]	A History of Opera before 1800
MUSI 3401 [0.5]	A History of Opera from 1800 to 1945
MUSI 3402 [0.5]	Film Music
MUSI 3403 [0.5]	Music Industries
MUSI 3405 [0.5]	Musical Theatre
MUSI 3406 [0.5]	Instrumental Music: Music for Orchestra
MUSI 3407 [0.5]	Instrumental Music: Chamber Music
MUSI 4005 [0.5]	Issues in Jazz Studies
MUSI 4006 [0.5]	Issues in the Study of Popular Music
MUSI 4007 [0.5]	The Composer in Context
MUSI 4102 [0.5]	Ethnomusicology in Theory and Practice
MUSI 4103 [0.5]	Music, Migration and Diaspora in Canada
MUSI 4104 [0.5]	First Peoples Music in Canada
MUSI 4105 [0.5]	Study of Musics in Africa
MUSI 4304 [0.5]	Music and Globalization
MUSI 4306 [0.5]	Music and Wellbeing in a Global Context
MUSI 4908 [1.0]	Honours Essay in Musicology

Theory and Composition

MUSI 1107 [0.5]	Elementary Materials of Music
MUSI 1700 [0.5]	Foundations of Music Theory
MUSI 1701 [0.5]	Tonal Music Literacy
MUSI 1711 [0.5]	Applied Rhythmic Training I

MUSI 2601 [0.5]	Orchestration and Instrumentation
MUSI 2602 [0.5]	Composition I
MUSI 2608 [0.5]	Fundamentals of Electronic Music Production
MUSI 2700 [0.5]	Western Art Music Theory
MUSI 2701 [0.5]	Popular Music Practice
MUSI 2703 [0.5]	Practical Keyboard Skills
MUSI 2710 [0.5]	Aural Training
MUSI 2711 [0.5]	Applied Rhythmic Training II
MUSI 3602 [0.5]	Composition II
MUSI 3700 [0.5]	Seminar in Theory and Analysis
MUSI 3701 [0.5]	Jazz Styles and Structures
MUSI 4602 [0.5]	Composition III
MUSI 4700 [0.5]	Advanced Seminar in Theory and Analysis
MUSI 4701 [0.5]	Introduction to Jazz Arranging
MUSI 4704 [0.5]	Tonal Counterpoint
MUSI 4705 [0.5]	Post-Tonal Theory and Analysis
MUSI 4906 [1.0]	Honours Portfolio in Composition
Performance	
MUSI 1900 [0.5]	Performance I
MUSI 1901 [0.5]	Performance II
MUSI 2900 [0.5]	Performance III
MUSI 2901 [0.5]	Performance IV
MUSI 3900 [0.5]	Performance V
MUSI 3901 [0.5]	Performance VI
Ensemble	
These courses are graded Sat/Uns.	
MUSI 1914 [0.0]	Ensemble I
MUSI 1915 [0.0]	Ensemble II
MUSI 2914 [0.0]	Ensemble III
MUSI 2915 [0.0]	Ensemble IV
MUSI 3914 [0.0]	Ensemble V
MUSI 3915 [0.0]	Ensemble VI

MUSI 4915 [0.0]	Ensemble VIII
Practicum Courses	
MUSI 4800 [0.5]	Practicum in Music
Special Topics	
MUSI 3200 [0.5]	Special Topics
MUSI 3201 [0.5]	Special Topics
MUSI 3205 [0.5]	Specialized Academic Studies
MUSI 3206 [0.5]	Specialized Performance Studies
MUSI 3604 [0.5]	Computer Music Projects
MUSI 4200 [0.5]	Special Topics
MUSI 4201 [0.5]	Special Topics
MUSI 4205 [0.5]	Specialized Academic Studies
MUSI 4206 [0.5]	Specialized Performance Studies
MUSI 4209 [1.0]	Specialized Academic Studies

Prohibited and Restricted Courses

Performance courses are open only to students in the B.Mus. program. All ensemble (choir, jazz, early music, Indian classical music, chamber music, etc.) courses are open (without credit) to members of the public.

Music

B.Mus. Honours (20.0 credits)

A. Credits Included in the Major CGPA (14.5 credits)

1. Performance: 3.0 credits in:	3.0
MUSI 1900 [0.5]	Performance I
MUSI 1901 [0.5]	Performance II
MUSI 2900 [0.5]	Performance III
MUSI 2901 [0.5]	Performance IV
MUSI 3900 [0.5]	Performance V
MUSI 3901 [0.5]	Performance VI
2. Music Theory:	
a. 3.0 credits in:	3.0
MUSI 1700 [0.5]	Foundations of Music Theory
MUSI 1701 [0.5]	Tonal Music Literacy
MUSI 1720 [0.5]	Vocal Musicianship
MUSI 1711 [0.5]	Applied Rhythmic Training I
MUSI 2710 [0.5]	Aural Training
MUSI 2711 [0.5]	Applied Rhythmic Training II
b. 1.0 credit from:	1.0
MUSI 2607 [0.5]	Digital Music Literacy
MUSI 2700 [0.5]	Western Art Music Theory
MUSI 2701 [0.5]	Popular Music Practice
c. 0.5 credit from:	0.5
MUSI 3700 [0.5]	Seminar in Theory and Analysis
MUSI 3701 [0.5]	Jazz Styles and Structures
MUSI 3710 [0.5]	Global Music Theories
MUSI 4700 [0.5]	Advanced Seminar in Theory and Analysis
MUSI 4701 [0.5]	Introduction to Jazz Arranging
MUSI 4704 [0.5]	Tonal Counterpoint
MUSI 4705 [0.5]	Post-Tonal Theory and Analysis
3. Music History and Musicology:	
a. 1.0 credit in:	1.0
MUSI 1020 [1.0]	Thinking About Music
b. 2.0 credits in:	2.0
MUSI 2007 [0.5]	Popular Music 1945-1980
MUSI 2008 [0.5]	Music of the World's Peoples
MUSI 2108 [0.5]	Western Art Music 1750-1900
MUSI 2203 [0.5]	Music in Canada
c. 0.5 credit in Music History and Musicology at the 3000-level	0.5
4. 3.5 credits in MUSI, satisfying:	3.5
a. 1.0 credit in MUSI at the 2000-level	
b. 1.0 credit in MUSI at the 3000-level	
c. 1.5 credits in MUSI at the 4000-level	

B. Credits Not Included in the Major CGPA (5.5 credits)

5. 3.0 credits not in MUSI, not cross-listed with MUSI	3.0
6. 2.5 credits in free electives	2.5

C. Additional Non-Credit Requirements

7. Satisfactory performance in eight Ensemble courses, which may be fulfilled by choir participation or by some other ensemble (see list in Course Categories, above).

Total Credits	20.0
----------------------	-------------

Music

B.A. Honours (20.0 credits)

A. Credits Included in the Major CGPA (10.0 credits)

1. 1.0 credit in:	1.0
MUSI 1020 [1.0] Thinking About Music	
2. 1.5 credits in:	1.5
MUSI 2007 [0.5] Popular Music 1945-1980	
MUSI 2008 [0.5] Music of the World's Peoples	
MUSI 2108 [0.5] Western Art Music 1750-1900	
3. 0.5 credit in Music History and Musicology at the 3000-level	0.5
4. 2.0 credits in MUSI at the 2000-level	2.0
5. 2.0 credits in MUSI at the 3000-level	2.0
6. 2.0 credits in MUSI at the 4000-level	2.0
7. 1.0 credit in MUSI	1.0
B. Credits Not Included in the Major CGPA (10.0 credits)	
8. 8.0 credits in electives not in MUSI, not cross-listed with MUSI	8.0
9. 2.0 credits in free electives	2.0
Total Credits	20.0

Music

B.A. Combined Honours (20.0 credits)

A. Credits Included in the Major CGPA (7.0 credits)

1. Music History and Musicology:	
a. 1.0 credit in:	1.0
MUSI 1020 [1.0] Thinking About Music	
b. 0.5 credit in Music History and Musicology at the 2000-level	0.5
2. 1.5 credits in MUSI at the 2000-level	1.5
3. 2.0 credits in MUSI at the 3000-level	2.0
4. 1.0 credit in MUSI at the 4000-level	1.0
5. 1.0 credit in MUSI	1.0
B. Additional Requirements (13.0 credits)	13.0
6. The requirements from the other discipline must be satisfied	
7. Sufficient free electives to make 20.0 credits total for the program	
Total Credits	20.0

Music

B.A. (15.0 credits)

A. Credits Included in the Major CGPA (7.0 credits)

1. 1.0 credit in:	1.0
MUSI 1020 [1.0] Thinking About Music	
2. 1.0 credit in Music History and Musicology selected from:	1.0
MUSI 2007 [0.5] Popular Music 1945-1980	
MUSI 2008 [0.5] Music of the World's Peoples	
MUSI 2108 [0.5] Western Art Music 1750-1900	
3. 2.0 credits in MUSI at the 2000-level	2.0
4. 2.0 credits in MUSI at the 3000-level	2.0
5. 1.0 credit in MUSI	1.0
B. Credits Not Included in the Major CGPA (8.0 credits)	
6. 6.0 credits in electives not in MUSI, not cross-listed with MUSI	7.0

7. 2.0 credits in free electives	1.0
Total Credits	15.0

Minor in Music (4.0 credits)

Open to all undergraduate degree students not in Music programs.

Students are required to present a Minor CGPA of 4.00 or higher at graduation in order to be awarded a Minor in Music.

Requirements

1. 1.0 credit in:	1.0
MUSI 1020 [1.0] Thinking About Music	
2. 1.0 credit in MUSI at the 2000-level	1.0
3. 1.0 credit in MUSI at the 3000-level	1.0
4. 1.0 credit in MUSI	1.0
5. The remaining requirements of the major discipline(s) and degree must be satisfied.	
Total Credits	4.0

Certificate in Carillon Studies (4.0 credits)

While the Certificate in Carillon Studies may be completed as an independent, stand-alone certificate, all courses taken in completion of the curriculum outlined above may be applied for credit toward the Bachelor of Music or B.A. Music degrees, should a certificate student opt to apply for acceptance to one of these programs. Since the courses are transferable in this way, it will also be possible for students currently enrolled in one of Carleton's undergraduate Music programs to concurrently complete the Certificate in Carillon Studies.

Successful completion requires grades of C or higher in all courses.

Year One (2.0 credits)

Requirements

1. 1.0 credit in Performance Studies:	1.0
MUSI 1900 [0.5] Performance I	
MUSI 1901 [0.5] Performance II	
2. 1.0 credit in:	1.0
MUSI 1020 [1.0] Thinking About Music	

Year Two (2.0 credits)

Requirements

1. 1.0 credit in Performance Studies:	1.0
MUSI 2900 [0.5] Performance III	
MUSI 2901 [0.5] Performance IV	
2. 0.5 credit from:	0.5
MUSI 2203 [0.5] Music in Canada	
MUSI 2602 [0.5] Composition I	
MUSI 3104 [0.5] Popular Musics of Canada	
MUSI 4103 [0.5] Music, Migration and Diaspora in Canada	
MUSI 4104 [0.5] First Peoples Music in Canada	
MUSI 4200 [0.5] Special Topics	
MUSI 4800 [0.5] Practicum in Music	
Music elective as approved by both the Dominion Carillonneur and the Supervisor of Performance Studies	
3. 0.5 credit from:	0.5
MUSI 4201 [0.5] Special Topics	

Total Credits

4.0

Regulations

In addition to the program requirements described here, students must satisfy the University regulations (see the *Academic Regulations of the University* section of this calendar).

B.A. Regulations

The regulations presented below apply to all Bachelor of Arts programs. In addition to the requirements presented here, students must satisfy the University regulations common to all undergraduate students including the process of Academic Continuation Evaluation (consult the *Academic Regulations of the University* section of this Calendar).

First-Year Seminars

B.A. degree students are strongly encouraged to include a First-Year Seminar (FYSM) during their first 4.0 credits of registration. Students are limited to 1.0 credit in FYSM and can only register in a FYSM while they have first-year standing in their B.A. program.

Breadth Requirement

Among the credits presented at graduation, students in both the B.A. and the B.A. Honours degrees and B.Co.M.S. are required to include 3.0 breadth credits, which must include 1.0 credit in three of the four breadth areas identified below. Credits that fulfil requirements in the Major, Minor, Concentration, Specialization, or Stream may also be used to fulfil the Breadth Requirement.

Students admitted with a completed university degree are exempt from breadth requirements.

Students in the following interdisciplinary programs are exempt from the B.A. breadth requirement.

- African Studies
- Criminology and Criminal Justice
- Environmental Studies
- Human Rights
- Human Rights and Social Justice

Breadth Area 1: Culture and Communication

American Sign Language, Art History, Art and Culture, Communication and Media Studies, Digital Humanities, English, Film Studies, French, Journalism, Media Production and Design, Music, and Languages (Arabic, English as a Second Language, German, Greek, Hebrew, Indigenous Languages, Italian, Japanese, Korean, Latin, Mandarin, Portuguese, Russian, Spanish)

Subject codes: ARAB, ARTH, ASLA, CHIN, COMS, DIGH, ENGL, ESLA, FILM, FINS, FREN, GERM, GREK, HEBR, ITAL, JAPA, JOUR, KORE, LANG, LATN, MPAD, MUSI, PORT, RUSS, SPAN

Breadth Area 2: Humanities

African Studies, Applied Linguistics and Discourse Studies, Archaeology, Canadian Studies, Child Studies, Classical Civilization, Critical Race Studies, Directed

Interdisciplinary Studies, Disability Studies, Environmental and Climate Humanities, European and Russian Studies, History, Human Rights and Social Justice, Humanities, Indigenous Studies, Latin American and Caribbean Studies, Linguistics, Medieval and Early Modern Studies, Philosophy, Religion, Sexuality Studies, South Asian Studies, and Women's and Gender Studies.

Subject codes: AFRI, ALDS, ARCY, CDNS, CHST, CLCV, CRST, DBST, DIST, EACH, EURR, HIST, HRSJ, HUMR, HUMS, INDG, LACS, LING, MEMS, PHIL, RELI, SAST, SXST, WGST

Breadth Area 3: Science, Engineering, and Design

Architecture, Biology, Chemistry, Computer Science, Data Science, Earth Sciences, Engineering, Environmental Science, Food Science and Nutrition, Health Sciences, Industrial Design, Information Resource Management, Information Technology (BIT), Information Technology (ITEC), Interactive Multimedia and Design, Interdisciplinary Science and Practice, Mathematics, Neuroscience, Network Technology, Nursing, Optical Systems and Sensors, Photonics, Statistics, Physics, and Technology, Society, Environment.

Subject codes: ACSE, AERO, ARCC, ARCH, ARCN, ARCS, ARCU, BIOC, BIOL, BIT, CHEM, CIVE, COMP, CSEC, DATA, ECOR, ELEC, ENSC, ENVE, EARTH, FOOD, HLTH, IDES, IMD, IRM, ISAP, ISCI, ISCS, ISYS, ITEC, MAAE, MATH, MECH, MECT, NET, NEUR, NSCI, NURS, OSS, PHYS, PLT, SREE, STAT, SYSC, TSES

Breadth Area 4: Social Sciences

Anthropology, Business, Cognitive Science, Criminology and Criminal Justice, Economics, Environmental Studies, Geography, Geomatics, Global and International Studies, Global Politics, Interdisciplinary Public Affairs, International Affairs, Law, Migration and Diaspora Studies, Political Management, Political Science, Psychology, Public Administration, Public Affairs and Policy Management, Social Work, Sociology/Anthropology, Sociology

Subject codes: ANTH, BUSI, CGSC, CRCJ, ECON, ENST, GEOG, GEOM, GINS, GPOL, INAF, IPAF, LAWS, MGDS, PADM, PAMP, POLM, PSCI, PSYC, SOCI, SOWK

Declared and Undeclared Students

Degree students are considered "Undeclared" if they have been admitted to a degree, but have not yet selected and been accepted into a program within that degree.

The status "Undeclared" is available only in the B.A. and B.Sc. degrees. Undeclared students must apply to enter a program upon or before completing 3.5 credits.

Change of Program Within the B.A. Degree

To transfer to a program within the B.A. degree, applicants must normally be *Eligible to Continue* (EC) in the new program, by meeting the CGPA thresholds described in Section 3.1.9 of the *Academic Regulations of the University*.

Applications to declare or change programs within the B.A. degree online must be made online through Carleton Central by completing a Change of Program Elements (COPE) application form within the published deadlines.

Acceptance into a program, or into a program element or option, is subject to any enrollment limitations, as well as specific program, program element, or option requirements as published in the relevant Calendar entry.

Minors, Concentrations, and Specializations

Students may add a Minor, Concentration, or Specialization by completing a Change of Program Elements (COPE) application form online through Carleton Central. Acceptance into a Minor, Concentration, or Specialization normally requires that the student be *Eligible to Continue* (EC) and is subject to any specific requirements of the intended Minor, Concentration, or Specialization as published in the relevant Calendar entry and in Section 3.1.9 of the *Academic Regulations of the University*.

Mention : français

Students registered in certain B.A. programs may earn the diploma notation *Mention : français* by completing part of their program requirements in French, and by demonstrating knowledge of the history and culture of French Canada. The general requirements are listed below. For more specific details, consult the departmental program entries.

Students in a B.A. Honours program must present:

- 1.0 credit in French language;
- 1.0 credit devoted to the history and culture of French Canada;
- 1.0 credit at the 2000- or 3000-level in the Honours discipline taken in French; and
- 1.0 credit at the 4000-level in the Honours discipline taken in French.

Students in a B.A. program must present:

- 1.0 credit in advanced French;
- 1.0 credit devoted to the history and culture of French Canada;
- 1.0 credit at the 2000- or 3000-level in the Major discipline taken in French.

Students in Combined Honours programs must fulfil the *Mention : français* requirement in both disciplines.

Courses taught in French (Items 3 and 4, above) may be taken at Carleton, at the University of Ottawa on the Exchange Agreement, or at a francophone university on a Letter of Permission. Students planning to take courses on exchange or on a Letter of Permission should take careful note of the residence requirement for a minimum number of Carleton courses in their programs. Consult the *Academic Regulations of the University* section of this Calendar for information regarding study on exchange or Letter of Permission.

Academic Continuation Evaluation for Bachelor of Music

Students in the Bachelor of Music (Honours) follow the continuation requirements for Honours programs, as described in Section 3.2.6 of the *Academic Regulations*

of the University, with the following additions and amendments:

- Students with 15.5 or more program credits completed, but who have a Major CGPA less than 6.00, will be required to leave the B. Music program with the decision *Continue in Alternate* (CA).
- The Bachelor of Music defines a Performance Core consisting of the following courses:

MUSI 1900 [0.5]	Performance I
MUSI 1901 [0.5]	Performance II
MUSI 2900 [0.5]	Performance III
MUSI 2901 [0.5]	Performance IV
MUSI 3900 [0.5]	Performance V
MUSI 3901 [0.5]	Performance VI

- Bachelor of Music students who fail to obtain a grade of B- or higher in any two consecutive performance courses at the 2000- and/or 3000-level, or in any two consecutive attempts at the same 2000-level and/or 3000-level performance course, in credits 5.5 to 15.0 must leave the program with the status *Continue in Alternate* (CA).

Admissions Information

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite

averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as recommended, it is not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admission Requirements

Degrees

- Bachelor of Arts (B.A.) (Honours)
- Bachelor of Arts (B.A.)

First Year

For B.A. and B.A. (Honours)

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include a 4U course in English (or *anglais*). Applicants submitting an English language test to satisfy the requirements of the English Language Proficiency section of this Calendar may use that test to also satisfy the 4U English prerequisite requirement.

Biology

For the major in Biology in the B.A. program, in addition to the 4U English, a 4U course in Chemistry is required. Advanced Functions, and Calculus and Vectors are recommended.

Criminology and Criminal Justice

Access to the CCJ B.A. degree is limited to students already registered in the CCJ B.A. Honours who apply to transfer, and to graduates of the Algonquin College Police Foundations program.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be Eligible to Continue in their year level, in addition to meeting the CGPA thresholds described in Section 3.1.9 of the Academic Regulations of the University. Advanced standing will be granted only for those subjects assessed as being appropriate for the program and the stream selected.

Co-op Option

Direct Admission to the 1st Year of the Co-op Option

Co-op is available for the following Majors in the B.A. (Honours) degree: Anthropology, English, Environmental Studies, European and Russian Studies, French, Geography, Geomatics, History, Law, Political Science, Psychology, Sociology.

Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in the Bachelor of Arts Honours with one of the majors listed above;
3. be eligible to work in Canada (for off-campus work placements).

Meeting the above requirements only establishes eligibility for admission to the program. The prevailing job market may limit enrolment in the co-op option. Students should also note that hiring priority is given to Canadian citizens for co-op positions in the Public Service Commission.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are described in the Co-operative Education Regulations section of this Calendar.

Advanced Standing

B.A. and B.A. (Honours) Program

Applications for admission to the second or subsequent years will be assessed on their merits. Advanced standing will be granted only for those courses that are determined to be appropriate.

Admissions Information

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Consult admissions.carleton.ca for further details.

Note: If a course is listed as recommended, it is not mandatory for admission. Students who do not follow

the recommendations will not be disadvantaged in the admission process.

Degree

- B.Mus. (Honours)

Admission Requirements

First Year

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. Although it is not an admission requirement, a 4U course in English is recommended.

Note: An audition is required; for more information on the audition, consult admissions.carleton.ca.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be Eligible to Continue in their year level, in addition to meeting the CGPA thresholds described in Section 3.1.9 of the Academic Regulations of the University. Advanced standing will be granted only for those courses assessed as being appropriate for the program selected.

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admission Requirements

To be eligible for admission to the Certificate in Carillon Studies, applicants must have:

- Successful audition (a minimum piano proficiency level equivalent to Royal Conservatory of Music Grade 9 is expected);
- Grade II Theory Rudiments, Royal Conservatory of Music (or equivalent);
- Approval of the relevant SSAC/Music Associate Performance Instructor (normally the Dominion Carillonneur);
- Approval of the Music Program.

Music (MUSI) Courses

Note: the majority of courses are open to non-Majors; students are advised to consult the Discipline. Priority is given to Music students.

MUSI 1003 [0.5 credit]

Understanding Music

Through musical examples drawn from diverse cultures and historical periods, students develop the ability to describe and analyze different aspects of music and deepen their appreciation of music as a cultural experience. No credit for students in B.Mus, B.A. Honours Music or B.A. Music.

Lectures three hours a week.

MUSI 1020 [1.0 credit]

Thinking About Music

Introduction to issues and methods in the study of music, explored through case studies drawing from a wide range of musics (including Western art music, global music traditions, popular music, and jazz). Includes an introduction to writing and research about music.

Precludes additional credit for MUSI 1000 (no longer offered), MUSI 1001 (no longer offered), MUSI 1002 (no longer offered).

Prerequisite(s): First-year enrollment in a music program (B.Mus, Music BA Honours, Music BA Combined Honours, Music BA, Minor in Music, Certificate in Carillon Studies).

Lectures two hours a week. Tutorials 1 hour a week.

MUSI 1107 [0.5 credit]

Elementary Materials of Music

An introduction to the rudiments of music and aural training. Successful completion of this course will fulfill the prerequisite for entry into MUSI 1700.

Lectures three hours a week.

MUSI 1700 [0.5 credit]

Foundations of Music Theory

An introduction to the organizational principles underlying tonal music including intervals, scales, rhythm, metre, chords, counterpoint, form, cadences, and harmonic progressions.

Prerequisite(s): MUSI 1107, or permission of the Discipline.

Lectures three hours a week.

MUSI 1701 [0.5 credit]

Tonal Music Literacy

A study of the harmonic, melodic, rhythmic and formal structures of music of the common-practice period, with emphasis on the development of analytical and written skills of diatonic music.

Prerequisite(s): MUSI 1700 or permission of the Discipline.

Lectures three hours a week.

MUSI 1711 [0.5 credit]**Applied Rhythmic Training I**

A study of the rhythm of selected classical, popular, and world musics, with emphasis on applied performance, movement, and dictation.

Includes: Experiential Learning Activity

Prerequisite(s): permission of the Discipline.

Lectures and workshops three hours a week.

MUSI 1720 [0.5 credit]**Vocal Musicianship**

A study of aural training and musicianship through group and individual singing of selected classical, popular, and world musics.

Includes: Experiential Learning Activity

Precludes additional credit for MUSI 1710 (no longer offered).

Prerequisite(s): permission of the Discipline.

Lectures and workshops three hours a week.

MUSI 1900 [0.5 credit]**Performance I**

Individual vocal or instrumental instruction in classical, traditional or popular idioms, in addition to individual performances and group class instruction.

Includes: Experiential Learning Activity

Prerequisite(s): audition and enrolment in the B.Mus. program; first-year standing or permission of the Discipline.

Lectures and workshops three hours a week.

MUSI 1901 [0.5 credit]**Performance II**

Individual vocal or instrumental instruction in classical, traditional or popular idioms, in addition to individual performances and group class instruction.

Includes: Experiential Learning Activity

Prerequisite(s): MUSI 1900 and enrolment in the B.Mus. program; first-year standing or permission of the Discipline.

Lectures and workshops three hours a week.

MUSI 1914 [0.0 credit]**Ensemble I**

Participation in a vocal or instrumental ensemble, by arrangement with the Supervisor of Performance Studies. Graded Sat/Uns.

Includes: Experiential Learning Activity

Prerequisite(s): first-year standing in the B.Mus. program and permission of the Ensemble Director.

Ensemble work approximately two hours a week throughout either the fall or winter term and participation in concerts.

MUSI 1915 [0.0 credit]**Ensemble II**

A continuation of MUSI 1914. Participation in a vocal or instrumental ensemble, by arrangement with the Supervisor of Performance and Practical Studies. Graded Sat/Uns.

Includes: Experiential Learning Activity

Prerequisite(s): first-year standing in the B.Mus. program and permission of the Ensemble Director.

Ensemble work approximately two hours a week throughout either the fall or winter term and participation in concerts.

MUSI 2005 [0.5 credit]**Jazz History**

A survey of jazz styles from their roots in pre-twentieth-century music to contemporary jazz idioms. Among others, areas may include New Orleans jazz, swing, bebop, cool jazz, free jazz, Latin jazz, and fusion.

Precludes additional credit for MUSI 2205.

Prerequisite(s): second-year standing.

Lectures three hours a week.

MUSI 2007 [0.5 credit]**Popular Music 1945-1980**

History and style of popular musics (primarily in North America and the UK) from the mid-1940s to the 1980s. Among others, areas may include early rock 'n' roll, British blues, soul, country, psychedelia, punk, heavy metal, disco, and hip hop.

Precludes additional credit for MUSI 2207, MUSI 2208, MUSI 2209.

Prerequisite(s): second-year standing.

Lectures three hours a week.

MUSI 2008 [0.5 credit]**Music of the World's Peoples**

A survey of musical practices from various regions of the world, with an emphasis on the sociocultural contexts in which those musics are created and performed.

Includes: Experiential Learning Activity

Precludes additional credit for MUSI 2300.

Prerequisite(s): second-year standing.

Lectures three hours a week.

MUSI 2009 [0.5 credit]**Music of Asia**

A comparative and analytical study of music in Asia, including India, China, Korea, Indonesia, Japan, and the Arabic world, through an examination of the music, musical instruments and theoretical systems.

Precludes additional credit for MUSI 2301.

Prerequisite(s): second-year standing.

Lectures three hours a week.

MUSI 2102 [0.5 credit]**Music in an Age of Spectacle, Commerce, and Colonization**

The Baroque (1600-1750) was simultaneously shaped by absolutist regimes, competing religions, and an emerging public sphere. Music and culture from Monteverdi to Bach and Handel are investigated in the contexts of power, (geo)politics, religion, aesthetics, gender, socio-economics, dissemination, genre, and compositional practices.

Precludes additional credit for MUSI 2001.

Prerequisite(s): second-year standing.

Lectures three hours a week.

MUSI 2103 [0.5 credit]**Music in an Age of Order, Invention, and Revolution**

Peace and revolution, faith and secularism, noble privilege and bourgeois commerce: fundamental contradictions underlying the creative work of Mozart, Haydn, and Beethoven. This course studies their compositions—operas, sacred works, symphonies, chamber music—within the political, social and cultural institutions of their times (ca. 1730-1815).

Precludes additional credit for MUSI 2002, MUSI 2108.

Prerequisite(s): second-year standing.

Lectures three hours a week.

MUSI 2108 [0.5 credit]**Western Art Music 1750-1900**

Introduction to Western art music of the Classical and Romantic periods. Major musical genres, compositional practices, and cultural contexts are investigated through examinations of representative works.

Precludes additional credit for MUSI 1001 (no longer offered), MUSI 2103, MUSI 3408.

Prerequisite(s): Second-year standing.

Lectures three hours a week.

MUSI 2203 [0.5 credit]**Music in Canada**

Through an examination of selected genres, practices and creators, this course explores the ways that music participates in shaping complex and often conflicting ideas about nation, place, and identity in Canada.

Precludes additional credit for MUSI 2006 (no longer offered), MUSI 3006, MUSI 3103 (no longer offered).

Prerequisite(s): Second-year standing.

Lectures three hours a week.

MUSI 2601 [0.5 credit]**Orchestration and Instrumentation**

Introduction to the fundamentals of effective and professional arranging. All aspects of the various instruments of the orchestra and matters having to do with the practicalities of orchestration for both small and large ensembles, and accepted professional standards of score presentation.

Prerequisite(s): MUSI 1701 and MUSI 1711, or permission of the instructor.

Lecture three hours a week.

MUSI 2602 [0.5 credit]**Composition I**

Introduction to theories and technicalities involved in original creative writing through the preparation of individual assignments; based in the practice of recent music in the Western Classical tradition while allowing for the music of other Western styles and traditions to be addressed.

Includes: Experiential Learning Activity

Prerequisite(s): MUSI 1701 and MUSI 1711, or permission of the instructor. MUSI 2601 is recommended.

Lectures and workshops three hours a week.

MUSI 2605 [0.5 credit]**Choral Conducting**

Introduction to the special stylistic features of choral music from the Renaissance to the present as well as to a variety of practical techniques (vocal production, gesture, conducting patterns, diction, etc.).

Includes: Experiential Learning Activity

Prerequisite(s): second-year standing in the B.Mus. program or permission of the instructor.

Lectures three hours a week.

MUSI 2607 [0.5 credit]**Digital Music Literacy**

Introduction to music theories and approaches with a focus on knowledge of digital music practices. This course embraces a variety of musical styles and traditions, and introduces students to Digital Audio Workstations, sound synthesis, analytical techniques of sound, and related concepts.

Includes: Experiential Learning Activity

Precludes additional credit for MUSI 2609 (no longer offered).

Prerequisite(s): MUSI 1700 and enrolment in the BMus or BA Music program, or permission of the instructor.

Lectures three hours a week.

MUSI 2608 [0.5 credit]**Fundamentals of Electronic Music Production**

Theory and practice of electronic music creation, focusing on audio editing, synthesis, sampling, beat-making, signal processing, and sound design, using a variety of professional-grade software packages.

Includes: Experiential Learning Activity

Precludes additional credit for MUSI 2603 (no longer offered).

Prerequisite(s): MUSI 2607 and enrolment in the BMus or BA Music program, or permission of the instructor.

Lectures three hours a week, plus individual studio time.

MUSI 2700 [0.5 credit]**Western Art Music Theory**

A continuation of the study of the harmonic, melodic, rhythmic and formal structures of music of the common-practice period and early twentieth century, with emphasis on chromaticism and the development of analytical and written skills.

Prerequisite(s): MUSI 1701 or permission of the instructor.

Lectures three hours a week.

MUSI 2701 [0.5 credit]**Popular Music Practice**

A study of the rhythmic, melodic, harmonic and formal structures of popular musics.

Prerequisite(s): MUSI 1700 or permission of the instructor.

Lectures three hours a week.

MUSI 2703 [0.5 credit]**Practical Keyboard Skills**

A practical study of rhythm, harmony and melody on the keyboard, with an emphasis on vocal and instrumental accompaniment and the development of improvisation skills in a variety of styles.

Includes: Experiential Learning Activity

Prerequisite(s): MUSI 1701 or permission of the instructor.

Labs three hours a week.

MUSI 2710 [0.5 credit]**Aural Training**

A continuation of the study of ear training, sight singing, and basic keyboard skills in relation to classical and popular musics, with emphasis on melodic, harmonic, and formal structures.

Includes: Experiential Learning Activity

Prerequisite(s): MUSI 1710, MUSI 1720, or permission of the instructor.

Lectures three hours a week.

MUSI 2711 [0.5 credit]**Applied Rhythmic Training II**

A continuation of the study of the rhythm of common-practice and world musics, with emphasis on applied performance, movement, and dictation.

Includes: Experiential Learning Activity

Prerequisite(s): MUSI 1700, MUSI 1711.

Lectures and workshops three hours per week.

MUSI 2900 [0.5 credit]**Performance III**

A continuation of MUSI 1901.

Includes: Experiential Learning Activity

Prerequisite(s): second-year standing in the B.Mus.

program and MUSI 1901 with a C+ or higher, or

permission of the Discipline.

MUSI 2901 [0.5 credit]**Performance IV**

A continuation of MUSI 2900.

Includes: Experiential Learning Activity

Prerequisite(s): second-year standing in the B.Mus.

program and MUSI 2900 with a B- or higher, or permission of the Discipline.

MUSI 2914 [0.0 credit]**Ensemble III**

A continuation of MUSI 1915. Participation in a vocal or instrumental ensemble, by arrangement with the Supervisor of Performance and Practical Studies. Graded Sat/Uns.

Includes: Experiential Learning Activity

Prerequisite(s): second-year standing in the B.Mus. program and permission of the Ensemble Director.

Ensemble work approximately two hours a week through either the fall or winter term, and participation in concerts.

MUSI 2915 [0.0 credit]**Ensemble IV**

A continuation of MUSI 2914. Participation in a vocal or instrumental ensemble, by arrangement with the Supervisor of Performance and Practical Studies. Graded Sat/Uns.

Includes: Experiential Learning Activity

Prerequisite(s): second-year standing in the B.Mus. program and permission of the Ensemble Director.

Ensemble work approximately two hours a week throughout either the fall or winter term and participation in concerts.

MUSI 3000 [0.5 credit]**Careers in Music**

An introduction to building a career in music and music-adjacent disciplines. Topics include finances; issues in freelance work and private teaching; overview of recording arts; collaboration with other disciplines; and graduate school and other specialized study. Culminates in the creation of an individualized professional portfolio.

Prerequisite(s): second-year standing.

Lectures and workshops three hours per week.

MUSI 3006 [0.5 credit]**Popular Music Before 1945**

Selected aspects of the development of popular musics (primarily in North American and the UK) from their roots in the nineteenth century until the mid-1940s. Among others, areas may include blues, country, ragtime and other early commercial dance musics, Tin Pan Alley, and musical theatre.

Precludes additional credit for MUSI 2006 (no longer offered), MUSI 2203.

Prerequisite(s): second-year standing.

Lectures three hours a week.

MUSI 3104 [0.5 credit]**Popular Musics of Canada**

A survey of popular musics in Canada from early colonial times to the present. The course will consider a wide range of musical styles and genres, along with related cultural and historical issues.

Precludes additional credit for MUSI 3100.

Prerequisite(s): second-year standing.

Lectures three hours a week.

MUSI 3106 [0.5 credit]**Popular Musics of the World**

Through a series of case studies, this course examines the impacts of various socio-historical phenomena, including globalization, colonialism and technology on popular music practice and consumption in global contexts.

Prerequisite(s): second-year standing.

Lectures three hours a week.

MUSI 3107 [0.5 credit]**Classical Indian Music**

An introduction to the history and theory of classical Indian music including ragas, instruments, rhythm and improvisation.

Includes: Experiential Learning Activity

Prerequisite(s): second-year standing, or permission of the instructor.

Lectures three hours a week.

MUSI 3108 [0.5 credit]**Musics of the Middle East and North Africa**

An examination of various musics, devotional traditions, and shifting cultural and art movements in the region, resulting from processes of globalization, political change, and technological innovation. Course sessions will include close and critical discussion of selected texts, audio-visual examples, and ethnomusicological documentary films.

Prerequisite(s): second-year standing.

Seminars three hours a week.

MUSI 3200 [0.5 credit]**Special Topics**

Courses focusing on one selected aspect of music, in the area of musicology, theory or composition. The course offerings change from year to year.

Prerequisite(s): permission of the instructor.

Lectures and seminars three hours a week.

MUSI 3201 [0.5 credit]**Special Topics**

Courses focusing on one selected aspect of music, in the area of musicology, theory or composition. The course offerings change from year to year.

Prerequisite(s): permission of the instructor.

Lectures and seminars three hours a week.

MUSI 3205 [0.5 credit]**Specialized Academic Studies**

Course designed for BMus or BA Music Honours students who have acquired an extensive background through courses in theory, musicology, or composition. Course content is planned with a Faculty Supervisor, and instruction is one-on-one.

Prerequisite(s): Proposal, permission of the Program, and a minimum GPA of 9.0 in Music.

Individual instruction.

MUSI 3206 [0.5 credit]**Specialized Performance Studies**

Course designed for BMus Honours students who have acquired an extensive background through performance. Course content is planned with the Supervisor of Performance Studies, and instruction is one-on-one.

Prerequisite(s): Proposal, permission of the Program, and a minimum GPA of 9.0 in Music.

Individual instruction.

MUSI 3301 [0.5 credit]**Music, Religion, and Spiritual Practices**

Through various case studies, this course considers the role music plays in selected religions and spiritual practices.

Also listed as RELI 3301.

Prerequisite(s): second-year standing.

Seminars three hours a week.

MUSI 3302 [0.5 credit]**Music and Gender I**

The role of gender in the theory and practice of music in western and non-western cultures.

Prerequisite(s): second-year standing.

Lectures three hours a week.

MUSI 3303 [0.5 credit]**Principles and Practices of Music Therapy**

Literature, practice and theory of music therapy. The use of music (improvisation, the voice, and reception) with various populations, including children and adults with special needs, people in long term care, people with neurological disorders, and in palliative care.

Prerequisite(s): second-year standing or permission of the instructor.

Lectures three hours a week.

MUSI 3400 [0.5 credit]**A History of Opera before 1800**

A survey of the development of opera from the beginnings to about 1800. The major monuments of Italian, French, German and English opera, by such composers as Monteverdi, Cavalli, Scarlatti, Purcell, Lully, Gluck, Rameau, Mozart and Haydn.

Prerequisite(s): second-year standing.

Lectures three hours a week.

MUSI 3401 [0.5 credit]**A History of Opera from 1800 to 1945**

A study of romantic and contemporary opera through an examination of selected works from Weber's *Der Freischütz* to Britten's *Peter Grimes*, including an investigation of national styles from Wagnerian music drama and Italian verismo to Russian realism and German expressionism.

Prerequisite(s): second-year standing.

Lectures three hours a week.

MUSI 3402 [0.5 credit]**Film Music**

The use of music in film, from the silent era to the present day, studying the techniques, styles and theory of film music through the examination of selected scenes.

Also listed as FILM 3402.

Prerequisite(s): second-year standing.

Lectures three hours a week, screening two hours a week.

MUSI 3403 [0.5 credit]**Music Industries**

An introduction to the structure and history of the music industries.

Also listed as COMS 3404.

Prerequisite(s): second-year standing.

Lectures three hours a week.

MUSI 3405 [0.5 credit]**Musical Theatre**

A survey of the styles, works, and artists of the musical theatre genre as well as the artistic elements that comprise musical theatre.

Prerequisite(s): second-year standing.

Lectures three hours a week.

MUSI 3406 [0.5 credit]**Instrumental Music: Music for Orchestra**

Origins and development of orchestral music from its beginnings as an independent form in the 18th century to the present. Major symphonies and symphonic poems by composers like Haydn, Beethoven, Liszt, Brahms, Strauss, and Shostakovich. Brief examination of concerto and ballet music.

Prerequisite(s): second-year standing.

Lectures three hours a week.

MUSI 3407 [0.5 credit]**Instrumental Music: Chamber Music**

History of chamber music and the cultural contexts within which it rose to prominence in Europe and North America in the 18th, 19th and 20th centuries. Genres by representative composers including the sonata, duos, trios, quartets, quintets, sextets, divertimenti, and works for small chamber orchestra.

Prerequisite(s): second-year standing.

Lectures three hours a week.

MUSI 3408 [0.5 credit]**Music in an Age of Passion, Imagination, and Iconoclasm**

This course examines European art music of the nineteenth century, a revolutionary period of socio-political change when inspiration, subjectivity, radical idealism, expressive intensity, cultural nationalism, and the primacy of the individual creative voice were held up as primary aesthetic ideals.

Precludes additional credit for MUSI 2108.

Prerequisite(s): Third-year standing or permission of the instructor.

Seminars three hours a week.

MUSI 3409 [0.5 credit]**Music in an Age of Tumult, Innovation, and Pluralism**

A study of western art music of the 20th century. Musical works, compositional techniques and performance practices are examined in the context of musical innovation, social change, political upheaval, and stylistic pluralism in a rapidly changing "modern" world.

Prerequisite(s): Third-year standing or permission of the instructor.

Seminars three hours a week.

MUSI 3602 [0.5 credit]**Composition II**

Designed to enable students to develop abilities in the writing of original music. The study and appreciation of modern and contemporary styles and techniques are encouraged.

Includes: Experiential Learning Activity

Precludes additional credit for MUSI 3600 (no longer offered).

Prerequisite(s): MUSI 2601, MUSI 2602, and MUSI 2700, or permission of the instructor.

Lectures, workshops, and individual consultations three hours a week.

MUSI 3603 [0.5 credit]**Computer Music Techniques**

An introduction to the techniques of sound synthesis primarily through practical experience at the digital synthesizer and computer. The basics of machine operations, software and computer applications to composition and synthesis. Enrolment is limited.

Includes: Experiential Learning Activity

Prerequisite(s): second-year standing, MUSI 2608 and enrolment in the BMus or BA Music program, or permission of the instructor.

Lectures three hours a week, plus individual studio time.

MUSI 3604 [0.5 credit]**Computer Music Projects**

Examination of the various applications of digital equipment through the realization of original projects. Students may focus on studio composition, software development or analytic research. Appropriate compositional techniques and problem solving strategies are also discussed. Enrolment is limited.

Includes: Experiential Learning Activity

Prerequisite(s): second-year standing, and either MUSI 2603 (no longer offered) or MUSI 2608, or permission of the instructor.

Lectures three hours a week, plus individual studio time.

MUSI 3605 [0.5 credit]**Instrumental Conducting**

Introduction to the practice of conducting Instrumental music from the Classical era to the present as well as to a variety of practical techniques (rehearsal techniques, gesture, conducting patterns, score study, etc.).

Includes: Experiential Learning Activity

Prerequisite(s): second-year standing in the B.Mus. program or permission of the instructor.

MUSI 3606 [0.5 credit]**Live Sound**

Theoretical, practical and technical requirements of audio production in live settings are explored through lectures, demonstrations and workshops. Students develop skills in critical listening, pre-production planning, microphone selection and placement, signal routing, audio processing, monitoring and mixing for live event venues.

Prior experience not required.

Includes: Experiential Learning Activity

Lectures and workshops three hours a week.

MUSI 3700 [0.5 credit]**Seminar in Theory and Analysis**

Selected topic in music theory. Topics will change yearly and may include: methods of music analysis, analysis of selected works, styles and structures of common practice or post common practice period, music, modal, tonal, or post-tonal counterpoint, history of music theory.

Precludes additional credit for MUSI 3500.

Prerequisite(s): MUSI 2700 or permission of the instructor.

Seminars three hours a week.

MUSI 3701 [0.5 credit]**Jazz Styles and Structures**

Techniques of arranging and composition for small and large ensembles will be studied through the examination of selected works drawn from the jazz repertoire. Works will be selected for stylistic and theoretical analysis, for exercises in aural recognition, and for arranging purposes.

Includes: Experiential Learning Activity

Precludes additional credit for MUSI 4203 (taken in 1994-95) or MUSI 4204 (taken in 1995-96).

Prerequisite(s): MUSI 2701 or permission of the instructor.

Workshops three hours a week.

MUSI 3702 [0.5 credit]**Introduction to Physics and Psychoacoustics of Music**

Basic topics in physics and psychoacoustics, with an emphasis on those concepts that are most useful for music performance, analysis, composition, and musicology.

Prerequisite(s): second-year standing.

Lectures three hours a week.

MUSI 3703 [0.5 credit]**Improvisation in Theory and Practice**

Selected forms of improvisation from diverse musical and cultural traditions. In addition to weekly seminar meetings, the class will engage in experiential forms of learning by actively improvising in a weekly performance-oriented seminar.

Includes: Experiential Learning Activity

Prerequisite(s): third-year standing.

Discussion and performance seminars three hours a week.

MUSI 3710 [0.5 credit]**Global Music Theories**

A continuation of the study of aural skills, theory and analysis that focuses on global traditions in musicianship and musical practices.

Includes: Experiential Learning Activity

Prerequisite(s): MUSI 1700, MUSI 2710 and MUSI 2711, or permission of the instructor.

Lectures and workshops three hours per week.

MUSI 3900 [0.5 credit]**Performance V**

A continuation of MUSI 2901.

Includes: Experiential Learning Activity

Prerequisite(s): third-year standing in B. Mus. and MUSI 2901 with a B- or higher, or permission of the Discipline.

MUSI 3901 [0.5 credit]**Performance VI**

A continuation of MUSI 3900.

Includes: Experiential Learning Activity

Prerequisite(s): third-year standing in the B.Mus. program and MUSI 3900 with a B- or higher, or permission of the Discipline.

MUSI 3914 [0.0 credit]**Ensemble V**

A continuation of MUSI 2915. Participation in a vocal or instrumental ensemble, by arrangement with the Supervisor of Performance and Practical Studies. Graded Sat/Uns.

Includes: Experiential Learning Activity

Prerequisite(s): third-year standing in the B.Mus. program and permission of the Ensemble Director.

Ensemble work approximately two hours a week throughout either the fall or winter term and participation in concerts.

MUSI 3915 [0.0 credit]**Ensemble VI**

A continuation of MUSI 3914. Participation in a vocal or instrumental ensemble, by arrangement with the Supervisor of Performance and Practical Studies. Graded Sat/Uns.

Includes: Experiential Learning Activity

Prerequisite(s): third-year standing in the B.Mus. program and permission of the Ensemble Director.

Ensemble work approximately two hours a week throughout either the fall or winter term and participation in concerts.

MUSI 4000 [0.5 credit]**Performance VII**

This is an optional performance course for B.Mus. students with high academic standing.

Includes: Experiential Learning Activity

Precludes additional credit for MUSI 4900, MUSI 4901, MUSI 4907.

Prerequisite(s): fourth-year standing in B.Mus., MUSI 3901, A- or higher average in second- and third-year MUSI performance courses, and permission of the Music performance supervisor.

Individual instruction.

MUSI 4001 [0.5 credit]**Performance VIII**

This is an optional performance course for B.Mus. students with high academic standing.

Includes: Experiential Learning Activity

Precludes additional credit for MUSI 4002, MUSI 4003, MUSI 4900 (no longer offered), MUSI 4901, MUSI 4907.

Prerequisite(s): fourth-year standing in B.Mus. standing, MUSI 4000 with A- or higher, and permission of the Music performance supervisor.

Individual instruction.

MUSI 4002 [0.5 credit]**Graduating Demo Recording**

A graduation recording of substantial duration arranged in consultation with the discipline. A proposal must be submitted one week before the last day for course changes. All recording costs must be borne by the student.

Includes: Experiential Learning Activity

Precludes additional credit for MUSI 4001, MUSI 4003, MUSI 4900 (no longer offered), MUSI 4901 (no longer offered), MUSI 4907.

Prerequisite(s): fourth-year standing in B.Mus., MUSI 4000 with a grade of A- or higher, and permission of both the relevant associate music instructor and the music performance supervisor.

Individual instruction.

MUSI 4003 [0.5 credit]**Graduating Recital**

Public recital arranged in consultation with the Supervisor of Performance and Practical Studies. An outline of the program must be submitted one week before the last day for course changes.

Includes: Experiential Learning Activity

Precludes additional credit for MUSI 4001, MUSI 4002, MUSI 4900, MUSI 4901, MUSI 4907.

Prerequisite(s): fourth-year standing in B.Mus., MUSI 4000 with A- or higher, and permission of both the relevant associate music instructor and the Music performance supervisor.
Individual instruction.

MUSI 4005 [0.5 credit]**Issues in Jazz Studies**

An examination of key issues in the study of jazz including history/historiography, gender, genre, race, politics, identity and performance.

Prerequisite(s): MUSI 2005 and third-year standing.

MUSI 4006 [0.5 credit]**Issues in the Study of Popular Music**

An introduction to current issues in the study of popular music. The course will be organized around a series of case studies.

Prerequisite(s): Third-year standing, and at least one of MUSI 2005 or MUSI 2007.

Seminars three hours a week.

MUSI 4007 [0.5 credit]**The Composer in Context**

Examination of the life and music of a selected composer, and the historical, social, cultural, and political factors that shaped the context within which they worked. Focus on history, biography, musical style and analysis.

Prerequisite(s): Fourth-year standing or permission of the instructor.

Lectures and seminars three hours a week.

MUSI 4102 [0.5 credit]**Ethnomusicology in Theory and Practice**

In this course students learn and apply research methods common to ethnomusicological research, developing an individual ethnographic project that draws on critical contemporary theories in ethnomusicology.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year standing, or permission of the instructor.

Seminars three hours a week.

MUSI 4103 [0.5 credit]**Music, Migration and Diaspora in Canada**

Critical analyses of diversity and multiculturalism narratives in Canada and the ways that settler-colonialism influenced and continues to inform music creation and expression. Various case studies examine the diversity of musics found in Canada and the ways that music facilitates belonging and/or exclusion to community.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year standing or permission of the instructor.

Also offered at the graduate level, with different requirements, as MUSI 5015, for which additional credit is precluded.

Seminars three hours a week.

MUSI 4104 [0.5 credit]**First Peoples Music in Canada**

This course examines the role of Indigenous music and musicians in various contemporary issues and priorities for First Peoples in Canada, including political activism, language and cultural maintenance and revitalization, environmental justice and the land, reconciliation and decolonization.

Prerequisite(s): fourth-year standing or permission of the instructor.

Also offered at the graduate level, with different requirements, as MUSI 5016, for which additional credit is precluded.

Seminars three hours a week.

MUSI 4105 [0.5 credit]**Study of Musics in Africa**

This course explores musics in Africa, engaging with issues of colonialism, ownership and copyright, politics and protest, social change, and global relationships.

Prerequisite(s): third year standing, or permission of the instructor.

Lectures and seminars three hours a week.

MUSI 4200 [0.5 credit]**Special Topics**

Courses focusing on one selected aspect of music, in the area of either musicology, theory or composition. The course offerings change from year to year.

Prerequisite(s): permission of the instructor.

Lectures and seminars three hours a week.

MUSI 4201 [0.5 credit]**Special Topics**

Courses focusing on one selected aspect of music, in the area of either musicology, theory or composition. Course offerings change from year to year.

Prerequisite(s): permission of the instructor.

Lectures and seminars three hours a week.

MUSI 4205 [0.5 credit]**Specialized Academic Studies**

Course designed for BMus or BA Music Honours students who have acquired an extensive background through courses in theory, musicology, or composition. Course content is planned with a Faculty Supervisor, and instruction is one-on-one. Prerequisite(s): Proposal, permission of the Program, and a minimum GPA of 9.0 in Music. Individual instruction.

MUSI 4206 [0.5 credit]**Specialized Performance Studies**

Course designed for BMus Honours students who have acquired an extensive background through performance. Course content is planned with the Supervisor of Performance Studies, and instruction is one-on-one. Prerequisite(s): Proposal, permission of the Program, and a minimum GPA of 9.0 in Music. Individual instruction.

MUSI 4209 [1.0 credit]**Specialized Academic Studies**

A course designed for BMus or BA Music Honours students who have acquired an extensive background through courses in theory, musicology or composition. Course content is planned with a Faculty Supervisor, and instruction is one-on-one. Prerequisite(s): Proposal, permission of the Program, and a minimum GPA of 9.0 in Music.

MUSI 4304 [0.5 credit]**Music and Globalization**

Examining music's role in the multifaceted and complex processes of globalization. Drawing on case studies of "world musics", this course explores how sound and music negotiate histories of post/colonialism, cultural and economic imperialism, and constructions of sameness and difference in "world music" contexts. Prerequisite(s): fourth-year standing or permission of the instructor. Also offered at the graduate level, with different requirements, as MUSI 5017, for which additional credit is precluded. Seminars three hours a week.

MUSI 4306 [0.5 credit]**Music and Wellbeing in a Global Context**

An examination of the ways in which music contributes to mental, social and physical wellbeing throughout the world, drawing from the fields of neuroscience, medical ethnomusicology, community music and cross-cultural studies. Prerequisite(s): fourth-year standing or permission of the instructor. Seminar three hours a week.

MUSI 4307 [0.5 credit]**Music in an Age of Power, Plague, and Courtly Love**

The music of the "dark ages" is illuminated in the context of politics, spectacle, devotion, celebration, compositional process, manuscript culture, dissemination, musical notation, plague, and courtly love. "Medievalism" is examined as an aesthetic of the era (ca. 400-1400) and as reinterpreted in our modern world. Prerequisite(s): Fourth-year standing or permission of the instructor. Seminar three hours a week.

MUSI 4308 [0.5 credit]**Music in an Age of Devotion, Seduction, and Rebirth**

This course brings to life the Renaissance (1400-1600), when music played a vital role in lavish courts, grand cathedrals, and vibrant cities. Madrigals, masses, and motets are examined in the context of politics, religion, gender, manuscript and print culture, rhetoric, art, and architecture. Prerequisite(s): Fourth-year standing or permission of the instructor. Seminar three hours a week.

MUSI 4602 [0.5 credit]**Composition III**

A continuation of MUSI 3602, focusing on the development of creative individual approaches to music composition. Includes: Experiential Learning Activity. Precludes additional credit for MUSI 3600 (no longer offered). Prerequisite(s): MUSI 3602, or permission of the instructor. Lectures, workshops, and individual consultations three hours a week.

MUSI 4700 [0.5 credit]**Advanced Seminar in Theory and Analysis**

A study of a selected topic in music theory. Topics will change yearly and may include: methods of music analysis; analysis of selected works; styles and structures of common practice or post common practice period music; modal, tonal, or post-tonal counterpoint; history of music theory.

Prerequisite(s): MUSI 2700 or permission of the instructor.
Seminars three hours a week.

MUSI 4701 [0.5 credit]**Introduction to Jazz Arranging**

The art of arranging for small and large jazz ensembles is introduced through analysis of recordings by artists such as Duke Ellington, Fletcher Henderson, Count Basie, Rob McConnell, and Maria Schneider. Topics may include 2-, 3-, and 4-voice writing in a jazz idiom.

Prerequisite(s): MUSI 3701 or permission of the instructor.
Seminars three hours a week.

MUSI 4702 [0.5 credit]**Topics in Music Perception and Cognition**

Selected advanced topics in the perception and cognition of music. Where appropriate, emphasis will be placed upon areas of overlap between psychological research and issues in aesthetics and cultural theory.

Prerequisite(s): third-year standing and MUSI 3702, or permission of the department.
Seminars three hours a week.

MUSI 4704 [0.5 credit]**Tonal Counterpoint**

This course deals with the development of writing skills and knowledge of counterpoint as manifest in the Baroque era. Topics may include invention, canon, fugue, dance forms, the compositional language of J. S. Bach, and contrapuntal techniques in the late 18th century and beyond.

Prerequisite(s): MUSI 2700, or permission of the instructor.

Lectures and seminars three hours a week.

MUSI 4705 [0.5 credit]**Post-Tonal Theory and Analysis**

Fundamentals of post-tonal music theory and analysis. Neo-tonal, atonal, twelve-tone and third-stream jazz. Students will develop the critical skills to understand these theoretical tools and be conversant with some of the aesthetic precepts associated with them.

Prerequisite(s): MUSI 2700 or permission of the instructor.
Lectures and seminars three hours a week.

MUSI 4800 [0.5 credit]**Practicum in Music**

Practical experience in music-specific projects such as recording studios, librarianship, research, multimedia, etc. at local institutions. Placements are planned with the Practica Supervisor and a proposal is required. A maximum of one credit of practicum may be offered in fulfillment of Music requirements.

Includes: Experiential Learning Activity

Prerequisite(s): BMus or BA Music Honours students with third or fourth-year standing and minimum 9.0 CGPA.

MUSI 4906 [1.0 credit]**Honours Portfolio in Composition**

The course requires the composition of an original work of substantial proportions, with an accompanying analytical paper. Course content is planned with a Faculty Supervisor, and instruction is one-on-one.

Includes: Experiential Learning Activity

Precludes additional credit for MUSI 4600.

Prerequisite(s): Fourth -year standing, MUSI 3602, proposal, permission of the Program.

MUSI 4908 [1.0 credit]**Honours Essay in Musicology**

An Honours research essay of approximately 50 pages. Course content is planned with a Faculty Supervisor, and instruction is one-on-one.

Includes: Experiential Learning Activity

Prerequisite(s): Fourth-year standing, minimum 10.0 CGPA, proposal, and permission of the Program.

MUSI 4909 [1.0 credit]**Portfolio in New Media**

The course requires the creation of an original work (or works) of substantial proportions using applications in the electronic studios. A high level of independence and originality will be required. Course content is planned with a Faculty Supervisor, and instruction is one-on-one.

Includes: Experiential Learning Activity

Prerequisite(s): Fourth-year standing, proposal, and permission of the Program.

MUSI 4914 [0.0 credit]**Ensemble VII**

A continuation of MUSI 3915. Participation in a vocal or instrumental ensemble, by arrangement with the Supervisor of Performance and Practical Studies. Graded Sat/Uns.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year standing in the B.Mus.

program and permission of the Ensemble Director.

Ensemble work approximately two hours a week throughout either the fall or winter term and participation in concerts.

MUSI 4915 [0.0 credit]**Ensemble VIII**

A continuation of MUSI 4914. Participation in a vocal or instrumental ensemble, by arrangement with the Supervisor of Performance and Practical Studies. Graded Sat/Uns.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year standing in the B.Mus.

program and permission of the Ensemble Director.

Ensemble work approximately two hours a week throughout either the fall or winter term participation in concerts.

Nanoscience

This section presents the requirements for programs in:

- **Nanoscience B.Sc. Honours**

Program Requirements**Nanoscience****B.Sc. Honours (20.0 credits)****A. Credits Included in the Major CGPA (11.5 credits)****1. 5.0 credits in:** 5.0

CHEM 1011 [0.5] Enriched General Chemistry 1

CHEM 1012 [0.5] Enriched General Chemistry 2

CHEM 2103 [0.5] Physical Chemistry I

CHEM 2104 [0.5] Physical Chemistry II

CHEM 2501 [0.5] Introduction to Inorganic and Bioinorganic Chemistry

CHEM 3107 [0.5] Experimental Methods in Nanoscience

CHEM 3503 [0.5] Inorganic Chemistry I

CHEM 3600 [0.5] Introduction to Nanotechnology

CHEM 4908 [1.0] Research Project and Seminar

2. 1.0 credit from: 1.0

CHEM 2203 [0.5] Organic Chemistry I

CHEM 2204 [0.5] Organic Chemistry II

CHEM 2302 [0.5] Analytical Chemistry I

CHEM 2303 [0.5] Analytical Chemistry II

3. 1.0 credit from: 1.0

CHEM 4103 [0.5] Surface Chemistry and Nanostructures

CHEM 4104 [0.5] Physical Methods of Nanotechnology

CHEM 4201 [0.5] Macromolecular Nanotechnology

4. 4.0 credits in: 4.0

ELEC 2501 [0.5] Circuits and Signals

ELEC 2507 [0.5] Electronics I

ELEC 3105 [0.5] Electromagnetic Fields

ELEC 3908 [0.5] Physical Electronics

ELEC 3909 [0.5] Electromagnetic Waves

ELEC 4609 [0.5] Integrated Circuit Design and Fabrication

ELEC 4700 [0.5] The Physics and Modeling of Advanced Devices and Technologies

ELEC 4704 [0.5] Nanoscale Technology and Devices

5. 0.5 credit from: 0.5

ELEC 2607 [0.5] Switching Circuits

ELEC 3509 [0.5] Electronics II

B. Credits Not Included in the Major CGPA (8.5 credits)**6. 2.5 credits in:** 2.5

MATH 1004 [0.5] Calculus for Engineering or Physics

MATH 1005 [0.5] Differential Equations and Infinite Series for Engineering or Physics

MATH 1104 [0.5] Linear Algebra for Engineering or Science

MATH 2004 [0.5] Multivariable Calculus for Engineering or Physics

STAT 3502 [0.5] Probability and Statistics

7. 1.0 credit in: 1.0

PHYS 1003 [0.5] Introductory Mechanics and Thermodynamics

PHYS 1004 [0.5] Introductory Electromagnetism and Wave Motion

8. 1.5 credits in science at the 2000-level or higher 1.5**9. 0.5 credit in science at the 2000-level or higher (not CHEM)** 0.5**10. 0.5 credit in:** 0.5

ISAP 1000 [0.5] Seminar in Science

11. 1.5 credits in approved courses outside the faculties of Science and Engineering and Design 1.5**12. 1.0 credit in free electives** 1.0

Total Credits 20.0

B.Sc. Regulations

The regulations presented in this section apply to all Bachelor of Science programs. In addition to the requirements presented here, students must satisfy the University regulations common to all undergraduate students including the process of Academic Continuation Evaluation (see the *Academic Regulations of the University* section of this Calendar).

Breadth Requirement for the B.Sc.

Students in a Bachelor of Science program must present the following credits at graduation:

- 2.0 credits in Science Continuation courses not in the major discipline; **students completing a double major are considered to have completed this requirement providing they have 2.0 credits in Science Continuation courses in each of the two majors;**

2. 2.0 credits in courses outside of the faculties of Science and Engineering and Design (may include ISAP 1000)

In most cases, the requirements for individual B.Sc. programs, as stated in this Calendar, contain these requirements, explicitly or implicitly.

Students admitted to B.Sc. programs by transfer from another institution must present at graduation (whether taken at Carleton or elsewhere):

1. 2.0 credits in courses outside of the faculties of Science and Engineering and Design (may include ISAP 1000) if the student received fewer than 10.0 transfer credits; or,
2. 1.0 credit in courses outside of the faculties of Science and Engineering and Design (may include ISAP 1000) if the student received 10.0 or more transfer credits.

Declared and Undeclared Students

Degree students are considered "Undeclared" if they have been admitted to a degree, but have not yet selected and been accepted into a program within that degree. The status "Undeclared" is available only in the B.A. and B.Sc. degrees. Undeclared students must apply to enter a program upon or before completing 3.5 credits.

Change of Program within the B.Sc. Degree

To transfer to a program within the B.Sc. degree, applicants must normally be *Eligible to Continue* (EC) in the new program, by meeting the CGPA thresholds described in Section 3.1.9 of the *Academic Regulations of the University*.

Applications to declare or change programs within the B.Sc. degree must be made online through Carleton Central by completing a Change of Program Elements (COPE) application form within the published deadlines. Acceptance into a program, or into a program element or option, is subject to any enrolment limitations, and/or specific program, program element or option requirements as published in the relevant Calendar entry.

Minors, Concentrations, and Specializations

Students may add a Minor, Concentration, or Specialization by completing a Change of Program Elements (COPE) application form online through Carleton Central. Acceptance into a Minor, Concentration, or Specialization normally requires that the student be *Eligible to Continue* (EC) and is meeting the minimum CGPAs described in Section 3.1.9 of the *Academic Regulations of the University*, as well as being subject to any specific requirements of the intended Minor, Concentration, or Specialization as published in the relevant Calendar entry.

Experimental Science Requirement

Students in a B.Sc. degree program must present at graduation at least two full credits of Experimental Science chosen from two different departments or institutes from the list below:

Approved Experimental Science Courses

Biochemistry

BIOC 2200 [0.5]	Cellular Biochemistry
BIOC 4001 [0.5]	Methods in Biochemistry
BIOC 4201 [0.5]	Advanced Cell Culture and Tissue Engineering

Biology

BIOL 1103 [0.5]	Foundations of Biology I
BIOL 1104 [0.5]	Foundations of Biology II
BIOL 2001 [0.5]	Animals: Form and Function
BIOL 2002 [0.5]	Plants: Form and Function
BIOL 2104 [0.5]	Introductory Genetics
BIOL 2200 [0.5]	Cellular Biochemistry
BIOL 2600 [0.5]	Ecology

Chemistry

CHEM 1001 [0.5]	General Chemistry I
CHEM 1002 [0.5]	General Chemistry II
CHEM 2103 [0.5]	Physical Chemistry I
CHEM 2203 [0.5]	Organic Chemistry I
CHEM 2204 [0.5]	Organic Chemistry II
CHEM 2302 [0.5]	Analytical Chemistry I
CHEM 2303 [0.5]	Analytical Chemistry II
CHEM 2800 [0.5]	Foundations for Environmental Chemistry

Earth Sciences

ERTH 1002 [0.5]	The Earth and Life Odyssey: A Journey Through Billions of Years
ERTH 2102 [0.5]	Mineralogy to Petrology
ERTH 2404 [0.5]	Engineering Geoscience
ERTH 2802 [0.5]	Field Geology I
ERTH 3111 [0.5]	Vertebrate Evolution: Mammals, Reptiles, and Birds
ERTH 3112 [0.5]	Vertebrate Evolution: Fish and Amphibians
ERTH 3204 [0.5]	Mineral Deposits
ERTH 3205 [0.5]	Physical Hydrogeology

Food Sciences

FOOD 3001 [0.5]	Food Chemistry
FOOD 3002 [0.5]	Food Analysis
FOOD 3005 [0.5]	Food Microbiology

Geography

GEOG 1010 [0.5]	Global Environmental Systems
GEOG 3108 [0.5]	Soil Properties

Neuroscience

NEUR 3206 [0.5]	Sensory and Motor Neuroscience
NEUR 3207 [0.5]	Systems Neuroscience
NEUR 4600 [0.5]	Advanced Lab in Neuroanatomy

Physics

PHYS 1001 [0.5]	Foundations of Physics I
PHYS 1002 [0.5]	Foundations of Physics II
PHYS 1003 [0.5]	Introductory Mechanics and Thermodynamics
PHYS 1004 [0.5]	Introductory Electromagnetism and Wave Motion
PHYS 1007 [0.5]	Elementary University Physics I
PHYS 1008 [0.5]	Elementary University Physics II
PHYS 2202 [0.5]	Wave Motion and Optics
PHYS 2604 [0.5]	Modern Physics I

PHYS 3007 [0.5]	Third Year Physics Laboratory: Selected Experiments and Seminars
PHYS 3606 [0.5]	Modern Physics II
PHYS 3608 [0.5]	Modern Applied Physics

Course Categories for B.Sc. Programs

Science Geography Courses

GEOG 1010 [0.5]	Global Environmental Systems
GEOG 2006 [0.5]	Introduction to Quantitative Research
GEOG 2013 [0.5]	Weather and Water
GEOG 2014 [0.5]	The Earth's Surface
GEOG 3003 [0.5]	Quantitative Geography
GEOG 3010 [0.5]	Field Methods in Physical Geography
GEOG 3102 [0.5]	Geomorphology
GEOG 3103 [0.5]	Watershed Hydrology
GEOG 3104 [0.5]	Principles of Biogeography
GEOG 3105 [0.5]	Climate and Atmospheric Change
GEOG 3106 [0.5]	Aquatic Science and Management
GEOG 3108 [0.5]	Soil Properties
GEOG 4000 [0.5]	Field Studies
GEOG 4005 [0.5]	Directed Studies in Geography
GEOG 4013 [0.5]	Cold Region Hydrology
GEOG 4017 [0.5]	Global Biogeochemical Cycles
GEOG 4101 [0.5]	Two Million Years of Environmental Change
GEOG 4103 [0.5]	Water Resources Engineering
GEOG 4104 [0.5]	Microclimatology
GEOG 4108 [0.5]	Permafrost

Science Psychology Courses

PSYC 2001 [0.5]	Introduction to Research Methods in Psychology
PSYC 2002 [0.5]	Introduction to Statistics in Psychology
PSYC 2700 [0.5]	Introduction to Cognitive Psychology
PSYC 3000 [1.0]	Design and Analysis in Psychological Research
PSYC 3506 [0.5]	Cognitive Development
PSYC 3700 [1.0]	Cognition (Honours Seminar)
PSYC 3702 [0.5]	Perception
PSYC 2307 [0.5]	Human Neuropsychology I
PSYC 3307 [0.5]	Human Neuropsychology II

Science Continuation Courses

A course at the 2000 level or above may be used as a Science Continuation credit in a B.Sc. program if it is not in the student's major discipline, and is chosen from the following:

BIOC (Biochemistry)
BIOL (Biology) Biochemistry students may use BIOL 2005 only as a free elective.
CHEM (Chemistry)
COMP (Computer Science) A maximum of two half-credits at the 1000-level in COMP, excluding COMP 1001 may be used as Science Continuation credits.

ERTH (Earth Sciences), except ERTH 2415 which may be used only as a free elective for any B.Sc. program. Students in Earth Sciences programs may use ERTH 2401, ERTH 2402, and ERTH 2403 only as free electives.

Engineering. Students wishing to register in Engineering courses must obtain the permission of the Faculty of Engineering and Design.

ENSC (Environmental Science)

FOOD (Food Science and Nutrition)

GEOM (Geomatics)

HLTH (Health Sciences)

ISAP (Interdisciplinary Science Practice)

MATH (Mathematics)

NEUR (Neuroscience)

PHYS (Physics), except PHYS 2903

Science Geography Courses (see list above)

Science Psychology Courses (see list above)

STAT (Statistics)

TSES (Technology, Society, Environment) except TSES 2305. Biology students may use these courses only as free electives. Integrated Science and Environmental Science students may include these courses in their programs but may not count them as part of the Science Sequence.

Science Faculty Electives

Science Faculty Electives are courses at the 1000-4000 level chosen from:

BIOC (Biochemistry)

BIOL (Biology) Biology & Biochemistry students may use BIOL 1010 and BIOL 2005 only as free electives

CHEM (Chemistry) except CHEM 1003, CHEM 1004 and CHEM 1007

COMP (Computer Science) except COMP 1001

ERTH (Earth Sciences) except ERTH 1004 and ERTH 2415. Earth Sciences students may use ERTH 2401, ERTH 2402 and ERTH 2403 only as free electives.

Engineering

ENSC 2001

FOOD (Food Science and Nutrition)

GEOM (Geomatics)

HLTH (Health Science)

ISAP (Interdisciplinary Science Practice)

MATH (Mathematics)

NEUR (Neuroscience)

PHYS (Physics) except PHYS 1901, PHYS 1902, PHYS 1905, PHYS 2903

Science Geography (see list above)

Science Psychology (see list above)

STAT (Statistics)

TSES (Technology, Society, Environment) Biology students may use these courses only as free electives.

Advanced Science Faculty Electives

Advanced Science Faculty Electives are courses at the 2000-4000 level chosen from the Science Faculty Electives list above.

Approved Courses Outside the Faculties of Science and Engineering and Design (may include ISAP 1000)

All courses offered by the Faculty of Arts and Social Sciences, the Faculty of Public and Global Affairs, and the Sprott School of Business are approved as Arts or Social Sciences courses EXCEPT FOR: All Science Geography courses (see list above), all Geomatics (GEOM) courses, all Science Psychology courses (see list above). ISAP 1000 may be used as an Approved Course Outside the Faculties of Science and Engineering and Design.

Free Electives

Any course is allowable as a Free Elective providing it is not prohibited (see below). Students are expected to comply with prerequisite requirements and enrolment restrictions for all courses as published in this Calendar.

Courses Allowable Only as Free Electives in any B.Sc. Program

BIOL 4810 [0.5]	Education Research in Undergraduate Science
CHEM 1003 [0.5]	The Chemistry of Food, Health and Drugs
CHEM 1004 [0.5]	Drugs and the Human Body
CHEM 1007 [0.5]	Chemistry of Art and Artifacts
ERTH 1004 [0.5]	Earth's Epic Tale: A Story Across Billions of Years
ERTH 2415 [0.5]	Natural Disasters
ISCI 1001 [0.5]	Introduction to the Environment
ISCI 2000 [0.5]	Natural Laws
ISCI 2002 [0.5]	Human Impacts on the Environment
PHYS 1901 [0.5]	Planetary Astronomy
PHYS 1902 [0.5]	From our Star to the Cosmos
PHYS 1905 [0.5]	Physics Behind Everyday Life
PHYS 2903 [0.5]	Physics Towards the Future

Prohibited Courses

The following courses are not acceptable for credit in any B.Sc. program:

COMP 1001 [0.5]	Introduction to Computational Thinking for Arts and Social Science Students
MATH 1009 [0.5]	Mathematics for Business
MATH 1119 [0.5]	Linear Algebra: with Applications to Business
MATH 1401 [0.5]	Elementary Mathematics for Economics I
MATH 1402 [0.5]	Elementary Mathematics for Economics II
all 0000-level courses	

Admissions Information

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the

demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as recommended, it is not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Degrees

- B.Sc. (Honours)
- B.Sc. (Major)
- B.Sc.

Admission Requirements

B. Sc. Honours

First Year

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. For most programs including Biochemistry, Bioinformatics, Biotechnology, Chemistry, Combined Honours in Biology and Physics, Chemistry and Physics, Computational Biochemistry, Food Science, Nanoscience, Neuroscience and Biology, Neuroscience and Mental Health, and Psychology, the six 4U or M courses must include Advanced Functions, and two of Biology, Chemistry, Earth and Space Sciences, or Physics. (Calculus and Vectors is strongly recommended).

Specific Honours Admission Requirements

For the Honours programs in Earth Sciences, Environmental Science, Geomatics, Integrated Science, and Physical Geography, Calculus and Vectors may be substituted for Advanced Functions.

For the Honours programs in Physics and Applied Physics, and for double Honours in Mathematics and Physics, Calculus and Vectors is required in addition to Advanced Functions and one of 4U Physics, Chemistry,

Biology, or Earth and Space Sciences. For all programs in Physics, 4U Physics is strongly recommended.

For Honours in Psychology, a 4U course in English is recommended.

For Honours in Environmental Science, a 4U course in Biology and Chemistry is recommended.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be *Eligible to Continue* in their year level, in addition to meeting the CGPA thresholds described in Section 3.1.9 of the Academic Regulations of the University. Advanced standing will be granted only for those subjects deemed appropriate for the program and stream selected.

B.Sc. Major and B.Sc.

First Year

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include Advanced Functions and two of Calculus and Vectors, Biology, Chemistry, Earth and Space Science, or Physics (Calculus and Vectors is strongly recommended). For the B.Sc. Major in Physics, 4U Physics is strongly recommended.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be *Eligible to Continue* (EC) in their year level. Advanced standing will be granted only for those subjects deemed appropriate for the program and stream selected.

Co-op Option

Direct Admission to the First Year of the Co-op Option

Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in the Bachelor of Science Honours program;
3. be eligible to work in Canada (for off-campus work placements).

Note that meeting the above requirements only establishes eligibility for admission to the program. The prevailing job market may limit enrolment in the co-op option.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are described in the Co-operative Education Regulations section of this Calendar.

Neuroscience

This section presents the requirements for programs in:

- **Neuroscience and Mental Health B.Sc. Honours**
- **Neuroscience and Mental Health B.Sc. Major**
- **Neuroscience and Mental Health B.Sc.**

• Neuroscience and Biology B.Sc. Combined Honours

• Minor in Neuroscience and Mental Health

Program Requirements

Course Categories for B.Sc. Programs

The program descriptions for B.Sc. Combined Honours Neuroscience make use of the course categories defined for all B.Sc. programs (see Academic Regulations for the Bachelor of Science Degree):

- Science Faculty Electives
- Science Continuation Courses
- Free Electives

Neuroscience and Mental Health B.Sc. Honours (20.0 credits)

A. Credits Included in the Major (11.0 credits)

1. 6.0 credits in:		6.0
NEUR 1202 [0.5]	Neuroscience of Mental Health and Psychiatric Disease	
NEUR 1203 [0.5]	Neuroscience of Mental Health and Neurological Disease	
NEUR 2001 [0.5]	Introduction to Research Methods in Neuroscience	
NEUR 2002 [0.5]	Introduction to Statistics in Neuroscience	
NEUR 2004 [0.5]	Fundamentals of Scientific Writing in Neuroscience	
NEUR 2201 [0.5]	Cellular and Molecular Neuroscience	
NEUR 2202 [0.5]	Neurodevelopment and Plasticity	
NEUR 3001 [0.5]	Data Analysis in Neuroscience I	
NEUR 3002 [0.5]	Data Analysis in Neuroscience II	
NEUR 3204 [0.5]	Neuropharmacology	
NEUR 3206 [0.5]	Sensory and Motor Neuroscience	
NEUR 3207 [0.5]	Systems Neuroscience	
2. 1.0 credit in:		1.0
BIOL 1103 [0.5]	Foundations of Biology I	
BIOL 1104 [0.5]	Foundations of Biology II	
3. 1.5 credits from:		1.5
NEUR 3003 [0.5]	Epidemiology in Neuroscience	
NEUR 3301 [0.5]	Genetics of Mental Health	
NEUR 3303 [0.5]	The Neuroscience of Consciousness	
NEUR 3304 [0.5]	Hormones and Behaviour	
NEUR 3401 [0.5]	Environmental Toxins and Mental Health	
NEUR 3402 [0.5]	Impact of Lifestyle and Social Interactions on Mental Health	
NEUR 3403 [0.5]	Stress and Mental Health	
NEUR 3501 [0.5]	Neurodegeneration and Aging	
NEUR 3502 [0.5]	Neurodevelopmental Determinants of Mental Health	
4. 0.5 credit from:		0.5
NEUR 4001 [0.5]	Special Topics in Neuroscience	
NEUR 4002 [0.5]	Systematic Reviews and Meta-Analyses	
NEUR 4301 [0.5]	Neurobiology of Energy Homeostasis	

NEUR 4302 [0.5]	Sex and the Brain	
NEUR 4303 [0.5]	Indigenous Health & Mental Health	
NEUR 4305 [0.5]	Immune-Brain Interactions	
NEUR 4306 [0.5]	The Neural Basis of Addiction	
NEUR 4600 [0.5]	Advanced Lab in Neuroanatomy	
5. 0.5 credit from:		0.5
NEUR 4200 [0.5]	Seminar on Current Advances in Neuroscience	
NEUR 4202 [0.5]	Seminar on Current Research in Neuroscience and Psychiatric Disease	
NEUR 4203 [0.5]	Seminar on Current Research in Neuroscience and Clinical Neurology	
6. 1.0 credit from:		1.0
NEUR 4904 [1.0]	Honours Research Thesis in Systematic Reviews or Meta-Analyses	
NEUR 4905 [1.0]	Honours Workshop	
NEUR 4906 [1.0]	Translational Approach to Indigenous Community Wellness	
NEUR 4907 [1.0]	Honours Essay and Research Proposal	
NEUR 4908 [1.0]	Honours Research Thesis	
7. 0.5 credit in Advanced Science Faculty Electives		0.5
B. Credits Not Included in the Major CGPA (9.0 credits)		
8. 1.0 credits in:		1.0
CHEM 1001 [0.5] & CHEM 1002 [0.5]	General Chemistry I & General Chemistry II	
9. 1.0 credit from:		1.0
COMP 1005 [0.5] & COMP 1006 [0.5]	Introduction to Computer Science I & Introduction to Computer Science II	
or		
PHYS 1007 [0.5] & PHYS 1008 [0.5]	Elementary University Physics I & Elementary University Physics II	
or		
PHYS 1107 [0.5] & PHYS 1108 [0.5]	Introductory University Physics I & Introductory University Physics II	
or		
PSYC 1001 [0.5] & PSYC 1002 [0.5]	Introduction to Psychology I & Introduction to Psychology II	
10. 0.5 credit in:		0.5
MATH 1107 [0.5]	Linear Algebra I	
MATH 1007 [0.5]	Elementary Calculus I (9. 0.5 credit from:)	
11. 1.0 credit in:		1.0
BIOL 2107 [0.5]	Fundamentals of Genetics	
BIOL 2201 [0.5] or BIOL 2200 [0.5]	Cell Biology and Biochemistry or Cellular Biochemistry	
12. 1.0 credit in Science Continuation Courses		1.0
13. 2.0 credits in approved courses outside the faculties of Science and Engineering and Design (may include ISAP 1000)		2.0
14. 2.5 credits in free electives		2.5
Total Credits		20.0

Neuroscience and Mental Health B.Sc. Major (20.0 credits)

A. Credits Included in the Major CGPA (11.0 credits)

1. 6.0 credits in:		6.0
NEUR 1202 [0.5]	Neuroscience of Mental Health and Psychiatric Disease	
NEUR 1203 [0.5]	Neuroscience of Mental Health and Neurological Disease	
NEUR 2001 [0.5]	Introduction to Research Methods in Neuroscience	
NEUR 2002 [0.5]	Introduction to Statistics in Neuroscience	
NEUR 2004 [0.5]	Fundamentals of Scientific Writing in Neuroscience	
NEUR 2201 [0.5]	Cellular and Molecular Neuroscience	
NEUR 2202 [0.5]	Neurodevelopment and Plasticity	
NEUR 3001 [0.5]	Data Analysis in Neuroscience I	
NEUR 3002 [0.5]	Data Analysis in Neuroscience II	
NEUR 3204 [0.5]	Neuropharmacology	
NEUR 3206 [0.5]	Sensory and Motor Neuroscience	
NEUR 3207 [0.5]	Systems Neuroscience	
2. 1.0 credit in:		1.0
BIOL 1103 [0.5]	Foundations of Biology I	
BIOL 1104 [0.5]	Foundations of Biology II	
3. 1.5 credits from:		1.5
NEUR 3003 [0.5]	Epidemiology in Neuroscience	
NEUR 3301 [0.5]	Genetics of Mental Health	
NEUR 3303 [0.5]	The Neuroscience of Consciousness	
NEUR 3304 [0.5]	Hormones and Behaviour	
NEUR 3401 [0.5]	Environmental Toxins and Mental Health	
NEUR 3402 [0.5]	Impact of Lifestyle and Social Interactions on Mental Health	
NEUR 3403 [0.5]	Stress and Mental Health	
NEUR 3501 [0.5]	Neurodegeneration and Aging	
NEUR 3502 [0.5]	Neurodevelopmental Determinants of Mental Health	
4. 1.0 credit from:		1.0
NEUR 4001 [0.5]	Special Topics in Neuroscience	
NEUR 4002 [0.5]	Systematic Reviews and Meta-Analyses	
NEUR 4301 [0.5]	Neurobiology of Energy Homeostasis	
NEUR 4302 [0.5]	Sex and the Brain	
NEUR 4303 [0.5]	Indigenous Health & Mental Health	
NEUR 4305 [0.5]	Immune-Brain Interactions	
NEUR 4306 [0.5]	The Neural Basis of Addiction	
NEUR 4600 [0.5]	Advanced Lab in Neuroanatomy	
5. 1.0 credit from:		1.0
NEUR 4200 [0.5]	Seminar on Current Advances in Neuroscience	
NEUR 4202 [0.5]	Seminar on Current Research in Neuroscience and Psychiatric Disease	
NEUR 4203 [0.5]	Seminar on Current Research in Neuroscience and Clinical Neurology	

6. 0.5 credit in Advanced Science Faculty Electives	0.5
B. Credits Not Included in the Major CGPA (9.0 credits)	
7. 1.0 credits in:	1.0
CHEM 1001 [0.5] General Chemistry I & CHEM 1002 [0.5] General Chemistry II	
8. 1.0 credits in:	1.0
COMP 1005 [0.5] Introduction to Computer Science I & COMP 1006 [0.5] Introduction to Computer Science II	
or	
PHYS 1007 [0.5] Elementary University Physics I & PHYS 1008 [0.5] Elementary University Physics II	
or	
PHYS 1107 [0.5] Introductory University Physics I & PHYS 1108 [0.5] Introductory University Physics II	
or	
PSYC 1001 [0.5] Introduction to Psychology I & PSYC 1002 [0.5] Introduction to Psychology II	
9. 0.5 credit from:	0.5
MATH 1007 [0.5] Elementary Calculus I	
MATH 1107 [0.5] Linear Algebra I	
10. 1.0 credit in:	1.0
BIOL 2107 [0.5] Fundamentals of Genetics	
BIOL 2201 [0.5] Cell Biology and Biochemistry or BIOL 2200 [0.5] Cellular Biochemistry	
11. 1.0 credit in Science Continuation courses (not in NEUR)	1.0
12. 2.0 credits in approved courses outside the faculties of Science and Engineering and Design (may include ISAP 1000)	2.0
13. 2.5 credits in free electives	2.5
Total Credits	20.0

Neuroscience and Mental Health B.Sc. (15.0 credits)

A. Credits Included in the Major CGPA (7.5 credits)	
1. 5.0 credits in:	5.0
NEUR 1202 [0.5] Neuroscience of Mental Health and Psychiatric Disease	
NEUR 1203 [0.5] Neuroscience of Mental Health and Neurological Disease	
NEUR 2001 [0.5] Introduction to Research Methods in Neuroscience	
NEUR 2002 [0.5] Introduction to Statistics in Neuroscience	
NEUR 2004 [0.5] Fundamentals of Scientific Writing in Neuroscience	
NEUR 2201 [0.5] Cellular and Molecular Neuroscience	
NEUR 2202 [0.5] Neurodevelopment and Plasticity	
NEUR 3204 [0.5] Neuropharmacology	
NEUR 3206 [0.5] Sensory and Motor Neuroscience	
NEUR 3207 [0.5] Systems Neuroscience	
2. 1.0 credit in:	1.0
BIOL 1103 [0.5] Foundations of Biology I	
BIOL 1104 [0.5] Foundations of Biology II	
3. 1.5 credits from:	1.5
NEUR 3003 [0.5] Epidemiology in Neuroscience	

NEUR 3301 [0.5] Genetics of Mental Health	
NEUR 3303 [0.5] The Neuroscience of Consciousness	
NEUR 3304 [0.5] Hormones and Behaviour	
NEUR 3401 [0.5] Environmental Toxins and Mental Health	
NEUR 3402 [0.5] Impact of Lifestyle and Social Interactions on Mental Health	
NEUR 3403 [0.5] Stress and Mental Health	
NEUR 3501 [0.5] Neurodegeneration and Aging	
NEUR 3502 [0.5] Neurodevelopmental Determinants of Mental Health	

B. Credits Not Included in the Major CGPA (7.5 credits)

4. 1.0 credit in:	1.0
CHEM 1001 [0.5] General Chemistry I & CHEM 1002 [0.5] General Chemistry II	
5. 1.0 credit in:	1.0
COMP 1005 [0.5] Introduction to Computer Science I & COMP 1006 [0.5] Introduction to Computer Science II	
or	
PHYS 1007 [0.5] Elementary University Physics I & PHYS 1008 [0.5] Elementary University Physics II	
or	
PHYS 1107 [0.5] Introductory University Physics I & PHYS 1108 [0.5] Introductory University Physics II	
or	
PSYC 1001 [0.5] Introduction to Psychology I & PSYC 1002 [0.5] Introduction to Psychology II	
6. 0.5 credit from:	0.5
MATH 1007 [0.5] Elementary Calculus I	
MATH 1107 [0.5] Linear Algebra I	
7. 1.0 credit in:	1.0
BIOL 2107 [0.5] Fundamentals of Genetics	
BIOL 2201 [0.5] Cell Biology and Biochemistry	
8. 1.0 credit in Science Continuation courses (not in NEUR)	1.0
9. 2.0 credits in approved courses outside the faculties of Science and Engineering and Design (may include ISAP 1000)	2.0
10. 1.0 credit in free electives	1.0
Total Credits	15.0

Neuroscience and Biology B.Sc. Combined Honours (20.0 credits)

A. Credits Included in the Major CGPA (14.5 credits)	
1. 5.5 credits in:	5.5
NEUR 1202 [0.5] Neuroscience of Mental Health and Psychiatric Disease	
NEUR 1203 [0.5] Neuroscience of Mental Health and Neurological Disease	
NEUR 2001 [0.5] Introduction to Research Methods in Neuroscience	
NEUR 2002 [0.5] Introduction to Statistics in Neuroscience	
NEUR 2201 [0.5] Cellular and Molecular Neuroscience	
NEUR 2202 [0.5] Neurodevelopment and Plasticity	
NEUR 3001 [0.5] Data Analysis in Neuroscience I	

NEUR 3002 [0.5]	Data Analysis in Neuroscience II	
NEUR 3204 [0.5]	Neuropharmacology	
NEUR 3206 [0.5]	Sensory and Motor Neuroscience	
NEUR 3207 [0.5]	Systems Neuroscience	
2. 3.0 credits in:		3.0
BIOL 1103 [0.5]	Foundations of Biology I	
BIOL 1104 [0.5]	Foundations of Biology II	
BIOL 2001 [0.5]	Animals: Form and Function	
BIOL 2104 [0.5]	Introductory Genetics	
BIOL 2200 [0.5]	Cellular Biochemistry	
BIOL 3305 [0.5]	Human and Comparative Physiology	
3. 1.5 credits in BIOL or BIOC at the 3000 level or above		1.5
4. 1.0 credit from:		1.0
NEUR 3301 [0.5]	Genetics of Mental Health	
NEUR 3303 [0.5]	The Neuroscience of Consciousness	
NEUR 3304 [0.5]	Hormones and Behaviour	
NEUR 3401 [0.5]	Environmental Toxins and Mental Health	
NEUR 3402 [0.5]	Impact of Lifestyle and Social Interactions on Mental Health	
NEUR 3403 [0.5]	Stress and Mental Health	
NEUR 3501 [0.5]	Neurodegeneration and Aging	
NEUR 3502 [0.5]	Neurodevelopmental Determinants of Mental Health	
NEUR 4301 [0.5]	Neurobiology of Energy Homeostasis	
NEUR 4302 [0.5]	Sex and the Brain	
NEUR 4303 [0.5]	Indigenous Health & Mental Health	
NEUR 4305 [0.5]	Immune-Brain Interactions	
NEUR 4306 [0.5]	The Neural Basis of Addiction	
NEUR 4600 [0.5]	Advanced Lab in Neuroanatomy	
5. 2.0 credits from:		2.0
BIOC 4007 [0.5]	Membrane Biochemistry	
BIOL 2600 [0.5]	Ecology	
BIOL 2301 [0.5]	Biotechnology I	
BIOL 2303 [0.5]	Microbiology	
BIOL 3307 [0.5]	Advanced Human Anatomy and Physiology	
BIOL 3605 [0.5]	Field Course I	
BIOL 3609 [0.5]	Evolutionary Concepts	
BIOL 3802 [0.5]	Animal Behaviour	
BIOL 3804 [0.5]	Social Evolution	
BIOL 4306 [0.5]	Animal Neurophysiology	
BIOL 4317 [0.5]	Neuroethology: The Neural Basis of Animal Behaviour	
BIOL 4802 [0.5]	Advanced Animal Behaviour	
CHEM 2204 [0.5]	Organic Chemistry II	
6. 0.5 credit from:		0.5
NEUR 4200 [0.5]	Seminar on Current Advances in Neuroscience	
NEUR 4202 [0.5]	Seminar on Current Research in Neuroscience and Psychiatric Disease	
NEUR 4203 [0.5]	Seminar on Current Research in Neuroscience and Clinical Neurology	
7. 1.0 credit from:		1.0

NEUR 4905 [1.0]	Honours Workshop	
NEUR 4907 [1.0]	Honours Essay and Research Proposal	
NEUR 4908 [1.0]	Honours Research Thesis	
BIOL 4905 [1.0]	Honours Workshop	
BIOL 4907 [1.0]	Honours Essay and Research Proposal	
BIOL 4908 [1.0]	Honours Research Thesis	
B. Credits not included in the Major CGPA (5.5 credits)		
8. 1.0 credit in:		1.0
MATH 1007 [0.5]	Elementary Calculus I	
MATH 1107 [0.5]	Linear Algebra I	
9. 1.5 credits in:		1.5
CHEM 1001 [0.5]	General Chemistry I	
& CHEM 1002 [0.5]	General Chemistry II	
CHEM 2203 [0.5]	Organic Chemistry I	
10. 1.0 credit in:		1.0
PHYS 1007 [0.5]	Elementary University Physics I	
& PHYS 1008 [0.5]	Elementary University Physics II	
11. 2.0 credits in approved courses outside of the faculties of Science and Engineering and Design (may include ISAP 1000)		2.0
Total Credits		20.0

Minor in Neuroscience and Mental Health (4.0 credits)

The Minor in Neuroscience is available to students registered in degree programs other than those offered by the Department of Neuroscience or the Bachelor of Science in Nursing with Concentration in Neuroscience and Mental Health.

Students are required to present a Minor CGPA of 4.00 or higher at graduation in order to be awarded a Minor in Neuroscience and Mental Health.

Requirements:

1. 2.0 credits in:		2.0
NEUR 1202 [0.5]	Neuroscience of Mental Health and Psychiatric Disease	
NEUR 1203 [0.5]	Neuroscience of Mental Health and Neurological Disease	
NEUR 2201 [0.5]	Cellular and Molecular Neuroscience	
NEUR 2202 [0.5]	Neurodevelopment and Plasticity	
2. 2.0 credits from:		2.0
NEUR 3204 [0.5]	Neuropharmacology	
NEUR 3301 [0.5]	Genetics of Mental Health	
NEUR 3303 [0.5]	The Neuroscience of Consciousness	
NEUR 3304 [0.5]	Hormones and Behaviour	
NEUR 3401 [0.5]	Environmental Toxins and Mental Health	
NEUR 3402 [0.5]	Impact of Lifestyle and Social Interactions on Mental Health	
NEUR 3403 [0.5]	Stress and Mental Health	
NEUR 3501 [0.5]	Neurodegeneration and Aging	
NEUR 3502 [0.5]	Neurodevelopmental Determinants of Mental Health	

NEUR 4301 [0.5]	Neurobiology of Energy Homeostasis
NEUR 4302 [0.5]	Sex and the Brain
NEUR 4303 [0.5]	Indigenous Health & Mental Health
NEUR 4306 [0.5]	The Neural Basis of Addiction
Total Credits	4.0

Students enrolled in the Neuroscience and Mental Health programs should consult with the Department of Neuroscience when planning their program or selecting courses. Those enrolled in the Neuroscience Combined Honours program should consult with either the Department of Biology or the Department of Neuroscience.

B.Sc. Regulations

The regulations presented in this section apply to all Bachelor of Science programs. In addition to the requirements presented here, students must satisfy the University regulations common to all undergraduate students including the process of Academic Continuation Evaluation (see the *Academic Regulations of the University* section of this Calendar).

Breadth Requirement for the B.Sc.

Students in a Bachelor of Science program must present the following credits at graduation:

- 2.0 credits in Science Continuation courses not in the major discipline; **students completing a double major are considered to have completed this requirement providing they have 2.0 credits in Science Continuation courses in each of the two majors;**
- 2.0 credits in courses outside of the faculties of Science and Engineering and Design (may include ISAP 1000)

In most cases, the requirements for individual B.Sc. programs, as stated in this Calendar, contain these requirements, explicitly or implicitly.

Students admitted to B.Sc. programs by transfer from another institution must present at graduation (whether taken at Carleton or elsewhere):

- 2.0 credits in courses outside of the faculties of Science and Engineering and Design (may include ISAP 1000) if the student received fewer than 10.0 transfer credits; or,
- 1.0 credit in courses outside of the faculties of Science and Engineering and Design (may include ISAP 1000) if the student received 10.0 or more transfer credits.

Declared and Undeclared Students

Degree students are considered "Undeclared" if they have been admitted to a degree, but have not yet selected and been accepted into a program within that degree. The status "Undeclared" is available only in the B.A. and B.Sc. degrees. Undeclared students must apply to enter a program upon or before completing 3.5 credits.

Change of Program within the B.Sc. Degree

To transfer to a program within the B.Sc. degree, applicants must normally be *Eligible to Continue* (EC) in the new program, by meeting the CGPA thresholds

described in Section 3.1.9 of the *Academic Regulations of the University*.

Applications to declare or change programs within the B.Sc. degree must be made online through Carleton Central by completing a Change of Program Elements (COPE) application form within the published deadlines. Acceptance into a program, or into a program element or option, is subject to any enrolment limitations, and/or specific program, program element or option requirements as published in the relevant Calendar entry.

Minors, Concentrations, and Specializations

Students may add a Minor, Concentration, or Specialization by completing a Change of Program Elements (COPE) application form online through Carleton Central. Acceptance into a Minor, Concentration, or Specialization normally requires that the student be *Eligible to Continue* (EC) and is meeting the minimum CGPAs described in Section 3.1.9 of the *Academic Regulations of the University*, as well as being subject to any specific requirements of the intended Minor, Concentration, or Specialization as published in the relevant Calendar entry.

Experimental Science Requirement

Students in a B.Sc. degree program must present at graduation at least two full credits of Experimental Science chosen from two different departments or institutes from the list below:

Approved Experimental Science Courses

Biochemistry	
BIOC 2200 [0.5]	Cellular Biochemistry
BIOC 4001 [0.5]	Methods in Biochemistry
BIOC 4201 [0.5]	Advanced Cell Culture and Tissue Engineering
Biology	
BIOL 1103 [0.5]	Foundations of Biology I
BIOL 1104 [0.5]	Foundations of Biology II
BIOL 2001 [0.5]	Animals: Form and Function
BIOL 2002 [0.5]	Plants: Form and Function
BIOL 2104 [0.5]	Introductory Genetics
BIOL 2200 [0.5]	Cellular Biochemistry
BIOL 2600 [0.5]	Ecology
Chemistry	
CHEM 1001 [0.5]	General Chemistry I
CHEM 1002 [0.5]	General Chemistry II
CHEM 2103 [0.5]	Physical Chemistry I
CHEM 2203 [0.5]	Organic Chemistry I
CHEM 2204 [0.5]	Organic Chemistry II
CHEM 2302 [0.5]	Analytical Chemistry I
CHEM 2303 [0.5]	Analytical Chemistry II
CHEM 2800 [0.5]	Foundations for Environmental Chemistry
Earth Sciences	
ERTH 1002 [0.5]	The Earth and Life Odyssey: A Journey Through Billions of Years
ERTH 2102 [0.5]	Mineralogy to Petrology
ERTH 2404 [0.5]	Engineering Geoscience
ERTH 2802 [0.5]	Field Geology I

ERTH 3111 [0.5]	Vertebrate Evolution: Mammals, Reptiles, and Birds
ERTH 3112 [0.5]	Vertebrate Evolution: Fish and Amphibians
ERTH 3204 [0.5]	Mineral Deposits
ERTH 3205 [0.5]	Physical Hydrogeology
Food Sciences	
FOOD 3001 [0.5]	Food Chemistry
FOOD 3002 [0.5]	Food Analysis
FOOD 3005 [0.5]	Food Microbiology
Geography	
GEOG 1010 [0.5]	Global Environmental Systems
GEOG 3108 [0.5]	Soil Properties
Neuroscience	
NEUR 3206 [0.5]	Sensory and Motor Neuroscience
NEUR 3207 [0.5]	Systems Neuroscience
NEUR 4600 [0.5]	Advanced Lab in Neuroanatomy
Physics	
PHYS 1001 [0.5]	Foundations of Physics I
PHYS 1002 [0.5]	Foundations of Physics II
PHYS 1003 [0.5]	Introductory Mechanics and Thermodynamics
PHYS 1004 [0.5]	Introductory Electromagnetism and Wave Motion
PHYS 1007 [0.5]	Elementary University Physics I
PHYS 1008 [0.5]	Elementary University Physics II
PHYS 2202 [0.5]	Wave Motion and Optics
PHYS 2604 [0.5]	Modern Physics I
PHYS 3007 [0.5]	Third Year Physics Laboratory: Selected Experiments and Seminars
PHYS 3606 [0.5]	Modern Physics II
PHYS 3608 [0.5]	Modern Applied Physics

Course Categories for B.Sc. Programs

Science Geography Courses

GEOG 1010 [0.5]	Global Environmental Systems
GEOG 2006 [0.5]	Introduction to Quantitative Research
GEOG 2013 [0.5]	Weather and Water
GEOG 2014 [0.5]	The Earth's Surface
GEOG 3003 [0.5]	Quantitative Geography
GEOG 3010 [0.5]	Field Methods in Physical Geography
GEOG 3102 [0.5]	Geomorphology
GEOG 3103 [0.5]	Watershed Hydrology
GEOG 3104 [0.5]	Principles of Biogeography
GEOG 3105 [0.5]	Climate and Atmospheric Change
GEOG 3106 [0.5]	Aquatic Science and Management
GEOG 3108 [0.5]	Soil Properties
GEOG 4000 [0.5]	Field Studies
GEOG 4005 [0.5]	Directed Studies in Geography
GEOG 4013 [0.5]	Cold Region Hydrology
GEOG 4017 [0.5]	Global Biogeochemical Cycles
GEOG 4101 [0.5]	Two Million Years of Environmental Change
GEOG 4103 [0.5]	Water Resources Engineering

GEOG 4104 [0.5]	Microclimatology
GEOG 4108 [0.5]	Permafrost

Science Psychology Courses

PSYC 2001 [0.5]	Introduction to Research Methods in Psychology
PSYC 2002 [0.5]	Introduction to Statistics in Psychology
PSYC 2700 [0.5]	Introduction to Cognitive Psychology
PSYC 3000 [1.0]	Design and Analysis in Psychological Research
PSYC 3506 [0.5]	Cognitive Development
PSYC 3700 [1.0]	Cognition (Honours Seminar)
PSYC 3702 [0.5]	Perception
PSYC 2307 [0.5]	Human Neuropsychology I
PSYC 3307 [0.5]	Human Neuropsychology II

Science Continuation Courses

A course at the 2000 level or above may be used as a Science Continuation credit in a B.Sc. program if it is not in the student's major discipline, and is chosen from the following:

BIOC (Biochemistry)

BIOL (Biology) Biochemistry students may use BIOL 2005 only as a free elective.

CHEM (Chemistry)

COMP (Computer Science) A maximum of two half-credits at the 1000-level in COMP, excluding COMP 1001 may be used as Science Continuation credits.

ERTH (Earth Sciences), except ERTH 2415 which may be used only as a free elective for any B.Sc. program. Students in Earth Sciences programs may use ERTH 2401, ERTH 2402, and ERTH 2403 only as free electives.

Engineering. Students wishing to register in Engineering courses must obtain the permission of the Faculty of Engineering and Design.

ENSC (Environmental Science)

FOOD (Food Science and Nutrition)

GEOG (Geomatics)

HLTH (Health Sciences)

ISAP (Interdisciplinary Science Practice)

MATH (Mathematics)

NEUR (Neuroscience)

PHYS (Physics), except PHYS 2903

Science Geography Courses (see list above)

Science Psychology Courses (see list above)

STAT (Statistics)

TSES (Technology, Society, Environment) except TSES 2305. Biology students may use these courses only as free electives. Integrated Science and Environmental Science students may include these courses in their programs but may not count them as part of the Science Sequence.

Science Faculty Electives

Science Faculty Electives are courses at the 1000-4000 level chosen from:

BIOC (Biochemistry)

BIOL (Biology) Biology & Biochemistry students may use BIOL 1010 and BIOL 2005 only as free electives

CHEM (Chemistry) except CHEM 1003, CHEM 1004 and CHEM 1007

COMP (Computer Science) except COMP 1001

ERTH (Earth Sciences) except ERTH 1004 and ERTH 2415. Earth Sciences students may use ERTH 2401, ERTH 2402 and ERTH 2403 only as free electives.

Engineering

ENSC 2001

FOOD (Food Science and Nutrition)

GEOM (Geomatics)

HLTH (Health Science)

ISAP (Interdisciplinary Science Practice)

MATH (Mathematics)

NEUR (Neuroscience)

PHYS (Physics) except PHYS 1901, PHYS 1902, PHYS 1905, PHYS 2903

Science Geography (see list above)

Science Psychology (see list above)

STAT (Statistics)

TSES (Technology, Society, Environment) Biology students may use these courses only as free electives.

Advanced Science Faculty Electives

Advanced Science Faculty Electives are courses at the 2000-4000 level chosen from the Science Faculty Electives list above.

Approved Courses Outside the Faculties of Science and Engineering and Design (may include ISAP 1000)

All courses offered by the Faculty of Arts and Social Sciences, the Faculty of Public and Global Affairs, and the Sprott School of Business are approved as Arts or Social Sciences courses EXCEPT FOR: All Science Geography courses (see list above), all Geomatics (GEOM) courses, all Science Psychology courses (see list above). ISAP 1000 may be used as an Approved Course Outside the Faculties of Science and Engineering and Design.

Free Electives

Any course is allowable as a Free Elective providing it is not prohibited (see below). Students are expected to comply with prerequisite requirements and enrolment restrictions for all courses as published in this Calendar.

Courses Allowable Only as Free Electives in any B.Sc. Program

BIOL 4810 [0.5]	Education Research in Undergraduate Science
CHEM 1003 [0.5]	The Chemistry of Food, Health and Drugs
CHEM 1004 [0.5]	Drugs and the Human Body
CHEM 1007 [0.5]	Chemistry of Art and Artifacts
ERTH 1004 [0.5]	Earth's Epic Tale: A Story Across Billions of Years
ERTH 2415 [0.5]	Natural Disasters
ISCI 1001 [0.5]	Introduction to the Environment
ISCI 2000 [0.5]	Natural Laws
ISCI 2002 [0.5]	Human Impacts on the Environment
PHYS 1901 [0.5]	Planetary Astronomy

PHYS 1902 [0.5] From our Star to the Cosmos

PHYS 1905 [0.5] Physics Behind Everyday Life

PHYS 2903 [0.5] Physics Towards the Future

Prohibited Courses

The following courses are not acceptable for credit in any B.Sc. program:

COMP 1001 [0.5] Introduction to Computational Thinking for Arts and Social Science Students

MATH 1009 [0.5] Mathematics for Business

MATH 1119 [0.5] Linear Algebra: with Applications to Business

MATH 1401 [0.5] Elementary Mathematics for Economics I

MATH 1402 [0.5] Elementary Mathematics for Economics II

all 0000-level courses

Co-operative Education

For more information about how to apply for the Co-op program and how the Co-op program works please visit the Co-op website.

All students participating in the Co-op program are governed by the Undergraduate Co-operative Education Policy.

Undergraduate Co-operative Education Policy

Admission Requirements

Students can apply to Co-op in one of two ways: directly from high school, or after beginning a degree program at Carleton.

If a student applies to a degree program with a Co-op option from high school, their university grades will be reviewed two terms to one year prior to their first work term to ensure they meet the academic requirements after their first or second year of study. The time at which the evaluation takes place depends on the program of study. Students will automatically receive an admission decision via their Carleton email account.

Students who did not request Co-op at the time they applied to Carleton can request Co-op after they begin their university studies. To view application instructions and deadlines, please visit carleton.ca/co-op.

To be admitted to Co-op, a student must successfully complete 5.0 or more credits that count towards their degree, meet the minimum CGPA requirement(s) for the student's Co-op option, and fulfil any specified course prerequisites. To see the unique admission and continuation requirements for each Co-op option, please refer to the specific degree programs listed in the Undergraduate Calendar.

Participation Requirements

Co-op Participation Agreement

All students must adhere to the policies found within the Co-op Participation Agreement.

COOP 1000

Once a student has been admitted to the Co-op Program, they will be given access to register in COOP 1000. This

zero-credit online course must be completed at least two terms prior to the student's first work term.

Communication with the Co-op Office

Students must maintain contact with the Co-op Office during their job search and while on a work term. All email communication will be conducted via the students' Carleton email account.

Employment

Although every effort is made to ensure a sufficient number of job postings for all Co-op students, no guarantee of employment can be made. The Co-op job search process is competitive, and success is dependent upon factors such as current market conditions, academic performance, skills, motivation, and level of commitment to the job search. It is the student's responsibility to apply for positions via the Co-op job board in addition to actively conducting a self-directed job search. Students who do not obtain a co-op work term are expected to continue with their academic studies. It should be noted that hiring priority for positions within the Federal Government of Canada is given to Canadian citizens.

Registration

- Students must be registered as full-time during all fall and winter study terms beginning the term in which they enroll in COOP 1000.
- Students will be registered in a Co-op Work Term course while at work. This course does not carry academic course credit, but is noted on academic transcripts.
- Students may register in a 0.5 credit during a work term, provided the course is offered during the evening or is offered asynchronously online.
- Students must have at least one term of full-time studies left to complete following their final co-op work term. Students cannot end their degree on a work term.

Work Term Assessment and Evaluation

Work Term Evaluation

Employers are responsible for submitting to Carleton University final performance evaluations for their Co-op students at the end of their work terms.

Work Term Assessment

In order to successfully complete the co-op work term, students must receive a Satisfactory (SAT) grade on their Co-op Work Term Report, which they must submit at the completion of each four-month work term.

Graduation with the Co-op Designation

In order to graduate with the Co-op Designation, students must satisfy all requirements of the degree program in addition to the successful completion of three or four work terms (the number is dependent upon the student's academic program). Students found in violation of the Co-op Participation Agreement may have the Co-op Designation withheld.

Note: Participation in the co-op option will add up to one additional year for a student to complete their degree program.

Voluntary Withdrawal from the Co-op Option

Students who are currently on a co-op work term or who have already committed to a co-op work term either verbally or in writing may not leave the position and/or withdraw from the co-op option until they have completed the work term and all related requirements.

Involuntary or Required Withdrawal from the Co-op Option

Students may be removed from the Co-op Program for any of the following reasons:

1. Failure to achieve a grade of SAT in COOP 1000;
2. Failure to attend all interviews for positions to which the student has applied;
3. Declining more than one job offer during the job search;
4. Reneging on a co-op position that the student has accepted either verbally or in writing;
5. Continuing a job search after accepting a co-op position;
6. Dismissal from a work term by the co-op employer;
7. Leaving a work term without approval from the Co-op Management Team;
8. Receipt of an unsatisfactory work term evaluation;
9. Receiving a grade of UNS on the work term report.

International Students

All international students are required to possess a Co-op Work Permit issued by Immigration, Refugees and Citizenship Canada before they can begin working. The Co-operative Education Office will provide students with a letter of support to accompany their Co-op Work Permit application. Students are advised to discuss the application process and application requirements with the International Student Services Office.

Co-op Fees

All participating Co-op students are required to pay Co-op fees. For full details, please see the Co-op website.

B.Sc. Honours Neuroscience and Mental Health; B.Sc. Combined Honours Neuroscience and Biology: Co-op Admission and Continuation Requirements

- Maintain full-time status in each study term;
- Be eligible to work in Canada (for off-campus work);
- Have successfully completed COOP 1000 .

In addition to the following:

1. Registered as a full-time student in the B.Sc. Honours Neuroscience and Mental Health or B.Sc. Combined Honours Neuroscience and Biology program;
2. Successfully completed 5.0 or more credits;
3. Obtained an Overall CGPA of at least 6.50 and a Major CGPA of at least 8.00. These CGPAs must be maintained throughout the duration of the degree.

B.Sc. Honours Neuroscience and Mental Health and B.Sc. Combined Honours Neuroscience and Biology students must successfully complete three (3) work terms to obtain the Co-op Designation.

Work Term Course for Neuroscience and Mental Health: NEUR 3999

Work Term Course for Combined Honours Neuroscience and Biology: NEUR 3999, BIOL 3999

Work-Study Pattern:

Year 1		Year 2		Year 3		Year 4		Year 5	
Term	Pattern	Term	Pattern	Term	Pattern	Term	Pattern	Term	Pattern
Fall	S	Fall	S	Fall	S	Fall	W	Fall	S
Winter	S	Winter	S	Winter	S	Winter	W	Winter	S
Summer		Summer	W	Summer	W	Summer	W

Admissions Information

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as recommended, it is not mandatory for admission. Students who do not follow

the recommendations will not be disadvantaged in the admission process.

Degrees

- B.Sc. (Honours)
- B.Sc. (Major)
- B.Sc.

Admission Requirements

B. Sc. Honours

First Year

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. For most programs including Biochemistry, Bioinformatics, Biotechnology, Chemistry, Combined Honours in Biology and Physics, Chemistry and Physics, Computational Biochemistry, Food Science, Nanoscience, Neuroscience and Biology, Neuroscience and Mental Health, and Psychology, the six 4U or M courses must include Advanced Functions, and two of Biology, Chemistry, Earth and Space Sciences, or Physics. (Calculus and Vectors is strongly recommended).

Specific Honours Admission Requirements

For the Honours programs in Earth Sciences, Environmental Science, Geomatics, Integrated Science, and Physical Geography, Calculus and Vectors may be substituted for Advanced Functions.

For the Honours programs in Physics and Applied Physics, and for double Honours in Mathematics and Physics, Calculus and Vectors is required in addition to Advanced Functions and one of 4U Physics, Chemistry, Biology, or Earth and Space Sciences. For all programs in Physics, 4U Physics is strongly recommended.

For Honours in Psychology, a 4U course in English is recommended.

For Honours in Environmental Science, a 4U course in Biology and Chemistry is recommended.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be *Eligible to Continue* in their year level, in addition to meeting the CGPA thresholds described in Section 3.1.9 of the Academic Regulations of the University. Advanced standing will be granted only for those subjects deemed appropriate for the program and stream selected.

B.Sc. Major and B.Sc.

First Year

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include Advanced Functions and two of Calculus and Vectors, Biology, Chemistry, Earth and Space Science, or Physics (Calculus and Vectors is strongly recommended). For the B.Sc. Major in Physics, 4U Physics is strongly recommended.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally

be *Eligible to Continue* (EC) in their year level. Advanced standing will be granted only for those subjects deemed appropriate for the program and stream selected.

Co-op Option

Direct Admission to the First Year of the Co-op Option

Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in the Bachelor of Science Honours program;
3. be eligible to work in Canada (for off-campus work placements).

Note that meeting the above requirements only establishes eligibility for admission to the program. The prevailing job market may limit enrolment in the co-op option.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are described in the Co-operative Education Regulations section of this Calendar.

Neuroscience (NEUR) Courses

NEUR 1202 [0.5 credit]

Neuroscience of Mental Health and Psychiatric Disease

Clinical symptoms of psychiatric disease, including biological, developmental, experiential and environmental factors that contribute to disease. Topics may include depressive and anxiety disorders, schizophrenia, autism, ADHD, anorexia, narcolepsy, and substance use disorders.

Precludes additional credit for NEUR 1201 (no longer offered).

Lecture three hours a week.

NEUR 1203 [0.5 credit]

Neuroscience of Mental Health and Neurological Disease

Clinical symptoms of neurological disease, including biological, developmental, experiential and environmental factors that contribute to disease. Topics may include stroke, multiple sclerosis, migraine, seizure disorder, Parkinson's disease, ALS, chronic pain, Alzheimer's disease and concussion.

Lectures three hours a week.

NEUR 2001 [0.5 credit]

Introduction to Research Methods in Neuroscience

A general introduction to research process within neuroscience. Topics covered include research strategies, methods, and techniques; basic descriptive statistics; research communication; and responsible scientific conduct.

Precludes additional credit for PSYC 2000 and PSYC 2001.

Prerequisite(s): second-year standing.

Lecture three hours a week.

NEUR 2002 [0.5 credit]

Introduction to Statistics in Neuroscience

A general introduction to statistical techniques employed within contemporary neuroscience. Topics covered include basic data analysis using descriptive and inferential statistics (t-tests, ANOVA, correlation, chi-square). Precludes additional credit for ENST 2006, GEOG 2006, PSYC 2002.

Prerequisite(s): PSYC 2001 or NEUR 2001.

Lectures three hours a week, online labs/tutorials.

NEUR 2003 [0.5 credit]

Introduction to Techniques in Neuroscience

Introduction to common techniques used in neuroscience research. Brain imaging, animal behaviour, electrophysiology, immunohistochemistry and microscopy, genomics, transgenics, cell culture, and DSM-IV-based clinical assessment.

Prerequisite(s): one of PSYC 1001, NEUR 1201, NEUR 1202 or NEUR 1203.

Lectures three hours a week.

NEUR 2004 [0.5 credit]

Fundamentals of Scientific Writing in Neuroscience

Introduction to various forms of scientific writing appropriate to neuroscience, with a focus in fundamental skills in scientific writing.

Includes: Experiential Learning Activity

Prerequisite(s): second-year standing in a Neuroscience program and one of NEUR 1201, NEUR 1202 or NEUR 1203.

Lectures and workshops three hours a week.

NEUR 2201 [0.5 credit]

Cellular and Molecular Neuroscience

Core principles in cellular and molecular neuroscience, including signal transmission along and between neurons, ion channels and transporters, intracellular signaling pathways, and regulation of gene expression.

Precludes additional credit for PSYC 3200 (no longer offered) and NEUR 3200 (no longer offered).

Prerequisite(s): Either NEUR 1201 and NEUR 1203, or NEUR 1202 and NEUR 1203, or both BIOL 1103 and BIOL 1104.

Lectures three hours a week, online labs.

NEUR 2202 [0.5 credit]**Neurodevelopment and Plasticity**

Core principles in nervous system development from embryogenesis to plasticity in the adult brain. Topics include neural induction, neurogenesis, apoptosis, neuronal migration and axon growth, synaptogenesis and synaptic pruning both under normal conditions and in psychopathology.

Precludes additional credit for PSYC 3200 (no longer offered) and NEUR 3200 (no longer offered).

Prerequisite(s): NEUR 2201.

Lectures three hours a week, online labs.

NEUR 2801 [0.5 credit]**Neuroscience and Creativity**

Abnormal brain function associated with mental illness or substance abuse has been commonly depicted in or been the inspiration for important cultural works including movies, music, paintings and literature. The neurobiological basis of creativity in individuals with and without mental illness.

Prerequisite(s): one of PSYC 1001, NEUR 1201, NEUR 1202 or NEUR 1203.

Lectures and seminars three hours a week.

NEUR 3001 [0.5 credit]**Data Analysis in Neuroscience I**

Introducing various software for analyzing neuroscience data. Dealing with real data, drawing graphs, application of descriptive and inferential statistics through the general linear model, assumptions of parametric tests, robust statistics, confidence intervals, correlations, use of appropriate statistical methods and interpretation of results.

Includes: Experiential Learning Activity

Prerequisite(s): PSYC 2001 and PSYC 2002, or NEUR 2001 and NEUR 2002.

Lectures three hours a week, online labs/workshops.

NEUR 3002 [0.5 credit]**Data Analysis in Neuroscience II**

Use of software for analyzing neuroscience data. Statistical techniques typically include nonparametric tests, t tests, and various forms of both ANOVA and regression including robust statistical tests, with a focus on the practical application of appropriate statistical methods and interpretation of results.

Includes: Experiential Learning Activity

Prerequisite(s): NEUR 3001.

Lectures three hours a week, online labs/workshops.

NEUR 3003 [0.5 credit]**Epidemiology in Neuroscience**

Introduction to the principles and methods of epidemiology, study designs, measures of effect, sources of error, confounding, bias, internal and external validity, and causality. The course also will provide an overview of the epidemiological features, and risk factors for common neurological disorders.

Precludes additional credit for HLTH 3201.

Prerequisite(s): NEUR 2002.

Lectures three hours a week.

NEUR 3203 [0.5 credit]**Field Course in Animal Behaviour**

Offered in the Department of Biology as BIOL 3605. Only those modules dealing with animal behaviour topics may be offered for Neuroscience credit.

Includes: Experiential Learning Activity

Also listed as BIOL 3605.

Precludes additional credit for PSYC 3203.

Prerequisite(s): permission of the department.

NEUR 3204 [0.5 credit]**Neuropharmacology**

Overview of chemical neurotransmission and key neurotransmitter systems. A description of licit and illicit drugs covering topics that range from historical perspectives to pharmacology to mechanisms of action in the brain. Discussion of neurochemical basis of psychiatric diseases including anxiety, depression and schizophrenia. Precludes additional credit for PSYC 3204 (no longer offered).

Prerequisite(s): NEUR 2200 or NEUR 2201.

Lectures and seminars three hours a week.

NEUR 3206 [0.5 credit]**Sensory and Motor Neuroscience**

Exploration of major topics in sensory processing and motor control, with a focus on underlying mechanisms and neurobiological principles. Topics include all sensory systems (such as vision, somatosensation and audition) plus motor system components including lower and upper motor neurons, basal ganglia, and cerebellum.

Includes: Experiential Learning Activity

Precludes additional credit for PSYC 3200 (no longer offered), NEUR 3200 (no longer offered), PSYC 3202 (no longer offered) and NEUR 3202 (no longer offered).

Prerequisite(s): NEUR 1201 or both NEUR 1202 and NEUR 1203, and either NEUR 2200 or both NEUR 2201 and NEUR 2202.

Lectures three hours a week, laboratory four hours a week.

NEUR 3207 [0.5 credit]**Systems Neuroscience**

Neural systems underlying complex behaviours including emotion, motivation, and sleep, and the role of association cortices in brain function.

Includes: Experiential Learning Activity

Precludes additional credit for NEUR 3200 (no longer offered) and PSYC 3200 (no longer offered).

Prerequisite(s): NEUR 3206.

Lectures three hours a week, laboratory four hours a week.

NEUR 3301 [0.5 credit]**Genetics of Mental Health**

Most common mental health diseases have a genetic component. By focusing on specific diseases, this course will discuss how disease susceptibility genes are identified, and describe the genetic, genomic and epigenetic mechanisms through which DNA alterations can predispose to disease.

Prerequisite(s): BIOL 2104 or BIOL 2107, and NEUR 2200 or NEUR 2201.

Lectures three hours a week.

NEUR 3303 [0.5 credit]**The Neuroscience of Consciousness**

Consciousness remains one of the least understood aspects of the nervous system. This course explores neural mechanisms underlying consciousness, changes in consciousness associated with sleep, coma, vegetative states, drugs, and other stimuli, and considers the evolutionary basis of consciousness, and its relationship with awareness.

Prerequisite(s): NEUR 2200 or NEUR 2202.

Lectures three hours a week.

NEUR 3304 [0.5 credit]**Hormones and Behaviour**

The effects of hormones throughout life at all levels of the nervous system. The role of hormones in mediating behaviours that are both basic (feeding, reproduction and social interactions) and complex (motivation, emotion, learning and memory).

Prerequisite(s): NEUR 2200 or both NEUR 2201 and NEUR 2202.

Lectures three hours a week.

NEUR 3401 [0.5 credit]**Environmental Toxins and Mental Health**

Exposure to environmental toxins from the air, water or food can interfere with neuronal function, alter neurodevelopment, and damage the brain. This course will explore associations between toxins and diseases such as Parkinson's disease, multiple sclerosis and depression, focusing on mechanisms underlying development of pathology.

Prerequisite(s): NEUR 2200 or both NEUR 2201 and NEUR 2202.

Lectures three hours a week.

NEUR 3402 [0.5 credit]**Impact of Lifestyle and Social Interactions on Mental Health**

Healthy lifestyle choices and positive social interactions can reduce the incidence of pathological conditions such as depression, obesity, cardiovascular disease and impaired immunity. This course focuses on psychosocial and neurobiological mechanisms that underlie the relationship between lifestyle, social interactions and health.

Prerequisite(s): NEUR 2200 or both NEUR 2201 and NEUR 2202.

Lectures three hours a week.

NEUR 3403 [0.5 credit]**Stress and Mental Health**

Stressful events can have profound repercussions on physical and psychological well-being. This course examines the psychosocial and biological processes by which stressors predispose to both physical (immune-related disorders, diabetes, heart disease) and psychological (acute stress disorder, posttraumatic stress disorder, depression, anxiety) pathologies.

Prerequisite(s): NEUR 2200 or both NEUR 2201 and NEUR 2202.

Lectures three hours a week.

NEUR 3501 [0.5 credit]**Neurodegeneration and Aging**

Perspectives on aging and neurodegeneration from psychosocial and neuroscience points of view. How factors including TBI, stroke and alcohol make the brain vulnerable and contribute to neurodegeneration. Clinical overview of Alzheimer's, Parkinson's, Huntington's and ALS and the underlying pathology that differentiates these diseases.

Prerequisite(s): NEUR 2200 or both NEUR 2201 and NEUR 2202.

Lectures three hours a week.

NEUR 3502 [0.5 credit]**Neurodevelopmental Determinants of Mental Health**

Development of the human brain, the generation and differentiation of the various cell types, and the formation of the vast network of neural connections. How neurodevelopmental dysregulation can result in pathologies including dyslexia, ADHD, schizophrenia and autism.

Prerequisite(s): NEUR 2200, or both NEUR 2201 and NEUR 2202.

Lectures three hours a week.

NEUR 3999 [0.0 credit]**Co-operative Work Term**

Includes: Experiential Learning Activity

NEUR 4001 [0.5 credit]**Special Topics in Neuroscience**

Each section of NEUR 4001 deals with a different topic. Topics change yearly. Students may register in more than one section of NEUR 4001 but can register in each section only once.

Prerequisite(s): NEUR 3200, or NEUR 3204 and NEUR 3206 and NEUR 3207, or permission of the Department.

Lectures three hours a week.

NEUR 4002 [0.5 credit]**Systematic Reviews and Meta-Analyses**

Introduction to the methods used in conducting systematic reviews and meta-analyses. Topics include: conducting literature searches, extracting relevant literature, assessing quality of studies, synthesizing findings across studies, and the statistical methods used to carry out a meta-analysis.

Includes: Experiential Learning Activity

Precludes additional credit for NEUR 4904.

Prerequisite(s): NEUR 3003 or both NEUR 3001 and NEUR 3002.

Also offered at the graduate level, with different requirements, as NEUR 5203, for which additional credit is precluded.

Lecture three hours a week.

NEUR 4003 [0.5 credit]**Knowledge Mobilization**

Knowledge mobilization concepts, tools, and frameworks, the challenges and value of translational research, and processes involved in integrated knowledge mobilization. Skills to maximize research impacts will be developed.

Includes: Experiential Learning Activity

Prerequisite(s): fourth year standing in a Neuroscience program OR permission of the department.

Also offered at the graduate level, with different requirements, as NEUR 5801, for which additional credit is precluded.

Includes: Experiential Learning Activity

NEUR 4200 [0.5 credit]**Seminar on Current Advances in Neuroscience**

Headline research in neuroscience. Topics may include technical and conceptual advances, ethical issues, medical improvement, and social impacts of neuroscience research.

Precludes additional credit for PSYC 4200 (no longer offered).

Prerequisite(s): fourth year standing and one of NEUR 3200, NEUR 3206 or NEUR 3207.

Seminar three hours a week.

NEUR 4202 [0.5 credit]**Seminar on Current Research in Neuroscience and Psychiatric Disease**

Recent research in clinical neuroscience including biological, developmental, experiential and environmental factors that contribute to disease. Topics may include depressive disorders, schizophrenia, autism, ADHD, anorexia, narcolepsy, substance abuse, and personality disorders.

Prerequisite(s): fourth year standing and one of NEUR 3200, NEUR 3206 or NEUR 3207.

Seminar three hours a week.

NEUR 4203 [0.5 credit]**Seminar on Current Research in Neuroscience and Clinical Neurology**

Recent research in neurological disease, including biological, developmental, experiential and environmental factors that contribute to disease. Topics may include stroke, multiple sclerosis, migraine, seizure disorder, Parkinson's disease, ALS, chronic pain, Alzheimer's disease and concussion.

Prerequisite(s): fourth year standing and one of NEUR 3200, NEUR 3206 or NEUR 3207.

Seminars three hours a week.

NEUR 4301 [0.5 credit]**Neurobiology of Energy Homeostasis**

Focus on neuroanatomical and molecular mechanisms underlying how mammals adapt to changes and challenges in the environment. Topics include regulation of feeding, energy expenditure, water balance, and temperature regulation.

Prerequisite(s): NEUR 3304.

Lectures three hours a week.

NEUR 4302 [0.5 credit]**Sex and the Brain**

Neurobiological processes behind reproductive behaviours in various animal species including humans. Evaluation of data concerning neurobiological differences between sexes, biological determinants of sexual orientation, and relating to neurobiology of sex disorders. Precludes additional credit for NEUR 3302 (no longer offered).

Prerequisite(s): NEUR 3304.

Lectures three hours a week

NEUR 4303 [0.5 credit]**Indigenous Health & Mental Health**

The physical and mental health issues of Indigenous people in the context of the cultural, environmental, developmental and biological factors that contribute to comorbid conditions and greater risk and resilience.

Prerequisite(s): 3rd year standing or above.

Lectures three hours a week.

NEUR 4305 [0.5 credit]**Immune-Brain Interactions**

Communication between the brain and the immune system; messengers mediating the interaction. How disturbances of immune-brain signaling can lead to disease (multiple sclerosis, Parkinson's) and to changes in mood and cognition.

Precludes additional credit for NEUR 3305 (no longer offered).

Prerequisite(s): NEUR 3200 or NEUR 3207.

Lectures three hours a week.

NEUR 4306 [0.5 credit]**The Neural Basis of Addiction**

How substance and behavioural addictions impact neural function to ultimately lead to the neuropathology of addiction in vulnerable populations. Contemporary neurobiological theories of addiction will also be addressed.

Precludes additional credit for NEUR 3306.

Prerequisite(s): NEUR 3204.

Lecture three hours a week.

NEUR 4600 [0.5 credit]**Advanced Lab in Neuroanatomy**

Advanced experiential learning in neuroanatomy, histology and microscopy.

Includes: Experiential Learning Activity

Prerequisite(s): NEUR 3200 or both NEUR 3206 and NEUR 3207, fourth-year standing in a Neuroscience program, a minimum Major CGPA of 9.0 and permission of the Department.

Laboratory/tutorials four hours per week.

NEUR 4801 [0.5 credit]**Neuroethics**

Ethical issues of key importance to current neurobiological research. Topics may include the use of animals in research, stem cell research, genetic diagnosis and gene therapy, neuroimaging, and the effect on identity and autonomy of manipulations such as psychopharmaceuticals and psychosurgery.

Prerequisite(s): NEUR 3200 or both NEUR 3206 and NEUR 3207.

Lectures and seminars three hours a week.

NEUR 4900 [0.5 credit]**Independent Study**

A reading or research course for selected students who wish to investigate a particular topic of interest. Normally students may not offer more than one credit of independent study in their total program.

Includes: Experiential Learning Activity

Prerequisite(s): third- or fourth- year standing and permission of the Department.

NEUR 4904 [1.0 credit]**Honours Research Thesis in Systematic Reviews or Meta-Analyses**

An independent systematic review or meta-analyses undertaken under the direct supervision of a faculty advisor typically from the Department of Neuroscience.

Includes: Experiential Learning Activity

Precludes additional credit for NEUR 4002, NEUR 4905, NEUR 4906, NEUR 4907, NEUR 4908, NEUR 5203.

Prerequisite(s): NEUR 3003 or both NEUR 3001 and NEUR 3002 and fourth-year standing in an Honours Neuroscience program, a minimum Major CGPA of 9.0 and permission of the Department.

Colloquia three hours a week.

NEUR 4905 [1.0 credit]**Honours Workshop**

The course will focus on active learning in areas that include written and oral communication, evaluation and interpretation of results, statistics and data management, emphasizing transferable skills that will be most appropriate for non-research career paths.

Includes: Experiential Learning Activity

Precludes additional credit for NEUR 4906, NEUR 4907 and NEUR 4908.

Prerequisite(s): fourth-year standing in an Honours Neuroscience program and permission of the Department. Lectures and seminars three hours a week, and colloquia three hours a week.

NEUR 4906 [1.0 credit]**Translational Approach to Indigenous Community Wellness**

This course involves co-developing an Indigenous community-led process or product that addresses a current and specific mental health issue. Involves working in interdisciplinary groups with a community partner.

Includes: Experiential Learning Activity

Also listed as ENSC 4909, ISAP 4909, MPAD 4906.

Precludes additional credit for ENSC 4906, ISAP 4906, ISAP 4907, ISAP 4908, NEUR 4905, NEUR 4907, NEUR 4908.

Prerequisite(s): Fourth-year standing with a minimum Major CGPA of 10.0 and a grade of A- or higher in one of NEUR 3401, NEUR 3402 or NEUR 3403 and permission of instructor. Prior completion of NEUR 4303 recommended.

Seminars or workshops three hours a week. A field trip to the partner community is typically required.

NEUR 4907 [1.0 credit]**Honours Essay and Research Proposal**

An independent essay based critical review and research proposal on a topic in neuroscience, using library resources, under the direct supervision of a Faculty advisor. Evaluation is based on a written report.

Includes: Experiential Learning Activity

Precludes additional credit for NEUR 4905, NEUR 4906 and NEUR 4908.

Prerequisite(s): NEUR 3200, or both NEUR 3206 and NEUR 3207, and fourth-year standing in an Honours Neuroscience program, a minimum Major CGPA of 9.0 and permission of the Department. Colloquia three hours a week.

NEUR 4908 [1.0 credit]**Honours Research Thesis**

An independent research project undertaken under the direct supervision of a faculty advisor typically from the Department of Neuroscience. Evaluation is based on a written report and poster.

Includes: Experiential Learning Activity

Precludes additional credit for NEUR 4905, NEUR 4906 and NEUR 4907.

Prerequisite(s): NEUR 3200, or both NEUR 3206 and NEUR 3207, and fourth-year standing in an Honours Neuroscience program, a minimum Major CGPA of 10.0 and permission of the Department. Colloquia three hours a week.

Nursing

This section presents the requirements for programs in:

- **Nursing B.Sc.N. Honours**
- **Nursing B.Sc.N. Major**
- **Concentration in Data Science**
- **Concentration in Neuroscience and Mental Health**

Nursing**B.Sc.N. Honours (20.0 credits)****A. Credits Included in the Major CGPA (14.5 credits)**

1. 7.5 credits in:		7.75
NURS 1000 [0.5]	Indigenous Health	
NURS 1001 [0.5]	Professional Nursing I	
NURS 1002 [0.5]	Human Anatomy and Physiology I	
NURS 1003 [0.5]	Adult Health and Illness I	
NURS 1004 [0.25]	Pharmacology and Medication Management I	
NURS 2000 [0.25]	Community Health	
NURS 2001 [0.5]	Professional Nursing II	
NURS 2002 [0.25]	Human Anatomy and Physiology II	
NURS 2003 [0.5]	Adult Health and Illness II	
NURS 2004 [0.25]	Pharmacology and Medication Management II	
NURS 2011 [0.25]	Health Equity and Social Justice	
NURS 2012 [0.25]	Resilience Training	
NURS 2013 [0.25]	Interpersonal Communication	
NURS 2014 [0.25]	Mental Health	
NURS 2016 [0.25]	Introduction to Health IT	
NURS 3000 [0.25]	Research Methods for Nurses	
NURS 3001 [0.5]	Professional Nursing III	
NURS 3002 [0.25]	Directed Studies - NCLEX	
NURS 3005 [0.5]	Pediatrics and Youth	
NURS 3006 [0.5]	Palliative and End of Life Care	
NURS 3010 [0.25]	Maternal Care	
NURS 3016 [0.25]	Introduction to AI and ML in Healthcare	
2. 1.75 credits in:		1.75
NURS 1100 [0.25]	Experiential Learning - Simulation I	
NURS 2100 [0.25]	Experiential Learning - Simulation II	
NURS 2108 [0.25]	Experiential Learning - Simulation III	

NURS 3100 [0.5]	Experiential Learning - Consolidation Simulation IV	
NURS 3101 [0.5]	Experiential Learning - Consolidation Simulation V	
3. 4.50 credits in:		4.5
NURS 1200 [0.5]	Clinical Practicum – Long-Term Care	
NURS 1201 [0.5]	Clinical Practicum - Chronic Care	
NURS 2200 [0.5]	Clinical Practicum - Mental Health & Obstetrics	
NURS 2201 [0.5]	Clinical Practicum - Acute Care	
NURS 3200 [0.5]	Clinical Practicum - Pediatrics	
NURS 3201 [1.0]	Clinical Practicum - Consolidated Practicum I	
NURS 4200 [1.0]	Clinical Practicum - Consolidated Practicum II	
4. 0.5 credit from:		0.5
NURS 4011 [0.5]	Nursing Research Project OR	
NURS 4012 [0.25]	Nursing Research Proposal &	
NURS 4112 [0.25]	Experiential Learning - Improving Nursing	
B. Credits Not Included in the Major CGPA (5.5 credits)		
5. 2.5 credits in:		2.5
HLTH 1001 [0.5]	Principles of Health I	
HLTH 2024 [0.5]	Microbiology and Virology	
PSYC 1001 [0.5]	Introduction to Psychology I	
PSYC 1002 [0.5]	Introduction to Psychology II	
PSYC 2301 [0.5]	Introduction to Health Psychology	
6. 3.0 credits in free electives.		3.0
Total Credits		20.0

Nursing

B.Sc.N. Major (20.0 credits)

A. Credits Included in the Major CGPA (14.0 credits)

1. 7.75 credits in:		7.75
NURS 1000 [0.5]	Indigenous Health	
NURS 1001 [0.5]	Professional Nursing I	
NURS 1002 [0.5]	Human Anatomy and Physiology I	
NURS 1003 [0.5]	Adult Health and Illness I	
NURS 1004 [0.25]	Pharmacology and Medication Management I	
NURS 2000 [0.25]	Community Health	
NURS 2001 [0.5]	Professional Nursing II	
NURS 2002 [0.25]	Human Anatomy and Physiology II	
NURS 2003 [0.5]	Adult Health and Illness II	
NURS 2004 [0.25]	Pharmacology and Medication Management II	
NURS 2011 [0.25]	Health Equity and Social Justice	
NURS 2012 [0.25]	Resilience Training	
NURS 2013 [0.25]	Interpersonal Communication	
NURS 2014 [0.25]	Mental Health	
NURS 2016 [0.25]	Introduction to Health IT	
NURS 3000 [0.25]	Research Methods for Nurses	
NURS 3001 [0.5]	Professional Nursing III	
NURS 3002 [0.25]	Directed Studies - NCLEX	
NURS 3005 [0.5]	Pediatrics and Youth	
NURS 3006 [0.5]	Palliative and End of Life Care	

NURS 3010 [0.25]	Maternal Care	
NURS 3016 [0.25]	Introduction to AI and ML in Healthcare	
2. 1.75 credits in:		1.75
NURS 1100 [0.25]	Experiential Learning - Simulation I	
NURS 2100 [0.25]	Experiential Learning - Simulation II	
NURS 2108 [0.25]	Experiential Learning - Simulation III	
NURS 3100 [0.5]	Experiential Learning - Consolidation Simulation IV	
NURS 3101 [0.5]	Experiential Learning - Consolidation Simulation V	
3. 4.5 credits in:		4.5
NURS 1200 [0.5]	Clinical Practicum – Long-Term Care	
NURS 1201 [0.5]	Clinical Practicum - Chronic Care	
NURS 2200 [0.5]	Clinical Practicum - Mental Health & Obstetrics	
NURS 2201 [0.5]	Clinical Practicum - Acute Care	
NURS 3200 [0.5]	Clinical Practicum - Pediatrics	
NURS 3201 [1.0]	Clinical Practicum - Consolidated Practicum I	
NURS 4200 [1.0]	Clinical Practicum - Consolidated Practicum II	
B. Credits Not Included in the Major CGPA (6.0 credits)		
4. 2.5 credits in:		2.5
HLTH 1001 [0.5]	Principles of Health I	
HLTH 2024 [0.5]	Microbiology and Virology	
PSYC 1001 [0.5]	Introduction to Psychology I	
PSYC 1002 [0.5]	Introduction to Psychology II	
PSYC 2301 [0.5]	Introduction to Health Psychology	
5. 3.5 credits in free electives (may include NURS 4012 & NURS 4112)		3.5
Total Credits		20.0

Concentration in Data Science (3.5 credits)

1. 0.5 credit from:		0.5
NURS 4011 [0.5]	Nursing Research Project OR	
NURS 4112 [0.25]	Experiential Learning - Improving Nursing &	
NURS 4012 [0.25]	Nursing Research Proposal	
2. 3.0 credits from:		3.0
NURS 2026 [0.5]	Data Management and Advanced Data Analytics in Healthcare	
NURS 2036 [0.5]	Designing and Deploying Technology Enabled Clinical Workflows	
NURS 2046 [0.5]	Healthcare Technology Evaluation, Procurement and Project Management	
NURS 2056 [0.5]	Ethics, Legalities and Regulation in Healthcare Data Science	
NURS 3000 [0.25]	Research Methods for Nurses	
NURS 3016 [0.25]	Introduction to AI and ML in Healthcare	
NURS 3066 [0.5]	Seminar - Nursing Data Science	
Total Credits		3.5

Concentration in Neuroscience and Mental Health (3.5 credits)

1. 3.0 credits in:	3.0
NEUR 1202 [0.5]	Neuroscience of Mental Health and Psychiatric Disease
NEUR 1203 [0.5]	Neuroscience of Mental Health and Neurological Disease
NEUR 2201 [0.5]	Cellular and Molecular Neuroscience
NEUR 2202 [0.5]	Neurodevelopment and Plasticity
NEUR 3204 [0.5]	Neuropharmacology
NURS 2012 [0.25]	Resilience Training
NURS 2014 [0.25]	Mental Health
2. 0.5 credit from:	0.5
NEUR 3304 [0.5]	Hormones and Behaviour
NEUR 3401 [0.5]	Environmental Toxins and Mental Health
NEUR 3501 [0.5]	Neurodegeneration and Aging
NEUR 3502 [0.5]	Neurodevelopmental Determinants of Mental Health
NEUR 4306 [0.5]	The Neural Basis of Addiction
Total Credits	3.5

Regulations

The regulations presented in this section apply to the B.Sc.N. program. In addition to the requirements presented here, students must satisfy the University Regulations common to all undergraduate students including the process of Academic Continuation Evaluation (see the *Academic Regulations of the University* section of this Calendar).

Graduation

Students are required to pass all clinical practicums to graduate from the B.Sc.N.

Registration

Continuous registration in the B.Sc.N. is required to maintain active status, superseding any regularly scheduled breaks. Failure to register in any term of prescribed study will result in the student being required to withdraw from the program.

Residency Requirement

To be eligible to graduate from the B.Sc.N., students must present a minimum of 13.5 residency credits in their degree program.

Transferability of credits will be assessed on a case-by-case basis.

Transfer of Credit Subsequent to Admission

Students in the B.Sc.N. program will not be permitted to participate in the International Exchange Program. B.Sc.N. students can take elective courses on a Letter of Permission (LOP) with the approval of the department. Students are not permitted to take non-elective B.Sc.N. program courses or NURS courses on LOP or through the University of Ottawa Exchange program.

0000-Level Courses

Students in the B.Sc.N. programs may not count any 0000-level courses for credit toward their degree. Such

students may, however, be required to take one or more of these courses to replace missing program prerequisites in which case the courses will be set aside as "no credit for degree" (NCD).

Senate Policy on Nursing Professional Suitability and the Carleton University Bachelor of Science in Nursing Conduct Policy

The regulations, procedures, and sanctions concerning Academic Offences and Offences of Conduct of Carleton University apply to student discipline on-campus. These regulations are described in the Carleton University Undergraduate Calendar.

In addition, students in the Bachelor of Science in Nursing (Honours) are expected to conform to the College of Nurses of Ontario/Ordre Des infirmiers de l'Ontario Practice Standard's and Practice Guidelines, and the Canadian Nurses Association's Code of Ethics for Registered Nurses both on- and off-campus. Students who violate these codes of ethics may be required, in accordance with the Senate Policy on Nursing Professional Suitability, to withdraw from the program.

Furthermore, students are expected to follow the directives laid out in the Carleton University Bachelor of Science in Nursing Conduct Policy both on- and off-campus.

Admissions Information

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and

admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as *recommended*, it is not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Degree

- Bachelor of Science in Nursing (B.Sc.N.) (Honours)
- Bachelor of Science in Nursing (B.Sc.N.)

Admission Requirements

First Year

Bachelor of Science in Nursing (B.Sc.N.) (Honours)

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include English, Advanced Functions, Biology, and Chemistry.

Applicants will also be asked to complete a supplementary application that will assist in the evaluation of their suitability for the program. Detailed information about the supplementary application can be found at admissions.carleton.ca.

Bachelor of Science in Nursing (B.Sc.N.)

No direct entry; access is restricted.

Advanced Standing

There will be a limited number of spaces maintained for Carleton students transferring from other degree programs to the Bachelor of Science Nursing. Applications for admission will be assessed on their merits. Applicants must have completed at least 4.0 credits at Carleton in order to be considered. Normally, offers are made to students with an overall CGPA of 9.00 (B+) or higher.

Applicants will also be required to complete a supplementary application which will assist in the evaluation of their suitability for the program. Detailed information about the supplementary application can be found at admissions.carleton.ca.

Students should note that credit will be granted only for those subjects assessed as being appropriate for the program selected. Students will not receive credit for courses graded below C-.

Nursing (NURS) Courses

NURS 1000 [0.5 credit]

Indigenous Health

Learners will review the Calls to Action of the Truth and Reconciliation Commission of Canada and begin to understand their role in transforming health systems and addressing Indigenous specific racism through theory and practice.

Includes: Experiential Learning Activity

Prerequisite(s): restricted to Bachelor of Science in Nursing students.

Lectures three hours a week.

NURS 1001 [0.5 credit]

Professional Nursing I

Introduction to professional nursing practice. Develops understanding and application of key principles essential for professional identity as a Registered Nurse, including self-regulation, accountability, ethical conduct, and professional integrity.

Prerequisite(s): restricted to Bachelor of Science in Nursing students.

Lectures three hours a week.

NURS 1002 [0.5 credit]

Human Anatomy and Physiology I

Comprehensive understanding of human body structure and function, emphasizing nursing and health assessment focus from cells to systems.

Prerequisite(s): restricted to Bachelor of Science in Nursing students.

Lectures three hours a week.

NURS 1003 [0.5 credit]

Adult Health and Illness I

Foundational skills in patient management and human physical assessment for effective nursing care, focusing on patient-centered approaches, ethical decision-making, and interprofessional teamwork.

Includes: Experiential Learning Activity

Prerequisite(s): NURS 1001, NURS 1002. Restricted to Bachelor of Science in Nursing students.

Lectures three hours a week.

NURS 1004 [0.25 credit]

Pharmacology and Medication Management I

In-depth exploration of pharmacology for nursing. Covers drug effects, patient care roles, and practical application, guided by the CNO Foundational Standard, Medication.

Prerequisite(s): restricted to Bachelor of Science in Nursing students.

Lectures three hours a week.

NURS 1100 [0.25 credit]

Experiential Learning - Simulation I

Connects NURS 1004 theory with augmented reality, virtual reality, and simulation applications. Topics include patient management, protective equipment, and assessment techniques.

Includes: Experiential Learning Activity

Prerequisite(s): NURS 1004. Restricted to Bachelor of Science in Nursing students.

Lectures three hours a week.

NURS 1200 [0.5 credit]**Clinical Practicum – Long-Term Care**

Clinical practicum introducing healthcare environment, focusing on applying theoretical nursing knowledge, policy understanding, and practice in an interdisciplinary context. Graded SAT/UNS.

Includes: Experiential Learning Activity

Prerequisite(s): restricted to Bachelor of Science in Nursing students.

On and off-campus placements from 20-100 hours a semester.

NURS 1201 [0.5 credit]**Clinical Practicum - Chronic Care**

Clinical practicum on chronic illness care, integrating theoretical knowledge with practical skills in assessment, documentation, and medication administration. Graded SAT/UNS.

Includes: Experiential Learning Activity

Prerequisite(s): NURS 1001, NURS 1002, and NURS 1200. Restricted to Bachelor of Science in Nursing students.

Off-campus placements from 20-100 hours a semester.

NURS 2000 [0.25 credit]**Community Health**

Introduction to nursing community support systems, focusing on Ontario-based community care delivery models, harm reduction, epidemiology and navigating healthcare systems. Covers well child promotion and immunization.

Prerequisite(s): NURS 1003, NURS 1100. Restricted to Bachelor of Science in Nursing students.

Lectures three hours a week.

NURS 2001 [0.5 credit]**Professional Nursing II**

Builds on NURS 1001, moves from understanding general role of a Registered Nurse to personal identity as a Registered Nurse. Incorporates Quality Assurance, Safety and Harm mitigation principals.

Prerequisite(s): NURS 1001. Restricted to Bachelor of Science in Nursing students.

Lectures three hours a week.

NURS 2002 [0.25 credit]**Human Anatomy and Physiology II**

Advanced course on human anatomy and physiology, focusing on complex body system interactions and pathophysiology.

Prerequisite(s): NURS 1002. Restricted to Bachelor of Science in Nursing students.

Lectures three hours a week.

NURS 2003 [0.5 credit]**Adult Health and Illness II**

Advances from NURS 1003, integrates complex patient care management and systems focus, pharmacology, and consolidated nursing practice knowledge.

Includes: Experiential Learning Activity

Prerequisite(s): NURS 1003. Restricted to Bachelor of Science in Nursing students.

Lectures three hours a week.

NURS 2004 [0.25 credit]**Pharmacology and Medication Management II**

Deepens pharmacological knowledge and skills, focusing on complex aspects of pharmacology and its application in nursing practice. Introduces RN Prescribing.

Prerequisite(s): NURS 1004. Restricted to Bachelor of Science in Nursing students.

Lectures three hours a week.

NURS 2011 [0.25 credit]**Health Equity and Social Justice**

Develops understanding of social determinants of health and their impact on health outcomes. Reviews specific populations to understand health beyond physiology.

Prerequisite(s): restricted to Bachelor of Science in Nursing students.

Lectures three hours a week.

NURS 2012 [0.25 credit]**Resilience Training**

Explores resilience, grit, and psychological safety in nursing, focusing on thriving under stress, reflecting on the COVID-19 pandemic's impact, and developing personal resilience strategies.

Prerequisite(s): restricted to Bachelor of Science in Nursing students.

Lectures three hours a week.

NURS 2013 [0.25 credit]**Interpersonal Communication**

Focuses on introduction and development of effective communication strategies in healthcare, including therapeutic, inter-professional, closed loop, conflict resolution and feedback skills.

Prerequisite(s): restricted to Bachelor of Science in Nursing students.

Lectures three hours a week.

NURS 2014 [0.25 credit]**Mental Health**

Introduces Mental Health Nursing in Ontario, covering disease, diagnosis, care plans, pharmacological management, DSM-IV, and The Mental Health Act.

Prerequisite(s): NURS 1003. Restricted to Bachelor of Science in Nursing students.

Lectures three hours a week.

NURS 2016 [0.25 credit]**Introduction to Health IT**

Introduces clinical informatics and health IT, covering coding, data management, electronic health records (EHRs), telehealth, wearables, and the impact of social determinants on technology access and usability.

Prerequisite(s): restricted to Bachelor of Science in Nursing students.

Lectures three hours a week.

NURS 2026 [0.5 credit]**Data Management and Advanced Data Analytics in Healthcare**

Advanced data analytics and management in healthcare, including predictive modelling, statistical analysis, and constructing data mining workflows.

Prerequisite(s): NURS 2016. Restricted to Bachelor of Science in Nursing students.

Lectures three hours a week.

NURS 2036 [0.5 credit]**Designing and Deploying Technology Enabled Clinical Workflows**

Techniques for integrating technology into clinical workflows, focusing on wearables, AI tools, and technology deployment challenges.

Prerequisite(s): NURS 2016. Restricted to Bachelor of Science in Nursing students.

Lectures three hours a week.

NURS 2046 [0.5 credit]**Healthcare Technology Evaluation, Procurement and Project Management**

Evaluation, procurement, and project management of healthcare technologies, focusing on AI-specific metrics and implementation strategies.

Prerequisite(s): NURS 2016. Restricted to Bachelor of Science in Nursing students.

Lectures three hours a week.

NURS 2056 [0.5 credit]**Ethics, Legalities and Regulation in Healthcare Data Science**

Ethical, legal, and regulatory frameworks around AI and data security in healthcare, examining technology's impact on access and ethical deployment.

Prerequisite(s): NURS 2016. Restricted to Bachelor of Science in Nursing students.

Lectures three hours a week.

NURS 2100 [0.25 credit]**Experiential Learning - Simulation II**

Expands on NURS 1100 with more complex patient management scenarios, using augmented reality, virtual reality, and simulation.

Includes: Experiential Learning Activity

Prerequisite(s): NURS 1100. Restricted to Bachelor of Science in Nursing students.

Lectures three hours a week.

NURS 2108 [0.25 credit]**Experiential Learning - Simulation III**

Advanced simulation lab, focusing on complex patient management and health assessment in various clinical scenarios.

Includes: Experiential Learning Activity

Prerequisite(s): NURS 2100, NURS 2014. Restricted to Bachelor of Science in Nursing students.

Lectures three hours a week.

NURS 2200 [0.5 credit]**Clinical Practicum - Mental Health & Obstetrics**

Clinical practicum in mental health and maternal/child care, integrating complex assessments, documentation, and medication administration. Graded SAT/UNS.

Includes: Experiential Learning Activity

Prerequisite(s): NURS 1201. Restricted to Bachelor of Science in Nursing students.

Off-campus placements from 20-100 hours a semester.

NURS 2201 [0.5 credit]**Clinical Practicum - Acute Care**

Clinical practicum in acute illness care, applying advanced theoretical knowledge and practice in rapidly changing clinical scenarios. Graded SAT/UNS.

Includes: Experiential Learning Activity

Prerequisite(s): NURS 1002, NURS 1003, NURS 1004 and NURS 2001. Restricted to Bachelor of Science in Nursing students.

Off-campus placements from 20-100 hours a semester.

NURS 3000 [0.25 credit]**Research Methods for Nurses**

Explores research methodologies essential for evidence-based nursing practice, aiming to equip students with critical analysis, research ethics, and independent research skills.

Prerequisite(s): restricted to Bachelor of Science in Nursing students.

Lectures three hours a week.

NURS 3001 [0.5 credit]**Professional Nursing III**

Continued understanding of professional identity in a regulated profession. Incorporates role of leadership, advocacy and educator.

Prerequisite(s): NURS 2001. Restricted to Bachelor of Science in Nursing students.

Lectures three hours per week.

NURS 3002 [0.25 credit]**Directed Studies - NCLEX**

Directed studies integrating material from throughout the program in preparation for NCLEX exam writing.

Prerequisite(s): restricted to Bachelor of Science in Nursing students.

Lectures three hours a week.

NURS 3005 [0.5 credit]**Pediatrics and Youth**

Pediatrics and youth healthcare, covering physical, psychological, and social assessment, and family healthcare.

Prerequisite(s): restricted to Bachelor of Science in Nursing students.

Lectures three hours a week.

NURS 3006 [0.5 credit]**Palliative and End of Life Care**

Comprehensive course on palliative and end-of-life care, covering symptom management, advanced care planning, MAiD and ethical considerations.

Prerequisite(s): restricted to Bachelor of Science in Nursing students.

Lectures three hours a week.

NURS 3010 [0.25 credit]**Maternal Care**

Care for maternal and newborn health, including lactation support, childbirth practices, and family healthcare assessment.

Prerequisite(s): NURS 2002, NURS 2003, NURS 2004, and NURS 2200. Restricted to Bachelor of Science in Nursing students.

Lectures three hours a week.

NURS 3016 [0.25 credit]**Introduction to AI and ML in Healthcare**

Fundamentals of AI and ML in healthcare, covering data classification, mining, ethical data use, and exploring AI/ML architectures.

Prerequisite(s): NURS 2016. Restricted to Bachelor of Science in Nursing students.

Lectures three hours a week.

NURS 3066 [0.5 credit]**Seminar - Nursing Data Science**

Seminars and discussions on current Nursing Data Science topics.

Prerequisite(s): third-year standing in the Nursing program. Restricted to Bachelor of Science in Nursing students.

Seminars three hours a week.

NURS 3100 [0.5 credit]**Experiential Learning - Consolidation Simulation IV**

Consolidated simulation lab for complex clinical scenario practice, supporting final clinical practicum preparation.

Includes: Experiential Learning Activity

Prerequisite(s): NURS 2108, NURS 3200. Restricted to Bachelor of Science in Nursing students.

Lectures three hours a week.

NURS 3101 [0.5 credit]**Experiential Learning - Consolidation Simulation V**

Consolidated simulation lab for complex clinical scenario practice, supporting final clinical practicum preparation.

Includes: Experiential Learning Activity

Prerequisite(s): NURS 3100. Restricted to Bachelor of Science in Nursing students.

Lectures three hours a week.

NURS 3200 [0.5 credit]**Clinical Practicum - Pediatrics**

Clinical practicum in pediatrics, focusing on complex care, assessments, and integrating pediatric healthcare principles. Graded SAT/UNS.

Includes: Experiential Learning Activity

Prerequisite(s): NURS 2200. Restricted to Bachelor of Science in Nursing students.

Off-campus placements from 20-100 hours a semester.

NURS 3201 [1.0 credit]**Clinical Practicum - Consolidated Practicum I**

Students complete clinical placement to consolidate theory and application to advance toward graduation.

Graded SAT/UNS.

Includes: Experiential Learning Activity

Prerequisite(s): NURS 3200. Restricted to Bachelor of Science in Nursing students.

Off-campus placements with at least 250 hours a semester.

NURS 4000 [0.25 credit]**Topics in Nursing I**

Specific topics of current interest. Topics may vary from year to year.

Prerequisite(s): Third-year standing in the Nursing program. Restricted to Bachelor of Science in Nursing students.

Lecture, seminars or workshops three hours per week.

NURS 4001 [0.5 credit]**Topics in Nursing II**

Specific topics of current interest. Topics may vary from year to year.

Prerequisite(s): Third-year standing in the Nursing program. Restricted to Bachelor of Science in Nursing students.

Lecture, seminars or workshops three hours per week.

NURS 4011 [0.5 credit]**Nursing Research Project**

An independent research project undertaken in the field and/or the laboratory, under the direct supervision of a faculty adviser. Evaluation is based on a written thesis.

Prerequisite(s): NURS 3000. Restricted to Bachelor of Science in Nursing Honours students.

TBD

NURS 4012 [0.25 credit]**Nursing Research Proposal**

An independent critical review and research proposal, using library resources, under the direct supervision of a Faculty advisor. Evaluation is based on a written report.

Prerequisite(s): NURS 3000. Restricted to Bachelor of Science in Nursing students.

Workshop three hours a week.

NURS 4112 [0.25 credit]**Experiential Learning - Improving Nursing**

Seminars on current issues in Nursing.

Includes: Experiential Learning Activity

Prerequisite(s): NURS 3000. Restricted to Bachelor of Science in Nursing students.

Lectures and seminars three hours a week.

NURS 4200 [1.0 credit]**Clinical Practicum - Consolidated Practicum II**

Students complete clinical placement to consolidate theory and application to advance toward graduation. Graded SAT/UNS.

Includes: Experiential Learning Activity

Prerequisite(s): NURS 3201, NURS 3101. Restricted to Bachelor of Science in Nursing students.

Off-campus placements with at least 300 hours a semester.

Open Studies

This section presents the requirements for programs in:

- **Open Studies Program Requirements B.A.**
- **Open Studies Program Requirements B.Sc.**

Open Studies Program Requirements**B.A. (15.0 credits)**

Enrolment in the B.A. Open Studies program is restricted.

Please consult with an academic advisor for more information.

1. 6.0 credits from disciplines in the Faculty of Arts and Social Sciences or the Faculty of Public and Global Affairs	6.0
2. 9.0 credits in free electives	9.0
Total Credits	15.0

Notes:

1. Students must complete 2.0 credits at the 3000 level or above;
2. Subject to individual program restrictions, students may be eligible to declare a Minor.

In addition to the requirements presented here, students must satisfy the Bachelor of Arts regulations, including the Breadth Requirement, and University regulations common to all undergraduate students, including the Minimum Number of Carleton Credits (Residency and Advanced credits), the Maximum Number of Credits Below the 2000-level, and the process of Academic Continuation Evaluation (consult the *Academic Regulations of the University* section of this Calendar).

Open Studies Program Requirements**B.Sc. (15.0 credits)**

Enrolment in the B.Sc. Open Studies programs is restricted. Please consult with an academic advisor for more information.

1. 6.0 credits from disciplines in the Faculty of Science or the Faculty of Engineering and Design	6.0
2. 9.0 credits in free electives	9.0
Total Credits	15.0

Notes:

1. Students must complete 2.0 credits at the 3000 level or above;
2. Subject to individual program restrictions, students may be eligible to declare a Minor.

In addition to the requirements presented here, students must satisfy the Bachelor of Science regulations, including the Breadth and Experimental Science Requirements, and University regulations common to all undergraduate students, including the Minimum Number of Carleton Credits (Residency and Advanced credits), the Maximum Number of Credits Below the 2000-level, and the process of Academic Continuation Evaluation (consult the *Academic Regulations of the University* section of this Calendar).

B.A. Regulations

The regulations presented below apply to all Bachelor of Arts programs. In addition to the requirements presented here, students must satisfy the University regulations common to all undergraduate students including the process of Academic Continuation Evaluation (consult

the *Academic Regulations of the University* section of this Calendar).

First-Year Seminars

B.A. degree students are strongly encouraged to include a First-Year Seminar (FYSM) during their first 4.0 credits of registration. Students are limited to 1.0 credit in FYSM and can only register in a FYSM while they have first-year standing in their B.A. program.

Breadth Requirement

Among the credits presented at graduation, students in both the B.A. and the B.A. Honours degrees and B.Co.M.S. are required to include 3.0 breadth credits, which must include 1.0 credit in three of the four breadth areas identified below. Credits that fulfil requirements in the Major, Minor, Concentration, Specialization, or Stream may also be used to fulfil the Breadth Requirement.

Students admitted with a completed university degree are exempt from breadth requirements.

Students in the following interdisciplinary programs are exempt from the B.A. breadth requirement.

- African Studies
- Criminology and Criminal Justice
- Environmental Studies
- Human Rights
- Human Rights and Social Justice

Breadth Area 1: Culture and Communication

American Sign Language, Art History, Art and Culture, Communication and Media Studies, Digital Humanities, English, Film Studies, French, Journalism, Media Production and Design, Music, and Languages (Arabic, English as a Second Language, German, Greek, Hebrew, Indigenous Languages, Italian, Japanese, Korean, Latin, Mandarin, Portuguese, Russian, Spanish)

Subject codes: ARAB, ARTH, ASLA, CHIN, COMS, DIGH, ENGL, ESLA, FILM, FINS, FREN, GERM, GREK, HEBR, ITAL, JAPA, JOUR, KORE, LANG, LATN, MPAD, MUSI, PORT, RUSS, SPAN

Breadth Area 2: Humanities

African Studies, Applied Linguistics and Discourse Studies, Archaeology, Canadian Studies, Child Studies, Classical Civilization, Critical Race Studies, Directed Interdisciplinary Studies, Disability Studies, Environmental and Climate Humanities, European and Russian Studies, History, Human Rights and Social Justice, Humanities, Indigenous Studies, Latin American and Caribbean Studies, Linguistics, Medieval and Early Modern Studies, Philosophy, Religion, Sexuality Studies, South Asian Studies, and Women's and Gender Studies.

Subject codes: AFRI, ALDS, ARCY, CDNS, CHST, CLCV, CRST, DBST, DIST, EACH, EURR, HIST, HRSJ, HUMR, HUMS, INDG, LACS, LING, MEMS, PHIL, RELI, SAST, SXST, WGST

Breadth Area 3: Science, Engineering, and Design

Architecture, Biology, Chemistry, Computer Science, Data Science, Earth Sciences, Engineering, Environmental Science, Food Science and Nutrition, Health

Sciences, Industrial Design, Information Resource Management, Information Technology (BIT), Information Technology (ITEC), Interactive Multimedia and Design, Interdisciplinary Science and Practice, Mathematics, Neuroscience, Network Technology, Nursing, Optical Systems and Sensors, Photonics, Statistics, Physics, and Technology, Society, Environment.

Subject codes: ACSE, AERO, ARCC, ARCH, ARCN, ARCS, ARCU, BIOC, BIOL, BIT, CHEM, CIVE, COMP, CSEC, DATA, ECOR, ELEC, ENSC, ENVE, EARTH, FOOD, HLTH, IDES, IMD, IRM, ISAP, ISCI, ISCS, ISYS, ITEC, MAAE, MATH, MECH, MECT, NET, NEUR, NSCI, NURS, OSS, PHYS, PLT, SREE, STAT, SYSC, TSES

Breadth Area 4: Social Sciences

Anthropology, Business, Cognitive Science, Criminology and Criminal Justice, Economics, Environmental Studies, Geography, Geomatics, Global and International Studies, Global Politics, Interdisciplinary Public Affairs, International Affairs, Law, Migration and Diaspora Studies, Political Management, Political Science, Psychology, Public Administration, Public Affairs and Policy Management, Social Work, Sociology/Anthropology, Sociology

Subject codes: ANTH, BUSI, CGSC, CRCJ, ECON, ENST, GEOG, GEOM, GINS, GPOL, INAF, IPAF, LAWS, MGDS, PADM, PAPM, POLM, PSCI, PSYC, SOCI, SOWK

Declared and Undeclared Students

Degree students are considered "Undeclared" if they have been admitted to a degree, but have not yet selected and been accepted into a program within that degree. The status "Undeclared" is available only in the B.A. and B.Sc. degrees. Undeclared students must apply to enter a program upon or before completing 3.5 credits.

Change of Program Within the B.A. Degree

To transfer to a program within the B.A. degree, applicants must normally be *Eligible to Continue* (EC) in the new program, by meeting the CGPA thresholds described in Section 3.1.9 of the *Academic Regulations of the University*.

Applications to declare or change programs within the B.A. degree online must be made online through Carleton Central by completing a Change of Program Elements (COPE) application form within the published deadlines. Acceptance into a program, or into a program element or option, is subject to any enrollment limitations, as well as specific program, program element, or option requirements as published in the relevant Calendar entry.

Minors, Concentrations, and Specializations

Students may add a Minor, Concentration, or Specialization by completing a Change of Program Elements (COPE) application form online through Carleton Central. Acceptance into a Minor, Concentration, or Specialization normally requires that the student be *Eligible to Continue* (EC) and is subject to any specific requirements of the intended Minor, Concentration, or Specialization as published in the relevant Calendar entry and in Section 3.1.9 of the *Academic Regulations of the University*.

Mention : français

Students registered in certain B.A. programs may earn the diploma notation *Mention : français* by completing part of their program requirements in French, and by demonstrating knowledge of the history and culture of French Canada. The general requirements are listed below. For more specific details, consult the departmental program entries.

Students in a B.A. Honours program must present:

1. 1.0 credit in French language;
2. 1.0 credit devoted to the history and culture of French Canada;
3. 1.0 credit at the 2000- or 3000-level in the Honours discipline taken in French; and
4. 1.0 credit at the 4000-level in the Honours discipline taken in French.

Students in a B.A. program must present:

1. 1.0 credit in advanced French;
2. 1.0 credit devoted to the history and culture of French Canada;
3. 1.0 credit at the 2000- or 3000-level in the Major discipline taken in French.

Students in Combined Honours programs must fulfil the *Mention : français* requirement in both disciplines.

Courses taught in French (Items 3 and 4, above) may be taken at Carleton, at the University of Ottawa on the Exchange Agreement, or at a francophone university on a Letter of Permission. Students planning to take courses on exchange or on a Letter of Permission should take careful note of the residence requirement for a minimum number of Carleton courses in their programs. Consult the *Academic Regulations of the University* section of this Calendar for information regarding study on exchange or Letter of Permission.

B.Sc. Regulations

The regulations presented in this section apply to all Bachelor of Science programs. In addition to the requirements presented here, students must satisfy the University regulations common to all undergraduate students including the process of Academic Continuation Evaluation (see the *Academic Regulations of the University* section of this Calendar).

Breadth Requirement for the B.Sc.

Students in a Bachelor of Science program must present the following credits at graduation:

1. 2.0 credits in Science Continuation courses not in the major discipline; **students completing a double major are considered to have completed this requirement providing they have 2.0 credits in Science Continuation courses in each of the two majors;**
2. 2.0 credits in courses outside of the faculties of Science and Engineering and Design (may include ISAP 1000)

In most cases, the requirements for individual B.Sc. programs, as stated in this Calendar, contain these requirements, explicitly or implicitly.

Students admitted to B.Sc. programs by transfer from another institution must present at graduation (whether taken at Carleton or elsewhere):

1. 2.0 credits in courses outside of the faculties of Science and Engineering and Design (may include ISAP 1000) if the student received fewer than 10.0 transfer credits; or,
2. 1.0 credit in courses outside of the faculties of Science and Engineering and Design (may include ISAP 1000) if the student received 10.0 or more transfer credits.

Declared and Undeclared Students

Degree students are considered "Undeclared" if they have been admitted to a degree, but have not yet selected and been accepted into a program within that degree. The status "Undeclared" is available only in the B.A. and B.Sc. degrees. Undeclared students must apply to enter a program upon or before completing 3.5 credits.

Change of Program within the B.Sc. Degree

To transfer to a program within the B.Sc. degree, applicants must normally be *Eligible to Continue* (EC) in the new program, by meeting the CGPA thresholds described in Section 3.1.9 of the *Academic Regulations of the University*.

Applications to declare or change programs within the B.Sc. degree must be made online through Carleton Central by completing a Change of Program Elements (COPE) application form within the published deadlines. Acceptance into a program, or into a program element or option, is subject to any enrolment limitations, and/or specific program, program element or option requirements as published in the relevant Calendar entry.

Minors, Concentrations, and Specializations

Students may add a Minor, Concentration, or Specialization by completing a Change of Program Elements (COPE) application form online through Carleton Central. Acceptance into a Minor, Concentration, or Specialization normally requires that the student be *Eligible to Continue* (EC) and is meeting the minimum CGPAs described in Section 3.1.9 of the *Academic Regulations of the University*, as well as being subject to any specific requirements of the intended Minor, Concentration, or Specialization as published in the relevant Calendar entry.

Experimental Science Requirement

Students in a B.Sc. degree program must present at graduation at least two full credits of Experimental Science chosen from two different departments or institutes from the list below:

Approved Experimental Science Courses

Biochemistry	
BIOC 2200 [0.5]	Cellular Biochemistry
BIOC 4001 [0.5]	Methods in Biochemistry
BIOC 4201 [0.5]	Advanced Cell Culture and Tissue Engineering

Biology

BIOL 1103 [0.5]	Foundations of Biology I
BIOL 1104 [0.5]	Foundations of Biology II
BIOL 2001 [0.5]	Animals: Form and Function
BIOL 2002 [0.5]	Plants: Form and Function
BIOL 2104 [0.5]	Introductory Genetics
BIOL 2200 [0.5]	Cellular Biochemistry
BIOL 2600 [0.5]	Ecology

Chemistry

CHEM 1001 [0.5]	General Chemistry I
CHEM 1002 [0.5]	General Chemistry II
CHEM 2103 [0.5]	Physical Chemistry I
CHEM 2203 [0.5]	Organic Chemistry I
CHEM 2204 [0.5]	Organic Chemistry II
CHEM 2302 [0.5]	Analytical Chemistry I
CHEM 2303 [0.5]	Analytical Chemistry II
CHEM 2800 [0.5]	Foundations for Environmental Chemistry

Earth Sciences

ERTH 1002 [0.5]	The Earth and Life Odyssey: A Journey Through Billions of Years
ERTH 2102 [0.5]	Mineralogy to Petrology
ERTH 2404 [0.5]	Engineering Geoscience
ERTH 2802 [0.5]	Field Geology I
ERTH 3111 [0.5]	Vertebrate Evolution: Mammals, Reptiles, and Birds
ERTH 3112 [0.5]	Vertebrate Evolution: Fish and Amphibians
ERTH 3204 [0.5]	Mineral Deposits
ERTH 3205 [0.5]	Physical Hydrogeology

Food Sciences

FOOD 3001 [0.5]	Food Chemistry
FOOD 3002 [0.5]	Food Analysis
FOOD 3005 [0.5]	Food Microbiology

Geography

GEOG 1010 [0.5]	Global Environmental Systems
GEOG 3108 [0.5]	Soil Properties

Neuroscience

NEUR 3206 [0.5]	Sensory and Motor Neuroscience
NEUR 3207 [0.5]	Systems Neuroscience
NEUR 4600 [0.5]	Advanced Lab in Neuroanatomy

Physics

PHYS 1001 [0.5]	Foundations of Physics I
PHYS 1002 [0.5]	Foundations of Physics II
PHYS 1003 [0.5]	Introductory Mechanics and Thermodynamics
PHYS 1004 [0.5]	Introductory Electromagnetism and Wave Motion
PHYS 1007 [0.5]	Elementary University Physics I
PHYS 1008 [0.5]	Elementary University Physics II
PHYS 2202 [0.5]	Wave Motion and Optics
PHYS 2604 [0.5]	Modern Physics I
PHYS 3007 [0.5]	Third Year Physics Laboratory: Selected Experiments and Seminars
PHYS 3606 [0.5]	Modern Physics II
PHYS 3608 [0.5]	Modern Applied Physics

Course Categories for B.Sc. Programs**Science Geography Courses**

GEOG 1010 [0.5]	Global Environmental Systems
GEOG 2006 [0.5]	Introduction to Quantitative Research
GEOG 2013 [0.5]	Weather and Water
GEOG 2014 [0.5]	The Earth's Surface
GEOG 3003 [0.5]	Quantitative Geography
GEOG 3010 [0.5]	Field Methods in Physical Geography
GEOG 3102 [0.5]	Geomorphology
GEOG 3103 [0.5]	Watershed Hydrology
GEOG 3104 [0.5]	Principles of Biogeography
GEOG 3105 [0.5]	Climate and Atmospheric Change
GEOG 3106 [0.5]	Aquatic Science and Management
GEOG 3108 [0.5]	Soil Properties
GEOG 4000 [0.5]	Field Studies
GEOG 4005 [0.5]	Directed Studies in Geography
GEOG 4013 [0.5]	Cold Region Hydrology
GEOG 4017 [0.5]	Global Biogeochemical Cycles
GEOG 4101 [0.5]	Two Million Years of Environmental Change
GEOG 4103 [0.5]	Water Resources Engineering
GEOG 4104 [0.5]	Microclimatology
GEOG 4108 [0.5]	Permafrost

Science Psychology Courses

PSYC 2001 [0.5]	Introduction to Research Methods in Psychology
PSYC 2002 [0.5]	Introduction to Statistics in Psychology
PSYC 2700 [0.5]	Introduction to Cognitive Psychology
PSYC 3000 [1.0]	Design and Analysis in Psychological Research
PSYC 3506 [0.5]	Cognitive Development
PSYC 3700 [1.0]	Cognition (Honours Seminar)
PSYC 3702 [0.5]	Perception
PSYC 2307 [0.5]	Human Neuropsychology I
PSYC 3307 [0.5]	Human Neuropsychology II

Science Continuation Courses

A course at the 2000 level or above may be used as a Science Continuation credit in a B.Sc. program if it is not in the student's major discipline, and is chosen from the following:

BIOC (Biochemistry)

BIOL (Biology) Biochemistry students may use BIOL 2005 only as a free elective.

CHEM (Chemistry)

COMP (Computer Science) A maximum of two half-credits at the 1000-level in COMP, excluding COMP 1001 may be used as Science Continuation credits.

ERTH (Earth Sciences), except ERTH 2415 which may be used only as a free elective for any B.Sc. program. Students in Earth Sciences programs may use ERTH 2401, ERTH 2402, and ERTH 2403 only as free electives.

Engineering. Students wishing to register in Engineering courses must obtain the permission of the Faculty of Engineering and Design.

ENSC (Environmental Science)

FOOD (Food Science and Nutrition)

GEOM (Geomatics)

HLTH (Health Sciences)

ISAP (Interdisciplinary Science Practice)

MATH (Mathematics)

NEUR (Neuroscience)

PHYS (Physics), except PHYS 2903

Science Geography Courses (see list above)

Science Psychology Courses (see list above)

STAT (Statistics)

TSES (Technology, Society, Environment) except TSES 2305. Biology students may use these courses only as free electives. Integrated Science and Environmental Science students may include these courses in their programs but may not count them as part of the Science Sequence.

Science Faculty Electives

Science Faculty Electives are courses at the 1000-4000 level chosen from:

BIOC (Biochemistry)

BIOL (Biology) Biology & Biochemistry students may use BIOL 1010 and BIOL 2005 only as free electives

CHEM (Chemistry) except CHEM 1003, CHEM 1004 and CHEM 1007

COMP (Computer Science) except COMP 1001

ERTH (Earth Sciences) except ERTH 1004 and ERTH 2415. Earth Sciences students may use ERTH 2401, ERTH 2402 and ERTH 2403 only as free electives.

Engineering

ENSC 2001

FOOD (Food Science and Nutrition)

GEOM (Geomatics)

HLTH (Health Science)

ISAP (Interdisciplinary Science Practice)

MATH (Mathematics)

NEUR (Neuroscience)

PHYS (Physics) except PHYS 1901, PHYS 1902, PHYS 1905, PHYS 2903

Science Geography (see list above)

Science Psychology (see list above)

STAT (Statistics)

TSES (Technology, Society, Environment) Biology students may use these courses only as free electives.

Advanced Science Faculty Electives

Advanced Science Faculty Electives are courses at the 2000-4000 level chosen from the Science Faculty Electives list above.

Approved Courses Outside the Faculties of Science and Engineering and Design (may include ISAP 1000)

All courses offered by the Faculty of Arts and Social Sciences, the Faculty of Public and Global Affairs, and the Sprott School of Business are approved as Arts or Social Sciences courses EXCEPT FOR: All Science Geography courses (see list above), all Geomatics (GEOM) courses, all Science Psychology courses (see list above). ISAP 1000 may be used as an Approved Course Outside the Faculties of Science and Engineering and Design.

Free Electives

Any course is allowable as a Free Elective providing it is not prohibited (see below). Students are expected to comply with prerequisite requirements and enrolment restrictions for all courses as published in this Calendar.

Courses Allowable Only as Free Electives in any B.Sc. Program

BIOL 4810 [0.5]	Education Research in Undergraduate Science
CHEM 1003 [0.5]	The Chemistry of Food, Health and Drugs
CHEM 1004 [0.5]	Drugs and the Human Body
CHEM 1007 [0.5]	Chemistry of Art and Artifacts
ERTH 1004 [0.5]	Earth's Epic Tale: A Story Across Billions of Years
ERTH 2415 [0.5]	Natural Disasters
ISCI 1001 [0.5]	Introduction to the Environment
ISCI 2000 [0.5]	Natural Laws
ISCI 2002 [0.5]	Human Impacts on the Environment
PHYS 1901 [0.5]	Planetary Astronomy
PHYS 1902 [0.5]	From our Star to the Cosmos
PHYS 1905 [0.5]	Physics Behind Everyday Life
PHYS 2903 [0.5]	Physics Towards the Future

Prohibited Courses

The following courses are not acceptable for credit in any B.Sc. program:

COMP 1001 [0.5]	Introduction to Computational Thinking for Arts and Social Science Students
MATH 1009 [0.5]	Mathematics for Business
MATH 1119 [0.5]	Linear Algebra: with Applications to Business
MATH 1401 [0.5]	Elementary Mathematics for Economics I
MATH 1402 [0.5]	Elementary Mathematics for Economics II

all 0000-level courses

Admissions Information

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the

demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as *recommended*, it is not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admission Requirements

Degrees

- Bachelor of Arts (B.A.) (Honours)
- Bachelor of Arts (B.A.)

First Year

For B.A. and B.A. (Honours)

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include a 4U course in English (or *anglais*). Applicants submitting an English language test to satisfy the requirements of the English Language Proficiency section of this Calendar may use that test to also satisfy the 4U English prerequisite requirement.

Biology

For the major in Biology in the B.A. program, in addition to the 4U English, a 4U course in Chemistry is required. Advanced Functions, and Calculus and Vectors are recommended.

Criminology and Criminal Justice

Access to the CCJ B.A. degree is limited to students already registered in the CCJ B.A. Honours who apply to transfer, and to graduates of the Algonquin College Police Foundations program.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be

Eligible to Continue in their year level, in addition to meeting the CGPA thresholds described in Section 3.1.9 of the Academic Regulations of the University. Advanced standing will be granted only for those subjects assessed as being appropriate for the program and the stream selected.

Co-op Option

Direct Admission to the 1st Year of the Co-op Option

Co-op is available for the following Majors in the B.A. (Honours) degree: Anthropology, English, Environmental Studies, European and Russian Studies, French, Geography, Geomatics, History, Law, Political Science, Psychology, Sociology.

Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in the Bachelor of Arts Honours with one of the majors listed above;
3. be eligible to work in Canada (for off-campus work placements).

Meeting the above requirements only establishes eligibility for admission to the program. The prevailing job market may limit enrolment in the co-op option. Students should also note that hiring priority is given to Canadian citizens for co-op positions in the Public Service Commission.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are described in the Co-operative Education Regulations section of this Calendar.

Advanced Standing

B.A. and B.A. (Honours) Program

Applications for admission to the second or subsequent years will be assessed on their merits. Advanced standing will be granted only for those courses that are determined to be appropriate.

Admissions Information

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as *recommended*, it is not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Degrees

- B.Sc. (Honours)
- B.Sc. (Major)
- B.Sc.

Admission Requirements

B. Sc. Honours

First Year

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. For most programs including Biochemistry, Bioinformatics, Biotechnology, Chemistry, Combined Honours in Biology and Physics, Chemistry and Physics, Computational Biochemistry, Food Science, Nanoscience, Neuroscience and Biology, Neuroscience and Mental Health, and Psychology, the six 4U or M courses must include Advanced Functions, and two of Biology, Chemistry, Earth and Space Sciences, or Physics. (Calculus and Vectors is strongly recommended).

Specific Honours Admission Requirements

For the Honours programs in Earth Sciences, Environmental Science, Geomatics, Integrated Science, and Physical Geography, Calculus and Vectors may be substituted for Advanced Functions.

For the Honours programs in Physics and Applied Physics, and for double Honours in Mathematics and Physics, Calculus and Vectors is required in addition to Advanced Functions and one of 4U Physics, Chemistry, Biology, or Earth and Space Sciences. For all programs in Physics, 4U Physics is strongly recommended.

For Honours in Psychology, a 4U course in English is recommended.

For Honours in Environmental Science, a 4U course in Biology and Chemistry is recommended.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be *Eligible to Continue* in their year level, in addition to meeting the CGPA thresholds described in Section 3.1.9 of the Academic Regulations of the University. Advanced standing will be granted only for those subjects deemed appropriate for the program and stream selected.

B.Sc. Major and B.Sc.

First Year

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include Advanced Functions and two of Calculus and Vectors, Biology, Chemistry, Earth and Space Science, or Physics (Calculus and Vectors is strongly recommended). For the B.Sc. Major in Physics, 4U Physics is strongly recommended.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be *Eligible to Continue* (EC) in their year level. Advanced standing will be granted only for those subjects deemed appropriate for the program and stream selected.

Co-op Option

Direct Admission to the First Year of the Co-op Option

Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in the Bachelor of Science Honours program;
3. be eligible to work in Canada (for off-campus work placements).

Note that meeting the above requirements only establishes eligibility for admission to the program. The prevailing job market may limit enrolment in the co-op option.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are described in the Co-operative Education Regulations section of this Calendar.

Philosophy

This section presents the requirements for programs in:

- **Philosophy B.A. Honours**
- **Philosophy with Concentration in Philosophy, Ethics and Public Affairs B.A. Honours**
- **Philosophy B.A. Combined Honours**
- **Philosophy B.A.**
- **Minor in Philosophy**
- **Mention : Français**

Program Requirements

Course Categories for Philosophy

For purposes of program description the Philosophy courses are classified as follows:

History of Philosophy

PHIL 2005 [1.0]	Ancient Philosophy: The Search for Wisdom
PHIL 2101 [0.5]	History of Ethics
PHIL 2201 [0.5]	Introduction to Marxist Philosophy
PHIL 2202 [0.5]	Topics in Marxist Philosophy
PHIL 2700 [0.5]	Asian Philosophy
PHIL 3000 [0.5]	Topics in Ancient Philosophy
PHIL 3001 [0.5]	Early Greek Philosophy
PHIL 3002 [0.5]	17th Century Philosophy
PHIL 3003 [0.5]	18th Century Philosophy
PHIL 3005 [0.5]	19th Century Philosophy
PHIL 3009 [0.5]	Topics in European Philosophy
PHIL 3010 [0.5]	Special Topics in Global Philosophical Traditions
PHIL 3104 [0.5]	The Roots of Analytic Philosophy
PHIL 3330 [0.5]	Topics in History of Social and Political Philosophy

Ethics, Society, and Aesthetics (ESA)

PHIL 2020 [0.5]	Issues in Practical Philosophy
PHIL 2101 [0.5]	History of Ethics
PHIL 2103 [0.5]	Philosophy of Human Rights
PHIL 2106 [0.5]	Information Ethics
PHIL 2120 [0.5]	Philosophy of Technology
PHIL 2201 [0.5]	Introduction to Marxist Philosophy
PHIL 2306 [0.5]	Philosophy and Feminism
PHIL 2307 [0.5]	Gender and Philosophy
PHIL 2320 [0.5]	Children, Literature, and Philosophy
PHIL 2330 [0.5]	Happiness, Well-being, and the Good Life
PHIL 2340 [0.5]	Philosophy and Popular Culture
PHIL 2380 [0.5]	Introduction to Environmental Ethics
PHIL 2401 [0.5]	Ethics of Artificial Intelligence
PHIL 2408 [0.5]	Bioethics
PHIL 2601 [0.5]	Philosophy of Religion
PHIL 2807 [0.5]	Philosophy of Art
PHIL 2901 [0.5]	Truth and Propaganda
PHIL 3010 [0.5]	Special Topics in Global Philosophical Traditions
PHIL 3102 [0.5]	Philosophy of Law: The Logic of Law
PHIL 3320 [0.5]	Contemporary Ethical Theory
PHIL 3330 [0.5]	Topics in History of Social and Political Philosophy
PHIL 3340 [0.5]	Topics in Contemporary Social and Political Philosophy
PHIL 3350 [0.5]	Philosophy, Ethics, and Public Affairs
PHIL 3360 [0.5]	Philosophy, Economics, and Public Policy

PHIL 3380 [0.5]	Environments, Technology and Values
PHIL 3450 [0.5]	Topics in Aesthetics
PHIL 3540 [0.5]	Philosophy of Emotions

Language, Mind and World (LMW)

PHIL 2010 [0.5]	Issues in Theoretical Philosophy
PHIL 2120 [0.5]	Philosophy of Technology
PHIL 2301 [0.5]	Introduction to the Philosophy of Science
PHIL 2320 [0.5]	Children, Literature, and Philosophy
PHIL 2340 [0.5]	Philosophy and Popular Culture
PHIL 2405 [0.5]	Philosophy of the Paranormal
PHIL 2501 [0.5]	Introduction to Philosophy of Mind
PHIL 2504 [0.5]	Language and Communication
PHIL 2520 [0.5]	Introduction to Philosophical Logic
PHIL 2540 [0.5]	Personal Identity and the Self
PHIL 2550 [0.5]	Moral Psychology
PHIL 2601 [0.5]	Philosophy of Religion
PHIL 2901 [0.5]	Truth and Propaganda
PHIL 3005 [0.5]	19th Century Philosophy
PHIL 3010 [0.5]	Special Topics in Global Philosophical Traditions
PHIL 3104 [0.5]	The Roots of Analytic Philosophy
PHIL 3140 [0.5]	Epistemology
PHIL 3150 [0.5]	Metaphysics
PHIL 3301 [0.5]	Issues in the Philosophy of Science
PHIL 3306 [0.5]	Symbolic Logic
PHIL 3501 [0.5]	Philosophy of Cognitive Science
PHIL 3502 [0.5]	Mind and Action
PHIL 3503 [0.5]	Artificial Intelligence: Philosophical and Ethical Issues
PHIL 3504 [0.5]	Pragmatics
PHIL 3506 [0.5]	Semantics
PHIL 3530 [0.5]	Philosophy of Language
PHIL 3540 [0.5]	Philosophy of Emotions

Philosophy Courses Open to First-Year Students

Please note that not all of these courses are offered each year.

PHIL 1000 [0.5]	Introductory Philosophy: Fields, Figures and Problems
PHIL 1100 [1.0]	Looking at Philosophy
PHIL 1200 [0.5]	The Meaning of Life
PHIL 1301 [0.5]	Mind, World, and Knowledge
PHIL 1500 [1.0]	Contemporary Moral, Social and Religious Issues
PHIL 1550 [0.5]	Introduction to Ethics and Social Issues
PHIL 1610 [0.5]	Great Philosophical Ideas, Part 1
PHIL 1620 [0.5]	Great Philosophical Ideas, Part 2
PHIL 1700 [0.5]	Philosophy of Love and Sex
PHIL 2001 [0.5]	Introduction to Logic
PHIL 2003 [0.5]	Critical Thinking

PHIL 2330 [0.5]	Happiness, Well-being, and the Good Life
PHIL 2340 [0.5]	Philosophy and Popular Culture

Philosophy

B.A. Honours (20.0 credits)

A. Credits Included in the Major CGPA (10.0 credits)

1. 2.0 credits in:	2.0
PHIL 2005 [1.0]	Ancient Philosophy: The Search for Wisdom
PHIL 3002 [0.5]	17th Century Philosophy
PHIL 3003 [0.5]	18th Century Philosophy
2. 1.0 credit in:	1.0
PHIL 2010 [0.5]	Issues in Theoretical Philosophy
PHIL 2020 [0.5]	Issues in Practical Philosophy
3. 0.5 credit from:	0.5
PHIL 2001 [0.5]	Introduction to Logic
PHIL 2003 [0.5]	Critical Thinking
4. 1.5 credits in Ethics, Society and Aesthetics at the 2000-level or higher	1.5
5. 1.5 credits in Language, Mind and World at the 2000-level or higher	1.5
6. 1.5 credits in PHIL, which may include 1.0 credit from:	1.5
FYSM 1210 [0.5]	Special Topics in Philosophy
FYSM 1211 [0.5]	Looking at Philosophy
FYSM 1212 [0.5]	Contemporary Moral, Social, and Religious Issues
FYSM 1300 [1.0]	History of Philosophy
7. 2.0 credits in PHIL at the 4000-level or higher	2.0
B. Credits Not Included in the Major CGPA (10.0 credits)	
8. 8.0 credits not in PHIL	8.0
9. 2.0 credits in free electives	2.0
Total Credits	20.0

Philosophy with Concentration in Philosophy, Ethics and Public Affairs

B.A. Honours (20.0 credits)

A. Credits Included in the Major CGPA (12.0 credits)

1. 1.0 credit in:	1.0
PHIL 2010 [0.5]	Issues in Theoretical Philosophy
PHIL 2020 [0.5]	Issues in Practical Philosophy
2. 2.0 credits from:	2.0
PHIL 2101 [0.5]	History of Ethics
PHIL 3320 [0.5]	Contemporary Ethical Theory
PHIL 3330 [0.5]	Topics in History of Social and Political Philosophy
PHIL 3340 [0.5]	Topics in Contemporary Social and Political Philosophy
PHIL 3350 [0.5]	Philosophy, Ethics, and Public Affairs
PHIL 3360 [0.5]	Philosophy, Economics, and Public Policy
3. 2.0 credits in Philosophy from:	2.0
PHIL 1500 [1.0]	Contemporary Moral, Social and Religious Issues (satisfies two of four requirements)
PHIL 1550 [0.5]	Introduction to Ethics and Social Issues

PHIL 2103 [0.5]	Philosophy of Human Rights
PHIL 2106 [0.5]	Information Ethics
PHIL 2201 [0.5]	Introduction to Marxist Philosophy
PHIL 2202 [0.5]	Topics in Marxist Philosophy
PHIL 2306 [0.5]	Philosophy and Feminism
PHIL 2307 [0.5]	Gender and Philosophy
PHIL 2380 [0.5]	Introduction to Environmental Ethics
PHIL 2408 [0.5]	Bioethics
PHIL 2901 [0.5]	Truth and Propaganda
4. 1.5 credits in History of Philosophy	1.5
5. 1.0 credit in Language, Mind and World	1.0
6. 2.0 credits in PHIL at the 4000 level or above	2.0
7. 2.5 credits in PHIL, which may include 1.0 credit from:	2.5
FYSM 1210 [0.5]	Special Topics in Philosophy
FYSM 1211 [0.5]	Looking at Philosophy
FYSM 1212 [0.5]	Contemporary Moral, Social, and Religious Issues
FYSM 1300 [1.0]	History of Philosophy
B. Credits Not Included in the Major CGPA (8.0 credits)	
Please note that some of the following courses may have PSCI prerequisites.	
8. 1.0 credit in:	1.0
PSCI 2301 [0.5]	History of Political Thought I
PSCI 2302 [0.5]	History of Political Thought II
9. 2.0 credits from:	2.0
PSCI 3109 [0.5]	The Politics of Law and Morality
PSCI 3300 [0.5]	Politics and Literature
PSCI 3303 [0.5]	Feminist Political Theory
PSCI 3307 [0.5]	Politics of Human Rights
PSCI 3309 [0.5]	Modern Ideologies
PSCI 3311 [0.5]	History of Muslim Political Thought
PSCI 3312 [0.5]	Enlightenment Political Thought
PSCI 4103 [0.5]	The Modern State
PSCI 4302 [0.5]	Political Thought in the Modern Muslim Middle East
PSCI 4311 [0.5]	Political Theories of Democracy and Empire
PSCI 4316 [0.5]	Contemporary Political Theory
10. 2.0 credits not in PHIL	2.0
11. 3.0 credits in free electives	3.0
Total Credits	20.0

Philosophy

B.A. Combined Honours (20.0 credits)

Combined Honours programs are available in Philosophy with any other Carleton program that allows for Combined Honours and can accommodate 7.0 credits in Philosophy.

A. Credits Included in the Philosophy CGPA (7.0 credits)

1. 1.5 credits in:	1.5
History of Philosophy or	
HUMS 2000 [1.0]	Reason and Revelation (and .5 credit in History of Philosophy, only applicable to B.Hum)
2. 1.0 credit in:	1.0
PHIL 2010 [0.5]	Issues in Theoretical Philosophy
PHIL 2020 [0.5]	Issues in Practical Philosophy

3. 0.5 credit from:	0.5
PHIL 2001 [0.5] Introduction to Logic	
PHIL 2003 [0.5] Critical Thinking	
4. 1.0 credit in Language, Mind, and World	1.0
5. 1.0 credit in Ethics, Society and Aesthetics	1.0
6. 1.0 credit in PHIL at the 4000-level or above	1.0
7. 1.0 credit in PHIL or 1.0 credit from:	1.0
FYSM 1210 [0.5] Special Topics in Philosophy	
FYSM 1211 [0.5] Looking at Philosophy	
FYSM 1212 [0.5] Contemporary Moral, Social, and Religious Issues	
FYSM 1300 [1.0] History of Philosophy	
B. Additional Credit Requirements (13.0 credits):	13.0
8. The requirements of the other discipline must be satisfied	
9. Sufficient free electives to make 20.0 credits in total for the program	
Total Credits	20.0

Philosophy

B.A. (15.0 credits)

A. Credits Included in the Major CGPA (6.0 credits)

1. 1.0 credit in History of Philosophy	1.0
2. 1.0 credit in PHIL, which may be satisfied by:	1.0
FYSM 1210 [0.5] Special Topics in Philosophy	
FYSM 1211 [0.5] Looking at Philosophy	
FYSM 1212 [0.5] Contemporary Moral, Social, and Religious Issues	
FYSM 1300 [1.0] History of Philosophy	
3. 0.5 credit from:	0.5
PHIL 2001 [0.5] Introduction to Logic	
PHIL 2003 [0.5] Critical Thinking	
4. 0.5 credit in 3000-level or higher PHIL	0.5
5. 3.0 credits in 2000-level or higher PHIL	3.0
B. Credits Not Included in the Major CGPA (9.0 credits)	
6. 6.0 credits not in PHIL	6.0
7. 3.0 credits in free electives	3.0
Total Credits	15.0

Minor in Philosophy (4.0 credits)

Open to all undergraduate degree students not in Philosophy programs.

Students are required to present a Minor CGPA of 4.00 or higher at graduation in order to be awarded a Minor in Philosophy.

Requirements

1. 2.0 credit in PHIL at the 2000-level or above	2.0
2. 0.5 credit from:	0.5
PHIL 2001 [0.5] Introduction to Logic	
PHIL 2003 [0.5] Critical Thinking	
3. 0.5 credit in PHIL at the 3000-level or above	0.5
4. 1.0 credit in PHIL or 1.0 credit from:	1.0
FYSM 1210 [0.5] Special Topics in Philosophy	
FYSM 1211 [0.5] Looking at Philosophy	
FYSM 1212 [0.5] Contemporary Moral, Social, and Religious Issues	
FYSM 1300 [1.0] History of Philosophy	

5. The remaining requirements of the major discipline(s) and degree must be satisfied

Total Credits **4.0**

Mention : Français (4.0 credits)

Students in the Philosophy B.A. or the Philosophy B.A. Honours program may qualify for the notation *Mention : Français* by fulfilling the requirements outlined below.

Those wishing to pursue this option should consult with the Department's Undergraduate Supervisor, whose approval is required for all courses under *Mention : Français*.

Philosophy courses presented in fulfilment of *Mention : Français* requirements can double as courses to satisfy the Philosophy B.A. or the Philosophy B.A. Honours requirements.

To graduate with the notation *Mention : Français*, Philosophy students must include in their program the following:

1. 1.0 credit in French language chosen in consultation with the French Department to perfect the student's French language skills.	1.0
2. 1.0 credit taught in French at Carleton and concerned with the study of the heritage and culture of French Canada	1.0
3. 1.0 credit from:	1.0
PHIL 3901 [0.5] Independent Study	
PHIL 3902 [0.5] Independent Study	
PHIL 3903 [0.5] Independent Study	
PHIL 3906 [0.5] Independent Study	
PHIL 3907 [0.5] Independent Study	
PHIL 3908 [0.5] Independent Study	
with philosophical works read in French and papers submitted in French to be assessed by two members of the Philosophy Department knowledgeable in the language, or 1.0 credit in Philosophy at the 3000-level taught in French at another university and acceptable to the Philosophy Department. In addition, Philosophy students in B.A. Honours or Combined Honours must include:	
4. 1.0 credit from special projects:	1.0
PHIL 4900 [1.0] Tutorial	
PHIL 4901 [0.5] Tutorial	
PHIL 4902 [0.5] Tutorial	
PHIL 4903 [0.5] Tutorial	
PHIL 4904 [0.5] Tutorial	
PHIL 4906 [0.5] Tutorial	
in French, supervised by a member of the Department of Philosophy, or earned in a Philosophy seminar or seminars at the 4000-level taught in French at another university and acceptable to the Philosophy Department. Students must, in addition, satisfy the Honours requirement of 2.0 Carleton credits at the 4000-or 5000-level in Philosophy (1.0 for Combined Honours).	
5. Combined Honours students must meet the Mention : Français requirements of both Honours disciplines.	

Total Credits **4.0**

B.A. Regulations

The regulations presented below apply to all Bachelor of Arts programs. In addition to the requirements presented here, students must satisfy the University regulations common to all undergraduate students including the process of Academic Continuation Evaluation (consult the *Academic Regulations of the University* section of this Calendar).

First-Year Seminars

B.A. degree students are strongly encouraged to include a First-Year Seminar (FYSM) during their first 4.0 credits of registration. Students are limited to 1.0 credit in FYSM and can only register in a FYSM while they have first-year standing in their B.A. program.

Breadth Requirement

Among the credits presented at graduation, students in both the B.A. and the B.A. Honours degrees and B.Co.M.S. are required to include 3.0 breadth credits, which must include 1.0 credit in three of the four breadth areas identified below. Credits that fulfil requirements in the Major, Minor, Concentration, Specialization, or Stream may also be used to fulfil the Breadth Requirement.

Students admitted with a completed university degree are exempt from breadth requirements.

Students in the following interdisciplinary programs are exempt from the B.A. breadth requirement.

- African Studies
- Criminology and Criminal Justice
- Environmental Studies
- Human Rights
- Human Rights and Social Justice

Breadth Area 1: Culture and Communication

American Sign Language, Art History, Art and Culture, Communication and Media Studies, Digital Humanities, English, Film Studies, French, Journalism, Media Production and Design, Music, and Languages (Arabic, English as a Second Language, German, Greek, Hebrew, Indigenous Languages, Italian, Japanese, Korean, Latin, Mandarin, Portuguese, Russian, Spanish)

Subject codes: ARAB, ARTH, ASLA, CHIN, COMS, DIGH, ENGL, ESLA, FILM, FINS, FREN, GERM, GREK, HEBR, ITAL, JAPA, JOUR, KORE, LANG, LATN, MPAD, MUSI, PORT, RUSS, SPAN

Breadth Area 2: Humanities

African Studies, Applied Linguistics and Discourse Studies, Archaeology, Canadian Studies, Child Studies, Classical Civilization, Critical Race Studies, Directed Interdisciplinary Studies, Disability Studies, Environmental and Climate Humanities, European and Russian Studies, History, Human Rights and Social Justice, Humanities, Indigenous Studies, Latin American and Caribbean Studies, Linguistics, Medieval and Early Modern Studies, Philosophy, Religion, Sexuality Studies, South Asian Studies, and Women's and Gender Studies.

Subject codes: AFRI, ALDS, ARCY, CDNS, CHST, CLCV, CRST, DBST, DIST, EACH, EURR, HIST, HRSJ, HUMR,

HUMS, INDG, LACS, LING, MEMS, PHIL, RELI, SAST, SXST, WGST

Breadth Area 3: Science, Engineering, and Design

Architecture, Biology, Chemistry, Computer Science, Data Science, Earth Sciences, Engineering, Environmental Science, Food Science and Nutrition, Health Sciences, Industrial Design, Information Resource Management, Information Technology (BIT), Information Technology (ITEC), Interactive Multimedia and Design, Interdisciplinary Science and Practice, Mathematics, Neuroscience, Network Technology, Nursing, Optical Systems and Sensors, Photonics, Statistics, Physics, and Technology, Society, Environment.

Subject codes: ACSE, AERO, ARCC, ARCH, ARCN, ARCS, ARCU, BIOC, BIOL, BIT, CHEM, CIVE, COMP, CSEC, DATA, ECOR, ELEC, ENSC, ENVE, EARTH, FOOD, HLTH, IDES, IMD, IRM, ISAP, ISCI, ISCS, ISYS, ITEC, MAAE, MATH, MECH, MECT, NET, NEUR, NSCI, NURS, OSS, PHYS, PLT, SREE, STAT, SYSC, TSES

Breadth Area 4: Social Sciences

Anthropology, Business, Cognitive Science, Criminology and Criminal Justice, Economics, Environmental Studies, Geography, Geomatics, Global and International Studies, Global Politics, Interdisciplinary Public Affairs, International Affairs, Law, Migration and Diaspora Studies, Political Management, Political Science, Psychology, Public Administration, Public Affairs and Policy Management, Social Work, Sociology/Anthropology, Sociology

Subject codes: ANTH, BUSI, CGSC, CRCJ, ECON, ENST, GEOG, GEOM, GINS, GPOL, INAF, IPAF, LAWS, MGDS, PADM, PAPM, POLM, PSCI, PSYC, SOCI, SOWK

Declared and Undeclared Students

Degree students are considered "Undeclared" if they have been admitted to a degree, but have not yet selected and been accepted into a program within that degree. The status "Undeclared" is available only in the B.A. and B.Sc. degrees. Undeclared students must apply to enter a program upon or before completing 3.5 credits.

Change of Program Within the B.A. Degree

To transfer to a program within the B.A. degree, applicants must normally be *Eligible to Continue* (EC) in the new program, by meeting the CGPA thresholds described in Section 3.1.9 of the *Academic Regulations of the University*.

Applications to declare or change programs within the B.A. degree online must be made online through Carleton Central by completing a Change of Program Elements (COPE) application form within the published deadlines. Acceptance into a program, or into a program element or option, is subject to any enrollment limitations, as well as specific program, program element, or option requirements as published in the relevant Calendar entry.

Minors, Concentrations, and Specializations

Students may add a Minor, Concentration, or Specialization by completing a Change of Program Elements (COPE) application form online through Carleton Central. Acceptance into a Minor, Concentration,

or Specialization normally requires that the student be *Eligible to Continue* (EC) and is subject to any specific requirements of the intended Minor, Concentration, or Specialization as published in the relevant Calendar entry and in Section 3.1.9 of the *Academic Regulations of the University*.

Mention : français

Students registered in certain B.A. programs may earn the diploma notation *Mention : français* by completing part of their program requirements in French, and by demonstrating knowledge of the history and culture of French Canada. The general requirements are listed below. For more specific details, consult the departmental program entries.

Students in a B.A. Honours program must present:

1. 1.0 credit in French language;
2. 1.0 credit devoted to the history and culture of French Canada;
3. 1.0 credit at the 2000- or 3000-level in the Honours discipline taken in French; and
4. 1.0 credit at the 4000-level in the Honours discipline taken in French.

Students in a B.A. program must present:

1. 1.0 credit in advanced French;
2. 1.0 credit devoted to the history and culture of French Canada;
3. 1.0 credit at the 2000- or 3000-level in the Major discipline taken in French.

Students in Combined Honours programs must fulfil the *Mention : français* requirement in both disciplines.

Courses taught in French (Items 3 and 4, above) may be taken at Carleton, at the University of Ottawa on the Exchange Agreement, or at a francophone university on a Letter of Permission. Students planning to take courses on exchange or on a Letter of Permission should take careful note of the residence requirement for a minimum number of Carleton courses in their programs. Consult the *Academic Regulations of the University* section of this Calendar for information regarding study on exchange or Letter of Permission.

Admissions Information

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by

program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as recommended, it is not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admission Requirements

Degrees

- Bachelor of Arts (B.A.) (Honours)
- Bachelor of Arts (B.A.)

First Year

For B.A. and B.A. (Honours)

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include a 4U course in English (or *anglais*). Applicants submitting an English language test to satisfy the requirements of the English Language Proficiency section of this Calendar may use that test to also satisfy the 4U English prerequisite requirement.

Biology

For the major in Biology in the B.A. program, in addition to the 4U English, a 4U course in Chemistry is required. Advanced Functions, and Calculus and Vectors are recommended.

Criminology and Criminal Justice

Access to the CCJ B.A. degree is limited to students already registered in the CCJ B.A. Honours who apply to transfer, and to graduates of the Algonquin College Police Foundations program.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be Eligible to Continue in their year level, in addition to meeting the CGPA thresholds described in Section 3.1.9 of the *Academic Regulations of the University*. Advanced

standing will be granted only for those subjects assessed as being appropriate for the program and the stream selected.

Co-op Option

Direct Admission to the 1st Year of the Co-op Option

Co-op is available for the following Majors in the B.A. (Honours) degree: Anthropology, English, Environmental Studies, European and Russian Studies, French, Geography, Geomatics, History, Law, Political Science, Psychology, Sociology.

Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in the Bachelor of Arts Honours with one of the majors listed above;
3. be eligible to work in Canada (for off-campus work placements).

Meeting the above requirements only establishes eligibility for admission to the program. The prevailing job market may limit enrolment in the co-op option. Students should also note that hiring priority is given to Canadian citizens for co-op positions in the Public Service Commission.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are described in the Co-operative Education Regulations section of this Calendar.

Advanced Standing

B.A. and B.A. (Honours) Program

Applications for admission to the second or subsequent years will be assessed on their merits. Advanced standing will be granted only for those courses that are determined to be appropriate.

Philosophy (PHIL) Courses

PHIL 1000 [0.5 credit]

Introductory Philosophy: Fields, Figures and Problems

What is metaphysics? Who was Socrates? What is Freedom? This introduction sketches many branches of philosophy and the important problems associated with each. It introduces great philosophers, present and past, and traces enduring philosophical themes.

Precludes additional credit for FYSM 1208 (no longer offered), FYSM 1211, PHIL 1100. This course is not suitable for students with previous formal study of philosophy.

PHIL 1100 [1.0 credit]

Looking at Philosophy

Introduction to philosophy: the nature of logical thinking; the existence of God; the objectivity of values; the meaning of life; free will, determinism and responsibility; the relation between mind and body; immortality; the possibility of knowledge. This course is not intended for Majors.

Precludes additional credit for FYSM 1208 (no longer offered), FYSM 1211 and PHIL 1000.

Lectures three hours a week.

PHIL 1200 [0.5 credit]

The Meaning of Life

An introduction to concerns expressed by the perennial philosophical question, "What is the meaning of life?" Students will be familiarized with the major philosophical approaches to life's meaning through a consideration of various contemporary and late modern works in the philosophy of life.

Lectures three hours a week.

PHIL 1301 [0.5 credit]

Mind, World, and Knowledge

Introduction to a variety of philosophical works, including contemporary, on such topics as: the nature of being, the mental, the external, consciousness, perception, experience, meaning, truth, the nature of knowledge, scientific understanding, and how language and thought represent the world.

Precludes additional credit for PHIL 1006 (no longer offered), PHIL 1501 (no longer offered).

Lectures three hours per week.

PHIL 1500 [1.0 credit]

Contemporary Moral, Social and Religious Issues

Moral theories, atheism or theism, feminism, and free will. Moral arguments concerning abortion, affirmative action, racism, human rights, children's rights, world hunger, capital punishment, euthanasia, censorship, pornography, legal paternalism, animal rights and environmental protection.

Precludes additional credit for FYSM 1209 and PHIL 1550.

Lectures three hours a week.

PHIL 1550 [0.5 credit]**Introduction to Ethics and Social Issues**

An introduction to understanding, assessing, and formulating ethical arguments concerning controversial issues. Particular issues studied may include, world hunger, capital punishment, terrorism, euthanasia, abortion, pornography and hate speech, animal rights, the environment, and topics in theories of race, gender and disability.

Precludes additional credit for FYSM 1212 and PHIL 1500.

Lectures three hours a week.

PHIL 1610 [0.5 credit]**Great Philosophical Ideas, Part 1**

Major figures and developments in philosophy from the early Greeks to the year 1400. Descriptive and comparative approach, providing an understanding of the place of philosophers in the history of thought. Appreciation of critical reasoning is included for comprehending philosophical developments.

Precludes additional credit for FYSM 1300, PHIL 1600.

Lectures three hours a week.

PHIL 1620 [0.5 credit]**Great Philosophical Ideas, Part 2**

Major figures and developments in philosophy after the year 1400. Descriptive and comparative approach, providing an understanding of the place of philosophers in the history of thought. Appreciation of critical reasoning is included for comprehending philosophical developments.

Precludes additional credit for FYSM 1300, PHIL 1600.

Lectures three hours a week.

PHIL 1700 [0.5 credit]**Philosophy of Love and Sex**

A survey of philosophical classics, on themes of romantic love, self-love, altruistic love, sexuality, eroticism and the passion/reason dichotomy, from Plato's Symposium to Foucault's History of Sexuality; and an examination of related contemporary issues in light of these perspectives.

Lectures three hours a week.

PHIL 2001 [0.5 credit]**Introduction to Logic**

An introduction to the techniques and philosophical implications of formal logic with emphasis on translation of expressions into symbolic form, testing for logical correctness, the formulation and application of rules of inference, and the relation between logic and language. Open to first-year students.

Lectures three hours a week. Tutorials may be offered in selected terms.

PHIL 2003 [0.5 credit]**Critical Thinking**

Assessment of reasoning and the development of cogent patterns of thinking. Reference to formal logic is minimal. Practice in criticizing examples of reasoning and in formulating one's own reasons correctly and clearly. Open to first-year students.

Lectures three hours a week.

PHIL 2005 [1.0 credit]**Ancient Philosophy: The Search for Wisdom**

An exploration of ancient philosophy as a search for wisdom and happiness from its Presocratic beginnings in Greece to its development in the Hellenistic world and Imperial Rome. Emphasis on philosophy as a contemplative activity and as a way of life.

Also listed as CLCV 2105.

Precludes additional credit for PHIL 2006, CLCV 2006, PHIL 2007, CLCV 2007 (no longer offered).

Prerequisite(s): 0.5 credit in PHIL, or second-year standing.

Lectures three hours a week.

PHIL 2010 [0.5 credit]**Issues in Theoretical Philosophy**

Issues drawn from epistemology, metaphysics, philosophy of mind, philosophy of language, and related fields will be examined through careful study of significant philosophical texts after 1900, along with some ensuing debates.

Prerequisite(s): enrolment in Honours or Combined Honours Philosophy programs, or in philosophy, Ethics, and Public Affairs, or permission of the Department.

Lectures and discussion three hours a week.

PHIL 2020 [0.5 credit]**Issues in Practical Philosophy**

Issues drawn from ethics, social and political philosophy, and related fields will be examined through careful study of significant philosophical texts, along with some ensuing debates.

Includes: Experiential Learning Activity

Prerequisite(s): enrolment in Honours or Combined Honours Philosophy programs, or in philosophy, Ethics, and Public Affairs, or permission of the Department.

Lectures and discussion three hours a week.

PHIL 2101 [0.5 credit]**History of Ethics**

An introduction to ethical theories through a study of some of the major figures in moral philosophy, such as Aristotle, Hume, Kant and Mill.

Prerequisite(s): 0.5 credit in philosophy or second-year standing.

Lectures three hours a week.

PHIL 2103 [0.5 credit]**Philosophy of Human Rights**

Philosophical introduction to human rights sources, concepts, justifications, consequences, and challenges to them. Evolution of selected human rights as a) demands made in political struggles; b) declarations supported by moral or political principles and arguments; c) codes ratified and implemented by governments and international organizations.

Prerequisite(s): a course in philosophy or second-year standing.

Lectures three hours a week.

PHIL 2106 [0.5 credit]**Information Ethics**

An exploration of ethical issues that arise in the Age of Information. Topics to be discussed may include technology, surveillance and privacy, social media and privacy, social media and cognitive bias, bias in algorithms, AI ethics, intellectual property, and freedom of expression and assembly.

Precludes additional credit for PHIL 2104 (no longer offered).

Prerequisite(s): a course in philosophy or second-year standing.

Lectures three hours a week.

PHIL 2120 [0.5 credit]**Philosophy of Technology**

Philosophical investigations of the nature of technology and the influence it has on our relationships with others, the natural world, and ourselves. Key themes may include the relation between technology and science and the role of technology in personal identity, social justice, and well-being.

Prerequisite(s): a course in philosophy or second-year standing.

Lectures three hours a week.

PHIL 2201 [0.5 credit]**Introduction to Marxist Philosophy**

The evolution of Marx's social and political views in the setting of 18th - and 19th - century anarchism, liberalism and conservatism. Themes of humanism, freedom, rights, the state, democracy, alienation, and inequality, primarily as they develop into the theory of historical materialism.

Precludes additional credit for PHIL 2200.

Prerequisite(s): 0.5 credit in philosophy or permission of the Department.

Lectures three hours a week.

PHIL 2202 [0.5 credit]**Topics in Marxist Philosophy**

The dialectical materialism of Marx, Engels, and Lenin is compared with traditional materialist, idealist, and mechanist philosophy. Marxist views on issues such as equality, ethical objectivity, human well-being, matter and mind, the existence of God, knowledge versus skepticism, freedom of the will, and justice.

Precludes additional credit for PHIL 2200.

Prerequisite(s): PHIL 2201 or 0.5 credit in the history of philosophy at the 2000-level or above.

Lectures three hours a week.

PHIL 2301 [0.5 credit]**Introduction to the Philosophy of Science**

Philosophical issues arising out of the attempt to understand the world scientifically. Topics may include: scientific methodology, revolution, observation, explanation, causation, induction, reduction, the difference between natural and social scientific understanding, realism, instrumentalism, constructivism.

Prerequisite(s): a course in philosophy or second-year standing.

PHIL 2306 [0.5 credit]**Philosophy and Feminism**

A study of philosophical issues arising from feminism.

The course includes discussions of the historical roots of feminism, the role of reason and emotion, key concepts such as oppression, sexism, equality and difference, feminism and philosophies of race and of disability, and selected moral/political issues.

Prerequisite(s): 0.5 credit in philosophy or second-year standing.

Lectures three hours a week.

PHIL 2307 [0.5 credit]**Gender and Philosophy**

Topics may include gender and sex in the history of philosophy, intersections between the politics and theories of gender, sexuality, and race, the place of the body in philosophical theory, the influence of gender and sex on science/social science, and queer/trans issues and politics.

Prerequisite(s): a course in philosophy or second-year standing.

Lectures three hours a week.

PHIL 2320 [0.5 credit]**Children, Literature, and Philosophy**

An exploration of issues at the nexus of philosophy, children's literature, and childhood studies. Topics may include an examination of children's books and young adult literature through a philosophical lens, as well as a critical examination of the "philosophy with children" movement.

Includes: Experiential Learning Activity

Prerequisite(s): 0.5 credit in philosophy or second-year standing in a philosophy program, or permission of the department.

Lectures three hours a week.

PHIL 2330 [0.5 credit]**Happiness, Well-being, and the Good Life**

A philosophical exploration of what makes a good human life. Topics may include the role of happiness, well-being, and flourishing in a good life, the relations between these aspects, and the extent to which they depend on luck and social considerations.

Lectures three hours a week.

PHIL 2340 [0.5 credit]**Philosophy and Popular Culture**

Philosophy is all around us, it permeates culture. This course explores philosophical questions through the lens of popular culture. The material used may include films, shows, music, novels, video games, advertising, comic books, and so on.

Lectures three hours a week.

PHIL 2380 [0.5 credit]**Introduction to Environmental Ethics**

Major questions in environmental ethics: How should human beings view their relationship to the rest of nature? Is responsible stewardship of the environment compatible with current technology? Must future generations be protected? Do animals, other life forms, endangered species, ecosystems and/or the biosphere have value/rights?

Precludes additional credit for PHIL 1804.

Lectures three hours a week.

PHIL 2401 [0.5 credit]**Ethics of Artificial Intelligence**

AI and robotic technologies raise pressing ethical issues. Topics discussed may include big data and privacy, the 'black box' problem and bias, human-AI interaction, automation and responsibility, AI codes of ethics, the moral status of AI, and potential risks to humanity posed by superintelligence.

Prerequisite(s): 0.5 credit in PHIL, or second year standing.

Lecture three hours a week.

PHIL 2405 [0.5 credit]**Philosophy of the Paranormal**

Examination of claims, concepts, theories and methods in parapsychology. Their scientific character and the relation of paranormal phenomena to philosophical issues such as survival of death, human nature, time, space, causality and perception.

Prerequisite(s): 0.5 credit in philosophy or permission of the Department.

Lectures three hours a week.

PHIL 2408 [0.5 credit]**Bioethics**

Ethical and political issues in medicine, public health, biotechnology, and the life sciences. Topics may include reproductive ethics, research on human subjects, animal research and treatment, justice and health care, physician-patient relationships, death and the end of life, and genetic engineering.

Precludes additional credit for PHIL 3408.

Prerequisite(s): a course in philosophy or second-year standing.

Lectures three hours a week. Tutorials may be offered in selected terms.

PHIL 2501 [0.5 credit]**Introduction to Philosophy of Mind**

An introduction to major philosophical issues concerning human cognition. Topics may include: the relation of mind to body, knowledge of other minds, the relation of mental states to personhood and personal identity, mental illness, consciousness, intentionality, action, mental realism.

Precludes additional credit for PHIL 2502.

Prerequisite(s): a course in philosophy or second-year standing.

PHIL 2504 [0.5 credit]**Language and Communication**

Some of the central topics in the study of language and communication as pursued by linguists and philosophers. The nature of meaning; the connections between language, communication and cognition; language as a social activity.

Also listed as COMS 2504, LING 2504.

Precludes additional credit for COMM 2800, LALS 2504, LALS 2800 and PHIL 2800.

Prerequisite(s): second-year standing.

Lectures three hours a week.

PHIL 2520 [0.5 credit]**Introduction to Philosophical Logic**

An introduction to features of rational thinking activity, its expression, and its relation to the world, focusing on such topics as predication, truth, negation, necessity, entailment, logical form, or quantification.

Prerequisite(s): a course in philosophy or second-year standing.

Lectures three hours a week.

PHIL 2540 [0.5 credit]**Personal Identity and the Self**

Philosophical perspectives on personal identity, the self, and the underlying issue of the relationship of the mind to the body. Both philosophical and psychological concepts of identity are discussed, as are related issues such as memory, introspection, and self-knowledge.

Precludes additional credit for PHIL 2502.

Prerequisite(s): a course in philosophy or second-year standing.

Lectures three hours a week.

PHIL 2550 [0.5 credit]**Moral Psychology**

An examination of psychological underpinnings of morality, focusing on studies at the intersection of philosophy, psychiatry, and psychology.

Prerequisite(s): a course in philosophy or second-year standing.

Lectures three hours a week.

PHIL 2601 [0.5 credit]**Philosophy of Religion**

A study of philosophical issues arising from religion.

Topics may include: arguments for and against the existence of God, religious experience, death and the afterlife, miracles, God and evil, the relationship between religion and science, and the relationship between religion and ethics.

Also listed as RELI 2738.

Prerequisite(s): a course in philosophy or second-year standing.

Lectures three hours a week.

PHIL 2700 [0.5 credit]**Asian Philosophy**

An examination of South Asian and East Asian philosophical texts, from the period of the Upanishads and early Buddhism in India to modern philosophical movements. Historical sources may include Hindu, Buddhist, Jain, Confucian or Taoist texts, with a focus on metaphysical, epistemological or ethical themes.

Prerequisite(s): second-year standing.

Lectures three hours a week. May be offered as an online course in selected terms.

PHIL 2807 [0.5 credit]**Philosophy of Art**

Philosophical approaches to the study of art. Topics such as: the nature of art and artistic value; representation and symbolism in art; art and artifice; art and the emotions; art, culture and ideology; post-structuralism and art; theories of creativity; relationship between artworks and audiences.

Also listed as ARTH 2807.

Lecture three hours a week.

PHIL 2901 [0.5 credit]**Truth and Propaganda**

Ancient and modern techniques of persuasion from analytical, ethical and jurisprudential perspectives.

Objectivity and bias, advertising and public relations ethics, the viability of democracy in the light of pressures on and within the modern mass media.

Precludes additional credit for PHIL 2900 (no longer offered).

Prerequisite(s): 0.5 credit in PHIL or second-year standing.

Lectures three hours per week.

PHIL 3000 [0.5 credit]**Topics in Ancient Philosophy**

A study of philosophers, texts, problems and issues in ancient philosophy, generally with a focus on Plato and Aristotle.

Also listed as CLCV 3011.

Prerequisite(s): 0.5 credit in philosophy and second-year standing, or permission of the department.

Lectures three hours a week.

PHIL 3001 [0.5 credit]**Early Greek Philosophy**

A study of the pre-Socratic Greek philosophers and of the Sophists and Socrates.

Also listed as CLCV 3001.

Prerequisite(s): CLCV 2105 or PHIL 2005 or permission of the Department.

Lectures three hours a week.

PHIL 3002 [0.5 credit]**17th Century Philosophy**

European philosophy of the 17th century. Representative works of writers such as Francis Bacon, Descartes, Spinoza, Leibniz, and Locke.

Prerequisite(s): 0.5 credit in philosophy and second-year standing in a philosophy program, or permission of the department.

Lectures three hours a week.

PHIL 3003 [0.5 credit]**18th Century Philosophy**

European philosophy of the 18th century. Representative works of writers such as Berkeley, Hume, and Kant.

Prerequisite(s): 0.5 credit in philosophy and second-year standing in a philosophy program, or permission of the department.

Lectures three hours a week.

PHIL 3005 [0.5 credit]**19th Century Philosophy**

European philosophy in the 19th century. May include Hegel, Marx, Schopenhauer, Kierkegaard, Nietzsche, Mill. Precludes additional credit for PHIL 3007.

Prerequisite(s): 0.5 credit in philosophy and second-year standing in a philosophy program, or permission of the Department.

Lectures three hours a week.

PHIL 3009 [0.5 credit]**Topics in European Philosophy**

A study of philosophers, texts, problems and issues in any period of European philosophy.

Prerequisite(s): 0.5 credit in philosophy or second-year standing.

Lectures three hours a week.

PHIL 3010 [0.5 credit]**Special Topics in Global Philosophical Traditions**

A study of philosophers, texts, and doctrines beyond the Western tradition. Traditions covered will vary but may include Asian, African, Muslim or Indigenous philosophy, possibly with critical comparison to Western counterparts. Precludes additional credit for PHIL 2004.

Prerequisite(s): 0.5 credit in philosophy or second-year standing.

Lectures three hours a week.

PHIL 3102 [0.5 credit]**Philosophy of Law: The Logic of Law**

Legal reasoning and analysis of concepts of particular significance to the law, including justice, rights and duties, liability, punishment, ownership and possession.

Also listed as LAWS 3102.

Prerequisite(s): 0.5 credit in philosophy or permission of the Department.

Lectures three hours a week.

PHIL 3104 [0.5 credit]**The Roots of Analytic Philosophy**

In the context of the work of such writers as Frege and Bradley, a discussion of early philosophical works of Russell, Moore and Wittgenstein. In addition some early representatives of positivism and pragmatism may be examined.

Prerequisite(s): 0.5 credit in philosophy and second-year standing in a philosophy program, or permission of the department.

Lectures and seminar three hours a week.

PHIL 3140 [0.5 credit]**Epistemology**

Fundamental issues concerning the relation between evidence, rationality, and knowledge. Topics may include: skepticism, the nature of belief, the structure of justification, the relative contributions of reason and sense experience to knowledge, innate knowledge, the problem of induction, and the knowledge of other minds.

Precludes additional credit for PHIL 2300.

Prerequisite(s): 0.5 credit in philosophy and third-year standing in a philosophy program or permission of the department.

PHIL 3150 [0.5 credit]**Metaphysics**

Philosophical issues concerning the fundamental nature of being. Topics may include: time and temporality, space, substance, universals/particulars, identity, causation, freedom/determinism, the nature of norms.

Precludes additional credit for PHIL 2302.

Prerequisite(s): 0.5 credit in philosophy and third-year standing in a philosophy program, or permission of the department.

PHIL 3301 [0.5 credit]**Issues in the Philosophy of Science**

Selected topic(s) in the philosophy of science, such as its relationship to values, or in the philosophy of a particular science (such as philosophy of mathematics, philosophy of physics, philosophy of biology, and philosophy of the social sciences).

Prerequisite(s): PHIL 2301 or permission of the department.

Lectures three hours a week.

PHIL 3306 [0.5 credit]**Symbolic Logic**

A review of the basic techniques of propositional and predicate logic. Natural deduction and consistency trees. Soundness and completeness. Alternative semantics. Extensions to basic logic: identity, modal logic with possible world semantics, three valued systems, deontic logic.

Precludes additional credit for PHIL 3305.

Prerequisite(s): PHIL 2001 or permission of the Department.

Lectures three hours a week.

PHIL 3320 [0.5 credit]**Contemporary Ethical Theory**

Critical study of modern ethical theories, their views on the nature of morality and the justification of moral claims. Topics may include utilitarianism, libertarianism, communitarianism, egoism, neo-Kantianism, virtue ethics, social contract ethics, feminist ethics, and moral rights.

Precludes additional credit for PHIL 2102.

Prerequisite(s): PHIL 2020 or PHIL 2101 or permission of the department.

Lectures three hours a week.

PHIL 3330 [0.5 credit]**Topics in History of Social and Political Philosophy**

A critical examination of selected topics and perspectives in the history of social and political philosophy.

Precludes additional credit for PHIL 3300.

Prerequisite(s): a course in philosophy or second-year standing.

Lectures three hours a week.

PHIL 3340 [0.5 credit]**Topics in Contemporary Social and Political Philosophy**

A critical examination of some contemporary approaches to topics in social and political philosophy, such as liberalism, feminism, contractarianism, Marxism, libertarianism, and communitarianism.

Precludes additional credit for PHIL 3300.

Prerequisite(s): a course in philosophy or second-year standing.

Lectures three hours a week.

PHIL 3350 [0.5 credit]**Philosophy, Ethics, and Public Affairs**

Advanced study of a set of public policy issues, a particular theory or group of theories, or a particular philosopher, concerning philosophical and ethical aspects of public affairs.

Prerequisite(s): third-year standing or permission of the department.

Lectures three hours a week.

PHIL 3360 [0.5 credit]**Philosophy, Economics, and Public Policy**

The course explores issues at the intersection of philosophy and economics, with a special focus on socially and politically relevant issues. Topics may include: efficiency, cooperation, equity and distributive justice, commodification and the moral limits of markets.

Prerequisite(s): third-year standing or permission of the department.

Lectures three hours a week.

PHIL 3380 [0.5 credit]**Environments, Technology and Values**

Advanced treatment of ethical issues concerning technologies and environments, including: sustainable development, women and the environment, biological diversity, intrinsic or natural value or rights of non-humans, humans' relation to the rest of the natural world, obligations to future generations, liberty versus equality.

Precludes additional credit for PHIL 2804.

Prerequisite(s): PHIL 1804 or PHIL 2380 and third-year standing, or permission of the Department.

Lectures three hours a week.

PHIL 3450 [0.5 credit]**Topics in Aesthetics**

Topics may include theories of aesthetic norms and valuation from ancient Greece onward, or applications of aesthetic theory to various genres of art.

Precludes additional credit for PHIL 2400, PHIL 3400, PHIL 3401, and PHIL 3402.

Prerequisite(s): At least 0.5 credit in philosophy, or HUMS 1000, or ARTH 2807, or permission of the Department.

Seminar two hours a week.

PHIL 3501 [0.5 credit]**Philosophy of Cognitive Science**

Philosophical issues arising from cognitive science.

Topics may include: the proper methodology for studying the mind, the very possibility of a "science of mind", the computer model of the mind and reactions to it.

Prerequisite(s): PHIL 2501 or PHIL 2502 or second-year standing in Cognitive Science, or permission of the department.

PHIL 3502 [0.5 credit]**Mind and Action**

Philosophical thought concerning the relation between mentality and agency. Topics may include: the relation between belief, desire, and behaviour; rationality and normativity; representing and doing; subjectivity and intersubjectivity; physical and psychological laws; mental causation. Authors may include: Wittgenstein, Heidegger, Ryle, Sellars, Anscombe, Davidson, Taylor, McDowell. Prerequisite(s): PHIL 2501 or PHIL 2502, or permission of the Department.

PHIL 3503 [0.5 credit]**Artificial Intelligence: Philosophical and Ethical Issues**

Topics examined through the lens of philosophy and cognitive science may include humans' obligations towards AI, sentient AI, implications of AI for models of cognition, designing ethical AI systems, implications of using AI in healthcare, and social inequality and job displacement related to AI.

Also listed as CGSC 3603.

Prerequisite(s): CGSC 2001 or PHIL 2501 and third-year standing in Cognitive Science or Philosophy.

Seminar 3 hours per week.

PHIL 3504 [0.5 credit]**Pragmatics**

The study of language use in its conversational and cultural contexts. Topics include: conversational implicature; deixis; the semantics-pragmatics boundary; speaker's reference; speech acts. May include cross-cultural pragmatics.

Also listed as LING 3504.

Precludes additional credit for LALS 2800 [1.0], LALS 3504, MCOM 2800 [1.0], MCOM 3504 and PHIL 2800 [1.0].

Prerequisite(s): third-year standing, and one of FYSM 1206, LALS 1000, LALS 1001, LING 1001, PHIL 2001, PHIL/LALS/LING/COMM/MCOM 2504 or LALS/LING 3505/PHIL 3506; or permission of the Department of Philosophy or School of Linguistics and Applied Language Studies.

Lectures three hours a week.

PHIL 3506 [0.5 credit]**Semantics**

Study of language meaning. Lexical meaning and meanings of larger linguistic expressions, including nominal units, verbal units, and sentences. Meaning relationships between utterances. Relationship between linguistic meaning (semantics) and contextual meaning (pragmatics). Basic formal treatments of semantics.

Also listed as LING 3505.

Precludes additional credit for LALS 3505.

Prerequisite(s): third-year standing, and one of LALS 1000, LALS 1001, LING 1001, PHIL 2001, PHIL/LALS/LING/COMM/MCOM 2504 or PHIL/LALS/LING 3504; or permission of the Department of Philosophy or School of Linguistics and Applied Language Studies.

Lectures three hours a week.

PHIL 3530 [0.5 credit]**Philosophy of Language**

An intensive introduction to philosophy of language.

Topics may include meaning, reference and truth, speech acts, the nature of concepts, language learning, metaphor, compositionality, context-sensitivity.

Prerequisite(s): third-year standing, and one of FYSM 1206, LALS 1000, LALS 1001, LING 1001, PHIL 2001, PHIL/LALS/LING/COMM/MCOM 2504 or LALS/LING 3504 or LALS/LING 3505/PHIL 3506; or permission of the department.

Lectures three hours a week.

PHIL 3540 [0.5 credit]**Philosophy of Emotions**

Emotions are central to human experience and widely studied in philosophy and science. In order to better understand them and their role in our lives, this course explores philosophical questions about emotions as they arise in philosophy of mind and cognitive science, ethics, and aesthetics.

Prerequisite(s): PHIL 2501, or permission of the department.

Lectures three hours a week.

PHIL 3901 [0.5 credit]**Independent Study**

Essays and/or examinations based on a list of readings provided by the instructor.

Prerequisite(s): normally restricted to students with at least 3.0 credits in philosophy and with high standing in philosophy courses and permission of the Department.

PHIL 3902 [0.5 credit]**Independent Study**

Essays and/or examinations based on a list of readings provided by the instructor.

Prerequisite(s): normally restricted to students with at least 3.0 credits in philosophy and with high standing in philosophy courses and permission of the Department.

PHIL 3903 [0.5 credit]**Independent Study**

Essays and/or examinations based on a list of readings provided by the instructor.

Prerequisite(s): normally restricted to students with at least 3.0 credits in philosophy and with high standing in philosophy courses and permission of the Department.

PHIL 3906 [0.5 credit]**Independent Study**

Essays and/or examinations based on a bibliography constructed by the student in consultation with the instructor.

Prerequisite(s): normally restricted to students with at least 3.0 credits in philosophy and with high standing in philosophy courses and permission of the Department.

PHIL 3907 [0.5 credit]**Independent Study**

Essays and/or examinations based on a bibliography constructed by the student in consultation with the instructor.

Prerequisite(s): normally restricted to students with at least 3.0 credits in philosophy and with high standing in philosophy courses and permission of the Department.

PHIL 3908 [0.5 credit]**Independent Study**

Essays and/or examinations based on a bibliography constructed by the student in consultation with the instructor.

Prerequisite(s): normally restricted to students with at least 3.0 credits in philosophy and with high standing in philosophy courses and permission of the Department.

PHIL 4003 [0.5 credit]**Seminar in philosophy Before the Modern Period**

Detailed study of selected philosophers or issues in philosophy before the modern period.

Prerequisite(s): eligibility for fourth-year standing in a Philosophy Honours program or permission of the Department.

Also offered at the graduate level, with different requirements, as PHIL 5600, for which additional credit is precluded.

Seminar three hours a week.

PHIL 4004 [0.5 credit]**Seminar in philosophy Before the Modern Period**

Detailed study of selected philosophers or issues in philosophy before the modern period.

Prerequisite(s): eligibility for fourth-year standing in a Philosophy Honours program or permission of the Department.

Also offered at the graduate level, with different requirements, as PHIL 5600, for which additional credit is precluded.

Seminar three hours a week.

PHIL 4005 [0.5 credit]**Seminar in Modern Philosophy**

Detailed study of selected philosophers or issues in modern philosophy.

Prerequisite(s): eligibility for fourth-year standing in a Philosophy Honours program or permission of the Department.

Also offered at the graduate level, with different requirements, as PHIL 5600, for which additional credit is precluded.

Seminar three hours a week.

PHIL 4006 [0.5 credit]**Seminar in Modern Philosophy**

Detailed study of selected philosophers or issues in modern philosophy.

Prerequisite(s): eligibility for fourth-year standing in a Philosophy Honours program or permission of the Department.

Also offered at the graduate level, with different requirements, as PHIL 5600, for which additional credit is precluded.

Seminar three hours a week.

PHIL 4007 [0.5 credit]**Seminar in Contemporary Philosophy**

Detailed study of selected philosophers or issues in contemporary philosophy.

Prerequisite(s): eligibility for fourth-year standing in a Philosophy Honours program or permission of the Department.

Also offered at the graduate level, with different requirements, as PHIL 5500, for which additional credit is precluded.

Seminar three hours a week.

PHIL 4008 [0.5 credit]**Seminar in Contemporary Philosophy**

Detailed study of selected philosophers or issues in contemporary philosophy.

Prerequisite(s): eligibility for fourth-year standing in a Philosophy Honours program or permission of the Department.

Also offered at the graduate level, with different requirements, as PHIL 5500, for which additional credit is precluded.

Seminar three hours a week.

PHIL 4055 [0.5 credit]**Lexical Semantics**

Study of the meaning of words. Topics may include lexical decomposition, meaning variation, lexical relations, and lexical aspect.

Also listed as LING 4510.

Precludes additional credit for LING 4055 (no longer offered).

Prerequisite(s): LING 3505 or PHIL 3506.

Also offered at the graduate level, with different requirements, as LING 5510 and PHIL 5660, for which additional credit is precluded.

Seminars three hours a week.

PHIL 4100 [0.5 credit]**Special Topic**

Detailed study of a special topic in philosophy.

Prerequisite(s): eligibility for fourth-year standing in a Philosophy Honours program or permission of the Department.

Also offered at the graduate level, with different requirements, as PHIL 5000, for which additional credit is precluded.

Seminar three hours a week.

PHIL 4210 [0.5 credit]**Seminar in Philosophy of Language or Linguistics**

Detailed study of selected issues or the work of selected philosophers in philosophy of language or on philosophical topics in linguistics.

Prerequisite(s): eligibility for fourth year standing in a Philosophy Honours programme or permission of the Department.

Also offered at the graduate level, with different requirements, as PHIL 5200, for which additional credit is precluded.

Seminar three hours a week.

PHIL 4220 [0.5 credit]**Seminar in philosophy of Mind or Cognition**

Detailed study of selected issues or the work of selected philosophers in philosophy of mind or philosophical aspects of cognition.

Prerequisite(s): eligibility for fourth year standing in a Philosophy Honours programme or permission of the Department.

Also offered at the graduate level, with different requirements, as PHIL 5200, for which additional credit is precluded.

Seminar three hours a week.

PHIL 4230 [0.5 credit]**Seminar in Metaphysics, Epistemology, or Philosophy of Science**

Detailed study of selected issues or the work of selected philosophers in metaphysics, epistemology, or philosophy of science.

Prerequisite(s): eligibility for fourth year standing in a Philosophy Honours programme or permission of the Department.

Also offered at the graduate level, with different requirements, as PHIL 5250, for which additional credit is precluded.

Seminar three hours a week.

PHIL 4300 [0.5 credit]**Seminar in Ethical Theory or Meta-Ethics**

Detailed study of selected issues pertaining to ethical theory or issues of meta-ethics such as realism, relativism, moral knowledge.

Prerequisite(s): eligibility for fourth-year standing in a Philosophy Honours program or permission of the Department.

Also offered at the graduate level, with different requirements, as PHIL 5300, for which additional credit is precluded.

Seminar three hours a week.

PHIL 4320 [0.5 credit]**Seminar in Ethics or Moral Philosophy**

Detailed study of selected issues in ethics or moral philosophy.

Prerequisite(s): eligibility for fourth-year standing in a Philosophy Honours program or permission of the Department.

Also offered at the graduate level, with different requirements, as PHIL 5350, for which additional credit is precluded.

Seminar three hours a week.

PHIL 4330 [0.5 credit]**Seminar in Social or Political Philosophy**

Detailed study of selected issues in social or political philosophy.

Prerequisite(s): eligibility for fourth-year standing in a Philosophy Honours program or permission of the Department.

Also offered at the graduate level, with different requirements, as PHIL 5350, for which additional credit is precluded.

Seminar three hours a week.

PHIL 4403 [0.5 credit]**Special Topic in Applied Ethics**

Detailed study of a special topic in applied ethics.

Prerequisite(s): eligibility for fourth-year standing in a Philosophy Honours program or permission of the Department.

Seminar two hours a week.

PHIL 4404 [0.5 credit]**Special Topic in Applied Ethics**

Detailed study of a special topic in applied ethics.

Prerequisite(s): eligibility for fourth-year standing in a Philosophy Honours program or permission of the Department.

Seminar two hours a week.

PHIL 4405 [0.5 credit]**Special Topic in Aesthetics or Philosophy of Art**

Detailed study of a special issue or a single author in aesthetics and/or philosophy of art.

Prerequisite(s): eligibility for fourth-year standing in philosophy Honours program or permission of the Department.

Seminar two hours a week.

PHIL 4406 [0.5 credit]**Special Topic in Aesthetics or Philosophy of Art**

Detailed study of a special issue or a single author in aesthetics and/or philosophy of art.

Prerequisite(s): eligibility for fourth-year standing in philosophy Honours program or permission of the Department.

Seminar two hours a week.

PHIL 4407 [0.5 credit]**Special Topic in Philosophy of Law**

Detailed study of a special topic in philosophy of law.

Also listed as LAWS 4103.

Prerequisite(s): eligibility for fourth-year standing in a Law or Philosophy Honours program or permission of either Department.

Seminars three hours a week.

PHIL 4408 [0.5 credit]**Special Topic in Philosophy of Law**

Detailed study of a special topic in philosophy of law.

Also listed as LAWS 4104.

Prerequisite(s): eligibility for fourth-year standing in a Law or Philosophy Honours program or permission of either Department.

Seminars three hours a week.

PHIL 4503 [0.5 credit]**Special Topic in Philosophy of Computing**

Detailed study of a special topic in philosophy of computing.

Prerequisite(s): eligibility for fourth-year standing in philosophy Honours program or permission of the Department.

Seminar two hours a week.

PHIL 4504 [0.5 credit]**Special Topic in Philosophy of Computing**

Detailed study of a special topic in philosophy of computing.

Prerequisite(s): eligibility for fourth-year standing in philosophy Honours program or permission of the Department.

Seminar two hours a week.

PHIL 4505 [0.5 credit]**Formal Semantics**

Advanced topics in compositional semantics and its interfaces. Topics may include: logic, semantic types, lambda calculus, intentional contexts, possible world semantics, interfaces with syntax and pragmatics quantification, anaphora, presupposition, implicatures, scope and binding, and model theory.

Also listed as LING 4505.

Precludes additional credit for LALS 4507 (no longer offered).

Prerequisite(s): LALS 3505 or LING 3505 or PHIL 3506 or permission of the Department of Philosophy or School of Linguistics and Language Studies.

Seminars three hours a week.

PHIL 4603 [0.5 credit]**Special Topic in Feminist Philosophy**

Detailed study of a special topic in feminist philosophy.

Prerequisite(s): eligibility for fourth-year standing in a Philosophy Honours program or permission of the Department.

Seminar two hours a week.

PHIL 4604 [0.5 credit]**Special Topic in Feminist Philosophy**

Detailed study of a special topic in feminist philosophy.

Prerequisite(s): eligibility for fourth-year standing in a Philosophy Honours program or permission of the Department.

Seminar two hours a week.

PHIL 4606 [0.5 credit]**Special Topic in Continental Philosophy**

Prerequisite(s): eligibility for fourth-year standing in philosophy Honours program or permission of the Department.

Seminar two hours a week.

PHIL 4607 [0.5 credit]**Special Topic in Continental Philosophy**

Prerequisite(s): eligibility for fourth-year standing in philosophy Honours program or permission of the Department.

Seminar two hours a week.

PHIL 4701 [0.5 credit]**Special Topic in Logic**

Detailed study of a special topic in Logic.

Prerequisite(s): eligibility for fourth-year standing in a Philosophy Honours program or permission of the Department.

Seminar two hours a week.

PHIL 4702 [0.5 credit]**Special Topic in Logic**

Detailed study of a special topic in Logic.

Prerequisite(s): eligibility for fourth-year standing in a Philosophy Honours program or permission of the Department.

Seminar two hours a week.

PHIL 4703 [0.5 credit]**Special Topic in Philosophical Logic**

Detailed study of a special topic in Philosophical Logic.

Prerequisite(s): eligibility for fourth-year standing in a Philosophy Honours program or permission of the Department.

Seminar two hours a week.

PHIL 4704 [0.5 credit]**Special Topic in Philosophical Logic**

Detailed study of a special topic in Philosophical Logic.

Prerequisite(s): eligibility for fourth-year standing in a Philosophy Honours program or permission of the Department.

Seminar two hours a week.

PHIL 4900 [1.0 credit]**Tutorial**

Prerequisite(s): permission of the Department. Note:

Students who wish to enrol in a tutorial course must consult the Undergraduate Supervisor, before registration.

PHIL 4901 [0.5 credit]**Tutorial**

Prerequisite(s): permission of the Department. Note:

Students who wish to enrol in a tutorial course must consult the Undergraduate Supervisor, before registration.

PHIL 4902 [0.5 credit]**Tutorial**

Prerequisite(s): permission of the Department. Note:

Students who wish to enrol in a tutorial course must consult the Undergraduate Supervisor, before registration.

PHIL 4903 [0.5 credit]**Tutorial**

Prerequisite(s): permission of the Department. Note:

Students who wish to enrol in a tutorial course must consult the Undergraduate Supervisor, before registration.

PHIL 4904 [0.5 credit]**Tutorial**

Prerequisite(s): permission of the Department. Note: Students who wish to enrol in a tutorial course must consult the Undergraduate Supervisor, before registration.

PHIL 4906 [0.5 credit]**Tutorial**

Prerequisite(s): permission of the Department. Note: Students who wish to enrol in a tutorial course must consult the Undergraduate Supervisor, before registration.

Physics

This section presents the requirements for programs in:

- **Physics (Astrophysics Stream) B.Sc. Honours**
- **Physics (Experimental Stream) B.Sc. Honours**
- **Physics (Theory Stream) B.Sc. Honours**
- **Physics B.Sc. Major**
- **Physics B.Sc.**
- **Applied Physics B.Sc. Honours**
- **Mathematics and Physics B.Sc. Double Honours**
- **Biology and Physics B.Sc. Combined Honours**
- **Chemistry and Physics B.Sc. Combined Honours**
- **Minor in Physics**

The Department of Physics also offers the program: Engineering Physics - B.Eng. Consult the Engineering program section for details about this program.

Program Requirements

Course Categories for Physics

The program descriptions below make use of the following course categories, which are defined in the B.Sc. Regulations section.

- Approved Courses Outside the Faculties of Science and Engineering and Design
- Free Elective

Physics (Astrophysics Stream)

B.Sc. Honours (20.0 credits)

A. Credits Included in the Major CGPA (11.0 credits)

1. 1.0 credit from:	1.0
PHYS 1001 [0.5] Foundations of Physics I & PHYS 1002 [0.5] Foundations of Physics II	
PHYS 1003 [0.5] Introductory Mechanics and & PHYS 1004 [0.5] Thermodynamics Introductory Electromagnetism and Wave Motion	
PHYS 1007 [0.5] Elementary University Physics I & PHYS 1008 [0.5] Elementary University Physics II (with an average grade of B- or higher)	
2. 3.0 credits in:	3.0

PHYS 2007 [0.5]	Second Year Physics Laboratory: Selected Experiments and Seminars	
PHYS 2203 [0.5]	Astronomy	
PHYS 2212 [0.5]	Wave Mechanics and Thermodynamics	
PHYS 2305 [0.5]	Electricity and Magnetism	
PHYS 2605 [0.5]	Modern Physics I	
PHYS 2801 [0.5]	Computational Methods in Physics	
3. 5.0 credits in:		5.0
PHYS 3009 [0.5]	Third Year Physics Laboratory: Selected Experiments and Seminars with Observational Astronomy	
PHYS 3308 [0.5]	Electromagnetism	
PHYS 3606 [0.5]	Modern Physics II	
PHYS 3701 [0.5]	Elements of Quantum Mechanics	
PHYS 3802 [0.5]	Advanced Dynamics	
PHYS 3807 [0.5]	Mathematical Physics I	
PHYS 4201 [0.5]	Astrophysics	
PHYS 4202 [0.5]	Cosmology	
PHYS 4409 [0.5]	Thermodynamics and Statistical Physics	
PHYS 4707 [0.5]	Introduction to Quantum Mechanics I	
4. 1.0 credit from:		1.0
a. PHYS 4907 plus 0.5 credit 4000-level PHYS		
b. PHYS 4908 plus 0.5 credit 4000-level PHYS		
c. PHYS 4909 [1.0]		
5. 0.5 credit in PHYS at the 4000-level or above		0.5
6. 0.5 credit in PHYS, COMP, MATH and/or STAT at the 3000-level or above		0.5
B. Credits Not Included in the Major CGPA (9.0 credits)		
7. 1.0 credit from:		1.0
BIOL 1103 [0.5] Foundations of Biology I & BIOL 1104 [0.5] Foundations of Biology II		
CHEM 1001 [0.5] General Chemistry I & CHEM 1002 [0.5] General Chemistry II		
ERTH 1002 [0.5] The Earth and Life Odyssey: A & ERTH 2312 [0.5] Journey Through Billions of Years Paleontology		
8. 3.5 credits in:		3.5
MATH 1004 [0.5] Calculus for Engineering or Physics		
MATH 1005 [0.5] Differential Equations and Infinite Series for Engineering or Physics		
MATH 1104 [0.5] Linear Algebra for Engineering or Science		
MATH 2004 [0.5] Multivariable Calculus for Engineering or Physics		
MATH 2107 [0.5] Linear Algebra II		
MATH 3705 [0.5] Mathematical Methods I		
STAT 3502 [0.5] Probability and Statistics		
9. 0.5 credit in:		0.5
MATH 3800 [0.5] Mathematical Modeling and Computational Methods		
10. 1.0 credits from:		1.0
COMP 1005 [0.5] Introduction to Computer Science I & COMP 1006 [0.5] Introduction to Computer Science II		

or	
ECOR 1606 [0.5]	Problem Solving and Computers & Numerical Methods
ECOR 2606 [0.5]	
11. 0.5 credit in:	0.5
ISAP 1000 [0.5]	Seminar in Science
Approved courses outside the faculties of Science and Engineering and Design	
12. 1.5 credits in approved courses outside the faculties of Science and Engineering and Design	1.5
13. 1.0 credit in free electives	1.0
Total Credits	20.0

Physics (Experimental Stream)

B.Sc. Honours (20.0 credits)

A. Credits Included in the Major CGPA (11.5 credits)

1. 1.0 credit from:	1.0
PHYS 1001 [0.5]	Foundations of Physics I
& PHYS 1002 [0.5]	Foundations of Physics II (recommended)
PHYS 1003 [0.5]	Introductory Mechanics and
& PHYS 1004 [0.5]	Thermodynamics
	Introductory Electromagnetism and Wave Motion
PHYS 1007 [0.5]	Elementary University Physics I
& PHYS 1008 [0.5]	Elementary University Physics II (with an average grade of B- or higher)
2. 2.5 credits in:	2.5
PHYS 2007 [0.5]	Second Year Physics Laboratory: Selected Experiments and Seminars
PHYS 2212 [0.5]	Wave Mechanics and Thermodynamics
PHYS 2305 [0.5]	Electricity and Magnetism
PHYS 2605 [0.5]	Modern Physics I
PHYS 2801 [0.5]	Computational Methods in Physics
3. 1.0 credit in:	1.0
ELEC 2501 [0.5]	Circuits and Signals
ELEC 2507 [0.5]	Electronics I
4. 4.5 credits in:	4.5
PHYS 3007 [0.5]	Third Year Physics Laboratory: Selected Experiments and Seminars
PHYS 3308 [0.5]	Electromagnetism
PHYS 3606 [0.5]	Modern Physics II
PHYS 3701 [0.5]	Elements of Quantum Mechanics
PHYS 3802 [0.5]	Advanced Dynamics
PHYS 3807 [0.5]	Mathematical Physics I
PHYS 4008 [0.5]	Fourth-Year Physics Laboratory: Selected Experiments and Workshop
PHYS 4409 [0.5]	Thermodynamics and Statistical Physics
PHYS 4707 [0.5]	Introduction to Quantum Mechanics I
5. 1.0 credit from:	1.0
a. PHYS 4907 [0.5] plus 0.5 credit 4000-level PHYS	
b. PHYS 4908 [0.5] plus 0.5 credit 4000-level PHYS	
c. PHYS 4909 [1.0]	

6. 1.0 credit in 4000-level or above PHYS (PHYS 4807 is recommended for 0.5 credit) **1.0**

7. 0.5 credit in 3000-level or above PHYS, COMP, ELEC, MATH and/or STAT **0.5**

B. Credits Not Included in the Major CGPA (8.5 credits)

8. 1.0 credit from:	1.0
BIOL 1103 [0.5]	Foundations of Biology I
& BIOL 1104 [0.5]	Foundations of Biology II
CHEM 1001 [0.5]	General Chemistry I
& CHEM 1002 [0.5]	General Chemistry II
ERTH 1002 [0.5]	The Earth and Life Odyssey: A Journey Through Billions of Years
& ERTH 2312 [0.5]	Paleontology
9. 3.0 credits in:	3.0
MATH 1004 [0.5]	Calculus for Engineering or Physics
MATH 1005 [0.5]	Differential Equations and Infinite Series for Engineering or Physics
MATH 1104 [0.5]	Linear Algebra for Engineering or Science
MATH 2004 [0.5]	Multivariable Calculus for Engineering or Physics
MATH 3705 [0.5]	Mathematical Methods I
STAT 3502 [0.5]	Probability and Statistics
10. 0.5 credit in:	0.5
MATH 3800 [0.5]	Mathematical Modeling and Computational Methods
11. 1.0 credit from:	1.0
COMP 1005 [0.5]	Introduction to Computer Science I
& COMP 1006 [0.5]	Introduction to Computer Science II
or	
ECOR 1606 [0.5]	Problem Solving and Computers & Numerical Methods
ECOR 2606 [0.5]	
12. 0.5 credit from:	0.5
ISAP 1000 [0.5]	Seminar in Science
Approved courses outside the faculties of Science and Engineering and Design	
13. 1.5 credits in approved courses outside the faculties of Science and Engineering and Design	1.5
14. 1.0 credit in free electives	1.0
Total Credits	20.0

Physics (Theory Stream)

B.Sc. Honours (20.0 credits)

A. Credits Included in the Major CGPA (11.0 credits)

1. 1.0 credit from:	1.0
PHYS 1001 [0.5]	Foundations of Physics I
& PHYS 1002 [0.5]	Foundations of Physics II (recommended)
PHYS 1003 [0.5]	Introductory Mechanics and
& PHYS 1004 [0.5]	Thermodynamics
	Introductory Electromagnetism and Wave Motion
PHYS 1007 [0.5]	Elementary University Physics I
& PHYS 1008 [0.5]	Elementary University Physics II (with an average grade of B- or higher)
2. 2.5 credits in:	2.5

PHYS 2007 [0.5]	Second Year Physics Laboratory: Selected Experiments and Seminars	
PHYS 2212 [0.5]	Wave Mechanics and Thermodynamics	
PHYS 2305 [0.5]	Electricity and Magnetism	
PHYS 2605 [0.5]	Modern Physics I	
PHYS 2801 [0.5]	Computational Methods in Physics	
3. 4.5 credits in:		4.5
PHYS 3007 [0.5]	Third Year Physics Laboratory: Selected Experiments and Seminars	
PHYS 3308 [0.5]	Electromagnetism	
PHYS 3606 [0.5]	Modern Physics II	
PHYS 3701 [0.5]	Elements of Quantum Mechanics	
PHYS 3802 [0.5]	Advanced Dynamics	
PHYS 3807 [0.5]	Mathematical Physics I	
PHYS 4409 [0.5]	Thermodynamics and Statistical Physics	
PHYS 4707 [0.5]	Introduction to Quantum Mechanics I	
PHYS 4708 [0.5]	Introduction to Quantum Mechanics II	
4. 1.0 credit from:		1.0
a. PHYS 4907 plus 0.5 credit 4000-level PHYS		
b. PHYS 4908 plus 0.5 credit 4000-level PHYS		
c. PHYS 4909 [1.0]		
5. 1.0 credit in PHYS at the 4000-level or above		1.0
6. 1.0 credit in PHYS, COMP, MATH and/or STAT at the 3000-level or above		1.0
B. Credits Not Included In the Major CGPA (9.0 credits)		
7. 1.0 credit from:		1.0
BIOL 1103 [0.5] & BIOL 1104 [0.5]	Foundations of Biology I Foundations of Biology II	
CHEM 1001 [0.5] & CHEM 1002 [0.5]	General Chemistry I General Chemistry II	
ERTH 1002 [0.5] & ERTH 2312 [0.5]	The Earth and Life Odyssey: A Journey Through Billions of Years Paleontology	
8. 3.5 credits in:		3.5
MATH 1004 [0.5]	Calculus for Engineering or Physics	
MATH 1005 [0.5]	Differential Equations and Infinite Series for Engineering or Physics	
MATH 1104 [0.5]	Linear Algebra for Engineering or Science	
MATH 2004 [0.5]	Multivariable Calculus for Engineering or Physics	
MATH 2107 [0.5]	Linear Algebra II	
MATH 3705 [0.5]	Mathematical Methods I	
STAT 3502 [0.5]	Probability and Statistics	
9. 0.5 credit in:		0.5
MATH 3800 [0.5]	Mathematical Modeling and Computational Methods	
10. 1.0 credit from:		1.0
COMP 1005 [0.5] & COMP 1006 [0.5]	Introduction to Computer Science I Introduction to Computer Science II	
or		

ECOR 1606 [0.5] & ECOR 2606 [0.5]	Problem Solving and Computers Numerical Methods	
11. 0.5 credit in:		0.5
ISAP 1000 [0.5]	Seminar in Science	
or approved courses outside the faculties of Science and Engineering and Design		
12. 1.5 credits in approved courses outside the faculties of Science and Engineering and Design		1.5
13. 1.0 credit in free electives		1.0
Total Credits		20.0

Physics

B.Sc. Major (20.0 credits)

A. Credits Included in the Major CGPA (9.0 credits)

1. 1.0 credit from:		1.0
PHYS 1001 [0.5] & PHYS 1002 [0.5]	Foundations of Physics I Foundations of Physics II (recommended)	
PHYS 1003 [0.5] & PHYS 1004 [0.5]	Introductory Mechanics and Thermodynamics Introductory Electromagnetism and Wave Motion	
PHYS 1007 [0.5] & PHYS 1008 [0.5]	Elementary University Physics I Elementary University Physics II (with an average grade of B- or higher)	

2. 2.5 credits in:		2.5
PHYS 2007 [0.5]	Second Year Physics Laboratory: Selected Experiments and Seminars	
PHYS 2212 [0.5]	Wave Mechanics and Thermodynamics	
PHYS 2305 [0.5]	Electricity and Magnetism	
PHYS 2605 [0.5]	Modern Physics I	
PHYS 2801 [0.5]	Computational Methods in Physics	

3. 0.5 credit in approved computer science, engineering, mathematics or statistics electives at the 2000-level or higher which may include 1000-level computer science		0.5
---	--	------------

4. 2.0 credits in:		2.0
PHYS 3007 [0.5]	Third Year Physics Laboratory: Selected Experiments and Seminars	
PHYS 3308 [0.5]	Electromagnetism	
PHYS 3606 [0.5] or PHYS 3608 [0.5]	Modern Physics II Modern Applied Physics	
PHYS 3701 [0.5]	Elements of Quantum Mechanics	

5. 1.0 credit in PHYS at the 4000-level		1.0
--	--	------------

6. 1.5 credit in PHYS at the 3000-level or above		1.5
---	--	------------

7. 0.5 credit in ELEC and/or science faculty electives (excluding TSES) at the 3000-level or above		0.5
---	--	------------

B. Credits Not Included In the Major CGPA (11.0 credits)

8. 1.0 credit from:		1.0
BIOL 1103 [0.5] & BIOL 1104 [0.5]	Foundations of Biology I Foundations of Biology II	
CHEM 1001 [0.5] & CHEM 1002 [0.5]	General Chemistry I General Chemistry II	

ERTH 1002 [0.5] & ERTH 2312 [0.5]	The Earth and Life Odyssey: A Journey Through Billions of Years Paleontology	
9. 3.0 credits in:		3.0
MATH 1004 [0.5]	Calculus for Engineering or Physics	
MATH 1005 [0.5]	Differential Equations and Infinite Series for Engineering or Physics	
MATH 1104 [0.5]	Linear Algebra for Engineering or Science	
MATH 2004 [0.5]	Multivariable Calculus for Engineering or Physics	
MATH 3705 [0.5]	Mathematical Methods I	
STAT 2507 [0.5] or STAT 3502 [0.5]	Introduction to Statistical Modeling I Probability and Statistics	
10. 0.5 credit from:		0.5
COMP 1005 [0.5]	Introduction to Computer Science I	
ECOR 1606 [0.5]	Problem Solving and Computers	
11. 3.5 credits in	Advanced Science Faculty Electives and/or approved courses outside the Faculties of Science and Engineering selected in consultation with the Department to complement the study of physics; these credits may be used with an additional 0.5 credit to complete the requirements of a minor designation	3.5
12. 0.5 credit from:		0.5
ISAP 1000 [0.5]	Seminar in Science	
	Approved courses outside the faculties of Science and Engineering and Design	
13. 1.5 credits in	approved courses outside the faculties of Science and Engineering and Design	1.5
14. 1.0 credit in	free electives	1.0
Total Credits		20.0

Physics

B.Sc. (15.0 credits)

A. Credits Included in the Major CGPA (6.5 credits)

1. 1.0 credit from:		1.0
PHYS 1001 [0.5] & PHYS 1002 [0.5]	Foundations of Physics I Foundations of Physics II (recommended)	
PHYS 1003 [0.5] & PHYS 1004 [0.5]	Introductory Mechanics and Thermodynamics Introductory Electromagnetism and Wave Motion	
PHYS 1007 [0.5] & PHYS 1008 [0.5]	Elementary University Physics I Elementary University Physics II (with an average grade of B- or higher)	
2. 4.0 credits in:		4.0
PHYS 2007 [0.5]	Second Year Physics Laboratory: Selected Experiments and Seminars	
PHYS 2212 [0.5]	Wave Mechanics and Thermodynamics	
PHYS 2305 [0.5]	Electricity and Magnetism	
PHYS 2605 [0.5]	Modern Physics I	
PHYS 2801 [0.5]	Computational Methods in Physics	
PHYS 3308 [0.5]	Electromagnetism	
PHYS 3701 [0.5]	Elements of Quantum Mechanics	
PHYS 3802 [0.5]	Advanced Dynamics	
3. 0.5 credit from:		0.5

PHYS 3007 [0.5]	Third Year Physics Laboratory: Selected Experiments and Seminars	
PHYS 3606 [0.5] or PHYS 3608 [0.5]	Modern Physics II Modern Applied Physics	
4. 1.0 credit in	PHYS at the 3000-level or above	1.0
B. Credits Not Included in the Major CGPA (8.5 credits)		
5. 2.5 credits in:		2.5
MATH 1004 [0.5]	Calculus for Engineering or Physics	
MATH 1005 [0.5]	Differential Equations and Infinite Series for Engineering or Physics	
MATH 1104 [0.5]	Linear Algebra for Engineering or Science	
MATH 2004 [0.5]	Multivariable Calculus for Engineering or Physics	
MATH 3705 [0.5]	Mathematical Methods I	
6. 1.0 credit from:		1.0
BIOL 1103 [0.5] & BIOL 1104 [0.5]	Foundations of Biology I Foundations of Biology II	
CHEM 1001 [0.5] & CHEM 1002 [0.5]	General Chemistry I General Chemistry II	
ERTH 1002 [0.5] & ERTH 2312 [0.5]	The Earth and Life Odyssey: A Journey Through Billions of Years Paleontology	
7. 1.0 credit in	Science Continuation Courses (not PHYS)	1.0
8. 1.0 credit in	Science Faculty Electives and/or Science Continuation Courses	1.0
9. 2.0 credits in	ISAP 1000 or approved courses outside the faculties of Science and Engineering and Design	2.0
10. 1.0 credit in	free electives	1.0
Total Credits		15.0

Applied Physics

B.Sc. Honours (20.0 credits)

A. Credits Included in the Major CGPA (11.5 credits)

1. 1.0 credit from:		1.0
PHYS 1001 [0.5] & PHYS 1002 [0.5]	Foundations of Physics I Foundations of Physics II (recommended)	
PHYS 1003 [0.5] & PHYS 1004 [0.5]	Introductory Mechanics and Thermodynamics Introductory Electromagnetism and Wave Motion	
PHYS 1007 [0.5] & PHYS 1008 [0.5]	Elementary University Physics I Elementary University Physics II (with an average grade of B- or higher)	
2. 2.5 credits in:		2.5
PHYS 2007 [0.5]	Second Year Physics Laboratory: Selected Experiments and Seminars	
PHYS 2212 [0.5]	Wave Mechanics and Thermodynamics	
PHYS 2305 [0.5]	Electricity and Magnetism	
PHYS 2605 [0.5]	Modern Physics I	
PHYS 2801 [0.5]	Computational Methods in Physics	
3. 1.0 credit in:		1.0
ELEC 2501 [0.5]	Circuits and Signals	
ELEC 2507 [0.5]	Electronics I	
4. 0.5 credit from:		0.5

ECOR 2606 [0.5]	Numerical Methods	
MATH 3800 [0.5]	Mathematical Modeling and Computational Methods	
5. 4.0 credits in:		4.0
PHYS 3007 [0.5]	Third Year Physics Laboratory: Selected Experiments and Seminars	
PHYS 3308 [0.5]	Electromagnetism	
PHYS 3608 [0.5]	Modern Applied Physics	
PHYS 3701 [0.5]	Elements of Quantum Mechanics	
PHYS 3802 [0.5]	Advanced Dynamics	
PHYS 3807 [0.5]	Mathematical Physics I	
PHYS 4008 [0.5]	Fourth-Year Physics Laboratory: Selected Experiments and Workshop	
PHYS 4707 [0.5]	Introduction to Quantum Mechanics I	
6. 1.0 credit from:		1.0
PHYS 3207 [0.5]	Topics in Biophysics	
PHYS 4203 [0.5]	Physical Applications of Fourier Analysis	
PHYS 4208 [0.5]	Modern Optics	
PHYS 4608 [0.5]	Nuclear Physics	
PHYS 4807 [0.5]	Statistical Data Analysis Techniques for Physics	
7. 0.5 credit from:		0.5
ELEC 3509 [0.5]	Electronics II	
ELEC 3908 [0.5]	Physical Electronics	
COMP at the 3000-level		
PHYS at the 4000-level		
8. 1.0 credit from:		1.0
a. PHYS 4907 plus 0.5 credit 4000-level PHYS		
b. PHYS 4908 plus 0.5 credit 4000-level PHYS		
c. PHYS 4909 [1.0]		
B. Credits Not Included in the Major CGPA (8.5 credits)		
9. 1.0 credit from:		1.0
BIOL 1103 [0.5]	Foundations of Biology I	
& BIOL 1104 [0.5]	Foundations of Biology II	
CHEM 1001 [0.5]	General Chemistry I	
& CHEM 1002 [0.5]	General Chemistry II	
ERTH 1002 [0.5]	The Earth and Life Odyssey: A Journey Through Billions of Years	
& ERTH 2312 [0.5]	Paleontology	
10. 3.0 credits in:		3.0
MATH 1004 [0.5]	Calculus for Engineering or Physics	
MATH 1005 [0.5]	Differential Equations and Infinite Series for Engineering or Physics	
MATH 1104 [0.5]	Linear Algebra for Engineering or Science	
MATH 2004 [0.5]	Multivariable Calculus for Engineering or Physics	
STAT 3502 [0.5]	Probability and Statistics	
MATH 3705 [0.5]	Mathematical Methods I	
11. 0.5 credit from:		0.5
COMP 1005 [0.5]	Introduction to Computer Science I	
ECOR 1606 [0.5]	Problem Solving and Computers	
12. 3.5 credits in:		3.5

a. (COMP 1006 and COMP 2401) or (SYSC 2006 and SYSC 2004)	
b. 1.5 credits in approved courses outside the faculties of Science and Engineering and Design	
c. 1.0 credit in free electives	
13. 0.5 credit from:	0.5
ISAP 1000 [0.5]	Seminar in Science
Approved courses outside the faculties of Science and Engineering and Design	
Total Credits	20.0

Mathematics and Physics

B.Sc. Double Honours (21.5 credits)

Note that the following courses have minimum grade requirements in their prerequisites. Refer to the section Course Prerequisites under the Mathematics and Statistics programs sections of the calendar.

MATH 2000 [1.0]	Multivariable Calculus and Fundamentals of Analysis
MATH 2100 [1.0]	Algebra
MATH 2454 [0.5]	Ordinary Differential Equations (Honours)
STAT 2655 [0.5]	Introduction to Probability with Applications (Honours)

A. Credits Included in the Major CGPA (17.0 credits)

1. 7.5 credits in:	7.5
MATH 1052 [0.5]	Calculus and Introductory Analysis I
MATH 1152 [0.5]	Introductory Algebra I
MATH 1800 [0.5]	Introduction to Mathematical Reasoning
MATH 2000 [1.0]	Multivariable Calculus and Fundamentals of Analysis
MATH 2052 [0.5]	Calculus and Introductory Analysis II
MATH 2100 [1.0]	Algebra
MATH 2152 [0.5]	Introductory Algebra II
MATH 2454 [0.5]	Ordinary Differential Equations (Honours)
MATH 3001 [0.5]	Real Analysis I (Honours)
MATH 3008 [0.5]	Ordinary Differential Equations (Honours)
MATH 3057 [0.5]	Functions of a Complex Variable (Honours)
MATH 3705 [0.5]	Mathematical Methods I
STAT 2655 [0.5]	Introduction to Probability with Applications (Honours)
2. 0.5 credit from:	0.5
MATH 3002 [0.5]	Real Analysis II (Honours)
MATH 3003 [0.5]	Advanced Differential Calculus (Honours)
MATH 3106 [0.5]	Introduction to Group Theory (Honours)
PHYS 3007 [0.5]	Third Year Physics Laboratory: Selected Experiments and Seminars
PHYS 3606 [0.5]	Modern Physics II
3. 1.0 credit in 4000-level or higher MATH, STAT	1.0
4. 1.0 credit from:	1.0

PHYS 1001 [0.5] & PHYS 1002 [0.5]	Foundations of Physics I Foundations of Physics II (recommended)	
PHYS 1003 [0.5] & PHYS 1004 [0.5]	Introductory Mechanics and Thermodynamics Introductory Electromagnetism and Wave Motion	
PHYS 1007 [0.5] & PHYS 1008 [0.5]	Elementary University Physics I Elementary University Physics II (with an average grade of B- or higher)	
5. 2.0 credits in:		2.0
PHYS 2007 [0.5]	Second Year Physics Laboratory: Selected Experiments and Seminars	
PHYS 2212 [0.5]	Wave Mechanics and Thermodynamics	
PHYS 2305 [0.5]	Electricity and Magnetism	
PHYS 2605 [0.5]	Modern Physics I	
6. 3.0 credits in:		3.0
PHYS 3308 [0.5]	Electromagnetism	
PHYS 3701 [0.5]	Elements of Quantum Mechanics	
PHYS 3802 [0.5]	Advanced Dynamics	
PHYS 4409 [0.5]	Thermodynamics and Statistical Physics	
PHYS 4707 [0.5]	Introduction to Quantum Mechanics I	
PHYS 4708 [0.5]	Introduction to Quantum Mechanics II	
7. 1.0 credit in PHYS at the 4000-level		1.0
8. 1.0 credit from:		1.0
a. MATH 4905 or PHYS 4907 or PHYS 4908 plus 0.5 credit 4000-level MATH or PHYS		
b. PHYS 4909 [1.0]		
B. Credits Not Included in the Major CGPA (4.5 credits)		
9. 1.0 credit from:		1.0

Minor in Physics (4.0 credits)

The Minor in Physics is available to students registered in degree programs other than those offered by the

Department of Physics. Careful attention must be paid to prerequisites.

Students are required to present a Minor CGPA of 4.00 or higher at graduation in order to be awarded a Minor in Physics.

Requirements

1. 1.0 credit from:	1.0
PHYS 1001 [0.5] Foundations of Physics I & PHYS 1002 [0.5] Foundations of Physics II	
PHYS 1003 [0.5] Introductory Mechanics and Thermodynamics & PHYS 1004 [0.5] Introductory Electromagnetism and Wave Motion	
PHYS 1007 [0.5] Elementary University Physics I & PHYS 1008 [0.5] Elementary University Physics II (with an average grade of B- or higher)	
2. 2.0 credits in PHYS at the 2000-level	2.0
3. 1.0 credit in PHYS at the 3000- or 4000-level	1.0
Total Credits	4.0

B.Sc. Regulations

The regulations presented in this section apply to all Bachelor of Science programs. In addition to the requirements presented here, students must satisfy the University regulations common to all undergraduate students including the process of Academic Continuation Evaluation (see the *Academic Regulations of the University* section of this Calendar).

Breadth Requirement for the B.Sc.

Students in a Bachelor of Science program must present the following credits at graduation:

- 2.0 credits in Science Continuation courses not in the major discipline; **students completing a double major are considered to have completed this requirement providing they have 2.0 credits in Science Continuation courses in each of the two majors;**
- 2.0 credits in courses outside of the faculties of Science and Engineering and Design (may include ISAP 1000)

In most cases, the requirements for individual B.Sc. programs, as stated in this Calendar, contain these requirements, explicitly or implicitly.

Students admitted to B.Sc. programs by transfer from another institution must present at graduation (whether taken at Carleton or elsewhere):

- 2.0 credits in courses outside of the faculties of Science and Engineering and Design (may include ISAP 1000) if the student received fewer than 10.0 transfer credits; or,
- 1.0 credit in courses outside of the faculties of Science and Engineering and Design (may include ISAP 1000) if the student received 10.0 or more transfer credits.

Declared and Undeclared Students

Degree students are considered "Undeclared" if they have been admitted to a degree, but have not yet selected and been accepted into a program within that degree.

The status "Undeclared" is available only in the B.A. and B.Sc. degrees. Undeclared students must apply to enter a program upon or before completing 3.5 credits.

Change of Program within the B.Sc. Degree

To transfer to a program within the B.Sc. degree, applicants must normally be *Eligible to Continue* (EC) in the new program, by meeting the CGPA thresholds described in Section 3.1.9 of the *Academic Regulations of the University*.

Applications to declare or change programs within the B.Sc. degree must be made online through Carleton Central by completing a Change of Program Elements (COPE) application form within the published deadlines. Acceptance into a program, or into a program element or option, is subject to any enrolment limitations, and/or specific program, program element or option requirements as published in the relevant Calendar entry.

Minors, Concentrations, and Specializations

Students may add a Minor, Concentration, or Specialization by completing a Change of Program Elements (COPE) application form online through Carleton Central. Acceptance into a Minor, Concentration, or Specialization normally requires that the student be *Eligible to Continue* (EC) and is meeting the minimum CGPAs described in Section 3.1.9 of the *Academic Regulations of the University*, as well as being subject to any specific requirements of the intended Minor, Concentration, or Specialization as published in the relevant Calendar entry.

Experimental Science Requirement

Students in a B.Sc. degree program must present at graduation at least two full credits of Experimental Science chosen from two different departments or institutes from the list below:

Approved Experimental Science Courses

Biochemistry	
BIOC 2200 [0.5]	Cellular Biochemistry
BIOC 4001 [0.5]	Methods in Biochemistry
BIOC 4201 [0.5]	Advanced Cell Culture and Tissue Engineering
Biology	
BIOL 1103 [0.5]	Foundations of Biology I
BIOL 1104 [0.5]	Foundations of Biology II
BIOL 2001 [0.5]	Animals: Form and Function
BIOL 2002 [0.5]	Plants: Form and Function
BIOL 2104 [0.5]	Introductory Genetics
BIOL 2200 [0.5]	Cellular Biochemistry
BIOL 2600 [0.5]	Ecology
Chemistry	
CHEM 1001 [0.5]	General Chemistry I
CHEM 1002 [0.5]	General Chemistry II
CHEM 2103 [0.5]	Physical Chemistry I
CHEM 2203 [0.5]	Organic Chemistry I
CHEM 2204 [0.5]	Organic Chemistry II
CHEM 2302 [0.5]	Analytical Chemistry I
CHEM 2303 [0.5]	Analytical Chemistry II

CHEM 2800 [0.5]	Foundations for Environmental Chemistry
Earth Sciences	
ERTH 1002 [0.5]	The Earth and Life Odyssey: A Journey Through Billions of Years
ERTH 2102 [0.5]	Mineralogy to Petrology
ERTH 2404 [0.5]	Engineering Geoscience
ERTH 2802 [0.5]	Field Geology I
ERTH 3111 [0.5]	Vertebrate Evolution: Mammals, Reptiles, and Birds
ERTH 3112 [0.5]	Vertebrate Evolution: Fish and Amphibians
ERTH 3204 [0.5]	Mineral Deposits
ERTH 3205 [0.5]	Physical Hydrogeology
Food Sciences	
FOOD 3001 [0.5]	Food Chemistry
FOOD 3002 [0.5]	Food Analysis
FOOD 3005 [0.5]	Food Microbiology
Geography	
GEOG 1010 [0.5]	Global Environmental Systems
GEOG 3108 [0.5]	Soil Properties
Neuroscience	
NEUR 3206 [0.5]	Sensory and Motor Neuroscience
NEUR 3207 [0.5]	Systems Neuroscience
NEUR 4600 [0.5]	Advanced Lab in Neuroanatomy
Physics	
PHYS 1001 [0.5]	Foundations of Physics I
PHYS 1002 [0.5]	Foundations of Physics II
PHYS 1003 [0.5]	Introductory Mechanics and Thermodynamics
PHYS 1004 [0.5]	Introductory Electromagnetism and Wave Motion
PHYS 1007 [0.5]	Elementary University Physics I
PHYS 1008 [0.5]	Elementary University Physics II
PHYS 2202 [0.5]	Wave Motion and Optics
PHYS 2604 [0.5]	Modern Physics I
PHYS 3007 [0.5]	Third Year Physics Laboratory: Selected Experiments and Seminars
PHYS 3606 [0.5]	Modern Physics II
PHYS 3608 [0.5]	Modern Applied Physics

Course Categories for B.Sc. Programs

Science Geography Courses

GEOG 1010 [0.5]	Global Environmental Systems
GEOG 2006 [0.5]	Introduction to Quantitative Research
GEOG 2013 [0.5]	Weather and Water
GEOG 2014 [0.5]	The Earth's Surface
GEOG 3003 [0.5]	Quantitative Geography
GEOG 3010 [0.5]	Field Methods in Physical Geography
GEOG 3102 [0.5]	Geomorphology
GEOG 3103 [0.5]	Watershed Hydrology
GEOG 3104 [0.5]	Principles of Biogeography
GEOG 3105 [0.5]	Climate and Atmospheric Change
GEOG 3106 [0.5]	Aquatic Science and Management
GEOG 3108 [0.5]	Soil Properties
GEOG 4000 [0.5]	Field Studies

GEOG 4005 [0.5]	Directed Studies in Geography
GEOG 4013 [0.5]	Cold Region Hydrology
GEOG 4017 [0.5]	Global Biogeochemical Cycles
GEOG 4101 [0.5]	Two Million Years of Environmental Change
GEOG 4103 [0.5]	Water Resources Engineering
GEOG 4104 [0.5]	Microclimatology
GEOG 4108 [0.5]	Permafrost

Science Psychology Courses

PSYC 2001 [0.5]	Introduction to Research Methods in Psychology
PSYC 2002 [0.5]	Introduction to Statistics in Psychology
PSYC 2700 [0.5]	Introduction to Cognitive Psychology
PSYC 3000 [1.0]	Design and Analysis in Psychological Research
PSYC 3506 [0.5]	Cognitive Development
PSYC 3700 [1.0]	Cognition (Honours Seminar)
PSYC 3702 [0.5]	Perception
PSYC 2307 [0.5]	Human Neuropsychology I
PSYC 3307 [0.5]	Human Neuropsychology II

Science Continuation Courses

A course at the 2000 level or above may be used as a Science Continuation credit in a B.Sc. program if it is not in the student's major discipline, and is chosen from the following:

BIOC (Biochemistry)
BIOL (Biology) Biochemistry students may use BIOL 2005 only as a free elective.
CHEM (Chemistry)
COMP (Computer Science) A maximum of two half-credits at the 1000-level in COMP, excluding COMP 1001 may be used as Science Continuation credits.
ERTH (Earth Sciences), except ERTH 2415 which may be used only as a free elective for any B.Sc. program. Students in Earth Sciences programs may use ERTH 2401, ERTH 2402, and ERTH 2403 only as free electives.
Engineering. Students wishing to register in Engineering courses must obtain the permission of the Faculty of Engineering and Design.
ENSC (Environmental Science)
FOOD (Food Science and Nutrition)
GEOM (Geomatics)
HLTH (Health Sciences)
ISAP (Interdisciplinary Science Practice)
MATH (Mathematics)
NEUR (Neuroscience)
PHYS (Physics), except PHYS 2903
Science Geography Courses (see list above)
Science Psychology Courses (see list above)
STAT (Statistics)

TSES (Technology, Society, Environment) except TSES 2305. Biology students may use these courses only as free electives. Integrated Science and Environmental Science students may include these courses in their programs but may not count them as part of the Science Sequence.

Science Faculty Electives

Science Faculty Electives are courses at the 1000-4000 level chosen from:

BIOC (Biochemistry)

BIOL (Biology) Biology & Biochemistry students may use BIOL 1010 and BIOL 2005 only as free electives

CHEM (Chemistry) except CHEM 1003, CHEM 1004 and CHEM 1007

COMP (Computer Science) except COMP 1001

ERTH (Earth Sciences) except ERTH 1004 and ERTH 2415. Earth Sciences students may use ERTH 2401, ERTH 2402 and ERTH 2403 only as free electives.

Engineering

ENSC 2001

FOOD (Food Science and Nutrition)

GEOM (Geomatics)

HLTH (Health Science)

ISAP (Interdisciplinary Science Practice)

MATH (Mathematics)

NEUR (Neuroscience)

PHYS (Physics) except PHYS 1901, PHYS 1902, PHYS 1905, PHYS 2903

Science Geography (see list above)

Science Psychology (see list above)

STAT (Statistics)

TSES (Technology, Society, Environment) Biology students may use these courses only as free electives.

Advanced Science Faculty Electives

Advanced Science Faculty Electives are courses at the 2000-4000 level chosen from the Science Faculty Electives list above.

Approved Courses Outside the Faculties of Science and Engineering and Design (may include ISAP 1000)

All courses offered by the Faculty of Arts and Social Sciences, the Faculty of Public and Global Affairs, and the Sprott School of Business are approved as Arts or Social Sciences courses EXCEPT FOR: All Science Geography courses (see list above), all Geomatics (GEOM) courses, all Science Psychology courses (see list above). ISAP 1000 may be used as an Approved Course Outside the Faculties of Science and Engineering and Design.

Free Electives

Any course is allowable as a Free Elective providing it is not prohibited (see below). Students are expected to comply with prerequisite requirements and enrolment restrictions for all courses as published in this Calendar.

Courses Allowable Only as Free Electives in any B.Sc. Program

BIOL 4810 [0.5] Education Research in Undergraduate Science

CHEM 1003 [0.5] The Chemistry of Food, Health and Drugs

CHEM 1004 [0.5] Drugs and the Human Body

CHEM 1007 [0.5] Chemistry of Art and Artifacts

ERTH 1004 [0.5] Earth's Epic Tale: A Story Across Billions of Years

ERTH 2415 [0.5] Natural Disasters

ISCI 1001 [0.5] Introduction to the Environment

ISCI 2000 [0.5] Natural Laws

ISCI 2002 [0.5] Human Impacts on the Environment

PHYS 1901 [0.5] Planetary Astronomy

PHYS 1902 [0.5] From our Star to the Cosmos

PHYS 1905 [0.5] Physics Behind Everyday Life

PHYS 2903 [0.5] Physics Towards the Future

Prohibited Courses

The following courses are not acceptable for credit in any B.Sc. program:

COMP 1001 [0.5] Introduction to Computational Thinking for Arts and Social Science Students

MATH 1009 [0.5] Mathematics for Business

MATH 1119 [0.5] Linear Algebra: with Applications to Business

MATH 1401 [0.5] Elementary Mathematics for Economics I

MATH 1402 [0.5] Elementary Mathematics for Economics II

all 0000-level courses

Co-operative Education

For more information about how to apply for the Co-op program and how the Co-op program works please visit the Co-op website.

All students participating in the Co-op program are governed by the Undergraduate Co-operative Education Policy.

Undergraduate Co-operative Education Policy

Admission Requirements

Students can apply to Co-op in one of two ways: directly from high school, or after beginning a degree program at Carleton.

If a student applies to a degree program with a Co-op option from high school, their university grades will be reviewed two terms to one year prior to their first work term to ensure they meet the academic requirements after their first or second year of study. The time at which the evaluation takes place depends on the program of study. Students will automatically receive an admission decision via their Carleton email account.

Students who did not request Co-op at the time they applied to Carleton can request Co-op after they begin their university studies. To view application instructions and deadlines, please visit carleton.ca/co-op.

To be admitted to Co-op, a student must successfully complete 5.0 or more credits that count towards their degree, meet the minimum CGPA requirement(s) for the student's Co-op option, and fulfil any specified course prerequisites. To see the unique admission and continuation requirements for each Co-op option,

please refer to the specific degree programs listed in the Undergraduate Calendar.

Participation Requirements

Co-op Participation Agreement

All students must adhere to the policies found within the Co-op Participation Agreement.

COOP 1000

Once a student has been admitted to the Co-op Program, they will be given access to register in COOP 1000. This zero-credit online course must be completed at least two terms prior to the student's first work term.

Communication with the Co-op Office

Students must maintain contact with the Co-op Office during their job search and while on a work term. All email communication will be conducted via the students' Carleton email account.

Employment

Although every effort is made to ensure a sufficient number of job postings for all Co-op students, no guarantee of employment can be made. The Co-op job search process is competitive, and success is dependent upon factors such as current market conditions, academic performance, skills, motivation, and level of commitment to the job search. It is the student's responsibility to apply for positions via the Co-op job board in addition to actively conducting a self-directed job search. Students who do not obtain a co-op work term are expected to continue with their academic studies. It should be noted that hiring priority for positions within the Federal Government of Canada is given to Canadian citizens.

Registration

- Students must be registered as full-time during all fall and winter study terms beginning the term in which they enroll in COOP 1000.
- Students will be registered in a Co-op Work Term course while at work. This course does not carry academic course credit, but is noted on academic transcripts.
- Students may register in a 0.5 credit during a work term, provided the course is offered during the evening or is offered asynchronously online.
- Students must have at least one term of full-time studies left to complete following their final co-op work term. Students cannot end their degree on a work term.

Work Term Assessment and Evaluation

Work Term Evaluation

Employers are responsible for submitting to Carleton University final performance evaluations for their Co-op students at the end of their work terms.

Work Term Assessment

In order to successfully complete the co-op work term, students must receive a Satisfactory (SAT) grade on their Co-op Work Term Report, which they must submit at the completion of each four-month work term.

Graduation with the Co-op Designation

In order to graduate with the Co-op Designation, students must satisfy all requirements of the degree program in addition to the successful completion of three or four work terms (the number is dependent upon the student's academic program). Students found in violation of the Co-op Participation Agreement may have the Co-op Designation withheld.

Note: Participation in the co-op option will add up to one additional year for a student to complete their degree program.

Voluntary Withdrawal from the Co-op Option

Students who are currently on a co-op work term or who have already committed to a co-op work term either verbally or in writing may not leave the position and/or withdraw from the co-op option until they have completed the work term and all related requirements.

Involuntary or Required Withdrawal from the Co-op Option

Students may be removed from the Co-op Program for any of the following reasons:

1. Failure to achieve a grade of SAT in COOP 1000;
2. Failure to attend all interviews for positions to which the student has applied;
3. Declining more than one job offer during the job search;
4. Reneging on a co-op position that the student has accepted either verbally or in writing;
5. Continuing a job search after accepting a co-op position;
6. Dismissal from a work term by the co-op employer;
7. Leaving a work term without approval from the Co-op Management Team;
8. Receipt of an unsatisfactory work term evaluation;
9. Receiving a grade of UNS on the work term report.

International Students

All international students are required to possess a Co-op Work Permit issued by Immigration, Refugees and Citizenship Canada before they can begin working. The Co-operative Education Office will provide students with a letter of support to accompany their Co-op Work Permit application. Students are advised to discuss the application process and application requirements with the International Student Services Office.

Co-op Fees

All participating Co-op students are required to pay Co-op fees. For full details, please see the Co-op website.

B.Sc. Honours Physics, Applied Physics: Co-op Admission and Continuation Requirements

- Maintain full-time status in each study term;
- Be eligible to work in Canada (for off-campus work);
- Have successfully completed COOP 1000 .

In addition to the following:

1. Registered as a full-time student in the B.Sc. Honours Physics or Applied Physics program;
2. Successfully completed 5.0 or more credits;
3. Obtained an Overall CGPA of at least 6.50 and a Major CGPA of at least 8.00. These CGPAs must be maintained throughout the duration of the degree.

B.Sc. Honours Physics and Applied Physics students must successfully complete three (3) work terms to obtain the Co-op Designation.

Co-op Work Term Course: PHYS 3999

Work/Study Pattern:

Year 1		Year 2		Year 3		Year 4		Year 5	
Term	Pattern	Term	Pattern	Term	Pattern	Term	Pattern	Term	Pattern
Fall	S	Fall	S	Fall	S	Fall	W	Fall	S
Winter	S	Winter	S	Winter	S	Winter	W	Winter	S
Summer		Summer	W	Summer	W	Summer	W

W: Work

Admissions Information

Admission Requirements are for the 2025-26 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the **General Admission and Procedures** section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as *recommended* are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Admissions Information

Admission requirements are based on the Ontario High School System. Prospective students can view the admission requirements through the Admissions website at admissions.carleton.ca. The overall average required for admission is determined each year on a program-by-program basis. Holding the minimum admission requirements only establishes eligibility for consideration; higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. All programs have limited enrolment and admission is not guaranteed. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Consult admissions.carleton.ca for further details.

Note: If a course is listed as *recommended*, it is not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Degree

- Bachelor of Mathematics (B. Math.) (Honours)
- Bachelor of Mathematics (B.Math.)

Admission Requirements

B.Math Honours

First Year

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include Advanced Functions, and Calculus and Vectors.

The overall admission cut-off average and/or the prerequisite course average may be considerably higher than the stated minimum requirements for admission to the combined B.Math./M.Sc. in Mathematics or Statistics.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be Eligible to Continue in their year level, in addition to meeting the CGPA thresholds described in Section 3.1.9 of the Academic Regulations of the University. Advanced standing will be granted only for those subjects assessed as being appropriate for the program and the stream selected.

B.Math

First Year

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include Advanced Functions, and Calculus and Vectors.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be *Eligible to Continue* (EC) in their year level. Advanced standing will be granted only for those subjects assessed as being appropriate for the program and the stream selected.

Co-op Option

Direct Admission to the First Year of the Co-op Option

Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in the Bachelor of Mathematics Honours program;
3. be eligible to work in Canada (for off-campus work placements).

Meeting the above requirements only establishes eligibility for admission to the program. The prevailing job market (and thus the availability of co-op placement) may limit enrolment in the co-op option.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are described in the Co-operative Education Regulations section of this Calendar.

Degrees

- B.Sc. (Honours)
- B.Sc. (Major)
- B.Sc.

Admission Requirements

B. Sc. Honours

First Year

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. For most programs including Biochemistry, Bioinformatics,

Biotechnology, Chemistry, Combined Honours in Biology and Physics, Chemistry and Physics, Computational Biochemistry, Food Science, Nanoscience, Neuroscience and Biology, Neuroscience and Mental Health, and Psychology, the six 4U or M courses must include Advanced Functions, and two of Biology, Chemistry, Earth and Space Sciences, or Physics. (Calculus and Vectors is strongly recommended).

Specific Honours Admission Requirements

For the Honours programs in Earth Sciences, Environmental Science, Geomatics, Integrated Science, and Physical Geography, Calculus and Vectors may be substituted for Advanced Functions.

For the Honours programs in Physics and Applied Physics, and for double Honours in Mathematics and Physics, Calculus and Vectors is required in addition to Advanced Functions and one of 4U Physics, Chemistry, Biology, or Earth and Space Sciences. For all programs in Physics, 4U Physics is strongly recommended.

For Honours in Psychology, a 4U course in English is recommended.

For Honours in Environmental Science, a 4U course in Biology and Chemistry is recommended.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be *Eligible to Continue* in their year level, in addition to meeting the CGPA thresholds described in Section 3.1.9 of the Academic Regulations of the University. Advanced standing will be granted only for those subjects deemed appropriate for the program and stream selected.

B.Sc. Major and B.Sc.

First Year

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include Advanced Functions and two of Calculus and Vectors, Biology, Chemistry, Earth and Space Science, or Physics (Calculus and Vectors is strongly recommended). For the B.Sc. Major in Physics, 4U Physics is strongly recommended.

Advanced Standing

Applications for admission beyond first year will be assessed on their merits. Applicants must normally be *Eligible to Continue* (EC) in their year level. Advanced standing will be granted only for those subjects deemed appropriate for the program and stream selected.

Co-op Option

Direct Admission to the First Year of the Co-op Option

Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in the Bachelor of Science Honours program;
3. be eligible to work in Canada (for off-campus work placements).

Note that meeting the above requirements only establishes eligibility for admission to the program. The prevailing job market may limit enrolment in the co-op option.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are described in the Co-operative Education Regulations section of this Calendar.

Physics (PHYS) Courses

PHYS 1001 [0.5 credit]

Foundations of Physics I

This calculus-based course on classical mechanics covers kinematics, dynamics, gravitation, and oscillatory motion. This is a specialist course for students intending to take further courses in physics.

Includes: Experiential Learning Activity

Precludes additional credit for BIT 1002, BIT 1203, PHYS 1003, PHYS 1007, PHYS 1107.

Prerequisite(s): Grade 12 Mathematics: Advanced Functions and Grade 12 Mathematics: Calculus and Vectors or equivalent, plus one of MATH 1004 or MATH 1052 (the MATH course may be taken concurrently); or permission of the Physics Department. Grade 12 Physics is strongly recommended.

Lectures three hours a week, laboratory or tutorial three hours a week.

PHYS 1002 [0.5 credit]

Foundations of Physics II

An introduction to electricity, magnetism, electromagnetic fields, and wave motion. This is a specialist course for students intending to take further courses in physics.

Includes: Experiential Learning Activity

Precludes additional credit for BIT 1003 (no longer offered), BIT 1007, BIT 1204, PHYS 1004, PHYS 1008, PHYS 1108.

Prerequisite(s): PHYS 1001, or PHYS 1003, or PHYS 1007 with a grade of B-; MATH 1004 or MATH 2052 (may be taken concurrently); or permission of the Department.

Lectures three hours a week, laboratory or tutorial three hours a week.

PHYS 1003 [0.5 credit]

Introductory Mechanics and Thermodynamics

Mechanics, gravitation, oscillations, and thermodynamics. The application of calculus to solve problems in these areas of physics is introduced. This course is intended for students in the physical sciences and engineering.

Includes: Experiential Learning Activity

Precludes additional credit for BIT 1002, BIT 1203, PHYS 1001, PHYS 1007, PHYS 1107.

Prerequisite(s): Grade 12 Physics or equivalent, plus Grade 12 Mathematics: Advanced Functions or equivalent, plus one of MATH 1004 or MATH 1052 (the MATH course may be taken concurrently). Note that Grade 12 Mathematics: Calculus and Vectors is strongly recommended.

Lectures three hours a week, laboratory or tutorial three hours a week.

PHYS 1004 [0.5 credit]

Introductory Electromagnetism and Wave Motion

This calculus-based course introduces potential energy, work, electricity, magnetism, oscillations and waves.

Includes: Experiential Learning Activity

Precludes additional credit for BIT 1003 (no longer offered), BIT 1007, BIT 1204, PHYS 1002, PHYS 1008, PHYS 1108.

Prerequisite(s): MATH 1004, ECOR 1101 or ECOR 1053 or (ECOR 1045 and ECOR 1048) or (ECOR 1033 and ECOR 1034)(the ECOR courses may be taken concurrently) or PHYS 1001 or PHYS 1003 or PHYS 1007 (a grade of at least B- is required for PHYS 1007), or permission of the Department.

Lectures three hours a week, laboratory or tutorial three hours a week.

PHYS 1007 [0.5 credit]

Elementary University Physics I

Mechanics, properties of matter, thermodynamics.

Applications chosen in part from the life sciences. For students who lack the prerequisites for PHYS 1001 or PHYS 1003, or who do not intend to take upper-year courses in physics.

Includes: Experiential Learning Activity

Precludes additional credit for BIT 1002, BIT 1203, PHYS 1001, PHYS 1003, PHYS 1107.

Prerequisite(s): (i) Grade 12 Mathematics: Advanced Functions or equivalent, or MATH 0107 (may be taken concurrently); or (ii) Grade 12 Mathematics: Calculus and Vectors or equivalent, or MATH 1007 (may be taken concurrently); or (iii) permission of the Physics Department.

Lectures three hours a week, laboratory or tutorial three hours per week.

PHYS 1008 [0.5 credit]**Elementary University Physics II**

Electricity and magnetism, DC and AC circuits, wave motion and light. Elements of modern physics. Applications chosen in part from the life sciences. Includes: Experiential Learning Activity
 Precludes additional credit for BIT 1003 (no longer offered), BIT 1007, BIT 1204, PHYS 1002, PHYS 1004, PHYS 1108.

Prerequisite(s): PHYS 1001 or PHYS 1003 or PHYS 1007.

Lectures three hours a week, laboratory or tutorial three hours per week.

PHYS 1107 [0.5 credit]**Introductory University Physics I**

Mechanics, properties of matter, thermodynamics. Applications chosen in part from the life sciences. For students who lack the prerequisites for PHYS 1001 or PHYS 1003, or who do not intend to take upper-year courses in physics.

Precludes additional credit for BIT 1002, BIT 1203, PHYS 1001, PHYS 1003, PHYS 1007.

Prerequisite(s): (i) Grade 12 Mathematics: Advanced Functions or equivalent, or MATH 0107 (may be taken concurrently); or (ii) Grade 12 Mathematics: Calculus and Vectors or equivalent, or MATH 1007 (may be taken concurrently); or (iii) permission of the Physics Department.

Lectures three hours a week.

PHYS 1108 [0.5 credit]**Introductory University Physics II**

Electricity and magnetism, DC and AC circuits, wave motion and light. Elements of modern physics. Applications chosen in part from the life sciences. Precludes additional credit for BIT 1003 (no longer offered), BIT 1007, BIT 1204, PHYS 1002, PHYS 1004, PHYS 1008.

Prerequisite(s): PHYS 1001 or PHYS 1003 or PHYS 1007 or PHYS 1107.

Lectures three hours a week.

PHYS 1901 [0.5 credit]**Planetary Astronomy**

Description of the known stellar, galactic and extra-galactic systems together with the instruments used to study them. Modern ideas concerning the structure, origin and evolution of our own planet. Formation of the Moon - Earth system. Study of the planets in our solar system. Precludes additional credit for PHYS 2203.
 Lectures two and one-half hours a week.

PHYS 1902 [0.5 credit]**From our Star to the Cosmos**

Starting with the Sun, the course studies its composition and source of power, then compares our Sun with the other stars in the galaxy and beyond. Modern ideas concerning the structure, origin and evolution of the universe, pulsars and supernovae are examined. Precludes additional credit for PHYS 2203.
 Lectures two and one-half hours a week.

PHYS 1905 [0.5 credit]**Physics Behind Everyday Life**

Examination of the physics behind everyday life. Topics may include transportation, sports, weather and climate, electricity, and sustainable energy. No science background is required. Faculty of Science students may only take this course as a free elective.

Includes: Experiential Learning Activity
 Online Course.

PHYS 2004 [0.5 credit]**Modern Physics for Engineers**

Introduction to aspects of modern physics relevant to engineering. Thermal radiation. Concepts of relativistic kinematics. Wave-particle duality. Photoelectric effect, Compton scattering. Bohr theory of the hydrogen atom. Optical and x-ray spectra, lasers. Nuclear physics and applications.

Precludes additional credit for PHYS 2604 and PHYS 2605.

Prerequisite(s): PHYS 1002 or PHYS 1004 or PHYS 1008 with a grade of B- or better, plus MATH 1004 and MATH 1104 or equivalent. Restricted to B.Eng. students not in the Engineering Physics program. Students in programs other than B.Eng. must obtain permission of the Department.

Lectures three hours a week.

PHYS 2007 [0.5 credit]**Second Year Physics Laboratory: Selected Experiments and Seminars**

Students complete a number of experiments selected from classical physics and geometric optics, modern physics, etc. Seminars on relevant experimental topics will be included. Includes: Experiential Learning Activity.
 Includes: Experiential Learning Activity
 Prerequisite(s): PHYS 1002, or PHYS 1004 (PHYS 1008 is also acceptable provided a minimum average grade of B- is presented).
 Six hours a week.

PHYS 2101 [0.5 credit]**Mechanics and Properties of Matter**

Equations of motion for a single particle. Harmonic oscillation. Noninertial reference frames. Orbits in a central force field. Motion of systems of particles and of rigid bodies. Introduction to special relativity. Laboratory experiments in classical mechanics and properties of matter.

Includes: Experiential Learning Activity

Prerequisite(s): PHYS 1001 and PHYS 1002, or PHYS 1003 and PHYS 1004, alternatively PHYS 1007 and PHYS 1008 with an overall average of B- or better or MATH 1004 and MATH 1104.

Lectures three hours a week, laboratory three hours a week, tutorials (optional) once a week.

PHYS 2202 [0.5 credit]**Wave Motion and Optics**

Geometrical optics. Types of waves, vibrating string and the classical wave equation. General solutions for traveling waves. Superposition and interference, coherence, wave packets, waves in 2 and 3 dimensions. Propagation of electromagnetic waves. Light and physical optics, oscillator model for dispersion, diffraction, polarization, and refraction.

Includes: Experiential Learning Activity

Prerequisite(s): PHYS 1001 and PHYS 1002, or PHYS 1003 and PHYS 1004 (PHYS 1007 and PHYS 1008 are also acceptable provided a minimum average grade of B- is presented); plus MATH 1104 or MATH 2152, and MATH 2004 or MATH 2000 (MATH 2000 may be taken concurrently).

Lectures three hours a week, laboratory three hours a week.

PHYS 2203 [0.5 credit]**Astronomy**

The observational basis of astronomy. The history of astronomy, properties of light, solar system observations and stellar astronomy.

Precludes additional credit for PHYS 1901 and PHYS 1902.

Prerequisite(s): PHYS 1002 or PHYS 1004 or permission of the department. PHYS 1008 with a grade of B- or better may also be used if MATH 1004 or MATH 1007 or MATH 2052 have been successfully completed.

Lectures three hours a week.

PHYS 2212 [0.5 credit]**Wave Mechanics and Thermodynamics**

Types of waves and the classical wave equation, wave functions in 2 and 3 dimensions, reflection and refraction, superposition of waves, polarization, interference, diffraction, coherence, wave packets. Temperature and thermodynamic equilibrium, heat, work and first law of thermodynamics, entropy and second law of thermodynamics.

Prerequisite(s): PHYS 1001 and PHYS 1002, or PHYS 1003 and PHYS 1004 (PHYS 1007 and PHYS 1008 are also acceptable provided a minimum average grade of B- is presented); plus MATH 1004 and MATH 1104 or MATH 2152, and MATH 2004 or MATH 2000 (MATH 2000 or MATH 2004 may be taken concurrently).

Lectures three hours a week

PHYS 2305 [0.5 credit]**Electricity and Magnetism**

Electrostatic field and potential, Gauss' law. Properties of conductors. Magnetic effects from currents. Motion of charges in electric and magnetic fields. Energy in electric and magnetic fields. Electromagnetic induction. Maxwell's equations in vacuum using vector differential and integral calculus.

Prerequisite(s): PHYS 1001, PHYS 1002, or PHYS 1003 and PHYS 1004, alternatively PHYS 1007 and PHYS 1008 with an overall grade of B- or higher; MATH 2004 or MATH 2000 (MATH 2000 may be taken concurrently).

Lectures three hours a week.

PHYS 2306 [0.5 credit]**Physics of Electrical and Electronic Measurements I**

D.C. and A.C. circuit theory. Resonant circuits. Basic measuring devices, the oscilloscope; impedances, bandwidth, noise; vacuum tubes, transistors, useful approximations for circuit design; feedback, amplifiers, oscillators; operational circuits; digital circuits. Lectures emphasize the physical basis of instrument design.

Laboratory emphasizes modern digital instrumentation.

Includes: Experiential Learning Activity

Prerequisite(s): PHYS 1001, PHYS 1002 or PHYS 1003 and PHYS 1004, alternatively PHYS 1007 and PHYS 1008 with an overall grade of B- or better.

Lectures three hours a week, laboratory three hours a week.

PHYS 2401 [0.5 credit]**Thermal Physics**

Introduction to thermodynamics and statistical mechanics. Temperature and thermodynamic equilibrium. Work, internal energy and heat; first law. Kinetic theory of gases. Basic probability theory. Microscopic states and entropy. Absolute temperature, reversibility and the second law of thermodynamics. Thermodynamic processes and applications.

Prerequisite(s): PHYS 1001 and PHYS 1002, or PHYS 1003 and PHYS 1004, (PHYS 1007 and PHYS 1008 are also acceptable provided a minimum average grade of B-); plus MATH 1004 and MATH 1104 or MATH 2052 and MATH 2152.

Lectures three hours a week.

PHYS 2604 [0.5 credit]**Modern Physics I**

The course is designed to provide a logical transition from classical to modern physics. Special relativity. Rutherford scattering, atomic models. Thermal radiation. Photoelectric effect, Compton scattering. Bohr theory of the hydrogen atom. Atomic energy states, optical spectra, lasers. X-rays. Radioactivity. Quantum Mechanics.

Includes: Experiential Learning Activity

Precludes additional credit for PHYS 2004 and PHYS 2605.

Prerequisite(s): PHYS 1001 and PHYS 1002, or PHYS 1003 and PHYS 1004 (PHYS 1007 and PHYS 1008 are also acceptable provided a minimum average grade of B- is presented); plus MATH 1004 and MATH 1104, or MATH 2052 and MATH 2152.

Lectures three hours a week, laboratory three hours a week.

PHYS 2605 [0.5 credit]**Modern Physics I**

The course is designed to provide a logical transition from classical to modern physics. Special relativity. Rutherford scattering, atomic models. Thermal radiation. Photoelectric effect, Compton scattering. Bohr theory of the hydrogen atom. Atomic energy states, optical spectra, lasers. X-rays. Radioactivity.

Precludes additional credit for PHYS 2004 and PHYS 2604.

Prerequisite(s): PHYS 1001 and PHYS 1002, or PHYS 1003 and PHYS 1004 (PHYS 1007 and PHYS 1008 are also acceptable provided a minimum average grade of B- is presented); plus MATH 1004 and MATH 1104, or MATH 2052 and MATH 2152.

Lecture 3 hours per week.

PHYS 2801 [0.5 credit]**Computational Methods in Physics**

Introduction to computational methods in physics. Software platforms and programming languages. Data formats and structures, histograms, and data visualization. Probability distributions, fitting/parameter estimation, function minimization. Interpretation and treatment of uncertainties. Introduction to machine learning and classification.

Prerequisite(s): PHYS 1001 or PHYS 1003 or PHYS 1007, and COMP 1005.

Lectures three hours a week.

PHYS 2903 [0.5 credit]**Physics Towards the Future**

From classical phenomena to aspects of modern physics and recent advances. Topics may include light and colour, music and sound, cell phones, the galaxy and beyond.

No science background is required. Faculty of Science students may only take this course as a free elective.

Includes: Experiential Learning Activity

Prerequisite(s): second-year standing.

Online course.

PHYS 3007 [0.5 credit]**Third Year Physics Laboratory: Selected Experiments and Seminars**

Students complete a small number of experiments selected from modern optics, holography, atomic physics, nuclear spectroscopy, radiation, etc. An exercise on literature searches and student seminars on experimental and numerical methods are included.

Includes: Experiential Learning Activity

Precludes additional credit for PHYS 3008, PHYS 3009.

Prerequisite(s): PHYS 2007 or (PHYS 2202 and PHYS 2604) or permission of the Department.

Six hours a week.

PHYS 3008 [0.5 credit]**Third Year Physics Laboratory: Selected Experiments and Workshop**

Students complete a small number of experiments selected from modern optics, holography, atomic physics, nuclear spectroscopy, radiation, etc. Instruction on instrumentation building techniques will be given.

Includes: Experiential Learning Activity

Precludes additional credit for PHYS 3007, PHYS 3009.

Prerequisite(s): PHYS 2007 or (PHYS 2202 and PHYS 2604) or permission of the department.

Six hours a week.

PHYS 3009 [0.5 credit]**Third Year Physics Laboratory: Selected Experiments and Seminars with Observational Astronomy**

Students complete a small number of experiments selected from astronomy, astrophysics, modern optics, holography, atomic physics, nuclear spectroscopy, radiation, etc. At least one astronomy/astrophysics related experiment is required. An exercise on literature searches and student seminars on experimental and numerical methods are included.

Includes: Experiential Learning Activity

Precludes additional credit for PHYS 3007, PHYS 3008.

Prerequisite(s): PHYS 2007 or (PHYS 2202 and PHYS 2604), and PHYS 2203, or permission of the Department.

Six hours a week.

PHYS 3207 [0.5 credit]**Topics in Biophysics**

Introduction to biophysics. Random motion of molecules and diffusion; viscosity and the circulatory system; laws of thermodynamics and physical forces responsible for chemical reactions, molecular self-assembly and recognition; enzyme kinetics and molecular machines; nerve impulse and its propagation.

Prerequisite(s): PHYS 2212 or PHYS 2604, or permission of the Department.

Lectures three hours a week, tutorial or seminar one hour a week.

PHYS 3308 [0.5 credit]**Electromagnetism**

Electrostatics field and magnetostatics in the presence of matter. Solving Laplace's and Poisson's equations. Multipole expansions. Vector potential. Faraday's laws of induction; Maxwell's equations in matter. Waves in vacuum and dielectric media, guided waves.

Precludes additional credit for ELEC 3909.

Prerequisite(s): PHYS 2305, MATH 2004 or MATH 2008, and MATH 3705, or permission of the Department.

Lectures three hours a week.

PHYS 3402 [0.5 credit]**Heat and Thermodynamics**

Zeroth, First, Second and Third Laws of Thermodynamics; enthalpy, Helmholtz and Gibbs functions and the Maxwell relations; phase transitions; thermodynamics of magnetism; cryogenics cooling by Joule-Thompson effect, adiabatic expansion of a gas, adiabatic demagnetization, helium dilution refrigeration; black body radiation; negative temperatures.

Prerequisite(s): PHYS 2101 and PHYS 2305, MATH 2007, MATH 2008, MATH 2107 and MATH 2401 or permission of the Department.

Lectures three hours a week.

PHYS 3606 [0.5 credit]**Modern Physics II**

Elements of condensed matter physics, semiconductors, superconductivity. Elements of nuclear physics, fission, fusion, power generation. Introduction to particle physics. Ionizing radiation: production, interactions, detection. Medical physics: radiation biophysics, cancer therapy, imaging.

Includes: Experiential Learning Activity

Also listed as PHYS 3608.

Prerequisite(s): PHYS 2007 and PHYS 2605, or PHYS 2604, and PHYS 3701, or permission of the Department.

Lectures three hours a week, laboratory two hours a week.

PHYS 3608 [0.5 credit]**Modern Applied Physics**

Elements of condensed matter physics, semiconductors, superconductivity. Modern optics. Elements of nuclear physics, fission, fusion, power generation. Ionizing radiation: production, interactions, detection. Medical physics: radiation biophysics, cancer therapy, imaging.

Includes: Experiential Learning Activity

Also listed as PHYS 3606.

Prerequisite(s): PHYS 2007 and PHYS 2605, or PHYS 2604, and PHYS 3701, or permission of the Department.

Lectures three hours a week, laboratory three hours a week.

PHYS 3701 [0.5 credit]**Elements of Quantum Mechanics**

Analysis of interference experiments with waves and particles; fundamental concepts of quantum mechanics, Schrödinger equation; angular momentum, atomic beams; hydrogen atom; atomic and molecular spectroscopy; Pauli principle; simple applications in the physics of elementary particles.

Precludes additional credit for PHYS 3705.

Prerequisite(s): PHYS 2605 or PHYS 2604, MATH 2000 [1.0] (may be taken concurrently), or MATH 2004 or MATH 2008, and MATH 3705 (may be taken concurrently), or permission of the Department.

Lectures three hours a week.

PHYS 3705 [0.5 credit]**Introduction to Quantum Systems**

This course is aimed at Computer Science and other students interested in developing a foundational understanding of quantum systems. Topics include: postulates of quantum mechanics, Hilbert space and observables, qubits, 2 state systems, entanglement, Schrodinger equation, 1D potentials, tunnelling, EPR paradox.

Precludes additional credit for PHYS 3701.

Prerequisite(s): (MATH 1004 or MATH 1007) and (MATH 1104 or MATH 1107).

Lectures three hours a week

PHYS 3801 [0.5 credit]**Classical Mechanics**

Introduction to Lagrangian and Hamiltonian mechanics: Poisson brackets, tensors and dyadics; rigid body rotations: introductory fluid mechanics coupled systems and normal coordinates; relativistic dynamics.

Prerequisite(s): PHYS 2101, PHYS 2202, PHYS 2305, MATH 2007, MATH 2008, MATH 2107, MATH 2401 or permission of the Department.

Lectures three hours a week.

PHYS 3802 [0.5 credit]**Advanced Dynamics**

Equations of motion for a single particle. Oscillatory Motion. Lagrangian and Hamiltonian formulations of mechanics. Central force motion. Motion of systems of particles and of rigid bodies.

Prerequisite(s): PHYS 2305 and MATH 2004, or permission of the Department.

Lectures three hours a week.

PHYS 3807 [0.5 credit]**Mathematical Physics I**

Boundary Value problems involving curvilinear coordinates; spherical harmonics, Bessel functions, Green's functions. Functions of a complex variable: analytic functions, contour integration, residue calculus.

Precludes additional credit for MATH 3007 or MATH 3057.

Prerequisite(s): ELEC 2501 or PHYS 2305, MATH 2004, MATH 3705 or permission of the Department.

Lectures three hours a week, tutorial one hour a week.

PHYS 3808 [0.5 credit]**Mathematical Physics II**

Solution of second-order total differential equations by Frobenius' method. Sturm-Liouville theory. Special functions: Legendre, Bessel, Hermite, Laguerre and associated functions. Partial differential equations: method of separation of variables, eigenfunctions and eigenvalues and eigenfunction expansions. Green's function techniques for solving inhomogeneous partial differential equations.

Precludes additional credit for MATH 3004, MATH 3008, MATH 3705, and PHYS 3806.

Prerequisite(s): PHYS 3807 or MATH 3007 or permission of the Department.

Lectures three hours a week.

PHYS 3999 [0.0 credit]**Co-operative Work Term Report**

Provides practical experience for students enrolled in the Co-operative option. Students must receive satisfactory evaluations from their work term employer. Written and oral reports will be required. Graded as Sat or Uns.

Includes: Experiential Learning Activity

Prerequisite(s): registration in the Physics Co-operative education option and permission of the Department.

PHYS 4007 [0.5 credit]**Fourth-Year Physics Laboratory: Selected Experiments and Seminars**

Students complete a small number of experiments selected from modern optics, holography, atomic physics, nuclear spectroscopy, radiation, etc. An exercise on literature searches and student seminars on experimental and numerical methods are included.

Includes: Experiential Learning Activity

Prerequisite(s): PHYS 3606 (or PHYS 3608) and registration in the Engineering Physics program.

Laboratory, six hours a week.

PHYS 4008 [0.5 credit]**Fourth-Year Physics Laboratory: Selected Experiments and Workshop**

Students complete a small number of experiments selected from modern optics, holography, atomic physics, nuclear spectroscopy, radiation, etc. Instruction on instrumentation building techniques will be given.

Includes: Experiential Learning Activity

Prerequisite(s): PHYS 3007.

Six hours a week.

PHYS 4201 [0.5 credit]**Astrophysics**

Stellar evolution, including stellar modeling, main sequence stars, red giants and the end states of stars such as neutron stars and black holes. Galactic structure and dynamics. Neutrino astrophysics.

Prerequisite(s): PHYS 3701, PHYS 3606 or PHYS 3608, and PHYS 2401 or PHYS 4409, or permission of the Department. (PHYS 3606 or PHYS 3608 and PHYS 4409 may be taken concurrently).

Also offered at the graduate level, with different requirements, as PHYS 5401, for which additional credit is precluded.

Lectures three hours a week.

PHYS 4202 [0.5 credit]**Cosmology**

Observational evidence for the Big Bang. Cosmological space-time, expansion dynamics and contents of the universe. Physical processes in the expanding universe, inflation, nucleosynthesis, the cosmic microwave background, dark matter, and dark energy.

Prerequisite(s): PHYS 3701, PHYS 3606 or PHYS 3608, and PHYS 2401 or PHYS 4409, or permission of the Department. (PHYS 3606 or PHYS 3608 and PHYS 4409 may be taken concurrently).

Also offered at the graduate level, with different requirements, as PHYS 5402, for which additional credit is precluded.

Lectures three hours per week.

PHYS 4203 [0.5 credit]**Physical Applications of Fourier Analysis**

Fourier transform, convolution. Sampling theorem. Applications to imaging: descriptors of spatial resolution, filtering. Correlation, noise power. Discrete Fourier transform, FFT. Filtering of noisy signals. Image reconstruction in computed tomography and magnetic resonance. Laplace transform. Integral transforms, application to boundary value problems.

Prerequisite(s): MATH 3705, or permission of the Department.

Also offered at the graduate level, with different requirements, as PHYS 5313, for which additional credit is precluded.

Lectures three hours a week.

PHYS 4208 [0.5 credit]**Modern Optics**

Electromagnetic wave propagation; reflection, refraction; Gaussian beams, guided waves. Laser theory: stimulated emission, cavity optics, modes, gain and bandwidth; atomic and molecular lasers. Mode locking, Q switching. Diffraction theory, coherence, Fourier optics, holography, laser applications. Optical communication systems, nonlinear effects: devices, fibre sensors, integrated optics.

Prerequisite(s): PHYS 2212 or PHYS 2202, PHYS 3606 (or PHYS 3608), and PHYS 3308 or permission of the Department.

Also offered at the graduate level, with different requirements, as PHYS 5318, for which additional credit is precluded.

Lectures three hours a week.

PHYS 4307 [0.5 credit]**Electromagnetic Radiation**

Electromagnetic wave propagation in a vacuum, dielectrics, conductors, and ionized gases, reflection, refraction, polarization at the plane boundary between two media; waveguide and transmission line propagation; dipole and quadrupole radiation fields; antenna systems. Electromagnetic mass, radiation pressure. Tensor notation, transformation of the electromagnetic fields.

Prerequisite(s): PHYS 3308, PHYS 3801, PHYS 3807 and PHYS 3808 (except for Mathematics and Physics Double Honours students), or permission of the Department.

Lectures three hours a week.

PHYS 4407 [0.5 credit]**Statistical Physics**

Equilibrium statistical mechanics and its relation to thermodynamics. Maxwell-Boltzmann, Bose-Einstein and Fermi-Dirac statistics are derived, and applied in appropriate physical situations. Fluctuations. Kinetics and transport processes, including the Boltzmann transport equation and some of its applications.

Prerequisite(s): PHYS 3402, PHYS 2602 or PHYS 3601, PHYS 3701 or PHYS 3602, PHYS 4707 (may be taken concurrently); or permission of the Department.

Lectures three hours a week.

PHYS 4409 [0.5 credit]**Thermodynamics and Statistical Physics**

The three Laws of Thermodynamics, enthalpy, Helmholtz and Gibbs functions. Equilibrium statistical mechanics and its relation to thermodynamics. Maxwell-Boltzmann, Bose-Einstein and Fermi-Dirac statistics.

Precludes additional credit for PHYS 3402 and PHYS 4407.

Prerequisite(s): PHYS 3701 (may be taken concurrently), MATH 2004 and MATH 3705, or permission of the Department.

PHYS 4508 [0.5 credit]**Solid State Physics**

An introduction to solid state physics. Topics include crystal structure, phonons and lattice vibrations, conductors, semiconductors, insulators and superconductivity.

Prerequisite(s): PHYS 3606 or PHYS 3608, and PHYS 3701, or permission of the Department.

Lectures three hours a week.

PHYS 4602 [0.5 credit]**Physics of Elementary Particles**

Standard Model. Properties of leptons, quarks, hadrons. Fundamental interactions: photon, gluons, W/Z bosons. Higgs boson. Conservation laws, invariance principles, quantum numbers. Decay rates and scattering cross-sections. Quantum electrodynamics and chromodynamics. Resonances. Weak interactions, CKM matrix, parity and CP violation. Neutrino masses and oscillations. Future directions.

Prerequisite(s): PHYS 4707 or permission of the Department.

Also offered at the graduate level, with different requirements, as PHYS 5602, for which additional credit is precluded.

Lectures three hours a week.

PHYS 4608 [0.5 credit]**Nuclear Physics**

Ground state properties of nuclei. Nuclear models, binding energy, properties of excited nuclei. Alpha, beta and gamma decay. Passage of radiation through matter, detectors. Nuclear reactions, cross sections, fission, fusion. Elements of neutron physics.

Prerequisite(s): PHYS 3606 or PHYS 3608 or permission of the Department.

Lectures three hours a week.

PHYS 4707 [0.5 credit]**Introduction to Quantum Mechanics I**

The basic interpretative postulates of quantum mechanics; applications of wave mechanics and operator methods to various quantum mechanical systems; quantum mechanical treatment of angular momentum.

Prerequisite(s): PHYS 3701 and PHYS 3807 or equivalent, or permission of the Department.

Lectures three hours a week.

PHYS 4708 [0.5 credit]**Introduction to Quantum Mechanics II**

Scattering theory and application; bound state problems; approximation methods.

Prerequisite(s): PHYS 4707 or permission of the Department.

Lectures three hours a week.

PHYS 4804 [0.5 credit]**Introduction to General Relativity**

Special relativity using tensor analysis. Curved spacetime with physics applications which may include the solar system, stars, black holes and gravitational waves. Introduction to differential geometry and Einstein's field equations.

Prerequisite(s): PHYS 3802 or equivalent, or permission of the Department.

Also offered at the graduate level, with different requirements, as PHYS 5804, for which additional credit is precluded.

Lectures three hours a week.

PHYS 4807 [0.5 credit]**Statistical Data Analysis Techniques for Physics**

Computational methods used in analysis of experimental data. Introduction to probability and random variables. Monte Carlo methods for simulation of random processes. Statistical methods for parameter estimation and hypothesis tests. Confidence intervals. Multivariate data classification. Unfolding methods. Examples primarily from particle and medical physics.

Prerequisite(s): third year standing in a physics program and an ability to program in Python, Java, C or C++, and permission of the Department.

Also offered at the graduate level, with different requirements, as PHYS 5002, for which additional credit is precluded.

Lectures three hours a week.

PHYS 4901 [0.5 credit]**Special Topics in Physics**

Each year, at the direction of the Department, a course on a special topic may be offered.

Prerequisite(s): permission of the Department.

PHYS 4907 [0.5 credit]**Fourth-Year Project**

Advanced projects of an experimental or theoretical nature with an orientation towards research. A written mid-term progress report is required and also a written and oral report at the conclusion of the project.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year standing in an Honours Physics program or equivalent, and permission of the Department.

Project. Fall term only.

PHYS 4908 [0.5 credit]**Fourth-Year Project**

Advanced projects of an experimental or theoretical nature with an orientation towards research. A written mid-term progress report is required and also a written and oral report at the conclusion of the project.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year standing in an Honours Physics program or equivalent, and permission of the Department.

Project. Winter term only.

PHYS 4909 [1.0 credit]**Fourth-Year Project**

Advanced projects of an experimental or theoretical nature with an orientation towards research. A written mid-term progress report is required and also a written and oral report at the conclusion of the project.

Includes: Experiential Learning Activity

Prerequisite(s): fourth-year standing in an Honours Physics program or equivalent, and permission of the Department.

Project

Political Science

This section presents the requirements for programs in:

- **Political Science B.A. Honours**
- **Political Science B.A. Combined Honours**
- **Political Science B.A.**
- **Concentration in Canadian Politics and Public Policy**
- **Concentration in International Relations and World Politics**
- **Concentration in Power and Political Ideas**
- **Specialization in Global Politics B.G.In.S. Honours**
- **Stream in Global Politics B.G.In.S.**
- **Minor in Political Science**
- **Washington Center Internship Program**

Program Requirements**Course Categories**

The following categories of Political Science courses are used in the program descriptions:

Canadian Politics and Public Policy

PSCI 2002 [0.5]	Canadian Politics and Society
PSCI 2003 [0.5]	Institutions and Power in Canadian Politics
PSCI 2401 [0.5]	Public Affairs Analysis
PSCI 3004 [0.5]	Political Parties and Elections in Canada
PSCI 3005 [0.5]	Ontario Government and Politics
PSCI 3006 [0.5]	Social Power in Canadian Politics
PSCI 3007 [0.5]	Constitutional Politics in Canada
PSCI 3109 [0.5]	The Politics of Law and Morality
PSCI 3402 [0.5]	Canadian Public Policy

PSCI 3406 [0.5]	Public Affairs and Media Strategies
PSCI 3606 [0.5]	Canadian Foreign Policy
PSCI 3607 [0.5]	Canadian Defence Policy at Home and Abroad
PSCI 4003 [0.5]	Politics and the Media
PSCI 4005 [0.5]	Canadian Federalism
PSCI 4006 [0.5]	Legislatures and Representation in Canada
PSCI 4008 [0.5]	National Security and Intelligence in the Modern State
PSCI 4009 [0.5]	Quebec Politics
PSCI 4010 [0.5]	Executive Power in Canadian Politics
PSCI 4107 [0.5]	Political Participation in Canada
PSCI 4109 [0.5]	The Politics of the Canadian Charter of Rights and Freedoms

International Relations and World Politics

PSCI 2101 [0.5]	Comparative Politics of the Global North
PSCI 2102 [0.5]	Comparative Politics of the Global South
PSCI 2200 [0.5]	Introduction to U.S. Politics
PSCI 2500 [0.5]	Gender and Politics
PSCI 2601 [0.5]	International Relations: Global Politics
PSCI 2602 [0.5]	International Relations: Global Political Economy
PSCI 3100 [0.5]	Politics of Development in Africa
PSCI 3101 [0.5]	Conflict and Security in Africa
PSCI 3102 [0.5]	Politics of Development of China
PSCI 3103 [0.5]	State, Society and Economy in Northeast Asia
PSCI 3105 [0.5]	Imperialism and Decolonization
PSCI 3107 [0.5]	The Causes of War
PSCI 3108 [0.5]	Politics of Popular Culture
PSCI 3109 [0.5]	The Politics of Law and Morality
PSCI 3200 [0.5]	U.S. Constitutional Politics
PSCI 3203 [0.5]	Government and Politics in the Middle East
PSCI 3204 [0.5]	Politics of Latin America
PSCI 3205 [0.5]	Mexican Politics
PSCI 3206 [0.5]	European Democracies
PSCI 3207 [0.5]	Politics of the European Union
PSCI 3208 [0.5]	Politics in Russia and Ukraine: Power and Contestation
PSCI 3209 [0.5]	Reconstruction and Transformation in Europe and Eurasia
PSCI 3307 [0.5]	Politics of Human Rights
PSCI 3405 [0.5]	Comparative Public Policy Analysis
PSCI 3406 [0.5]	Public Affairs and Media Strategies
PSCI 3407 [0.5]	Public Opinion and Public Policy
PSCI 3502 [0.5]	Gender and Politics: Global South
PSCI 3600 [0.5]	International Institutions
PSCI 3601 [0.5]	Theories of International Politics
PSCI 3603 [0.5]	Strategic Thought and International Security
PSCI 3606 [0.5]	Canadian Foreign Policy

PSCI 3607 [0.5]	Canadian Defence Policy at Home and Abroad
PSCI 3700 [0.5]	Government and Politics of South Asia
PSCI 3702 [0.5]	The Politics of Israel/Palestine
PSCI 3703 [0.5]	Governing in the Global Economy
PSCI 3801 [0.5]	Environmental Politics
PSCI 3802 [0.5]	Globalization and Human Rights
PSCI 3805 [0.5]	Politics of Race
PSCI 4003 [0.5]	Politics and the Media
PSCI 4005 [0.5]	Canadian Federalism
PSCI 4008 [0.5]	National Security and Intelligence in the Modern State
PSCI 4103 [0.5]	The Modern State
PSCI 4104 [0.5]	Development in the Global South - Theory and Practice
PSCI 4105 [0.5]	Selected Problems in Development in the Global South
PSCI 4203 [0.5]	Southern Africa After Apartheid
PSCI 4204 [0.5]	Fighting for Votes
PSCI 4206 [0.5]	Indigenous Activism on Turtle Island: Take that, colonialism!
PSCI 4207 [0.5]	Globalization, Adjustment and Democracy in Africa
PSCI 4209 [0.5]	Westminster Democracies: Parliaments, Parties and Elections
PSCI 4303 [0.5]	Genealogies of Politics and Governance
PSCI 4400 [0.5]	Socio-Technical Change and Public Policy Design
PSCI 4403 [0.5]	Reproductive Rights Policy in North America
PSCI 4500 [0.5]	Gender and Globalization
PSCI 4501 [0.5]	Politics of Identity in Europe and the Russian Area
PSCI 4502 [0.5]	Post-Soviet States and Societies
PSCI 4503 [0.5]	Politics of Central Eurasia
PSCI 4504 [0.5]	Politics of the Caucasus and Caspian Basin
PSCI 4505 [0.5]	Transitions to Democracy
PSCI 4506 [0.5]	Women, Power and Political Representation
PSCI 4601 [0.5]	Foreign Policies of Soviet Successor States
PSCI 4603 [0.5]	Analysis of International Political Economy
PSCI 4604 [0.5]	Selected Problems in International Political Economy
PSCI 4605 [0.5]	Gender in International Relations
PSCI 4606 [0.5]	American Foreign Policy
PSCI 4607 [0.5]	Politics of North America
PSCI 4608 [0.5]	European Integration and European Security
PSCI 4609 [0.5]	Selected Topics in European Integration Studies
PSCI 4800 [0.5]	Advanced International Relations Theory
PSCI 4801 [0.5]	Selected Problems in Global Politics

PSCI 4803 [0.5]	Foreign Policies of Major East Asian Powers
PSCI 4805 [0.5]	Global Money Rules
PSCI 4806 [0.5]	NATO and World Order
PSCI 4807 [0.5]	Politics of Citizenship and Migration
PSCI 4808 [0.5]	Global Environmental Politics
PSCI 4817 [0.5]	International Politics of Forced Migration
PSCI 4819 [0.5]	Latin America and the World

4000-level Seminar

All courses in the range PSCI 4003 [0.5] to PSCI 4908 [1.0]

Departmental Language Requirement

The Department of Political Science requires Honours students to demonstrate basic proficiency in at least one language other than English, normally French. Honours students are required to demonstrate such proficiency, normally through the completion of 1.0 credit at the 1000-level or higher in one language offered at Carleton.

For students who consider that they already have proficiency in French, the Department of Political Science conducts a French language examination twice a year, in November and February. For students who consider themselves proficient in a second language other than French, arrangements may be made to examine the student in that language, depending on faculty resource availability. Departmental language examinations may not be repeated in case of failure. Students whose high school transcript shows the primary language of instruction to be other than English may apply to have the examination requirement waived. For students in the Canadian concentration, French must be used to satisfy the language requirement.

Political Science

B.A. Honours (20.0 credits)

A. Credits Included in the Major CGPA (10.0 credits)

1. 1.0 credit in: 1.0

PSCI 1100 [0.5]	Democracy in Theory and Practice
& PSCI 1200 [0.5]	Politics in the World

2. 0.5 credit from: 0.5

FYSM 1611 [0.5]	One-Term Seminar in Political Science
-----------------	---------------------------------------

or

PSCI at the 1000-level

3. 2.5 credits in: 2.5

PSCI 2301 [0.5]	History of Political Thought I
PSCI 2302 [0.5]	History of Political Thought II
PSCI 2701 [0.5]	How to Do Research in Political Science
PSCI 2702 [0.5]	A Statistical Toolkit for Political Scientists

And an additional 0.5 credit in PSCI at the 2000-level

4. 1.0 credit in Canadian Politics and Public Policy 1.0

5. 1.0 credit in International Relations and World Politics 1.0

6. 2.0 credits at the 4000-level which may be satisfied by either: 2.0

2.0 credits in 4000-level PSCI seminars

or	
PSCI 4908 Honours Research Essay (with a grade of B- or better) [1.0] and 1.0 credit in 4000-level PSCI seminars	
7. 2.0 credits in PSCI at the 3000-level or above or in IPAF 4900 (with permission of the department)	2.0
B. Credits Not Included in the Major CGPA (10.0 credits)	
8. 8.0 credits in electives not in PSCI	8.0
9. 2.0 credits in free electives	2.0
C. Additional Requirements	
10. Departmental language requirement must be met	
Total Credits	20.0

Notes

- At least 1.0 credit in 4000-level seminars must be completed at Carleton University.
- Item 5: candidates with fourth-year Honours standing in Political Science and a Major CGPA of 9.00 or better may present an Honours Research Essay PSCI 4908 [1.0] on some topic involving independent investigation; they may be examined orally on this essay and must receive a grade of B- or better in this course. PSCI 4908 [1.0] must be taken at Carleton University. Students who wish to present an Honours Research Essay must identify a faculty supervisor and require permission of the Supervisor of Undergraduate Studies. Students who do not write an Honours Research Essay are required to complete 1.0 credit in Political Science in the form of one or more 4000-level seminars.

Political Science

B.A. Combined Honours (20.0 credits)

A. Credits Included in the Political Science Major CGPA (7.5 credits)

1. 1.0 credit in:	1.0
PSCI 1100 [0.5] Democracy in Theory and Practice & PSCI 1200 [0.5] Politics in the World	
2. 0.5 credit from:	0.5
FYSM 1611 [0.5] One-Term Seminar in Political Science	
or	
PSCI at the 1000-level	
3. 2.0 credits in:	2.0
PSCI 2301 [0.5] History of Political Thought I	
PSCI 2302 [0.5] History of Political Thought II	
PSCI 2701 [0.5] How to Do Research in Political Science	
PSCI 2702 [0.5] A Statistical Toolkit for Political Scientists	
4. 2.0 credits in courses in Canadian Politics and Policy / or International Relations and World Politics, of which at least 1.0 credit is at the 3000-level or above	2.0
5. 2.0 credits at the 4000-level which may be satisfied by either:	2.0
2.0 credits in 4000-level PSCI seminars	
or	
PSCI 4908 Honours Research Essay [1.0] and 1.0 credit in 4000-level PSCI seminars	

B. Additional Credit Requirements (12.5 credits)	12.5
6. The requirements as stated for Combined Honours in the other discipline must be met	
7. Sufficient free electives credits to make a total of 20.0 credits for the program	
C. Additional Requirements	
8. Departmental language requirement must be met	
Total Credits	20.0

Note: At least 1.0 credit in 4000-level seminars must be completed at Carleton University.

Political Science

B.A. (15.0 credits)

A. Credits Included in the Major CGPA (7.0 credits)

1. 1.0 credit in:	1.0
PSCI 1100 [0.5] Democracy in Theory and Practice & PSCI 1200 [0.5] Politics in the World	
2. 0.5 credit from:	0.5
FYSM 1611 [0.5] One-Term Seminar in Political Science	
or	
PSCI at the 1000-level	
3. 1.0 credit from:	1.0
PSCI 2301 [0.5] History of Political Thought I & PSCI 2302 [0.5] History of Political Thought II	
or	
PSCI 2701 [0.5] How to Do Research in Political Science & PSCI 2702 [0.5] A Statistical Toolkit for Political Scientists	
4. 2.5 credits in PSCI at the 2000-level or above	2.5
5. 2.0 credits in PSCI at the 3000-level or above	2.0
B. Credits Not Included in the Major CGPA (8.0 credits)	
6. 6.0 credits not in PSCI	6.0
7. 2.0 credits in free electives	2.0
Total Credits	15.0

Concentrations

The concentrations described below are open to all students in Political Science programs. The maximum number of Political Science credits that can be counted towards the degree is 12.0 credits for the Political Science B.A. Honours program, 8.0 for the Political Science B.A. program and 9.0 for the Political Science B.A. Combined Honours program. Concentrations are open to students in the Political Science B.A. program, though it may be difficult to meet the requirements of the Concentrations within the 15.0 credits required for the degree, so that courses extra to the primary degree may have to be taken.

Concentration in Canadian Politics and Public Policy (4.0 credits)

1. 1.0 credit in:	1.0
PSCI 2002 [0.5] Canadian Politics and Society & PSCI 2003 [0.5] Institutions and Power in Canadian Politics	
2. 3.0 credits in Canadian politics and Public policy, including at least 0.5 credit at the 4000-level for students in honours or combined honours programs chosen from:	3.0
PSCI 2401 [0.5] Public Affairs Analysis	

PSCI 3004 [0.5]	Political Parties and Elections in Canada
PSCI 3005 [0.5]	Ontario Government and Politics
PSCI 3006 [0.5]	Social Power in Canadian Politics
PSCI 3007 [0.5]	Constitutional Politics in Canada
PSCI 3013 [0.5]	Indigenous Politics of Turtle Island
PSCI 3109 [0.5]	The Politics of Law and Morality
PSCI 3402 [0.5]	Canadian Public Policy
PSCI 3406 [0.5]	Public Affairs and Media Strategies
PSCI 3407 [0.5]	Public Opinion and Public Policy
PSCI 3410 [0.5]	Introduction to Political Management
